DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K (the “Annual Report”) contains “forward-looking statements” that represent our beliefs, projections and predictions about future events within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements other than statements of historical fact are “forward-looking statements”, including any projections of earnings, revenue or other financial items, any statements of the plans, strategies and objectives of management for future operations, any statements concerning proposed new projects or other developments, any statements regarding future economic conditions or performance, any statements of management’s beliefs, goals, strategies, intentions and objectives, and any statements of assumptions underlying any of the foregoing. Words such as “may”, “will”, “should”, “could”, “would”, “predicts”, “continue”, “expects”, “anticipates”, “future”, “intends”, “plans”, “believes”, “estimates” and similar expressions, as used in the future tense, identify forward-looking statements.

These statements are necessarily subjective and involve known and unknown risks, uncertainties and other important factors that could cause our actual results, performance or achievements, or industry results, to differ materially from any future results, performance or achievements described in or implied by such statements. Actual results may differ materially from expected results described in our forward-looking statements, including with respect to correct measurement and identification of factors affecting our business or the extent of their likely impact, the accuracy and completeness of the publicly available information with respect to the factors upon which our business strategy is based or the success of our business. Furthermore, industry forecasts are likely to be inaccurate, especially over long periods of time and in relatively new and rapidly developing industries such as oil and gas. Factors that may cause actual results, our performance or achievements, or industry results, to differ materially from those contemplated by such forward-looking statements include without limitation:

- our ability to attract and retain management;
- our growth strategies;
- anticipated trends in our business;
- our future results of operations;
- our ability to make or integrate acquisitions;
- our liquidity and ability to finance our acquisition and development activities;
- the timing, cost and procedure for proposed acquisitions;
- the impact of government regulation;
- planned capital expenditures (including the amount and nature thereof);
- our financial position, business strategy and other plans and objectives for future operations;
- competition;
- the ability of our management team to execute its plans to meet our goals;
- general economic conditions, whether internationally, nationally or in the regional and local market areas in which we are doing business, that may be less favorable than expected; and
- other economic, competitive, governmental, legislative, regulatory, geopolitical and technological factors that may negatively impact our businesses, operations and pricing.

Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of whether, or the times by which, our performance or results may be achieved. Forward-looking statements are based on information available at the time those statements are made and management's belief as of that time with respect to future events, and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements. Important factors that could cause such differences include, but are not limited to, those factors discussed under the headings "Risk Factors", "Management's Discussion and Analysis of Financial Condition and Results of Operations", "Business" and elsewhere in this Annual Report.

PART I

ITEM 1. BUSINESS

OVERVIEW

The Singing Machine Company, Inc., doing business as SMC Global, ("Company," "Singing Machine," "we," "us," or "our") engaged in the development, production, marketing and distribution of consumer karaoke audio equipment, accessories, music, and audio consumer electronic products. We contract for the manufacturing of all our electronic equipment products with factories located in China. We have also collaborated with a music content service provider that allows the Company to offer karaoke downloads, and streaming subscription services. This collaboration provides the Company with a distribution platform for digital music sales and subscriptions and furthermore it opens up the Company's music sales to customers who purchase our competitors' karaoke machines as well. The capabilities of the Company's music distribution system includes the ability to download or stream selections from this content library, creating the opportunity to open new revenue sources through the sale of subscriptions.

We were incorporated in California in 1982. We originally sold our products exclusively to professional and semi-professional singers. In 1988, we began marketing karaoke equipment for home use. We believe we are the first company to introduce the home karaoke products to the United States (“U.S.”). In May 1994, we merged into a wholly-owned subsidiary incorporated in Delaware with the same name. As a result of that merger the Delaware corporation became the successor to the business and operations of the California corporation and retained the name The Singing Machine Company, Inc. (“SMC”). In December 2005, we formed a wholly-owned subsidiary SMC (Comercial Offshore De Macau) Limitada in Macau, China (“SMC Macau” or “Macau subsidiary”), to provide sales, financing, shipping, engineering and sourcing support for Singing Machine and Subsidiaries. Our Macau subsidiary has been approved to operate its business in Macau as Macau Offshore Company (MOC) and is exempt for the Macau corporate income tax. In February 2008, we formed a wholly-owned subsidiary SMC Logistics, Inc. (“SMC-L”), a California corporation, to manage the U.S. domestic logistics and fulfillment warehouse servicing for the Company and in April 2008 a wholly-owned subsidiary, SMC Music, Inc. (“SMC-M”) to contract with third party music providers.

In November 1994, we closed an initial public offering of 2,070,000 shares of our common stock and 2,070,000 warrants. In April 1997, we filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code. On March 17, 1998, our plan of reorganization was approved by the U.S. Bankruptcy Court. On June 10, 1998, our plan of reorganization had been fully implemented and we emerged from the reorganization proceeding. Since then, we have developed the karaoke products featuring on-screen lyric, built-in camera and digital key control functions.

Our principal executive offices are located in Fort Lauderdale, Florida. The Company’s common stock is traded on the Over the Counter Bulletin Board (“OTCBB”) under the symbol “SMDM”.

We raised approximately \$6 million in equity investments from investors in Hong Kong from February 2006 to June 2007. The investors include two major suppliers: koncepts International Limited (part of the Starlight International Holdings Ltd Group, now renamed as Shihua Development Company Limited) and Arts Electronics Co., Ltd. We believe the investments from these major suppliers underscore their support to the Company.

During the fiscal year ended March 31, 2015, our parent company, Starlight International Holdings Limited, was renamed to Shihua Development Company Limited (“Shihua”), due to a corporate restructuring transaction. As a result of the transaction, Shihua now holds 100% of the common stock of koncepts International Limited (“koncepts”). Koncepts is a major stockholder of the Company, owning approximately 49% of our shares of common stock outstanding on a fully diluted basis as of March 31, 2015. Shihua is a company whose principal activities include designing, manufacturing and selling electronic products through its various subsidiaries. Shihua’s products include television sets, consumer karaoke audio equipment and DVD products. We do business with a number of entities that are indirectly wholly-owned or majority owned subsidiaries of Shihua, including Starlight R&D Ltd (“Starlight R&D”), Starlight Consumer Electronics USA, Inc., (“SCE”), Cosmo Communications Corporation of Canada, Inc. (“Cosmo”) and Star Light Electronics Company Ltd (Starlite), among others (Shihua and its subsidiaries collectively referred to herein as the “Shihua Group” or “Shihua”). The Company is also partly held by Treasure Green Holdings Ltd. (“Treasure Green”), a wholly owned subsidiary of Shihua, owning approximately 3% of our common stock. In total, the Shihua

Group owns approximately 52% of the Company's shares of common stock. In July 2014, under a restructuring arrangement, Star Light Electronics Company Ltd was separated from the Shihua Group and is partly and indirectly held by our Chairman, Philip Lau. In March 2015, Starlight R&D was also separated from the Shihua Group and is controlled by our Chairman, Phillip Lau. It is expected that our company will continue to do business with these separated entities as suppliers of our products.

GROWTH STRATEGY

The overall objective of the Singing Machine is to create an efficient platform for the development, manufacture, and world-wide marketing and distribution of home entertainment based consumer electronics. The Company will also seek new revenue opportunities through hardware-based music content delivery and the creation of a community based entertainment platform. We also intend to leverage our position as an affiliate of the Shihua Group to capitalize on synergies which exist therein and to exercise our knowledge of the electronics business to grow revenue. The Company intends to leverage our valuable customer base and strong relationships with our factories to achieve our organic growth initiatives.

Organic Growth Strategy

We intend to pursue various initiatives to execute our organic growth strategy which is designed to enhance our market presence, expand our customer base and be an industry leader in new product development. Key elements of our organic growth strategy include:

Business Focus and Public Perceptions. Historically karaoke has been our core business. The Singing Machine brand is widely recognized as a leader in karaoke and consequently we hold a dominant market share in the business. While consistently a market leader, the Company has determined that it needs to diversify and expand its core focus in order to grow its business. The Company has therefore refocused its self-perception and is determined to build on its success by defining ourselves as a provider of quality in home entertainment – not just home karaoke hardware. Critical to this strategy is a move to add content to our core business of karaoke machine sales. We believe that by tightly integrating our karaoke machine products with access to music content such as Electronic Downloads, Streaming Media, Community Performance Hosting, and by creating quality, wholesome, home entertainment for the entire family we will not only sell more products, we will find new sources of revenue. Using our existing key relationships with our customers and factories, and by adding new relationships with key content providers, we believe we can achieve more top-line growth by utilizing these relationships to design and distribute a more diversified line of consumer electronics. This should allow our Company to reduce our dependency on a single karaoke product and minimize our exposure to the volatility of the karaoke market in general.

Develop Karaoke Hardware That Interfaces With Our Digital Music Store. Downloading music is one of the fastest growing areas in the music industry. We believe that the future of karaoke music distribution is through legal mediums of internet download sites (e.g. iTunes, Amazon, etc). Since karaoke music only accounts for a small percentage of total music business, retailers usually only offer a limited selection of karaoke products. Thus, it is difficult for customers to find karaoke music in retail outlets, especially for the songs they enjoy. The benefits to the Company are multifaceted including the opportunity to: offer downloadable music which means less physical inventory for the Company and our retail customers to carry; reduce financial return risk since a downloaded piece of karaoke music is not returnable; make available increased marketing opportunities by offering downloads for those who sign up and provide their contact information enabling the Company to create future marketing and advertising campaigns; create an opportunity to sell our karaoke music to not only our customers but also to owners of our competitors' machines (new and old); create cross-promotions with our retail-customers by giving away music downloads to purchasers of karaoke machines as an incentive to sell more machines.

Hardware and software technology advancement in the karaoke market has been stagnant since early 2000. We believe that in order to revitalize the karaoke market, we need to incorporate new features and technologies that take advantage of our online karaoke digital music store. We are currently developing new karaoke products which will host a number of unique features which we believe will diversify us from the rest of the industry. We are currently developing a new feature set for our karaoke machines that will introduce first-to-market karaoke machines that can download high-definition karaoke videos for playback directly to our Singing Machines. These all-new digital Singing Machines will not offer CD+G playback and instead only be compatible with our Download store. These devices will be capable of HD video playback through a HDMI port and also provide the customer with a rich selection of options to search, sort, playback, and create custom playlists for their karaoke music. We believe the integration with our karaoke machines and our online music store will enhance the growth for digital music sales and subscriptions.

Focus On International Growth. We believe that we have the most recognized and trusted brand in the world for consumer karaoke. We also have the most karaoke product offerings and features of any of our competitors in the karaoke market. We have been and will continue aggressively pursuing international business outside of North America to capture a vastly untapped market for home karaoke. The Company's early efforts to open up new international markets has been primarily successful. Through economies of scale and financed on a direct import basis, we believe this is one of the major areas in which we can substantially increase our revenues.

Expand Logistics Services To Third-Party Companies. We feel our expertise in logistics is a strength of the Company. We now offer logistics and warehousing services to third-party companies that ship consumer products to retail stores. We have service agreements for 3PL services with third party companies, including Telasia, Inc. (dba Cuizen), Amethyst Innovations Corporation and POS Solutions Ent., Inc. We continue to seek new third-party clients that also distribute to mass-market retailers and handle their warehousing and logistics services with us in order to reduce our own overall logistics costs. We feel we can grow this additional service revenue with little additional investment or expenses.

PRODUCT LINES

We currently have four different product lines which consist in total of over 50 different models. The product lines consist of the following:

Classic Karaoke Machines represent the majority of our karaoke machines currently sold. These machines incorporate traditional karaoke features such as CD+G playback, echo, and voice control features, sound enhancement, built-in monitors, A/V out connections to TV for scrolling lyrics, and microphone inputs. Built-in cameras, Bluetooth and recording functions are available in some select models. The retail price range is from \$49 to \$199.

Download Karaoke Machines represent a new line of digital karaoke machines launching in Fiscal 2016. These machines include custom proprietary software to play high-definition digital downloaded content from our Singing Machine download store. These machines offer a full range of features including searching, playlist creation, Bluetooth, full motion videos, lead vocal, and HDMI output. The retail price range is from \$129 to \$199.

Streaming Karaoke Machines represent a new line of digital karaoke machines that connect to a karaoke library to stream high-definition karaoke videos directly to the machine. These machines use Wi-Fi to stream songs from a library of karaoke music, accessible on a subscription model. The retail price is \$299.

Bluetooth Audio which we sell under the “Sound X”™ brand. These include consumer Bluetooth audio products for outdoor and home use. The retail price range is from \$29 to \$99.

MARKETING, SALES

Our karaoke machines and music are sold nationally and internationally to a broad spectrum of customers, primarily through mass merchandisers, department stores, direct mail catalogs and showrooms, music and record stores, national chains, specialty stores and warehouse clubs. Our product lines are currently sold by the following retailers, among others: Costco, Target, Toys R’ Us, Sam’s Club, Wal-Mart and Amazon.com. Our sales strategy includes offering domestic sales as well as direct import sales made direct to the customer.

Domestic Sales. Our strategy of selling products from a domestic warehouse enables us to provide timely delivery and serve as a domestic supplier of imported goods. We purchase karaoke machines overseas from certain factories in China for our own account, and warehouse the products in leased facilities in California. We are responsible for costs of shipping, insurance, customs clearance, duties, storage and distribution related to such products and, therefore, domestic sales command higher sales prices than direct sales. We generally sell from our own inventory in less than container-sized lots. Domestic sales also include our new rapidly growing business of e-commerce in which we drop ship product directly to the end-consumer.

Direct Sales. We ship some hardware products sold by us directly to customers from China through SMC Macau. Sales made through our subsidiary are completed by either delivering products to the customers' common carriers at the shipping point or by shipping the products to the customers' distribution centers, warehouses, or stores. Direct sales are made in larger quantities (generally container sized lots) to customers' worldwide, which pay SMC Macau pursuant to their own international, irrevocable, transferable letters of credit or on open account.

In fiscal 2015, approximately 26% of sales revenues were from direct sales and 74% of revenues were domestic sales. Our sales within the U.S. are primarily made by our in-house sales team and our independent sales representatives. Our independent sales representatives are paid a commission based upon sales made in their respective territories. We utilize some of our outside independent sales representatives to help us provide service to our mass merchandisers and other retailers. The sales representative agreements are generally one (1) year agreements, which automatically renew on an annual basis, unless terminated by either party on 30 days' notice. Our international sales are primarily made by our in-house sales representatives and our independent distributors.

As a percentage of total revenues, our net sales in the aggregate to our five largest customers during the fiscal years ended March 31, 2015, 2014, and 2013, were approximately 77%, 74%, and 66%, respectively. In fiscal 2015, the top three major customers accounted for 27%, 26% and 17% of our net revenues. Although we have long-established relationships with all of our customers, we do not have quantity contractual arrangements with any of them. A decrease in business or a loss of any of our major customers could have a material adverse effect on our results of operations and financial condition.

We also market our products at various national and international trade shows each year. We regularly attend the following trade shows and conventions: the Consumer Electronics Show which takes place each January in Las Vegas; the American Toy Fair which occurs each February in New York and the Hong Kong Electronics Show stages each October in Hong Kong.

We believe the Singing Machine brand is one of the most widely recognized karaoke brands in the United States and Europe. While we continue to heavily focus on our core karaoke business, we wish to expand our business into other product categories. Our strong product procurement team in Hong Kong and China combined with our experienced sales and service team in North America enables us to compete not only in the karaoke market but also in other markets, such as musical instruments, licensed toy products and other consumer electronics products.

RETURNS

Returns of electronic hardware and music products by our customers generally occur after approval involving quality defects, damaged goods or goods shipped in error. Our policy is to give credit to our customers for the returns in

conjunction with the receipt of new replacement purchase orders. Our total returns represented 8.8%, 8.8%, and 9.9% of our net sales in fiscal 2015, 2014, and 2013, respectively.

DISTRIBUTION

We distribute hardware products to retailers and wholesale distributors through two methods: shipment of products from inventory held at our warehouse facilities in California (domestic sales), shipments directly through our Macau subsidiary, and manufacturers in China of products (direct sales). Domestic sales are made to customers located throughout North America from inventories maintained at our warehouse facilities in California. In the fiscal years ended March 31, 2015, 2014 and 2013 approximately 76%, 70% and 64%, respectively of our sales were sales from our domestic warehouse ("Domestic Sales") and 24%, 30% and 36%, respectively were sales shipped directly from China ("Direct Sales").

MANUFACTURING AND PRODUCTION

Our karaoke machines are manufactured and assembled by third parties pursuant to design specifications provided by us. Currently, we have ongoing relationships with five factories, located in Guangdong Province of the People's Republic of China, which assemble our karaoke machines. During fiscal 2016, we anticipate that 99% of our karaoke products will be produced by these factories, who have verbally agreed to extend financing to us. We believe that the manufacturing capacity of our factories is adequate to meet the demands for our products in fiscal year 2016. However, if our primary factory in China was prevented from manufacturing and delivering our karaoke products, our operation would be severely disrupted until alternative sources of supply are located. In manufacturing our karaoke related products, these factories use molds and certain other tooling, most of which are owned by us. Our products contain electronic components manufactured by other companies such as Panasonic, Sanyo, Toshiba, and Sony. Our manufacturers purchase and install these electronic components in our karaoke machines and related products. The finished products are packaged and labeled under our trademark, The Singing Machine^(R) and private labels.

While our equipment manufacturers purchase our supplies from a small number of large suppliers, all of the electronic components and raw materials used by us are available from several sources of supply. We depend on limited suppliers for some key components and the loss of any single supplier may have a material long-term adverse effect on our business, operations, or financial condition. To ensure that our high standards of product quality are met and that factories consistently meet our shipping schedules, we utilize Hong Kong and China based employees as our representatives. These employees include product inspectors who are knowledgeable about product specifications and work closely with the factories to verify that such specifications are met. Additionally, key personnel frequently visit our factories for quality assurance and to support good working relationships.

All of the electronic equipment sold by us is warranted to the end user against manufacturing defects for a period of ninety (90) days for labor and parts. All music sold is similarly warranted for a period of 30 days. During the fiscal years ended March 31, 2015, 2014, and 2013, our direct end user warranty claims have not been material to our results

of operations.

6

COMPETITION

Our business is highly competitive. Our major competitors for karaoke machines and related products are GPX, Audiovox, Vivitar, Ion, Karaoke USA, licensed property karaoke products and other consumer electronics companies. We believe that competition for karaoke machines is based primarily on price, product features, reputation, delivery times, and customer support. We believe that our brand name is well recognized in the industry and helps us compete in the karaoke machine category. Our primary competitors for producing karaoke music are Sybersound, Smule, Karaoke Anywhere, and Red Karaoke. We believe that competition for karaoke music is based primarily on popularity of song titles, price, reputation, and delivery times.

In addition, we compete with all other existing forms of entertainment including, but not limited to, motion pictures, video arcade games, home video games, theme parks, nightclubs, television and prerecorded tapes, CD's, and DVD's. Our financial position depends, among other things, on our ability to keep pace with changes and developments in the entertainment industry and to respond to the requirements of our customers. Many of our competitors have significantly greater financial, marketing, and operating resources and broader product lines than we do.

TRADEMARKS AND PATENTS

We have obtained registered trademarks for The Singing Machine name and the logo in the U.S. and in the European Union. We also filed various trademarks for our products. In 2003 we also obtained two U.S. design patents for karaoke machines, patent numbers US D505,960 S and US D524,325 S which expire in 2017.

Our trademarks are a significant asset because they provide product recognition. We believe that our intellectual property is significantly protected, but there are no assurances that these rights can be successfully asserted in the future or will not be invalidated, circumvented or challenged.

COPYRIGHTS AND LICENSES

We no longer attempt to license or produce our own karaoke song library. We offer karaoke music through our Singing Machine Karaoke Download Store, Community, and iPhone/iPad App through a partnership with Stingray Digital Group ("Stingray"). Stingray holds all licensing agreements directly with the music publishers and is responsible for all royalty payments. We share a revenue split with Stingray on all karaoke videos streamed or downloaded by our customers. Stingray is the leading multi-platform music service provider in the world, with an estimated 110 million Pay-TV subscribers in 111 countries around the world. Geared towards individuals and businesses alike, the

company's commercial entities include leading digital music and video services Stingray Music, Concert TV and The KARAOKE Channel. Stingray also offers various business solutions, including music and digital display-based solutions through its Stingray Business division.

GOVERNMENT REGULATION

Our karaoke machines must meet the safety standards imposed in various national, state, local, and provincial jurisdictions. Our karaoke machines sold in the U.S. are designed, manufactured and tested to meet the safety standards of Underwriters Laboratories, Inc. ("ULE") or Electronic Testing Laboratories ("ETL"). In Europe and other foreign countries, our products are manufactured to meet the Consumer Electronics ("CE") marking requirements. CE marking is a mandatory European product marking and certification system for certain designated products. When affixed to a product and product packaging, CE marking indicates that a particular product complies with all applicable European product safety, health and environmental requirements within the CE marking system. Products complying with CE marking are now accepted to be safe in 28 European countries. However, ULE or ETL certification does not mean that a product complies with the product safety, health and environmental regulations contained in all fifty states in the United States. Therefore, we maintain a quality control program designed to ensure compliance with all applicable U.S. and federal laws pertaining to the sale of our products. Our production and sale of music products is subject to federal copyright laws.

The manufacturing operations of our foreign suppliers in China are subject to foreign regulation. China has permanent "normal trade relations" ("NTR") status under U.S. tariff laws, which provides a favorable category of U.S. import duties. China's NTR status became permanent on January 1, 2002. This substantially reduces the possibility of China losing its NTR status, which would result in increasing costs for us.

SEASONALITY AND SEASONAL FINANCING

Our business is highly seasonal, with consumers making a large percentage of karaoke purchases around the traditional holiday season in our second and third quarter ending September 30 and December 31. These seasonal purchasing patterns and requisite production lead times cause risk to our business associated with the underproduction or overproduction of products that do not match consumer demand. Retailers also attempt to manage their inventories more tightly, requiring that we ship products closer to the time that retailers expect to sell the products to consumers. These factors increase the risk that we may not be able to meet demand for certain products at peak demand times, or that our own inventory levels may be adversely affected by the need to pre-build products before orders are placed. As of March 31, 2015, we had inventory of \$7.4 million (net of reserves totaling \$421,000) compared to inventory of \$5.8 million as of March 31, 2014 (net of reserves totaling \$638,000).

Our financing of seasonal working capital during fiscal 2015 was from a Revolving Credit Facility from PNC Bank (“Revolving Credit Facility”) which replaced an Accounts Receivable Ledgered Line of Credit Facility (“line of credit”) with Crestmark Bank on July 14, 2014 and vendor related-party extended accounts payable terms from Shihua and Starlight R&D. The Revolving Credit Facility expires on June 14, 2017. We anticipate Shihua and Starlight R&D, will continue to provide extended payment terms to the Company through March 31, 2016.

During Fiscal 2016, we plan on financing our inventory purchases by borrowing on our Revolving Credit Facility, using credit lines that have been extended to us by the factories in China and extended accounts payable terms provided by Shihua and Starlight R&D.

EMPLOYEES

As of June 29, 2015 we employed 26 people, of whom 25 are full-time employees. Two of our employees are located at SMC Macau’s offices and the remaining employees are based in the U.S. Our employees include 3 executive officers, 10 engaged in warehousing and administrative logistics/technical support and 11 in accounting, marketing, sales and administrative functions.

ITEM 1A. RISK FACTORS

Set forth below and elsewhere in this Annual Report on Form 10-K and in the other documents we file with the SEC are risks and uncertainties that could cause actual results to differ materially from the results contemplated by the forward looking statements contained in this Annual Report.

RISKS ASSOCIATED WITH OUR BUSINESS

WE HAVE ENTERED INTO AN AGREEMENT WITH OUR AFFILIATES, STARLITE CONSUMER ELECTRONICS (USA), INC., AND STARLIGHT ELECTRONICS USA, INC. TO MANAGE THEIR LOGISTICS AND FULFILLMENT SERVICES IN THE UNITED STATES. IF WE ARE UNABLE TO PERFORM UNDER THIS AGREEMENT, IT COULD NEGATIVELY IMPACT OUR REVENUES AND CASH FLOW.

On April 1, 2015 we entered into a services agreement to receive orders, warehouse, and ship all of the Shihua Group's U.S. domestic goods. The value of this contract was approximately \$100,000 per year. If we are unable to perform the duties under this contract or successfully renew it for fiscal year 2016, it could negatively impact our revenue and cash flow.

A SMALL NUMBER OF OUR CUSTOMERS ACCOUNT FOR A SUBSTANTIAL PORTION OF OUR REVENUES, AND THE LOSS OF ONE OR MORE OF THESE KEY CUSTOMERS COULD SIGNIFICANTLY REDUCE OUR REVENUES AND CASH FLOW.

We rely on a few large customers to provide a substantial portion of our revenues. As a percentage of total revenues, our net sales to our five largest customers during the years ended March 31, 2015 and 2014 were approximately 77% and 74%, respectively. We do not have long-term contractual arrangements with any of our customers and they can cancel their orders at any time prior to delivery. A substantial reduction in or termination of orders from any of our largest customers would decrease our revenues and cash flow.

WE ARE RELYING ON OUR AFFILIATE COMPANIES TO MANUFACTURE AND PRODUCE OUR PEDESTAL KARAOKE MACHINES FOR FISCAL 2016, AND IF THE RELATIONSHIP WITH THEIR FACTORY IS DAMAGED OR INJURED IN ANY WAY, IT WOULD REDUCE OUR REVENUES AND PROFITABILITY.

We have worked out an agreement with Starlight R&D in China to produce our pedestal karaoke machines for fiscal 2016. If the factory is unable to deliver our karaoke machines to us, our business will be adversely affected. Because our cash on hand is minimal, we are relying on revenues received from the sale of our ordered karaoke machines to provide cash flow for our operations. If we do not receive cash from these sales, we may not be able to continue our business operations.

WE ARE SUBJECT TO THE RISK THAT SOME OF OUR LARGE CUSTOMERS MAY RETURN KARAOKE PRODUCTS THAT THEY HAVE PURCHASED FROM US AND IF THIS HAPPENS, IT WOULD REDUCE OUR REVENUES AND PROFITABILITY.

In fiscal 2015 and 2014, a number of our customers and distributors returned karaoke products that they had purchased from us. Our customers returned goods valued at \$3.4 million or 8.8% of our net product sales in fiscal 2015 and \$2.8 million or 8.8% of our net product sales in fiscal 2014. The majority of the units returned are due to product defects. Our factories charge customary repair and freight costs which increase our expenses and reduce profitability. If any of our customers were to return karaoke products to us, it would reduce our revenues and profitability.

WE ARE SUBJECT TO PRESSURE FROM OUR CUSTOMERS RELATING TO PRICE REDUCTION AND FINANCIAL INCENTIVES AND IF WE ARE PRESSURED TO MAKE THESE CONCESSIONS TO OUR CUSTOMERS, IT WILL REDUCE OUR REVENUES AND PROFITABILITY.

Because there is intense competition in the karaoke industry, we are subject to pricing pressure from our customers. Many of our customers have demanded that we lower our prices or they will buy our competitor's products. If we do not meet our customer's demands for lower prices, we will not sell as many karaoke products. We are also subject to pressure from our customers regarding certain financial incentives, such as return credits or large advertising or cooperative advertising allowances, which effectively reduce our profit. We gave advertising allowances of approximately \$1,263,000 during fiscal 2015 and \$845,000 during fiscal 2014. We have historically offered advertising allowances to our customers because it is standard practice in the retail industry.

WE EXPERIENCE DIFFICULTY FORECASTING THE DEMAND FOR OUR KARAOKE PRODUCTS AND IF WE DO NOT ACCURATELY FORECAST DEMAND, OUR REVENUES, NET INCOME AND CASH FLOW MAY BE AFFECTED.

Because of our reliance on manufacturers in China for our machine production, our production lead times range from one to four months. Therefore, we must commit to production in advance of customers' orders. It is difficult to forecast customer demand because we do not have any scientific or quantitative method to predict this demand. Our forecasting is based on management's general expectations about customer demand, the general strength of the retail market and management's historical experiences. In past years we have overestimated demand for our products which led to excess inventory in some of our products and caused liquidity problems that adversely affected our revenues, net income and cash flow.

WE ARE SUBJECT TO THE COSTS AND RISKS OF CARRYING INVENTORY FOR OUR CUSTOMERS AND IF WE HAVE TOO MUCH INVENTORY, IT WILL AFFECT OUR REVENUES AND NET INCOME.

Many of our customers place orders with us several months prior to the holiday season, but they schedule delivery two or three weeks before the holiday season begins. As such, we are subject to the risks and costs of carrying inventory during the time period between the placement of the order and the delivery date, which reduces our cash flow. As of March 31, 2015 we had \$7.4 million in inventory on hand. It is important that we sell this inventory during fiscal 2016, so we have sufficient cash flow for operations.

OUR BUSINESS IS SEASONAL AND THEREFORE OUR ANNUAL OPERATING RESULTS WILL DEPEND, IN LARGE PART, ON OUR SALES DURING THE RELATIVELY BRIEF HOLIDAY SEASON.

Sales of consumer electronics and toy products in the retail channel are highly seasonal, with a majority of retail sales occurring during the period from September through December in anticipation of the holiday season, which includes Christmas. A substantial majority of our sales occur during the second quarter ending September 30 and the third quarter ending December 31. Sales in our second and third quarter, combined, accounted for approximately 87%, 88%, and 90% of net sales in fiscal 2015, 2014, and 2013, respectively.

IF WE ARE UNABLE TO COMPETE IN THE KARAOKE PRODUCTS CATEGORY, OUR REVENUES AND NET PROFITABILITY WILL BE REDUCED.

Our major competitors for karaoke machines and related products are Karaoke USA, Vivitar, Audiovox and GPX. We believe that competition for karaoke machines is based primarily on price, product features, reputation, delivery times, and customer support. To the extent that we lower prices to attempt to enhance or retain market share, we may adversely impact our operating margins. Conversely, if we opt not to match competitor's price reductions we may lose market share, resulting in decreased volume and revenue. To the extent our leading competitors reduce prices on their karaoke machines, we must remain flexible to reduce our prices. If we are forced to reduce our prices, it will result in lower margins and reduced profitability. Because of intense competition in the karaoke industry in the United States during fiscal 2015, we expect that the intense pricing pressure in the low end of the market will continue in the karaoke market in the United States in fiscal 2016. In addition, we must compete with all the other existing forms of entertainment including, but not limited to: motion pictures, video arcade games, home video games, theme parks, nightclubs, television, prerecorded tapes, CD's, and DVD's.

IF WE ARE UNABLE TO DEVELOP NEW KARAOKE PRODUCTS, OUR REVENUES MAY NOT CONTINUE TO GROW.

The karaoke industry is characterized by rapid technological change, frequent new product introductions and enhancements and ongoing customer demands for greater performance. In addition, the average selling price of any karaoke machine has historically decreased over its life, and we expect that trend to continue. As a result, our products may not be competitive if we fail to introduce new products or product enhancements that meet evolving customer demands. The development of new products is complex, and we may not be able to complete development in a timely manner. To introduce products on a timely basis, we must:

- accurately define and design new products to meet market demand;
- design features that continue to differentiate our products from those of our competitors;
- transition our products to new manufacturing process technologies;
- identify emerging technological trends in our target markets;
- anticipate changes in end-user preferences with respect to our customers' products;
- bring products to market on a timely basis at competitive prices; and
- respond effectively to technological changes or product announcements by others.

We believe that we will need to continue to enhance our karaoke machines and develop new machines to keep pace with competitive and technological developments and to achieve market acceptance for our products. At the same time, we need to identify and develop other products which may be different from karaoke machines.

OUR PRODUCTS ARE SHIPPED FROM CHINA AND ANY DISRUPTION OF SHIPPING COULD PREVENT OR DELAY OUR CUSTOMERS' RECEIPT OF INVENTORY.

We rely principally on four contract ocean carriers to ship virtually all of the products that we import to our warehouse facility in Ontario, California. Retailers that take delivery of our products in China rely on a variety of carriers to import those products. Any disruptions in shipping, whether in California or China, caused by labor strikes, other labor disputes, terrorism, and international incidents may prevent or delay our customers' receipt of inventory. If our customers do not receive their inventory on a timely basis, they may cancel their orders or return products to us. Consequently, our revenues and net income would be reduced and our results of operations adversely affected.

OUR MANUFACTURING OPERATIONS ARE LOCATED IN THE PEOPLE'S REPUBLIC OF CHINA, SUBJECTING US TO RISKS COMMON IN INTERNATIONAL OPERATIONS. IF THERE IS ANY PROBLEM WITH THE MANUFACTURING PROCESS, OUR REVENUES AND NET PROFITABILITY MAY BE REDUCED.

We are using five factories in the People's Republic of China to manufacture the majority of our karaoke machines. These factories will be producing nearly all of our karaoke products in fiscal 2016. Our arrangements with these factories are subject to the risks of doing business abroad, such as import duties, trade restrictions, work stoppages, and foreign currency fluctuations, limitations on the repatriation of earnings and political instability, which could have an adverse impact on our business. Furthermore, we have limited control over the manufacturing processes. As a result, any difficulties encountered by our third-party manufacturers that result in product defects, production delays, cost overruns or the inability to fulfill orders on a timely basis could adversely affect our revenues, profitability and cash flow. Also, since we do not have written agreements with any of these factories, we are subject to additional uncertainty if the factories do not deliver products to us on a timely basis.

WE DEPEND ON THIRD PARTY SUPPLIERS FOR PARTS FOR OUR KARAOKE MACHINES AND RELATED PRODUCTS, AND IF WE CANNOT OBTAIN SUPPLIES AS NEEDED, OUR OPERATIONS WILL BE SEVERELY DAMAGED.

Our growth and ability to meet customer demand depends in part on our capability to obtain timely deliveries of karaoke machines and our electronic products. We rely on third party suppliers to produce the parts and materials we use to manufacture and produce these products. If our suppliers are unable to provide our factories with the parts and

supplies, we will be unable to produce our products. We cannot guarantee that we will be able to purchase the parts we need at reasonable prices or in a timely fashion. In the last several years, there have been shortages of certain chips that we use in our karaoke machines. If we are unable to anticipate any shortages of parts and materials in the future, we may experience severe production problems, which would impact our sales.

CONSUMER DISCRETIONARY SPENDING MAY AFFECT KARAOKE PURCHASES AND IS AFFECTED BY VARIOUS ECONOMIC CONDITIONS AND CHANGES.

Our business and financial performance may be damaged more than most companies by adverse financial conditions affecting our business or by a general weakening of the economy. Purchases of karaoke machines and music are considered discretionary for consumers. Our success will therefore be influenced by a number of economic factors affecting discretionary and consumer spending, such as employment levels, business, interest rates, and taxation rates, all of which are not under our control. Additionally, other extraordinary events such as terrorist attacks or military engagements, which adversely affect the retail environment may restrict consumer spending and thereby adversely affect our sales growth and profitability.

WE MAY BE SUBJECT TO CLAIMS FROM THIRD PARTIES FOR UNAUTHORIZED USE OF THEIR PROPRIETARY TECHNOLOGY, COPYRIGHTS OR TRADE SECRETS AND ANY CLAIMS ASSERTED AGAINST US COULD AFFECT OUR NET PROFITABILITY.

We believe that we independently developed the technology used in our electronic and audio software products and that it does not infringe on the proprietary rights, copyrights or trade secrets of others. However, we cannot be sure that we have not infringed on the proprietary rights of third parties or those third parties will not make infringement violation claims against us.

WE ARE EXPOSED TO THE CREDIT RISK OF OUR CUSTOMERS, WHO ARE EXPERIENCING FINANCIAL DIFFICULTIES, AND IF THESE CUSTOMERS ARE UNABLE TO PAY US, OUR REVENUES AND PROFITABILITY WILL BE REDUCED.

We sell products to retailers, including department stores, lifestyle merchants, direct mail catalogs and showrooms, national chains, specialty stores, and warehouse clubs. Some of these retailers, such as K-Mart, FAO Schwarz and KB Toys, have engaged in leveraged buyouts or transactions in which they incurred a significant amount of debt, and operated under the protection of bankruptcy laws. As of June 29, 2015 we are not aware of any customers, with the exception of RadioShack, which are operating under the protection of bankruptcy laws. We have no outstanding amounts due from Radio Shack as of June 29, 2015. Deterioration in the financial condition of our customers could result in bad debt expense to us and have a material adverse effect on our revenues and future profitability.

A DISRUPTION IN THE OPERATION OF OUR WAREHOUSE CENTER IN CALIFORNIA COULD IMPACT OUR ABILITY TO DELIVER MERCHANDISE TO OUR CUSTOMERS, WHICH COULD ADVERSELY AFFECT OUR REVENUES AND PROFITABILITY.

A significant amount of our merchandise is shipped to our customers from our warehouse located in Ontario, California. Events such as fire or other catastrophic events, any malfunction or disruption of our centralized information systems or shipping problems may result in delays or disruptions in the timely distribution of merchandise to our customers, which could substantially decrease our revenues and profitability. During the fiscal year ended March 31, 2015 there were significant disruptions in receiving goods from the Port of Los Angeles in a timely manner due to a slow-down of port operations during negotiations between the dock workers union and port management. Due to late deliveries, especially during the peak holiday season, we estimate that we lost in excess of \$1.5 million in sales which contributed to the increase in our inventory of approximately \$1.6 million at March 31, 2015 compared to March 31, 2014. In May 2015 the dock workers union ratified a new agreement with port management and we do not anticipate significant service disruptions during Fiscal 2016.

CURRENT LEVELS OF SECURITIES AND FINANCIAL MARKET RISK.

During the past twelve months, the securities and financial markets have stabilized and our improved financial condition and results of operations have allowed us to obtain traditional financing with PNC Bank. Should there be a disruption in the current levels of these markets or a deterioration of our business, there can be no assurance that we will not experience an adverse effect, which may be material, on our ability to access capital and on our business, financial condition and results of operations.

CURRENCY EXCHANGE RATE RISK

The majority of our products are currently manufactured in the People's Republic of China. During the fiscal year ended March 31, 2015, the Chinese local currency had no material effect on the Company as all of our purchases are denominated in U.S. currency. However, in the event our purchases are required to be made in Chinese local currency, the Yuan, we will be subject to the risks involved in foreign exchange rates. In the future the value of the Yuan may depend to a large extent on the Chinese government's policies and China's domestic and international economic and political developments. As a result, our production costs may increase if we are required to make purchases using the Yuan instead of the U.S. dollar and the value of the Yuan increases over time. Any significant increase in the cost of manufacturing our products would have a material adverse effect on our business and results of operations.

INCREASED RAW MATERIAL/PRODUCTION PRICING

Fluctuation in the price of oil has and will continue to affect the Company in connection with the sourcing and utilizing of petroleum based raw materials and services. We expect to see favorable cost reductions in our finished goods during fiscal year 2016 due to the significant drop in the price of oil. These cost reductions may be somewhat offset by the increased cost of trans-oceanic shipping as well as a number of labor related regulations instituted in China which impact wages and thus the cost of production. These issues are common to all companies in the same type of business and if the Company is not able to negotiate lower costs, or reduce other expenses, or pass on some or all of these price increases to our customers, our profit margin may be decreased.

RISKS ASSOCIATED WITH OUR CAPITAL STRUCTURE

THE MARKET PRICE OF OUR COMMON STOCK MAY BE VOLATILE WHICH MAY CAUSE INVESTORS TO LOSE ALL OR A PORTION OF THEIR INVESTMENT.

From December 1, 2005 through March 31, 2015, our common stock has traded between a high of \$1.57 and a low of \$0.02. During this period, we incurred a net loss of \$0.6 million in Fiscal 2011, a net loss of \$3.1 million in Fiscal 2010, a net loss of \$1.9 million in fiscal 2006 and loss of \$3.6 million in fiscal 2005. Our stock price may continue to be volatile based on similar or other adverse developments in our business. In addition, the stock market periodically experiences significant adverse price and volume fluctuations which may be unrelated to the operating performance of particular companies.

IF OUR OUTSTANDING DERIVATIVE SECURITIES ARE EXERCISED OR CONVERTED, OUR EXISTING SHAREHOLDERS WILL SUFFER DILUTION.

As of March 31, 2015, there were outstanding stock options to purchase an aggregate of 1,896,000 shares of common stock at exercise prices ranging from \$0.03 to \$0.93 per share, not all of which are immediately exercisable. The weighted average exercise price of the outstanding stock options is approximately \$0.20 per share. As of March 31, 2014, there were outstanding and immediately exercisable options to purchase an aggregate of 1,256,000 shares of common stock.

FUTURE SALES OF OUR COMMON STOCK HELD BY CURRENT SHAREHOLDERS AND INVESTORS MAY DEPRESS OUR STOCK PRICE.

As of June 29, 2015 there were 38,117,517 shares of our common stock outstanding. We have filed two registration statements registering an aggregate 3,794,250 of shares of our common stock (a registration statement on Form S-8 to register the sale of 1,844,250 shares underlying options granted under our 1994 Stock Option Plan and a registration

statement on Form S-8 to register 1,950,000 shares of our common stock underlying options granted under our Year 2001 Stock Option Plan). An additional registration statement on Form S-1 was filed in October 2003, registering an aggregate of 2,795,465 shares of our common stock. The market price of our common stock could drop due to the sale of large number of shares of our common stock, such as the shares sold pursuant to the registration statements or under Rule 144, or the perception that these sales could occur.

OUR STOCK PRICE MAY DECREASE IF WE ISSUE ADDITIONAL SHARES OF OUR COMMON STOCK.

Our certificate of incorporation, as amended in January 2006, authorizes the issuance of 100,000,000 shares of common stock. As of June 29, 2015, we had 38,117,517 shares of common stock issued and outstanding and an aggregate of 1,896,000 shares issuable under our outstanding stock options. As such, our Board of Directors has the power, without stockholder approval, to issue up to 59,986,483 shares of common stock. Any issuance of additional shares of common stock, whether by us to new shareholders or the exercise of outstanding warrants or options, may result in a reduction of the book value or market price of our outstanding common stock. Issuance of additional shares will reduce the proportionate ownership and voting power of our then existing shareholders.

PROVISIONS IN OUR CHARTER DOCUMENTS AND DELAWARE LAW MAKE IT DIFFICULT FOR A THIRD PARTY TO ACQUIRE OUR COMPANY AND COULD DEPRESS THE PRICE OF OUR COMMON STOCK.

Delaware law and our certificate of incorporation and bylaws contain provisions that could delay, defer or prevent a change in control of our Company or a change in our management. These provisions could also discourage proxy contests and make it more difficult for you and other shareholders to elect directors and take other corporate actions. These provisions of our certificate of incorporation include: authorizing our board of directors to issue additional preferred stock, limiting the persons who may call special meetings of shareholders, and establishing advance notice requirements for nominations for election to our board of directors or for proposing matters that can be acted on by shareholders at shareholder meetings.

IF WE FAIL TO MAINTAIN EFFECTIVE INTERNAL CONTROLS OVER FINANCIAL REPORTING, THE PRICE OF OUR COMMON STOCK MAY BE ADVERSELY AFFECTED.

We are required to establish and maintain appropriate internal controls over financial reporting. Failure to establish those controls, or any failure of those controls once established, could adversely impact our public disclosures regarding our business, financial condition or results of operations. Any actual or perceived weaknesses and conditions that need to be addressed in our internal controls over financial reporting or disclosure of our management's assessment of our internal controls over financial reporting may have an adverse impact on the price of our common stock.

THE MARKET PRICE OF OUR COMMON STOCK MAY BE ADVERSELY AFFECTED BY SEVERAL FACTORS.

The market price of our common stock could fluctuate significantly in response to various factors and events, including:

our ability to execute our business plan;
operating results below expectations;
loss of any strategic relationship;
industry developments;
economic and other external factors; and
period-to-period fluctuations in its financial results.

In addition, the securities markets have from time to time experienced significant price and volume fluctuations that are unrelated to the operating performance of particular companies. These market fluctuations may also materially and adversely affect the market price of our common stock.

WE HAVE NOT PAID CASH DIVIDENDS IN THE PAST AND DO NOT EXPECT TO PAY CASH DIVIDENDS IN THE FUTURE. ANY RETURN ON INVESTMENT MAY BE LIMITED TO THE VALUE OF OUR STOCK.

We have never paid cash dividends on our stock and do not anticipate paying cash dividends on our stock in the foreseeable future. The payment of cash dividends on our stock will depend on our earnings, financial condition and other business and economic factors affecting us at such time as the board of directors may consider relevant. If we do not pay cash dividends, our stock may be less valuable because a return on your investment will only occur if our stock price appreciates.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Our corporate headquarters are located in Fort Lauderdale, Florida where we lease approximately 4,000 square feet of office space. The lease expires on December 31, 2016. The annual rental expense for office facilities was \$100,353 for the fiscal year ended March 31, 2015.

We lease approximately 86,000 square feet of warehouse space in Ontario, California for our logistics operations. The lease expires on August 31, 2020 (term of 87 months). The annual rental expense for warehouse facilities was approximately \$508,075 for the fiscal year ended March 31, 2015.

We lease a 424 square foot office in Macau. The annual rent expense for this facility was \$15,161 for the fiscal year ended March 31, 2015. On May 1, 2014 we renewed our office space lease in Macau for an additional two year term which ends April 30, 2016. The annual rent is fixed at \$10,000 per year for the entire term of the lease.

We believe that the facilities are well maintained, in substantial compliance with environmental laws and regulations, and adequately covered by insurance. We also believe that these leased facilities are not unique and could be replaced, if necessary, at the end of the term of the existing leases.

ITEM 3. LEGAL PROCEEDINGS

Management is currently not aware of any legal proceedings against the Company.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable,

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

The Company has traded on the Over the Counter Bulletin Board ("OTCBB") under the symbol "SMDM" since July 7, 2009. Set forth below is the range of high and low sales prices for our common stock during Fiscal 2015 and Fiscal 2014.

FISCAL PERIOD	HIGH	LOW
Fiscal 2015:		
First quarter (April 1 - June 30, 2014)	\$0.21	\$0.17
Second quarter (July 1 - September 30, 2014)	0.20	0.10
Third quarter (October 1 - December 31, 2014)	0.24	0.17
Fourth quarter (January 1 - March 31, 2015)	0.20	0.17
Fiscal 2014:		
First quarter (April 1 - June 30, 2013)	\$0.25	\$0.18
Second quarter (July 1 - September 30, 2013)	0.35	0.20
Third quarter (October 1 - December 31, 2013)	0.34	0.20
Fourth quarter (January 1 - March 31, 2014)	0.26	0.16

As of June 29, 2015, based upon information received from our transfer agent, there were approximately 299 record holders of our outstanding common stock. This number does not include:

any beneficial owners of common stock whose shares are held in the names of various dealers, clearing agencies, banks, brokers and other fiduciaries, or

broker-dealers or other participants who hold or clear shares directly or indirectly through the Depository Trust Company, or its nominee, Cede & Co.

DIVIDENDS

We have never declared or paid cash dividends on our common stock and our Board of Directors intends to continue its policy for the foreseeable future. Future dividend policy will depend upon our earnings, financial condition, contractual restrictions and other factors considered relevant by our Board of Directors and will be subject to limitations imposed under Delaware law.

EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes our equity compensation plan information as of March 31, 2015:

ISSUANCE UNDER EQUITY PLAN CATEGORY	NUMBER OF SECURITIES TO BE ISSUED UPON EXERCISE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	WEIGHTED-AVERAGE EXERCISE PRICE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	NUMBER OF SECURITIES REMAINING AVAILABLE FOR FUTURE COMPENSATION PLANS (EXCLUDING SECURITIES IN COLUMN (A))
Equity Compensation Plans approved by Security Holders	1,896,000	\$.20	0
Equity Compensation Plans Not approved by Security Holders	0	\$ 0	0

RECENT SALES OF UNREGISTERED SECURITIES

On September 5, 2014 the Company issued 46,875 shares of its common stock to our Board of Directors at \$0.16 per share, pursuant to our annual director compensation plan for the fiscal year ending March 31, 2015.

All of the above issuances and sales were deemed to be exempt under Rule 506 of Regulation D and/or Section 4(2) of the Securities Act. No advertising or general solicitation was employed in offering the securities. The offerings and sales were made to a limited number of persons, all of whom were accredited investors, business associates of the Singing Machine or executive officers of the Singing Machine, and transfer was restricted by the Singing Machine in accordance with the requirement of the Securities Act. In addition to representations by the above-referenced persons, we have made independent determinations that all of the above-referenced persons were accredited or sophisticated investors, and that they were capable of analyzing the merits and risks of their investment, and that they understood the speculative nature of their investment. Furthermore, all of the above-referenced persons were provided with access to our Securities and Exchange Commission filings.

PURCHASES OF EQUITY SECURITIES BY THE ISSUER AND AFFILIATED PURCHASERS

None.

ITEM 6. SELECTED FINANCIAL DATA

The following selected consolidated financial data should be read in conjunction with our consolidated financial statements and related notes and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included elsewhere in this Annual Report on Form 10-K. The statements of operations data for the years ended March 31, 2015, 2014, and 2013 and the balance sheet data at March 31, 2015 and 2014 are derived from our audited financial statements which are included elsewhere in this Form 10-K. The statement of operations data for the year ended March 31, 2012 and 2011 and the balance sheet data at March 31, 2013, 2012 and 2011 are derived from our audited financial statements which are not included in this Form 10-K. The historical results are not necessarily indicative of results to be expected for future periods.

	2015	2014	2013	2012	2011
Statement of Operations:					
Net Sales	\$39,308,281	\$31,379,629	\$34,437,774	\$25,943,832	\$19,165,979
Income (loss) before income taxes	\$262,859	\$225,519	\$1,521,476	\$463,116	\$(619,548)
Income tax (provision) benefit	\$(92,701)	\$778,797	\$1,619,459	\$-	\$-
Net income (loss)	\$170,158	\$1,004,316	\$3,140,935	\$463,116	\$(619,548)
Balance Sheet:					
Working Capital	\$4,071,543	\$1,350,377	\$3,256,979	\$(1,013,777)	\$(1,545,556)

Cash dividends paid	\$-	\$-	\$-	\$-	\$

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the Financial Statements and Notes filed herewith. Our fiscal year ends March 31. This document contains certain forward-looking statements regarding anticipated trends in our financial condition and results of operations and our business strategy. (See Part I, Item 1A, "Risk Factors "). These forward-looking statements are based largely on our current expectations and are subject to a number of risks and uncertainties. Actual results could differ materially from these forward-looking statements. Important factors to consider in evaluating such forward-looking statements include (i) changes in external factors or in our internal budgeting process which might impact trends in our results of operations; (ii) unanticipated working capital or other cash requirements; (iii) changes in our business strategy or an inability to execute our strategy due to unanticipated changes in the industries in which we operate; and (iv) various competitive market factors that may prevent us from competing successfully in the marketplace.

Statements included in this Annual Report that do not relate to present or historical conditions are called "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements involve known and unknown risks and uncertainties and other factors that could cause actual results or outcomes to differ materially from those expressed in, or implied by, the forward-looking statements. Forward-looking statements may include, without limitation, statements relating to our plans, strategies, objectives, expectations and intentions. Words such as "believes," "forecasts," "intends," "possible," "estimates," "anticipates," "expects," "plans," "should," "could," "will," and similar expressions are intended to identify forward-looking statements. Our ability to predict or project future results or the effect of events on our operating results is inherently uncertain. Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of the times at, or by which, such performance or results will be achieved.

OVERVIEW

Our primary objectives for the fiscal year ended March 31, 2015 ("Fiscal 2015") were to:

- increase revenues by expanding our product lines and customer base;
- drive down operating costs as a percentage of net sales;
- sustain profitability;
- obtain asset based lending facility to replace expiring Crestmark Bank line of credit

We were successful in increasing revenues by approximately 25.3% primarily due to the placement of our product in a major retailer's stores which accounted for approximately 88% of the increase with the remaining increase primarily

related to the increase in foreign sales. Gross profit margins decreased by approximately 1.5 percentage points to 21.1% primarily due to lower margin high volume and distributor pricing required to increase domestic and foreign sales. General and administrative expenses increased approximately \$250,000 primarily due to increases in temporary warehouse labor and expenses associated with special promotional projects with major retailers as well as the reduction of reimbursement of logistics expenses from our affiliate companies due to the decrease in their US business. Due to the increase in sales we managed to decrease general and administrative expenses as a percentage of sales to 11.5% from 13.6%. Depreciation expense decreased by approximately \$38,000 primarily due tools and molds that were fully depreciated as of the prior fiscal year ended March 31, 2014.

On July 14, 2014, the Company executed a three-year Revolving Credit Facility (“Revolving Credit Facility”) with PNC Bank, National Association (“PNC”) that replaced the existing line of credit agreement with Crestmark Bank. The Revolving Credit Facility has a three year term expiring on July 14, 2017. The outstanding loan balance cannot exceed \$15,000,000 during peak selling season between August 1 and December 31 and is reduced to a maximum of \$7,500,000 between January 1 and July 31. The Revolving Credit Facility helped to reduce our reliance on the suppliers and our parent group for financing during fiscal 2015. During the fiscal year ended March 31, 2015, our net related party debt decreased by approximately \$148,000 due to payments on current fiscal year trade invoices due to the Shihua Group. While we do not anticipate any short-term bridge financing from the Shihua Group for the fiscal year ending March 31, 2016, we will continue to rely on the Shihua Group and Starlight R&D to provide extended terms for trade payables with them to help ensure timely payment of other vendors. Taking into account internally generated funds and credit facilities available to the Shihua Group, we have concluded that our parent will have sufficient working capital to provide extended trade payable terms to us for at least the next 12 months.

RESULTS OF OPERATIONS The following table sets forth, for the periods indicated, certain income and expense items expressed as a percentage of the Company's total revenues:

	2015	2014	2013
Total Revenues	100.0%	100.0%	100.0%
Cost of Sales	78.9 %	77.4 %	76.6 %
Operating Expenses	19.7 %	21.7 %	18.9 %
Operating Income	1.4 %	0.9 %	4.5 %
Other (Expenses), net	-0.7 %	-0.2 %	-0.1 %
Income before Tax (provision) benefit	0.7 %	0.7 %	4.4 %
(Provision for) Benefit from Income Taxes	-0.3 %	2.5 %	4.7 %
Net Income	0.4 %	3.2 %	9.1 %

FISCAL YEAR ENDED MARCH 31, 2015 COMPARED WITH FISCAL YEAR ENDED MARCH 31, 2014

NET SALES

Net sales for the year ended March 31, 2015 (“Fiscal 2015”) were approximately \$39.3 million. This represents an increase of approximately \$7.9 million as compared to approximately \$31.4 million in the fiscal year ended March 31, 2014 (“Fiscal 2014”). The increase in net sales was primarily due from expansion into the stores of one major retailer which accounted for approximately \$7.0 million or approximately 88% of the increase. The remaining \$.9M increase was primarily due to increase in sales to distributors in Europe and Australia.

GROSS PROFIT

Gross profit for Fiscal 2015 was approximately \$8.3 million or 21.1% of total revenues compared to approximately \$7.1 million or 22.6% of sales for Fiscal 2014 (an increase of approximately \$1.2 million). The 16.9% increase in gross profit was primarily due to the increase in net sales as explained in Net Sales above.

Gross profit margin for the year ended March 31, 2015 compared to the same period ended March 31, 2014 decreased by approximately 1.5 margin points from 22.6% to 21.1%. This decrease was primarily due to volume and promotional pricing required in order to expand product sales into one major retailer’s stores.

OPERATING EXPENSES

In fiscal year 2015, our operating expenses, including depreciation, increased from approximately \$6.8 million to approximately \$7.7 million, an increase of approximately \$0.9 million or 13.2% compared to the same period last year. Selling expenses increased approximately \$0.7 million to \$3.1 million for the year ended March 31, 2015 from \$2.4 million for the year ended March 31, 2014 primarily due to increased co-op and promotional programs with one of our largest customers.

General and administrative expenses increased approximately \$.2 million from approximately \$4.3 million in Fiscal 2014 to approximately \$4.5 million in Fiscal 2015. The increase was primarily due an increase of approximately \$.2M in repair expenses of defective goods commensurate with the increase in sales volume as explained in net sales above.

DEPRECIATION AND AMORTIZATION

Our depreciation and amortization expenses were \$130,254 for Fiscal 2015 compared to \$168,138 for Fiscal 2014. The property and equipment consisted mainly of tools and molds and Home development costs which are depreciated straight-line over three to five years. The decrease in depreciation expense was primarily due tools and molds that were fully depreciated as of the prior fiscal year ended March 31, 2014. During the past year we invested in approximately \$36,000 primarily for molds and tooling for new products introduced in Fiscal 2015.

NET OTHER INCOME (EXPENSES)

Other expenses increased by \$252,307 to \$305,753 in Fiscal 2015 compared to other expense of \$53,446 in Fiscal 2014. There was an increase in interest expense of approximately \$200,000 of which approximately \$112,000 was due to increased borrowing on our Revolving Line of Credit during Fiscal 2015 as compared to borrowings against our line of credit with Crestmark Bank during Fiscal 2014. There was approximately \$41,000 of interest associated with the conversion of trade payables to related party (Ram Light Management, Ltd.) to a note payable bearing interest at 6% per annum. The remaining increase in interest of approximately \$47,000 was primarily due to interest charges on late payment of trade payables to both related and non-related party product vendors. Included in other expenses for Fiscal 2015 was amortization expense of approximately \$52,000 associated with the amortization of deferred financing charges over the term of the Revolving Line of Credit.

INCOME BEFORE TAXES

We had income before taxes of \$262,859 in Fiscal 2015 compared to income before taxes of \$225,519 in Fiscal 2014. This decrease of \$37,340 was primarily due to the combination of the increase in gross profit of approximately \$1,204,000 due to the increase in sales margin as explained in Net Sales and Gross Profit above offset by the increase in operating and other expenses of approximately \$941,000 as explained in Operating Expenses and Net Other Income (Expenses) above.

INCOME TAX PROVISION

Significant management judgment is required in developing our provisions for income taxes, including the determination of foreign tax liabilities, deferred tax assets and liabilities and any valuation allowances that might be required against deferred tax assets. Management evaluates its ability to realize its deferred tax assets on a quarterly basis and adjusts its valuation allowance when it believes that it is not likely to be realized. On March 31, 2015 and 2014, we had gross deferred tax assets of approximately \$3.0 million and approximately \$3.2 million, against which

we recorded valuation allowances totaling approximately \$0.7 million and approximately \$0.8 million, respectively. As of the fiscal year ended March 31, 2015 there was a reduction in the gross deferred tax assets of approximately \$91,000 due to the expiration of a California net operating loss carryforward which was netted against the valuation reserve.

For Fiscal 2015 we recorded an income tax provision of approximately \$0.1 million based on our net income before provision for taxes and our effective tax rate of 35.3%. In Fiscal 2014 we recognized an income tax benefit of approximately \$0.8 million due to the reversal of 50% of the valuation reserve on our deferred tax assets. Given the past four years of profitability and management's assessment of the current business climate and expected future profits, it is management's judgment that at least 77% of our gross deferred tax asset is more than likely to be realized.

We operate within multiple taxing jurisdictions and are subject to audit in those jurisdictions. Because of the complex issues involved, any claims can require an extended period to resolve. In management's opinion, adequate provisions for income taxes have been made.

NET INCOME

As a result of the foregoing, we had net income of \$170,158 in Fiscal 2015 from operations as compared to a net income of \$1,004,316 in Fiscal 2014.

FISCAL YEAR ENDED MARCH 31, 2014 COMPARED WITH FISCAL YEAR ENDED MARCH 31, 2013

NET SALES

Net sales for the year ended March 31, 2014 ("Fiscal 2014") were approximately \$31.4 million. This represents a decrease of approximately \$3.0 million as compared to approximately \$34.4 million in the fiscal year ended March 31, 2013 ("Fiscal 2013"). The decrease in net sales was primarily due from a decrease of approximately \$0.7 million with one major retailer due to a vendor inspection failure of one of our factories as well as a decrease of approximately \$2.1 million with another major retail customer who increased their stock levels in the prior year due to switching from a seasonal program to carrying our karaoke products year-round. The remaining \$0.2 million decrease was primarily due to lost opportunities from late shipments and delays from some of our product vendors.

GROSS PROFIT

Gross profit for Fiscal 2014 was approximately \$7.1 million or 22.6% of total revenues compared to approximately \$8.1 million or 23.4% of sales for Fiscal 2013 (a decrease of \$1.0 million). The 12.3% decrease in gross profit was primarily due to the decrease in net sales as explained in Net Sales above.

Gross profit margin for the year ended March 31, 2014 compared to the same period ended March 31, 2013 decreased by approximately 0.8 margin points from 23.4% to 22.6%. The decrease was primarily due to increased inventory reserves required for excess and closeout inventory which accounted for approximately .5% of the decrease with the remaining decrease primarily due to one retail customer who changed their shipping terms to collect from prepaid which reduced our selling price and margin to them. This margin loss was offset by reduced operating expenses for outbound freight costs for approximately the same amount of the revenue reduction.

OPERATING EXPENSES

In fiscal year 2014, our operating expenses, including depreciation, increased from approximately \$6.5 million to approximately \$6.8 million, an increase of approximately \$0.3 million or 4.4% compared to the same period last year. Selling expenses decreased approximately \$0.7 million to \$2.4 million for the year ended March 31, 2014 from \$3.1 million for the year ended March 31, 2013. Advertising allowance decreased approximately \$0.9 million due to an allowance decrease of approximately \$0.2 million to one major retail customer that did not execute a planned two-day promotion as agreed to in their co-op advertising program, another major retail customer refunding approximately \$0.3 million of prior excess co-op advertising deductions, a co-op advertising reduction of approximately \$0.2 million with another major retailer and the remaining decrease commensurate with the decrease in net sales for the fiscal year ended March 31, 2014. This decrease in advertising allowance expense was offset with an increase in marketing expenses of approximately \$0.4 million due primarily to one-time expenses associated with the rollout of the Home product. The remaining \$0.2 million reduction in selling expenses is due to a reduction in other variable selling expenses such as commissions, freight, royalties commensurate with the decrease in net sales.

General and administrative expenses increased approximately \$1.0 million from approximately \$3.3 million in Fiscal 2013 to approximately \$4.3 million in Fiscal 2014. The increase was primarily due to reduced warehouse reimbursements from the Starlight group companies of approximately \$0.3 million, increase in factor fees from Crestmark Bank financing arrangement of approximately \$0.1 million, an increase in key employee stock option expense of approximately \$0.1 million, increased R&D and sample expenses associated with the introduction of the Home product of approximately \$0.2 million, increase in stock warrant compensation for investment banker fees of approximately \$0.1 million and increased defective product repair charges of approximately \$0.1 million. The remaining increase of approximately \$0.1 million increase was due to various other variable expenses incurred.

DEPRECIATION AND AMORTIZATION

Our depreciation and amortization expenses were \$168,138 for Fiscal 2014 compared to \$110,267 for Fiscal 2013. The property and equipment consisted mainly of tools and molds and Home development costs which are depreciated straight-line over three to five years. The increase in depreciation expense was primarily due to the commencement of depreciation of the Home development and tooling commensurate with the product's introduction to the market in November 2013. During the past year we have invested in approximately \$145,000 in development and tooling for the Home product and approximately \$106,000 in warehouse equipment, computers and other office equipment.

NET OTHER INCOME (EXPENSES)

Other expense was \$53,446 (interest expense) in Fiscal 2014 compared to other expense of \$48,421 (interest expense) in Fiscal 2013. The increase was primarily due to the increase of our borrowing costs from our financing arrangement with Crestmark Bank.

INCOME BEFORE TAXES

We had income before taxes of \$225,519 in Fiscal 2014 compared to income before taxes of \$1,521,476 in Fiscal 2013. This decrease of \$1,295,957 was primarily due to the combination of the decrease in gross profit of approximately \$962,000 due to the decrease in sales and gross profit margin as explained in Net Sales and Gross Profit above and the increase in operating expenses of approximately \$329,000 as explained in Operating Expenses above.

INCOME TAX BENEFIT

Significant management judgment is required in developing our provisions for income taxes, including the determination of foreign tax liabilities, deferred tax assets and liabilities and any valuation allowances that might be required against deferred tax assets. Management evaluates its ability to realize its deferred tax assets on a quarterly basis and adjusts its valuation allowance when it believes that it is not likely to be realized. On March 31, 2014 and 2013, we had gross deferred tax assets of approximately \$3.2 million and approximately \$3.2 million, against which we recorded valuation allowances totaling approximately \$0.8 million and approximately \$1.6 million, respectively.

For Fiscal 2014 we recognized an income tax benefit of approximately \$0.8 million due to the reduction of the valuation reserve on our deferred tax assets. Given the past three years of profitability and management's assessment of the current business climate and expected future profits, it is management's judgment that at least 75% of our deferred tax asset is more than likely to be realized. In Fiscal 2013 we recognized an income tax benefit of approximately \$1.6 million due to the reversal of 50% of the valuation reserve on our deferred tax assets.

We operate within multiple taxing jurisdictions and are subject to audit in those jurisdictions. Because of the complex issues involved, any claims can require an extended period to resolve. In management's opinion, adequate provisions for income taxes have been made.

NET INCOME

As a result of the foregoing, we had net income of \$1,004,316 in Fiscal 2014 from operations as compared to a net income of \$3,140,935 in Fiscal 2013.

LIQUIDITY AND CAPITAL RESOURCES

On March 31, 2015, we had cash on hand of approximately \$116,000 with no restrictions as compared to cash on hand of approximately \$1,492,000 on March 31, 2014 of which approximately \$138,000 was restricted as collateral for a stand-by letter of credit. The decrease of cash on hand of approximately \$1,400,000 was primarily due the increase in inventory of approximately the same amount due to late product delivery caused by the work slow-down at the Port of Los Angeles during negotiations between port management and the port workers labor union.

Cash used in operating activities in Fiscal 2015 was approximately \$1,100,000. There was an increase in inventory of approximately \$1,400,000 of which a significant portion of the increase is attributed to late product delivery as explained above. This increase in inventory was offset by an increase in accounts payable of approximately \$800,000 associated with the late delivery of products. The remaining \$500,000 increase in cash used in operating activities was due to an increase in accounts receivable from seasonal shipments.

Cash provided by operating activities in Fiscal 2014 was approximately \$64,000. There was an increase in obligations to customers for returns and allowances of approximately \$94,000 due to a dispute with a major retailer for returned goods offset by an increase of approximately \$20,000 in amounts due from Crestmark Bank and an increase in prepaid and other current assets of approximately \$7,000.

Cash provided by investing activities for Fiscal 2015 was approximately \$102,000. Cash provided by investing activities included a refund of a deposit of approximately \$138,000 in a restricted certificate of deposit with Wells Fargo Bank as collateral for a stand-by letter of credit issued to Majestic Realty (California warehouse's landlord) which was replaced with a stand-by letter of credit issued from our Revolving Line of Credit. This increase in cash provided by investing activities was offset by cash approximately \$36,000 primarily used for the purchase of tooling for new karaoke models and technology.

Cash used in investing activities for Fiscal 2014 was approximately \$353,000. Cash used in investing activities included a deposit of approximately \$138,000 in a restricted certificate of deposit with Wells Fargo Bank as collateral for a stand-by letter of credit issued to Majestic Realty (new California warehouse's landlord) as a security deposit required by the property lease. Cash used in investing activities also included approximately \$145,000 in tooling for new karaoke models and technology and approximately \$70,000 in warehouse equipment, computers and other office equipment.

As of March 31, 2015, our working capital was approximately \$4,100,000. Our current liabilities of approximately \$6,000,000 include:

Client obligations for defective returns and allowances of approximately \$400,000 – the amount will be satisfied by future purchases or refunds.

Accounts payable of approximately \$2,800,000 of which approximately \$1,800,000 were amounts due to product vendors.

Amounts due to related parties of which approximately \$1,900,000 was due to various parties within the Starlight Group.

Accrued expenses of approximately \$500,000 of which \$76,000 was due to customers for advertising and co-op allowances.

Warranty provision for estimated effective returns in the amount of \$200,000.

As of March 31, 2015 our cash on hand is approximately \$116,000 with no restrictions. Our average monthly operating expenses are approximately \$330,000 and we will need approximately \$1,000,000 to cover our operating expenses during the next three month period. Our primary expenses are normal operating costs including salaries, lease payments for our warehouse space in California and other operating costs.

WORKING CAPITAL REQUIREMENTS DURING THE SHORT AND LONG TERM

During the next twelve month period, we plan on financing our working capital needs from:

1) Vendor financing – Some of our key vendors in China (including the Shihua Group and Starlight R&D) have agreed to manufacture on behalf of the Company without advanced payments and have extended payment terms to the Company. The terms with the factories are sufficient to cover the factory direct sales and are expected to account for more than 40% of the total revenues in Fiscal 2015.

2) Line of Credit - On July 14, 2014, the Company executed a three-year Revolving Credit Facility with PNC Bank, National Association that replaced the previous line of credit agreement with Crestmark Bank. The Revolving Credit Facility has a three year term expiring on July 14, 2017. The outstanding loan balance cannot exceed \$15,000,000 during peak selling season between August 1 and December 31 and is reduced to a maximum of \$7,500,000 between January 1 and July 31. Management believes this Revolving Credit Facility is adequate to finance our business during the next fiscal year.

3) Cost reduction - The Company has reduced significant operating expenses as a percentage of net sales in recent years with the exception of Fiscal 2014 where the company experienced some one-time charges associated with the launch of the Home product and additional logistics costs due to the reduction of reimbursement from the Shihua Group due to a decrease in their US business. Cost reduction initiatives are part of our intensive effort to achieve operating profits. The Company plans to maintain its cost structure and reduce some of the one-time expenses for Fiscal 2016.

4) Reduce cost of operation – The Company maintains SMC-L as a wholly-owned subsidiary to operate our California warehouse. For Fiscal 2016, SMC-L renewed an agreement with the Shihua Group to handle the logistics and fulfillment of Shihua Groups' domestic products for a service fee. This arrangement is expected to offset some the Company's own logistics expenses. Due to a significant reduction in the amount of logistics services performed for Shihua, the Company continues to actively seek and has contracted with non-related clients to perform third-party logistics services for Fiscal 2016 in order to replace some of the reimbursements received from the Shihua Group. As of the date of this filing the Company is providing or will provide these services for seven non-related customers which is estimated to generate approximately \$200,000 in service revenue for Fiscal 2016.

Our sources of cash for working capital in the long term are the same as our sources during the short term. If we need additional financing, we intend to approach different financing companies or insiders. However, we cannot guarantee that our financing plan will succeed. If we need to obtain additional financing and fail to do so, it may have a material adverse effect on our ability to meet our financial obligations and continue our operations.

In addition to our current financing arrangements, the Shihua Group and Starlight R&D has expressed their willingness and ability to provide extended payment terms to us for key vendor payments primarily by extending longer payment terms for goods they manufacture for us. We do not believe that we will require any additional bridge financing from the Shihua Group for the fiscal year ending March 31, 2016. We will continue to take advantage of extended terms for trade payables with the Shihua Group and Starlight R&D throughout the year. During the fiscal year ended March 31, 2015, our net related party debt decreased by approximately \$148,000. Taking into account internally generated funds and credit facilities available to the Shihua Group we have concluded that our parent will have sufficient working capital to provide extended trade payable terms to us for at least the next 12 months.

During Fiscal 2016, we will strive to reduce additional operating costs through efficiency improvements. In order to reduce the need to maintain inventory in our warehouses in California we intend to continue to ship a significant portion of our total sales directly from SMC Macau. The customers take title to the merchandise at their consolidators in China and are responsible for the shipment, duty, clearance and freight charges to their locations. In order to keep our inventory low, we have been helping our customers forecast and manage their Singing Machine inventories. This will prevent the overstocking situation with customers.

Except for the foregoing, we do not have any present commitment that is likely to cause our liquidity to increase or decrease in any material way. In addition, except for the Company's need for additional capital to finance inventory purchases, the Company is not aware of any trend, additional demand, event or uncertainty that will result in, or that is reasonably likely to result in, the Company's liquidity increasing or decreasing in any material way. The Company is reliant upon Starlight R&D to manufacture approximately 20% of our products with extended trade payable terms to help ensure that unrelated key vendors are paid timely. Any significant change in Starlight R&D's ability to continue to provide manufacturing and extended payment terms may have a material adverse effect on our ability to meet our financial obligations and continue our operations.

EXCHANGE RATES

We sell all of our products in U.S. dollars and pay for all of our manufacturing costs in either U.S. or Hong Kong dollars. Operating expenses of the Macau office are paid in either Hong Kong dollars or Macau Pataca (MOP). The exchange rate of the Hong Kong dollar to the U.S. dollar has been relatively stable at approximately HK\$7.80 to U.S. \$1.00 since 1983 and, accordingly, has not represented a currency exchange risk to the U.S. dollar. The exchange rate of the MOP to the U.S. dollar is MOP \$7.80 to U.S. \$1.00. We cannot assure you that the exchange rate between the United States, Macau and Hong Kong currencies will continue to be stable or that exchange rate fluctuations will not have a material adverse effect on our business, financial condition or results of operations.

SEASONAL AND QUARTERLY RESULTS

Historically, our operations have been seasonal, with the highest net sales occurring in the second and third quarters (reflecting increased orders for equipment and music merchandise during the Christmas selling months) and to a lesser extent the first and fourth quarters of the fiscal year. Sales in our fiscal second and third quarter, combined, accounted for approximately 86.6%, 88.1%, and 90.0% of net sales in Fiscal 2015, Fiscal 2014, and Fiscal 2013.

Our results of operations may also fluctuate from quarter to quarter as a result of the amount and timing of orders placed and shipped to customers, as well as other factors. The fulfillment of orders can therefore significantly affect results of operations on a quarter-to-quarter basis.

We are currently developing and considering selling products other than karaoke related items during the slow season to fulfill the revenue shortfall.

INFLATION

Inflation has not had a significant impact on the Company's operations. The Company has historically passed any price increases on to its customers since prices charged by the Company are generally not fixed by long-term contracts.

OFF BALANCE SHEET ARRANGEMENTS

None.

CRITICAL ACCOUNTING POLICIES

We prepared our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. As such, management is required to make certain estimates, judgments and assumptions that it believes are reasonable based on the information available. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the periods presented. The significant accounting policies which management believes are the most critical to aid in fully understanding and evaluating our reported financial results included accounts receivable allowance for doubtful accounts, reserves on inventory and income tax.

COLLECTIBILITY OF ACCOUNTS RECEIVABLE. The Singing Machine's allowance for doubtful accounts is based on management's estimates of the creditworthiness of its customers, current economic conditions and historical information, and, in the opinion of management, is believed to be an amount sufficient to respond to normal business conditions. Management sets 100% reserves for customers in bankruptcy and other reserves based upon historical collection experience. Should business conditions deteriorate or any major customer default on its obligations to the Company, this allowance may need to be significantly increased, which would have a negative impact on operations.

RESERVES ON INVENTORIES. The Singing Machine establishes a reserve on inventory based on the expected net realizable value of inventory on an item by item basis when it is apparent that the expected realizable value of an inventory item falls below its original cost. A charge to cost of sales results when the estimated net realizable value of

specific inventory items declines below cost. Management regularly reviews the Company's investment in inventories for such declines in value.

INCOME TAXES

We operate within multiple taxing jurisdictions and are subject to audit in those jurisdictions. Because of the complex issues involved, any claims can require an extended period to resolve. In management's opinion, adequate provisions for potential income taxes in the jurisdictions have been made.

OTHER ESTIMATES. We make other estimates in the ordinary course of business relating to sales returns and allowances, warranty reserves, and reserves for promotional incentives. Historically, past changes to these estimates have not had a material impact on our financial condition. However, circumstances could change which may alter future expectations.

RECENT ACCOUNTING PRONOUNCEMENTS:

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update (“ASU”) 2014-09 which outlines a single comprehensive model for companies to use when accounting for revenue arising from contracts with customers. The core principle of the revenue recognition model is that an entity recognizes revenue to depict the transfer of goods and services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In order to achieve this core principle a company must apply the following steps in determining revenue recognition:

- Identify the contract(s) with a customer
- Identify the performance obligations in the contract.
- Determine the transaction price.
- Allocate the transaction price to the performance obligations in the contract.
- Recognize revenue when (or as) the entity satisfies a performance obligation.

The amendments in this ASU are effective for annual reporting periods beginning after December 15, 2016 including interim periods within that reporting period with early application not allowed. Management is currently assessing whether the implementation of ASU 2014-09 will have any material effect on the company's consolidated financial statements.

In June 2014, the FASB issued ASU 2014-12, *Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period*. The ASU clarifies that entities should treat performance targets that can be met after the requisite service period of a share-based payment award as performance conditions that affect vesting. An entity would not record compensation expense (measured as of the grant date without taking into account the effect of the performance target) related to an award for which transfer to the employee is contingent on the entity's satisfaction of a performance target until it becomes probable that the performance target will be met. The ASU is effective for all entities for reporting periods beginning after December 15, 2015. The implementation of ASU 2014-12 is not expected to have any material effect on the company's consolidated financial statements.

In August 2014, the FASB issued ASU 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*. The ASU requires that at every interim and annual period, management determine whether conditions or events exist which raise substantial doubt about an entity's ability to continue as a going concern within one year after the date the financial statements are issued. If management's initial consideration of the relevant conditions and events indicates that it is probable the entity will not be able to meet its obligations as they become due within the assessment period, then management must evaluate whether it is probable that plans to mitigate these factors will alleviate that substantial doubt. The mitigating effect is considered only if it is probable that the plan will be effectively implemented and probable that the plans will mitigate the conditions or events that raised the substantial doubt. If management's plans will alleviate the substantial doubt, an entity must disclose in the notes to the financial statements the conditions or events that raised substantial doubt and management's plans that alleviated those concerns. If management's plans will not alleviate the substantial doubt, an entity must disclose in the notes to the financial statements the same conditions and events along with management's plans that did not alleviate the substantial doubt, in addition to a statement that indicates there is substantial doubt about the entity's ability to continue as a going concern. ASU 2014-15 is effective for annual periods ending after December 15, 2016 and for interim periods within annual periods beginning after December 15, 2016. Management is currently assessing whether the implementation of ASU 2014-15 will have any material effect on the company's consolidated financial statement disclosures.

In January 2015, the FASB issued ASU 2015-01, *Simplifying Income Statement Presentation by Eliminating the Concept of Extraordinary Items*. To be considered an extraordinary item under existing Generally Accepted Accounting Principles, an event or transaction that is identified as both unusual in nature and occurs infrequently must be segregated as an extraordinary item from results or ordinary operations, separately presented as an extraordinary item on an entity's income statement, net of tax, after income from continuing operations and an entity must disclose income taxes and earnings per share data applicable to the extraordinary item. While the ASU eliminates the requirement to segregate and separately report an event that is identified as an extraordinary item it does not affect the reporting and disclosure requirements for an extraordinary item. ASU 2015-01 is effective for periods beginning after December 15, 2015 and interim periods within those annual periods. The implementation of ASU 2015-01 is not expected to have any material effect on the company's consolidated financial statement disclosures.

In April 2015, the FASB issued ASU 2015-03, *Simplifying the Presentation of Debt Issuance Costs*. The ASU changes the presentation of debt issuance costs in financial statements. Under the ASU, an entity presents these costs in the balance sheet as a direct deduction from the related debt liability rather than as an asset. Amortization of the costs is reported as interest expense. The ASU specifies that "issue costs shall be reported in the balance sheet as a direct deduction from the face amount of the note" and that "amortization of debt issue costs shall also be reported as interest expense". Any debt issuance costs incurred before the associated funding is received should be reported on the balance sheet as deferred charges until the debt liability amount is recorded. The guidance in ASU 2015-03 is effective for fiscal years and interim periods within those fiscal years beginning after December 15, 2015. Early adoption is allowed for financial statements that have not been previously issued with the new guidance to be applied retrospectively to all prior periods. Management is currently assessing whether the implementation of ASU 2015-03 will have any material effect on the company's consolidated financial statements.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The financial statements and supplemental data required pursuant to this Item 8 are included in this Annual Report, as a separate section, commencing on page F-1 and are incorporated herein by reference.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

N/A

ITEM 9A. CONTROLS AND PROCEDURES

(a) *Evaluation of Disclosure Controls and Procedures*

As of the end of the period covered by this Annual Report, we conducted an evaluation as required by Rule 13a-15(b) and Rule 15d-15(b) of the Exchange Act, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer of our disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) of the Exchange Act). Based upon this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective.

In designing and evaluating our disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily is required to apply its judgment in evaluating the relationship between the benefit of desired controls and procedures and the cost of implementing new controls and procedures.

(b) Management's Annual Report on Internal Control over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. This rule defines internal control over financial reporting as a process designed by, or under the supervision of Company management to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. GAAP. Management has assessed the effectiveness of our internal control over financial reporting using the components established in the *Internal Control-Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

A system of internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A material weakness is any deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our company's annual or interim financial statements will not be prevented or detected on a timely basis.

Based upon this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our internal control over financial reporting was effective as of the period covered by this Annual Report.

(c) Changes in Internal Controls

In our Annual Report for Fiscal 2014 we concluded that our internal control over financial reporting was not effective. During Management's evaluation of our disclosure controls and procedures for Fiscal 2014, we identified a material weakness to our secondary controls over accounts payable. Management has remediated the material weakness with specific procedures that require reconciling an independently prepared monthly invoice log to the invoices recorded or accrued in accounts payable and cross referencing these logs to the detailed shipped container log to identify any discrepancies and to ensure that all invoices related to received and in-transit goods are timely recorded. All discrepancies found are immediately researched, resolved and properly recorded prior to period closings. There is a checklist of items to be identified during the reconciliation process with reconciliations initialed by both the preparer and reviewer of the reconciliation and recording processes.

There were no other changes in the Company's internal controls over financial reporting during the quarter ended March 31, 2015, that materially affected, or were reasonably likely to materially affect, the Company's internal control over financial reporting.

This Annual Report does not include an attestation report of the Company's independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's independent registered public accounting firm pursuant to rules of the SEC that permit the Company to provide only management's report in this Annual Report.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The following table sets forth certain information with respect to our executive officers, directors and significant employees as of June 30, 2014.

Directors and Executive Officers

For Fiscal Year Ended March 31, 2015

Name	Age	Position
Gary Atkinson	33	CEO
Bernardo Melo	38	VP Global Sales and Marketing
Lionel Marquis	62	CFO
Carol Lau	66	Chairwoman (Resigned February 15, 2015)
Phillip Lau	67	Chairman (Appointed February 15, 2015)
Harvey Judkowitz	70	Director
Bernard Appel	83	Director
Stewart Merkin	72	Director
Peter Hon	74	Director
Yat Tung Lau	36	Director

Directors are elected or appointed to serve until the next annual meeting and until their successors are elected and qualified. Officers are appointed to serve for one year until the meeting of the Board of Directors following the annual meeting of stockholders and until their successors have been elected and qualified. Any officer elected or appointed by the Board or appointed by an executive officer or by a committee may be removed by the Board either with or without cause, and in the case of an officer appointed by an executive officer or by a committee, by the officer or committee that appointed him or by the president.

The following information sets forth the backgrounds and business experience of our directors and executive officers and has been provided to us by each respective individual:

Gary Atkinson joined the Company in January 2008 and served as General Counsel and Corporate Secretary. In November 2009, Mr. Atkinson was appointed as Interim Chief Executive Officer and was promoted as the Company's permanent Chief Executive Officer in May, 2012. Since taking over as Chief Executive Officer, Gary has led the Company to four consecutive years of profitability and double-digit growth in sales. Mr. Atkinson is a licensed attorney in the State of Florida and Georgia. He graduated from the University of Rochester with a Bachelors Degree in Economics and has been awarded a dual-degree J.D./M.B.A. from Case Western Reserve University School of Law and Weatherhead School of Management.

Bernardo Melo has been with the Company since February 2003 and has served as the Vice President of Global Sales and Marketing ("VP of Sales") since 2008. During his tenure at the Singing Machine, Mr. Melo has overseen the sales and operations of the music division as well as managed the customer service department. Before taking over the responsibility of VP of Sales, Mr. Melo held dual roles with the Company managing the operations, licensing and sales of the music division while concentrating on hardware sales for the Latin America and Canada market as well as key U.S. accounts such as Toys R' Us. Prior to joining the Company, Mr. Melo held a consulting role for Rewards Network formerly Idine. Mr. Melo's assignment during his tenure was improving their operational procedures while increasing efficiencies and lowering operating cost. Mr. Melo also worked at Coverall North America as Director of Sales managing a startup initiative for the company covering 15 regional office and 40 sales reps across North America focusing on franchise sales. Overall Mr. Melo has over 11 years of sales, marketing and management experience.

Lionel Marquis joined the Company in June 2008 as Controller and Principal Accounting Officer and was appointed as the Company's Chief Financial Officer in May, 2012. For the past 20 years Mr. Marquis has served as Controller and or Chief Financial Officer for several manufacturing and distribution companies in the South Florida area. Some of these companies include Computer Products, Inc (Artesyn Technologies Inc), U S Plastic Lumber Corporation, Casi-Rusco, (division of Interlogix Inc.), DHF Industries, Inc and Ingear Fashions, Inc. Mr. Marquis graduated from Bryant College with a Bachelors Degree in Business Administration with a major in accounting. Mr. Marquis is a Certified Public Accountant in the state of Florida.

Carol Lau joined the Company's board of directors on January 12, 2007 and served as the Company's interim chief financial officer from May 23, 2008 through April 30, 2012. Ms. Lau has been with the Starlight Group since 1987 and was appointed to the position of President of Starlight Randix Corporation, a wholly owned subsidiary of the Starlight Group in 1993. In 2001, she became the Chief Financial Officer of Cosmo Communications Corporation. Currently Ms. Lau serves as Chairwoman of the Company's Board of Directors. Prior to joining the Starlight Group, from 1978 to 1987 Ms. Lau held positions in auditing and financial management with the Australian Government. Ms. Lau was a Certified Public Accountant (CPA) in Australia and is a licensed CPA in Massachusetts. She holds a Bachelor of Business degree from the Curtin University in Australia and a Graduate Diploma in Computer Science from the Canberra University in Australia. Ms. Lau joined the Company's board on January 12, 2007. On February 15, 2015 Ms. Lau resigned her position from the Company's board of directors due to retirement.

Phillip Lau joined the Company's board of directors on February 15, 2015 and was appointed as Chairman of the Company's Board of Directors filling the vacancy from the resignation of Ms. Carol Lau due to retirement. Mr. Lau served as Chairman and Managing Director of the Starlight Group of companies since September of 1989. Mr. Lau has over 44 years of management experience in the consumer electronics industry and is a director in a number of Starlight group companies.

Harvey Judkowitz has served as a director of the Company since March 29, 2004 and is the chairman of the Audit Committee. He is licensed as a CPA in New York and Florida. From 1988 to the present date, Mr. Judkowitz has conducted his own CPA practices. He has served as the Chairman and CEO of UniPro Financial Services, a diversified financial services company up until the company was sold in September of 2005. He was formerly the President and Chief Operating Officer of Photovoltaic Solar Cells, Inc.

Bernard Appel has served as a director of the Company since October 31, 2003. He spent 34 years at Radio Shack, beginning in 1959. At Radio Shack, he held several key merchandising and marketing positions and was promoted to the positions of President in 1984 and to Chairman of Radio Shack and Senior Vice President of Tandy Corporation in 1992. Since 1993 through the present date, Mr. Appel has operated the private consulting firm of Appel Associates, providing companies with merchandising, marketing and distribution strategies, creative line development and domestic and international procurement.

Stewart Merkin has served as a director of the Company since December 1, 2004. Mr. Merkin, founding partner of the Law Office of Stewart A. Merkin, has been practicing law in Miami, Florida since 1974. His core legal practice areas include corporate and securities law, as well as mergers and acquisitions and international transactions. He was awarded both J.D. and M.B.A. degrees from Cornell University, as well as a B.S. from The Wharton School, University of Pennsylvania. He was admitted to the Florida Bar in 1972.

Peter Hon has served as a director of the Company since January 12, 2007. Mr. Hon has been a non-executive of the Starlight Group since 1998. Mr. Hon passed the College of Law qualifying examination in 1969 in the United

Kingdom and began practicing law in Hong Kong in that year after being admitted to the High Court of Hong Kong. He has been the principal of Hon and Co, a law firm in Hong Kong for the past 37 years.

Yat Tung Lau has served as director of the Company since January 12, 2007. Mr. Lau joined the Starlight Group in 2003 as assistant to the Chairman of the Board of Starlight International and is now head of corporate relations. He is also responsible for local sales in China and heads the computer information system department for the Starlight Group. From 2002 to 2003, he held a marketing executive position in Storage Technology Corporation. Mr. Lau recently received an MBA from the University of Minnesota and also holds a Bachelor of Arts degree in business marketing from Indiana University.

BOARD COMMITTEES

We have an audit committee, a compensation committee and a nominating committee.

The audit committee consists of Messrs. Judkowitz (Chairman), Appel and Merkin. The Board has determined that Mr. Judkowitz qualifies as an "audit committee financial expert," as defined under Item 407 of Regulation S-K of the Exchange Act. The Board has determined that each of Messrs. Judkowitz, Merkin and Appel are "independent directors" within the meaning of the listing standards of the major stock exchanges. The audit committee recommends the engagement of independent auditors to the board, initiates and oversees investigations into matters relating to audit functions, reviews the plans and results of audits with our independent auditors, reviews our internal accounting controls, and approves services to be performed by our independent auditors.

The compensation committee consists of Messrs. Judkowitz and Merkin. The compensation committee considers and authorizes remuneration arrangements for senior management and grants options under, and administers our employee stock option plan.

The nominating committee consists of Messrs. Appel (Chairman), Merkin and Yat Tung Lau. The nominating committee is responsible for reviewing the qualifications of potential nominees for election to the Board of Directors and recommending the nominees to the Board of Directors for such election.

Nomination of Directors

As provided in our nominating committee charter and our Company's corporate governance principles, the Nominating Committee is responsible for identifying individuals qualified to become directors. The Nominating Committee seeks to identify director candidates based on input provided by a number of sources, including (1) the Nominating

Committee members, (2) our other directors, (3) our shareholders, (4) our Chief Executive Officer or Chairman, and (5) third parties such as professional search firms. In evaluating potential candidates for director, the Nominating Committee considers the entirety of each candidate's credentials.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board of Directors. However, at a minimum, candidates for director must possess:

- high personal and professional ethics and integrity;
- the ability to exercise sound judgment;
- the ability to make independent analytical inquiries;
- a willingness and ability to devote adequate time and resources to diligently perform Board and committee duties; and
- the appropriate and relevant business experience and acumen.

In addition to these minimum qualifications, the Nominating Committee also takes into account when considering whether to nominate a potential director candidate the following factors:

- whether the person possesses specific industry expertise and familiarity with general issues affecting our business;
- whether the person's nomination and election would enable the Board to have a member that qualifies as an "audit committee financial expert" as such term is defined by the Securities and Exchange Commission (the "SEC") in Item 401 of Regulation S-K;
- whether the person would qualify as an "independent" director under the listing standards of the AMEX;
- the importance of continuity of the existing composition of the Board of Directors to provide long term stability and experienced oversight; and
- the importance of diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

There have been no material changes to the procedures by which stockholders may recommend nominees to the Company's board of directors as set forth in the Company's Proxy Statement on Schedule 14A filed with the SEC on

January 16, 2014.

FAMILY RELATIONSHIPS

There are no family relationships among any of our officers or other directors, except for Chairwoman Carol Lau (resigned February 15, 2015) who is the aunt of Director Yat Tung Lau and the mother of Gary Atkinson, the Company's CEO and General Counsel and also Chairman Phillip Lau (appointed February 15, 2015) who is the father of Director Yat Tung Lau and the uncle of Gary Atkinson, the Company's CEO and General Counsel

CODE OF ETHICS

We have adopted a Code of Business Conduct and Ethics, which is applicable to all directors, officers and employees of the Singing Machine, including our principal executive officer, our principal financial officer, and our principal accounting officer or controller or other persons performing similar functions. A copy of the Code of Ethics is posted on the Company's website at www.singingmachine.com. We intend to post amendments to or waivers from our Code of Ethics (to the extent applicable to our chief executive officer, principal financial officer, principal accounting officer or controller or other persons performing similar functions) on our website.

COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT

Section 16(a) of the Exchange Act requires our officers, directors, and persons who own more than ten percent of a registered class of our equity securities to file reports of securities ownership and changes in such ownership with the SEC. Officers, directors, and greater-than-ten-percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms that they file.

Based solely upon a review of Forms 3, Forms 4, and Forms 5 furnished to us pursuant to Rule 16a-3 under the Exchange Act, we believe that all such forms required to be filed pursuant to Section 16(a) of the Exchange Act during the year ended March 31, 2015 were timely filed, as necessary, by the officers, directors, and security holders required to file such forms except for the following:

Mr. Harvey Judkowitz filed a Form 5 in lieu of filing a timely Form 4 with respect to two transactions;

Mr. Bernard Appel filed a Form 5 in lieu of filing a timely Form 4 with respect to two transactions;

Mr. Stewart Merkin filed a Form 5 in lieu of filing a timely Form 4 with respect to two transactions;

ITEM 11. EXECUTIVE COMPENSATION

The following table provides certain summary information concerning compensation awarded to, earned by or paid to our Chief Executive Officer and other named executive officers of our Company (collectively, the “named executive officers”) for Fiscal 2015 and 2014.

SUMMARY COMPENSATION TABLE

Name and Principal Position	Year	Salary	Bonus	Stock Awards	Option Awards	Non-Equity Incentive Comp	Non-Qualified Deferred Plan Compens Earnings	Other Comp	TOTAL COMP
Gary Atkinson									
<i>Chief Executive Officer</i>	2015	\$108,000.00	\$-	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 108,000
	2014	\$95,000.00	\$5,414	\$ -	\$ 31,234	\$ -	\$ -	\$ -	\$ 131,648
Lionel Marquis									
<i>Chief Financial Officer</i>	2015	\$107,000.00	\$14,661	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 121,661
	2014	\$107,000.00	\$2,761	\$ -	\$ 20,823	\$ -	\$ -	\$ -	\$ 130,584
Bernardo Melo									
<i>VP Global Sales & Marketing</i>	2015	\$150,585.00	\$64,082	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 214,667
	2014	\$140,000.00	\$40,789	\$ -	\$ 52,057	\$ -	\$ -	\$ -	\$ 232,846

Narrative Disclosure to Summary Compensation Table

Mr. Atkinson does not have an employment contract with the Company and had an annual salary of \$108,000 and \$95,000 for fiscal years ended March 31, 2015 and 2014, respectively. Effective May 15, 2015, Mr. Atkinson’s base salary was increased to \$120,000 per year.

Mr. Marquis does not have an employment contract with the Company and had an annual salary of \$107,000 for fiscal years ended March 31, 2015 and 2014.

Mr. Melo does not have an employment contract with the Company and had an annual salary of \$140,000 for the fiscal year ended March 31, 2014. On August 1, 2014 Mr. Melo’s base salary was increased to \$157,200 per year.

As of June 29, 2015, the Company did not have any employment contracts with any of its employees. However on January 3, 2014, the Company entered into agreements with the three executive officers named above that if an executive's employment is terminated by the executive or the Company following a change in control, the executive will be entitled to the following within 10 days of termination:

- All accrued and unpaid compensation due to the executive as of the date of termination.
- A lump sum payment equal to one year's executive base salary if the executive terminates employment.
- A lump sum of one and a half year's executive base salary and targeted annual bonus if the Company terminates employment.
- All outstanding stock options shall be fully vested and exercisable for the remainder of their full term.
- All outstanding equity-based compensation awards (other than stock options) shall become fully vested with any restrictions removed.

OPTION GRANTS IN FISCAL 2015

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END

The following table sets forth information with respect to outstanding grants of options to purchase our common stock under our Year 2001 Stock Option Plan as well as other stock option awards issued with Board of Directors approval to the named executive officers as of the fiscal year ended March 31 2015:

Name and Principal Position	Equity Incentive Plan Awards:				Option Exercise Price (\$)	Option Expiration Date	Number of Shares or Units of Stock That Have Not Vested (#)	Market Value of Shares or Units of Stock That Have Not Vested (\$)	Equity Incentive Plan Awards: Number of Unearned Shares, Units or Other Rights That Have Not Vested (#)

Refer to Note 1 “Stock Based Compensation” in the Notes to the Consolidated Financial Statements included elsewhere in this Annual Report for the relevant assumptions used to determine the valuation of our option awards.

(1) As of March 31, 2015 the aggregate number of stock awards held by Messrs. Appel, Merkin, and Judkowitz is 206,821, 204,074, and 216,421, respectively. The aggregate stock awards held by Messrs. Hon, Yat Tung Lau and Ms. Lau are 74,311.

(2) As of March 31, 2015 the aggregate number of Company stock options held by Messrs. Appel, Judkowitz and Merkin is 200,000. and Messrs. Hon, Yat Tung Lau, and Ms. Lau each hold 40,000 options.

During Fiscal 2015, our compensation package for our non-employee directors consisted of grants of stock options, cash payments, stock issuances and reimbursement of costs and expenses associated with attending our board meetings. Our six non-employee directors during Fiscal 2015 were Messrs. Appel, Judkowitz, Hon, Yat Tung Lau and Merkin and Ms. Carol Lau.

During Fiscal 2015, we have utilized the following compensation policy for our directors:

An initial grant of 20,000 Singing Machine stock options with an exercise price determined as the closing price on the day of joining the board. The options will vest in one year and expire in ten years while they are board members or 90 days once they are no longer board members.

An annual cash payment of \$7,500 will be made for each completed full year of service or prorated for a partial year. The payment will be made as of March 31.

An annual stock grant of stock equivalent in value to \$2,500 for each completed full year of service or prorated for a partial year. The stock price at grant will be determined at the closing price on the day of the Annual Stockholder Meeting. The actual grant will be made on or before March 31.

An annual grant of 20,000 Singing Machine stock options with an exercise price determined as the closing price on the day of the Annual Stockholder Meeting. If the Annual Meeting is held less than 6 months after the board member first joined the board he or she will not receive another option grant.

Independent board members will receive a \$500 fee for each board meeting and annual meeting they attend. Committee meetings and telephone board meetings will be compensated with a \$250 fee.

All expenses will be reimbursed for attending board, committee and annual meetings or when their presence at a location away from home is requested.

Directors Peter Hon, Yat Tung Lau and Carol Lau have volunteered to temporarily forfeit all compensation until financial conditions at the Company improve.

YEAR 2001 PLAN

On June 1, 2001, our Board of Directors approved the Year 2001 Plan and it was approved by our shareholders at our special meeting held September 6, 2001. The Year 2001 Plan was developed to provide a means whereby directors and selected employees, officers, consultants, and advisors of the Company may be granted incentive or non-qualified stock options to purchase common stock of the Company. The Year 2001 Plan authorized an aggregate of 1,950,000 shares of the Company's common stock with a maximum of 450,000 shares to any one individual in any one fiscal year. The shares of common stock available under the Year 2001 Plan were subject to adjustment for any stock split, declaration of a stock dividend or similar event. At March 31, 2015, we had granted 1,136,000 options under the Year 2001 Plan, 1,136,000 of which were fully vested. As of this date the Year 2001 Plan has expired and no further options can be issued thereunder.

Options granted under the Year 2001 Plan are not transferable except by will or applicable laws of descent and distribution. Except as expressly determined by the Compensation Committee, no option under the Year 2001 Plan is exercisable after thirty (30) days following an individual's termination of employment with the Company or a subsidiary, unless such termination of employment occurs by reason of such individual's disability, retirement or death. The obligations of the Company under the Year 2001 Plan are binding on (1) any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company or (2) any successor corporation or organization succeeding to all or substantially all of the assets and business of the Company. In the event of any of the foregoing, the Compensation Committee may, at its discretion, prior to the consummation of the

transaction, offer to purchase, cancel, exchange, adjust or modify any outstanding options, as such time and in such manner as the Compensation Committee deems appropriate.

401(K) PLAN

Effective January 1, 2001, we adopted a voluntary 401(k) plan. All employees with at least one year of service are eligible to participate in our 401(k) plan. We make a matching contribution of 100% of salary deferral contributions up to 3% of pay, plus 50% of salary deferral contributions from 3% to 5% of pay for each payroll period. The amounts charged to earnings for contributions to this plan and administrative costs during the years ended March 31, 2015, 2014 and 2013 totaled \$36,802, \$27,869 and \$30,589 respectively.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth as of June 29, 2015 (the “record date”), certain information concerning beneficial ownership of our common stock by:

all directors of the Singing Machine,
all named executive officers of the Singing Machine; and
persons known to own more than 5% of our common stock.

Security ownership is based on 38,117,517 shares of our common stock issued and outstanding. In computing the number and percentage of shares beneficially owned by a person, shares of common stock subject to convertible securities and options currently convertible or exercisable, or convertible or exercisable within 60 days of June 29, 2015 are counted as outstanding, but these shares are not counted as outstanding for computing the percentage ownership of any other person.

As used herein, the term beneficial ownership with respect to a security is defined by Rule 13d-3 under the Securities Exchange Act of 1934 as consisting of sole or shared voting power (including the power to vote or direct the vote) and/or sole or shared investment power (including the power to dispose or direct the disposition of) with respect to the security through any contract, arrangement, understanding, relationship or otherwise, including a right to acquire such power(s) during the next 60 days. Unless otherwise noted below, and subject to applicable property laws, to our knowledge each person has sole investment and sole voting power over the shares shown as beneficially owned by them. Unless otherwise noted, the principal address of each of the directors and officers listed below is c/o The Singing Machine Company, Inc., 6301 NW 5th Way, Suite 2900, Fort Lauderdale, FL 33309.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Approximately 20% of our karaoke products in Fiscal 2015 were produced by factories owned by the Shihua Group and we anticipate that approximately 20% of our karaoke products will be manufactured by the Starlight R&D Ltd. in Fiscal 2016. Starlight R&D Ltd. has verbally agreed to manufacture our karaoke products without requiring prepayment from us and will instead assume the cost of manufacturing the products until such time as we are paid by the customers who are purchasing those products from us.

During Fiscal 2015 and 2014 the Company sold approximately \$285,000 and \$1,861,000, respectively to Star Light Electronics Company, Ltd. (“SLE”), a related company, for direct shipments to Cosmo Communications of Canada, Ltd (“Cosmo”), another related company, at discounted pricing granted to major distributors. These goods were sold at a discounted price, similar to prices granted to major direct import customers shipped internationally with freight prepaid. The average gross profit margin on sales to SLE for Fiscal 2015 and 2014 was 16.5% and 14.8%, respectively. These amounts were included as a component of net sales in the accompanying consolidated statements of income.

During Fiscal 2015 and 2014 the Company received approximately \$181,000 and \$0, respectively in licensing fees from SLE for sales of the Company’s products that were sold directly to Cosmo by SLE. These amounts were included as a component of net sales in the accompanying consolidated statements of income.

During Fiscal 2015 and 2014 we sold approximately \$1,249,000 and \$0, respectively of product to Winglight Pacific, Ltd. (“Winglight”) a related company, for direct shipment to Cosmo Communications of Canada, Ltd (“Cosmo”), another related company, at discounted pricing granted to major distributors. These goods were sold at a discounted price, similar to prices granted to major direct import customers shipped internationally with freight prepaid. The average gross profit margin on sales to SLE for Fiscal 2015 and 2014 was 16.2% and 0%, respectively. These amounts were included as a component of net sales in the accompanying consolidated statements of income.

During Fiscal 2015 and 2014 we sold approximately \$272,000 and \$1,318,000, respectively of product to Cosmo from our California warehouse facility. These goods were sold at a discounted price, similar to prices granted to major direct import customers shipped internationally with freight prepaid. The average gross profit margin on sales to Cosmo yielded 17.9% and 16.2%, respectively. These amounts were included as a component of net sales in the accompanying consolidated statements of income.

During Fiscal 2015 and 2014 we purchased products from Starlight Consumer Electronics USA, Inc, (“Starlight USA”) an indirect wholly-owned subsidiary of the Shihua Group of approximately \$1,640,000 and \$8,012,000, respectively.

These amounts were included as a component of cost of goods sold in the accompanying consolidated statements of income. The goods were sold to the Company at net 60 day terms with interest of 6% per annum assessed on amounts past due on Fiscal 2015 invoices. For Fiscal 2015 and 2014 the Company incurred approximately \$4,000 and \$0 of interest expense related to past due invoices. These amounts were included as a component of other expenses in the accompanying consolidated statements of income

In Fiscal 2015 and Fiscal 2014, the Company purchased products from Star Fair Electronics Co., Ltd., a related company, of approximately \$0 and \$873,000, respectively. These amounts were included as a component of cost of goods sold in the accompanying consolidated statements of income.

In Fiscal 2015 and Fiscal 2014, the Company purchased products of approximately \$4,626,000 and \$0, respectively, from Starlight R&D. These amounts were included as a component of cost of goods sold in the accompanying consolidated statements of income. In addition, the Company purchased services from Starlight R&D during Fiscal 2015 and 2014 of approximately \$49,000 and \$2,000, respectively. These amounts were included as a component of general and administrative expenses in the accompanying consolidated statements of income. The goods and services were sold to the Company at net 60 day terms with interest of 6% per annum assessed on amounts past due on Fiscal 2015 invoices. For Fiscal 2015 and 2014 the Company incurred approximately \$18,000 and \$0 of interest expense related to past due invoices.

During the fiscal years ended March 31, 2015 and 2014, we paid approximately \$144,000 and \$145,000 respectively to SLE as reimbursement for engineering and quality control services performed on our behalf in China. During the fiscal years ended March 31, 2015 and 2014, the Company received \$60,000 from Starlight USA as reimbursement for customer support services performed by the Company on behalf of Starlight USA. These expense reimbursements were included in general and administrative expenses on our consolidated statements of operations.

Effective April 1, 2014, SMC-L entered into a service and logistics agreement with Starlight Consumer Electronics (USA), Inc. ("Starlight USA"), an indirect wholly-owned subsidiary of Shihua), Cosmo and SLE to provide logistics, fulfillment, and warehousing services for Starlight USA, Cosmo, and SLE's domestic sales. For these services, Starlight USA, Cosmo and SLE have agreed to reimburse the Company for actual warehouse space occupied by these companies at \$8 per pallet and for logistics services performed based on an agreed to fee schedule specified in the agreement. For Fiscal 2015 and 2014 the Company received approximately \$141,000 and \$0 respectively. These amounts were included as a component of general and administrative expenses in the accompanying consolidated statements of income.

Effective April 1, 2013, SMC-L entered into a service and logistics agreement with Starlight USA, Cosmo and SLE, to provide logistics, fulfillment, and warehousing services for Starlight USA, Cosmo and SLE's domestic sales. For these services, Starlight USA, Cosmo and SLE have agreed to reimburse the Company for actual warehouse space occupied by these companies at \$0.50 per square foot and for logistics services performed based on an agreed to fee schedule specified in the agreement. The Company received approximately \$0 and \$330,000 in service fees from these affiliates during the twelve months ended March 31, 2015 and March 31, 2014, respectively. These amounts were included as a component of general and administrative expenses in the accompanying consolidated statements of

income.

30

Subsequent to our fiscal year ended March 31, 2015, SMC-L renewed a service and logistics agreement with Starlight USA, Cosmo and SLE, to provide logistics, fulfillment, and warehousing services for Starlight USA, Cosmo and SLE's domestic sales effective April 1, 2015. For these services, Starlight USA, Cosmo and SLE have agreed to reimburse the Company for actual warehouse space occupied by these companies at \$0.096 per cubic foot and for logistics services performed based on an agreed to fee schedule specified in the agreement. The Company estimates it will receive approximately \$100,000 in expense reimbursements during Fiscal FY2016 related to this agreement.

Review, Approval or Ratification of Transactions with Related Persons

We believe that the terms of all of the above transactions are commercially reasonable and no less favorable to us than we could have obtained from an unaffiliated third party on an arm's length basis. Our policy requires that all related parties recuse themselves from negotiating and voting on behalf of our company in connection with related party transactions. While we do not maintain a written policy with respect to related party transactions, our board of directors routinely reviews potential transactions with those parties we have identified as related parties prior to the consummation of the transaction. Each transaction is reviewed to determine that a related party transaction is entered into by us with the related party on an "arms-length" basis, or pursuant to normal competitive negotiation. We also generally require that all related parties recuse themselves from negotiating and voting on behalf of the Company in connection with related party transactions.

CORPORATE GOVERNANCE

Board Determination of Independence

The Board has determined that Messrs. Judkowitz, Merkin and Appel are "independent directors" within the meaning of the listing standards of major stock exchanges. The audit committee recommends the engagement of independent auditors to the board, initiates and oversees investigations into matters relating to audit functions, reviews the plans and results of audits with our independent auditors, reviews our internal accounting controls, and approves services to be performed by our independent auditors.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The following is a summary of the fees billed to the Singing Machine by our independent Certified Public Accountants for professional services rendered for Fiscal 2015 and Fiscal 2014:

Fee Category	Fiscal 2015	Fiscal 2014
Audit Fees	\$ 104,010	\$ 106,499
Tax Fees	16,121	28,242
All Other Fees	2,633	2,713
Total Fees	\$ 122,764	\$ 137,454

Audit Fees - Consists of fees billed for professional services rendered for the audit of the Singing Machine's consolidated financial statements and review of the interim consolidated financial statements included in quarterly reports and services that were provided by Mallah Furman, Certified Public Accountants in connection with statutory and regulatory filings or engagements

Tax Fees - Consists of fees billed for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal, state and international tax compliance, tax audit defense, customs and duties, mergers and acquisitions, and international tax planning.

All Other Fees - Consists of fees for products and services other than the services reported above.

Out of the total Fiscal 2015 and Fiscal 2014 audit and other fees, \$104,490 and \$107,059 were billed by Mallah Furman, Certified Public Accountants respectively.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT AUDITORS

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

PART IV

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of

The Singing Machine Company, Inc. and Subsidiaries

We have audited the accompanying consolidated balance sheets of The Singing Machine Company, Inc. and Subsidiaries (the “Company”) as of March 31, 2015 and 2014, and the related consolidated statements of income, shareholders’ equity (deficit), and cash flows for each of the years in the three-year period ended March 31, 2015. The Company’s management is responsible for these consolidated financial statements. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2015 and 2014, and the results of its operations and its cash flows for each of the years in the three-year period ended March 31, 2015, 2014 and 2013, in conformity with accounting principles generally accepted in the United States of America.

We have also audited Schedule II – Valuation and Qualifying Accounts of the Company for the years ended March 31, 2015, 2014 and 2013. In our opinion, this schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information therein.

THE SINGING MACHINE COMPANY, INC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - BASIS OF PRESENTATION

OVERVIEW

The Singing Machine Company, Inc., a Delaware corporation (the "Company," "SMC", "The Singing Machine"), and wholly-owned subsidiaries SMC (Comercial Offshore De Macau) Limitada ("Macau Subsidiary"), SMC Logistics, Inc. ("SMC-L") and SMC-Music, Inc. ("SMC-M"), are primarily engaged in the development, marketing, and sale of consumer karaoke audio equipment, accessories and musical recordings. The products are sold directly to distributors and retail customers.

During the fiscal year ended March 31, 2015, our parent company, Starlight International Holdings Limited, was renamed to Shihua Development Company Limited ("Shihua"), due to a corporate restructuring transaction. As a result of the transaction, Shihua now holds 100% of the common stock of koncepts International Limited ("koncepts"). Koncepts is a major stockholder of the Company, owning approximately 49% of our shares of common stock outstanding on a fully diluted basis as of March 31, 2015. Shihua is a company whose principal activities include designing, manufacturing and selling electronic products through its various subsidiaries. Shihua's products include television sets, consumer karaoke audio equipment and DVD products. We do business with a number of entities that are indirectly wholly-owned or majority owned subsidiaries of Shihua, including Starlight R&D Ltd ("Starlight R&D"), Starlight Consumer Electronics USA, Inc., ("SCE"), Cosmo Communications Corporation of Canada, Inc. ("Cosmo") and Star Light Electronics Company Ltd (Starlite), among others (Shihua and its subsidiaries collectively referred to herein as the "Shihua Group" or "Shihua"). The Company is also partly held by Treasure Green Holdings Ltd. ("Treasure Green"), a wholly owned subsidiary of Shihua, owning approximately 3% of our common stock. In total, the Shihua Group owns approximately 52% of the Company's shares of common stock. In July 2014, under a restructuring arrangement, Star Light Electronics Company Ltd was separated from the Shihua Group and is partly and indirectly held by our Chairman, Philip Lau. In March 2015, Starlight R&D was also separated from the Shihua Group and is controlled by our Chairman, Phillip Lau. It is expected that our company will continue to do business with these separated entities as suppliers of our products.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements include the accounts of the Company, its Macau Subsidiary, SMC-L, and SMC-M. All inter-company accounts and transactions have been eliminated in consolidation for all periods presented.

USE OF ESTIMATES

The Singing Machine makes estimates and assumptions in the ordinary course of business relating to sales returns and allowances, warranty reserves, inventory reserves and reserves for promotional incentives that affect the reported amounts of assets and liabilities and of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Future events and their effects cannot be determined with absolute certainty; therefore, the determination of estimates requires the exercise of judgment. Historically, past changes to these estimates have not had a material impact on the Company's financial condition. However, circumstances could change which may alter future expectations.

COLLECTIBILITY OF ACCOUNTS RECEIVABLE

The Singing Machine's allowance for doubtful accounts is based on management's estimates of the creditworthiness of its customers, current economic conditions and historical information, and, in the opinion of management, is believed to be in an amount sufficient to respond to normal business conditions. Management sets 100% reserves for customers in bankruptcy and other allowances based upon historical collection experience. Should business conditions deteriorate or any major customer default on its obligations to the Company, this allowance may need to be significantly increased, which would have a negative impact on operations.

FOREIGN CURRENCY TRANSLATION

The functional currency of the Macau Subsidiary is the Hong Kong dollar. The financial statements of the subsidiaries are translated to U.S. dollars using year-end rates of exchange for assets and liabilities, and average rates of exchange for the year for revenues, costs, and expenses. Net gains and losses resulting from foreign exchange transactions and translations were not material during the periods presented.

Concentration of Credit Risk

At times, the Company maintains cash in United States bank accounts that are in excess of the Federal Deposit Insurance Corporation ("FDIC") insured amounts of up to \$250,000. As of March 31, 2015 and March 31, 2014, the Company had cash deposits of \$0 and \$964,282 respectively that exceeded the FDIC insurance limit. The Company maintains cash balances in foreign financial institutions. The insured amounts at foreign financial institutions at March 31, 2015 and March 31, 2014 are \$23,794 and \$277,859, respectively.

INVENTORY

Inventories are comprised primarily of electronic karaoke equipment, microphones and accessories, and are stated at the lower of cost or market, as determined using the first in, first out method. The Singing Machine reduces inventory on hand to its net realizable value on an item-by-item basis when it is apparent that the expected realizable value of an inventory item falls below its original cost. A charge to cost of sales results when the estimated net realizable value of specific inventory items declines below cost. Management regularly reviews the Company's investment in inventories for such declines in value.

COMPUTATION OF EARNINGS PER SHARE

In accordance with FASB ASC 210, "Earnings per Share", basic net (loss) earnings per share are computed by dividing the net earnings (loss) for the year by the weighted average number of common shares outstanding. Diluted earnings per share is computed by dividing net earnings (loss) for the year by the weighted average number of common shares outstanding including the effect of common stock equivalents.

For the fiscal year ended March 31, 2015 there were common stock equivalents to purchase 1,836,000 shares of common stock of which 880,000 were included in the computation of diluted earnings per share. For the fiscal year ended March 31, 2014 there were common stock equivalents to purchase 1,256,000 shares of common stock of which 820,000 were included in the computation of diluted earnings per share. For the fiscal year ended March 31, 2013 there were common stock equivalents to purchase 1,251,380 shares of common stock of which 820,000 were included in the computation of diluted earnings per share.

REVENUE RECOGNITION

Revenue from the sale of equipment, accessories, musical recordings and subscriptions and third –party logistics services are recognized upon the later of: (a) the time of shipment or (b) when title passes to the customers and all significant contractual obligations and services have been satisfied and collection of the resulting receivable is reasonably assured. Net sales are comprised of gross sales net of actual and estimated future returns, discounts and volume rebates. The total returns represent 8.1%, 8.0%, and 8.8% of the gross sales for the twelve months ended March 31, 2015, 2014, and 2013, respectively.

STOCK BASED COMPENSATION

The Company follows the provisions of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 718-20, “Compensation – Stock Compensation Awards Classified as Equity”. ASC 718-20 requires all share-based payments to employees including grants of employee stock options, be measured at fair value and expensed in the consolidated statement of income over the service period (generally the vesting period). The Company uses the Black-Scholes option valuation model to value stock options. Employee stock option compensation expense in fiscal years 2015, 2014 and 2013 includes the estimated fair value of options granted, amortized on a straight-line

basis over the requisite service period for the entire portion of the award. For the years ended March 31, 2015, 2014 and 2013, the stock option expense was \$38,808, \$99,851 and \$7,277, respectively.

The fair value of each option grant was estimated on the date of the grant using the Black-Scholes option-pricing model with the assumptions outlined below. The expected volatility is based upon historical volatility of our stock and other contributing factors. The expected term is based upon observation of actual time elapsed between date of grant and exercise of options for all employees. Previously such assumptions were determined based on historical data.

For the year ended March 31, 2015: expected dividend yield 0%, risk-free interest rate of 0.26% , volatility 142.9% and expected term of three years.

For the year ended March 31, 2014: expected dividend yield 0%, risk-free interest rate of 0.13% to 0.15%, volatility 201.1% to 304.1% and expected term of three years.

For the year ended March 31, 2013: expected dividend yield 0%, risk-free interest rate of 0.14%, volatility 304.7% and expected term of one year.

ADVERTISING

Costs incurred for producing and publishing advertising of the Company are charged to operations the first time the advertising takes place. The Company has entered into cooperative advertising agreements with its major customers that specifically indicated that the customer has to spend the cooperative advertising fund upon the occurrence of mutually agreed events. The percentage of the cooperative advertising allowance ranges from 2% to 9% of the purchase. The customers have to advertise the Company's products in the customer's catalog, local newspaper and other advertising media. The customer must submit the proof of the performance (such as a copy of the advertising showing the Company's products) to the Company to request for the allowance. The customer does not have the ability to spend the allowance at their discretion. The Company believes that the identifiable benefit from the cooperative advertising program and the fair value of the advertising benefit is equal or greater than the cooperative advertising expense. Advertising expense for the years ended March 31, 2015, 2014 and 2013 was \$1,599,629, \$1,120,711 and \$1,688,692 respectively.

RESEARCH AND DEVELOPMENT COSTS

All research and development costs are charged to results of operations as incurred. These expenses are shown as a component of selling, general and administrative expenses in the consolidated statements of income. For the years ended March 31, 2015, 2014 and 2013, these amounts totaled \$114,525, \$200,551 and \$70,870, respectively.

FAIR VALUE OF FINANCIAL INSTRUMENTS

We have adopted FASB ASC 825, Financial Instruments, which requires disclosures of information about the fair value of certain financial instruments for which it is practicable to estimate that value. For purposes of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation.

The carrying amounts of the Company's short-term financial instruments, including accounts receivable, accounts payable, obligations to clients for returns and allowances, warranty provision, accrued expenses and net due to related parties approximates fair value due to the relatively short period to maturity for these instruments.

INCOME TAXES

The Company follows the provisions of FASB ASC 740 "Accounting for Income Taxes." Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributed to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax base. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under ASC 740, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. If it is more likely than not that some portion of a deferred tax asset will not be realized, a valuation allowance is recognized. Prior to the fiscal year ended March 31, 2014, the Company recognized a valuation allowance against the entire amount of the deferred tax asset.

The Company recognized a provision for income taxes of approximately \$0.1 million for the fiscal year ended March 31, 2015 compared to an income tax benefit of approximately \$0.8 million for the fiscal year ended March 31, 2014. As of the fiscal year ended March 31, 2015 there was a reduction in the gross deferred tax assets of approximately \$91,000 due to the expiration of a California net operating loss carry-forward which was charged against the valuation reserve. For the fiscal year ended March 31, 2014, the Company reversed a portion of the valuation allowance as the Company determined that it is more likely than not that the amount deferred tax assets that were reversed would be realized. As of March 31, 2015 and March 31, 2014, The Singing Machine had net deferred tax assets before valuation allowances of approximately \$3.0 million and \$3.2 million, respectively, against which the Company recorded valuation allowance totaling approximately \$0.7 million and \$0.8 million, respectively

The Company also follows the provisions in FASB ASC 740, Accounting for Uncertainty in Income Taxes. ASC 740 defines a recognition threshold and measurement attribute for financial statement recognition and measurements of tax positions taken or expected to be taken in a tax return. As of March 31, 2015 this position did not result in any adjustment to the Company's provision for income taxes. Additionally, in accordance with FASB ASC 710, the Company's policy is to recognize interest or penalties related to income tax matters in the provision for income taxes. The Company currently has no liabilities recorded for accrued interest or penalties related to uncertain tax positions.

As of March 31, 2015, the Company is subject to U.S. Federal income tax examinations for the tax years ended March 31, 2012 through March 31, 2015.

LONG-LIVED ASSETS

The Company reviews long-lived assets for impairment whenever circumstances and situations change such that there is an indication that the carrying amounts may not be recoverable. If the undiscounted future cash flows attributable to the related assets are less than the carrying amount, the carrying amounts are reduced to fair value and an impairment loss is recognized in accordance with FASB ASC 360-10-05, "Accounting for the Impairment or Disposal of Long-Lived Assets."

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost, less accumulated depreciation and amortization. Expenditures for repairs and maintenance are charged to expense as incurred. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to their estimated useful lives using accelerated and straight-line methods.

CASH

The Company had cash balances at March 31, 2015 of \$116,286 with no restrictions. The Company had cash balances at March 31, 2014 of \$1,492,141 of which the Company was required to fund a restricted certificate of deposit in the amount of \$138,042 as collateral for the standby letter of credit in the amount of \$131,068 to satisfy terms of a security deposit requirement of our California warehouse lease agreement. The collateral and certificate of deposit were no longer required when the Company issued a replacement standby letter of credit in October 2014 from our revolving credit facility agreement with PNC Bank.

SHIPPING AND HANDLING COSTS

Shipping and handling costs are classified as a component of selling expenses and those billed to customers are recorded as a reduction of expense in the consolidated statements of income.

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2014-09 which outlines a single comprehensive model for companies to use when accounting for revenue arising from contracts with customers. The core principle of the revenue recognition model is that an entity recognizes revenue to depict the transfer of goods and services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In order to achieve this core principle a company must apply the following steps in determining revenue recognition:

F-9

- Identify the contract(s) with a customer
- Identify the performance obligations in the contract.
- Determine the transaction price.
- Allocate the transaction price to the performance obligations in the contract.
- Recognize revenue when (or as) the entity satisfies a performance obligation.

The amendments in this ASU are effective for annual reporting periods beginning after December 15, 2016 including interim periods within that reporting period with early application not allowed. Management is currently assessing whether the implementation of ASU 2014-09 will have any material effect on the company's consolidated financial statements.

In June 2014, the FASB issued ASU 2014-12, *Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period*. The ASU clarifies that entities should treat performance targets that can be met after the requisite service period of a share-based payment award as performance conditions that affect vesting. An entity would not record compensation expense (measured as of the grant date without taking into account the effect of the performance target) related to an award for which transfer to the employee is contingent on the entity's satisfaction of a performance target until it becomes probable that the performance target will be met. The ASU is effective for all entities for reporting periods beginning after December 15, 2015. The implementation of ASU 2014-12 is not expected to have any material effect on the company's consolidated financial statements.

In August 2014, the FASB issued ASU 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*. The ASU requires that at every interim and annual period, management determine whether conditions or events exist which raise substantial doubt about an entity's ability to continue as a going concern within one year after the date the financial statements are issued. If management's initial consideration of the relevant conditions and events indicates that it is probable the entity will not be able to meet its obligations as they become due within the assessment period, then management must evaluate whether it is probable that plans to mitigate these factors will alleviate that substantial doubt. The mitigating effect is considered only if it is probable that the plan will be effectively implemented and probable that the plans will mitigate the conditions or events that raised the substantial doubt. If management's plans will alleviate the substantial doubt, an entity must disclose in the notes to the financial statements the conditions or events that raised substantial doubt and management's plans that alleviated those concerns. If management's plans will not alleviate the substantial doubt, an entity must disclose in the notes to the financial statements the same conditions and events along with management's plans that did not alleviate the substantial doubt, in addition to a statement that indicates there is substantial doubt about the entity's ability to continue as a going concern. ASU 2014-15 is effective for annual periods ending after December 15, 2016 and for interim periods within annual periods beginning after December 15, 2016. Management is currently assessing whether the implementation of ASU 2014-15 will have any material effect on the company's consolidated financial statement disclosures.

In January 2015, the FASB issued ASU 2015-01, *Simplifying Income Statement Presentation by Eliminating the Concept of Extraordinary Items*. To be considered an extraordinary item under existing Generally Accepted

Accounting Principles, an event or transaction that is identified as both unusual in nature and occurs infrequently must be segregated as an extraordinary item from results or ordinary operations, separately presented as an extraordinary item on an entity's income statement, net of tax, after income from continuing operations and an entity must disclose income taxes and earnings per share data applicable to the extraordinary item. While the ASU eliminates the requirement to segregate and separately report an event that is identified as an extraordinary item it does not affect the reporting and disclosure requirements for an extraordinary item. ASU 2015-01 is effective for periods beginning after December 15, 2015 and interim periods within those annual periods. The implementation of ASU 2015-01 is not expected to have any material effect on the company's consolidated financial statement disclosures.

In April 2015, the FASB issued ASU 2015-03, *Simplifying the Presentation of Debt Issuance Costs*. The ASU changes the presentation of debt issuance costs in financial statements. Under the ASU, an entity presents these costs in the balance sheet as a direct deduction from the related debt liability rather than as an asset. Amortization of the costs is reported as interest expense. The ASU specifies that "issue costs shall be reported in the balance sheet as a direct deduction from the face amount of the note" and that "amortization of debt issue costs shall also be reported as interest expense". Any debt issuance costs incurred before the associated funding is received should be reported on the balance sheet as deferred charges until the debt liability amount is recorded. The guidance in ASU 2015-03 is effective for fiscal years and interim periods within those fiscal years beginning after December 15, 2015. Early adoption is allowed for financial statements that have not been previously issued with the new guidance to be applied retrospectively to all prior periods. Management is currently assessing whether the implementation of ASU 2015-03 will have any material effect on the company's consolidated financial statements.

NOTE 3 - INVENTORIES

Inventories are comprised of the following components:

	March 31, 2015	March 31, 2014
Finished Goods	\$7,869,167	\$6,465,613
Less: Inventory Reserve	421,000	638,000
Total Inventories	\$7,448,167	\$5,827,613

Inventory consigned to a distribution center at March 31, 2015 and March 31, 2014 was \$0 and \$353,201, respectively.

NOTE 4 - PROPERTY AND EQUIPMENT

A summary of property and equipment is as follows:

	USEFUL LIFE	March 31, 2015	March 31, 2014
Computer and office equipment	5 years	\$285,650	\$282,921
Furniture and fixtures	5-7 years	4,312	4,312
Warehouse equipment	7 years	224,106	224,106
Molds and tooling	3-5 years	2,357,133	2,324,120
		2,871,201	2,835,459
Accumulated depreciation		2,404,630	2,274,234
Property and equipment, net		\$466,571	\$561,225

Depreciation expense for fiscal years ended 2015, 2014, and 2013 was \$130,254, \$168,138, and \$110,267, respectively.

NOTE 5 – DUE TO RELATED PARTIES, NET

As of March 31, 2015 the Company had \$4,410,637 due to related parties consisting primarily of trade payables for karaoke hardware to Starlight Marketing Development Ltd in the amount of \$1,924,431, Ram Light Management, Ltd in the amount of \$583,247, Starlight Consumer Electronics Co., Ltd in the amount of \$208,672, Starlight R&D in the amount of \$554,031 for product inventory and repair services and other Shihua Group Companies in the amount of \$40,256. In connection with the Revolving Line of Credit agreement there was a conversion of past due trade payables to a note payable of \$1,100,000 to Ram Light Management, Ltd. on July 15, 2014.

As of March 31, 2014 the Company had \$4,925,982 due to related parties consisting primarily of trade payables for karaoke hardware to Starlight Marketing Development Ltd in the amount of \$1,924,431, Ram Light Management, Ltd in the amount of \$1,683,247, Starlight Consumer Electronics Co., Ltd in the amount of \$1,051,913, Starlight R&D in the amount of \$194,678 for repair services and other Shihua Group Companies in the amount of \$71,713. There were net additional amounts due from other Shihua Group companies totaling \$367,520 related to other services and expenses provided by us for these companies.

NOTE 6 - OBLIGATIONS TO CLIENTS FOR RETURNS AND ALLOWANCES

Due to the seasonality of the business and length of time clients are given to return defective product, it is not uncommon for clients to accumulate credits from the Company's sales and allowance programs that are in excess of unpaid invoices in accounts receivable. All credit balances in clients' accounts receivable are reclassified to obligations to clients for returns and allowances in current liabilities on the Consolidated Balance Sheets. Client requests for payment of a credit balance are reclassified from obligations to clients for returns and allowances to accounts payable on the Consolidated Balance Sheets. When new invoices are processed prior to settlement of the credit balance and the client accepts settlement of open credits with new invoices, then the excess of new invoices over credits are netted in accounts receivable. As of the periods ended March 31, 2015 and March 31, 2014 obligations to clients for returns and allowances reclassified from accounts receivable were \$399,419 and \$469,838 respectively. There were no credit amounts requested by clients to be paid for the periods ended March 31, 2015 and March 31, 2014 and accordingly no amounts were reclassified from obligations to clients for returns and allowances to accounts payable.

NOTE 7 – LINE OF CREDIT

CRESTMARK BANK

On October 19, 2012, the Company executed a two-year Accounts Receivable Ledgered Line of Credit Facility (“line of credit”) with Crestmark Bank (“Crestmark”) of Troy, Michigan which was terminated by SMC on July 15, 2014 and replaced by a revolving credit facility from PNC Bank National Association.

Interest on the line of credit and discounting charges on accounts receivable advances was accrued at a rate of 2% per annum over the prime rate as published by the Wall Street Journal and at no time was the effective rate be less than 5.25% per annum. During the fiscal years ended March 31, 2015, 2014, and 2013 the Company incurred interest expense of \$5,298, \$45,887, and \$28,714 respectively on amounts borrowed against the line of credit. The credit facility was secured with all assets of the Company as well as related-party debt subordination agreements totaling \$2,500,000 from Ram Light Management, Ltd. in the amount of \$1,683,247 and Starlight Marketing Development, Ltd. in the amount of \$816,753. There was a 1% commission fee of the gross invoice amount on all domestic accounts receivable pledged. For the fiscal years ended March 31, 2015, 2014 and 2013, the Company incurred commission fees on pledged receivables in the amount of \$0, 239,829 and \$126,781, respectively. There were no amounts outstanding on the line of credit as of March 31, 2015, 2014 and 2013.

PNC BANK NATIONAL ASSOCIATION

On July 14, 2014, the Company executed a three-year revolving credit facility (the “Revolving Credit Facility”) with PNC Bank, National Association (“PNC”) that replaced the existing line of credit agreement with Crestmark. The Revolving Credit Facility has a three year term expiring on July 14, 2017. The outstanding loan balance cannot exceed \$15,000,000 during peak selling season between August 1 and December 31 and is reduced to a maximum of \$7,500,000 between January 1 and July 31. Usage under the Revolving Credit Facility shall not exceed the sum of the following (the “Borrowing Base”):

Up to 85% of the company’s eligible domestic and Canadian accounts receivable aged less than 60 days past due (not to exceed 90 days from invoice date, cross aged on the basis of 50% or more past due with certain specific accounts qualifying for up to 120 days from invoice date not to exceed 30 days from the due date; plus

Up to the lesser of (a) 50% of the cost of eligible inventory or (b) 75% of net orderly liquidation value percentage of eligible inventory (annual inventory appraisals required); minus

An all-time \$500,000 block; minus

Applicable reserves including a dilution reserve equal to 125% of the Company’s advertising and return accrual reserves. Dilution reserve not to exceed availability generated from eligible accounts receivable.

The Revolving Credit Facility includes the following sub-limits:

Letters of Credit to be issued limited to \$3,000,000.

Inventory availability limited to \$4,000,000.

Mandatory pay-down to \$1,000,000 (excluding letters of credit) for any 30 consecutive days between February 1 and April 30.

The Revolving Credit Facility must comply with the following quarterly financial covenants to avoid default:

Fixed charge coverage ratio test of 1.1:1 times measured on a rolling four quarter basis, defined as EBITDA less non-financed capital expenditures, cash dividends and distributions paid and cash taxes paid divided by the sum of interest and principal on all indebtedness.

Capital expenditures limited to \$150,000 per year.

Interest on the Revolving Line of Credit is accrued at 2% per annum over PNC's announced prime rate with an option for the Company to elect the 1, 2 or 3 month fully absorbed PNC LIBOR Rate plus 3.5% per annum with a default rate of 2% over the applicable rate. There is an unused facility fee equal to .375% per annum on the unused portion of the Revolving Credit Facility which will be calculated on the basis of a 360 day year for the actual number of days elapsed and will be payable quarterly in arrears. During the fiscal years ended March 31, 2015, 2014 and 2013 the Company incurred interest expense of \$163,017, \$0 and \$0, respectively on amounts borrowed against the line of credit. During the fiscal years ended March 31, 2015, 2014 and 2013 the Company incurred an unused facility fee of \$13,283, \$0 and \$0, respectively on the unused portion of the Revolving Credit Facility.

The Revolving Line of Credit is secured by first priority security interests in all of the named borrowers' tangible and intangible assets as well as first priority security interests of 100% of member or ownership interests of any of its domestic existing or newly formed subsidiaries and first priority lien on up to 65% of the borrowers' domestic subsidiary's existing or subsequently formed or acquired foreign subsidiaries. The Revolving Credit Facility is also secured by a related-party debt subordination agreement with Starlight Marketing Development, Ltd. in the amount of \$2,500,000. Costs associated with securing the Revolving Credit Facility of approximately \$222,000 were deferred and are amortized over the term of the agreement. During the fiscal years ended March 31, 2015, 2014 and 2013 the Company incurred amortization expense of \$52,471, \$0 and \$0, respectively associated with the amortization of deferred financing costs.

As a condition of the Revolving Credit Facility, a portion of the Company's related-party debt with Ram Light Management, Ltd. in the amount of \$1,100,000 was converted to a note payable with Ram Light Management, Ltd. ("Ram Light Note"). The Ram Light Note bears interest at 6% per annum with quarterly payments of \$150,000 (including principal and interest) payable beginning December 31, 2014. The first scheduled principal and interest payment of \$150,000 will only be permitted upon receipt of the Company's quarterly compliance certificate; the Company having met the mandatory pay-down of the Revolving Credit Facility to \$1,000,000 and average excess availability for the prior 30 days (after subtraction of third party trade payables 30 days or more past due) of no less than \$1,000,000 after giving effect to the payment. While the Company did meet the mandatory pay-down requirement the Company did not meet the prior 30 day average excess availability requirement permitting the Company to make payments on the note and as a result the first two scheduled payments due December 31, 2014 and March 31, 2015 were not made. As part of the Conditions to Installment Payment in the note, payments not made under this note that cannot be made as a result of the foregoing prohibition shall not be deemed an Event of Default and will not cumulate with the next payment that can be made, but rather will be payable on the maturity date together with any additional interest that has accrued thereon. The Company intends to make the scheduled payments once the Conditions to Installment Payment have been met. During the fiscal years ended March 31, 2015, 2014 and 2013 the Company accrued interest expense on the Ram Light Note in the amount of \$46,495, \$0 and \$0, respectively which is

classified as accrued expenses, net of current portion in the consolidated balance sheet.

F-12

NOTE 8 – LONG-TERM CAPITAL LEASE

On April 13, 2013, the company entered into a long-term capital leasing arrangement with Wells Fargo Equipment Finance (“Wells Fargo”) to finance the lease of two used forklift vehicles with a total purchase price of \$38,952 of which \$36,388 was financed under a capital lease. The lease requires monthly payments in the amount of \$1,082 per month over a total lease term of 36 months which commenced on May 19, 2013. The agreement has an effective interest rate of 4.5% and the company has the option to purchase the equipment at the end of the lease term for one dollar. As of March 31, 2015 and March 31, 2014 the outstanding amount due to Wells Fargo was \$13,706 and \$25,782, respectively.

As of March 31, 2015 and March 31, 2014, the Company had obligations under the capital lease repayable as follows:

	March 31, 2015	March 31, 2014
Total minimum lease payments		
Within one year	\$ 12,984	\$ 12,984
After one year but within 3 years	1,078	14,066
	14,062	27,050
Interest payments relating to future periods	(356)	(1,268)
Present Value of minimum lease payments	\$ 13,706	\$ 25,782

For the fiscal years ended March 31, 2015 and March 31, 2014 the amount of interest related to the capital lease were \$901 and \$1,296, respectively.

NOTE 9 - COMMITMENTS AND CONTINGENCIES**LEGAL MATTERS**

Management is currently not aware of any legal proceedings.

OPERATING LEASES

The Company has entered into various operating lease agreements for office and warehouse facilities in Fort Lauderdale, Florida, Ontario, California and Macau expiring at varying dates. Rent expense for the years ended March 31, 2015, 2014 and 2013 was \$623,589, \$611,977 and \$731,907, respectively.

In addition, the Company maintains various warehouse equipment and office equipment operating leases.

Future minimum lease payments under property and equipment leases with terms exceeding one year as of March 31, 2015 are as follows:

	Operating Leases
For fiscal year ending	
March 31,	
2016	\$ 549,479
2017	536,708
2018	487,672
2019	518,172
2020	524,272
2021	218,446
	\$ 2,834,749

The above property lease payments are gross payments which are not net of supplemental sublease fees we receive. During fiscal years 2015, 2014 and 2013 the Company received fees of approximately \$0, \$56,000 and \$56,000 respectively, for temporary sublease of warehouse space. Such fees have been offset against rent expense in the consolidated statements of operations.

NOTE 10 - SHAREHOLDERS' EQUITY

COMMON STOCK ISSUANCES

During the years ended March 31, 2015, 2014, and 2013, the Company issued the following common stock shares:

2015:

On September 5, 2014 the Company issued 46,875 shares of its common stock to our Board of Directors at \$0.16 per share, pursuant to our annual director compensation plan.

2014:

On July 23, 2013 the Company issued 41,667 shares of its common stock to our Board of Directors at \$0.18 per share, pursuant to our annual director compensation plan.

2013:

On January 24, 2013 the Company issued 68,181 shares of its common stock to our Board of Directors at \$0.11 per share, pursuant to our annual director compensation plan.

STOCK OPTIONS

On June 1, 2001, the Board of Directors approved the 2001 Stock Option Plan ("Plan"), which replaced the 1994 Stock Option Plan, as amended. The Plan was developed to provide a means whereby directors and selected employees, officers, consultants, and advisors of the Company may be granted incentive or non-qualified stock options to purchase common stock of the Company. As of March 31, 2015, the Plan had expired and no shares were available to be issued nor were any additional shares issued from the plan in Fiscal 2015.

The Company adopted ASC 713-10 for the reporting periods ending after June 15, 2005 and thereafter has recognized the fair value of the stock option as part of the selling, general and administration expense. Accordingly, no compensation cost has been recognized for options issued under the Plan in periods prior to June 15, 2005. A summary of stock option activity for each of the years presented is summarized below.

	Fiscal 2015		Fiscal 2014		Fiscal 2013	
	Number of Options	Weighted Average Exercise Price	Number of Options	Weighted Average Exercise Price	Number of Options	Weighted Average Exercise Price
Stock Options:						
Balance at beginning of period	1,896,000	\$ 0.22	1,307,380	\$ 0.22	1,251,380	\$ 0.30
Granted	60,000	0.17	640,000	0.21	60,000	0.18
Exercised	-	-	-	-	-	-
Forfeited	(60,000)	0.76	(51,380)	1.38	(4,000)	9.00
Balance at end of period	1,896,000	\$ 0.20	1,896,000	\$ 0.21	1,307,380	\$ 0.26
Options exercisable at end of period	1,836,000	\$ 0.20	1,256,000	\$ 0.22	1,247,380	\$ 0.27

The following table summarizes information about employee stock options outstanding at March 31, 2015:

Range of Exercise Price	Number Outstanding at March 31, 2015	Weighted Average Contractual Life	Weighted Average Exercise Price	Number Exercisable at March 31, 2015	Weighted Average Exercise Price
\$.03 - \$.33	1,682,000	6.2	\$ 0.14	1,622,000	\$ 0.14
\$.45 - \$.93	214,000	2.7	\$ 0.61	214,000	\$ 0.61
	1,896,000			1,836,000	

Prior to April 1, 2005, in accordance with ASC 713-10, for options issued to employees, the Company applied the intrinsic value method.

* Total number of options outstanding as of March 31, 2015 includes 180,000 options issued on March 31, 2015, 2014 and 2013 to three directors as compensation and 580,000 options issued to key employees on July 1, 2013 that were not issued from the Plan.

NOTE 11 - INCOME TAXES

The Company files separate tax returns in the United States and in Macau. The Macau Subsidiary has received approval from the Macau government to operate its business as a Macau Offshore Company (MOC), and is exempt from the Macau income tax. For the fiscal years ended March 31, 2015, 2014 and 2013, the Macau Subsidiary recorded no tax provision.

Due to the change of control of the Company, the net operating loss carry over is subject to the IRS Section 382 limitation. As of March 31, 2015, 2014 and 2013, The Singing Machine had net deferred tax assets before valuation allowances of approximately \$3.0 million, \$3.2 million, and \$3.2 million, respectively, against which the Company recorded valuation allowances totaling approximately \$0.7 million, \$0.8 million, and \$1.6 million, respectively.

The income tax provision (benefit) for federal, foreign, and state income taxes in the consolidated statements of income consisted of the following components for 2015, 2014 and 2013:

	2015	2014	2013
Income tax provision:			
Current:			
Federal	\$-	\$-	\$-
State	-	-	-
Total current Federal and State	\$-	\$-	\$-
Deferred:			
Federal	\$80,836	\$(675,447)	\$(1,412,535)
State	11,865	(103,350)	(206,924)
Total income tax provision (benefit)	\$92,701	\$(778,797)	\$(1,619,459)

The United States and foreign components of income (loss) before income taxes are as follows:

	2015	2014	2013
United States	\$161,255	\$(62,095)	\$92,122
Foreign	101,604	287,614	1,429,354
	\$262,859	\$225,519	\$1,521,476

The actual tax expense differs from the "expected" tax expense for the years ended March 31, 2015, 2014 and 2013 (computed by applying the U.S. Federal Corporate tax rate of 34 percent to income before taxes) as follows:

	2015	2014	2013
Expected tax expense	\$89,372	\$76,676	\$517,302
State income taxes, net of Federal income tax benefit	(97)	7,815	25,236
Permanent differences	7,507	8,374	5,421

Edgar Filing: SINGING MACHINE CO INC - Form 10-K

Deemed Dividend	37,563	108,864	537,866
Change in valuation allowance	(91,034)	(820,040)	(2,246,235)
Tax rate differential on foreign earnings	(39,272)	(111,164)	(537,866)
Prior year adjustments	88,662	(49,322)	78,817
Actual tax provision (benefit)	\$92,701	\$(778,797)	\$(1,619,459)

F-15

The tax effects of temporary differences that give rise to significant portions of deferred tax assets and liabilities are as follows:

	2015	2014	2013
Deferred tax assets:			
Federal net operating loss carryforward	\$2,041,207	\$2,076,141	\$2,189,622
State net operating loss carryforward	318,830	413,401	413,849
AMT credit carryforward	52,004	36,808	36,808
Inventory differences	431,744	490,716	358,130
Allowance for doubtful accounts	67,305	66,658	67,849
Reserve for sales returns	76,482	90,895	81,082
Stock option compensation expense	74,716	59,713	-
Stock warrants	39,194	39,193	-
Accrued Vacation	9,183	10,241	9,839
Depreciation and amortization	-	-	81,739
Total deferred tax assets	3,110,665	3,283,766	3,238,918
Deferred tax liability:			
Depreciation	(96,725)	(86,091)	-
Net deferred tax assets before valuation allowance	3,013,940	3,197,675	3,238,918
Valuation allowance	(708,385)	(799,419)	(1,619,459)
Net deferred tax assets	\$2,305,555	\$2,398,256	\$1,619,459

Due to economic conditions prior to the fiscal year ended March 31, 2013, the Company believed that it was more likely than not that the benefit from the net deferred tax assets would not be realized, and established a valuation allowance on the deferred tax assets for the entire balance.

During the fiscal year ended March 31, 2015 there was a reduction in the gross deferred tax assets of approximately \$91,000 due to the expiration of a California net operating loss carry-forward which was charged against the valuation reserve. During the fiscal year ended March 31, 2014 and March 31, 2013, the Company released a portion of the valuation allowance. The release of the valuation allowance was determined in accordance with the provisions of ASC 740, which require an assessment of both positive and negative evidence when determining whether it is more likely than not that deferred tax assets are recoverable. The analysis performed to assess the realizability of the deferred tax assets included an evaluation of the pattern and timing of the reversals of temporary differences and the length of carryback and carry forward periods available under the applicable federal and state laws; and the amount and timing of future taxable income. The analysis indicated that it is more likely than not that approximately 77% of the deferred tax asset recorded will be realized. As a result, approximately \$0, \$0.8 million and \$1.6 million of the valuation allowance were released during the fiscal years ended March 31, 2015, 2014 and 2013, respectively. The Company recognized a tax provision of approximately \$0.1 million for the fiscal year ended March 31, 2015 and a tax benefit of approximately \$0.8 million and \$1.6 million for the fiscal years ended March 31, 2014 and March 31, 2013, respectively.

Edgar Filing: SINGING MACHINE CO INC - Form 10-K

At March 31, 2015, the Company has federal tax net operating loss carry forwards in the amount of approximately \$6.0 million that will expire beginning in the year 2027. In addition, the Company has state tax net operating loss carry forwards in the amount of approximately \$6.9 million that will expire beginning in fiscal 2025. The Company has now exhausted its ability to carry back any further losses and therefore will only be able to recognize tax benefits to the extent that it has future taxable income. Net operating loss carry forward amounts and their year of expiration are as follows:

Fiscal Year of Expiration	NOL Federal	NOL State
2016	\$ -	\$ -
2017	-	-
2018	-	-
2019	-	-
2020	-	-
2021 and beyond	6,003,550	6,853,392
	\$ 6,003,550	\$ 6,853,392

The Company is no longer subject to income tax examinations for fiscal years before 2012.

NOTE 12 - SEGMENT INFORMATION

The Company operates in one segment and maintains its records accordingly. The majority of sales to customers outside of the United States are made by the Macau Subsidiary until its date of sale. Sales by geographic region for the period presented are as follows:

	2015	2014	2013
North America	\$ 38,251,520	\$ 31,379,629	\$ 34,068,559
Europe	810,049	-	369,215
Australia	212,400	-	-
Others	34,312	-	-
	\$ 39,308,281	\$ 31,379,629	\$ 34,437,774

The geographic area of sales is based primarily on the location where the product is delivered.

NOTE 13 - EMPLOYEE BENEFIT PLANS

The Company has a 401(k) plan for its employees to which the Company makes contributions at rates dependent on the level of each employee's contributions. Contributions made by the Company are limited to the maximum allowable for federal income tax purposes. The amounts charged to operations for contributions to this plan and administrative costs during the years ended March 31, 2015, 2014, and 2013 totaled \$36,802, \$27,869 and \$30,589, respectively. The amounts are included as a component of general and administrative expense in the accompanying Consolidated Statements of Income. The Company does not provide any post-employment benefits to retirees.

NOTE 14 - CONCENTRATIONS OF CREDIT RISK, CUSTOMERS, AND SUPPLIERS

The Company derives a majority of its revenues from retailers of products in the United States. Financial instruments, which potentially subject the Company to concentrations of credit risk, consist of accounts receivable. The Company's allowance for doubtful accounts is based upon management's estimates and historical experience and reflects the fact that accounts receivable are concentrated with several large customers whose credit worthiness have been evaluated by management. At March 31, 2015, 75% of accounts receivable were due from two customers in North America. Accounts receivable from customers that individually owed over 10% of total accounts receivable was 61% and 14% at March 31, 2015. Accounts receivable from customers that individually owed over 10% of total accounts receivable was 40%, 29% and 11% at March 31, 2014. The Company performs ongoing credit evaluations of its customers.

Revenues derived from five customers in 2015, 2014, and 2013 were 77%, 74% and 66% of total revenues, respectively. Revenues derived from top three customers in 2015, 2014 and 2013 as percentage of the total revenue were 27%, 20% and 11%; 26%, 17% and 11%; and 23%, 21% and 13%, respectively. The loss of any of these customers can have an adverse impact on the financial position of the Company.

Net sales derived from the Macau Subsidiary aggregated \$5.0 million in 2015, \$9.3 million in 2014 and \$12.5 million in 2013.

The Company is dependent upon foreign companies for the manufacture of all of its electronic products. The Company's arrangements with manufacturers are subject to the risk of doing business abroad, such as import duties, trade restrictions, work stoppages, foreign currency fluctuations, political instability, and other factors, which could have an adverse impact on its business. The Company believes that the loss of any one or more of their suppliers would not have a long-term material adverse effect because other manufacturers with whom the Company does business would be able to increase production to fulfill their requirements. However, the loss of certain suppliers in the short-term could adversely affect business until alternative supply arrangements are secured.

During fiscal years 2015, 2014, and 2013, manufacturers in the People's Republic of China ("China") accounted for approximately 100% of the Company's total product purchases, including all of the Company's hardware purchases.

NOTE 15 - QUARTERLY FINANCIAL DATA - UNAUDITED

The following financial information reflects all normal recurring adjustments that are, in the opinion of management, necessary for a fair statement of the results of the interim periods. The quarterly unaudited results for the years 2015, 2014, and 2013 are set forth in the following table:

	Sales	Gross Profit	Net Earnings	Basic Earnings	Diluted Earnings
	(In the usands)	(In the usands)	(Loss) (In the usands)	(Loss) Per Share	(Loss) Per Share
2015					
First quarter	\$ 2,545	\$ 516	\$ (500)	\$ (0.01)	\$ (0.01)
Second quarter	15,952	3,162	321	0.01	0.01

Fiscal Year 2013	\$ 34,438	\$ 8,069	\$ 3,141	\$ 0.08	\$ 0.08

NOTE 16 – RELATED PARTY TRANSACTIONS**TRADE**

Approximately 20% of our karaoke products in Fiscal 2015 were produced by factories owned by the Shihua Group and we anticipate that approximately 20% of our karaoke products will be manufactured by the Starlight R&D Ltd. in Fiscal 2016. Starlight R&D Ltd. has verbally agreed to manufacture our karaoke products without requiring prepayment from us and will instead assume the cost of manufacturing the products until such time as we are paid by the customers who are purchasing those products from us.

During Fiscal 2015 and 2014 the Company sold approximately \$285,000 and \$1,861,000, respectively to Star Light Electronics Company, Ltd. (“SLE”), a related company, for direct shipments to Cosmo Communications of Canada, Ltd (“Cosmo”), another related company, at discounted pricing granted to major distributors. These goods were sold at a discounted price, similar to prices granted to major direct import customers shipped internationally with freight prepaid. The average gross profit margin on sales to SLE for Fiscal 2015 and 2014 was 16.5% and 14.8%, respectively. These amounts were included as a component of net sales in the accompanying consolidated statements

of income.

During Fiscal 2015 and 2014 the Company received approximately \$181,000 and \$0, respectively in licensing fees from SLE for sales of the Company's products that were sold directly to Cosmo by SLE. These amounts were included as a component of net sales in the accompanying consolidated statements of income.

During Fiscal 2015 and 2014 we sold approximately \$1,249,000 and \$0, respectively of product to Winglight Pacific, Ltd. ("Winglight") a related company, for direct shipment to Cosmo Communications of Canada, Ltd ("Cosmo"), another related company, at discounted pricing granted to major distributors. These goods were sold at a discounted price, similar to prices granted to major direct import customers shipped internationally with freight prepaid. The average gross profit margin on sales to SLE for Fiscal 2015 and 2014 was 16.2% and 0%, respectively. These amounts were included as a component of net sales in the accompanying consolidated statements of income.

During Fiscal 2015 and 2014 we sold approximately \$272,000 and \$1,318,000, respectively of product to Cosmo from our California warehouse facility. These goods were sold at a discounted price, similar to prices granted to major direct import customers shipped internationally with freight prepaid. The average gross profit margin on sales to Cosmo yielded 17.9% and 16.2%, respectively. These amounts were included as a component of net sales in the accompanying consolidated statements of income.

During Fiscal 2015 and 2014 we purchased products from Starlight Consumer Electronics USA, Inc, ("Starlight USA") an indirect wholly-owned subsidiary of the Shihua Group of approximately \$1,640,000 and \$8,012,000, respectively. These amounts were included as a component of cost of goods sold in the accompanying consolidated statements of income. The goods were sold to the Company at net 60 day terms with interest of 6% per annum assessed on amounts past due on Fiscal 2015 invoices. For Fiscal 2015 and 2014 the Company incurred approximately \$4,000 and \$0 of interest expense related to past due invoices. These amounts were included as a component of other expenses in the accompanying consolidated statements of income

F-18

In Fiscal 2015 and Fiscal 2014, the Company purchased products from Star Fair Electronics Co., Ltd., a related company, of approximately \$0 and \$873,000, respectively. These amounts were included as a component of cost of goods sold in the accompanying consolidated statements of income.

In Fiscal 2015 and Fiscal 2014, the Company purchased products of approximately \$4,626,000 and \$0, respectively, from Starlight R&D. These amounts were included as a component of cost of goods sold in the accompanying consolidated statements of income. In addition, the Company purchased services from Starlight R&D during Fiscal 2015 and 2014 of approximately \$49,000 and \$2,000, respectively. These amounts were included as a component of general and administrative expenses in the accompanying consolidated statements of income. The goods and services were sold to the Company at net 60 day terms with interest of 6% per annum assessed on amounts past due on Fiscal 2015 invoices. For Fiscal 2015 and 2014 the Company incurred approximately \$18,000 and \$0 of interest expense related to past due invoices.

During the fiscal years ended March 31, 2015 and 2014, we paid approximately \$144,000 and \$145,000 respectively to SLE as reimbursement for engineering and quality control services performed on our behalf in China. During the fiscal years ended March 31, 2015 and 2014, the Company received \$60,000 from Starlight USA as reimbursement for customer support services performed by the Company on behalf of Starlight USA. These expense reimbursements were included in general and administrative expenses on our consolidated statements of operations.

Effective April 1, 2014, SMC-L entered into a service and logistics agreement with Starlight Consumer Electronics (USA), Inc. ("Starlight USA"), an indirect wholly-owned subsidiary of Shihua), Cosmo and SLE to provide logistics, fulfillment, and warehousing services for Starlight USA, Cosmo, and SLE's domestic sales. For these services, Starlight USA, Cosmo and SLE have agreed to reimburse the Company for actual warehouse space occupied by these companies at \$8 per pallet and for logistics services performed based on an agreed to fee schedule specified in the agreement. For Fiscal 2015 and 2014 the Company received approximately \$141,000 and \$0 respectively. These amounts were included as a component of general and administrative expenses in the accompanying consolidated statements of income.

Effective April 1, 2013, SMC-L entered into a service and logistics agreement with Starlight USA, Cosmo and SLE, to provide logistics, fulfillment, and warehousing services for Starlight USA, Cosmo and SLE's domestic sales. For these services, Starlight USA, Cosmo and SLE have agreed to reimburse the Company for actual warehouse space occupied by these companies at \$0.50 per square foot and for logistics services performed based on an agreed to fee schedule specified in the agreement. The Company received approximately \$0 and \$330,000 in service fees from these affiliates during the twelve months ended March 31, 2015 and March 31, 2014, respectively. These amounts were included as a component of general and administrative expenses in the accompanying consolidated statements of income.

Subsequent to our fiscal year ended March 31, 2015, SMC-L renewed a service and logistics agreement with Starlight USA, Cosmo and SLE, to provide logistics, fulfillment, and warehousing services for Starlight USA, Cosmo and SLE's domestic sales effective April 1, 2015. For these services, Starlight USA, Cosmo and SLE have agreed to reimburse the Company for actual warehouse space occupied by these companies at \$0.096 per cubic foot and for logistics services performed based on an agreed to fee schedule specified in the agreement. The Company estimates it will receive approximately \$100,000 in expense reimbursements during Fiscal FY2016 related to this agreement.

NOTE 17 – WARRANTY PROVISIONS

A return program for defective goods is negotiated with each of our wholesale customers on a year-to-year basis. Customers are either allowed to return defective goods within a specified period of time after shipment (between 6 and 9 months) or granted a “defective allowance” consisting of a fixed percentage (between 1% and 5%) off of invoice price in lieu of returning defective products. The Company records liabilities for its return goods programs and defective goods allowance program at the time of sale for the estimated costs that may be incurred. The liability for defective goods is included in warranty provisions on the Consolidated Balance Sheets.

Changes in the Company's obligations for return and allowance programs are presented in the following table:

	Fiscal Year Ended	
	March 31, 2015	March 31, 2014
Estimated return and allowance liabilities at beginning of period	\$235,172	\$215,471
Costs accrued for new estimated returns and allowances	892,051	826,577
Return and allowance obligations honored	(929,350)	(806,876)
Estimated return and allowance liabilities at end of period	\$197,873	\$235,172

NOTE 18 – SUBORDINATED RELATED PARTY DEBT

On July 14, 2014, the Company executed the three-year Revolving Credit Facility with PNC Bank, National Association (“PNC”) that replaced the existing line of credit agreement with Crestmark Bank. In connection with the Revolving Credit Facility the Company was required to subordinate related party debt from and Starlight Marketing Development, Ltd. in the amount of \$1,924,431. Since the agreement expires beyond the next fiscal year, the subordinated related party debt was classified as a long-term liability on the accompanying balance sheet as of March 31, 2015.

During the fiscal year ended March 31 2014 and in connection with the line of credit with Crestmark Bank the Company was required to subordinate related party debt from Ram Light Management, Ltd. in the amount of \$1,683,247 and Starlight Marketing Development, Ltd. in the amount of \$816,753. Since the subordination agreements were in effect throughout the term of the agreement, the amounts due were not payable until the agreement was scheduled for termination on October 12, 2014. Since the agreement expired within one year the subordinated related party debt was classified as a current liability on the accompanying consolidated balance sheet as of March 31, 2014.
