Dear Sohu.com Stockholders:

You are cordially invited to attend Sohu.com Inc.'s Annual Meeting of Stockholders to be held at our offices at Level 12, Sohu.com Internet Plaza, No. 1 Unit Zhongguancun East Road, Haidian District, Beijing 100084, People's Republic of China, on Friday, June 19, 2009 at 10:00 A.M., Beijing time.

This year we are again using the U.S. Securities and Exchange Commission rules that allow companies to furnish proxy materials to their stockholders primarily over the Internet. We believe that providing our proxy materials over the Internet increases the ability of our stockholders to connect with the information they need, while reducing the cost and environmental impact of our Annual Meeting. On or about May 8, 2009, we will mail our stockholders a notice containing instructions on how to access our 2009 Proxy Statement and 2008 Annual Report to Stockholders. The notice also will include instructions on how to receive a paper copy of the annual meeting materials, including the notice of annual meeting, proxy statement and proxy card. If you receive your annual meeting materials by mail, the notice of annual meeting, proxy statement and proxy card will be enclosed. If you receive your annual meeting materials via e-mail, the e-mail contains links to the annual report and the proxy statement on the Internet which are both available at <http://bnymellon.mobular.net/bnymellon/sohu>.

At this year's Annual Meeting, we are asking stockholders to elect four directors, who shall serve for a two-year term or until their earlier death, resignation or removal, and to ratify the appointment of PricewaterhouseCoopers Zhong Tian CPAs Limited Company as our independent auditors. The Board of Directors recommends that you vote FOR the election of the director nominees and FOR the ratification of PricewaterhouseCoopers Zhong Tian CPAs Limited Company as our independent auditors. Please refer to the Proxy Statement for detailed information on each of the proposals and the Annual Meeting.

Every stockholder's vote is important to us. Whether or not you expect to attend the meeting in person, we urge you to submit your proxy as soon as possible. You may vote over the Internet, by telephone or, if you ask for and receive paper copies of the proxy materials, by mail.

We look forward to seeing those of you who are able to attend the meeting in person.

Sincerely,

Charles Zhang
Chief Executive Officer

TO BE HELD June 19, 2009
10:00 A.M. BEIJING TIME

PROXY STATEMENT

We are furnishing proxy materials to our stockholders primarily by providing access to the materials on the Internet instead of mailing printed copies. On or about May 8, 2009, we will mail to our stockholders (other than those who had previously requested email delivery) a Notice of Internet Availability containing instructions on how to access our proxy materials, including our proxy statement and our 2008 Annual Report to Stockholders. If you would like to receive a paper copy of our proxy materials, you should follow the instructions in the Notice of Internet Availability for requesting these materials.

This Proxy Statement is furnished to our stockholders in connection with the solicitation by our Board of Directors (our Board) of our proxies for use at our Annual Meeting of Stockholders (the Annual Meeting) to be held at our offices located at Level 12, Sohu.com Internet Plaza, No. 1 Unit Zhongguancun East Road, Haidian District, Beijing 100084, People's Republic of China, on Friday, June 19, 2009 at 10:00 A.M., Beijing time, and at any adjournment or postponement thereof.

If proxies are completed and submitted, the shares they represent will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares represented by proxies will be voted as follows:

Edgar Filing: SOHU COM INC - Form DEF 14A

FOR the election of the nominees for directors named herein; and

FOR the ratification of the appointment of PricewaterhouseCoopers Zhong Tian CPAs Limited Company (PricewaterhouseCoopers) as our independent auditors for the fiscal year ending December 31, 2009.

In addition, if other matters come before the Annual Meeting, the persons named as proxy holders, Dr. Charles Zhang and Ms. Carol Yu, will vote in accordance with their judgment with respect to those matters. You have the power to revoke your proxy at any time prior to its exercise by filing with Ms. Yu, our Co-President and Chief Financial Officer, an instrument revoking it, by submitting an executed proxy bearing a later date prior to or as of the Annual Meeting or by attending the Annual Meeting and voting in person.

Expenses and Solicitation

We will bear the cost of soliciting proxies. Solicitations may be made by mail, personal interview, telephone, email or otherwise by our directors, officers and employees, without additional compensation for such solicitation activities. We have made arrangements with BNY Mellon Shareowner Services at 480 Washington Boulevard, 26th Floor, Jersey City, NJ 07310, and Georgeson Inc. at 219 Murray Hill Parkway, East Rutherford, NJ 07073, to assist with the solicitation of proxies. We are required to request that brokers and nominees who hold stock in their names furnish our proxy materials to the beneficial owners of the stock, and we must reimburse these brokers and nominees for the expenses of doing so in accordance with statutory fee schedules. The estimated cost of soliciting proxies is not expected to exceed \$100,000.

Voting Procedures

Only stockholders of record on our books at the close of business on April 17, 2009, the record date relating to the Annual Meeting, will be entitled to vote at the Annual Meeting and any adjournment or postponement thereof. Each share of our common stock outstanding on the record date will be entitled to one vote on each of the director nominees and one vote on the ratification of the appointment of PricewaterhouseCoopers as our independent

auditors. Under our Amended and Restated By-laws, the presence in person or by proxy of a majority of the shares of our common stock outstanding on the record date is required for a quorum. Abstentions and broker non-votes are each included for purposes of determining the presence or absence of a sufficient number of shares to constitute a quorum for the transaction of business. With respect to the approval of any particular proposal, abstentions and broker non-votes are not counted in determining the number of votes cast. The election of directors requires a plurality of the votes cast in person or by proxy. The nominees receiving the highest number of affirmative votes of the shares present or represented and voting on the election of the directors at the Annual Meeting will be elected as directors. The ratification of the appointment of PricewaterhouseCoopers as our independent auditors requires the affirmative vote of the holders of a majority of the shares of our common stock that are present in person or by proxy at the Annual Meeting.

As of the close of business on April 17, 2009, there were 38,263,561 shares of our common stock outstanding.

Proposal I. Election of Directors

Our Board is divided into two classes, with each class holding office for a term of two years and the term of one class expiring each year. All directors will hold office until their successors have been duly elected and qualified or until their earlier death, resignation or removal. Our Board has fixed the number of directors to constitute the full Board for the ensuing year at six, four of whom are to be elected at the Annual Meeting for a term expiring at the 2011 Annual Meeting of Stockholders and two directors whose term will expire at the 2010 Annual Meeting of Stockholders.

At the recommendation of the Nominating Committee of our Board, our Board has nominated Dr. Charles Zhang, Mr. Charles Huang, Dr. Dave Qi and Mr. Shi Wang for election in the class of directors to be elected at the Annual Meeting whose term will expire in 2011. Unless you indicate otherwise on your proxy, the proxies received will be voted in favor of the election of Dr. Charles Zhang, Mr. Charles Huang, Dr. Dave Qi and Mr. Shi Wang to serve as directors.

Our Board knows of no reason why any of the nominees would be unable or unwilling to serve, but if that should be the case, proxies will be voted for the election of substitute nominee(s) selected by our Board, or our Board will fix the number of directors at a lesser number. The proxies cannot be voted for a greater number of persons than the number of nominees named in this Proxy Statement. The four nominees receiving a plurality of the votes cast by the stockholders represented at the Annual Meeting, in person or by proxy, will be elected as directors.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF DR. CHARLES ZHANG, MR. CHARLES HUANG, DR. DAVE QI AND MR. SHI WANG

GENERAL INFORMATION RELATING TO OUR BOARD OF DIRECTORS

Our Board of Directors

Our Board held four formal meetings in the fiscal year ended December 31, 2008 and acted by written consent in lieu of meeting on two occasions. In addition to the formal meetings and written consents, the Board also acted through email communications, with Board actions by email being ratified at subsequent meetings of the Board. With the exception of Mr. Shi Wang, all members of our Board attended at least 75% of the total number of meetings of our Board and committees thereof upon which they served during 2008. Members of our Board are encouraged, but not required, to attend our annual meetings of stockholders. At our 2008 Annual Meeting of Stockholders, Dr. Charles Zhang was in attendance.

Independence

Our Board has determined that Messrs. Charles Huang and Shi Wang, and Drs. Dave Qi, Edward B. Roberts and Zhonghan Deng are independent as that term is defined in Rule 4200(a)(15) of the Nasdaq Stock Market Marketplace Rules. In determining independence pursuant to the Nasdaq listing standards, our Board affirmatively determined whether such independent directors had any material relationship with us, or any of our subsidiaries, either directly or as a partner, stockholder or officer of an organization that may interfere with the director's ability to exercise independence. Our Board concluded that none of the independent directors had any direct or indirect material relationships with us, or any of our subsidiaries. Our Board considers what it deems to be all relevant facts and circumstances in determining the independence of its members including whether our directors have any family relationship with any executive officer or any direct or indirect interest in any of our customers or our customer agreements, whether any of our directors have any interests in or ties to any of our competitors, suppliers or strategic business partners and whether our members meet the independence standards set by the Securities and Exchange Commission (SEC) and Nasdaq.

Committees of our Board of Directors

Our Board has established a standing Audit Committee, Compensation Committee and Nominating Committee.

Audit Committee

Edgar Filing: SOHU COM INC - Form DEF 14A

The members of our Audit Committee currently are Dr. Dave Qi, Mr. Charles Huang and Dr. Zhonghan Deng, who are each independent as that term is defined in Rule 4200(a)(15) of the Nasdaq Stock Market Marketplace Rules. Our Board has determined that Dr. Dave Qi is an Audit Committee financial expert, as that term is defined in Item 407(d)(5) of Regulation S-K. Our Audit Committee oversees our internal audit function and our accounting and financial reporting processes and the audits of our financial statements. Our Audit Committee held four meetings in 2008. In addition to the formal meetings, our Audit Committee also acted through email communications, with Audit Committee actions by email being ratified at subsequent meetings of the Audit Committee. Our Audit Committee and the full Board have adopted a written charter for our Audit Committee. Our Audit Committee appointed PricewaterhouseCoopers to serve as our independent auditors for the fiscal year ended December 31, 2009. The full responsibilities of our Audit Committee are set forth in its charter, which is reviewed and updated annually and approved by our Board, and is posted on our Web site at www.sohu.com (to access the charter, click on the link "About Sohu" at the bottom of the first page, and follow the links through "Investor Relations"). For more information, see "Audit Committee Report."

Compensation Committee

The members of our Compensation Committee currently are Drs. Edward B. Roberts and Dave Qi, who are each independent as that term is defined in Rule 4200(a)(15) of the Nasdaq Stock Market Marketplace Rules. Our Compensation Committee acted by written consent in lieu of meeting on one occasion and acted through e-mail communications among its members, and made recommendations to our Board, on one occasion in 2008. Our Compensation Committee makes recommendations concerning salaries and incentive compensation, administers

4

and approves restricted stock unit and stock option grants under our 2000 Stock Incentive Plan, as amended, and otherwise determines compensation levels and performs such other functions regarding compensation as our Board may delegate to our Compensation Committee. Our Compensation Committee does not have a written charter. Our Compensation Committee designed an executive compensation program in order to reward excellent performance and retain talented executive officers through a combination of cash and equity incentive awards. The Compensation Discussion and Analysis below provides additional information regarding the Compensation Committee's determination of named executive officer and director compensation levels and our Compensation Committee's policies and procedures in making such determinations.

Roberts and Zhonghan Deng, who are each independent as that term is defined in Rule 4200(a)(15) of the Nasdaq Stock Market Marketplace Rules. Our Nominating Committee did not hold any meetings in 2008. The full responsibilities of our Nominating Committee are set forth in its charter which is posted on our Web site at www.sohu.com (to access the charter, click on the link "About Sohu" at the bottom of the first page, and follow the links through "Investor Relations").

When considering potential director nominees, our Nominating Committee also considers our Board's current composition and our evolving needs, including expertise, diversity and balance of inside, outside and independent directors. In compiling a list of possible candidates and considering their qualifications, our Nominating Committee makes its own inquiries, solicits input from other directors on our Board and may consult or engage other sources, such as a professional search firm, if it deems appropriate.

Our Nominating Committee will consider director candidates recommended by stockholders provided the stockholders follow the procedures set forth below. There were no material changes to such procedures after we last provided this disclosure. The committee does not intend to alter the manner in which it evaluates candidates, including the criteria set forth above, based on whether the candidate was recommended by a stockholder or otherwise.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and holders of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Directors, executive officers and holders of more than 10% of our common stock are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of copies of reports furnished to us or written representations that no other reports were required, we believe that during the fiscal year ended December 31, 2008, our directors, executive officers and holders of more than 10% of our common stock timely complied with all applicable Section 16(a) reporting requirements.

TRANSACTIONS WITH RELATED PERSONS

Transactions with Vanke Co., Ltd.

In the 2008 fiscal year, China Vanke Co., Limited purchased \$154,000 in advertising services from us. Mr. Shi Wang, one of our directors, is the Chairman of the Board of China Vanke Co., Limited.

Policies and Procedures For Reviewing Transactions with Related Persons

We review all relationships and transactions into which we enter to determine whether such relationships and transactions exceed \$120,000 and whether they involve any related persons who have a direct or indirect material interest in such relationships or transactions. The term "related person" has the same meaning as set forth in Item 404(a) of Regulation S-K. We have developed and implemented processes and controls whereby we solicit information from persons identified as related persons through written questionnaires and, based on the information obtained and the facts and circumstances of the relationship, make a determination as to whether the related person has a direct or indirect material interest in the transaction.

In addition, pursuant to its duties under its written charter, our Audit Committee reviews and approves or ratifies, as the case may be, any related person transactions identified through the process described above. In

7

deciding whether to approve or ratify a related person transaction, our Audit Committee considers the following factors:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the related person and to us;

whether the transaction would impair the judgment of any of our directors or executive officers to act in our best interest;

whether the terms of the transaction are substantially equal to or more favorable to us and no more favorable to the related person than if we had negotiated similar arrangements with non-affiliated third parties; and

any other matters our Audit Committee deems appropriate.

Any member of our Board who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction, provided, however, that such director may be counted in determining the presence of a quorum at a meeting where the transaction is considered.

To our knowledge, since January 1, 2008, all transactions with related persons to which we are or were a party have been reviewed under the policies and procedures described above.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors (our Board) in its oversight of Sohu.com Inc.'s, or Sohu's, financial reporting, internal controls and audit functions, and is directly responsible for the appointment, retention, compensation and oversight of the work of Sohu's independent auditors. The full responsibilities of the Audit Committee are set forth in the Audit Committee charter. The Audit Committee charter, which is reviewed and updated annually, was approved by the Board.

The Audit Committee reviews the scope of the annual audit by Sohu's independent auditors and internal auditors, monitors internal financial and accounting controls and procedures and appoints the independent auditors. In fulfilling its responsibilities, the Audit Committee:

discussed and considered the independence of PricewaterhouseCoopers, reviewing as necessary all relationships and services which might bear on PricewaterhouseCoopers' objectivity as independent auditors;

received a formal written statement from PricewaterhouseCoopers describing relationships between PricewaterhouseCoopers and Sohu in accordance with the applicable requirements of the Public Company Accounting Oversight Board regarding outside auditors' communications with audit committees concerning independence and has discussed with PricewaterhouseCoopers the auditors' independence from Sohu and Sohu's management;

received written affirmation from PricewaterhouseCoopers that it is in fact independent;

discussed the overall audit process, receiving and reviewing all reports of PricewaterhouseCoopers;

provided to PricewaterhouseCoopers full access to the Audit Committee and the full Board to report on all appropriate matters; and

discussed with PricewaterhouseCoopers all matters required to be reviewed under The Public Company Accounting Oversight Board standards.

The Audit Committee met with selected members of management and PricewaterhouseCoopers to review financial statements, including quarterly reports, discussing such matters as the quality of earnings, estimates, reserves and accruals, the suitability of accounting principles, financial reporting decisions and audit adjustments.

The Audit Committee selected PricewaterhouseCoopers as Sohu's independent auditors. In addition, the Audit Committee considered the quality and adequacy of Sohu's internal controls and made recommendations to the full Board for enhancing such controls.

Based upon its work and the information received in the inquiries outlined above, the Audit Committee recommended to the Board that Sohu's audited financial statements be included in Sohu's Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission.

Respectfully submitted,

AUDIT COMMITTEE

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion and analysis of our named executive officer compensation program, detailing what we pay to our named executive officers and how our compensation objectives and policies help achieve our business objectives.

Overview of our Named Executive Officer Compensation Program and Objectives

Our named executive officer compensation program is composed of the following elements:

Cash compensation, which includes an annual salary and the opportunity to earn an annual performance-based cash bonus;

Equity incentive compensation, in the form of stock options and restricted stock units;

Other benefits, in the form of housing allowances, tax equalization, tuition/training reimbursement and premiums paid for health, life and disability insurance; and

Severance benefits.

The goal of our named executive officer compensation program is to attract and retain qualified management and create long-term value for our stockholders. Towards this goal, we have designed and implemented a compensation program for our named executive officers that we believe will: (i) attract and retain accomplished and high-potential executives; (ii) motivate them to achieve both short-term and long-term corporate goals; (iii) reward them for sustained financial and operating performance and leadership excellence; and (iv) align their interests with those of our stockholders. We believe that each element of our compensation program fulfills one or more of these objectives.

Administration and Process

Our executive compensation program is administered by the Compensation Committee of our Board of Directors (our Board). The Compensation Committee annually reviews the overall compensation of our named executive officers, generally based on recommendations submitted by our Chief Executive Officer. When making recommendations, our Chief Executive Officer takes into consideration the following factors: (1) the competitiveness of the total compensation packages for our named executive officers as compared to similarly

situated named executive officers at our peer companies; (2) the responsibilities of our named executive officers; and (3) other factors such as the exchange rate of U.S. dollars to Chinese RMB. Neither we, nor our Compensation Committee, nor any named executive officer has any contractual arrangement with any compensation consultant who has a role in determining or recommending the amount or form of compensation paid to our named executive officers or any non-employee member of our Board.

In setting a named executive officer's overall compensation level, the Compensation Committee takes into consideration the factors discussed below.

Reward Excellent Performance

Each named executive officer's pay level is set to be reflective of his or her management experience and perceived leadership ability, continued high performance and career of service to us. Key elements of our compensation policy that depend upon the named executive officer's performance include:

A discretionary annual performance-based cash bonus that is based on an assessment of the named executive officer's performance against pre-determined quantitative and qualitative measures within the context of our overall performance as a company and the performance of each business segment for which the named executive officer is responsible to oversee; and

Equity incentive compensation in the form of stock options or restricted stock units, the value of which is contingent upon the performance of our common stock in the public trading market, and which are subject to vesting schedules that require continued service.

In addition, in setting compensation levels, the Compensation Committee relies on its judgment of the named executive officer's leadership qualities, operational performance, level of responsibility within and contribution to our business and long-term potential to enhance stockholder value.

Competitive Compensation Packages

In order to attract and retain talented executive officers and remain competitive, we consider the prevalent labor market for executive talent generally and at companies with whom we compete for talent within our business sector in China. To this end, our Compensation Committee annually collects compensation data from proxy filings by publicly-traded companies that we consider to be our peer companies. We compile the total compensation paid to the named executive officers of our peer companies and, where available, the amount of base salary, equity-based compensation and other benefits paid by our peer companies to their named executive officers in similar positions as our named executive officers. We then evaluate the total compensation paid to our named executive officers, as well as the individual elements of the pay package, against the compensation paid to individuals in the same or similar position of our peer companies. Generally speaking, we aim to set our total compensation so that it is in the median of the total compensation paid by our peer companies to ensure the competitiveness of our compensation.

When determining which companies should be included in our peer group, our Compensation Committee generally focuses on successful or growing companies in the middle-market technology sector in China that are publicly-traded in the U.S. and surveys companies that the Committee believes to compete with us in attracting upper-level management. Companies in our peer group include, for example:

SINA Corporation;

NetEase.com, Inc.;

Baidu.com, Inc.;

Shanda Interactive Entertainment Ltd.;

The9 Limited;

KongZhong Corporation; and

Ctrip.com International, Ltd.

Other Considerations

In addition to the use of benchmarking in setting executive compensation levels, the Compensation Committee also takes into consideration the following factors when setting the performance-based cash bonus:

Key financial measurements such as revenue, operating profit, earnings per share and operating margins;

Revenue growth percentage compared with selected competitors to indicate our growth or loss in market share;

Promoting commercial excellence by launching new or continuously improving products or services;

Becoming or remaining as a leading market player and attracting and retaining customers;

Achieving excellence in each named executive officer's business area of responsibility; and

Supporting our values by promoting a culture of integrity and adherence to our code of conduct.

The mix of compensation elements is designed to reward short-term results and motivate long-term performance through a combination of cash and equity incentive awards. The Compensation Committee seeks to balance compensation elements that are based on financial, operational and strategic metrics with others that are based on subjective judgments of each named executive officer's performance.

Elements of Compensation

Generally

Our named executive officers' pay is composed of three main components: base salary, annual performance-based cash bonus and long-term equity awards. We do not target a specific weighting of these three components or use a prescribed formula to establish pay levels. Rather our Compensation Committee considers changes in our business, external market factors and our financial position each year when determining pay levels and allocating between long-term and short-term compensation for our named executive officers. The Compensation Committee also considers management's business development goals for the year in setting target bonus levels and performance-based milestones.

We include an equity incentive component as part of our compensation package because we believe equity incentives align the long-term interests of our named executive officers with those of our stockholders. The equity incentive component links a significant portion of compensation to stockholder value as the value of granted equity awards increases or decreases in line with any increase or decrease in the market price of our common stock. Our 2000 Stock Incentive Plan, which was initially approved by our stockholders in 2000 and amended with the approval of our stockholders in 2006, provides us with the ability to make equity-based awards in various forms, including stock options and restricted stock units.

The cash and equity components of compensation are supplemented by various other benefits that provide for housing allowances, tax equalization, tuition/training reimbursement, health, life, travel and disability benefits and severance benefits.

Annual Cash Compensation

Base Salary

Edgar Filing: SOHU COM INC - Form DEF 14A

We include base salary as part of each named executive officer's compensation package because we believe that it is appropriate that some amount of the named executive officers' compensation be provided in a fixed amount of cash, in order to provide our executive officers with a basic level of annual income security. When deciding upon an appropriate base salary for each named executive officer, the Compensation Committee considers the named executive officer's previous salary, the amounts paid to the named executive officer's peers both within and outside of our company and the named executive officer's prior performance. Decisions regarding salary increases take similar matters into account.

12

The base salary increases from 2007 to 2008 for our named executive officers were as follows:

Name	2007 Base Salary	2008 Increase		2008 Base Salary Effective January 1, 2008
		Amount	Percentage	
Charles Zhang	\$ 250,000	\$ 30,000	12.00%	\$ 280,000
Carol Yu	\$ 230,000	\$ 20,000	8.70%	\$ 250,000
Xin (Belinda) Wang	\$ 150,000	\$ 20,000	13.33%	\$ 170,000
Yu Gong(1)	\$ 150,000	\$ 20,000	13.33%	\$ 170,000

- (1) Dr. Gong was a named executive officer for the year ended December 31, 2008. Dr. Gong resigned as Chief Operating Officer effective January 2009.

The base salaries of our named executive officers were adjusted in part in 2008 to account for a decrease in the exchange rate of U.S. dollars to Chinese RMB from 7.79 to 7.20.

2008 Executive Bonus Plan

Our 2008 Executive Bonus Plan was intended to establish a direct correlation between the annual cash incentives paid to our named executive officers and our financial and operating performance. We believe that the annual bonus rewards the high-performing officers who drive results in these areas and provides them with an incentive to sustain this performance over a long career with us. Under the plan, the named executive officers were eligible to receive a cash bonus equal to a percentage of their base salaries based on the attainment of certain corporate performance goals which were established at the beginning of the year. Once the overall bonus opportunity is calculated, the Chief Executive Officer, with respect to his direct reports (which include all of the named executive officers other than our Chief Executive Officer), or the Compensation Committee, with respect to the Chief Executive Officer, has the discretion to adjust the bonus opportunity based upon such named executive officer's individual performance during the year of up to 150%. Some or all of the following factors are taken into account in making salary adjustments: (1) progress towards achieving specified objectives; (2) achievement of short-term versus long-term objectives; (3) comparison between our products or services, and similar products and services of our competitors; (4) leadership of the named executive officer; and (5) special contributions, if any. The bonus eligibility as a percentage of base salary, after any discretionary adjustment, varied with respect to each named executive officer as set forth below.

Name	2008 Threshold Bonus Opportunity (as a % of base salary)	2008 Targeted Bonus Opportunity (as a % of base salary)	2008 Maximum Bonus Opportunity (as a % of base salary)
Charles Zhang	0%	47.20%	104.70%
Carol Yu	0%	47.55%	105.68%

Name	2008 Threshold Bonus Opportunity (as a % of base salary)	2008 Targeted Bonus Opportunity (as a % of base salary)	2008 Maximum Bonus Opportunity (as a % of base salary)
Xin (Belinda) Wang	0%	46.50%	102.75%
Yu Gong	0%	47.20%	104.70%

On March 14, 2008, our Compensation Committee established the bonus components for each named executive officer as a percentage of their bonus opportunity. For 2008, our Compensation Committee selected the bonus components and weighting as set forth below for our named executive officers.

Name	2008 Performance Bonus Components				Total
	Overall Corporate Performance Results	Advertising Results	Non-Advertising Results	Technology, Product and Olympic Project Results	
Charles Zhang	50%	20%	10%	20%	100%
Carol Yu	50%	0%	20%	30%	100%
Xin (Belinda) Wang	40%	60%	0%	0%	100%
Yu Gong	40%	20%	20%	20%	100%

For 2008, with respect to the overall corporate performance results, advertising results and non-advertising results, our Compensation Committee selected the following performance objectives: (i) GAAP Revenue (weighted

35%), (ii) Non-GAAP Net Income (weighted 35%) and (iii) our GAAP Revenue growth, as a percentage, compared with the GAAP Revenue growth, as a percentage, of our peers which are identified above (weighted 30%). Non-GAAP Net Income is calculated by taking the GAAP Net Income from our audited financial statements and adding back in the compensation cost of the share-based awards granted to employees under the Statement of Financial Accounting Standards 123 (revised 2004), Share-Based Payment (SFAS 123R). We used Non-GAAP Net Income because the amount of share-based compensation expense cannot be anticipated by our management and business line leaders and is not included in our annual budgets and quarterly forecasts. In addition, share-based compensation expense does not involve any upfront or subsequent cash outflow, and therefore we do not factor this in when evaluating and approving expenditures or when determining the allocation of our resources to business segments. As a result, our performance measures are based on non-GAAP financial measures that exclude share-based compensation expense. With respect to the objectives in (i) and (ii) above, the total bonus opportunity (e.g., with respect to Dr. Zhang, 35% of the overall corporate performance component was tied to our achieving certain levels of GAAP Revenue and 35% of that component was tied to our achieving certain levels of Non-GAAP Net Income) was subject to a sliding scale, determined by our Compensation Committee, whereby the named executive officer was eligible to receive anywhere from 0% to 140% of the bonus component based on the actual performance of our company. With respect to the objective in (iii) above, the total bonus opportunity (e.g., with respect to Dr. Zhang, 30% of the overall corporate performance component) was subject to a sliding scale, determined by our Compensation Committee, whereby the named executive officer was eligible to receive anywhere from 70% to 130% of the bonus component based on the actual performance of us vis-à-vis our peers.

For 2008, with respect to technology, product and Olympic project results, the named executive officer was entitled to the percentage of the total bonus opportunity if certain milestones were met with respect to the research and development of certain technology and products, as determined by our Compensation Committee. Such milestones included: (1) if there was a plan for a new product, whether such product was launched on time; (2) if there was a plan for developing several products, whether the new products met expectation; (3) for existing products, whether there was any improvement in such products and whether there were any increase in the numbers of the products registered and active

users; and (4) for the Olympic project, whether we would secure the exclusive rights to host all advertising by Beijing sponsors. This bonus component was subject to adjustment based upon a sliding scale, determined by our Compensation Committee, whereby the named executive officer was eligible to receive anywhere from zero to 150% of the bonus component based upon our Chief Executive Officer's evaluation, with respect to his direct reports (which include all of the named executive officers other than our Chief Executive Officer), and our Compensation Committee's evaluation, with respect to the Chief Executive Officer, of the named executive officer's actual performance with respect to the technology, product and Olympic project milestones.

The Compensation Committee believes that these criteria are consistent with the overall goals and long-term strategic direction that our Board has set for our company and are closely related to or reflective of financial performance, operational improvements, growth and return to stockholders.

In establishing performance goals, our Compensation Committee sets threshold, target and maximum levels of attainment. The target performance levels are based on our performance budget and are intended to reward superior performance relative to our peers taking into consideration the market conditions and industry trends that affect us. The target performance levels for each measure are intended to be reasonably attainable given maximum effort on the part of our named executive officers.

The amounts actually paid to our named executive officers based on our financial results described above, the attainment of the technology, product and Olympic project milestones, if applicable to the named executive officer, and in each case as adjusted by our Chief Executive Officer or the Compensation Committee, as applicable, for individual performance, are set forth in the Summary Compensation Table below.

Given that our business plan is highly confidential, we did not publicly disclose specific internal revenue or operating income goals. Revealing specific objectives would provide our competitors and other third parties with insights into our confidential planning process and strategies, thereby causing competitive harm. Our performance goals were designed to be aggressive and there was a risk that bonus awards would not be made at all or would be made at less than 100% of the target amounts. The uncertainty in meeting the performance goals helped ensure that the bonus awards made were truly performance-based, consistent with our strategic objectives.

Annual Equity Compensation

Our equity-based compensation program is designed to recognize the scope of the named executive officers' responsibilities, reward demonstrated performance and leadership, motivate future superior performance, align the interests of the named executive officers with the interests of our stockholders and retain the named executive officers through the terms of the awards. The vesting terms of the equity-based compensation require continued service to receive any payout and therefore encourage continuity in our management.

We historically have granted stock options to our named executive officers. Stock options only have value to the extent the price of our common stock on the date of exercise exceeds the exercise price on the grant date. Thus, stock options are an effective compensation element only if the stock price grows over the term of the award. In this sense, stock options are a motivational tool. Beginning in July 2006, however, we began granting restricted stock units to our named executive officers. Unlike stock options, restricted stock units offer executives the opportunity to receive shares of our common stock on the date the restriction lapses.

We believe that restricted stock units are more effective than cash incentives in compensating our named executive officers because they will reward and serve to retain named executive officers during times where our stock price remains stable, as there is value to the restricted stock units upon vesting even if the market price of our common stock has not increased since the grant date. The rewards to our named executive officers are even greater if the market price of our common stock has risen, and thus our named executive officers' interests are aligned with those of our stockholders. Further, our practice of granting restricted stock units is consistent with recent trends in China. As a result, we believe it necessary to offer restricted stock units to our named executive officers as to attract and retain qualified management. Additionally, due to the substantial value restricted stock units provide our named executive officers, we are able to grant the named executive officers fewer restricted stock units than the number of stock options that would have been required to provide the same economic incentive. Finally, grants of both stock options and restricted stock units are expensed under SFAS 123R. Although each restricted stock unit grant generally results in a higher compensation expense than would an option to purchase one share of common stock at fair market value, we have sufficiently reduced the number of restricted stock units that we grant, in comparison to the number of stock options we would otherwise have granted, as to cause the overall share-based compensation expense to be lower than it would have been had we granted stock options.

All equity-based compensation is awarded pursuant to our 2000 Stock Incentive Plan and, in order to retain executive talent, is awarded once a year. Generally, our decisions to make equity-based compensation grants are independent of our cash compensation program decisions. When making any grant, we consider the grant size and the appropriate combination of stock options and restricted stock units. To do so, we make

certain assumptions about our stock price to determine the value of any proposed grant to a named executive officer.

Other Components of Compensation

Our named executive officers receive various other benefits, such as housing allowances, tax equalization, tuition/training reimbursement and health, life, travel and disability insurance. We believe that these other benefits are reasonable, competitive (as it is customary for Chinese companies to provide such benefits to their named executive officers) and consistent with our overall compensation program. Further, we believe that companies within our peer group in China provide similar benefits to their named executive officers, and we believe that it is necessary to do the same for retention and recruitment purposes.

Both Dr. Zhang and Ms. Yu are provided with a tax equalization benefit under their employment agreements. Dr. Zhang and Ms. Yu only pay 15% of their individual income tax, with our company bearing the remaining tax required by law. We believe that providing this benefit to executive officers is customary in China and necessary for us to continue attracting talented individuals.

Severance Benefits

Under Chinese law, we must pay severance to all employees who are Chinese nationals and who are terminated without cause or terminate their employment with us for good reason, or whose employment agreement expires and we do not continue their employment. The severance benefits required to be paid under Chinese law equals the average monthly compensation paid to the terminated employee (including any bonuses or other payments made

15

in the twelve months prior to the employee's termination) multiplied by the number of years the employee has been employed with us, plus an additional month's salary if thirty days' prior notice of such termination is given. However, if the average monthly compensation to be received by the terminated employee exceeds three times the average monthly salary of the employee's local area as determined and published by the local government, such average monthly compensation shall be capped at three times the average monthly salary of the employee's local area. However, we believe that it is important, for recruiting and retention, to provide certain of our named executive officers with severance benefits beyond those required by Chinese law to help minimize the financial stress in the event of job loss. As a result, we provide additional severance pay and benefit continuation to certain of our named executive officers to help bridge the time until they secure new employment.

With respect to Dr. Zhang and Ms. Wang, in addition to the severance benefits he or she would be entitled to receive under Chinese law upon a termination without cause or a resignation for good reason, or if we do not continue his or her employment upon expiration of the employment agreement, we are also obligated to pay him or her the monthly housing allowance multiplied by the number of years he or she has been employed with us, the continuation of his or her insurance benefits for the lesser of (i) six months and (ii) the remainder of the term of his or her employment agreement (the severance period), and his or her monthly salary during the severance period. Dr. Zhang and Ms. Wang would also be entitled to receive a payment of the bonus for the remainder of the year in which he or she was terminated to the extent that the bonus would have been earned had his or her employment continued through the end of such year.

Ms. Yu is not entitled to the severance benefits afforded under Chinese law because she is not a Chinese national. Rather, she is entitled to severance benefits based on her employment agreement with us. With respect to Ms. Yu, if we terminate her without cause or she terminates her employment with us for good reason, we are obligated to pay her (1) her monthly base salary in effect on the date of termination during the severance period, (2) her monthly housing allowance during the severance period and (3) the continuation of her insurance benefits during the severance period. She would also be entitled to receive a payment of the bonus for the remainder of the year in which she was terminated to the extent that the bonus would have been earned had Ms. Yu's employment continued through the end of such year.

Dr. Gong resigned as our Chief Operating Officer effective January 2009. Dr. Gong served as a consultant to us on strategic and major customer matters through February 2009 and received payment (including base salary, housing allowance and insurance from January 11 to February 28, 2009) in the amount of \$31,934.75 (including medical, travel and life insurance in March). In connection with Dr. Gong's separation, he agreed not to compete with us until March 2010. The non-competition provisions in the letter agreement replaced the non-competition provisions of Dr. Gong's June 2007 employee non-competition, non-solicitation, confidential information and work product agreement with us, but all other provisions of that agreement remain in effect. Dr. Gong's existing health benefits and life insurance continued through March 31, 2009. Options held by Dr. Gong to purchase 2,813 shares of our common stock continued to vest through April 15, 2009 in accordance with the applicable vesting schedules and these options, and all vested options he holds that have vested, are exercisable by him until June 30, 2009. Restricted stock units held by Dr. Gong that would otherwise have been settleable upon vesting on February 28, 2009 by our issuance to Dr. Gong of 6,250 shares of our common stock will instead not vest until July 31, 2009 and will be subject to forfeiture in the event of Dr. Gong's non-compliance

with any provision of the letter agreement or his employee non-competition, non-solicitation, confidential information and work product agreement.

Compensation for Independent Directors in 2008

Non-management directors' compensation is guided by the following goals: compensation should fairly pay directors for work required in a company of our size and scope; compensation should align directors' interests with the long-term interest of stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand. The compensation of non-management directors in 2008 is described in the narrative following the Director Compensation Table below.

SUMMARY COMPENSATION TABLE

The following table sets forth the compensation information during the fiscal years ended December 31, 2008, 2007 and 2006 for our Chief Executive Officer, Chief Financial Officer and our two other most highly compensated executive officers as of December 31, 2008. All of these individuals are collectively referred to as the named executive officers.

The amounts shown in the Option Awards and Stock Awards columns do not reflect compensation actually received by the named executive officers. Instead the amounts shown include the compensation cost recognized under SFAS 123R in respect of awards granted in 2008 and in prior years. For more information on SFAS 123R, refer to footnote (2) below.

- (1) The amounts shown represent the range of non-equity incentive bonus opportunities for each named executive officer under our 2008 Executive Bonus Plan. The plan is described in detail in the Compensation Discussion and Analysis above. Payment of bonuses under our 2008 Executive Bonus Plan was made on April 20, 2009, and actual payments are reflected in the Summary Compensation Table in the column titled Non-Equity Incentive Plan Compensation.
- (2) All stock awards were granted under our 2000 Stock Incentive Plan, as amended and relate to our common stock. The stock awards were granted in the form of restricted stock units. The terms of the restricted stock units are described in the section below entitled Terms of Stock Option and Restricted Stock Unit Awards Granted under our 2000 Stock Incentive Plan, as amended.

Executive Employment Agreements

We normally enter into three-year employment agreements with our named executive officers. Under these employment agreements, the named executive officers are generally entitled to (i) annual base salaries; (ii) annual performance-based cash bonus; and (iii) equity incentive compensation, in the form of restricted stock units, all as represented in the Summary Compensation Table for 2008. The employment agreements may also provide for the following additional benefits for the named executive officers: vacation time, sick leave, health and medical insurance, life and disability insurance, housing allowances, tuition/training reimbursement and tax equalization.

The employment agreements generally provide for continued employment until termination by either party. We may terminate any of the named executive officers' employment with or without cause at any time. However, if the termination is without cause, we must provide the named executive officer with thirty days' prior notice of termination. If we terminate without cause or a named executive officer terminates his or her employment for good reason (each as defined below under the heading Potential Payments Upon Termination or Change-in-Control), the named executive officer will be entitled to the following, except as noted below:

payments equal to the named executive officer's monthly base salary (which includes his or her housing allowance) in effect on the date of termination for the shorter of (i) six months and (ii) the remainder of the term of the named executive officer's employment agreement; and

insurance benefits for so long as we are obligated to pay severance.

Notwithstanding the provisions above with respect to our severance obligations, if, under the applicable Chinese law, any portion of the employment agreements is at any time deemed to be in conflict with any applicable statute, rule, regulation or ordinance, such portion will be deemed to be modified or altered to conform to such applicable statute, rule, regulation or ordinance, or, if that is not possible, to be omitted from such agreement. As such, Chinese law will be applied if, at the time of such determination, the severance benefits provided under Chinese law is greater than that which the named executive officer would be entitled to receive under his or her employment agreement.

If in addition, if we terminate a named executive officer's employment without cause and the termination is within the one-year period following a change-in-control (as defined below under the heading "Potential Payments Upon

Termination or Change-in-Control) of us, except as noted below, all of the named executive officer's stock options and other stock awards will become immediately exercisable.

Also, if we terminate a named executive officer's employment agreement without cause, if a named executive officer terminates his or her employment agreement for good reason or if a named executive officer dies or becomes disabled, the named executive officer will be entitled to receive the bonus to which he or she would have been entitled had he or she continued to be employed through the end of the then current year.

The employment agreements also require the named executive officers to enter into agreements providing for (i) assignment of intellectual property, (ii) confidential treatment of our proprietary information and (iii) during the term of their employment and for the following year, (a) non-solicitation of our employees, contractors, customers, suppliers and partners and (b) non-competition with us.

If a named executive officer violates the confidentiality, non-solicitation, non-competition and assignment of intellectual property agreement after the termination of his or her employment:

the named executive officer will not be entitled to any further payments from us;

any insurance or other benefits that have continued will terminate immediately; and

the named executive officer must reimburse us for any severance payments previously made by us to the named executive officer.

Terms of Restricted Stock Unit and Stock Option Awards Granted under Our 2000 Stock Incentive Plan

All equity awards granted in 2008 were granted pursuant to our 2000 Stock Incentive Plan, as amended, and provide for the following terms, as appropriate.

Restricted Stock Units

Under our 2000 Stock Incentive Plan, as amended, we may grant restricted stock units which represent the right to receive, upon vesting, at the discretion of our Compensation Committee, either one share of our common stock for each unit vested or an amount of cash equal to the then market value of one share of our common stock for each unit vested, in each case subject to any additional or different terms set forth in the applicable award agreement. Restricted stock units granted to date may only settle upon vesting in our common stock, and we expect that generally we will continue to grant restricted stock units that may only settle upon vesting in our common stock. With respect to restricted stock units granted to our named executive officers, 25% of the restricted stock units vest each year, beginning on the first anniversary of the grant date.

Stock Options

We have not granted any stock options to our named executive officers since July 2005. However, granted stock options as reflected in the Outstanding Equity Awards at Fiscal Year End Table are subject to the following terms and conditions. Unless our Compensation Committee determined otherwise, 25% of the stock options vested on the first anniversary of the grant date and the remaining 75% vest ratably in three-month intervals over the next three years following the first-year anniversary, with 100% vesting occurring on the fourth anniversary of the grant date. The exercise prices of the stock options were determined based on the fair market value of a share of our common stock on the date of grant. Under our 2000 Stock Incentive Plan, the fair market value is determined as of the last business day for which the prices or quotes for our common stock are available prior to the date an option is granted and is equal to the average, on such date, of the high and low prices of our common stock on the Nasdaq Global Select Market. The stock options are only exercisable into our common stock and have a term of ten years.

Edgar Filing: SOHU COM INC - Form DEF 14A

As described above under the heading Employment Agreements, if we terminate any named executive officer's employment without cause, and the termination is within the one-year period following a change-in-control, all of such named executive officer's stock options and other stock awards will become immediately exercisable.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Severance Benefits and Change-in-Control Arrangements

As discussed in the narrative description following the Grants of Plan-Based Awards Table, we have entered into employment agreements with each of our named executive officers. These agreements, along with Chinese law requirements which are discussed in the Compensation Discussion and Analysis under the heading Severance Benefits, provide for certain payments and other benefits if a named executive officer's employment with us is terminated under circumstances specified in his or her respective agreement, including a change-in-control of us. Chinese law requirements also provide for certain payments and benefits if an employment agreement is not renewed. A named executive officer's rights upon the termination of his or her employment will depend upon the circumstances of the termination. Central to an understanding of the rights of each named executive officer under the employment agreements is an understanding of the definitions of cause, change-in-control, good reason and disability that are used in those agreements. For purposes of the employment agreements such terms have the following meanings:

cause means:

Edgar Filing: SOHU COM INC - Form DEF 14A

willful misconduct or gross negligence by the named executive officer, or any willful or grossly negligent omission to perform any act, resulting in injury to us;

misconduct or negligence of the named executive officer that results in gain or personal enrichment of the named executive officer to our detriment;

breach of any of the named executive officer's agreements with us, including, but not limited to, the repeated failure to perform substantially the named executive officer's duties to us, excessive absenteeism or dishonesty;

any attempt by the named executive officer to assign or delegate his or her employment agreement or any of the rights, duties, responsibilities, privileges or obligations thereunder without our prior consent (except in respect of any delegation by the named executive officer of his employment duties thereunder to our other employees in accordance with our usual business practice);

the named executive officer's indictment or conviction for, or confession of, a felony or any crime involving moral turpitude under the laws of the U.S. or any State thereof, or under the laws of China or Hong Kong;

declaration by a court that the named executive officer is insane or incompetent to manage his or her business affairs;

habitual drug or alcohol abuse which materially impairs the named executive officer's ability to perform his or her duties; or

filing of any petition or other proceeding seeking to find the named executive officer bankrupt or insolvent.

change-in-control means the occurrence of any of the following events:

any person (within the meaning of Section 13(d) or Section 14(d)(2) of the Securities Exchange Act of 1934) other than us, any trustee or other fiduciary holding securities under an employee benefit plan of Sohu or any corporation owned, directly or indirectly, by our stockholders in substantially the same proportion as their ownership of our common stock, becomes the direct or beneficial owner of securities representing 50% or more of the combined voting power of our then-outstanding securities;

during any period of two consecutive years after the date of the named executive officer's employment agreement, individuals who at the beginning of such period constitute our Board, and all new directors (other than directors designated by a person who has entered into an agreement with us to effect a transaction

22

described in the first, third and fourth bullet point of this definition) whose election or nomination to our Board was approved by a vote of at least two-thirds of the directors then in office, cease for any reason to constitute at least a majority of the members of our Board;

the effective date of a merger or consolidation of us with any other entity, other than a merger or consolidation which would result in our voting securities outstanding immediately prior to such merger or consolidation continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the surviving entity outstanding immediately after such merger or consolidation and with the power to elect at least a majority of the board of directors or other governing body of such surviving entity;

our complete liquidation or the sale or disposition by us of all or substantially all of our assets; or

there occurs any other event of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A (or a response to any similar item on any similar schedule or form) promulgated under the Securities and Exchange Act of 1934, whether or not we are then subject to such reporting requirements.

disability means the named executive officer becomes physically or mentally impaired to an extent which renders him or her unable to perform the essential functions of his or her job, with or without reasonable accommodation, for a period of six consecutive months, or an aggregate of

Edgar Filing: SOHU COM INC - Form DEF 14A

nine months in any two year period.

good reason means the occurrence of any of the following events without the named executive officer's express written consent, provided that the named executive officer has given notice to us of such event and we have not remedied the problem within fifteen days:

any significant change in the duties and responsibilities of the named executive officer inconsistent in any material and adverse respect with the named executive officer's title and position (including status, officer positions and reporting requirements), authority, duties or responsibilities as contemplated by the named executive officer's employment agreement.

any material breach by us of the employment agreement with the named executive officer, including without limitation any reduction of the named executive officer's base salary or our failure to pay to the named executive officer any portion of his or her compensation; or

the failure, in the event of a change-in-control in which we are not the surviving entity, of the surviving entity or the successor to our business to assume the named executive officer's employment agreement pursuant to its terms or to offer the named executive officer employment on substantially equivalent terms to those set forth in such employment agreement.

23

Potential Payments

The table that follows summarizes the estimated potential post-employment compensation that would have been payable to our named executive officers if the named executive officers' employment was terminated as described in the table below on December 31, 2008. Such amounts do not reflect any actual payments to be received by the named executive officers. In addition, for purposes of the calculations, we have assumed that the fair market value of our common stock is \$47.34, the closing price of our common stock as quoted on the Nasdaq Global Select Market on December 31, 2008, the last trading day of the 2008 fiscal year.

- (1) Severance payments are made ratably over the severance period according our standard payroll practices.
- (2) Both Dr. Zhang and Ms. Wang would have been entitled to the severance benefits under Chinese law as these benefits would have been greater than their severance benefits under their employment agreement with us.
- (3) In the event of a voluntary resignation for good reason or an involuntary termination without cause, our named executive officers are each entitled to receive payments of the bonus for the remainder of the year of the termination, but only to the extent that the bonus would have been earned had the named executive officers continued in employment through the end of such year, as determined in good faith by our Chief Executive Officer, Board or our Compensation Committee based on the specific corporate and individual performance targets established for such fiscal year, and only to the extent that bonuses were paid for such fiscal year to other similarly situated employees. The payment of the entire 2008 bonus rests on the assumption that each of the named executive officers voluntarily resigned for

good reason and/or was terminated without cause as of December 31, 2008 and that no additional bonus would have been due as a result of the termination.

Edgar Filing: SOHU COM INC - Form DEF 14A

In the event of a termination of named executive officer's employment by reason of death or disability, they or their estates or representatives, as applicable, are entitled to receive the bonus for the year in which the death or disability occurs to the extent that a bonus would have been earned had named executive officers continued in employment through the end of such year, as determined in good faith by our Chief Executive Officer, Board or our Compensation Committee based on the specific corporate and individual performance targets established for such fiscal year, and only to the extent that bonuses are paid for such fiscal year to other similarly situated employees. The payment of the entire 2008 bonus rests on the assumption that each of the named executive officers voluntarily resigned for good reason and/or was terminated without cause as of December 31, 2008 and that no additional bonus would have been due as a result of the termination.
