## Edgar Filing: INTERLEUKIN GENETICS INC - Form 8-K

Item 1.01 Entry into a Definitive Material Agreement.

On March 3, 2005, Interleukin Genetics, Inc. announced that it had entered into two new research agreements with Access Business Group LLC, a subsidiary of Alticor Inc., and that it had amended its Stock Purchase Agreement and Distribution Agreement with other affiliates of Alticor. Under the new research agreements, Interleukin Genetics will conduct research to develop risk assessment tests for the Asian market and undertake exploratory research to identify new product opportunities. Under these agreements, Interleukin Genetics is eligible to receive up to \$5.0 million in additional research funding over a period of 24 months beginning on April 1, 2005.

The Stock Purchase Agreement was modified to extend the availability of Interleukin's existing \$1.5 million line of credit for two more years through March 5, 2007, and to extend until March 5, 2007 the period during which Alticor and its affiliates are restricted from selling shares of Series A Preferred Stock acquired in March 2003. The credit facility is available for Interleukin to draw against in connection with expenditures related to new or expanded strategic partnerships or strategic collaborations. The Distribution Agreement was amended to require a \$2.0 million pre-payment by Alticor for future tests to be processed by Interleukin upon the achievement by Interleukin of a certain milestone in connection with its DNA Testing Laboratory.
