REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Participants and Plan Administrator

InterDigital Communications Corporation Savings and Protection Plan
King of Prussia, Pennsylvania

We have audited the accompanying statements of net assets available for benefits of the InterDigital Communications Corporation Savings and Protection Plan (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Edgar Filing: INTERDIGITAL COMMUNICATIONS CORP - Form 11-K

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

INTERDIGITAL COMMUNICATIONS CORPORATION
SAVINGS AND PROTECTION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the InterDigital Communications Corporation Savings and Protection Plan (the Plan) is provided for general information purposes. Plan participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan of InterDigital Communications

Edgar Filing: INTERDIGITAL COMMUNICATIONS CORP - Form 11-K

Corporation and its participating subsidiaries (the Company or InterDigital) for eligible employees over the age of 18 and who have completed one month of service with the Company. Beginning in 2004, individuals employed by the Company as part of an academic course of study, such as a work-study program, co-op program or similar arrangements, are not eligible. The Plan was established effective February 1, 1985 and restated January 1, 1997. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Investors Bank & Trust Company is the trustee of the Plan.

Contributions

All participant contributions are made on a before-tax basis. Each participant may invest from 1% to 100% of annual compensation as a basic contribution. The total of the basic and supplemental contributions cannot exceed Internal Revenue Service (IRS) limitations for each plan year. For the 2005 and 2004 plan years, the total IRS limits were \$14,000 and \$13,000, respectively. In addition, participants who have attained the age of 50 may make pre-tax contributions that exceed the Internal Revenue Code limitations. The maximum additional annual contribution beginning in 2002 was \$1,000 and will increase in \$1,000 increments each year through 2006. If a participant's annual contributions exceed the dollar limitation set by the IRS, thereby requiring a distribution of such excess contributions, the participant will forfeit any employer matching contributions related to the distribution amount. Amounts forfeited will be used to reduce future employer contributions.

The Company may, at its sole discretion, contribute to the Plan through matching contributions and/or discretionary contributions. Beginning July 2001, the Company matches 50% of each participant's contribution, up to a maximum of 6% of the participant's pretax annual basic compensation, as defined by the Plan. The Company match is directed by the Company to the InterDigital Stock Fund and may be immediately transferred to other investment alternatives by the participants. Discretionary contributions are lump sum payments made to the Plan as determined from time-to-time by the Board of Directors of the Company. In first quarter 2006 and 2005, the Company contributed 24,087 and 32,632 shares of InterDigital stock, respectively, valued at \$442,062 and \$567,808, respectively. These contributions were associated with the Company's performance in 2005 and 2004, respectively. The Plan recorded a related receivable at December 31, 2005 and 2004.

The Internal Revenue Code limits the amount of pay that may be used to determine contributions. The limit was \$210,000 in 2005 and \$205,000 in 2004. The Internal Revenue Code also limits the amount of all contributions that can be made for or by a participant to the Plan in a given year. The limit is the lesser of 100% of pay or \$42,000 for 2005, and the lesser of 100% of pay or \$41,000 for 2004.

Employee rollover contributions from other qualified retirement plans are permitted; such contributions are subject to the conditions and procedures set forth in the Plan.

Participant Accounts

Each participant's account is credited with that participant's contributions and allocations of the Company's matching and discretionary contributions and Plan earnings and losses. Allocations of discretionary contributions are based on a participant's annual compensation relative to the total compensation of all other participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Terminating participants forfeit unvested Company contributions. Forfeitures are used to pay Plan expenses or reduce employer contributions.

Edgar Filing: INTERDIGITAL COMMUNICATIONS CORP - Form 11-K

INTERDIGITAL COMMUNICATIONS CORPORATION SAVINGS AND PROTECTION PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their salary deferral and rollover contributions. Vesting in Company contributions is based on length of service. Participants vest 33 1/3 % on each of their first three anniversaries of employment.

Participants Loans

Any participant who is an active employee may apply for a secured loan provided the request does not exceed the lesser of 50% of their vested account balance or \$50,000. The minimum loan amount was \$500 during 2005 and 2004. Only one loan per participant may be made every 365 days and all loans are subject to approval by the Company as Plan Administrator. Loan terms are limited to five years set at the inception of each loan. Interest rates are set at an annual rate of prime + 1%. The rates of outstanding loans at December 31, 2005 and 2004 range between 4.0% and 8.0%. Interest paid by the participant is credited to the participant's account. If a participant's balance remains unpaid for more than 90 days after it is due, the loan will be in default on the outstanding loan amount and the participant's vested account will be reduced by the amount of the unpaid principal and interest. The unpaid amount is treated as a taxable withdrawal and is subject to federal income taxes. Loans in default, in principle plus interest, at December 31, 2005 and 2004 were \$15,501 and \$20,193, respectively. Beginning in 2004, outstanding loans became due and payable in-full 60 days after the related participant ceases to be an employee and a party-in-interest, as defined by ERISA, or after complete termination of the Plan.

When a participant receives a distribution from the Plan, any outstanding principal plus accrued interest will be deducted from the amount of the distribution. A participant may then either default on the loan or make arrangements to continue loan repayments beyond when they become entitled to a distribution as long as their remaining interest in the Plan exceeds their outstanding loan balance.

Payment of Benefits

If a participant retires, dies, becomes permanently disabled, or otherwise separates from the Company, the participant or participant's beneficiary is entitled to the vested amount of their account as valued on the applicable valuation date. In the event of a participant's death, distribution of their account will be made as soon as administratively practicable upon the receipt of appropriate documentation from their designated beneficiary. Distributions for reasons of retirement, permanent disability, or termination will be made upon written request. Distributions from a participant's account are typically made, subject to certain limitations, using a single installment or deferred payment.

Plan Termination

The Company may amend or suspend the Plan and may terminate the Plan at any time subject to the provisions of ERISA; although there is no present intent to do so. However, no such action may cause the Plan's assets to be used for purposes other than the exclusive benefit of the participants and their beneficiaries. If

Edgar Filing: INTERDIGITAL COMMUNICATIONS CORP - Form 11-K

the Plan is terminated, all such participant's accounts shall become fully vested and all accounts of participants shall be distributed as soon as administratively possible.

Investment Options

All investments are participant directed except for the Company's matching and profit sharing contribution, which by the terms of the Plan is directed by the Company to the InterDigital Stock Fund. Participants may reallocate their holdings among available investment options at any time. However, prior to 2004, participants could not reallocate that portion of their Plan account that was attributable to the Company's matching contribution made after June 2001. Fund descriptions below were obtained from fund brochures and other Plan documents:

InterDigital Stock Fund -----

This Fund invests in the Common Stock of InterDigital Communications Corporation.

Plan Amendments -----

In June 2001, the Compensation Committee of the Board of Directors of the Company authorized an amendment to the Plan to include increasing the Company's matching contribution from 25% to 50% of the first 6% of a participant's annual compensation that a participant contributes to the Plan, (paying the additional 25% matching contribution in the Company's Common Stock), adding the Company's Common Stock to the selection of investments under the Plan, permitting an additional discretionary year-end matching contribution and, effective for employees hired on or after January 1, 2004, extending the vesting period of the Company's matching contributions to 36 months from the commencement of employment. The prior vesting policy permitted immediate vesting of 33% upon commencement of employment and vesting of 67% and 100% on the first and second anniversaries of commencement of employment, respectively. Under the current vesting policy, participants vest 33 1/3% on each of their first three anniversaries of employment.

In August 2001, 400,000 shares of the Company's authorized but unissued Common Stock were reserved for issuance to the account of participants in the Plan as matching contributions. An agreement was entered into between the Company, on behalf of the Plan, and Web401(k).com and Fidelity Investments to serve as third party administrator and custodian, respectively, of the InterDigital Stock Fund. As more fully discussed in Note 3, Diversified replaced Principal, Web 401(k) and Fidelity Investments in these capacities in 2004.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

Accounting records are maintained by the custodian on the cash basis of accounting. The financial statements of the Plan reflect all material adjustments to place the financial statements on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

-8-

INTERDIGITAL COMMUNICATIONS CORPORATION SAVINGS AND PROTECTION PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments in pooled separate accounts are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The InterDigital Stock Fund is valued at its year-end unit closing price (comprised of common stock market price plus uninvested cash position). Participant loans are valued at cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2005 and 2004, forfeited non-vested accounts totaled \$43,183 and \$8,000, respectively. These forfeited accounts were fully utilized to reduce employer matching contributions in 2005 and 2004.

NOTE 3 - CUSTODIAN AND THIRD PARTY ADMINISTRATOR

Effective January 1, 2004, the Plan appointed Diversified to replace Principal as the custodian and third party administrator for the majority of Plan Assets.

Edgar Filing: INTERDIGITAL COMMUNICATIONS CORP - Form 11-K

Also effective January 1, 2004, Diversified replaced Web 401(k) and Fidelity Investments as the third party administrator and custodian, respectively, of Company common stock held by the Plan.

On December 31, 2003, Principal converted a portion of the Plan's holdings into cash in preparation for the transfer of funds to Diversified. In January 2004, Principal transferred approximately \$13.9 million cash to Diversified. Diversified invested these funds into investment options offered by Diversified, in accordance with the instructions of each participant. In January 2004, Principal and Fidelity (as custodians) also transferred Company common stock with a total fair value of approximately \$1.8 million, as of December 31, 2003, to Diversified.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Plan invests in shares of the Company's common stock through the InterDigital Stock Fund. In 2005 and 2004, the Plan also invested in funds with Diversified. Transactions in such investments qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 8 - TAX STATUS

The IRS has determined and informed the Company by letter dated June 13, 2005 that the Plan satisfies the qualification requirements under Internal Revenue Code Section 401(a) and that the trust maintained in connection with the Plan satisfies the requirements for exemption under Section 501(a) of the Internal Revenue Code. The Company believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 9 - RECENT ACCOUNTING PRONOUNCEMENTS

In December 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position (FSP) AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans. This FSP amends the guidance in AICPA SOP 94-4, Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans, with respect to the definition of the fully benefit-responsive and the presentation and disclosure of fully benefit-responsive investment contracts. The financial statement presentation and disclosure guidance in FSP AG INV-1 and SOP 94-4-1 is effective for financial statements for the Plan years ending after December 15, 2006. The Plan intends to adopt the financial presentation and disclosure guidance in the FSP in the financial statements for the Plan year ending December 31, 2006.
