Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

**Item 2.02. Results of Operations and Financial Condition**

Attached and being furnished hereby as Exhibit 99.1 is a copy of a press release of International Flavors & Fragrances Inc. ("IFF" or the "Company") dated August 5, 2009 reporting IFF's financial results for the quarter ended of June 30, 2009.

An audio Web cast, to discuss the Company's second quarter 2009 financial results and outlook, will be held today at 10:00 a.m. EDT on August 5, 2009. Interested parties can access the Web cast and accompanying slide presentation on the Company's Web site at [www.iff.com](http://www.iff.com), under the Investor Relations section. For those unable to listen to the live broadcast, a replay will be available on the Company's Web site approximately one hour after the event and will remain available on the IFF Web site until August 19, 2009.

Non-GAAP financial measures: To supplement the Company's financial results presented in accordance with U.S. Generally Accepted Accounting Principles ("GAAP"), the Company uses, and has also included in the attached press release or as part of its webcast, certain non-GAAP financial measures. These non-GAAP financial measures should not be considered in isolation, as a substitute for, or superior to, financial measures calculated in accordance with GAAP. These non-GAAP financial measures as disclosed by the Company may also be calculated differently from similar measures disclosed by other companies. To ease the use and understanding of our supplemental non-GAAP financial measures, the Company includes the most directly comparable GAAP financial measure.

The Company discloses, and management internally monitors, the sales performance of international operations on a basis that eliminates the positive or negative effects that result from translating foreign currency sales into U.S. dollars. Management uses this constant dollar measure because management believes that it enhances the assessment of the sales performance of the Company's international operations and the comparability between reporting periods.

The Company uses non-GAAP financial operating measures which exclude: in 2009 and 2008, employee separation and restructuring charges and in 2008, (i) the benefit of an insurance recovery; and (ii) the benefit of favorable tax rulings relating to prior periods. Management uses, and will use, these non-GAAP financial measures in evaluating actual performance for the reporting period in relation to historical performance, both for the Company alone and against other companies, as well as in assessing management's own performance. The Company also calculates EBITDA amounts (earnings before interest, taxes, depreciation and amortization) as an additional indicator of its financial performance. At times, the Company may disclose free cash flow as a measurement of cash flow that is available for investing and financing activities. The Company also discloses, from time to time, non-GAAP effective tax rates, which exclude the effect of the benefits of tax rulings relating to prior years, as additional information in seeking to assess and compare our tax rates without the benefit of particular tax rulings related to prior periods.

Management believes that given the special nature of these items, including information without the impact of these items, provides added information and an added financial metric, for both management and investors, to evaluate and understand the Company's operational performance and effective tax rate, as applicable, which assists management and may assist investors in evaluating the Company's period to period financial results. A material limitation of these financial measures is that such measures do not reflect actual GAAP amounts; employee separation and restructuring charges include actual cash outlays; and tax benefits and the insurance recovery reflect actual accounting and cash benefits realized. Management compensates for such limitations by clarifying that these measures are only one operating metric used for analysis and planning purposes and by providing the corresponding GAAP financial measures and a reconciliation to the corresponding GAAP financials measures on IFF's website at [www.iff.com](http://www.iff.com) under the Investor Relations section.
