ITEM 5. Other Events and Regulation FD Disclosure

On December 26, 2000, Careside Inc. (the "Company") received notice from the American Stock Exchange (the "Exchange") indicating that the Exchange has determined that the Company no longer complies with the Exchange's continued listing standards and that the Exchange intends to file an application with the Securities and Exchange Commission (the "SEC") to strike the Company's common stock from listing and registration on the Exchange. The Company does not intend to appeal the determination of the Exchange. The delisting from the Exchange will become effective on January 3, 2003.

The Company's common stock has been suspended from trading since October 18, 2002 as a consequence of the Company's voluntary filing for bankruptcy protection under Chapter 11 of the United States Code.

The notice indicated that the Exchange had determined that the Company no longer complies with the Exchange's continued listing standards under the Exchange's Company Guide because the Company is below the requirements of: (i) Section 1003(a)(i) of the Exchange's Company Guide in that the Company's stockholders equity is less than \$2,000,000 and the Company has sustained losses from continuing operations and/or net losses in two of its three most recent fiscal years; and (ii) Section 1003(a)(iv) of the Exchange's Company Guide in that the Company has sustained losses which are so substantial in relation to its overall operations or its existing financial resources, or its financial condition has become so impaired that it appears questionable, in the opinion of the Exchange, as to whether the Company will be able to continue operations and/or meet its financial obligations as they mature.
