**ITEM 1.01 Entry Into a Material Definitive Agreement**

On May 26, 2005, Duke Capital LLC (DCLLC), a wholly-owned subsidiary of the registrant, executed a definitive agreement with ConocoPhillips, DCLLC's co-equity owner in Duke Energy Field Services, LLC (DEFS), to reduce DCLLC's ownership interest in DEFS from 69.7% to 50%, which would result in DCLLC and ConocoPhillips becoming equal 50% owners in DEFS. The execution of this definitive agreement was contemplated in the agreement between the registrant and ConocoPhillips executed on February 24, 2005 and described in the registrant's Form 8-K filed on March 2, 2005, which agreement was terminated on May 26, 2005, as result of the execution of the definitive agreement.

Pursuant to the definitive agreement, DCLLC will receive directly and indirectly through its ownership interest in DEFS approximately \$1.1 billion in cash and assets from ConocoPhillips and DEFS. The transaction includes the transfer to DCLLC of DEFS' Canadian business and of ConocoPhillips' interest in the Empress System gas processing and natural gas liquids marketing business. The DEFS Canadian business consists of natural gas gathering and processing facilities in Canada. The Empress System operations include natural gas liquids extraction and fractionation facilities in Canada and related liquids transportation and storage operations. The transaction will also include the payment from ConocoPhillips to DEFS of cash in lieu of ConocoPhillips' New Mexico gas gathering, processing and natural gas liquids marketing business. The DEFS restructuring transaction, which is subject to receipt of customary United States and Canadian regulatory approvals, is expected to close late in the second quarter or early in the third quarter of 2005.

As previously announced, the registrant has made available today on its website (<http://www.duke-energy.com/investors/events/2005/022405febchat>) a worksheet to facilitate the understanding of the financial statement implications associated with the registrant's deconsolidation of Duke Energy Field Services, LLC. In light of these risks, uncertainties and assumptions, the events described in the forward-looking statements might not occur or might occur to a different extent or at a different time than the registrant has described. The registrant undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
