Item 1.01 Entry into a Material Definitive Agreement.

On June 6, 2012, Exide Technologies, a Delaware corporation (“Exide” or “Company”), entered into a definitive Master Settlement Agreement (the “Agreement”) with the City of Frisco, Texas, a local governmental authority (“Frisco”), Frisco Economic Development Corporation, a Texas non-profit corporation (“EDC”), and Frisco Community Development Corporation, a “Texas non-profit corporation (“CDC” and, together with Frisco and EDC, the “Frisco Parties”).

The Agreement settles prior disputes related to Exide’s recycling operations on its property in Frisco, Texas. The Agreement requires Exide to cease business operations at its Frisco recycling center no later than December 31, 2012. Additionally, under the terms of the Agreement, Exide will sell certain parcels of property comprising approximately 180-acres of undeveloped land surrounding Exide’s Frisco operations (the “Subject Property”) to the CDC and EDC. Exide will retain ownership of the federal and state permitted plant site (the “Plant Site”), will remove all vertical structures with the exception of an administrative office building and wastewater treatment plant, and maintain the vacated Plant Site in accordance with U.S. Environmental Protection Agency and Texas Commission on Environmental Quality (TCEQ) regulations. Exide expects to net approximately \$37 to \$40 million from the \$45 million in cash consideration it receives from the sale of the Subject Property and the closure of the Plant Site, after reductions for severance and Plant Site remediation. This will have a favorable impact on pre-tax income of approximately \$18 to \$23 million. Exide currently expects to receive the \$45 million during calendar 2013, subject to the satisfaction of certain conditions included in the Agreement.

Following the clean-up and removal activities on the Plant Site, Exide will be required to conduct remediation of certain parcels comprising the Subject Property in accordance with specified environmental standards and will be reimbursed by the Frisco Parties for expenses related to this remediation.

The parties to the Agreement have made customary representations, warranties and covenants, and the completion of the transaction is subject to completion of environmental due diligence or remediation, as applicable, on specified parcels of the Subject Property, specified regulatory and environmental approvals, and other customary closing conditions.

The foregoing descriptions of the Agreement do not purport to be complete and are qualified in their entirety by reference to the Agreement, a copy of which is attached hereto as Exhibit 2.1 and incorporated herein by reference. A copy of the press release announcing the intention of Exide and the Frisco Parties to enter into the Agreement is attached hereto as Exhibit 99.1 and incorporated herein by reference.

Item 2.02 Results of Operations and Financial Condition.

Attached as Exhibit 99.2, is a copy of the press release dated June 7, 2012, which contains information regarding the Company's results of operations and financial condition for the fiscal quarter and fiscal year ended March 31, 2012. The information furnished pursuant to 2.02, including Exhibit 99.2, shall be deemed furnished but not filed.

Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On June 1, 2012, Exide’s Board of Directors approved amendments to the Company's Amended and Restated Bylaws (the "Bylaws"). The amendments include the additions of Sections 2.03 (iii) and 2.03 (v) to Article II of the Bylaws which require stockholder proponents to update within 10 days of the annual meeting, if necessary, certain information that must be delivered to Exide to either propose business or nominate directors at that annual meeting.

The above description of the amendments is not complete and is qualified in its entirety by reference to the Bylaws, as amended, a copy of which is attached hereto as Exhibit 3.1.
