ABOUT CAMTEK LTD.

Overview

Camtek provides automated and technologically advanced solutions dedicated to enhancing production processes and increasing yields, enabling and supporting customers' latest technologies in the semiconductor fabrication and packaging industry as well as the printed circuit board and the integrated circuit substrate industries.

Camtek addresses the specific needs of these interconnected industries with dedicated solutions based on a diverse platform of advanced technologies including intelligent imaging and image processing. Camtek's products range from micro-to-nano solutions by applying its technologies to the industries' specific requirements.

We design, develop, manufacture and market products mainly based on our core technology, automated optical inspection, or AOI. In addition, we develop products based on our functional inkjet technology, or FIT.

AOI systems are computerized systems that optically inspect various types of electronic product components for defects caused during the manufacturing process. Our AOI systems are used to enhance both production processes and yields for manufacturers in the semiconductor fabrication and packaging industry as well as the printed circuit board and the integrated circuit substrate industries. Our systems provide our customers with a high level of defect detection ability, are easy to operate and offer high productivity.

Our AOI products incorporate proprietary advanced image processing software and algorithms, as well as advanced electro-optics and precision mechanics. They are designed for easy operation and maintenance. In addition, our AOI systems use technology that enables our customers to address a wide range of inspection and verification needs.

Our products to be based on FIT are intended to provide a high performance, one-step, environment-friendly, more accurate and relatively low-cost process for digital deposition of solder mask in comparison with current, traditional analog process using artwork. In the future, the technology may also be applicable to various other applications in the field of electronic manufacturing. Since August 2016, following our decision to reorganize our mode of operation in connection with this technology, we have ceased supporting our previous line of FIT systems (the Gryphon) and plan to develop a new generation of digital printer, in order to better align the technology to market requirements. If and when available, the new generation of digital printers and the related proprietary technology should enable us to offer to our customers in the printed circuit board industry a broader range of products, while relying on our existing operational, research and development and sales and marketing infrastructure.

Our global direct customer support organization provides responsive, localized pre- and post- sales support for our customers through our wholly-owned subsidiaries.

The following table provides information regarding the selling shareholders' beneficial ownership of our ordinary shares as of March 26, 2017. Beneficial ownership is determined in accordance with the rules of the Commission and includes any ordinary shares as to which a person has sole or shared voting power or investment power and any ordinary shares which the person has the right to acquire within 60 days after March 26, 2017 through the exercise of any option, warrant or right or through the conversion of any convertible security. Except as indicated by footnote, we believe, based on information furnished to us, that each of the selling shareholders named in this table has sole voting and investment power with respect to the shares indicated as beneficially owned. The percentage of beneficial ownership is based upon 35,348,176 ordinary shares outstanding as of March 26, 2017.

(1) A majority of the voting equity in Prioritech Ltd, or Prioritech, is subject to a voting agreement. As a result of this agreement, Messrs. Rafi Amit, Yotam Stern, David Kishon, Zehava Wineberg and Hanoch Feldstien and the estates of Itzhak Krell (deceased) and Haim Langmas (deceased), may be deemed to control Prioritech. Prioritech's principal executive offices are located at South Industrial Zone, Migdal Ha'Emek 23150, Israel.

7

(2) We do not know when or in what amounts the selling shareholders may offer ordinary shares for sale. The selling shareholders may sell any or all of the ordinary shares offered by this prospectus. Because the selling shareholders may offer all or some of the ordinary shares pursuant to this offering, we cannot estimate the number of the ordinary shares that will be held by the shareholders after completion of this offering. However, for purposes of this table, we have assumed that, after completion of the offering, (i) none of the ordinary shares owned by any shareholder and covered by this prospectus will be held by that selling shareholder and (ii) none of the shares registered as part of the primary offering covered by this prospectus have been sold.

(3) Priortech has entered into, and may from time to time enter into further, lending agreements, or the Loan Agreements, with Meitav Dash Provident Funds and Pension Ltd., or the Lender, pursuant to which, inter alia, Priortech has pledged the 6,000,000 ordinary shares covered by this prospectus, or the pledged shares, to the Lender as partial security for Priortech's obligations under the Loan Agreements. The pledged shares are held by Reznik Paz Nevo Trusts Ltd., as the escrow agent, or the Escrow Agent, in favor of the Lender (as the lender) and Priortech (as the pledgor). Upon a default or breach by Priortech under the Loan Agreements, the Lender or the Escrow Agent are entitled to acquire beneficial ownership of some or all of the Pledged Shares, may be a selling shareholder hereunder and may sell or cause the sale of the pledged shares. In such event, Priortech's beneficial ownership of the ordinary shares may be reduced by the amount of any such transfer and the Lender's and the Escrow Agent's aggregate beneficial ownership of the ordinary shares would be increased by such amount. The Lender's principal executive offices are located at Champion Towers, 22nd Fl., 30 Sheshet HaYamim Street, Bnei-Brak 5112302 Israel. The Escrow Agent's principal executive offices are located at 14, Yad Harutzim St. Tel-Aviv, Israel 6770007, Israel.

(4) Priortech has granted the Lender a call option to acquire 1,650,000 of the Pledged Shares covered by this prospectus, or the option shares, from Priortech. The option has an exercise price of \$2.36 per share and may be exercised commencing on August 1, 2016 and ending August 1, 2021. Upon the Lender's exercise of the option, the Lender will acquire beneficial ownership of the option shares, may be a selling shareholder hereunder and may sell the option shares. In such event, Priortech's beneficial ownership of the ordinary shares would be reduced by the amount of any such transfer and the Lender's beneficial ownership of the ordinary shares would be increased by such amount. Commencing on the 24 month anniversary of the issuance date of the option until the option's expiration on August 1, 2021, the Lender may convert a portion of the option to options to purchase a maximum of 467,500 ordinary shares of Priortech, at a conversion ratio of 1 of our ordinary shares to 0.85 options for ordinary shares of Priortech. The exercise price of the option to purchase Priortech ordinary shares (after conversion) is NIS 20.50 per share (subject to certain adjustments).

Pursuant to and subject to the terms and conditions set forth in the amended and restated registration rights agreement we entered into with Priortech on December 30, 2004, as extended through December 31, 2019, or the Registration Rights Agreement, we agreed, among other things, to register resales of our ordinary shares under the Securities Act. We have also agreed to cause this registration statement to become effective and to keep such registration statement effective within and for the time periods set forth in the Registration Rights Agreement. Under the Loan Agreements, subject to and upon a transfer of beneficial ownership to the Lender as detailed above, Priortech has assigned its rights and obligations (in respect of the Pledged Shares transferred) under the Registration Rights Agreement to the Lender or the purchaser of the Pledged Shares following the foreclosure of the pledge.

We purchase products of, or sell products and services to, companies owned or controlled, directly or indirectly, by Priortech and act jointly with respect to governmental and administrative matters and the purchase from third parties of various products and services, which may create conflicts of interest. In addition, Mr. Rafi Amit serves as our Chairman of the Board of Directors and as our Chief Executive Officer, and, as of March 27, 2017, shall serve as our Chief Executive Officer only.

We will pay all expenses related to this registration, except for certain underwriting discounts or commissions or legal fees of the selling shareholders.

PLAN OF DISTRIBUTION

We, or the selling shareholders, may sell the offered securities on a negotiated or competitive bid basis to or through underwriters or dealers. We, or the selling shareholders, may also sell the securities directly to institutional investors or other purchasers or through agents. We will identify any underwriter, dealer, or agent involved in the offer and sale of the securities, and any applicable commissions, discounts and other terms constituting compensation to such underwriters, dealers or agents, in a prospectus supplement.

We, or the selling shareholders, may distribute our securities from time to time in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
 - at prices related to such prevailing market prices; or
- at negotiated prices.

Only underwriters named in the prospectus supplement are underwriters of our securities offered by the prospectus supplement.

If underwriters are used in the sale of our securities, such securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Unless stated otherwise in a prospectus supplement, the obligation of any underwriters to purchase our securities will be subject to certain conditions and the underwriters will be obligated to purchase all of the applicable securities if any are purchased. If a dealer is used in a sale, we may sell our securities to the dealer as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale. In effecting sales, dealers engaged by us, or the selling shareholders, may arrange for other dealers to participate in the resales.

We, or the selling shareholders, or our or their respective agents may solicit offers to purchase securities from time to time. Unless stated otherwise in a prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment. In addition, we, or the selling shareholders, may enter into derivative, sale or forward sale transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with such transaction, the third parties may, pursuant to this prospectus and the applicable prospectus supplement, sell securities covered by this prospectus and the applicable prospectus supplement. If so, the third party may use securities borrowed from us, the selling shareholders, or others to settle such sales and may use securities received from us, the selling shareholders, or others to close out any related short positions. We, or the selling shareholders, may also loan or pledge securities covered by this prospectus and the applicable prospectus supplement to third parties, who may sell the loaned securities or, in the event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement. The third party in such transactions will be an underwriter or a selling shareholder and will be identified in the applicable prospectus supplement or in a post-effective amendment.

In connection with the sale of our securities, underwriters or agents may receive compensation (in the form of discounts, concessions or commissions) from us, the selling shareholders, or from purchasers of securities for whom they may act as agents. Underwriters may sell securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of our securities may be deemed to be "underwriters" as that term is defined in the Securities Act, and any discounts or commissions received by them from us and any profits on the resale of the shares by them may be deemed to be underwriting discounts and commissions under the Securities Act. Compensation as to a particular underwriter, dealer or agent might be in excess of customary commissions and will be in amounts to be negotiated in connection with a transaction involving our securities. We will identify any such underwriter or agent, and we will describe any such compensation paid, in the related prospectus supplement. Maximum compensation to any underwriters, dealers or agents will not exceed any applicable Financial Industry Regulatory Authority limitations.

Underwriters, dealers and agents may be entitled, under agreements with us, to indemnification against and contribution toward payment of certain civil liabilities, including liabilities under the Securities Act.

If stated in a prospectus supplement, we, or the selling shareholders, will authorize agents and underwriters to solicit offers by certain specified institutions or other persons to purchase our securities at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specific date in the future. Institutions with whom such contracts may be made include commercial savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions, and other institutions, but shall in all cases be subject to our, or the selling shareholders', approval. Such contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth the commission payable for solicitation of such contracts. The obligations of any purchase under any such contract will be subject to the condition that the purchase of the securities shall not be prohibited at the time of delivery under the laws of the jurisdiction to which the purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of such contracts.

If underwriters or dealers are used in the sale, until the distribution of our securities is completed, Commission rules may limit the ability of any such underwriters and selling group members to bid for and purchase the securities. As an exception to these rules, representatives of any underwriters are permitted to engage in certain transactions that stabilize the price of the securities. Such transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities. If the underwriters create a short position in the securities in connection with the offering (in other words, if they sell more shares than are set forth on the cover page of the prospectus supplement), the representatives of the underwriters may reduce that short position by purchasing securities in the open market. The representatives of the underwriters also may elect to reduce any short position by exercising all or part of any over-allotment option we may grant to the underwriters, as described in the prospectus supplement. In addition, the representatives of the underwriters may impose a penalty bid on certain underwriters. This means that if the representatives purchase securities in the open market to reduce the underwriters' short position or to stabilize the price of our securities, they may reclaim the amount of the selling concession from the underwriters who sold those securities as part of the offering. In general, purchases of a security for the purpose of stabilizing or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The imposition of a penalty bid might also have the effect of causing the price of the securities to be higher than it would otherwise be. If commenced, the representatives of the underwriters may discontinue any of the transactions at any time. These transactions may be effected on any exchange on which our securities are traded, in the over-the-counter market, or otherwise.

Certain of the underwriters or agents and their associates may engage in transactions with and perform services for us, our affiliates or the selling shareholders in the ordinary course of their respective businesses.

In addition, the selling shareholders may sell ordinary shares under this prospectus in any of these ways. The selling shareholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. We are registering Priortech's ordinary shares to satisfy registration rights that we granted to Priortech pursuant to the Registration Rights Agreement. Under the Loan Agreements, subject to and upon a transfer of beneficial ownership to the Lender as detailed in "Selling Shareholders," Priortech has assigned its rights and obligations (in respect of the Pledged Shares transferred) arising under the Registration Rights Agreement to the Lender, including the right to indemnification described below.

We will indemnify the selling shareholders who are party to the Registration Rights Agreement, including Priortech or the Lender, in connection with any liabilities incurred in connection with this registration statement due to any misstatements or omissions other than information provided by the applicable selling shareholder, and each selling shareholder will indemnify us in connection with any liabilities incurred in connection with this registration statements due to any misstatements or omissions in written statements by the applicable selling shareholder made for the purpose of their inclusion in this registration statement, provided however that in no event will a selling shareholder's liability exceed the gross proceeds from the offering received by that selling shareholder. We will pay all expenses related to this registration, except for certain underwriting discounts or commissions or legal fees.

The selling shareholders may also sell all or a portion of the ordinary shares under Rule 144 under the Securities Act, Section 4(a)(1) under the Securities Act, Section 4(a)(7) under the Securities Act, or Regulation S under the Securities Act, if available, rather than under this prospectus.

The selling shareholders and any other person participating in a distribution of the securities covered by this prospectus will be subject to the applicable provisions of the Exchange Act and the rules and regulations thereunder. Regulation M of the Exchange Act may limit the timing of purchases and sales of securities by the selling shareholders and any other person. In addition, Regulation M may restrict the ability of any person engaged in the distribution of the securities being offered pursuant to this prospectus to engage in market-making activities with respect to our securities for a period of up to five business days before the distribution.

EXPENSES

We are paying all of the expenses of the registration of our securities under the Securities Act, including registration and filing fees, printing and duplication expenses, administrative expenses, accounting fees and the legal fees of our counsel. ENFORCEABILITY OF CIVIL LIABILITIES

We are incorporated under the laws of the State of Israel. Service of process upon our directors and officers, almost all of whom reside outside the United States, may be difficult to obtain within the United States. Furthermore, because the majority of our assets and investments and all of our directors and almost all of our officers are located outside the United States, any judgment obtained in the United States against us or any of our directors not residing in the United States may not be collectible within the United States. It may be difficult to assert U.S. securities law claims in original actions instituted in Israel. Israeli courts may refuse to hear a claim based on a violation of U.S. securities laws because Israel is not the most appropriate forum to bring such a claim. In addition, even if an Israeli court agrees to hear a claim, it may determine that Israeli law and not U.S. law is applicable to the claim. If U.S. law is found to be applicable, the content of applicable U.S. law must be proved as a fact, which can be a time-consuming and costly process. Certain matters of procedure will also be governed by Israeli law. There is little binding case law in Israel addressing these matters.

Subject to specified time limitations and legal procedures, Israeli courts may enforce a U.S. final judgment in a civil matter, including a judgment based upon the civil liability provisions of the U.S. securities laws, and including a judgment for the payment of compensation or damages in a non-civil matter, provided that:

- the judgment was given by a court which was, according to the laws of the state of the court, competent to give it;
- the judgment is executory in the state in which it was given;
- the judgment is no longer appealable;
- the judgment was not given by a court that is not competent to do so under the rules of private international law applicable in Israel;
- there has been due process;
- the obligation imposed by the judgment is enforceable according to the rules relating to the enforceability of judgments in Israel and the substance of the judgment is not contrary to public policy;
- the judgment was not obtained by fraud and does not conflict with any other valid judgment in the same matter between the same parties; and
- an action between the same parties in the same matter is not pending in any Israeli court or tribunal at the time the lawsuit is instituted in the U.S. court.

Even if these conditions are satisfied, an Israeli court will not enforce a foreign judgment if it was given in a state whose laws do not provide for the enforcement of judgments of Israeli courts (subject to exceptional cases) or if its enforcement is likely to prejudice the sovereignty or security of the State of Israel.

If a foreign judgment is enforced by an Israeli court, it generally will be payable in Israeli currency, which can then be converted into non-Israeli currency and transferred out of Israel. The usual practice in an action before an Israeli court to recover an amount in a non-Israeli currency is for the Israeli court to issue a judgment for the equivalent amount in

Israeli currency at the rate of exchange in force on the date of the judgment, but the judgment debtor may make payment in foreign currency. Pending collection, the amount of the judgment of an Israeli court stated in Israeli currency ordinarily will be linked to the Israeli consumer price index plus interest at the annual statutory rate set by Israeli regulations prevailing at the time. Judgment creditors must bear the risk of unfavorable exchange rates.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 8. Indemnification of Directors and Officers

Our Articles of Association allow the Company to indemnify and insure its office holders to the fullest extent permitted by law. The indemnification letters that are granted to each of the Company's present and future office holders, cover exemption from, indemnification and insurance of, certain liabilities imposed under the Israeli Companies Law, 1999, or the Companies Law, and applicable the Israeli Securities Law, 1968, or the Securities Law.

Our Articles of Association provide that, subject to the provisions of the Companies Law, we may:

(1) Obtain insurance for our office holders for liability for an act performed in their respective capacities as an office holder with respect to:

· a breach of the duty care to us or to another person;

· a breach of duty of loyalty to us, provided that the officer acted in good faith and had reasonable grounds to assume that the act would not prejudice our interests; and

· a financial liability imposed on an office holder for the benefit of another person.

Without derogating from the aforementioned, subject to the provisions of the Companies Law and the Securities Law, we may also enter into a contract to insure an office holder in respect of expenses, including reasonable litigation expenses and legal fees, incurred by an office holder in relation to an administrative proceeding instituted against such office holder or payment required to be made to an injured party, pursuant to certain provisions of the Securities Law.

(2) Undertake to indemnify our office holders or indemnify an office holder retroactively for a liability imposed or approved by a court, and for reasonable legal fees incurred by the office holder in his or her capacity as an office holder, in proceedings instituted against the office holder by the Company, on its behalf or by a third party, in connection with criminal proceedings in which the office holder was acquitted, or in connection with criminal proceedings in which the office holder was investigated but not indicted, or as a result of a conviction of a crime that does not require proof of criminal intent or as result of a proceeding in which a monetary liability was imposed regarding a crime that does not require proof of criminal intent. An advance undertaking to indemnify an office holder must be limited to categories of events that can be reasonably foreseen in light of our activities, and to an amount which is reasonable under the circumstances, as determined by the board of directors.

We may exempt, in advance, an office holder from all or part of such officer's liability for damages occurring as a result of a breach of the duty of care, to the fullest extent permitted by law. We may also approve an action taken by the office holder performed in breach of the duty of loyalty, if the office holder acted in good faith, the action does not adversely affect us, and the office holder has disclosed to our board of directors any personal interest in the action.

Notwithstanding the foregoing, we may not insure, indemnify or exempt an office holder for any (i) breach of the duty of loyalty, except that the company may enter into an insurance contract or indemnify an office holder if the office holder acted in good faith and had a reasonable basis to believe that the act would not prejudice the company; (ii) a breach of his or her duty of care if the act was committed recklessly or with intent, but unless the breach was solely negligent; (iii) act or omission committed with the intent to realize illegal personal gain; or (iv) fine, financial sanction or monetary settlement in lieu of criminal proceedings imposed on such office holder.

Edgar Filing: CAMTEK LTD - Form F-3

As required under Israeli law, our Compensation Committee and Board of Directors and, to the extent required under Israeli law, our shareholders, have approved the indemnification and insurance of our office holders, as well as the resolutions necessary both to (i) exempt our office holders in advance, from any liability for damages arising from a breach of their duty of care to us, to the fullest extent permitted by law, and (ii) to provide them with the indemnification undertakings and insurance coverage they have received from us in accordance with our Articles of Association.

Item 10. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information otherwise required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering; provided, however, that a post-effective amendment need not be filed to include financial statements and information otherwise required by Section 10(a)(3) of the Act or §210.3-19 if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement.

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(ii) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424; (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant; (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby further undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4), or 497(h) under the Securities Act of 1933 shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
