Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 2.02 Results of Operations and Financial Condition.

On June 21, 2006, Lee Enterprises, Incorporated (the "Company") furnished information relating to the operating cash flow of the Company and Pulitzer Inc., an indirect wholly-owned subsidiary of the Company, and as discussed more fully below.

Item 7.01 Regulation FD Disclosure.

Lee Enterprises, Incorporated (the Company) is furnishing information regarding certain non-GAAP financial measures in presentations made June 21, 2006. The contents of the presentations are available on the Company's website at www.lee.net.

The Company's presentation includes information concerning operating cash flow and operating cash flow margin (which are defined in the Company's presentations) and adjustments to diluted earnings per share, all of which represent non-GAAP financial measures. The Company believes that operating cash flow and related margin percentages are useful measures of evaluating its financial performance because of their focus on the results of the Company and its subsidiary, Pulitzer Inc. ("Pulitzer") because of the focus on their respective results of operations before depreciation and amortization. The Company also believes that these measures are several of the alternative financial measures of performance used by investors, lenders, lending agencies and financial analysts to estimate the value of the Company and evaluate its ability to meet debt service requirements. The Company believes that its presentation of non-GAAP earnings per share provides meaningful supplemental information to investors and financial analysts with which to evaluate the Company's financial performance by identifying elements of its earnings in the periods presented that may not be indicative of its core business operating results.

Pulitzer-only GAAP financial measures are not reported publicly by the Company. Accordingly, the reconciliations presented below may not be meaningful, except in the context of the financial statements of the Company, taken as a whole.

Information for Pulitzer and the Tucson newspaper partnership (Tucson) for the year ended December 2004 is based on results prior to the Company's acquisition of Pulitzer (including Tucson) on June 3, 2005, which includes different bases of accounting.

The following tables reconcile each non-GAAP financial measure to the most directly comparable measure under accounting principles generally accepted in the United States of America (GAAP).

Company**Operating Cash Flow and Operating Cash Flow Margin****Six Months Ended March 31**

		% of		% of	
(Millions)	2006	Revenue	2005	Revenue	
Operating cash flow, as adjusted	\$ 146.7	25.4	% \$ 96.3	27.3	%
