**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 19, 2007**

General

The enclosed Proxy is solicited on behalf of the Board of Directors of Silicon Laboratories Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on April 19, 2007 at 9:30 a.m. Central Standard Time at the Lady Bird Johnson Wildflower Center, 4801 La Crosse Avenue, Austin, Texas 78739, or at any adjournment thereof. These proxy solicitation materials were mailed on or about March 14, 2007 to all stockholders entitled to vote at the Annual Meeting.

Voting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying notice and are described in more detail in this Proxy Statement. On February 20, 2007, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, 54,864,256 shares of our common stock were outstanding and no shares of our preferred stock were outstanding. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on February 20, 2007. The presence, in person or by proxy, of the holders of a majority of our shares entitled to vote is necessary to constitute a quorum at the Annual Meeting or at any adjournment thereof. Stockholders may not cumulate votes in the election of directors. The vote of a plurality of the shares of our common stock present in person or represented by proxy at this meeting and entitled to vote on the election of directors is necessary for the election of a director. The nominee receiving the greatest number of votes at this meeting will be elected to our Board of Directors, even if he receives less than a majority of such shares.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (*i.e.*, a Proxy submitted by a broker or nominee specifically indicating the lack of discretionary authority to vote on the matter). Abstentions and broker non-votes will be counted as present for purposes of determining a quorum for the transaction of business, but will not be counted for purposes of determining whether each proposal has been approved.

Proxies

If the enclosed form of Proxy is properly signed and returned or you properly follow the instructions for telephone or internet voting, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the Proxy does not specify how the shares represented thereby are to be voted, the Proxy will be voted FOR the election of the director proposed by the Board of Directors unless the authority to vote for the election of such director is withheld and, if no contrary instructions are given, the Proxy will be voted FOR the approval of the selection of Ernst & Young LLP as our independent registered public accounting firm. You may revoke or change your Proxy at any time before the Annual Meeting by filing a notice of revocation or another signed Proxy with a later date with our Corporate Secretary at our principal executive offices at 400 West Cesar Chavez, Austin, Texas 78701. You may also revoke your Proxy by attending the Annual Meeting and voting in person.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the Proxy and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding in their names shares that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone or other means by directors, officers or employees. No additional compensation will be paid to these individuals for any such services. Except as described above, we do not presently intend to solicit Proxies other than by mail.

Deadline for Receipt of Future Stockholder Proposals

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, stockholder proposals to be presented at our 2008 annual meeting of stockholders and in our proxy statement and form of proxy relating to that meeting must be received by us at our principal executive offices at 400 West Cesar Chavez, Austin, Texas 78701, addressed to our Corporate Secretary, not later than November 14, 2007, the date which is at least 120 days prior to March 14, 2008. These proposals must comply with applicable Delaware law, the rules and regulations promulgated by the Securities and Exchange Commission (“SEC”) and the procedures set forth in our bylaws. Pursuant to our bylaws, stockholder proposals received after November 14, 2007 will be considered untimely. Unless we receive notice in the manner specified in the previous sentence, the proxy holders shall have discretionary authority to vote for or against any such proposal presented at our 2008 annual meeting of stockholders.

Director Nomination

In evaluating potential director candidates, the Nominating and Corporate Governance Committee considers the appropriate balance of experience, skills and characteristics required of the Board of Directors and seeks to ensure that at least a majority of the directors are independent under the applicable Marketplace Rules of The NASDAQ Stock Market, Inc. The Nominating and Corporate Governance Committee selects director nominees based on their personal and professional integrity, depth and breadth of experience, ability to make independent analytical inquiries, understanding of our business, willingness to devote adequate attention and time to duties of the Board of Directors and such other criteria as is deemed relevant by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee believes that the backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of experience, knowledge and skills.

In identifying potential director candidates, the Nominating and Corporate Governance Committee relies on recommendations made by current directors and officers. In addition, the Nominating and Corporate Governance Committee may engage a third party search firm to identify and recommend potential candidates. Finally, the Nominating and Corporate Governance Committee will consider candidates recommended by stockholders.

Any stockholder wishing to recommend a director candidate for consideration by the Nominating and Corporate Governance Committee must provide written notice not later than November 14, 2007 to the Corporate Secretary at our principal executive offices located at 400 West Cesar Chavez, Austin, Texas 78701. Any such notice should clearly indicate that it is a recommendation of a director candidate by a stockholder and must set forth (i) the name, age, business address and residence address of the recommended candidate, (ii) the principal occupation or employment of such recommended candidate, (iii) the class and number of shares of the corporation which are beneficially owned by such recommended candidate, (iv) a description of all understandings or arrangements between the stockholder and the recommended candidate and any other person or persons pursuant to which the recommendations are to be made by the stockholder and (v) any other information relating to such recommended candidate that is required to be disclosed in solicitations of proxies for the election of directors. In addition, such notice must contain (i) a representation that the stockholder is a holder of record of stock of the corporation entitled to vote at such meeting, (ii) the name and address, as they appear on the corporation's books, of the stockholder proposing such nomination, (iii) the class and number of shares of the corporation that are beneficially owned by such stockholder, (iv) any material interest of the stockholder in such recommendation and (v) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, in such stockholder's capacity as proponent of a stockholder proposal. Assuming that a stockholder recommendation contains the information required above, the Nominating and Corporate Governance Committee will evaluate a candidate recommended by a stockholder by following substantially the same process, and applying substantially the same criteria, as for candidates identified through other sources.

The Board of Directors encourages all directors to attend our annual meetings of stockholders if practicable. All of the directors attended the annual meeting of stockholders held on April 19, 2006.

Director Compensation and Indemnification Arrangements

Non-employee directors receive option grants at periodic intervals under the automatic option grant program of our 2000 Stock Incentive Plan. Under the automatic option grant program, each non-employee director receives an initial automatic option grant to purchase 30,000 shares of common stock on the date such individual joins the Board of Directors. The initial automatic option grants are immediately exercisable, vest in four equal successive annual installments upon each additional year of service measured from the date of grant, and have exercise prices equal to the fair market value as of the grant date. In addition, on the date of each annual stockholders meeting, each non-employee director who continues to serve as a non-employee director receives an automatic annual option grant to purchase 5,000 shares of common stock, provided such individual has served as a non-employee director for at least six months. The annual automatic option grants are immediately exercisable, vest on the first anniversary of the date of grant and have exercise prices equal to fair market value as of the grant date. Under this program, on the date of our 2006 annual meeting of stockholders, Messrs. Bock, Cash, Enloe, Walker and Wood each received an automatic annual option grant to purchase 5,000 shares of common stock at an exercise price per share of \$57.26. Cash, Enloe, Walker and Wood each received a discretionary option grant to purchase 5,000 shares of common stock at an exercise price per share of \$34.68. During fiscal 2007, it is anticipated that each non-employee director who has served for at least six months will receive a discretionary option grant in December 2007 to purchase 5,000 shares of common stock in addition to any automatic option grant.

In fiscal 2006, cash compensation consisted of (a) \$25,000 per year for each non-employee director, (b) an additional \$1,500 per regular meeting of the Board of Directors for each non-employee director for meetings attended prior to April 3, 2006, (c) an additional \$2,000 per regular meeting of the Board of Directors for each non-employee director for meetings attended on or after April 3, 2006, (d) an additional \$20,000 per year for the Chairman of the Audit Committee, (e) an additional \$5,000 per year for each Audit Committee member (excluding the Chairman), (f) an additional \$10,000 per year for the Chairman of the Compensation Committee, (g) an additional \$5,000 per year for

the Chairman of the Nominating and Corporate Governance Committee, and (h) an additional \$10,000 per year for the Lead Director. Payments under the cash compensation plan are generally paid in equal quarterly installments on the last day of each fiscal quarter.

7

In late 2005, we engaged AON Consulting to conduct a study to assist in setting director compensation for 2006. AON Consulting assessed the competitiveness of our director compensation program, including director fees and equity incentives. AON Consulting developed composite information on the compensation practices of certain comparable companies. Based on the results of the AON Consulting study, the Nominating and Corporate Governance Committee recommended, and our Board of Directors approved, (i) an increase in the director fee from \$1,500 to \$2,000 per attended regular meeting, and (ii) the establishment of an annual fee of \$10,000 for the Lead Director.

Messrs. Cash, Enloe, Walker and Wood were each paid the annual fee of \$25,000, a per meeting fee of \$1,500 for each meeting attended prior to April 3, 2006, and a per meeting fee of \$2,000 for each meeting attended on or after April 3, 2006 during fiscal 2006, pursuant to the cash compensation plan. Mr. Bock was paid a pro-rated annual fee of \$21,360 for service during the fiscal year through November 7, 2006, and a per meeting fee of \$1,500 for each meeting attended prior to April 3, 2006, and a per meeting fee of \$2,000 for each meeting attended from April 3, 2006 through November 7, 2006 pursuant to the cash compensation plan. Additionally, Mr. Bock was paid \$17,088 for his service as Chairman of the Audit Committee during the fiscal year through November 7, 2006, and Mr. Enloe was paid \$2,912 for his service as Chairman of the Audit Committee from November 8, 2006 through December 30, 2006. Further, Mr. Enloe was paid \$4,272 for his service as a member of the Audit Committee from January 1, 2006 through November 7, 2006. Mr. Wood was paid \$5,000 for his service on the Audit Committee, \$10,000 for his service as Chairman of the Compensation Committee, and \$7,500 as a pro-rated payment for his service as Lead Director on and after April 3, 2006. Mr. Enloe was also paid \$5,000 for his service as Chairman of the Nominating and Corporate Governance Committee.

Our certificate of incorporation limits the personal liability of our directors for breaches by them of their fiduciary duties. Our bylaws require us to indemnify our directors to the fullest extent permitted by Delaware law. We have also entered into indemnification agreements with all of our directors and have purchased directors' and officers' liability insurance.

In addition to the above compensation, we also reimburse directors for all reasonable out-of-pocket expenses incurred for attending board and committee meetings.

The following table provides summary information on compensation earned by each non-employee member of our Board of Directors in fiscal 2006:

- (1) Amounts shown do not reflect compensation actually received by the director, but represent the calculated compensation cost recognized by us in fiscal 2006 as determined pursuant to Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Payment* (“SFAS 123R”). Such calculation disregarded the effect of any estimate of forfeitures. The assumptions underlying the calculation pursuant to SFAS 123R are discussed under Note 8, Stockholders’ Equity and Share-based Compensation, on pages F-18 to F-23 of the Company’s Form 10-K for the fiscal year ended December 30, 2006.
 - (2) Represents compensation earned by Mr. Bock in 2006 for services as a director prior to his appointment as an officer and resignation as a director on November 8, 2006.
 - (3) The grant date fair value calculated pursuant to SFAS 123R of the option award issued in fiscal 2006 to Mr. Bock (while serving as a director) was \$160,957. Upon his resignation as a director in November 2006, Mr. Bock forfeited all of his 10,000 outstanding unvested options, which includes the full amount of such option award issued in fiscal 2006. Mr. Bock was subsequently granted options to purchase 250,000 shares in connection with his services as a named executive officer. **PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

Our Audit Committee has appointed the firm of Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 29, 2007. Ernst & Young LLP has audited our financial statements since our inception in 1996. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

The following table presents fees for professional services rendered by Ernst & Young LLP for fiscal 2006 and 2005:

	2006	2005
Audit fees	\$ 1,084,363	\$ 1,026,500
Audit-related fees	34,700	18,700
Tax fees	11,950	51,300
All other fees	6,655	—
Total	\$ 1,137,668	\$ 1,096,500

Audit Fees. Audit fees relate to services rendered in connection with the audits of the annual consolidated financial statements and attestation of management's report on internal controls over financial reporting included in our Form 10-K, the quarterly reviews of financial statements included in our Form 10-Q filings, fees associated with SEC registration statements, assistance in responding to SEC comment letters, accounting consultations related to audit services and statutory audits required internationally.

Audit-Related Fees. Audit-related fees include services for assurance and other related services, such as consultations concerning financial accounting and reporting matters and due diligence related to mergers and acquisitions.

Tax Fees. Tax fees include services for tax compliance, research and technical tax advice.

All Other Fees. All other fees include the aggregate fees for products and services provided by Ernst & Young LLP that are not reported under "Audit Fees", "Audit-Related Fees" or "Tax Fees". There were no other fees in fiscal 2005.

The Audit Committee is authorized by its charter to pre-approve all auditing and permitted non-audit services to be performed by our independent registered public accounting firm. The Audit Committee reviews and approves the independent registered public accounting firm's retention to perform attest services, including the associated fees. The Audit Committee also evaluates other known potential engagements of the independent registered public accounting firm, including the scope of the proposed work and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence from management. At subsequent meetings, the Committee will receive updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. The Committee has delegated to the Chairman of the Audit Committee the authority to evaluate and approve engagements on behalf of the Committee in the event that a need arises for pre-approval between Committee meetings. If the Chairman so approves any such engagements, he will report that approval to the full Audit Committee at its next meeting. During fiscal 2006, all such services were pre-approved in accordance with the procedures described above.

Our Audit Committee has reviewed the fees described above and believes that such fees are compatible with maintaining the independence of Ernst & Young LLP.

Stockholder ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm is not required by our bylaws or other applicable legal requirement. However, the appointment of Ernst & Young LLP is being submitted to the stockholders for ratification. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain the firm. Even if the appointment is ratified, the Audit Committee at its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be appropriate.

Recommendation of the Board of Directors

Upon the recommendation of our Audit Committee, our Board of Directors recommends that the stockholders vote FOR the ratification of the appointment of Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 29, 2007.

If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed form of Proxy to vote the shares they represent as the Board of Directors may recommend. Compensation Discussion and Analysis

Compensation Philosophy

Our executive compensation programs and practices were selected and designed to support our short-term and long-term strategic goals and values and to reward and retain talented individuals. We design our compensation programs to support our culture and efforts to remain a growth company with strong profitability.

We seek to have a balanced approach to executive compensation with each primary element of compensation (base salary, cash incentives, equity incentives and benefits) designed to play a specific role. We determine an individual's compensation with respect to each such element based upon an independently conducted analysis of publicly-available compensation data and compensation survey data of comparable companies.

Each year, the CEO delivers a performance evaluation for each of the other executive officers to the members of the Compensation Committee and makes recommendations on compensation arrangements, including adjustments in base salary, changes in target bonus awards and/or metrics for earning cash incentives and equity grants. Such recommendation is based on competitive market data (described below) and a variety of other factors, including individual performance, market competitive pressures, business conditions, the vesting and value of current equity grants, our overall performance and the potential financial impact of implementing the recommendations. The Compensation Committee considers, but is not bound to and does not always accept, the recommendations of the CEO with respect to executive compensation. In addition, the Compensation Committee frequently seeks input from independent compensation consultants prior to making any final determinations.

To determine the compensation of our CEO, the Compensation Committee, through consultation with the remaining independent members of the Board of Directors, assesses our CEO's performance and considers competitive market data and other factors described herein.

Sources of Competitive Data

We believe it is in our stockholders' best interests to ensure that our executive compensation is competitive with those of other companies of similar size and complexity. The Compensation Committee seeks independent professional assistance and advice from outside consulting firms in the development and utilization of the competitive market data and the establishment of its executive compensation programs.

In November 2005, the Compensation Committee engaged AON Consulting to conduct a study to assist in setting 2006 compensation. AON Consulting assessed the competitiveness of our executive compensation programs, including base salary, cash incentives and equity incentives. AON Consulting developed composite information on the compensation practices of certain companies that compete with us in the recruitment of executive talent. The competitive data used for the AON Consulting analysis included both compensation survey data and publicly-available data from the following nine companies: Atheros Communications Inc., Broadcom Corporation, Conexant Systems, Intersil Corporation, Marvell Technology Group, Maxim Integrated Products, Microchip

Technology, Inc., RF Micro Devices, Inc., and Skyworks Solutions, Inc.

18

In September 2006, the Compensation Committee engaged Watson Wyatt as its independent advisor on executive compensation. Watson Wyatt assessed the competitiveness of our executive compensation programs for 2007, including base salary, cash incentives and equity incentives. As was the case in the AON Consulting study, the study by Watson Wyatt used both compensation survey data (prepared by Radford Executive and Buck/iQuantic) and publicly-available data from ten peer companies. Prior to the commencement of the study, Watson Wyatt had recommended a list of peer companies to be included in this study based on a variety of factors, including revenue size, product offerings, and competition for executive talent. The Compensation Committee reviewed the list, made adjustments that it deemed appropriate, and approved the following list of ten peer companies: AMI Semiconductor, Conexant Systems, Cypress Semiconductor, Intersil Corporation, Microsemi Corporation, PMC Sierra, RF Micro Devices, Inc., Sigmatel, Inc., Skyworks Solutions, Inc., and Standard Microsystems.

Based upon the compensation survey data and publicly-available information, we produced an overall range of competitive market data for the compensation of each of our executive officers.

Elements of Compensation

Base Salary

We target base salary at the median level of the compensation survey data and publicly-available information mentioned above in order to retain and reward executive talent. However, to better support our objective to retain and properly reward executive officers, we also consider other factors, such as duties and responsibilities not typically found in similar positions with comparable companies, prior experience, job performance, tenure with Silicon Laboratories, any distinctive value to the organization, and general market conditions.

Cash Incentives

We structure a cash incentive plan (“Bonus Plan”) to align the financial incentives of our employees with our short-term and long-term operating goals and interests of our stockholders, and to reward exceptional performance. Each fiscal year, the Compensation Committee approves the structure, performance metrics as well as each metric’s relative weighting under our Bonus Plan. The Compensation Committee has typically chosen to establish metrics, such as adjusted operating income (which may exclude certain items such as stock compensation expense), revenue, gross margins, and management-based objectives (“MBOs”), for each of our executive officers to support our operating goals and to reward achievement of challenging performance goals.

In an effort to support our short-term and long-term strategic goals, we choose to make quarterly and annual payments to our executive officers under the Bonus Plan. Each fiscal quarter, we measure the achievement of our shorter-term operating goals and make associated payments under the Bonus Plan. Each fiscal year, we measure the achievement of those executive officers whose bonuses are tied to MBOs against such MBOs and make associated payments under the Bonus Plan shortly after the end of the fiscal year.

To properly reward and retain our executive officers, we have adopted a policy of paying for performance. Upon the full achievement of established operating goals, we target our cash incentive plan to be at the 75th percentile of the competitive market data described above with respect to cash incentive as a percentage of base salary. We design our Bonus Plan to pay up to 150% of the target bonus for outstanding performance. However, consistent with this pay for performance policy, no payment under the Bonus Plan is guaranteed if an executive officer fails to meet the minimum established goals under the Bonus Plan. Additionally, an executive officer must be an employee at the end of the applicable bonus period in order to be eligible for any such bonus.

In 2006, the CEO’s annual target bonus was approximately 110% of his annual base salary and the annual target bonus for our Chief Financial Officer (“CFO”) was 100% of his annual base salary. The fiscal 2006 bonuses for our CEO and

CFO were based on the following two metrics: (1) achievement of company adjusted operating income goals (weighted at 50%) and (2) achievement of company revenue goals (weighted at 50%).

We selected different metrics for our other executive officers to reflect the role of each executive officer and to align the performance of each executive officer with our operating goals. The fiscal 2006 annual target bonuses for the Vice President of Worldwide Sales and the Vice President of Worldwide Operations were 100% of their annual base salaries and were based on the following three metrics: (1) achievement of company revenue goals (weighted at 40%); (2) achievement of company gross margin goals (weighted at 40%); and (3) achievement of MBOs (weighted at 20%). The fiscal 2006 annual target bonus for the Vice President of Finance was 35% of his annual base salary and was based on the following two metrics: (1) achievement of company adjusted operating income goals (weighted at 29%) and (2) achievement of MBOs (weighted at 71%). In 2007, the relative weighting of performance metrics for these executive officers will be consistent with those in 2006.

In 2006, in addition to the metrics described above, a multiplier based on the company's quarterly adjusted operating income was applied to each of the other performance metrics described above. This multiplier reduced the aggregate bonus payments that otherwise would have been payable with respect to 2006. After reviewing competitive practices and consulting with Watson Wyatt, the Compensation Committee concluded that the use of such multiplier was not competitive with other companies and discontinued the use of such multiplier for 2007. Concurrent with the removal of this multiplier, we reduced the target bonuses as a percentage of base salary from 100% to 75% for the Vice President of Worldwide Sales and the Vice President of Worldwide Operations (the two executive officers whose performance metrics do not include any adjusted operating income component).

Equity Incentives

We provide long-term incentive compensation through the award of stock options and restricted stock units ("RSUs") under our 2000 Stock Incentive Plan ("2000 Plan") that vest over a number of years. In an effort to closely align the interests of our executive officers with our stockholder interests and to provide our executive officers with significant incentives to maximize stockholder value, we grant both options and RSUs and target the value of our long term incentives to be in the 75th percentile of the competitive market data described above.

The Compensation Committee regularly reviews our long-term incentive compensation practices. Potential changes include adjusting the mix of options and RSUs granted, adjusting the vesting schedule of the equity awards, and using other forms of equity and/or non-equity long term incentive compensation with vesting based upon the achievement of performance metrics. Consistent with our philosophy of paying for performance, no executive is entitled to an automatic equity grant. In determining the proper amount and mixture of equity awards granted to each executive officer, we consider a variety of factors, including such executive officer's contribution to our performance, current equity holdings, ability to influence future performance and relative position within our organization, the competitive market data described above, the relative value of each equity award, the financial impact on our profitability and the dilutive impact to our stockholders.

In fiscal 2006, we continued to grant each executive officer a mixture of stock options and RSUs to better meet the objectives of our compensation program. We believe stock options are effective in achieving our goal of maximizing long-term stockholder value as the value of stock options are dependent upon our future performance. As our executive officers can only profit from stock options if our stock price increases in value over the stock option's exercise price, we believe stock options are effective incentives to our executive officers to maximize our stockholder value. RSUs were incorporated into our equity program to foster an ownership culture, align stockholder and executive interests and enhance retention. As RSUs provide a more definite value to grantees than stock options, grants of RSUs are extremely valuable in rewarding and retaining our executive officers. We believe that the current competitive environment for executive talent necessitates the strong level of retention generated by the grant of RSUs. We also recognize that there is less risk inherent in using time-vested RSUs as compared to using time-vested stock options.

In an effort to retain our executive talent, we typically grant our executive officers equity awards subject to vesting. Our stock options granted to executive officers typically vest over five years as follows: 20% vest on the first anniversary of the date of grant and the remaining portion vest in equal monthly installments over the remaining 48 months. Our RSUs granted to executive officers vest within a range of one to five years in annual installments on each anniversary over the vesting schedule.

In determining which elements of compensation are to be paid, and how they are weighted, we also take into account our compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code precludes us from taking a deduction for compensation in excess of \$1 million for our executive officers named in the Summary Compensation Table. Certain performance-based compensation is specifically excluded from the deduction limit. Our policy is to qualify, to the extent reasonable, the compensation of our executive officers for deductibility under applicable tax laws. However, the Compensation Committee believes that its primary responsibility is to provide a compensation program to meet our stated objectives and that the loss of a tax deduction may be necessary in some circumstances.

Generally Available Benefit Plans and Executive Perquisites

In 2006, we provided each of our executive officers health care coverage and life insurance coverage that is generally available to all of our salaried employees. In addition, we pay for an annual physical examination for each of our executive officers beyond any benefit provided under our standard health care plans.

We also offer each of our executive officers the ability to participate in our tax-qualified 401(k) Plan on the same terms available to each of our salaried employees. Under our 401(k) Plan, we provide all employees with matching contributions that are subject to vesting over time. Our executive officers do not receive any retirement benefits beyond those generally available to our salaried employees.

Compensation Committee Report on Executive Compensation

We, the Compensation Committee of the Board of Directors, have reviewed and discussed the Compensation Discussion and Analysis (“CD&A”) within the Executive Compensation section of this Proxy Statement with the management of the Company. Based on such review and discussion, we are of the opinion that the executive compensation policies and plans provide appropriate compensation to properly align Silicon Laboratories’ performance and the interests of its stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term. Accordingly, we have recommended to the Board of Directors that the CD&A be included as part of this proxy filing.

Submitted by the Compensation Committee of the Board of Directors:

Laurence G. Walker (Chairman)
Harvey B. Cash
William P. Wood

Potential Payments Upon Termination or Change in Control

Consistent with practices within our industry, we also provide certain post-employment termination benefits. We have implemented these programs in order to ensure we are able to continue to attract and retain top talent as well as ensure that during the uncertainty associated with a potential change in control, the executives remain focused on their responsibilities and ensure a maximum return for our stockholders.

Employment Agreements

We have entered into employment agreements with only two of our executive officers: Mr. Sayiner and Mr. Bock. For both Mr. Sayiner and Mr. Bock, cash severance is equal to the sum of 12 months of base salary at the time of termination plus 200% of the actual quarterly bonus earned in the two full quarters immediately preceding termination to be paid in one lump sum. Each cash severance payment would be contingent upon such executive officer's execution of an agreement in a form satisfactory to us, containing a full general release of any and all potential claims against us and our affiliates and agents. As outlined in their employment agreements, a cash severance payment shall only be made in the event of such executive officer's Involuntary Termination for any reason other than misconduct. "Involuntary Termination" is defined in each employment agreement as an involuntary termination of employment by us or a voluntary resignation following (A) a change in position with us which materially reduces the executive officer's level of authority or responsibility, (B) a reduction in cash compensation (including base salary and target bonus under any performance based bonus or incentive programs) by more than 15% unless pursuant to a reduction that is also applied to substantially all of our other executive officers, (C) a relocation of such executive officer's place of employment by more than 50 miles, provided and only if such change, reduction or relocation is effected without consent, or (D) a material breach by us of the terms of the employment agreement. In addition and similarly contingent upon execution of an appropriate release, for the time during which each executive officer is unemployed, we have agreed to pay the premium required to maintain COBRA coverage for such executive officer and his dependents for up to one year.

2000 Stock Incentive Plan

The 2000 Plan governs the equity awards granted to our executive officers. Our executive officers are not entitled to any benefits under our 2000 Plan that are not available to other participants. The 2000 Plan includes the following change in control provisions, which may result in the accelerated vesting of outstanding option grants and stock issuances:

- In the event that we are acquired, each outstanding option under the discretionary option grant program, unless assumed or replaced by the successor or otherwise continued in effect, will immediately become exercisable for all the option shares, and all outstanding unvested shares will immediately vest, except to the extent our repurchase rights with respect to those shares are assigned to the successor or otherwise continued in effect.
- The plan administrator has the authority under the discretionary option grant program to provide that those options will automatically vest in full (i) upon an acquisition of the company, whether or not those options are assumed or replaced, or (ii) upon a hostile change in control of the company effected through a tender offer for more than 50% of our outstanding voting stock or by proxy contest for the election of board members.

However, our Compensation Committee, as Plan Administrator of the 2000 Stock Incentive Plan, has the authority to provide for accelerated vesting of the shares of our common stock subject to any outstanding options held by any executive officer or any unvested share issuances actually held by such individual, in connection with certain changes in control of us or the subsequent termination of the officer's employment following the change in control event.

All outstanding stock awards and stock options issued to our named executive officers will become fully exercisable and vested if (i) a change in control occurs and such options or RSUs are not assumed or (ii) a change in control occurs and the officer is demoted, relocated, or terminated other than for misconduct within 18 months following such change in control.

The following table depicts potential compensation arrangements for our executive officers as a result of an Involuntary Termination absent a change in control. Such termination is assumed to occur on December 30, 2006. Other than customary payments given to all salaried employees, we have not agreed to provide severance benefits to any other executive officer than those listed in the table below.

Name	Lump Sum Severance	Intrinsic Value of		Total

Necip Sayiner	\$ 728,819	—\$	15,317	\$ 744,136

The following table depicts potential compensation arrangements for our executive officers as a result of a change in control that subsequently results in Involuntary Termination. Such termination is assumed to occur on December 30, 2006, the last day of our fiscal 2006.
