Exhibit 99.1

16 November 2004

InterContinental Hotels Group PLC ("InterContinental Hotels Group" or the " Company")

Special Dividend and Share Consolidation

The Board of InterContinental Hotels Group PLC (IHG) today announces it is publishing a circular setting out full details of the proposed special dividend and associated share consolidation and convening an extraordinary general meeting. This follows the Board's announcement, on 9 September 2004, of its intention to return £500 million to

shareholders by way of a special dividend. The special dividend forms part of a total of £1 billion of funds that the Board has committed to be returned to its shareholders since the separation of Six Continents PLC into InterContinental Hotels Group PLC and Mitchells & Butlers plc in April 2003.

It is proposed that the payment of the special dividend of 72 pence per existing Ordinary Share be accompanied by a consolidation of the Company's ordinary share capital (to maintain comparability of the Company's share price before and after the payment of the special dividend and to maintain the position of participants under the Group's share schemes). The special dividend will be paid as a second interim dividend in respect of the financial year ending 31 December 2004 and is expected to be paid to Shareholders on Friday 17 December 2004.

The share consolidation will replace every 28 Existing Ordinary Shares with 25 New Ordinary Shares. Fractional entitlements arising from the share consolidation will be aggregated and sold in the market on behalf of the relevant shareholders. The proceeds of sale are expected to be sent to shareholders on Friday 17 December 2004. The value of any shareholder's fractional entitlement will not exceed the value of one New Ordinary Share.

The ratio used for the purposes of the share consolidation has been determined by reference to the closing mid-market price of 680 pence per Existing Ordinary Share on 12 November 2004 (being the last practicable day prior to the date of posting of this Document) when there were 699,176,104 Existing Ordinary Shares.

As at the close of business on 12 November 2004, the total amount of the special dividend was equivalent to just over 10.54 per cent. of the market capitalisation of the Company. The effect of the share consolidation will be to reduce the number of Ordinary Shares in issue by approximately the same percentage.

As all ordinary shareholdings in the Company will be consolidated, shareholders' percentage holdings in the issued share capital of the Company will (save in respect of fractional entitlements) remain unchanged.
