SPIRENT COMMUNICATIONS PLC

RE: SHAREHOLDER PROPOSAL

London, UK - 15 November 2006: The Board of Spirent Communications plc ("Spirent" "the Company" or "the Group") (LSE: SPT; NYSE: SPM), a leading communications technology company, has considered and rejected a proposal from Sherborne Investors GP, LLC ("Sherborne") to remove the Company Chairman, the Chairman of the Audit Committee and the Chairman of the Remuneration Committee and to replace them with four Sherborne nominees. The consequent composition of the Spirent Board proposed by Sherborne would comprise four Sherborne nominees (led by Mr Bramson of Sherborne who would become Chairman), one Lexa BV nominee, two independent non-executive directors and two executive directors.

The Board of Spirent does not believe it is in shareholders' interests to accept the proposal which would cede de facto control of the Company to

Sherborne without shareholders being offered a premium for control or having an opportunity to vote on the proposed change. In addition, the proposal would breach a number of the key principles of the Combined Code on Corporate Governance.

The Board of Spirent is committed to maximising value for all shareholders and has made clear that it would welcome input from Sherborne as a major investor. It has therefore offered Sherborne two seats on the Spirent Board, one as Deputy Chairman and one as Chairman of the Audit Committee. This offer has been rejected by Sherborne on the grounds it would not give them sufficient control over the Company.

Sherborne has indicated that it may in the future take such other actions as they deem appropriate including requisitioning an Extraordinary General Meeting of the Company pursuant to which Sherborne could seek representation on Spirent's Board of Directors.

Current trading

As indicated in the Company's statement on 5th October 2006, Spirent continues to focus on delivering its margin improvement targets. The trading environment remains highly competitive, exacerbated in the case of Service Assurance by production issues at a component supplier and, in the case of Systems, by the recently announced reductions in Medicare Funding in the US. The outcome for the full year will, as in recent years, be dependent on performance through the fourth quarter as a whole.

John Weston, Chairman of Spirent said:

"The Board of Spirent does not believe it is in shareholders' interests to accept the proposal which would cede de facto control of the Company to Sherborne without all shareholders being offered a premium for control or having an opportunity to vote on the proposed change."
