**BP MAKES MINOR AMENDMENT TO FIRST QUARTER 2008 RESULTS**

On 29 April 2008, BP p

announced its unaudited group results for the first quarter of 2008.

Subsequent to making this announcement, it was discovered that a refining stock valuation error had led to the value of

group-wide inventories being reported as \$26,855 million instead of the correct figure of \$26,588 million.

BP has today made minor amendments to its 2008 first quarter results to take account of this error.

The impact on the replacement cost profit attributable to BP shareholders of \$6,588 million was insignificant and this figure has therefore not been amended.

The profit (including inventory gains and losses) before interest and tax for the Refining and Marketing segment was, however, stated to be \$2,840 million instead of \$2,573 million, a difference of \$267 million.

The group's reported profit for the period attributable to BP shareholders, after tax, was stated to be \$7,619 million instead of £7,451 million, a difference of \$168 million.

The amended comparative amounts will be included in our second quarter results announcement

.

The amended results for the first quarter of 2008 will also be published in BP's first quarter 2008 Form 6-K to be filed shortly with the US Securities and Exchange Commission
