Appendix 5 - Indicative impact of future transfers

Planned divisional transfers

As part of the Group's strategic plan update, certain transfers of assets between divisions will be executed at book value during the second half.

· In GBM, certain derivatives related to underlying asset exposures in Non-Core will be transferred to Non-Core to better align management of the overall net position.

· In Ulster Bank, the Group has decided to cease early stage development property lending. Accordingly, Ulster's Corporate Markets business will transfer a portfolio of development property lending assets to Non-Core. In addition, reflecting its continued commitment to the retail mortgage sector, assets which had been included in Non-Core will now be transferred back and be managed as part of the core business.

The overall effect of these transfers is not considered material and divisional results will be impacted from 1 July 2010. However, to assist understanding of the transfers in the context of historical results, the pro forma indicative impact of the transfer on each division's results is set out below.

These planned revisions will not affect overall Group results.
