Item 4. Changes in Registrant's Certifying Accountant.

(a) Previous Principal Independent Accountants and Auditors.

(i) On July 31, 2003, KPMG LLP ( "KPMG" ) resigned as the principal independent accountants and auditors of CellStar Corporation (the "Company" ).

(ii) The audit reports of KPMG on the consolidated financial statements of the Company and subsidiaries as of and for the years ended November 30, 2002 and 2001 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

(iii) The resignation of KPMG was not recommended or approved by the Company's board of directors nor by any audit or similar committee of the Company's board of directors.

(iv) In connection with the audits of the Company's two most recent fiscal years ended November 30, 2002, and the subsequent interim period through July 31, 2003, there were no disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to its satisfaction would have caused KPMG to make reference to the subject matter of such disagreements in connection with its opinion.

(v) In connection with the audits of the Company's two most recent fiscal years ended November 30, 2002 and the subsequent interim period through July 31, 2003, there were no reportable events as that term is defined in Item 304(a)(1)(v) of Regulation S-K, except that KPMG issued a management letter in connection with its audit of the Company's financial statements for the fiscal year ended November 30, 2001, which identified material weaknesses (as defined under standards established by the American Institute of Certified Public Accountants) in the Company's Mexico operations. These material weaknesses were insufficient documentation of accounting entries and procedures, failure to timely reconcile accounts receivable and accounts payable, inaccurate inventory aging, and lack of information technology controls to minimize the risk of data manipulation. Although there were no material weaknesses in the Company's internal controls on a consolidated basis for the fiscal year ended November 30, 2002, KPMG, in connection with its audit of the Company's consolidated financial statements for the fiscal year ended November 30, 2002, identified a material weakness at the Company's Mexico subsidiary level that relates to the reconciliation of certain manual accounting systems in Mexico.

The audit committee of the Company's board of directors discussed these material weaknesses with KPMG. KPMG has been authorized by the Company to respond fully to the inquiries of Grant Thornton LLP concerning these reportable events.

(vi) The Company has requested that KPMG furnish it with a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with the above statements. A copy of such letter, dated August 7, 2003, is attached as Exhibit 16.1 to this Form 8-K.

(b) New Principal Independent Accountants and Auditors.
