PROXY STATEMENT

INTRODUCTION

The accompanying proxy is solicited by the Board of Directors of Genesis Microchip Inc., a Delaware corporation (we, us, Genesis or the Company), for use at our 2003 annual meeting of stockholders to be held on Tuesday, October 7, 2003 at 10:00 a.m. local time, or any adjournment thereof, for the purposes set forth in this proxy statement and the accompanying Notice of Annual Meeting. The annual meeting will be held at our offices at 2150 Gold Street, Alviso, California 95002.

These proxy solicitation materials were mailed on or about September 5, 2003 to all stockholders entitled to vote at our annual meeting.

QUESTIONS AND ANSWERS ABOUT

THE PROXY MATERIALS AND THE ANNUAL MEETING

Why did you send me this proxy statement?

We sent you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at our annual meeting of stockholders. That meeting is scheduled to take place on Tuesday, October 7, 2003. This proxy statement summarizes information concerning the proposals to be voted on at that meeting. This information will help you to make an informed vote at the annual meeting.

What proposals will be voted on at the meeting?

We have scheduled two proposals to be voted on at the meeting:

Edgar Filing: GENESIS MICROCHIP INC /DE - Form DEF 14A

1. The election of two Class II directors, each to serve for a term of three years expiring on the date of our 2006 annual meeting of stockholders or until a successor is elected; and
2. The ratification of the appointment of independent accountants for fiscal 2004.

What is the voting recommendation?

Your Board of Directors recommends that you vote your shares **FOR** the election of each of the nominees to the Board and **FOR** each of the other proposals.

Who is entitled to vote?

Only stockholders of record of our common stock at the close of business on August 8, 2003 are entitled to notice of and to vote at our annual meeting. As of the close of business on the record date, there were 31,739,820 shares of our common stock outstanding and entitled to vote. Each stockholder is entitled to one vote for each share of common stock held as of the record date.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of record

If your shares are registered directly in your name with our transfer agent, Mellon Investor Services LLC, then you are considered to be the stockholder of record with respect to those shares, and we are sending these proxy materials directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the meeting. We have enclosed a proxy card for you to use.

Beneficial owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and your broker or nominee is forwarding these proxy materials to you. Your broker or nominee is considered to be the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

How can I vote my shares in person at the meeting?

Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification.

Even if you currently plan to attend the annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting. You may vote shares held in street name in person only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the meeting.

Stockholder of record

You may vote by granting a proxy. Please refer to the summary voting instructions included on your proxy card. You may vote by mail by signing your proxy card and mailing it in the enclosed postage prepaid and addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign the card but do not provide instructions, your shares will be voted as described below in How are votes counted?

Beneficial owner

For shares held in street name, refer to the voting instruction card included by your broker or nominee.

Can I change my vote after I submit my proxy?

Yes. You can change your vote at any time before we vote your proxy at the annual meeting.

Stockholder of record

If you are a stockholder of record you can change your vote by:

- Sending a written notice to our Secretary at our principal executive offices in Alviso, California stating that you would like to revoke your proxy,
- Completing a new proxy card and sending it to our Secretary. The new proxy card will automatically replace any earlier-dated proxy card that you returned, or
- Attending the annual meeting and voting in person.

If you choose to revoke your proxy by attending the annual meeting, you must vote at the meeting in accordance with the rules for voting at the annual meeting. Attending the annual meeting will not, by itself, constitute revocation of your proxy.

Beneficial owner

If you instructed a broker or nominee to vote your shares, follow your broker or nominee's directions for changing those instructions.

How are votes counted?

In the election of directors, you may vote **FOR** all of the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees. For the other proposals, you may vote **FOR**, **AGAINST** or **ABSTAIN**. Shares may also be counted as broker non-votes. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker lacks discretionary voting power to vote such shares.

The inspector of election appointed for the meeting, who will separately tabulate affirmative votes, negative votes, abstentions and broker non-votes, will tabulate all votes. Shares that are voted **FOR**, **AGAINST** or **WITHHELD** on a proposal will be treated as being present at the meeting for purposes of establishing a quorum. Shares that are voted **FOR** or **AGAINST** will also be treated as votes cast on the proposal. Shares that abstain from voting on a proposal, and shares held by a broker nominee in street name where the broker indicates on a proxy that it does not have discretionary authority to vote on the proposal, will be treated as shares that are present at the meeting for purposes of establishing a quorum, but will not be treated as votes cast on the proposal. Although not considered as votes cast, abstentions and broker non-votes may prevent a proposal from receiving the affirmative vote of a majority of the required quorum and, in that case, would have the same effect as votes against the proposal.

If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (**FOR** all of our nominees to the Board, **FOR** all other items described in this proxy statement and in the discretion of the proxy holders on any other matters that properly come before the meeting).

What vote is required to approve each of the proposals?

With respect to the proposal to elect two Class II directors, the two nominees receiving the greatest number of votes will be elected, even if the votes they receive are less than a majority of shares present and entitled to vote. Abstentions are not counted towards the tabulation of votes cast for the election of directors.

All other proposals require the affirmative FOR vote of a majority of those votes cast; that majority must also constitute at least a majority of the required quorum.

What does it mean if I receive more than one proxy or voting instruction card?

It means your shares are registered differently or are in more than one account. Please provide voting instructions for each proxy and voting instruction card you receive.

Where can I find the voting results of the meeting?

We will announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the third quarter of fiscal year 2004, which ends December 31, 2003.

What happens if additional proposals are presented at the meeting?

Other than the proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate(s) as may be nominated by the Board of Directors.

Must a minimum number of stockholders vote or be present at the annual meeting?

A quorum of stockholders is necessary to hold a valid meeting. Our bylaws provide that a majority of all of the shares of our stock entitled to vote, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the annual meeting. Shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN on any proposal, as well as broker non-votes, will be treated as being present and entitled to vote for purposes of establishing a quorum.

Is cumulative voting permitted for the election of directors?

Stockholders may not cumulate votes in the election of directors.

Who will bear the cost of soliciting votes for the meeting?

We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. If you choose to access the proxy materials and/or vote over the Internet, however, you are responsible for Internet access charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We may also hire our transfer agent (Mellon Investor Services LLC) or another proxy solicitor to assist us in the distribution of proxy materials and the solicitation of votes. We will

Edgar Filing: GENESIS MICROCHIP INC /DE - Form DEF 14A

pay any proxy solicitor a reasonable and customary fee plus expenses for those services. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our beneficial stockholders.

PROPOSAL 1 ELECTION OF DIRECTORS**Terms of directors**

We have a classified Board of Directors, with overlapping terms of office. The term for the Class I directors expires at the 2005 annual meeting. The term for the Class II directors expires at the 2003 annual meeting and the term for the Class III directors expires at the 2004 annual meeting. Each director serves for a three-year term or until his successor is duly elected and qualified.

The Board's nominees for election by the stockholders as Class II directors are Mr. Eric Erdman and Mr. Chandrashekar M. Reddy. Our Nominating Committee has approved these nominations. Mr. Erdman and Mr. Reddy are both currently directors of the Company. If elected, the two nominees will serve as directors until our 2006 annual meeting or until a successor is duly elected and qualified. If either of the nominees declines to serve, proxies may be voted for a substitute nominee as we may designate.

If a quorum is present and voting, the two nominees for Class II directors receiving the highest number of votes **FOR** will be elected as the Class II directors. The persons named in the enclosed proxy intend to vote the shares represented by those proxies for the election of these two nominees.

The Board of Directors recommends a vote **FOR the election of Mr. Eric Erdman and Mr. Chandrashekar M. Reddy.**

PROPOSAL 2 APPOINTMENT OF INDEPENDENT ACCOUNTANTS

You are being asked to ratify the appointment of KPMG LLP in Canada as independent accountants for the fiscal year ending March 31, 2004.

We have selected KPMG as our independent accountants for the 2004 fiscal year. KPMG or its predecessor firms have served as our independent accountants since our inception in Canada in 1987. Representatives of KPMG are expected to be present at the annual meeting. They will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from you.

The approximate fees billed to us by KPMG for services rendered with respect to fiscal year 2003 were as follows:

Audit fees	\$ 285,000
Financial information systems design and implementation fees	
Other fees	
Related to acquisition activities	312,200
Tax planning and compliance	529,200

The Audit Committee has determined that the provision of non-audit services performed during fiscal 2003, including work related to acquisition activities and for tax planning and compliance purposes, is compatible with maintaining the independence of KPMG.

The resolution must be passed by a majority of the votes cast at our annual meeting (which majority must also constitute at least a majority of the required quorum) to be approved. The persons named in the enclosed proxy intend to vote the shares represented by those proxies in favor of

this resolution.

The Board of Directors recommends a vote FOR the ratification of the appointment of KPMG LLP in Canada as our independent accountants for the fiscal year ending March 31, 2004.

TRANSACTION OF OTHER BUSINESS

We know of no other proposals to be presented at the meeting. If any other proposal is presented, the shares represented by the proxies we receive will be voted according to the best judgment of the persons named in the proxies. It is the intention of the persons named in the form of proxy to vote the shares that those proxies represent as the Board of Directors recommends.

2000 Nonstatutory Stock Option Plan

Purpose

The purposes of the plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employees and consultants and to promote the success of our business.

Administration

The plan provides for administration by our Board of Directors or a committee appointed by the Board and is currently administered by the Compensation Committee of the Board of Directors. All questions of interpretation or application of the plan are determined by the Board of Directors or its appointed committee, and its decisions are final and binding upon all participants. Directors receive no additional compensation for their services in connection with the administration of the plan.

Eligibility to Participate in the Plan

Nonstatutory stock options may be granted to our employees, consultants and directors.

Number of Shares Covered by the Plan

The aggregate number of shares of common stock authorized for issuance under the plan is 1,500,000 shares plus an annual increase to be added on the first day of each fiscal year equal to the lesser of (i) 2,000,000 shares, (ii) 3.5% of the Company's outstanding shares of common stock on such date, or (iii) a lesser amount determined by the Board.

Awards Permitted under the Plan

The plan authorizes the granting of nonstatutory stock options only.

Terms of Options

Edgar Filing: GENESIS MICROCHIP INC /DE - Form DEF 14A

The plan's administrator determines the exercise price of options granted under the plan and the term of those options. The options that are currently outstanding under the plan vest and become exercisable over periods of from one to four years beginning on the grant date. Payment of the exercise price may be made by cash, check, promissory note, other shares of our common stock, cashless exercise, any other form of consideration permitted by applicable law or any combination of the foregoing methods of payment. Options may be made exercisable only under the conditions the Board of Directors or its appointed committee may establish. If an optionee's employment terminates for any reason, the option remains exercisable for a period fixed by the plan administrator up to the remainder of the option's term; if a period is not fixed by the plan administrator, the exercise period is three (3) months, or twelve (12) months in the case of death or disability.

Capital Changes

In the event of any changes in our capitalization, such as stock splits or stock dividends, resulting in an increase or decrease in the number of shares of common stock, effected without receipt of consideration by us, appropriate adjustment will be made by us in the number of shares available for future grant and in the number of shares subject to previously granted but unexercised options.

Dissolution or Liquidation

In the event of the proposed dissolution or liquidation of our Company, the option holders will be notified of such event, and the plan administrator may, in its discretion, permit each option to fully vest and be exercisable until ten (10) days prior to such event, at which time the options will terminate.

Merger, Asset Sale or Change of Control

With respect to options granted on or before October 16, 2001 (unless the optionees have consented otherwise), in the event of a merger of our Company with or into another corporation, or any other capital reorganization in which more than fifty percent (50%) of the outstanding voting shares of the Company are exchanged (other than a reorganization effected solely for the purpose of changing the situs of the Company's incorporation), each outstanding option under the plan will fully vest and be exercisable for a period of ten (10) days prior to the closing of such transaction, and the unexercised options will terminate prior to the closing of such transaction.

With respect to options granted after October 16, 2001 (as well as certain options granted before such date, with the consent of the optionees), in the event of a merger or proposed sale of all or substantially all of the assets of our Company, each outstanding option under the plan will be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event the successor corporation refuses to assume or substitute outstanding options, the plan administrator will notify each optionee that his or her options will vest and be exercisable for a period of twenty (20) days from the date of such notice, and the unexercised options will terminate upon the expiration of such period.

Nonassignability

Options may not be assigned or transferred for any reason (other than upon death), except that the plan administrator may permit options to be transferred during the optionee's lifetime to members of the optionee's immediate family or to trusts, LLCs or partnerships for the benefit of such persons.

Amendment and Termination of the Plan

The plan provides that the Board of Directors may amend or terminate the plan without stockholder approval, but no amendment or termination of the plan or any award agreement may adversely affect any award previously granted under the plan without the written consent of the optionee.

Certain United States Federal Income Tax Information

An optionee generally will not recognize any taxable income at the time he or she is granted a nonstatutory stock option. However, upon its exercise, the optionee will recognize ordinary income generally measured as the excess of the then fair market value of the shares purchased

Edgar Filing: GENESIS MICROCHIP INC /DE - Form DEF 14A

over the purchase price. Any taxable income recognized in connection with an option exercise by one of our employees is subject to tax withholding by us. Upon resale of such shares by the optionee, any difference between the sales price and the optionee's purchase price, to the extent not recognized as taxable income as described above, will be treated as long-term or short-term capital gain or loss, depending on the holding period.

Generally, we will be entitled to a tax deduction in the same amount as the ordinary income realized by the optionee with respect to shares acquired upon exercise of the nonstatutory stock option.

The foregoing is only a summary of the effect of federal income taxation upon the optionee and us with respect to the grant and exercise of options granted under the plan and does not purport to be complete. In addition, the summary does not discuss the tax consequences of an optionee's death or the income tax laws of any state or foreign country in which the optionee may reside.

2001 Nonstatutory Stock Option Plan

All questions of interpretation or application of the plan are determined by the Board of Directors or its appointed committee, and its decisions are final and binding upon all participants. Nonassignability

Options may not be assigned or transferred for any reason (other than upon death), except that the plan administrator may permit options to be transferred during the optionee's lifetime upon such terms and conditions as the administrator deems appropriate.

Amendment and Termination of the Plan

The plan provides that the Board of Directors may amend or terminate the plan without stockholder approval, but no amendment or termination of the plan or any award agreement may adversely affect any award previously granted under the plan without the written consent of the optionee.

Compensation Committee interlocks and insider participation

The members of our Compensation Committee during the fiscal year ended March 31, 2003 were Messrs. Duguay and Lushtak. At no time since our formation have any of the members of our Compensation Committee served as our officers or employees or as officers or employees of any of our subsidiaries. No interlocking relationship exists between our Board of Directors or its Compensation Committee and the board of directors or compensation committee of any other company, nor did any interlocking relationships exist during the past fiscal year.

COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

To our Stockholders:

We are responsible for reviewing and/or establishing the compensation programs that relate to Genesis's executive officers, senior management and other key employees and for establishing the specific short- and long-term compensation elements thereunder. We oversee the general compensation structure for all of Genesis's employees and we administer the stock option and stock purchase plans. We are both independent, non-employee directors.

The executive compensation program that has been established is designed to provide levels of compensation in formats that assist Genesis in attracting, motivating and retaining qualified executives by providing a competitive compensation package geared to individual and corporate performance. We strive to establish performance criteria, evaluate performance and establish base salary, annual bonuses and long-term incentives for our key decision makers based upon performance and designed to provide appropriate incentives for maximization of our short- and long-term financial results for the benefit of our stockholders.

In order to meet our objectives, we have chosen four basic components for Genesis's executive compensation program to meet our compensation philosophy. Base salaries, which are the fixed regular component of executive compensation, are based upon:

base salary levels among a competitive peer group,

Genesis's past financial performance and future expectations,

the general and industry-specific business environment, and

individual performance.

Annual bonuses, which are directly linked to Genesis's performance, are designed to provide additional incentive cash compensation based on short-term performance of Genesis and its employees. Stock option grants, under the long-term component of executive compensation, are designed as an incentive to reward executive officers and employees for delivering value to our stockholders over a longer, measurable period of time. Historically, Genesis has used the grant of stock options that vest over some measurable period of time, generally four years, to accomplish this objective.

The base salaries for our Chief Executive Officers in fiscal 2003, Mr. James E. Donegan and Mr. Amnon Fisher, were determined with reference to base salaries for chief executive officers of other comparable technology companies. Neither Mr. Donegan nor Mr. Fisher was paid a bonus in fiscal 2003. Incentive options to purchase 200,000 shares of our common stock were granted to Mr. Donegan upon his employment as Chief Executive Officer in June 2002. No other stock options were granted to Mr. Donegan or Mr. Fisher in fiscal 2003.

AUDIT COMMITTEE REPORT

The Audit Committee is responsible for reviewing the scope and timing of audit services and any other services that Genesis's independent accountants are asked to perform, the auditors' report on Genesis's consolidated financial statements following completion of their audit, and Genesis's policies and procedures with respect to internal accounting and financial controls. The Board of Directors has adopted a written charter for the Audit Committee, which follows our report (see Appendix A). All members of this committee are independent members of the Board of Directors.

We reviewed Genesis's audited consolidated financial statements for fiscal year 2003 and discussed such statements with management. We discussed the matters required by Statement of Auditing Standards No. 61 (Communication with Audit Committees) with KPMG LLP in Canada, Genesis's independent accountants during fiscal year 2003.

We received the written disclosures and the letter required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as may be modified or supplemented, from KPMG LLP and discussed with them their independence. Based on the review and discussions noted above, we recommended to the Board of Directors that Genesis's audited consolidated financial statements be included in its Annual Report on Form 10-K and the annual report to stockholders for the year ended March 31, 2003, and be filed with the U.S. Securities and Exchange Commission.

The information contained in this report of the Audit Committee shall not be deemed soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Genesis specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.
