NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

Harrodsburg First Financial Bancorp (Company) is a corporation organized under the laws of Delaware. On July 15, 2001, the Company converted to a bank holding company. The activities of the Company are primarily limited to holding stock in two banks, First Financial Bank (First Financial), a wholly-owned subsidiary, and Citizens Financial Bank, Inc. (Citizens), in which the Company acquired a 55.8% interest on July 15, 2001. In addition, on December 31, 2002, the Company acquired a 22.53% interest in Independence Bancorp (Independence), which is accounted for using the equity method of accounting. In March 2003, the Company formed Harrodsburg Statutory Trust I.

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) for interim financial information and with the instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company s Form 10-KSB annual report for 2003 filed with the Securities and Exchange Commission. The accompanying unaudited consolidated financial statements reflect all adjustments (which were normal and recurring) that are, in the opinion of the Company s management, necessary to present the financial position, results of operations, and cash flows of the Company. Those adjustments consist only of normal recurring adjustments. The results of operations and other data for the three and six-month period ended March 31, 2004 are not necessarily indicative of results that may be expected for the fiscal year ending September 30, 2004 or any future period. The consolidated balance sheet of the Company as of September 30, 2003 has been derived from the audited consolidated balance sheet of the Company as of that date.

2. Recent Accounting Changes

In January 2003, the FASB issued Interpretation No. 46 (FIN 46), *Consolidation of Variable Interest Entities*. This Interpretation clarifies the application of ARB No. 51, *Consolidated Financial Statements*, for certain entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated support from other parties. This Interpretation requires variable interest entities to be consolidated by the primary beneficiary which represents the enterprise that will absorb the majority of the variable interest entities expected losses if they occur, receive a majority of the variable interest entities residual returns if they occur, or both. The Company adopted the requirements of FIN 46 during the reporting period that ended March 31, 2004.

Table of Contents**3. Merger Agreement**

On January 22, 2004, the Company, First Financial Bank, Independence Bancorp and Independence Bank entered into a strategic alliance and signed a definitive agreement to merge their companies in a tax-free transaction. Harrodsburg currently owns approximately 22.5% of the outstanding common stock of Independence. After the merger of the Company and Independence, the resulting company will be called 1st Independence Financial Group, Inc. (the Resulting Corporation). First Financial Bank and Independence Bank also will merge their operations. Independence Bank, a commercial bank, will be the resulting entity and will be called 1st Independence Bank (the Resulting Bank).

The transaction approved by the boards of directors of both companies, is valued at \$17.1 million based on Harrodsburg closing price as of January 22, 2004, of \$23.42 per share. The value of the transaction represents approximately 77.5% of the outstanding shares of Independence. Independence shareholders may exchange their shares based upon a fixed exchange ratio of 1.00 share of Harrodsburg stock for each share of Independence stock. Upon the closing of the transaction, Harrodsburg will issue approximately 690,000 shares of its common stock and will exchange approximately 67,000 stock options that are held by directors and employees of Independence. The merger is subject to approval by the shareholders of Harrodsburg and Independence as well as regulatory authorities and other conditions customary for transactions of this nature. The parties anticipate closing the transaction on or about July 9, 2004.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

At March 31, 2004, total assets increased approximately \$5.8 million to \$179.4 million from \$173.6 million at September 30, 2003. For the three months ended March 31, 2004 net earnings decreased \$204,000 to \$134,000 or \$.11 per diluted share, from \$338,000, or \$.27 per diluted share, for the comparative fiscal 2003 period. For the six months ended March 31, 2004, net earnings decreased \$332,000 to \$317,000, or \$.27 diluted earnings per share, from \$649,000, or \$.52 diluted earnings per share, for the comparative 2003 period. Set forth below is a detailed discussion of the changes to the Condensed Consolidated Financial Statements as of March 31, 2004.

Additionally, the Company will incur in the third quarter ending June 30, 2004 a non-recurring net charge of approximately \$469,000 after taxes, or \$.49 per diluted share, in connection with the termination of its data processing contract upon consummation of the proposed merger with Independence Bancorp. Disclosure regarding such potential non-recurring charge was previously disclosed in the joint proxy statement/prospectus under the caption "Pro Forma Financial Information" and in a Press Release dated May 6, 2004.

Financial Condition

The Company's consolidated assets increased approximately \$5.8 million, or 3.33% to \$179.4 million at March 31, 2004 compared to \$173.6 million at September 30, 2003. Net loans increased \$2.6 million, securities available-for-sale increased \$2.8 million, real estate owned increased \$558,000, and premises and equipment increased \$642,000 while securities held-to-maturity decreased \$1.4 million. Deposits increased \$1.8 million and advances from the Federal Home Loan Bank increased \$3.0 million.

Securities available-for-sale increased \$2.8 million to \$34.4 million at March 31, 2004. The increase of \$2.8 million is due to the purchase of \$8.0 million in securities of U.S. Government agencies plus unrealized appreciation of \$626,000 offset in part by the sale of \$3.3 million in securities of U.S. Government agencies, principal repayments on U.S. Government agency mortgage pool securities totaling \$2.5 million and amortization of investment premium totaling \$147,000.

Loans receivable, net increased \$2.6 million from \$117.7 million at September 30, 2003 to \$120.3 million at March 31, 2004. Net loans for First Financial increased \$3.8 million in this period while net loans for Citizens decreased \$1.2 million in this same period. As previously disclosed, Citizens entered into a memorandum of understanding with the Federal Deposit Insurance Corporation (FDIC) and the Kentucky Department of Financial Institutions (KDFI). Pursuant to the understanding, among other things, Citizens may not increase its total assets by more than 5% during any consecutive three-month period without first providing at least 30 days advance notice to the Chicago regional director of the FDIC or the Commissioner of the KDFI.

Table of Contents

Premises and equipment, increased \$642,000 from \$2.2 million at September 30, 2003 to \$2.8 million at March 31, 2004. The increase is the result of new construction and expansion of First Financial's main office totaling \$700,000 and approximately \$33,000 of other additions, offset by depreciation on facilities of \$91,000.

Total interest-bearing liabilities increased \$5.0 million to \$154.4 million at March 31, 2004 compared to \$149.5 million at September 30, 2003. Total deposits increased \$1.8 million, and advances from the Federal Home Loan Bank increased \$3.0 million in this same period.

Stockholders' equity was \$21.3 million at March 31, 2004, an increase of approximately \$526,000 from the balance at September 30, 2003. Provision for Losses on Loans

The provision for losses is charged to operations to bring the total allowance for loan losses to a level that represents management's best estimate of the losses inherent in the portfolio based on:

Historical experience;

Volume;

Type of lending conducted by the Banks;

Industry standards;

The level and status of past due and non-performing loans;

The general economic conditions in the Banks' lending areas;

Other factors affecting the collectibility of the loans in the portfolio.

Liquidity

Edgar Filing: HARRODSBURG FIRST FINANCIAL BANCORP INC - Form 10QSB

In October 2003, construction renovation commenced to expand First Financial's main office located at 104 South Chiles Street, Harrodsburg, Kentucky. The expansion will primarily consist of adding a basement and two floors. The renovation will cost approximately \$1.1 million, which such costs will primarily be capitalized.

The liquidity of the Company depends primarily on the dividends paid to it by First Financial and Citizens. The payment of cash dividends by the Banks on their common stocks is limited by regulations of the OTS and the FDIC, which are tied to their level of compliance with their regulatory capital requirements.

Table of Contents

The Bank's primary sources of funds are deposits and proceeds from principal and interest payments of loans. Additional sources of liquidity are advances from the FHLB of Cincinnati and other borrowings, such as Federal Funds purchased. At March 31, 2004, First Financial had advances from the FHLB totaling \$4.0 million, and Citizens had advances from the FHLB totaling \$1.75 million. First Financial and Citizens use FHLB borrowings during periods when management of the Banks believe that such borrowings provide a lower cost source of funds than deposit accounts, and they desire liquidity in order to help expand its lending operations.

The Company's operating activities produced positive cash flows for the quarters ended March 31, 2004 and 2003.

The Company's most liquid assets are cash and cash-equivalents, which include investments in highly liquid, short-term investments. At March 31, 2004 and September 30, 2003, cash and cash equivalents totaled \$8.7 million and \$8.5 million, respectively.

At March 31, 2004, the Banks had \$91.5 million in certificates of deposits due within one year and \$20.0 million due between one and three years. Management believes, based on past experience, that the Banks will retain much of the deposits or replace them with new deposits. At March 31, 2004, the Banks had \$1.6 million in outstanding commitments to originate mortgages, unused home equity and commercial lines of credit totaling \$10.5 million, available construction loan draws of \$3.4 million, and standby letters of credit outstanding of \$57,000. The Banks intend to fund these commitments with short-term investments and proceeds from loan repayments.
