These statements are based upon the current beliefs and expectations of Wachovia's management and are subject to significant risks and uncertainties. Actual results may differ from those set forth in the forward-looking statements. These forward-looking statements involve certain risks and uncertainties that are subject to change based on various factors (many of which are beyond Wachovia's control).

The following factors, among others, could cause Wachovia's or SouthTrust's financial performance to differ materially from that expressed in such forward-looking statements: (1) the risk that the businesses of Wachovia and SouthTrust in connection with the merger or the businesses of Wachovia and Prudential in the brokerage transaction will not be integrated successfully or such integration may be more difficult, time-consuming or costly than expected; (2) expected revenue synergies and cost savings from the merger or the brokerage transaction may not be fully realized or realized within the expected time frame; (3) revenues following the merger or the brokerage transaction may be lower than expected; (4) deposit attrition, operating costs, customer loss and business disruption

following the merger or the brokerage transaction, including, without limitation, difficulties in maintaining relationships with employees, may be greater than expected; (5) the ability to obtain governmental approvals of the merger on the proposed terms and schedule; (6) the failure of Wachovia's or SouthTrust's shareholders to approve the merger; (7) the strength of the United States economy in general and the strength of the local economies in which Wachovia and/or SouthTrust conducts operations may be different than expected resulting in, among other things, a deterioration in credit quality or a reduced demand for credit, including the resultant effect on Wachovia's and/or SouthTrust's loan portfolio and allowance for loan losses; (8) the effects of, and changes in, trade, monetary and fiscal policies and laws, including interest rate policies of the Board of Governors of the Federal Reserve System; (9) inflation, interest rate, market and monetary fluctuations; and (10) adverse conditions in the stock market, the public debt market and other capital markets (including changes in interest rate conditions) and the impact of such conditions on Wachovia's capital markets and capital management activities, including, without limitation, Wachovia's mergers and acquisition advisory business, equity and debt underwriting activities, private equity investment activities, derivative securities activities, investment and wealth management advisory businesses, and brokerage activities. Additional factors that could cause Wachovia's and SouthTrust's results to differ materially from those described in the forward-looking statements can be found in Wachovia's and SouthTrust's Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC. All subsequent written and oral forward-looking statements concerning Wachovia or the proposed merger or other matters and attributable to Wachovia or any person acting on its behalf are expressly qualified in their entirety by the cautionary statements above. Wachovia and SouthTrust do not undertake any obligation to update any forward-looking statement, whether written or oral, relating to the matters discussed in this filing.

The proposed merger will be submitted to Wachovia's and SouthTrust's shareholders for their consideration, and, on July 9, 2004, Wachovia filed a registration statement on Form S-4 with the SEC containing a preliminary joint proxy statement/prospectus of Wachovia and SouthTrust and other relevant documents concerning the proposed merger.
