- (1) Assumes conversion of all the securityholders' debentures at the initial conversion rate of 39.0753 shares of common stock per \$1,000 principal amount of debentures. However, the conversion rate is subject to adjustment as described in the prospectus under the heading "Description of Debentures - Conversion Rights." As a result, the amount of common stock issuable upon conversion of the debentures may increase or decrease in the future.
- (2) We do not know when or in what amounts a selling securityholder may offer the debentures or shares for sale. The selling securityholders might not sell any or all of the debentures or shares offered by this prospectus. Because the selling securityholders may offer all or some of the debentures or shares pursuant to this offering, and because there are currently no agreements, arrangements or understandings with respect to the sale of any of the debentures or shares, we cannot estimate the number of the debentures or shares that will be held by the selling securityholders after completion of the offering. However, for purposes of this table, we have assumed that, after completion of the offering, none of the debentures or shares covered by this prospectus will be held by the selling securityholders.
- (3) The selling securityholder is an affiliate of a registered broker-dealer and has informed us that it acquired the securities in the ordinary course of business, and at the time of the acquisition of the securities had no agreements, understandings or arrangements with any other persons, either directly or indirectly, to distribute the securities. To the extent that we become aware that any selling securityholder did not acquire its securities in the ordinary course of business or did have such an agreement, understanding or arrangement, we will file an amendment to this registration statement to designate such affiliate as an underwriter within the meaning of the Securities Act.
- (4) The selling securityholder is a registered broker-dealer and an underwriter within the meaning of the Securities Act, and any profits that they realize on the resale of the debentures or the shares are underwriting commissions or discounts.

Edgar Filing: RED HAT INC - Form 424B3

None of the selling securityholders has held any position or office with, or has otherwise had a material relationship with us, or any of our subsidiaries, within the past three years. From time to time the selling securityholders may hold other securities that we have issued.
