Item 2.01. Acquisition or Disposition of Assets.

On July 27, 2004, Marchex, Inc., a Delaware corporation ("Marchex"), completed the acquisition of goClick.com, Inc., a Connecticut corporation ("goClick"). In accordance with the terms of the Agreement and Plan of Merger, dated as of July 21, 2004 (the "Agreement and Plan of Merger"), by and among Marchex, Project TPS, Inc, a Delaware corporation, goClick and the sole stockholder of goClick, Project TPS merged with and into goClick and goClick, as the surviving corporation, became a wholly-owned subsidiary of the Marchex. goClick is a provider of marketing technology and services for small merchants.

In consideration for all of the outstanding shares of goClick stock for purposes of the merger, the sole stockholder of goClick received approximately \$12.5 million in a combination of cash and equity subject to the escrow provisions set forth in the Agreement and Plan of Merger. The cash portion of the consideration was equal to \$8,229,750. The equity portion of the consideration was equal to 433,541 shares of Class B common stock of Marchex, which shares in the aggregate were valued at \$4,250,000 for the purposes of the Merger based on the average of the last quoted sale price for Marchex's Class B common stock on the Nasdaq National Market for the 10 trading days immediately prior to execution of the Agreement and Plan of Merger.

The merger consideration was determined by arms length negotiation between the parties. Marchex funded the cash portion of the merger consideration from cash on hand.

Marchex filed a Current Report on Form 8-K on August 10, 2004 to provide the information required by Item 2 as then in effect. The purpose of this Form 8-K/A is to amend the Current Report on Form 8-K filed on August 10, 2004 to include the financial statements and pro forma financial information required by Item 9.01.

The presentation of the information is not necessarily indicative of results that may occur in the future. Notes to Unaudited Pro Forma Condensed Consolidated Financial Statements

(1) Basis of Presentation

The accompanying Unaudited Pro Forma Condensed Consolidated Statement of Operations gives effect to Marchex's acquisition of goClick as if it had occurred on January 1, 2003.

The Unaudited Pro Forma Condensed Consolidated Statements of Operations for the period ending December 31, 2003 are based on the historical results of operations of goClick and Marchex's Unaudited Pro Forma Condensed Consolidated Statements of Operations as previously reported in the final prospectus dated March 30, 2004 that combined the historical results of operations of Marchex for the period from January 17, 2003 (inception) through December 31, 2003, the predecessor entity (referred to herein as the "Predecessor") for the period from January 1 through February 28, 2003 and TrafficLeader for the pre-acquisition period from January 1, 2003 to October 23, 2003.

The Unaudited Pro Forma Condensed Consolidated Statements of Operations for the six month period ended June 30, 2004 are based on the historical results of operations of Marchex and of goClick and give effect to Marchex's acquisition of goClick as if it had occurred on January 1, 2003.

The Unaudited Pro Forma Condensed Consolidated Balance Sheet is based on the combined historical balance sheets of Marchex and goClick as of June 30, 2004 and gives effect to Marchex's acquisition of goClick as if it had occurred on June 30, 2004.

(2) Pro Forma Adjustments

The following adjustments were applied to the historical financial statements of Marchex and goClick to arrive at the unaudited pro forma condensed consolidated financial information:

- (a) The purchase price adjustments reflect cash and direct acquisition costs of approximately \$8,585,750 to acquire goClick. Additionally, Marchex issued 433,541 shares of Class B common stock. The value assigned to the stock portion of the purchase price was \$9.55 per share (based on the average closing price of Marchex's Class B common stock for the five days beginning two days prior to and ending two days after July 29, 2004 (the announcement date of the acquisition)) for accounting purposes.

For purposes of the pro forma financial information, a summary of the purchase price consideration for the acquisition is as follows:

Cash	\$ 8,229,750
Stock issued	4,140,317
Direct acquisition costs (\$88,000 incurred prior to closing, and \$268,000 accrued at closing)	356,000
	<hr/>
Total	\$ 12,726,067

The following represents the allocation of the purchase price to the acquired assets of goClick. The allocation is based upon the estimated fair value of goClick's assets and liabilities as of June 30, 2004.

Cash acquired	\$ 633,912
Other current assets	23,669
Property and equipment	26,500
Goodwill	9,653,662
Identifiable intangible assets	3,260,000
Liabilities assumed	(871,676)
Total	\$ 12,726,067

The net assets of \$336,751, recorded on the goClick historical financial statements at June 30, 2004 were primarily adjusted for the net cash settlement of \$565,043, the reduction in accrued expenses of \$28,903 related to an incentive program and the recognition of deferred tax assets of \$11,794. The cash settlement adjustment was derived from the excess of cash and cash equivalents over total liabilities at the closing date, July 27, 2004.

Goodwill represents the excess of the purchase price over the fair value of tangible and identifiable intangible assets. The unaudited pro forma condensed consolidated statements of operations do not reflect the amortization of goodwill acquired consistent with the guidance in the Financial Accounting Standards Board (FASB), Statement No. 142, Goodwill and Other Intangible Assets.

- (b) Represents the elimination of the historical shareholders' equity accounts of goClick.
- (c) Represents the elimination of intercompany revenues and service costs between goClick and Marchex.
- (d) Represents the amortization of identifiable intangible assets associated with Marchex's acquisition of goClick, which are amortized over their useful lives ranging from 12 to 36 months. Amortization totals \$2.1 million in the first twelve month and \$2.5 million in the first eighteen months following the acquisition. Estimated amortization relating to intangible assets acquired as part of the acquisition of goClick for the next five years is \$883,000 for the remaining six months in 2004, \$1.6 million in 2005, \$652,000 in 2006, and \$144,000 in 2007.
- (e) Represents pro-forma income tax expense as though goClick was taxed as a C-corporation for the periods presented using the federal and state statutory tax rates. Prior to Marchex's acquisition, goClick was an S-corporation, in which case shareholders were taxed on their portion of goClick's taxable income.
- (f) The following is a reconciliation of shares used to compute historical basic and diluted net loss per share to historical pro forma basic and diluted net loss per share and to shares used to compute adjusted pro forma basic and diluted net loss per share for the combined twelve month period ended December 31, 2003 and the combined six month period ended June 30, 2004. Potentially dilutive securities were not included in the computations because their effects would be anti-dilutive.

Shares used to calculate adjusted pro forma basic and diluted net loss per share	19,243,954	22,790,713
