To the Participants and Administrator of

Kulicke and Soffa Industries, Inc. Incentive Savings Plan

We have audited the accompanying statement of net assets available for benefits (modified cash basis) of Kulicke and Soffa Industries, Inc. Incentive Savings Plan as of December 31, 2004 and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 2, these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and the changes in net assets available for benefits for the year then ended, on the basis of accounting described in Note 2.

Our audit was made for the purpose of forming an opinion on the basic 2004 financial statements taken as a whole. The supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

KULICKE AND SOFFA INDUSTRIES, INC. INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2003 AND 2004

1. DESCRIPTION OF THE PLAN

The following description of the Kulicke and Soffa Industries, Inc. Incentive Savings Plan (the Plan) provides only general information. A more complete description of the Plan's provisions is included in the Plan agreement.

General

The Plan is a defined contribution plan established on January 1, 1987 and most recently amended on October 1, 2001. Employees become eligible to participate upon attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute an amount up to 25% of their compensation, on a before-tax or after-tax basis, for the contribution period subject to limitations of the Internal Revenue Service (IRS). Effective January 1, 2001, Kulicke and Soffa Industries, Inc. (the Company) began making a matching contribution on participant before-tax contributions up to 6% of compensation in an amount equal to 50% of employee contributions for employees with less than fifteen years of service and 100% of employee contributions for employees with fifteen or more years of service. Prior to January 1, 2001, the Company made matching contributions on participant before-tax contributions of up to 6% of compensation, in an amount equal to 30% of employee contributions for employees with less than five years of service, 50% of employee contributions for employees with at least five years of service but less than fifteen years of service and 100% of employee contributions for employees with fifteen or more years of service. Grandfathered matching contributions are additional matching contributions made to participants who had attained the age of 40 on or before December 31, 1995. The additional matching percentage allocated is 25% of employee contributions for participants ages 40-44, 50% of employee contributions for participants ages 45-54 and 75% of employee contributions for participants ages 55 or older. Also, upon beginning participation in the Plan, prior to October 2, 2001, the Company made a one time \$500 initial (Jump Start) contribution for participants. This Jump-Start contribution was discontinued for employees who first became a participant in the plan on or after October 2, 2001. All Company matching contributions are satisfied by a contribution of shares of Company common stock.

Participant Accounts

Each participant's account is credited or charged with the participant's contributions and allocations of the Company contributions, Plan earnings or losses and administrative expenses. Allocations of the Company contributions, Plan earnings or losses and administrative expenses are based on account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The balance of vesting in the participants accounts is based on years of service. A participant becomes 33 1/3% vested after 2 years of service, 66 2/3% vested after 3 years of service, and 100% vested after 4 years of service. However, if an active participant dies prior to attaining the normal retirement age, the participant's account becomes 100% vested.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2003 AND 2004

1. DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

On termination of service, a participant will receive a lump-sum amount equal to the vested value of his or her account. Distributions are subject to the applicable provisions of the Plan agreement.

Withdrawals and Loans

A participant may elect to withdraw or borrow amounts from his or her account under various conditions described in the Plan agreement. See Note 4 Participant Loans below.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles, and is an acceptable method of reporting under Department of Labor regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income on the accrual basis.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits

Benefits are recorded as expenses when they have been paid by the Plan.

Valuation of Investments

Participant loans and the money market fund are valued at cost, which approximates fair value. Other investments are stated at fair value, which has been determined using quoted market prices for these investments on the last trading day of the Plan year. Purchases and sales are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

3. INVESTMENTS

4. PARTICIPANT LOANS

Under the terms of the Plan, participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to/from the investment fund from/to the Participant Loan fund. A loan is collateralized by the balance in the participant's vested accrued benefit and bears interest at a rate commensurate with market rates for similar loans, as defined (at 5.0% and 5.25% for loans issued in the year ended December 31, 2003 and ranging from 5.0% to 6.0% for loans issued in the year ended December 31, 2004). 6. INCOME TAXES

The IRS has determined and informed the Company by a letter dated April 23, 2003, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code.

8. RELATED PARTIES

Certain Plan assets are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity is the trustee of the Plan. Additionally, the Plan sponsor issues the shares of Kulicke and Soffa Industries, Inc. Common Stock. Therefore, the Plan's transactions in these investments qualified as party-in-interest transactions, which were exempt from prohibited transaction rules of ERISA. The Plan has participant loans outstanding, which are secured solely by a portion of the participant's vested account balance.
