**Table of Contents****RATIO OF EARNINGS TO FIXED CHARGES**

The ratio of earnings to fixed charges is computed by dividing fixed charges into earnings. For purposes of determining the ratios of earnings to fixed charges, earnings are defined as income from continuing operations plus fixed charges, excluding capitalized interest. Fixed charges consist of interest (whether expensed or capitalized) and amortization of debt expenses. As of the date of this prospectus, we do not have any preferred stock outstanding. The table below sets forth the calculation of the ratio of earnings to fixed charges for the periods indicated (in thousands, except for ratio data).

### **Book-Entry System**

Except as otherwise indicated in a prospectus supplement or in the section entitled "Description of the 6.125% Senior Notes Due 2014" with respect to the 6.125% Senior Notes, certain of the securities we may offer will be issued in the form of one or more fully registered global securities. These global securities will be deposited with, or on behalf of, the Depository Trust Company, or DTC, and registered in the name of its nominee. Except as described below, the global securities may be transferred, in whole and not in part, only to DTC or to another nominee of DTC.

DTC has advised us that it is:

- a limited purpose trust company organized under the New York Banking Law;
- a banking organization within the meaning of the New York Banking Law;
- a member of the United States Federal Reserve System;
- a clearing corporation within the meaning of the New York Uniform Commercial Code; and
- a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC was created to hold securities for institutions that have accounts with DTC ( "participants" ) and to facilitate the clearance and settlement of securities transactions among its participants through electronic book-entry changes in participants' accounts. Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. Access to DTC's book-entry system is also available to others that clear through or maintain a custodial relationship with a participant, either directly or indirectly. DTC administers its book-entry system in accordance with its rules and bylaws and legal requirements.

Upon issuance of a global security representing certain of the offered securities, DTC will credit on its book-entry registration and transfer system the principal amount to participants' accounts. Ownership of beneficial interests in a global security will be limited to participants or to persons that hold interests through participants. Ownership of interests in a global security will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by DTC (with respect to participants' interests) and the participants (with respect to the owners of beneficial interests in a global security). The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of those securities in definitive form. These limits and laws may impair the ability to transfer beneficial interests in a global security.

So long as DTC (or its nominee) is the registered holder and owner of a global security, DTC (or its nominee) will be considered, for all purposes under the applicable indenture, the sole owner and holder of the related offered securities. Except as described below, owners of beneficial interests in a global security will not:

be entitled to have the offered securities registered in their names; or

receive or be entitled to receive physical delivery of certificated offered securities in definitive form.

Each person owning a beneficial interest in a global security must rely on DTC's procedures (and, if that person holds through a participant, on the participant's procedures) to exercise any rights of a holder of offered securities under the global security or any applicable indenture, or otherwise. The indentures incorporated by reference as exhibits to the registration statement of which this prospectus is a part provide that DTC may grant proxies and otherwise authorize participants to take any action which it (as the holder of a global security) is entitled to take under such indentures or the global security. We understand that under existing industry practice, if we request any action of holders or an owner of a beneficial interest in a global security desires to take any action that DTC (as the holder of

the global security) is entitled to take, DTC would authorize the participants to take that action and the participants would authorize their beneficial owners to take the action or would otherwise act upon the instructions of their beneficial owners.

We will make payments with respect to offered securities represented by a global security to DTC. We expect that DTC, upon receipt of any payments, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests. We also expect that payments by participants to owners of beneficial interests in a global security held through them will be governed by standing instructions and customary practices (as is the case with securities held for customers accounts in street name) and will be the responsibility of the participants. We will not have any responsibility or liability for:

any aspect of the records relating to, or payments made on account of, beneficial ownership interests in a global security for any securities;

maintaining, supervising, or reviewing any records relating to any beneficial ownership interests;

any other aspect of the relationship between DTC and its participants; or

the relationship between the participants and the owners of beneficial interests in a global security.

Unless and until they are exchanged in whole or in part for certificated securities in definitive form, the global securities may not be transferred except as a whole by DTC to its nominee or by its nominee to DTC or another nominee.

The securities of any series represented by a global security may be exchanged for certificated securities in definitive form if:

DTC notifies us that it is unwilling or unable to continue as depositary for the global security or if at any time it ceases to be a clearing agency registered under the Exchange Act;

we decide at any time not to have the securities of that series represented by a global security and so notify DTC; or

in the case of debt securities, upon notice from DTC to the applicable indenture's trustee if an event of default has occurred and is continuing with respect to such debt securities.

If there is such an exchange, we will issue certificated securities in authorized denominations and registered in such names as DTC directs. Subject to the foregoing, a global security is not exchangeable, except for a global security of the same aggregate denomination to be registered in DTC's or its nominee's name.
