The prospectus is supplemented to add the following information:

On October 5, 2005, we consummated a public offering of 4,400,000 shares of our common stock, resulting in gross proceeds of \$8,800,000 to our company. The public price per share for the offering was \$2.00. The offering was underwritten by Ferris, Baker Watts Incorporated, Maxim Group LLC and GunnAllen Financial, Inc. On October 28, 2005, the underwriters exercised a portion of their 30-day over-allotment option and purchased 53,950 shares of our common stock for \$2.00 per share. The exercise of this portion of the over-allotment resulted in additional gross proceeds to us of \$107,900. We intend to use the proceeds of the offering primarily to fund pre-clinical and clinical development of our four lead drug formulations: Bioral<sup>®</sup>, Amphotericin B, BEMA Fentanyl, BEMA LA and BEMA Zolpidem.
