#### Item 1.01. Entry into a Material Definitive Agreement.

#### Establishment of 2006 Bonus Targets.

On February 1, 2006, the Compensation Committee (the Committee ) of the Board of Directors of Genesee & Wyoming Inc. (the Company ) approved the key terms of the Company s annual cash bonus plan, which is incorporated under the Company s 2004 Omnibus Incentive Plan (the Plan ). As set forth in the Plan, which was approved by the Company s stockholders at the 2004 Annual Meeting of stockholders, the Committee may choose from a range of defined performance measures. For fiscal year 2006, as was the case in the prior four years, the Committee approved financial and safety performance goals and bonus formulas under the Company s Genesee Value Added methodology. The Genesee Value Added financial performance goals for the Company and each of its regions are derived from return on invested capital measurements. The Genesee Value Added safety performance goals for the Company and each of its regions are derived from ratios of the number of reportable injuries, as defined by the Federal Railroad Administration, to man hours worked. The following table illustrates the 2006 target amount of annual cash bonus payments for senior executives of the Company, as well as the relative weights assigned to each performance measure for such individuals:

# Relative weighting of different criteria in determining Annual Cash Bonus Amount

				Individual	
	Target Annual Cash Bonus Amount as a percentage of	Corporate Financial	Corporate Safety	Performance	
Principal Position	base salary	Performance	Performance	Goals	
Chief Executive Officer	70%	85%	15%		
President	50%	85%	15%		
Vice Chairman	50%	80%	20%		
Chief Operating Officer	50%	20%	20%	60% (1)	
General Counsel & Corporate Secretary	50%	85%	15%		
Most other corporate executives	35%-50%	35%-85%	15%	0%-50% (2)	

<sup>(1)</sup> The Chief Operating Officer s individual performance goals are based on the Genesee Value Added financial performance of the Company s U.S. and Canadian operations.

Financial performance based bonuses can vary from zero to 200% of the target bonus amounts. To the extent that the Company, generates a financial performance based bonus amount that would otherwise be greater than 200% of the target bonus amount or less than zero, the excess amount (positive or negative, as applicable) is carried forward to determinations of the subsequent year s bonus amount. However, no employee has any right to the excess positive amounts if his or her employment ends prior to the payment of such excess amounts, and no employee has any obligations related to excess negative amounts if his or her employment terminates. Safety performance based bonuses cannot exceed the targeted amount.

The actual bonuses payable for fiscal year 2006 (if any) will vary depending on the extent to which actual performance meets, exceeds or falls short of the goals approved by the Committee.

<sup>(2)</sup> Certain other corporate executives with non-operational responsibilities also have individual performance goals, which are tied to the attainment of strategic or operational initiatives and vary depending on the positions held by such persons.
