PROXY STATEMENT

April 5, 2006

General Information

The 2005 Annual Report to Stockholders, including financial statements, will be mailed to stockholders together with these proxy materials on or about April 5, 2006.

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board or the Board of Directors) of Hornbeck Offshore Services, Inc. (Hornbeck Offshore or the Company), for the 2006 Annual Meeting of Stockholders to be held on May 2, 2006, and any postponement(s) or adjournment(s) thereof (the Annual Meeting). This Proxy Statement and the accompanying Notice of Annual Meeting and form of proxy are first being mailed to stockholders on or about April 5, 2006.

Record Date and Voting Securities

Stockholders of record as of the close of business on March 23, 2006 (the Record Date) are entitled to receive notice of and to vote at the Annual Meeting. There were 27,169,367 shares of our common stock issued and outstanding on the Record Date. Each outstanding share of common stock is entitled to one vote upon each matter properly submitted to a vote at the Annual Meeting.

Stockholders that are entitled to vote at the Annual Meeting may do so in person at the Annual Meeting, or by proxy submitted by mail, telephone or Internet as described on the enclosed proxy card.

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Broker non-votes occur when a broker or other nominee does not have discretionary authority to vote the shares with respect to a particular matter and has not received voting instructions from the beneficial owner with respect to that matter.

The vote of a plurality of the shares entitled to vote and represented at a meeting at which a quorum is present is required for the election of directors. Thus, broker non-votes and abstentions will have no effect on the election of directors.

Edgar Filing: HORNBECK OFFSHORE SERVICES INC /LA - Form DEF 14A

The affirmative vote of a majority of the shares of common stock entitled to vote and represented in person or by proxy at a meeting at which a quorum is present is required to approve the proposals relating to the approval of the Second Amended and Restated Hornbeck Offshore Services, Inc. Incentive Compensation Plan and the ratification of the reappointment of independent registered public accountants and auditors. Shares represented at the Annual Meeting that abstain with respect to either of these proposals will be considered in determining whether the requisite number of affirmative votes are cast on such matter. Accordingly, such abstentions will have the same effect as a vote against the approval of the Company's Second Amended and Restated Incentive Compensation Plan and the ratification of the reappointment of independent registered accountants and auditors,

as applicable. Broker non-votes will not be treated as shares represented at the Annual Meeting and entitled to vote for purposes of these two proposals, and therefore will have no effect.

Quorum

Except as may be otherwise required by law or the Company's Second Restated Certificate of Incorporation (Certificate of Incorporation) or Fourth Restated Bylaws (Bylaws), the holders of a majority of the Company's shares of common stock entitled to vote and present in person or represented by proxy shall constitute a quorum at a meeting of the stockholders. The persons whom we appoint to act as inspectors of election will determine whether a quorum exists. Shares of the Company's common stock represented by properly executed and returned proxies will be treated as present. Shares of the Company's common stock present or represented at the Annual Meeting that abstain from voting or that are the subject of broker non-votes will be counted as present for purposes of determining a quorum.

How Your Proxy Will be Voted on Actions to be Taken

The Board of Directors is soliciting a proxy in the enclosed form to provide you with an opportunity to vote on all matters scheduled to come before the Annual Meeting, whether or not you attend in person.

Granting Your Proxy. If you properly execute and return a proxy in the enclosed form, your shares of common stock will be voted as you specify. If you make no specifications, your proxy representing our common stock will be voted:

FOR each of the proposed director nominees;

FOR the approval of the Second Amended and Restated Hornbeck Offshore Services, Inc. Incentive Compensation Plan;
and

FOR the ratification of the reappointment of independent registered public accountants and auditors.

We expect no matters to be presented for action at the Annual Meeting other than the items described in this Proxy Statement. By signing and returning the enclosed proxy, however, you will give to the persons named as proxies therein discretionary voting authority with respect to any other matter that may properly come before the Annual Meeting, and they intend to vote on any such other matter in accordance with their best judgment.

Revoking Your Proxy. If you submit a proxy, you may subsequently revoke it or submit a revised proxy at any time before it is voted. You may also attend the Annual Meeting in person and vote by ballot, which would cancel any proxy that you previously submitted. If you wish to vote in person at the Annual Meeting but hold your stock in street name (that is, in the name of a broker, bank or other institution), then you must have a proxy from the broker, bank or institution in order to vote at the Annual Meeting.

Proxy Solicitation

We will pay all expenses of soliciting proxies for the Annual Meeting. In addition to solicitations by mail, arrangements have been made for brokers and nominees to send proxy

materials to their principals, and we will reimburse them for their reasonable expenses. We may have our employees or other representatives (who will receive no additional compensation for their services) solicit proxies by telephone, telecopy, personal interview or other means.

Stockholder Proposals

If you want us to consider including a proposal in next year's proxy statement, you must deliver it in writing to the Corporate Secretary, Hornbeck Offshore Services, Inc., 103 Northpark Boulevard, Suite 300, Covington, Louisiana 70433 by no later than December 6, 2006.

If you want to present a proposal at the 2007 Annual Meeting of Stockholders in person but do not wish to have it included in our proxy statement, you must submit it in writing to our Corporate Secretary, at the above address, by February 1, 2007 to be considered timely, in accordance with the specific procedural requirements set forth in our Bylaws. If you would like a copy of these procedures, please contact our Corporate Secretary for a copy of our Bylaws.

Pursuant to the rules of the Securities Exchange Act of 1934, the Company may use discretionary authority to vote with respect to stockholder proposals presented in person at the 2006 Annual Meeting if the stockholder making the proposal has not given the Company timely notice of such proposal.

Delivery of One Proxy Statement and Annual Report to a Single Household to Reduce Duplicate Mailings

Each year in connection with the annual meeting of stockholders, we are required to send to each stockholder of record a proxy statement and annual report, and to arrange for a proxy statement and annual report to be sent to each beneficial stockholder whose shares are held by or in the name of a broker, bank, trust or other nominee. Because some stockholders hold shares of the Company's common stock in multiple accounts, this process results in duplicate mailings of proxy statements and annual reports to stockholders who share the same address. Stockholders may avoid receiving duplicate mailings and save us the cost of producing and mailing duplicate documents as follows:

Stockholders of Record. If your shares are registered in your own name and you are interested in consenting to the delivery of a single proxy statement or annual report, you may contact the Company by mail at 103 Northpark Boulevard, Suite 300, Covington, Louisiana 70433, by telephone at (985) 727-2000 or by e-mail at ir@hornbeckoffshore.com.

Beneficial Stockholders. If your shares are not registered in your own name, your broker, bank, trust or other nominee that holds your shares may have asked you to consent to the delivery of a single proxy statement or annual report if there are other Hornbeck Offshore stockholders who share an address with you. If you currently receive more than one proxy statement or annual report at your household, and would like to receive only one copy of each in the future, you should contact your nominee.

Right to Request Separate Copies. If you consent to the delivery of a single proxy statement and annual report but later decide that you would prefer to receive a separate copy

of the proxy statement or annual report, as applicable, for each stockholder sharing your address, then please notify us or your nominee, as applicable, and we or they will promptly deliver such additional proxy statements or annual reports. If you wish to receive a separate copy of the proxy statement or annual report for each stockholder sharing your address in the future, you may contact the Company by mail at 103 Northpark Boulevard, Suite 300, Covington, Louisiana, 70433, by telephone at (985) 727-2000 or by e-mail at ir@hornbeckoffshore.com.

Proposal No. 1 Election of Directors

Term of Directors

Our Certificate of Incorporation and Bylaws provide that the Board of Directors is classified into three classes. These are designated as Class I directors, Class II directors and Class III directors, with members of each class holding office for staggered three-year terms. Vacancies on the Board resulting from death, resignation, disqualification, removal or other causes may be filled by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum of the Board is present, or by a sole remaining director.

There are currently three Class II directors, whose terms expire at the 2006 Annual Meeting of Stockholders, three Class I directors, whose terms expire at the 2007 Annual Meeting of Stockholders, and two Class III directors, whose terms expire at the 2008 Annual Meeting of Stockholders, or, in all cases, until their successors are duly qualified and elected or until their earlier death, resignation or removal in accordance with the Bylaws.

Director Nominees and Voting

The Board of Directors has nominated for election as directors the three persons named below. Our Bylaws require that our directors be stockholders of the Company. Each of the nominees for election as Class II directors is currently on the Board and has indicated his willingness to serve, if elected, but if any should be unable or unwilling to serve, proxies may be voted for a substitute nominee designated by the Board. If elected at the Annual Meeting, each of the three nominees will serve until the 2009 Annual Meeting of Stockholders (subject to the election and qualification of his or her successor and to his or her earlier death, resignation or removal). See **Nomination Process** below for additional information on the nomination of directors.

If any nominee should be unavailable for election as a result of an unexpected occurrence, the Board's proxies shall vote such shares for the election of such substitute nominee as the Board of Directors may propose. It is not anticipated that any nominee will be unable or unwilling to serve as a director if elected.

The names, ages as of March 15, 2006, principal occupations and other information concerning each nominee for Class II director, are set forth below.

(NYSE:PVR), which manages coal properties and related assets and operates a midstream natural gas gathering and processing business. Mr. Krablin is a certified public accountant.

David A. Trice, 57, has served as one of our directors since October 2002. (NYSE:GRP), a drill stem technology and drill pipe manufacturing company, since May 2003.

Simmons & Associates, Incorporated. From 1986 to 1989, Ms. Melcher worked for Simmons & Company International, an investment banking firm serving the energy industry.

Board Structure, Committee Composition and Meetings

As of the date of this Proxy Statement, the size of the Board of Directors was fixed at eight members, divided into three classes as described under Term of Directors above. Our Board has a standing audit committee, compensation committee and nominating/corporate governance committee. The Board may also establish other committees from time to time as necessary to facilitate the management of the business and affairs of the Company and to comply with the corporate governance rules of the NYSE.

The Board is comprised of a majority of independent directors including a Lead Independent Director. The Board has determined that Ms. Patricia A. Melcher and Messrs. Bruce W. Hunt, Andrew L. Waite, Bernie W. Stewart, Steven W. Krablin and David A. Trice are independent for purposes of Section 303A of the New York Stock Exchange (NYSE) Listing Standards, and that the members of the audit committee are also independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934 and Section 303A.07 of the NYSE Listed Company Manual. The Board based its determinations of independence primarily on a review of the responses our directors provided to questions regarding employment and compensation history, affiliations and family and other relationships. Because of certain transition rules relating to director independence, Bernie W. Stewart qualified for service on the Board committees that require independence until March 26, 2005 and once again qualified effective May 1, 2005. Accordingly, Mr. Stewart resigned from the audit, compensation and nominating/corporate governance committees effective March 24,

2005 and was reappointed to the audit, compensation and nominating/corporate governance committees on May 3, 2005.

During 2005, our Board of Directors held seven meetings and took action by unanimous written consent seven times. All of the directors attended at least 75% of the aggregate number of meetings of the Board of Directors and of each committee of the Board on which they served. All directors are expected to attend Annual Meetings, and all of our directors attended our last Annual Meeting of Stockholders.

The Company has established Corporate Governance Guidelines, which may be found on the Investor Relations page of our website (<http://www.hornbeckoffshore.com>) under Corporate Governance. Pursuant to the Company's Corporate Governance Guidelines, our non-management directors are required to meet in separate sessions without management on a regularly scheduled basis four times a year. Generally, these meetings occur as an executive session without management director attendance in conjunction with regularly scheduled meetings of the Board throughout the year. In the event that the Chairman of the Board is not also a member of management, he will preside at such executive sessions. In the Chairman of the Board's absence, the Lead Independent Director or in his absence such other non-management director designated in advance by the Chairman, or, if one is not designated, the non-management director elected by a majority of the non-management directors will preside over the executive session. In the event that the Chairman of the Board is also a member of management, the separate non-management sessions are presided over by the Lead Independent Director or in his absence by a director elected by a majority of the non-management directors. If the non-management directors include directors who are not independent directors (as determined by our Board), the Chairman of the Board, if an independent director, will preside over at least one separate session annually that will include only our independent directors. In the event that the Chairman of the Board is not an independent director or is unavailable to attend, the independent directors' separate session will be presided over by the Lead Independent Director or in his absence by an independent director elected by a majority of the independent directors.

Committees of the Board of Directors

Audit Committee

The Board of Directors has established an audit committee currently comprised of Ms. Melcher and Messrs. Hunt, Krablin, and Stewart. Mr. Trice served on the audit committee from March 24, 2005 until May 3, 2005. The audit committee operates under a written charter adopted by the Board of Directors. The Board has determined that each director currently serving on the audit committee meets the independence requirements of the NYSE and satisfies the financial literacy requirements of the NYSE. Because of certain transition rules relating to director independence, Bernie W. Stewart qualified for service on the audit committee until March 26, 2005 and once again qualified effective May 1, 2005. Accordingly, Mr. Stewart resigned from the audit committee effective March 24, 2005 and was reappointed May 3, 2005.

The Board has also determined that Ms. Melcher and Mr. Krablin qualify as audit committee financial experts as defined in Item 401(h) of Regulation S-K of the Securities

Exchange Act of 1934. Each of Ms. Melcher and Mr. Krablin is financially literate and has accounting or related financial management expertise, as described in their biographical information under Director Nominees and Voting above. The audit committee met five times during 2005 and did not take any action by unanimous consent in 2005.

In addition to certain duties prescribed by applicable law, the committee is charged, under its written charter, to select and engage the independent public accountants to audit our annual financial statements. The audit committee also establishes the scope of, and oversees, the annual audit and approves any other services provided by public accounting firms. Furthermore, the audit committee provides assistance to the Board in fulfilling its oversight responsibility to the stockholders, potential stockholders, the investment community and others relating to the integrity of our financial statements, our compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, the performance of our internal audit function and independent auditor, and oversees our system of disclosure controls and procedures and system of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established. In doing so, it is the responsibility of the audit committee to maintain free and open communication between the audit committee and our independent auditors, the internal auditing function and management of the company. See Audit Committee Report below for further information on the functions of the audit committee.

Compensation Committee

Our Board of Directors has a compensation committee currently comprised of Ms. Melcher and Messrs. Krablin, Stewart, Trice and Waite. In addition to certain duties prescribed by NYSE listing requirements, the committee is charged, under its written charter, to periodically assess compensation of the Company's executive officers, review and evaluate the performance of the Chief Executive Officer, and help determine the Chief Executive Officer's compensation based on this evaluation, and to make recommendations to the Board with respect to non-CEO compensation, incentive-compensation plans and equity-based plans, and benefits and perquisites, including retirement and termination benefits.

Our Board has determined that each member of the compensation committee meets the independence requirements of the NYSE. Because of certain transition rules relating to director independence, Bernie W. Stewart qualified for service on the compensation committee until March 26, 2005 and once again qualified effective May 1, 2005. Accordingly, Mr. Stewart resigned from the compensation committee effective March 24, 2005 and was reappointed May 3, 2005. The compensation committee met eight times during 2005 and did not take any action by unanimous consent in 2005.

Nominating/Corporate Governance Committee

Our Board of Directors has also established a nominating/corporate governance committee, currently comprised of Messrs. Hunt, Stewart, Trice and Waite. In addition to certain duties prescribed by NYSE listing requirements, the committee is charged, under its written charter, to develop, review and recommend to the Board a set of corporate governance principles for the Company, and to identify, review and recommend to the Board possible candidates for Board membership.

Our Board has determined that each member of the nominating/corporate governance committee meets the independence requirements of the NYSE. Because of certain transition rules relating to director independence, Bernie W. Stewart qualified for service on the nominating/corporate governance committee until March 26, 2005 and once again qualified effective May 1, 2005. Accordingly, Mr. Stewart resigned from the nominating/corporate governance committee effective March 24, 2005 and was reappointed May 3, 2005. The nominating/corporate governance committee met three times and did not take any action by unanimous written consent during 2005.

We will also provide printed copies of these materials to any stockholder upon request to Hornbeck Offshore Services, Inc., Attn: Compliance Officer, Samuel A. Giberga, 103 Northpark Boulevard, Suite 300, Covington, Louisiana 70433. We also make available on our website, free of charge, access to our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and amendments to those reports, as well as other documents that we file with or furnish to the Commission pursuant to Sections 13(a) or 15(d) of the Exchange Act, as soon as reasonably practicable after such documents are filed with, or furnished to, the Commission.

Nomination Process

It is our Board of Director s responsibility to nominate members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of stockholders. The nominating/corporate governance committee assists the Board by identifying and reviewing potential candidates for Board membership consistent with criteria approved by the Board. The nominating/corporate governance committee also annually recommends qualified candidates (which may include existing directors) for approval by the Board of a slate of nominees to be proposed for election to the Board at the annual meeting of stockholders. In February 2006, the nominating/corporate governance committee met and deliberated on Class II director candidates, and recommended to the Board of Directors the reelection of the three candidates nominated above.

As provided in the Company s Bylaws, the Board is authorized to nominate and elect a new director when a vacancy occurs between annual meetings of stockholders. In the event of a vacancy on the Board between annual meetings of the Company s stockholders, the Board may request that the nominating/corporate governance committee identify, review and

recommend qualified candidates for Board membership for Board consideration to fill such vacancies, if the Board determines that such vacancies will be filled. The Company's Bylaws allow for up to nine directors. At present, the Company has eight directors and the Board has not taken action to increase the number of its members to nine. The Board is permitted by the Bylaws to create a new directorship upon the affirmative vote of 66 2/3% of the directors then in office and to fill a newly created directorship by a majority vote of the directors then in office.

When formulating its recommendations for potential Board nominees, the nominating/corporate governance committee seeks and considers advice and recommendations from management, other members of the Board and may seek or consider advice and recommendations from consultants, outside counsel, accountants, or other advisors as the nominating/corporate governance committee or the Board may deem appropriate.

Stockholder Nominations for Directors

The nominating/corporate governance committee will consider candidates for director nominees that are recommended by stockholders of the Company in accordance with the procedures set forth in the Bylaws. Any such nominations should be submitted to the Board of Directors care of the Corporate Secretary, Hornbeck Offshore Services, Inc., 103 Northpark Boulevard, Suite 300, Covington, Louisiana 70433 and accompany it with the following information:

appropriate biographical information, a statement as to the qualifications of the nominee and any other information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); and

the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of the Company's common stock that are owned beneficially and of record by such stockholder(s).

The written recommendation should be submitted within the time frame described under the caption "Stockholder Proposals" above.

Stockholder Communications

Stockholders wishing to communicate with our Board of Directors may call the Company's toll-free Governance Hotline at 1-800-506-6374. Our audit committee monitors these calls. All calls are documented, and those reports that are deemed to be substantive will be passed on to the Board. Stockholders calling the hotline should provide a sufficiently detailed description of the nature of the matter that the stockholder wishes to communicate with the Board, as well as a name, telephone number, email address, or other contact information so that the Company can either respond to the communication or obtain additional information about the matter.

Compensation of Directors

Directors who are also our employees receive no additional compensation for serving as directors or committee members.

In 2004 and through February 21, 2005, under a compensation policy previously approved by the Board of Directors, each non-employee director, other than the Chairman of the Board, received a total annual retainer of \$20,000 paid quarterly, \$1,200 for each Board meeting attended in person and \$800 for each Board meeting attended by telephonic communications. Board committee members also received \$600 for each committee meeting attended, whether in person or by telephonic communications. The Chairman of the Board received a total annual retainer of \$20,000, paid quarterly, \$1,800 for each regularly scheduled Board meeting attended, \$1,500 for each special Board meeting attended and \$600 for each committee meeting attended, except where the Chairman of the Board was also the Chairman of the compensation committee, in which case he received \$800 for each such committee meeting attended. Each non-employee director was also entitled to receive a minimum annual grant of options to purchase 2,000 shares of common stock with such options being granted under the Company's Incentive Compensation Plan. The minimum annual grant was subject to annual review and could be increased at the discretion of the compensation committee.

Effective February 22, 2005, the Board of Directors approved a revised non-employee director compensation policy. Under the revised policy, each non-employee director, including the Chairman of the Board, is entitled to receive a total annual retainer of \$26,000, paid quarterly. The Chairman of the Board and the Chair of each of the audit and compensation committees are each entitled to receive an additional total annual retainer of \$8,000, paid quarterly. Each non-employee director is also entitled to receive \$1,200 for each Board meeting attended in person and \$800 for each Board meeting attended by telephonic communications. Non-employee directors appointed to committees will receive \$800 for each committee meeting attended in person or by telephonic communications. Also effective as of February 22, 2005 and until February 14, 2006, non-employee directors were entitled to receive a minimum annual grant of options to purchase 4,000 shares of common stock with such options being granted under the Company's Incentive Compensation Plan.

Effective as of February 14, 2006, the Board of Directors approved a further revised non-employee director compensation policy. Under the revised policy, non-employee directors will be entitled to receive a minimum annual grant of options to purchase 4,000 shares of common stock or an award of 2,500 restricted shares of common stock, or some combination of the same, with such options or restricted shares being granted under the Incentive Compensation Plan. The minimum annual grant or award is subject to annual review and may be increased at the discretion of the Compensation Committee.

After three years of service as a non-employee director, a non-employee director and his immediate family could elect to participate in the same insurance benefit programs sponsored by the Company on the same monetary terms as our employees. All directors are entitled to be reimbursed for their out-of-pocket expenses incurred in connection with serving on our Board.

The non-employee director compensation policy also provides for longevity service awards to non-employee directors. Upon completion of three years of service as a non-employee director, a director is granted shares of restricted stock and options to purchase the number of shares of common stock equaling 25% of the shares of restricted stock and options granted to such director over the previous three years. Upon completion of

five years of service as a non-employee director, a director will be granted shares of restricted stock and options to purchase the number of shares of common stock equaling 50% of the shares of restricted stock and options granted to such director over the previous five years less the number of shares of restricted stock and shares covered by the options awarded to such director after three years of service. Thereafter, upon completion of each successive period of five years of service, a non-employee director will be granted shares of restricted stock and options to purchase the number of shares of common stock equaling 50% of the shares of restricted stock and options granted to such director over the previous five years.

In addition to the cash compensation received for their service as directors during 2004 under the terms of the then effective non-employee director compensation policy described above, in February 2005 the compensation committee awarded each of the following non-employee directors options to purchase 4,000 shares of the Company's common stock: Ms. Melcher and Messrs. Larry Hornbeck, Hunt, Stewart, Trice and Waite. These options were granted to the non-employee directors effective February 22, 2005 at an exercise price of \$23.10 per share. One third of these options become exercisable on each of the first three anniversaries of the date of grant.

In addition to the cash compensation received for their service as directors during 2005 under the terms of the most recently revised non-employee director compensation policy described above, effective February 14, 2006 the compensation committee awarded each of the following non-employee directors 2,500 shares of restricted common stock of the Company: Ms. Melcher and Messrs. Larry Hornbeck, Hunt, Krablin, Stewart, Trice and Waite. The forfeiture provisions of these restricted shares lapse on February 14, 2007.

On February 27, 2002, we entered into an advisory agreement with Bernie W. Stewart, our Chairman of the Board. Under the terms of this agreement, Mr. Stewart advised and made recommendations to our executive officers and Board of Directors on matters relating to our business, including our operations, finances, strategic planning and acquisitions. Mr. Stewart provided these services on a full-time basis through May 31, 2002 and on a part-time basis through February 27, 2003, at which time the agreement expired. He received \$20,000 per month for his full-time advisory services and \$8,335 per month for his part-time services. Under the terms of his advisory agreement, Mr. Stewart was granted options to purchase 4,000 shares of our common stock at an exercise price of \$6.63 per share. Also under the terms of the advisory agreement, Mr. Stewart purchased 30,189 shares of our common stock at a purchase price of \$6.63 per share, and, upon such purchase, we granted Mr. Stewart an option to purchase an additional 15,094 shares of our common stock at a purchase price of \$6.63 per share, to be exercised in accordance with, and subject to the terms of the Company's Incentive Compensation Plan. It is compensation under this advisory agreement that caused Mr. Stewart not to qualify for service on the Board committees from March 26, 2005 through April 30, 2005.

Proposal No. 2 Approval of Second Amended and Restated Incentive Compensation Plan

The Hornbeck Offshore Services, Inc. Amended and Restated Incentive Compensation Plan (the "Plan") was approved by our Board of Directors and stockholders in 2003 as an amendment and restatement of the Company's Incentive Compensation Plan which was adopted in November 1997. The purposes of the Plan, which are more fully described below,

are to (i) promote the interests of the Company and its stockholders by enabling the Company and each of its subsidiaries to attract, motivate and retain their respective employees and non-employee members of the Board of Directors by offering such employees and non-employee directors performance-based stock incentives and other equity interests in the Company and other incentive awards and (ii) promote the Company's long-term growth and success. On March 24, 2006, our Board of Directors adopted a proposal to further amend and restate the Plan by (i) making certain changes to the language of the Plan to incorporate changes in the laws which might affect the Plan and its administration, (ii) modifying the language of the Plan to describe how the Plan is to be administered, (iii) incorporating any amendments to the Plan since its last amendment and restatement, and (iv) changing the name of the Plan to the Second Amended and Restated Hornbeck Offshore Services, Inc. Incentive Compensation Plan. The amendment and restatement modifies the limit on the maximum compensation that could be awarded to any participant during any fiscal year in connection with awards under the Plan other than stock options or stock appreciation rights so that the limit applicable to stock options and stock appreciation rights would also be applicable to such other awards. The Board of Directors did not increase the maximum number of shares of common stock of the Company that may be delivered pursuant to awards granted under the Plan. Accordingly, the maximum number of shares of common stock of the Company that may be delivered pursuant to awards granted under the Plan remains 3,500,000. We must receive stockholder approval to amend and restate the Plan, otherwise the Plan will continue in place as it currently exists. A copy of the full text of the Plan showing the changes to the Plan's terms as a result of the second amendment and restatement in blackline format is attached hereto as Appendix A.

General Description of Substantive Changes to the Plan as a Result of the Second Amendment and Restatement

Modify the definitions of employee and disability in the Plan to comply with Section 422 of the Internal Revenue Code of 1986, as amended, or the Code.

Modify the definition of retirement to incorporate a prior amendment to the Plan.

Modify the terms of the Plan to incorporate a prior amendment to the Plan that provided that on a participant's retirement the participant will become fully vested in all stock options and any associated stock appreciation rights granted under the Plan and to provide that restricted stock awards and other performance awards also vest on retirement.

Modify the list of business criteria in the definition of performance measure that may be used for the purposes of establishing a performance goal with respect to an award which complies with Section 162(m) of the Code to include earnings before interest, income taxes, depreciation, amortization and loss on early extinguishment of debt, or EBITDA.

Limit the ability of the Company to add back to the pool of shares of common stock available for issuance under the Plan shares of common stock tendered in connection with the exercise of an award that have actually been issued, no matter how long the shares were outstanding, in order to comply with the NYSE listing rules applicable to equity-based compensation plans.

Conform the limitation on the maximum amount of compensation payable as an award (other than as an award of a stock option or a stock appreciation right) to any participant so

that such maximum is based on shares of common stock of the Company and is not based on cash compensation. As revised, no participant in the Plan may receive total combined awards, of all types, under the Plan during an fiscal year which in the aggregate cover more than 411,000 shares of common stock of the Company.

Modify the language in the Plan that describes the various methods an option holder may use to exercise his options.

Modify the limitations on transferability to permit the transfer of stock options and stock appreciation rights in connection with a participant s divorce, and to permit the compensation committee to authorize the transfer of awards in certain limited circumstances.

Modify the language of the Plan regarding applicable tax withholding in order to conform the terms of the Plan with how it is actually being administered.

General Description Of The Plan

Types of Awards and Eligibility. Under the Plan, any employees of the Company and its subsidiaries, non-employee directors, and consultants are eligible to participate in the Plan and receive awards. Awards can take the form of options, stock appreciation rights (SARs), stock and other awards. An option issued under the Plan may take the form of an incentive stock option (ISO) which complies with the requirements of Section 422 of the Code or a nonqualified stock option (NQSO). Options and SARs may be granted to any individual eligible to participate in the Plan except that ISOs may only be granted to employees of the Company or its subsidiaries. SARs may be granted to participants alone or in tandem with concurrently or previously issued stock options. An SAR issued in tandem with an option will only be exercisable to the extent that the related option is exercisable and when a tandem SAR is exercised, the option to which it relates shall cease to be exercisable, to the extent of the number of shares with respect to which the tandem SAR is exercised. Similarly, when the option is exercised, the tandem SARs relating to the shares covered by such option exercise shall terminate. The payment of the appreciation associated with the exercise of an SAR may be made by the Company in shares of common stock of the Company, cash or a combination of both common stock and cash at the Company s discretion. To date, the Company has not granted any SARs.

A stock award may be granted to any individual eligible to participate in the Plan. A stock award will entitle a recipient to receive shares of common stock of the Company subject to such forfeiture restrictions as the Board of Directors or the compensation committee may determine at the time of grant. Such forfeiture restrictions or conditions may be based on the continued employment or service of the award recipient and/or the achievement of pre-established performance goals or objectives. Such performance goals or objectives may be based on earnings per share; return on assets; return on equity; return on capital; net profit after taxes; net profit before taxes; operating profits; stock price; sales or expenses; and earnings before interest, income taxes, depreciation, amortization and loss on early extinguishment of debt, or EBITDA, as determined by the compensation committee.

Shares Available for Award. A total of 3,500,000 shares of our common stock have been authorized by the stockholders for issuance under the Plan. All of the shares of common stock of the Company authorized under the Plan have been registered on a Form S-8. A

description of the remaining shares of common stock of the Company available for award under the Plan is contained in First Amended and Restated Incentive Compensation Plan Information, below.

Common stock that is related to awards that (i) are forfeited or cancelled or terminate or expire prior to the issuance of the common stock, (ii) are settled in cash will again be available for future awards under the Plan. In addition, common stock that is tendered or withheld in order to satisfy payment of (i) the exercise price of an option, or (ii) the minimum withholding tax obligations of a participant, will be available for future awards under the Plan. To the extent any such add back rule constitutes a formula that would result in a material revision of the Plan, as defined in the NYSE listing rules applicable to equity-based compensation plans of the Plan, the formula has been limited to a period of not more than ten years following the shareholder approval of the amended and restated version of the Plan in order to comply with such listing rules.

The Plan provides for appropriate adjustments to the shares available under the Plan and the awards under the Plan in the event of a merger, consolidation, recapitalization, stock split, combination of shares, stock dividend or similar transaction involving the Company.

Termination and Amendment. The Plan may be amended or terminated by the Board of Directors at any time. However, an amendment that would impair the rights of a participant regarding any outstanding award will not be valid with respect to such award without the participant's consent. In addition, our stockholders must approve any amendment to increase the number of authorized shares under the Plan, to change the individuals eligible to participate in the Plan, or to adopt any amendment which requires stockholder approval under NYSE rules.

Acceleration of Awards. The compensation committee has the discretion to accelerate the vesting of unvested awards in the case of termination of employment and to waive vesting conditions under certain circumstances.

Transferability. Awards are generally not transferable except by will or by the laws of descent and distribution; however, the second amended and restated version of the Plan has been modified to provide that options and SARs may be transferable pursuant to a valid order in connection with a divorce proceeding pursuant to which a court has determined that a spouse or former spouse of a participant has an interest in the participant's options or SARs. If an ISO is transferred to a spouse or former spouse pursuant to such an order it will cease to be an ISO and will be treated for all purposes under the Plan as an NQSO. In addition, this amended and restated version of the Plan permits the compensation committee to authorize the transfer of awards in certain other limited circumstances.

Federal Income Tax Consequences

Under current federal tax law, the following are the United States federal income tax consequences generally arising with respect to stock awards, options and SARs granted under the Plan. This summary is not intended to be exhaustive and the exact tax consequences to any participant will depend on various factors and the participant's particular circumstances. This summary is based on present laws, regulations and interpretations and is not a complete description of federal tax consequences. This summary of federal tax

consequences may change in the event of a change in the Code or regulations thereunder or interpretations thereof. We urge participants in the Plan to consult their tax advisors with respect to any state, local and foreign tax considerations or particular federal tax implications of awards made under the Plan prior to taking action with respect to an award. The Plan is not intended to be a qualified plan under Section 401(a) of the Code.

Stock Awards. Absent the filing of an election under Section 83(b) of the Code with the Internal Revenue Service, no income will be recognized by a participant for U.S. federal income tax purposes upon the grant of a stock award. Upon the vesting of a stock award or the lapsing of any forfeiture restrictions, which may include the satisfaction of pre-established performance goals, the participant will recognize ordinary income in an amount equal to the difference between the amount, if any, paid for the stock award and the fair market value of the common stock on the vesting date. Income recognized upon the vesting of a stock award, by a participant who is an employee, will be considered compensation subject to withholding at the time such ordinary income is recognized and, therefore, the Company must make the necessary arrangements with the participant to ensure that the amount of tax required to be withheld is available for payment. Stock awards provide the Company with a deduction equal to the amount of income recognized by the participant, subject to certain deduction limitations. The participant's adjusted basis in the common stock is equal to any income recognized by the participant. If a participant thereafter sells the common stock, any amount realized over (under) the adjusted basis of the common stock will constitute capital gain (loss) to the participant for U.S. federal income tax purposes. If a participant forfeits an award prior to its vesting, the participant will not recognize gain or loss as a result of such forfeiture.

Upon the grant of a stock award, the participant may file an election under Section 83(b) of the Code to accelerate the recognition of ordinary income to the grant date of the award. The election under Section 83(b) of the Code must be filed within 30 days of the date of the grant of the award. Such ordinary income recognized is equal to the difference between the amount, if any, paid for the stock award and the fair market value of the common stock on the grant date and is considered compensation subject to withholding for employees. If a participant subsequently forfeits the stock or the stock depreciates in value after a Section 83(b) election is filed, the participant will not be eligible for capital or ordinary loss treatment with respect to the stock. The Company is entitled to a deduction equal to the amount of income recognized by the participant, subject to certain deduction limitations. The filing of an election under Section 83(b) of the Code will begin the participant's capital gains holding period and the participant's adjusted basis in the common stock is equal to any income recognized by the participant.

Stock Options

Nonqualified Stock Options. A participant will not be taxed when an NQSO is granted to the participant. When the participant exercises an NQSO, the participant will generally recognize ordinary income and owe taxes on the spread, or difference between the fair market value of the stock on the date the NQSO is exercised and the exercise price of the NQSO. If the participant is an employee, this spread is treated like additional compensation and is subject to withholding at the time the ordinary income is recognized. If the participant subsequently sells the stock, the participant may also owe taxes on the difference between the price the participant received on the sale of the shares and his basis, which is the sum of

the price he originally paid plus the spread. When the participant sells the stock, the amount realized on the sale that exceeds (or is less than) the participant's basis will be a long-term or a short-term capital gain (or loss), depending on the participant's applicable capital gains holding period. If the Company complies with applicable income reporting requirements, it will be entitled to a federal income tax deduction in the same amount and at the same time as the participant recognizes ordinary income, subject to any deduction limitation under Section 162(m) of the Code.

Incentive Stock Options. A participant will not be taxed when an ISO is granted and will generally not be taxed when the ISO is exercised, unless the participant is subject to the alternative minimum tax (AMT). If the participant holds the shares purchased upon exercise of the ISO (ISO Shares) for more than one year after the date the participant exercised the option and for more than two years after the date the option is granted, the participant generally will realize long-term capital gain or loss (rather than ordinary income or loss) when the participant sells or otherwise disposes of the ISO Shares. This gain or loss will equal the difference between the amount realized upon such disposition and the amount paid for the ISO Shares.

If the participant sells the ISO Shares in a disqualifying disposition (that is, within one year from the date he exercises the ISO or within two years from the date of the ISO grant), the participant generally will recognize ordinary income equal to the lesser of (i) the difference between the fair market value of the shares on the date of the exercise of the ISO and the exercise price under the ISO (i.e., the spread), or (ii) the amount the participant realized on the sale. For a gift or a disqualifying disposition where a loss, if sustained, would not usually be recognized, the participant will still recognize ordinary income equal to the spread on the date the ISO was exercised. Any amount realized on a disqualifying disposition that exceeds the amount treated as ordinary compensation income (or any loss realized) will be a long-term or a short-term capital gain (or loss), depending on the participant's applicable capital gains holding period. The Company can generally take a tax deduction on a disqualifying disposition corresponding to the ordinary income the participant recognizes.

Alternative Minimum Tax. The difference between the exercise price of an ISO and the fair market value of the ISO Shares on the date of exercise is an adjustment to income for purposes of the AMT. The AMT (imposed to the extent it exceeds the taxpayer's regular tax) is a certain percentage of an individual taxpayer's alternative minimum taxable income. The AMT is lower than regular tax rates but covers more income. Taxpayers determine their alternative minimum taxable income by adjusting regular taxable income for certain items, increasing that income by certain tax preference items, and reducing this amount by the applicable exemption amount. If a disqualifying disposition of the ISO Shares occurs in the same calendar year as exercise of the ISO, there is no AMT adjustment with respect to those ISO Shares. Also, upon a sale of ISO Shares that is not a disqualifying disposition, alternative minimum taxable income is reduced when the participant sells the ISO Shares by the excess of the fair market value of the ISO Shares as of the date of exercise over the amount paid for the ISO Shares.

Payment of the Exercise Price With Stock. If a participant surrenders common stock which the participant already owns as payment for the exercise price of a stock option, the participant will not recognize gain or loss as a result of such surrender. The number of shares

received upon exercise of the option equal to the number of shares surrendered will have a tax basis equal to the tax basis of the surrendered shares. The holding period for such shares will include the holding period for the shares surrendered. The remaining shares received will have a basis equal to the amount of income the participant recognizes upon receipt of such shares. The participant's holding period for such shares will commence on the day after such exercise.

Stock Appreciation Rights. Generally, no income will be recognized by a participant for U.S. federal income tax purposes upon the grant of a stand-alone or tandem SAR. Upon exercise of an SAR, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the common stock on the date of exercise over the price from which stock appreciation is measured. Income recognized, by a participant who is an employee, upon the exercise of an SAR will be considered compensation subject to withholding at the time the income is recognized and, therefore, the Company must make the necessary arrangements with the participant to ensure that the amount of tax required to be withheld is available for payment. SARs provide the Company with a deduction equal to the amount of income recognized by the participant, subject to certain deduction limitations. The adjusted basis of common stock transferred to a participant pursuant to the exercise of an SAR is the price paid for the common stock plus an amount equal to any income recognized by the participant as a result of the exercise of the SAR. If a participant thereafter sells common stock acquired upon exercise of an SAR, any amount realized over(under) the adjusted basis of the common stock will constitute capital gain(loss) to the participant for U.S. federal income tax purposes.

Section 162(m)

Section 162(m) of the Code generally disallows a public company's tax deduction for compensation paid to its chief executive officer, or the individual acting in that capacity, and the four most highly compensated executives to the extent such compensation exceeds \$1,000,000 in any tax year. However, compensation that qualifies as performance-based compensation is excluded from this \$1,000,000 deduction limit and therefore remains fully deductible by the company that pays it. The Company intends that options granted (i) with an exercise price at least equal to 100% of the fair market value of the underlying shares of common stock of the Company at the date of grant, (ii) to employees the compensation committee expects to be named executive officers at the time a deduction arises in connection with these options, qualify as performance-based compensation so these options will not be subject to the Section 162(m) deduction limitations. In addition, stock awards to such individuals will be made subject to satisfaction of pre-established objective performance goals determined by the compensation committee in accordance with Section 162(m) of the Code.

The affirmative vote of a majority of the shares of common stock entitled to vote and represented in person or by proxy at a meeting at which a quorum is present is required for approval of the Second Amended and Restated Hornbeck Offshore Services, Inc. Incentive Compensation Plan.

The Board of Directors unanimously recommends that the stockholders vote FOR the approval of the Second Amended and Restated Hornbeck Offshore Services, Inc. Incentive Compensation Plan.

Proposal No. 3 Selection and Ratification of the Independent Registered Public Accountants and Auditors

Our audit committee and Board of Directors seek stockholder ratification of the reappointment of Ernst & Young LLP to act as the independent registered public accountants and auditors of our consolidated financial statements for the 2006 fiscal year. If the stockholders do not ratify the appointment of Ernst & Young, the audit committee will reconsider this appointment. Representatives of Ernst & Young are expected to be present at the Annual Meeting to respond to appropriate questions, and those representatives will also have an opportunity to make a statement if they desire to do so.

The affirmative vote of a majority of the shares of common stock entitled to vote and represented in person or by proxy at a meeting at which a quorum is present is required to ratify the selection of the independent auditors.

The dollar amounts in the Restricted Stock Awards column above and the share amounts in the related footnote relate to awards that consist of two equal amounts of shares. The restricted stock award base amount, or Base Shares, constitutes the base number of shares of restricted stock awarded to the executive officer. The restricted stock award bonus amount, or Bonus Shares, constitutes an incremental number of shares that, when added to the Base Shares, equals the maximum number of shares of restricted stock that the executive officer may receive based on the relative stock price performance of the Company and certain of its public peers for the period of time specified in the respective restricted stock awards. The peer group is comprised of the 15 public companies in the PHILX Oil Service Sector Index (OSX) and four additional public peers. The actual amount of shares and the related dollar amounts that will finally be received by the executive officers under the Base Shares and Bonus Shares amounts of the Restricted Stock Awards granted on February 14, 2006 will be calculated as a percentage of the Base Shares amount based on the relative performance ranking of the Company compared to the peer group for the three-year period ending February 14, 2009, as follows: (1) if the Company ranks in the top 20%, the executive officer will receive 200% of the Base Shares; (2) if the Company ranks in the top 33 1/3% but below the top 20%, the executive officer will receive between 150% and 200% of the Base Shares; (3) if the Company ranks in the top 50% but below the top 33 1/3%, the executive officer will receive between 100% and 150% of the Base Shares; (4) if the Company ranks in the top 66 2/3% but below the top 50%, the executive officer will receive between 50% and 100% of the Base Shares; and (5) if the Company ranks in the bottom 33 1/3%, the executive officer will receive no shares. Within categories (2), (3) and (4), the appropriate bonus and forfeiture factors related to the Base Shares amount will be interpolated on a straight-line basis between the two performance percentages.

Compensation Committee Report on Executive Compensation

The compensation committee is composed of independent directors as required by NYSE rules. See Committees of the Board of Directors Compensation Committee. The Board designates the members and the chairman of the compensation committee. The

compensation committee is responsible for establishing and administering the Company's employee benefit plans and policies governing annual cash compensation and incentive awards.

Executive Compensation Philosophy

In determining executive compensation, the compensation committee employs compensation policies designed to align compensation with the Company's overall business strategies and objectives. The plan and policies are intended to:

Attract and retain executives whose abilities are considered essential to the long-term success and competitiveness of the Company,

Support a performance-oriented environment that rewards achievement of internal Company goals, and

Reward executives for long-term strategic management and enhancement of stockholder value.

As part of the implementation of its compensation plan, the Company has entered into long-term employment contracts with its three most senior executive officers (*i.e.*, Chief Executive Officer, Chief Operating Officer and Chief Financial Officer). See Employment Agreements below.

In 2005, the compensation committee engaged an outside compensation-consulting firm to provide a study of executive and director compensation. The study included comparisons of compensation for executive officers at 17 public companies in the energy service industry as well as survey data from other public companies of similar size and nature in the energy and general industries. Over several months, the compensation committee met with and without the consultants to review, discuss and analyze the data. During this time the compensation committee, through its chairman, consulted often with its outside compensation consultant and with management.

The study showed that the Company's base salary for executive officers was relatively unfavorable from a competitive position, while total cash compensation to executive officers as a group was competitive in the market. The study also showed that the Company's long-term incentive compensation to its executive officers in the form of equity grants was below market levels. The compensation committee took the study findings into account in determining total compensation for 2005, salaries for 2006 and long-term incentive compensation for the executive officers, including the Chief Executive Officer.

The compensation committee also took into account for such officers for 2005 total compensation, 2006 salaries and long-term incentive compensation the follow-on offerings of debt and equity securities in the fall of 2005, the expansion of the Company's vessel building and conversion programs, the manner in which the Company dealt with Hurricanes Katrina and Rita and other strategic activities. The compensation committee has reviewed tally sheets reflecting all compensation and related commitments for executive officers, including base salary, annual performance-based cash incentives, outstanding stock option grants, proposed restricted stock awards and perquisites.

Base Salary. Salary ranges and individual salaries for executive officers are reviewed annually. In determining individual salaries, the compensation committee considers the scope of the executive's job responsibilities, individual contributions, market conditions, current compensation as compared to peer companies, including for 2005 the compensation consultant's study, the specific actions and strategic activities in the prior year and the Company's then current budget.

Annual Incentives. Annual cash incentives for the three most senior executive officers are determined according to the terms of their employment agreements. For 2005, bonuses were based on performance of the Company and the individual performance of each executive officer and comprised of two components. The first component is based on the objective standard of performance against the Company's financial goal for earnings before interest, income taxes, depreciation, amortization and loss on early extinguishment of debt, or EBITDA, established in the beginning of the year. The second component is determined at the sole discretion of the compensation committee based on a variety of factors.

In accordance with their employment agreements, cash incentives for the three most senior executive officers are determined after the end of the year. With respect to the first component, the compensation committee believes that full payment of this award under the plan should be based on meeting the EBITDA target goal established by the compensation committee. Accordingly, it is possible that no award under the first component will be made to these senior executives in a given year if the minimum performance level of the goal is not met. On the other hand, if the EBITDA target is significantly exceeded, payments for the first component of the cash incentives can exceed 100% for the Chief Executive Officer, and 75% each for the Chief Operating Officer and Chief Financial Officer, of the base salary levels established by the compensation committee for these three executive officers.

In 2005, the Company substantially exceeded the applicable EBITDA target under the first component for the annual incentive compensation. In addition, for 2005, bonuses under the second component were paid to the three most senior executive officers in recognition of their respective services during the year, and other specific actions and strategic activities considered by the compensation committee as discussed above. Messrs. Todd Hornbeck, Annessa and Harp were awarded 2005 bonuses, as an aggregate of the two incentive components, of 200%, 150% and 150% of their 2005 base salaries, respectively.

Annual cash incentives for the other two named executive officers are typically based on recommendations by the Chief Executive Officer, taking into account the overall performance of such individuals and the Company's performance in achieving its targeted EBITDA goal.

Long-Term Incentives. For the past several years, the Company's primary long-term incentive program has been the awarding of stock options. Effective February 14, 2006, under the Company's Incentive Compensation Plan, which has been approved by its stockholders, executive officers were also granted restricted stock awards. The Plan also allows the grant of stock appreciation rights and other incentive awards. To date, the Company has only granted stock options and awarded restricted stock as long-term incentive awards. Such awards are intended to provide long-term incentives to the executives to build stockholder value. The options are subject to vesting periods and limited windows of exercisability upon departure to encourage the executive to remain with the Company. The restricted stock awards are performance-based and subject to forfeiture based on the relative stock price performance of

the Company compared to certain of its public peers over the time period set forth in each individual award, three years for the stock awarded in February 2006.

Factors in determining long-term incentive awards include the specific responsibilities of the executive, individual contributions, market factors, including for 2005, the consultant's report, the stock price of the Company, relative cash compensation levels and the other specific actions and strategic activities discussed above.

Compensation of Chief Executive Officer

Mr. Todd Hornbeck's salary was \$300,000 for 2005, but has been raised to \$450,000 for 2006 based on an analysis of the factors discussed above, including market comparables set forth in the consultant's report and his blend of salary, potential cash bonus compensation and long-term incentive equity awards.

The cash bonus payment to Mr. Todd Hornbeck for 2005 under his employment agreement recognizes significant accomplishments in 2005, including substantially exceeding the EBITDA target. Accordingly, the bonus paid to Mr. Todd Hornbeck under the EBITDA goal and discretionary components of the contractual bonus provisions was 200% of his 2005 base salary. The compensation committee took into account several significant accomplishments in 2005, including the follow-on debt and equity offerings, expansion of the vessel building programs, the manner in which the Company dealt with Hurricanes Katrina and Rita and other strategic activities. Based on a general performance evaluation, market conditions, including the 2005 consultant's report, and other factors as discussed above, in February 2005 the Company granted Mr. Todd Hornbeck options to acquire 55,000 shares of common stock and in February 2006 granted him options to acquire an additional 49,000 shares of common stock and awarded him 15,000 base shares and 15,000 bonus shares of performance-based restricted stock, subject to the stock price performance standards discussed under Executive Compensation above.

Tax Deductibility Considerations

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, the Company may not deduct certain forms of compensation in excess of \$1,000,000 paid to any of the named executive officers that are employed by the Company at year-end. The compensation committee believes that it is generally in the Company's best interests to comply with Section 162(m). However, notwithstanding this general approach, the compensation committee also believes that there may be circumstances in which the Company's interests are best served by maintaining flexibility in the way compensation is provided, whether or not compensation is fully deductible under Section 162(m).

agreements automatically extend for an additional year every January 1, unless terminated before any such date by the employee or us.

For the fiscal year ended December 31, 2005, the employment agreements of Messrs. Todd Hornbeck, Annessa and Harp, in each case, as amended, provided for annual base salaries of \$300,000, \$240,000 and \$215,000 respectively. Their annual base salaries for 2006 have been increased to \$450,000, \$290,000 and \$270,000 respectively.

If, during the terms of their respective agreements, we terminate the employment of Messrs. Todd Hornbeck, Annessa or Harp for any reason other than for cause, he will be entitled to receive his salary until the actual termination date of his agreement. If we should undergo a change in control while the agreements are in effect and Messrs. Todd Hornbeck, Annessa or Harp is either constructively or actually terminated under the conditions set forth in his agreement, then he will be entitled to receive three times his salary for the year in which the termination occurs and, in general, three times the bonus he received for the previous year.

Mr. Todd Hornbeck has agreed that during the term of his agreement and Messrs. Annessa and Harp have each agreed that during the term of their respective agreements and for a period of one year after termination, they will not (1) be employed by or associated with or own more than five percent of the outstanding securities of any entity that competes with us in the locations in which we operate, (2) solicit any of our employees to terminate their employment or (3) accept employment with or payments from any of our clients or customers who did business with us while employed by us. We may elect to extend Mr. Annessa's noncompetition period for an additional year by paying his compensation and other benefits for an additional year.

Effective March 11, 2005, the Company and Messrs. Todd Hornbeck, Annessa and Harp amended one of the performance measures in their respective employment agreements. Historically, 50% of their potential bonus had been based on achieving an EPS target. The amendment eliminated the performance measure based on EPS and provided that 50% of the aggregate potential bonus would continue to be based on achieving an EBITDA target while the remainder would be determined at the discretion of the compensation committee, taking into account a variety of factors. On February 14, 2006, the compensation committee and Messrs. Todd Hornbeck, Annessa and Harp agreed in concept to further amend their employment agreements to conform the minimum bonus factor among the three executives and to adjust the upper achievement levels necessary to receive the maximum bonus amount related to the component based on EBITDA. For a detailed description of the employment agreements, as amended, of Messrs. Hornbeck, Annessa and Harp related to base salary amounts and performance measures, please see the discussions under the captions Executive Compensation and Compensation Committee Report on Executive Compensation.

First Amended and Restated Incentive Compensation Plan Information

Our Board of Directors and stockholders adopted an Incentive Compensation Plan, which was amended and restated with their respective approvals in 2003. The purpose of the First Amended and Restated Incentive Compensation Plan, or the Plan, is to strengthen our

Company by providing an incentive to our employees, officers, consultants, non-employee directors and advisors to devote their abilities and energies to our success. The Plan provides for the granting or awarding of incentive and nonqualified stock options, stock appreciation and dividend equivalent rights, restricted stock and performance shares. All outstanding awards relate to our common stock. With the approval of our stockholders, we have reserved 3,500,000 shares of our common stock for issuance pursuant to awards made under the Plan, of which 1,317,788 shares were available for future grants as of March 1, 2006.

The following table summarizes information as of December 31, 2005 about our Plan.

<u>Plan Category</u>	<u>Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights</u>	<u>Weighted Average Exercise Price of Outstanding Options, Warrants and Rights</u>	<u>Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a))</u>
	(a)	(b)	(c)
Equity compensation plans approved by security holders(1)	1,248,412	\$ 14.45	2,503,939
Equity compensation plans not approved by security holders			
Total	1,248,412	\$ 14.45	2,503,939

(1) Does not include the effect of 265,344 shares governed by restricted stock awards and options to purchase 239,180 shares, each granted in connection with annual compensation reviews in early 2006 in part for services rendered in 2005.

The Plan is administered by the compensation committee. Subject to the express provisions of the Plan and directions from the Board, the committee is authorized, among other things:

to select the persons to whom stock, options and other awards will be granted;

to determine the type, size and terms and conditions of stock options and other awards;

to establish the terms for treatment of stock options and other awards upon a termination of employment; and

to delegate to the Chief Executive Officer and to other senior officers of the Company its duties under the Plan related to non-executive employee compensation pursuant to conditions or limitations as the compensation committee may establish, subject to certain limitations.

Under the Plan, awards other than stock options and stock appreciation rights given to any of our executive officers whose compensation must be disclosed in our annual securities filings and who is subject to the limitations imposed by Section 162(m) of the Code must be based on the attainment of certain performance goals established by the compensation committee. Under the Plan, the performance measures that may be used by the compensation committee to establish any performance goal that must be attained are limited to earnings per share, return on assets, return on equity, return on capital, net profits after taxes, net profits before taxes, operating profits, stock price and sales or expenses. If the Second Amended and Restated Plan in the form attached

to this Proxy Statement is approved by the stockholders, EBITDA will be added as an additional performance measure

that may be used by the compensation committee in administering performance-based compensation. Additionally, material terms of the performance goals must include the maximum amount of compensation that could be paid any employee, or the formula for calculating the amount of compensation payable if the goals are met; and both the goals and the formulas must be sufficiently objective so that a third party with knowledge of the relevant performance results could assess that the goals were met and calculate the amount to be paid.

Consistent with certain provisions of the Code, there are other restrictions providing for a maximum number of shares that may be granted in any one year to a named executive officer and a maximum amount of compensation payable as an award under the Plan (other than stock options and stock appreciation rights) to a named executive officer.

Certain Relationships and Related Transactions

The following is a discussion of transactions between our Company and its executive officers, directors and stockholders owning more than 5% of our common stock. We believe that the terms of each of these transactions were at least as favorable as could have been obtained in similar transactions with unaffiliated third parties.

Under the terms of a stockholders agreement among SCF-IV, L.P., Todd M. Hornbeck, Troy A. Hornbeck, Cari Investment Company and us, Messrs. Todd and Troy Hornbeck and Cari Investment Company have agreed to vote their shares in favor of SCF-IV, L.P. s designee to our Board, so long as SCF-IV, L.P. owns at least 5% of our outstanding common stock. Under the current terms of this agreement, SCF-IV, L.P. also agrees to vote its shares in favor of two designees of Messrs. Todd and Troy Hornbeck. Pursuant to a voting

arrangement entered into between SCF-IV, L.P. and us, SCF-IV, L.P. is restricted from voting 269,346 of its shares.

Under the terms of certain agreements, various persons, including Todd M. Hornbeck, Troy A. Hornbeck, Larry D. Hornbeck, Carl G. Annessa, James O. Harp, Jr., Patricia B. Melcher, David A. Trice, SCF-IV, L.P. and the William Herbert Hunt Trust Estate, have the right to include some or all of their shares of common stock of the Company in any registration statement that we file involving our common stock, subject to certain limitations. Messrs. Todd and Troy Hornbeck and the holders of a majority of the shares of our common stock issued in a November 2000 private placement, including, if applicable, SCF-IV, L.P. are entitled to require us to file a registration statement under the Securities Act of 1933 to sell some or all of the common stock held by them.

Todd M. Hornbeck, Troy A. Hornbeck and Cari Investment Company have agreed to give us notice of and an opportunity to make a competing offer regarding a decision by any of them to sell or consider accepting an offer to sell to a single person or entity shares of common stock representing 5% or more of our common stock, other than in compliance with Rule 144 or to an affiliate or family member of the holder. SCF-IV, L.P. has also agreed to give us notice of and an opportunity to make a competing offer regarding a decision by it to sell or consider accepting an offer to sell to a single person or entity shares of common stock representing 5% or more of our common stock. SCF-IV, L.P. is further prohibited from transferring any of its shares of our common stock to any person or entity that is a competitor of ours. In addition, certain purchasers that participated in our 2003 private placement agreed to a similar restriction prohibiting the transfer of any of their shares of our common stock to any person or entity that is a competitor of ours.

The Company has entered into indemnity agreements with its executive officers and directors that provide, among other things, that the Company will indemnify such officer or director, under the circumstances and to the extent provided in the agreement, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as an executive officer and director of the Company, and otherwise to the fullest extent permitted under Delaware law and the Company's Bylaws. These agreements are in addition to the indemnification provided to the Company's officers and directors under its Bylaws and in accordance with Delaware law. The Company has agreed to indemnify Todd M. Hornbeck, the Company's President and Chief Executive Officer for any claims, demands, causes of action and damages that may arise from use of his personal boat for Company business purposes.

For the past eight years, Larry D. Hornbeck's family has personally supported the development of the Company by hosting numerous events at the Hornbeck Family Ranch, located in Houston County, Texas, including constructing at their own expense, a hunting lodge and related facilities. The Hornbeck Family Ranch and related facilities have been used for functions intended to foster client and vendor relations, management retreats, Board meetings and special Company promotional events. Until December 31, 2005, these facilities had been used by the Company without charge. The Board has determined that the use of the Hornbeck Family Ranch in the past has been beneficial to the Company's business.

As of February 14, 2006, the Company entered into a Facilities Use Agreement and effected an amendment to an existing Indemnification Agreement with Larry D. Hornbeck, one of our directors. The Facilities Use Agreement and the amendment to such Indemnification Agreement are effective as of January 1, 2006, and were approved by our audit committee and by the independent members of the Board of Directors on February 14, 2006.

The agreements govern the Company's use of the Hornbeck Family Ranch and related facilities. The Facilities Use Agreement will remain in effect until December 31, 2007 unless it is terminated or extended by its terms. The Facilities Use Agreement automatically renews on an annual basis unless either party provides the other party 30 days' written notice of termination. The Facilities Use Agreement also provides that the Company will pay Mr. Larry Hornbeck an annual use fee of \$150,000 for the Company's use of the facilities and reimburse Mr. Larry Hornbeck for certain other variable costs related to the Company's use of the ranch facility. In addition to costs incurred directly by the Company for such activities, the Company replenishes expendable goods used by Company invitees to the facility. The Company has provided, and may, from time to time in the future at its own expense and with Mr. Larry Hornbeck's prior approval, provide additional amenities for its representatives and invitees. Certain of these amenities may, by their nature, remain with the property should the Company ever cease to use the Ranch. In approving the Facilities Use Agreement and establishing the use fee amount, the audit committee and independent members of the Board considered the costs of comparable facilities and determined that the combined facilities use fee and anticipated reimbursement of variable costs was substantially lower than costs for the use of such comparable facilities.

The Indemnification Agreement, as amended, provides that the Company will indemnify Mr. Larry Hornbeck and certain other indemnitees for any claims, demands, causes of action and damages that may arise out of the Company's use of the Hornbeck Family Ranch and related facilities.

Compliance with Section 16(a) of the Securities Exchange Act

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Commission and the NYSE. Officers, directors and greater than 10% stockholders are also required by Commission regulations to furnish us with copies of all Section 16(a) forms they file.

Based on a review of the Forms 3 and 4 filed during the 2005 fiscal year and written certifications provided to the Company, the Company believes that all of these reporting persons timely complied with their filing requirements.

The audit committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with the independent auditors all relationships between the auditors and the Company that may bear on the auditor's independence and any relationships that may impact their objectivity and independence and satisfied itself as to the auditor's independence. The audit committee also discussed with management, the independent consultant and professionals performing the internal audit function and the independent auditors the quality and adequacy of the Company's internal controls. The audit committee reviewed with the independent auditor its audit plans, audit scope and identification of audit risks and reviewed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2005, with management and the independent auditors.

Based on the audit committee's discussions with management and the independent auditors, and the audit committee's review of the audited financial statements, representations of management and the report of the independent auditors, the audit committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2005 as filed with the Securities and Exchange Commission. The audit committee reappointed Ernst & Young LLP as independent accountants and auditors for the 2006 fiscal year, subject to stockholder approval. The audit committee reviewed and recommended and the Board approved an amended audit committee charter effective August 2, 2005, a copy of which is attached as Appendix B to the Proxy Statement of which this report is a part.

~~4.1, 4.2. *Changes.* To the extent that any Award granted pursuant to this Plan shall be forfeited, shall expire or shall be cancelled, in whole or in part, then the number of Shares covered by the Award so forfeited, expired or cancelled may again be awarded pursuant to the provisions of this Plan. In the event that Shares are delivered to the Company in full or partial payment of the exercise price for the exercise of a Stock Option, the number of Shares available for future Awards granted pursuant to this Plan shall be reduced only by the net number of Shares issued upon the exercise of the Stock Option. Awards that may be satisfied either by the issuance of Shares or by cash or other consideration shall, until the form of consideration to be paid is finally determined, be counted against the maximum number of Shares that may be issued pursuant to this Plan. If the Award is ultimately satisfied by the payment of consideration other than Shares, as, for example, a Stock Option granted in tandem with a Stock Appreciation Right that is settled by a cash payment, such Shares may again be made the subject of an Award granted pursuant to this Plan.~~
Limitations. The maximum number of shares of Common Stock that may be delivered pursuant to Awards granted under the Plan is 3,500,000 shares. Awards will not reduce the number of Shares that may be issued pursuant to this Plan if the settlement of the Award will not require the issuance of Shares, as, for example, a Stock Appreciation Right that can be satisfied only by the payment of cash. The following shares of Common Stock related to Awards will be available for issuance again under the Plan:

(a) Common Stock related to Awards settled in cash:

(b) Common Stock related to Awards that expire, are forfeited or cancelled or terminate for any other reason without the issuance of the Common Stock;

(c) Common Stock equal in number to the shares of Common Stock surrendered in payment of the exercise price of an Option; and

(d) Common Stock tendered or withheld in order to satisfy withholding tax obligations.

Notwithstanding the foregoing, paragraph (c) will only be utilized to add back Shares of Common Stock for the first ten (10) years following shareholder approval of the Plan, and (d) will only be utilized for the first ten (10) years following shareholder approval of the Plan to add back shares of Common Stock withheld from an Award in order to satisfy the withholding tax obligation with respect to Restricted Stock Awards. SECTION 5. ELIGIBILITY AND GRANT OF AWARDS

~~Eligibility for participation in this Plan shall be confined to those individuals who are employed by the Company or a Subsidiary and such Consultants and non-employee Directors as may be designated by the Committee or the Board. The grant of an Award to a Participant shall not be deemed either to entitle the Participant to, or to disqualify the Participant from, receipt of any other Award under the Plan. Except as required by this Plan, Awards granted at different times need not contain similar provisions. The Committee's determinations under the Plan (including without limitation determinations of which Employees, non-employee Directors, or Consultants, if any, are to receive Awards, the form, amount and timing of such Awards, the terms and provisions of such Awards and the agreements evidencing same) need not be uniform and may be made by it selectively among Employees, non-employee Directors and Consultants who receive, or are eligible to receive, Awards under the Plan.

5.2. Grant of Awards. The grant of an Award shall be authorized by the Committee or the Board and shall be evidenced by an Award agreement setting forth the type of Award or Awards being granted, the total number of Shares subject to the Award(s), the Stock Option price (if applicable), the restriction period (if applicable), the term of the Award, the date of the grant of the Award, and such other terms, provisions, limitations, and, if applicable, Performance Goals, as are approved by the Committee, but not inconsistent with the Plan. Each Person to be granted a Stock Option shall enter into a written agreement with the Company, in such form as the Committee or the Board may prescribe, setting forth the terms and conditions (including, without limitation, the exercise price and vesting schedule) of the Stock Option. In the event this Plan is amended to increase the number of Shares subject to issuance upon the exercise of Incentive Stock Options or to change the class of ~~employees~~ Employees eligible to receive Incentive Stock Options, no individual shall be granted an Incentive Stock Option unless such amendment is approved by the shareholders of the Company within twelve (12) months before or after such amendment.

~~(d)~~ ~~(f)~~ No Incentive Stock Option shall be granted to any ~~employee~~ Employee owning more than ten percent (10%) of the total combined voting power of the Company or any Subsidiary unless the term of such Incentive Stock Option is equal to or less than five (5) years measured from the date on which such Incentive Stock Option is granted.
