Section 16 Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Employment Agreements

Dr. Saillant and the Company are parties to an employment agreement which renews automatically for successive one-year terms unless Dr. Saillant or the Company gives notice to the contrary. Dr. Saillant receives an annual base salary of \$325,000 and is eligible to: (i) receive an annual incentive bonus with a target amount equal to 100 percent of his annual base salary; (ii) participate in all savings and retirement plans; and (iii) participate in all benefit and executive perquisites. Dr. Saillant's employment may be terminated by the Company for cause, as defined in the agreement, or by Dr. Saillant for good reason, as defined in the agreement, or without good reason upon sixty days prior notice to the Company. If Dr. Saillant's employment is terminated by the Company for any reason other than cause, death or disability, or in the event that Dr. Saillant terminates his employment with the Company and is able to establish good reason, the Company is obligated to pay Dr. Saillant the sum of the following amounts: (i) his expected bonus through the date of termination; plus (ii) either, two years' annual base salary and two years' expected bonus if the date of termination occurs within one year after a change in control of the Company, or one year's annual salary and expected bonus if the termination occurs either in the absence of a change in control or more than one year after a change in control. In the event of a termination for good reason, Dr. Saillant is entitled to be fully vested in any outstanding restricted stock, stock options and other stock awards previously granted. Furthermore, the Company is required to continue paying health insurance and other benefits to Dr. Saillant and his eligible family members for the applicable period.

The Company and Mr. Silvestri are parties to an agreement pursuant to which he will continue to receive his base salary, employee benefits and vesting of stock options for twelve months following a termination of his employment for any reason, including voluntary termination. Mr. Silvestri's agreement survives both and either of (a) a merger, reorganization or consolidation, and/or (b) a sale of all or substantially all of the assets or stock of the Company.

The Company and Mr. Sperry are parties to an agreement pursuant to which he will continue to receive fifty percent (50%) of his base salary and his employee benefits and vesting of stock options for twelve months following a termination of his employment for any reason other than his gross misconduct, negligence, theft, fraud or complete failure to perform his duties to the Company.

The Company and Mr. Elter are parties to an agreement pursuant to which he will continue to receive his base salary for six months following a termination of his employment for any reason other than his gross misconduct, negligence, theft or fraud.

The Company and each of Messrs. Elter, Neumann and Sperry are parties to individual agreements that provide, among other things, that, if within 24 months after a change in control, the Company terminates such executive's employment or assigns him duties materially inconsistent with his position (a Terminating Event), then such executive shall be entitled to (1) receive a lump sum payment equal to the sum of (i) his average annual base salary over the three fiscal years prior to the Terminating Event and (ii) his average annual bonus over the three fiscal years

prior to the change in control, (2) continue vesting in his options for twelve (12) months following the Terminating Event, and (3) receive benefits, including health, dental and life insurance for twelve (12) months following the Terminating Event.

Table of Contents*Director Compensation*

The Compensation Committee periodically reviews the Company's Non-Employee Director Compensation Plan (the Plan) to ensure that the compensation aligns the directors' interests with the long-term interests of the stockholders; and that the structure of the compensation is simple, transparent and easy for stockholders to understand. The Compensation Committee also considers whether the Plan fairly compensates the Company's directors when considering the work required in a company of the size and scope of the Company. Employee directors do not receive additional compensation for their services as directors. Following is a summary of the Plan:

Under the Plan, upon initial election or appointment to the Board of Directors, new non-employee directors receive non-qualified stock options to purchase 15,000 shares (50,000 shares for any new non-employee Chairman) of Common Stock with an exercise price equal to fair market value on the date of grant and that are fully vested upon grant. Each year of a non-employee director's tenure, the director will receive non-qualified options to purchase 10,000 shares (15,000 shares for any non-employee Chairman), plus non-qualified options to purchase an additional 5,000 shares for serving as chairman of the Audit Committee and non-qualified options to purchase an additional 2,000 shares for serving as chairman of any other committee, including the Compensation Committee and the Corporate Governance and Nominating Committee. These annual options, with an exercise price equal to fair market value on the date of grant, fully vest on the first anniversary of the date of the grant.

In addition, each non-employee director is paid an annual retainer of \$30,000 (\$40,000 for any non-employee Chairman) for their services. Committee members receive additional annual retainers in accordance with the following:

	Non-Employee	Non-Employee
Committee	Chairman	Director
Audit Committee	\$ 20,000	\$ 15,000
Compensation Committee	10,000	5,000
Corporate Governance and Nominating Committee	10,000	5,000

These additional payments for service on a committee are due to the workload and broad-based responsibilities of the committees.

The total amount of the annual retainers are paid in a combination of fifty (50%) percent cash and fifty (50%) percent Common Stock with an option to receive up to one hundred (100%) percent Common Stock, at the election of the non-employee director. All such stock shall be fully vested at the time of issuance. Non-employee directors are also reimbursed for their direct expenses associated with their attendance at board meetings.
