i2 Technologies, Inc. (the Company) released its fourth quarter and fiscal year 2006 results on February 1, 2007 by issuing a press release (the Press Release) at 7:45 a.m. Eastern time on that date. The Company furnished the Press Release as Exhibit 99.1 of a Form 8-K filed by the Company with the Securities and Exchange Commission at 7:59 a.m. Eastern time on February 1, 2007 and held its earnings conference call later that morning beginning at approximately 10:00 a.m. Eastern time. The earnings call was available via telephone to the financial community and also via live webcast to anyone else choosing to participate. The earnings call was mistakenly disconnected from the webcast at approximately 10:33 a.m. Eastern time during the prepared remarks given by Michael Berry, the Company's Chief Financial Officer. This non-intentional error was not discovered until after Mr. Berry had concluded his prepared remarks. The earnings call ended at approximately 11:05 a.m. Eastern time on February 1, 2007.

An audio replay of the earnings call became available at approximately 1:30 p.m. Eastern time on February 1, 2007, accessible at (800) 475-6701 (USA) or (320) 365-3844 (International) using access code 857830. The availability of the audio replay had been noted in the portion of the Press Release which discussed the earnings call and webcast. At 3:15 p.m. Eastern time on February 1, 2007, Shareholder.com, the Company's webcast host, sent an email on behalf of the Company to each person who had registered for the webcast informing them that the entirety of the earnings call had been archived on the Shareholder.com website. That email contained a link to such website to facilitate easy access to the archived webcast and accompanying slide presentation.

The Company is furnishing the full transcript of the earnings call as Exhibit 99.1 to this Form 8-K to ensure that all investors have access to the information disclosed on the earnings call.
