PROXY VOTING OPTIONS

YOUR VOTE IS IMPORTANT!

Whether or not you expect to attend in person, we urge you to vote your shares by phone, via the Internet, or by signing, dating and returning the enclosed proxy card at your earliest convenience. This will ensure the presence of a quorum at the meeting. Promptly voting your shares will save the Company the expense and extra work of additional solicitation. An addressed envelope, postage paid if mailed in the United States, is enclosed if you wish to vote your shares by returning your completed proxy card by mail. Submitting your proxy now will not prevent you from voting your stock at the meeting if you desire to do so, as your vote by proxy is revocable at your option.

Voting by the **Internet** or **telephone** is fast, convenient, and your vote is immediately confirmed and tabulated. Most important, by using the Internet or telephone, you help Fortune Brands reduce postage and proxy tabulation costs.

PLEASE DO NOT RETURN THE ENCLOSED PAPER BALLOT IF YOU ARE VOTING OVER THE INTERNET OR BY TELEPHONE.

**NOTICE OF ANNUAL MEETING
AND PROXY STATEMENT**

March 9, 2007

The Annual Meeting of Stockholders of Fortune Brands, Inc. (Fortune Brands or the Company) will be held at the Hyatt Deerfield, 1750 Lake Cook Road, Deerfield, Illinois, at 1:30 p.m. (CDT) on Tuesday, April 24, 2007, to consider and vote upon:

- Item 1:* The election of three directors for a term expiring at the 2010 Annual Meeting or until their successors have been elected and qualified (see pages 4 to 38 of the Proxy Statement);
- Item 2:* The ratification of the appointment by the Company's Audit Committee of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007 (see page 39 of the Proxy Statement);
- Item 3:* The re-approval of the Fortune Brands, Inc. Annual Executive Incentive Compensation Plan (see pages 39 to 41 of the Proxy Statement);
- Item 4:* The approval of the Fortune Brands, Inc. 2007 Long-Term Incentive Plan (see pages 41 to 48 of the Proxy Statement);
- Item 5:* If presented, a stockholder proposal entitled Elect Each Director Annually (see pages 48 to 52 of the Proxy Statement);
- Item 6:* If presented, a stockholder proposal entitled Pay-for-Superior Performance (see pages 52 to 54 of the Proxy Statement); and

to transact such other business as may properly come before the meeting.

If you held common stock or \$2.67 Convertible Preferred Stock at the close of business on February 23, 2007, you are entitled to vote at the Annual Meeting. Please submit a proxy *as soon as possible* so that your shares can be voted at the meeting in accordance with your instructions. You may submit your proxy (1) by mail, (2) by telephone, or (3) through the Internet. For specific instructions, please refer to the next page of this Proxy Statement and the enclosed proxy card.

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

We are also soliciting voting instructions from participants in the Fortune Brands Retirement Savings Plan, Fortune Brands Hourly Employee Retirement Savings Plan and Future Brands LLC Retirement Savings Plan who have invested in the Fortune Brands Stock Fund. We ask each plan participant to sign, date and return the enclosed proxy card, or provide voting instructions by telephone or through the Internet. The proxy card will serve as a voting instruction card when we forward it to the trustee.

This Proxy Statement and accompanying proxy are being distributed on or about March 13, 2007.

Mark A. Roche

Senior Vice President, General Counsel and Secretary

VOTING AND PROXIES

What is the purpose of the Annual Meeting?

The purpose of the Annual Meeting is for stockholders to act upon the matters outlined in the Notice of Annual Meeting and described in this Proxy Statement, including: (1) the election of directors, (2) the ratification of the appointment of our independent registered public accounting firm, (3) the re-approval of the Fortune Brands, Inc. Annual Executive Incentive Compensation Plan, (4) the approval of the Fortune Brands, Inc. 2007 Long-Term Incentive Plan, (5) if presented, consideration of a stockholder proposal entitled *Elect Each Director Annually*, and (6) if presented, consideration of a stockholder proposal entitled *Pay-for-Superior Performance*. In addition, management will respond to questions from stockholders.

Who is entitled to vote?

Only stockholders who owned the Company's common stock or \$2.67 Convertible Preferred Stock of record at the close of business on February 23, 2007 are entitled to vote. Each holder of common stock is entitled to one vote per share. Each holder of \$2.67 Convertible Preferred Stock is entitled to three-tenths (0.3) of one vote per share. The common stock and \$2.67 Convertible Preferred Stock vote together as a single class. There were 152,562,935 shares of common stock and 201,674 shares of \$2.67 Convertible Preferred Stock outstanding on February 23, 2007.

What is the difference between being a record holder and holding shares in street name?

A record holder holds shares in his or her own name. Shares held in *street name* means shares that are held in the name of a bank or broker on a person's behalf. The majority of stockholders hold their shares in *street name*.

How do I vote?

Record holders can vote by filling out the accompanying proxy card and returning it in the postage paid return envelope. You can also vote by telephone or the Internet. Voting instructions are provided on the enclosed proxy card.

If you hold shares in *street name*, you must vote by giving instructions to your broker or nominee. You should follow the voting instructions on the form that you receive from your broker or nominee. The availability of telephone and Internet voting will depend on your bank's or broker's voting process. Your broker or nominee might not be permitted to exercise voting discretion as to some of the matters to be acted upon. If you do not give your broker or nominee specific instructions, your shares might not be voted on those matters and might not be counted in determining the number of shares necessary for approval. *Therefore, please give voting instructions to your broker on all six voting items.*

How will my proxy be voted?

Your proxy card, when properly signed and returned to us, or processed by telephone or via the Internet, and not revoked, will be voted in accordance with your instructions relating to the election of directors and Items 2, 3, 4, 5 and 6. We are not aware of any other matter that may be properly presented other than the election of

directors and Items 2, 3, 4, 5 and 6. If any other matter is properly presented, the persons named in the enclosed proxy card will have discretion to vote in their best judgment.

What if I don't mark the boxes on my proxy?

Unless you give other instructions on your proxy card or when you cast your proxy by telephone or the Internet, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with the description of each Item in this Proxy Statement. In summary, the Board recommends a vote

FOR:

the election of directors;

the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007;

the re-approval of the Fortune Brands, Inc. Annual Executive Incentive Compensation Plan;

the approval of the Fortune Brands, Inc. 2007 Long-Term Incentive Plan;

AGAINST:

the stockholder proposal entitled "Elect Each Director Annually"; and

the stockholder proposal entitled "Pay-for-Superior Performance".

Can I go to the Annual Meeting if I vote by proxy?

Yes. Attending the meeting does not revoke your proxy.

How can I revoke my proxy?

You may revoke your proxy at any time before it is actually voted by giving written notice to the secretary of the meeting or by delivering a later dated proxy.

Do I have dissenters' rights?

Under Delaware law, dissenters' rights are not available to holders of common stock and \$2.67 Convertible Preferred Stock in connection with Items 1, 2, 3, 4, 5 and 6.

Will my vote be public?

As a matter of policy, stockholder proxies, ballots and tabulations that identify individual stockholders are not publicly disclosed, but are available to the independent Inspector of Election, the proxy solicitation firm and certain employees of Fortune Brands, Inc.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority in voting power of the outstanding shares of common stock and \$2.67 Convertible Preferred Stock entitled to vote will constitute a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How many votes are needed to approve an Item?

The nominees for director, in non-contested elections, must receive a majority of the votes cast at the meeting, in person or by proxy, to be elected, subject to the recently adopted majority vote by-law provision relating to the election of directors, as discussed below under Election of Directors. A proxy card marked to withhold authority for the election of one or more directors will not be voted with respect to the director or directors indicated.

The affirmative vote of shares representing a majority in voting power of the common stock and \$2.67 Convertible Preferred Stock, voting together as a single class, present in person or represented by proxy at the meeting and entitled to vote is necessary for approval of Items 2, 3, 4, 5 and 6. Proxy cards marked as abstentions on Items 2, 3, 4, 5 and 6 will not be voted and will have the effect of a negative vote.

What if I am a participant in the Fortune Brands Retirement Savings Plan, the Fortune Brands Hourly Employee Retirement Savings Plan or the Future Brands LLC Retirement Savings Plan?

We are also mailing this Proxy Statement and a voting instruction card to participants in the Fortune Brands Retirement Savings Plan, the Fortune Brands Hourly Employee Retirement Savings Plan, and the Future Brands LLC Retirement Savings Plan who invest in the Fortune Brands Stock Fund under the Plans. The Trustee of the Plans, as record holder of Fortune Brands common stock held in the Plans, will vote whole shares attributable to your interest in the Fortune Brands Stock Fund in accordance with your directions given on the proxy card, by telephone or the Internet. If you invest in the Fortune Brands Stock Fund under the Plans and you sign and return the enclosed proxy card, we will forward it to the Trustee of the Plans. The proxy card will serve as instructions to the Trustee to vote the whole shares attributable to your interest in the manner you indicate on the card.

Item 1**ELECTION OF DIRECTORS**

The Board of Directors (the Board) currently consists of 10 members and is divided into three classes, each having three-year terms that expire in successive years. The term of office of directors in Class III expires at the 2007 Annual Meeting. The Board proposes that the three nominees described below, each of whom are currently serving as Class III directors, be re-elected to Class III for a new term of three years expiring at the 2010 Annual Meeting of Stockholders and until their successors are duly elected and qualified. Proxies cannot be voted for more than the number of nominees proposed for re-election. All nominees and all current Class I and Class II directors were elected by the stockholders, except for Mr. A. D. David Mackay, who was elected by the Board effective January 13, 2006, and Mr. Richard A. Goldstein, who was elected by the Board effective December 1, 2006. In accordance with the Company's Corporate Governance Principles and the Company's retirement age policy, Mr. Gordon R. Lohman will retire from the Board immediately following the 2007 Annual Meeting of Stockholders.

Fortune Brands has adopted a majority vote by-law provision relating to the election of directors. Under this policy, in non-contested elections, if a director fails to win a majority of affirmative votes for his or her election, the director must tender his or her resignation from the Board promptly after the certification of the stockholder vote. The Board will decide within 90 days of that certification, through a process managed by the Nominating and Corporate Governance Committee and excluding the nominee in question, whether to accept the resignation. The Board's explanation of its decision will be promptly disclosed in a filing with the Securities and Exchange Commission (the SEC).

Each of the nominees has consented to be named as a nominee. If any of them should become unavailable to serve as a director (which is not now expected), the Board may designate a substitute nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board.

The names of the nominees and Class I and Class II directors, along with their present positions, their principal occupations during the past five years, directorships held with other corporations, their ages and the year first elected as a director, are set forth below.

Meetings of the Board and Committees

Last year there were six meetings of the Board. Each director attended at least 75% of the total meetings of the Board and committees of the Board of which the director was a member. In addition to participation at Board and committee meetings, our directors discharge their responsibilities throughout the year through personal meetings and other communications, including considerable telephone contact with the Chairman and others regarding matters of interest and concern to the Company.

Stock Ownership of Board Members

For information on the beneficial ownership of securities of the Company by directors and executive officers, see Certain Information Regarding Security Holdings on pages 55 and 56.

Director Independence

The Board has adopted Corporate Governance Principles to address significant issues of corporate governance, including Board composition and responsibilities, compensation of directors and executive succession planning. The Corporate Governance Principles provide that a majority of the members of the Board and each member of the Audit, Compensation and Stock Option and Nominating and Corporate Governance Committees, must meet certain criteria for independence. Based on the New York Stock Exchange independence requirements, the Corporate Governance Principles (which are available on our website, www.fortunebrands.com) set forth certain guidelines to assist the Board in its determination of director independence. Section A.3 of the Corporate Governance Principles states:

A director shall be considered independent only if the Board of Directors affirmatively determines that the director has no material relationship with the Company, either directly or as a partner, stockholder, director or officer of an organization that has a material relationship with the Company.

Under no circumstances shall any of the following persons be considered an independent director for purposes of this guideline:

- (a) any current employee of the Company, its subsidiaries, or the Company's independent auditors;
- (b) any former employee of the Company or its subsidiaries until 3 years after the employment has ended (health, pension and other benefits generally available to retirees shall be deemed to be immaterial to director independence);
- (c) any person who (1) is a current partner or employee of the firm that is the Company's internal or external auditor; (2) has been within the last 3 years or has an immediate family member that has been within the last 3 years a partner or employee of such firm and worked on the Company's audit during that time; or (3) has an immediate family member who is currently or within the last 3 years has been an employee of such firm and participates in the audit, assurance or tax compliance (but not tax planning) practice;
- (d) any person who is employed as an executive officer by another company on whose compensation committee one of the Company's executive officers serves or has served during the prior 3 years;
- (e) any person who receives, or who in any twelve month period within the last 3 years has received, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on future service);

- (f) any person who is an executive officer or an employee of a company that makes payments to, or receives payments from, the Company for property or services in an amount that exceeds, in any of the last 3 fiscal years, the greater of \$1 million or 2% of the other company's consolidated gross revenues;
- (g) any person who is an executive officer of a tax exempt organization, if within the preceding 3 years, contributions in any single fiscal year from the Company exceeded the greater of \$1 million or 2% of such tax exempt organization's consolidated gross revenues (provided, however, that contributions made pursuant to the Company's Charitable Awards Program upon a director's death are deemed immaterial); and
- (h) any person who has an immediate family member (as defined by the New York Stock Exchange Listed Company Manual) who falls into one of the previous seven categories.

In making its independence determinations, the Board of Directors will perform a subjective evaluation of independence in light of the totality of the circumstances with respect to each situation. This subjective evaluation will not be limited to the eight factors set forth above.

During 2006, all of the non-employee members of the Board (that is, Messrs. Goldstein, Hays, Leroy, Lohman, Mackay, Renna, Reyes, Thomas and Wilson, Mrs. Tatlock and Dr. Ewers) were affirmatively determined by the Board to be independent, as defined in the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Principles. All of the current non-employee members of the Board (that is, Messrs. Goldstein, Leroy, Lohman, Mackay, Renna, Thomas and Wilson, Mrs. Tatlock and Dr. Ewers) have been affirmatively determined by the Board to be independent pursuant to the same rules and guidelines. When determining each director's independence, the Board considered charitable contributions made by the Company to organizations with which each director is affiliated. All such charitable relationships were deemed immaterial. In addition, with respect to the independence determination regarding Mr. Goldstein, the Nominating and Corporate Governance Committee and the Board considered transactions between the Company and International Flavors & Fragrances Inc. (IFF). Mr. Goldstein, who was elected to our Board effective December 1, 2006, was the Chairman and Chief Executive Officer of IFF until May 2006. During 2006, a subsidiary of the Company acquired approximately \$2.4 million of products from IFF. The Nominating and Corporate Governance Committee and the Board determined that Mr. Goldstein's interest in these transactions was immaterial because (1) such amount comprised less than 0.13% of IFF's gross revenues for 2005 (the most recent year for which full-year financial statements were available at that time) and (2) Mr. Goldstein owned only a small percentage (less than 2%, assuming full exercise of his options) of outstanding IFF stock. In addition, Mr. Hays had only an immaterial relationship with the Company. Mr. Hays, who retired in April 2006, was a former employee of the Company and continued to receive health, pension and other benefits generally available to retirees. The Board determined that Mr. Hays' continuing retiree benefits constituted an immaterial relationship and he was determined to be independent.

Other than as discussed above regarding Messrs. Goldstein and Hays, none of the non-employee directors has any relationship with the Company other than being a director and stockholder, or any transaction or arrangement that interferes with each director's independence. Mr. Gordon R. Lohman was elected as Lead Director to preside at all executive sessions of the Board.

Audit Committee Financial Expert

Each member of the Audit Committee, as of the date of this Proxy Statement (Messrs. Goldstein, Leroy, Mackay and Thomas and Mrs. Tatlock), is financially literate, has accounting or financial management expertise and is an audit committee financial expert as defined in Item 407(d)(5)(ii) and (iii) of Regulation S-K under the Securities Exchange Act of 1934 (the Exchange Act). Each Audit Committee member has also been determined by our Board to be independent as such term is defined in Item 407(a) of Regulation S-K under the Exchange Act, Rule 10a-3 under the Exchange Act, the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Principles.

Stockholder Communication

The Board and management encourage communication from the Company's stockholders. Stockholders who wish to communicate with the Company's management should direct their communication to the Chairman and Chief Executive Officer or the Secretary, 520 Lake Cook Road, Deerfield, Illinois 60015. Stockholders, or other interested parties, who wish to communicate with the non-management directors or any individual director should direct their communication c/o the Secretary at the address above. The Secretary will forward communications intended for the Board to the Lead Director, or, if intended for an individual director, to that director. If multiple communications are received on a similar topic, the Secretary may, in his discretion, forward only representative correspondence. Any communications that are abusive, in bad taste or present safety or security concerns may be handled differently.

Annual Meeting Attendance

The Company does not have a formal policy requiring members of the Board to attend the Annual Meeting, although all directors are strongly encouraged to attend. Nine of the ten directors were present at the 2006 Annual Meeting of Stockholders.

Committees

The Board has established an Executive Committee, an Audit Committee, a Compensation and Stock Option Committee, a Nominating and Corporate Governance Committee and a Corporate Responsibility Committee. The Audit, Compensation and Stock Option, and Nominating and Corporate Governance Committees are composed entirely of independent directors, as defined under the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Principles. The charters of each committee, the Company's Corporate Governance Principles, the Company's Code of Business Conduct and Ethics and the Company's Code of Ethics for the CEO and Senior Financial Officers are available on the Company's website (www.fortunebrands.com) and in print to any stockholder upon request.

Number of Meetings Last Year	Three
Primary Functions	Reviews and recommends to the Board policies on the Company's responsibilities to its employees and the community, such as: employee safety; diversity and equal opportunity; philanthropic activities; and the effect of Company operations on the environment.

Policies with Respect to Transactions with Related Persons

During 2006, the Company did not participate in any transactions in which any of the director nominees, Class I and II directors, executive officers, any beneficial owner of more than 5% of the Company's common stock, nor or any of their immediate family members, had a material direct or indirect interest. In addition, none of director nominees, Class I and II directors, executive officers or any of their immediate family members is or has been indebted to the Company.

The Nominating and Corporate Governance Committee and the Board have adopted a Code of Business Conduct and Ethics which sets forth various policies and procedures intended to promote the ethical behavior of all of the Company's employees, officers and directors. The Code of Business Conduct and Ethics describes the Company's policy on conflicts of interest. The Board has also established a Compliance Committee which is responsible for monitoring compliance with the Code of Conduct. The Compliance Committee periodically reports the Company's compliance efforts to the Audit Committee and to the Board.

The Board has also established a Conflicts of Interest Committee which distributes a Conflicts of Interest Policy to all of the Company's employees, officers and directors. The Conflicts of Interest Policy describes the types of relationships that may constitute a conflict of interest with the Company. All employees, officers and directors are required to periodically complete a questionnaire about potential conflicts of interest and certify compliance with the Company's policy. The Conflicts of Interest Committee reviews potential conflicts of interest and reports its findings to the Audit Committee.

The executive officers and the Board are also required to complete a questionnaire on an annual basis which requires them to disclose any related person transactions and potential conflicts of interest. The General Counsel reviews the responses to the questionnaires and if a transaction is reported by an independent director or executive officer, the questionnaire is submitted to the Chairperson of the Audit Committee for review. If necessary, the Audit Committee, will determine whether the relationship is material and will have any effect on the director's independence. After making such determination, the Audit Committee will report their recommendation on whether the transaction should be approved or ratified by the entire Board. The Audit Committee reviews related person transactions on an annual basis.

Director Nomination Process

The Nominating and Corporate Governance Committee (the Nominating Committee) develops and implements policies and procedures by which the Board exercises its duties for overseeing the performance of the Company. Specific duties and responsibilities of the Nominating Committee include annually assessing the size and composition of the Board and its committees, defining director qualifications, as well as criteria for director independence and the selection of director candidates to be recommended to the Board. The Nominating Committee also performs succession planning for the Company's executives.

The Nominating Committee, when identifying and evaluating candidates, first determines whether there are any evolving needs of the Board that require an expert in a particular field. The Nominating Committee may then retain a third-party search firm to locate candidates that meet the needs of the Board at that time. The firm provides information on a number of candidates, which the Nominating Committee discusses. The Nominating Committee chair and some or all of the members of the Nominating Committee will interview potential candidates that are deemed appropriate. If the Nominating Committee determines that a potential candidate meets the needs of the Board, has the qualifications, and meets the standards set forth in the Company's Corporate Governance Principles, it will vote to recommend to the Board the nomination of the candidate.

The Nominating Committee believes that it is necessary for our directors to possess many qualities and skills. When searching for new candidates, the Nominating Committee considers the evolving needs of the Board and searches for candidates that fill any future

gap. The Nominating Committee believes that all directors must possess a considerable amount of business management and educational experience as well as meet the standards established by the Nominating Committee as set forth in the Company's Corporate Governance Principles. In developing these standards, the Nominating Committee considers issues of judgment, diversity, background, stature, conflicts of interest, integrity, ethics and commitment to the goal of maximizing stockholder value. In considering candidates for the Board, the Nominating Committee considers the entirety of each candidate's credentials in the context of these standards. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board are also considered.

The policy of the Nominating Committee is to consider director candidates recommended by stockholders, if properly submitted to the Company. Stockholders wishing to recommend persons for consideration by the Nominating Committee as nominees for election to the Board can do so by writing to the Secretary of Fortune Brands, Inc. at 520 Lake Cook Road, Deerfield, Illinois 60015. Recommendations must include the proposed nominee's name, biographical data and qualifications, as well as a written statement from the proposed nominee consenting to be named and, if nominated and elected, to serve as a director. Our Restated Certificate of Incorporation also contains a procedure for direct nomination of directors by stockholders (see pages 57 and 58 of this Proxy Statement). The Nominating Committee will consider the candidate and the candidate's qualifications in the same manner in which it evaluates nominees identified by the Nominating Committee. The Nominating Committee may contact the stockholder making the nomination to discuss the qualifications of the candidate and the stockholder's reasons for making the nomination. The Nominating Committee may then interview the candidate if it deems the candidate to be appropriate. The Nominating Committee may use the services of a third-party search firm to provide additional information about the candidate prior to making a recommendation to the Board.

The Nominating Committee's nomination process for stockholder-recommended candidates and all other candidates is designed to ensure that the Nominating Committee fulfills its responsibility to recommend candidates that are properly qualified to serve the Company for the benefit of all of its stockholders, consistent with the standards established by the Nominating Committee under the Company's Corporate Governance Principles.

** Fees are prorated based on election dates.

*** Fees are prorated based on retirement date of April 25, 2006.
**** Fees are prorated based on resignation date of June 30, 2006.

- (1) During 2006, each non-employee director of the Company was paid an annual fee of \$70,000 for services as a director. The cash compensation paid to Messrs. Goldstein, Hays and Mackay was prorated based on their date of resignation or election. Also, during 2006, members of the Audit Committee (Messrs. Goldstein, Leroy, Mackay, Reyes and Thomas and Mrs. Tatlock) received an additional \$7,500 for their service on that Committee and the chairperson of each of the Audit, Compensation and Stock Option, Corporate Responsibility and Nominating and Corporate Governance Committees (Mr. Thomas, Mr. Lohman, Dr. Ewers and Mrs. Tatlock, respectively) received an additional \$15,000.
- (2) Non-employee directors have the right to elect to receive their cash compensation in Company common stock pursuant to the terms of the 2005 Non-Employee Director Stock Plan. At this time, none of the directors have elected to receive their compensation in Company common stock. Prior to his resignation from the Board in June of 2006, Mr. Reyes elected to receive his cash compensation in Company common stock and this amount is included in the Fees Earned column.
- (3) The Company has an agreement with Mr. Lohman to defer payment of the fees to which he is entitled as a director, including any fees for committee service, until the January following his retirement from the Board. Interest on the deferred amounts is accrued quarterly based on the average quarterly treasury bill rate. Mr. Lohman will retire from the Board immediately following the 2007 Annual Meeting and his deferred fees will be paid to him in January 2008.
- (4) During 2006, each non-employee director received 1,400 shares of our common stock under the 2005 Non-Employee Director Stock Plan. In accordance with FAS 123R, the grant date fair value was \$74.97. The Company has an agreement with Mr. Lohman to defer payment of these shares until the January following his retirement from the Board. While receipt of the shares is deferred, dividends are also deferred and accrue interest quarterly from the dates such dividends would have been paid at a rate equal to the average quarterly treasury bill rate.
- (5) The aggregate number of outstanding stock options held by the non-employee directors (including retired directors) under the non-employee director stock option plans was 142,726 as of December 31, 2006. See Certain Information Regarding Security Holdings on pages 55 and 56 of this Proxy Statement for the number of stock options held by each current director as of February 15, 2007.
- (6) The Change in Pension Value column includes the change in the present value of the retirement benefits available to Mr. Lohman, Mrs. Tatlock and Dr. Ewers. These estimates were calculated by first determining the difference between the directors' fees in effect during 2005 and 2006. Under the Plan, directors elected prior to 1997, will receive an annual retirement benefit equal to the director's fee at the time of retirement multiplied by the director's years of service up to 1997, the year in which the accrual of years of service under the Plan was frozen.
- (7) Each non-employee director who was elected to the Board prior to April 30, 1997 (Mr. Lohman, Mrs. Tatlock and Dr. Ewers) and who voluntarily retires or decides not to stand for re-election as a director will receive an annual retirement benefit equal to the annual director's fee in effect at the time of retirement. This amount will be paid for as many years as the director served on the Board. This amount does not include fees for committee service or for service on subsidiaries' boards of directors. The retirement benefit is payable beginning in the year in which the director retires or attains age 65, whichever occurs later. In the event of the director's death after retirement, the remainder of the director's unpaid benefit is paid to the director's beneficiary in a single lump sum. This benefit was terminated for non-employee directors elected after April 30, 1997 and the Non-Employee Director Stock Option Plan (the predecessor to the 2002 Non-Employee Director Stock Option Plan) was adopted as a substitute for this retirement benefit program. Non-employee directors elected prior to April 30, 1997 had the option to continue to receive years of credit for the retirement benefit or to receive an annual option grant under the Non-Employee Director Stock Option Plan. All of the directors elected to receive an annual option grant and none of these directors continue to accrue additional years of credit under the retirement benefit program.
- (8) Directors traveling on Company business are covered by our business travel accident insurance policy which generally covers all Company employees and directors. We also pay the cost of group life insurance coverage for non-employee directors.
- (9) Directors are covered under our matching gift program. Under this program, the Company makes a 100% match of gifts totaling up to \$5,000 annually by the director to an eligible charitable institution. In addition, current directors elected prior to December 9, 2003 who are not officers or employees of the Company are covered under our charitable award program for non-employee directors. Although elected prior to December 9, 2003, Mr. Wilson does not participate in this program. Mr. Mackay, Mr. Goldstein and Mr. Wesley also do not participate in this program. All other directors participate in this program. Under the program, the Company makes contributions of up to \$500,000 on behalf of each director to a charitable, educational or other qualified organization designated by the director. The contribution is made after the death of the director. For Mr. Leroy, \$100,000 is included in the All Other Compensation column, which reflects the only cost incurred by the Company for 2006 relating to this program. This \$100,000 expense was not paid to Mr. Leroy, but was an accounting accrual that reflects the Company's obligation to make the charitable contribution. No additional accruals were made

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

for other directors during 2006. Since Mr. Reyes served as a member of the Board for less than five years, the Company will not make a contribution on his behalf. On December 9, 2003, the Board approved the elimination of this program. All directors, except Messrs. Goldstein, Mackay, Wesley and Wilson are still covered under this program.

2002 Non-Employee Director Stock Option Plan. The 2002 Non-Employee Director Stock Option Plan expired on December 31, 2006; however, the Board suspended the annual stock option grant for all non-employee directors prior to the Plan's expiration. During 2006, no stock options were granted to non-employee directors. Under the terms of the Plan and prior to its suspension, each non-employee director who was first elected to the Board after April 30, 1997 was eligible to receive an annual grant of nonqualified stock options to purchase 2,500 shares of our common stock under our stockholder-approved 2002 Non-Employee Director Stock Option Plan. The terms of the options granted under this plan are:

- (i) the option price per share is not less than fair market value at the time the option was granted;
- (ii) the option does not become exercisable until the holder has been a director for at least one year after the date of grant (except in the case of death or a change in control of the Company) and may generally be exercised for ten years from the date of grant;
- (iii) if the holder ceases to be a director by reason of death, disability or retirement after five or more years of service, the option will continue to be exercisable until the expiration date set forth in the option agreement, provided that an option may be exercised within one year from the date of death even though beyond the expiration date;
- (iv) if the holder ceases to be a director for any other reason, the option shall terminate and cease to be exercisable 30 days after cessation of service, except in the event of a change in control of the Company; and
- (v) The 2002 Non-Employee Director Stock Option Plan provides that each option has a limited right that, in the event of a change in control of the Company, is exercised automatically unless the Nominating Committee determines that the limited right is exercisable at some other time. This limited right entitles the holder of the option to receive cash equal to the number of shares subject to the option multiplied by the difference between the exercise price per share and the greater of:
 - (a) the highest price per share paid for shares of our common stock acquired in the change in control; and
 - (b) the highest market value of shares of our common stock during the 60-day period beginning on the date of the change in control.

The option will be canceled to the extent of the exercise of the limited right.

Section 16(a) Beneficial Ownership Reporting Compliance

Each director and executive officer of the Company who is subject to Section 16 of the Exchange Act is required to file reports regarding their ownership and changes in their ownership of our equity securities with the SEC. Reports received by the Company indicate that all these directors and executive officers have filed all requisite reports with the SEC on a timely basis during or for 2006.

Compensation And Stock Option Committee Report

The Compensation and Stock Option Committee (the Compensation Committee) has reviewed and discussed the Compensation Discussion and Analysis with management and based on the review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Company s Annual Report on Form 10-K and the Company s Proxy Statement.

COMPENSATION DISCUSSION AND ANALYSIS

The Company s executive compensation program is designed to attract, motivate and retain talented executives so the Company can produce outstanding results and maximize return to stockholders. The program is rooted in the pay-for-performance principle. The program is designed and approved by the Compensation Committee, which consists entirely of independent Board members.

Executive Compensation Objectives

The Company s executive compensation objectives are to:

- pay competitive levels of salary and total compensation;
- link executive pay to Company performance; and
- align the interests of management with the interests of stockholders.

Elements of Fortune Brands Compensation Program

The Company s executive compensation program consists of six basic elements:

- base salary;
- annual incentive bonuses;
- long-term incentives;
- retirement benefits;
- health and related benefits; and

perquisites.

Allocation of compensation among these elements is designed to provide the appropriate mix of:

short-term incentives and long-term incentives;
cash compensation and equity compensation; and
current compensation and retirement and other benefits.

The Company's goal for total direct compensation, which consists of base salary, annual incentive bonuses and long-term incentives, is to be in the 50th to 75th percentile

of the Survey Group (described on page 22). Base salary and annual incentive bonuses make up approximately one-third of total direct compensation. The remaining two-thirds is long-term incentive compensation. The focus on long-term incentives is designed to motivate management to generate successful results for the Company over the long-term.

Base Salary

When determining base salary levels for the Chief Executive Officer and other named executive officers the Compensation Committee evaluates base salary levels of similar positions in the Survey Group. Base salaries recognize and reward individual experience, sustained job performance and individual skills.

Annual Incentive Bonuses

The Company's Annual Executive Incentive Compensation Plan is a cash-based, pay-for-performance annual incentive plan. It was approved by stockholders in 2002 and is subject to re-approval at the Annual Meeting as described on pages 39 through 41 of this Proxy Statement. The plan covers Vice Presidents and more senior officers. The annual incentive plan rewards the achievement of actual earnings per share growth that meets or exceeds earnings per share growth targets set by the Compensation Committee at the beginning of each year. The terms of the plan are more fully described on pages 26 and 27 of this Proxy Statement.

The Company believes that earnings per share growth is an appropriate measure for annual incentive bonuses because it provides the executives with an incentive to achieve favorable current results, while also producing long-term growth for the Company. Actual earnings per share targets are derived from analyzing and setting operating income growth goals for each of the Company's operating companies, and then calculating an overall earnings per share growth target. In setting operating company growth goals, the Company considers the historical performance of competitors in each industry in which the Company does business.

Long-Term Incentives

All long-term incentive payment opportunities are performance-based. Long-term incentives provided by the Company consist of 1) stock options, and 2) performance share awards (based on a three-year performance period) along with dividend equivalents on earned performance shares. The terms of the long-term incentive awards are more fully described on pages 27 through 29 of this Proxy Statement. Generally, long-term incentives are allocated one-third to performance shares and two-thirds to stock options. The Compensation Committee believes this mix is appropriate and provides an adequate incentive to management to perform well for stockholders.

The Company designs its long-term incentive plans to ensure that incentive compensation reflects the profitability of the Company and the performance of the Company's common stock. The Company offers a combination of awards, each intended to reward specified results. These awards promote a long-term view, reward long-term positive performance of the Company, and are intended to align executives' interests with stockholders' interests.

Stock Options

Stock options comprise approximately two-thirds of the total long-term incentive grant for individual named executive officers. The Company awards stock options because

it believes they serve a valuable purpose in aligning executive officers' interests with stockholders' interests. Quite simply, executives do not benefit unless the Company's stockholders benefit. Because stock options vest over time, they serve not only as an incentive for superior performance, but also as a retention device. The Company generally receives an income tax deduction when an executive exercises a stock option.

The Company has not timed grants of options in coordination with the release of non-public information nor has it timed its release of non-public information for the purpose of affecting the value of executive compensation. In 2006, the Compensation Committee determined the exercise price of stock options by using the greater of (a) the mean between the highest and lowest quoted selling prices for the Company's common stock on the New York Stock Exchange, and (b) the quoted closing price for such stock on the New York Stock Exchange, each as of the day prior to the date of grant. Because stock options were granted at a meeting held before the New York Stock Exchange opened for the day, the prior day's stock prices were used because they were the most current fair market values available to the Compensation Committee.

The Company's 2003 Long-Term Incentive Plan allows the Compensation Committee to delegate to an officer the authority to grant stock options to employees (other than members of senior management), provided that the Compensation Committee determines the aggregate number of stock options to be awarded and their terms and conditions. The Company's practice had been that the Chief Executive Officer granted stock options to employees at the same time the Compensation Committee granted options to senior management. However, in 2006, the Compensation Committee decided to no longer delegate stock option grant authority and instead grant stock options itself for all employees.

The Company is proposing that stockholders approve a new Long-Term Incentive Plan with substantially similar terms to the existing 2003 Long-Term Incentive Plan (refer to pages 41 through 48 of this Proxy Statement).

Performance Share Awards

Performance share awards provide executives with an opportunity to earn shares of Company common stock if the Company achieves specified performance targets over a three-year performance period. The Company believes that it is appropriate to award performance shares to executives because they are complementary to, and therefore provide different incentives than, stock option awards in two respects. First, the shares are only earned if the performance targets are met. Second, the performance shares provide incentive and retention even in a down market so long as the Company continues to meet its financial objectives. The Company receives an income tax deduction when an executive recognizes taxable income on performance shares.

Performance shares are earned based on achievement of average return on invested capital and cumulative earnings per share growth targets. Return on invested capital and earnings per share growth targets are derived from analyzing and setting operating goals for each of the Company's operating companies, and then calculating overall targets for the Company. These two performance measures are used because we believe they drive long-term stockholder value creation, one capturing growth (*earnings per share*) and the other capturing returns (*return on invested capital*).

Prior to 2006, performance share awards were based on earnings per share growth and return on equity targets. In 2006, the Compensation Committee determined that return on invested capital should replace return on equity as a measure for performance share awards because of return on invested capital's broader inclusion of debt as well as equity in capital employed.

No performance shares will be paid unless at least 90% of the targeted consolidated return on invested capital and cumulative diluted earnings per share are achieved. The following matrix shows the percentage of the target number of shares that will be paid to an executive for a given level of performance during the 2006-2008 performance period:

		% of Performance Shares Earned		
Maximum		100	125	150
Diluted	Target	75	100	125
Cumulative EPS				
Minimum				
(90% of				
target)		50	75	100
		Minimum	Target	Maximum
		(90% of		
		target)		
		Average Annual ROIC		

The earnings per share and return on invested capital goals set by the Compensation Committee for the 2006-2008 period are rigorous and were set sufficiently high to require superior performance for target and maximum payouts.

To illustrate that the Company has a practice of setting rigorous targets for performance share awards, the following table discloses minimum, target and maximum goals for the 2004 to 2006 performance period:

Metric	Minimum	Target	Maximum
Cumulative earnings per share	\$ 12.08	\$ 13.29	\$ 14.54
Average annual return on equity	18.6%	20.6%	22.6%

The goals in the chart above were adjusted to exclude the office products as a result of the divestiture of that business in 2005. In addition, the goals were increased to reflect the acquisition of the spirits and wine brands in 2005.

If minimum performance share award measures are met, executive officers who receive performance awards will earn cash dividend equivalents equal to the cash dividends that would have been paid on the shares had the recipient owned the shares during the performance period. Dividend equivalents are not paid until the performance period has ended.

Retirement Benefits

The Company believes that it is appropriate to provide retirement benefits to executives in order to recruit and retain executives. The Company provides retirement benefits to executives through a combination of a tax-qualified pension plan, a tax-qualified defined contribution plan and a nonqualified defined benefit and defined contribution plan. The Company also believes that it is appropriate to provide nonqualified plan benefits to make executives whole for the amount of benefit they would have received under the qualified plans but for the limitations on contributions and benefits imposed by the Internal Revenue Code. The nonqualified plan provides supplemental pension and profit sharing benefits that allow these executives to receive contributions and benefits at the same rate applicable to other participants under the qualified plans.

Certain executives are not eligible to participate in the tax-qualified pension plan. As a result, these executives' entire pension is provided on a nonqualified basis.

In addition, prior to 1999 certain executive officers were granted, and continue to be covered by, a pension formula not generally available to all employees. The Compensation Committee eliminated this benefit program for any new executives in 1999. The amount of benefits provided by each retirement plan and the pension formulas applicable to named executive officers are described in more detail on pages 29 through 31 of this Proxy Statement.

The Compensation Committee believes that it is appropriate to continue the policy of previous board compensation committees and contribute annually to employee grantor trusts to secure the supplemental retirement benefits of certain executives. These trusts have been approved by stockholders. They are described in more detail on pages 24 and 30 through 31 of this Proxy Statement.

Health and Related Benefits

The Company's health and related plans include medical, dental, life, disability, accidental death and dismemberment and travel accident coverage. The Company's health and related benefit programs are designed to be competitive with other large corporations. The majority of health and related benefits provided to executive officers are offered through broad-based plans applicable to all employees.

Perquisites

The Company provides named executive officers with limited perquisites that are not provided to other employees in order to be competitive with perquisites provided to executives at other companies. These perquisites are described in greater detail on page 25 of this Proxy Statement.

Chief Executive Officer's Compensation

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

The Compensation Committee meets in executive session to evaluate the Chief Executive Officer's performance and determine his total compensation. After reviewing competitive compensation data provided by the Compensation Committee's outside consultant, the Compensation Committee assessed the individual contributions of Mr. Wesley as well as Company performance relative to both pre-established goals and performance of other companies in the Survey Group.

Mr. Wesley's salary and annual bonus place him at about the 50th percentile of chief executive officers in the Survey Group. Mr. Wesley's performance share award and his stock options for 2006 were granted in accordance with the philosophy and practice described above for other executive officers. His long-term incentive grant placed him within the third quartile of the Survey Group (the fourth quartile being the highest).

Use of Tally Sheet

During 2006, the Compensation Committee used tally sheets to assist in analyzing Mr. Wesley's and the other named executives total compensation and various elements of their compensation, including salary, annual and long-term incentive payments and retirement benefits. This assessment also included a review of compensation payable in connection with a separation of employment under various separation scenarios, such as voluntary separation, involuntary separation and separation following a change in control.

Survey Group Executive Compensation and Company Performance

The Compensation Committee compares the Company's executive compensation program to 29 consumer products companies with median 2005 revenue of \$8.3 billion (the Survey Group). The Survey Group consists of companies that are either primary competitors of the Company or that are premier consumer products companies. In either case, we believe we compete with these companies for talented executives. The Survey Group consists of:

3M Company	Illinois Tool Works Inc.
Alberto-Culver Company	Jacuzzi Brands, Inc.
American Standard Companies Inc.	Kellogg Company
Anheuser-Busch Companies, Inc.	Kohler Co.
Armstrong Holdings Inc.	Kraft Foods Inc.
Black & Decker Corporation	Masco Corporation
The Brunswick Corporation	Molson Coors Brewing Company
Campbell Soup Company	Nike, Inc.
The Clorox Company	Procter & Gamble Company
Colgate-Palmolive Company	S.C. Johnson & Sons, Inc.
Diageo plc	Sara Lee Corporation
Emerson Electric Co.	The Sherwin-Williams Company
General Mills, Inc.	Unilever NV

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

Hershey Foods Company

Whirlpool Corporation

William Wrigley Jr. Company

The Compensation Committee also compared the Company's performance with the performance of the Survey Group companies.

Stock Ownership Guidelines

The Company believes it is important for executive officers and directors to have a significant equity interest in the Company so that their interests are better aligned with stockholders. Therefore, the Compensation Committee has established stock ownership guidelines for executives and directors. The Compensation Committee annually reviews executives' compliance with the Company's stock ownership guidelines. These guidelines are:

Chairman and Chief Executive Officer	4 times salary
President and Chief Operating Officer	3 times salary
Senior Vice Presidents and First-Tier Subsidiary Chief Executive Officers	2 times salary
Vice Presidents	1 time salary
Directors	3 times annual fee

In 2006, the Company determined that all executive officers, except one Vice President who was elected to her position in 2006, exceed these guidelines. The Company has a formal policy prohibiting any director, officer or chief executive officer of a first-tier subsidiary from hedging the risk of owning Company common stock or trading in derivatives of the Company.

Tax Treatment

The Internal Revenue Code limits the income tax deduction that the Company may take for compensation paid to the Chief Executive Officer and the other named executive officers. The limit is \$1 million per executive per year. However, performance-based compensation is excluded from the limitation. All compensation of named executive officers is fully tax deductible by the Company with the exception of \$3,306,806, primarily due to employee grantor trust funding (described in footnote 4 to the Summary Compensation Table on page 24). The Compensation Committee intends that the annual incentive bonus, stock options and performance share awards qualify as performance-based compensation so that these awards will be deductible by the Company.

2006 COMPENSATION

It is important to note that the Summary Compensation Table below reflects many types of compensation, such as unvested stock options, that are contingent in nature and that list a value based solely on estimates. Therefore, the Chief Executive Officer and other named executives may never realize the value of certain items included under the column headed Total, or the amounts realized may differ materially from the amount listed in the Summary Compensation Table and related footnotes. In addition, equity compensation is reported in several different tables in this Proxy Statement. For that reason, investors should take care to not double count equity awards.

(1) **Equity Assumptions:** The amounts listed in columns D and E are performance based compensation and reflect the amounts expensed in the Company's 2006 financial statements for stock options and stock awards (see footnote 1 to Consolidated Financial Statements)

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

contained in the Company's Form 10-K for the fiscal year ended December 31, 2006).

- (2) **Non-Equity Incentive Plan:** Column F lists amounts we previously disclosed as Bonus in prior years under securities rules then in effect. Refer to the narrative following the Grants of Plan-Based Awards table on page 26 of this Proxy Statement for more details on the non-equity incentive plan.
- (3) **Increase in Actuarial Value of Defined Benefit Pension:** Column G includes an estimate of the 2006 increase in actuarial value of the named executive officers' defined benefit pension plan benefit. These estimates were calculated by first determining the difference between the normal retirement age benefit accrued as of December 31, 2005 and the normal retirement age benefit accrued as of December 31, 2006. The narrative and footnotes following the Pension Benefits table on page 29 provide additional detail about the Company's pension plans.
- (4) **Employee Grantor Trusts:** The named executive officers listed in the Summary Compensation Table are not currently covered under the Company's tax-qualified defined benefit pension plan (except for Mr. Klein). As a replacement, pension benefits are provided under our Supplemental Plan and employee grantor trust arrangements were established to fund these benefits. These employee grantor trust arrangements have been approved by stockholders. Contributions to fund these benefits are taxable to executives.

In 2006, the contributions were made to employee grantor trusts (net of tax withholding) in the following amounts: \$1,410,238 for Mr. Wesley, \$390,307 for Mr. Omtvedt, \$179,282 for Mr. Roche, and \$553,579 for Mr. Hausberg. These contributions are not listed in column H because they were made to fund supplemental retirement benefits that are disclosed in the Pension Benefits table on page 29 and the narrative that follows it.

- (5) **Perquisites:** Column H includes the following amounts of perquisites: \$87,826 for Mr. Wesley; \$59,669 for Mr. Omtvedt; \$16,000 for Mr. Roche; \$20,381 for Mr. Klein; and \$17,250 for Mr. Hausberg. The perquisites provided are: automobile allowance; financial planning (not used by Mr. Roche in 2006); and country club dues and limited use of the Company aircraft for which executives reimburse the Company (Messrs. Wesley and Omtvedt only). As of March 31, 2007, the Company has adjusted salaries and eliminated the following perquisites: automobile allowance; financial planning; and country club dues.

The aggregate incremental cost of perquisites is generally the cost of such items to the Company. Although Messrs. Wesley and Omtvedt used Company aircraft for personal use in 2006, they each reimbursed the Company for their number of hours of personal flight time. The difference between the Company's aggregate incremental cost for such plane usage and the amount paid by the executive is included in column H. Specifically, the Company's cost of personal aircraft usage not reimbursed by executives is \$54,906 for Mr. Wesley and \$30,749 for Mr. Omtvedt. The Company determines the aggregate incremental cost of personal aircraft usage by multiplying the flight hours associated with personal aircraft usage by the Company's average hourly cost of airplane travel.

Defined Contribution Benefits, Nonqualified Plan Earnings and Tax Reimbursements: The amount in column H also includes:

(a) Company contributions to the tax qualified defined contribution plan of the Company, (b) profit-sharing amounts under the Company's Supplemental Plan, and (c) tax reimbursements with respect to defined contribution benefits. We describe these benefits below.

- (a) *Defined Contribution Plan Contributions.* Company contributions for 2006 to the Company's tax qualified defined contribution plan were \$23,574 for each of Messrs. Wesley, Omtvedt, Roche and Hausberg and \$20,274 for Mr. Klein.
- (b) *Supplemental Plan.* The Supplemental Plan credits certain executives with amounts that would have been contributed to their accounts under the tax qualified defined contribution plan but for the limitations on contributions imposed by the Internal Revenue Code. Profit-sharing credits earned under our Supplemental Plan for 2006 were: \$214,623 for Mr. Wesley; \$76,491 for Mr. Omtvedt; \$52,623 for Mr. Roche; \$65,988 for Mr. Klein; and \$27,738 for Mr. Hausberg. These amounts were credited to executives' accounts in early 2007.

For all named executive officers except Mr. Klein, in order to meet the Company's obligations to provide these profit-sharing benefits under the Supplemental Plan, the Company partially funded these benefits through employee grantor trusts approved by stockholders. The Company funds only the amount sufficient to provide the expected after-tax profit-sharing benefit.

- (c) *Tax Reimbursements.* The defined contribution credits to the Supplemental Plan are subject to Medicare tax. In 2006, the Company reimbursed the named executive officers for Medicare taxes in the amount of: \$5,052 for Mr. Wesley, \$1,777 for Mr. Omtvedt, \$1,217 for Mr. Roche, \$1,908 for Mr. Klein and \$631 for Mr. Hausberg. In addition, for those executives with employee grantor trusts described in (b) above, the Company reimbursed the executive for taxes on earnings of trust related to the contributions described in (b) above, in the amount of \$93,824 for Mr. Wesley, \$36,866 for Mr. Omtvedt, \$20,769 for Mr. Roche, and \$16,778 for Mr. Hausberg. Executives receive only the after-tax benefit from these trusts.

Long Term Disability Reimbursement: Column H includes amounts that the Company reimburses for the cost of premiums for long-term disability insurance coverage. This reimbursement is provided to all employees. The reimbursement is taxable to the employee. The amount of long-term disability reimbursement in 2006 was \$1,333 for each named executive officer.

Premiums for Life Insurance: The Company provides an additional life insurance program for Messrs. Wesley, Omtvedt, Roche, Hausberg and Klein. The amounts set forth in column H include the dollar value of insurance premiums paid by the Company in 2006. These amounts are: \$28,884 for Mr. Wesley; \$11,820 for Mr. Omtvedt; \$6,345 for Mr. Roche; \$4,200 for Mr. Klein; and \$5,810 for Mr. Hausberg.

- (1) The stock options reported in the All Other Option Awards: Number of Securities Underlying Options column were granted on September 26, 2006, based on the greater of (a) the mean between the highest and lowest quoted selling prices for the common stock on the New York Stock Exchange, and (b) the closing price for such stock on the New York Stock Exchange, each as of the day prior to the date of grant. The Compensation Committee used common stock prices on the day prior to the grant date, rather than prices on the grant date, because it met in the morning prior to the opening of the New York Stock Exchange, and the prior day's prices were the most current fair market values available at the time of the actual grant.
- (2) The grant date value of stock option awards is the value that will be expensed in the Company's financial statements over the vesting period based on the Black-Scholes value of \$13.89.

Non-Equity Incentive Plan

The Company's non-equity incentive plan is an annual bonus plan approved by stockholders. This is the same plan as mentioned on page 18 of the Compensation Discussion and Analysis section of the Proxy Statement. Bonuses are based on the Company's achievement of earnings per share growth targets approved by the Compensation Committee at the beginning of the year. An executive must continue in employment for the entire year to receive a bonus, unless employment ends due to death, disability or retirement. To determine annual bonus amounts, the Compensation Committee first sets a target level of 110% of salary for the Chief Executive Officer and a fixed percentage ranging from 50-75% of salary for all other named executive officers. The target bonus levels were chosen because they are competitive with the Survey Group and therefore support our executive compensation objective of offering competitive compensation. Actual bonus awards can range from 0-200% of the target amount, based on earnings per share performance. Although in most cases bonuses are determined based solely on earnings per share growth, the Compensation Committee does have the discretion to adjust annual incentive bonuses up or down based on an executive's

individual performance.

In order to satisfy Internal Revenue Code requirements for considering bonuses to be performance-based compensation, at the beginning of 2006, the Compensation Committee established an incentive bonus fund based on Company performance. Each executive officer is allocated a maximum percentage of this fund. In no event can a named executive officer's incentive bonus award exceed the maximum percentage of the incentive bonus fund allotted to that officer. The Company receives an income tax deduction when it pays annual bonuses.

Long-Term Equity Incentive Plan

Performance share awards are granted under the Company's Long-Term Incentive Plan, which was approved by stockholders. These awards are based on performance targets approved by the Compensation Committee at the beginning of each three-year performance period. An executive must continue in employment for the entire performance period to receive a performance share payment, except that if the executive's employment ends due to death, disability or retirement, the executive will receive payment (subject to the attainment of the performance goals) prorated for the executive's length of service during the performance period.

The Compensation Committee also establishes target, maximum and minimum share amounts for awards at the beginning of the performance period. The target number of shares of the Company's common stock will be earned if the Company achieves 100% of the targeted consolidated return on invested capital and cumulative diluted earnings per share. An additional amount of shares will be paid under the terms of the grant if the targeted goals are exceeded. However, the maximum number of shares paid can never exceed 150% of the target amount. No performance share awards will be paid unless approximately 90% of the targeted return on invested capital and cumulative diluted earnings per share are achieved. In that event, 50% of the target number of shares will be earned. Following the end of a performance period, if minimum goals are satisfied, the plan provides cash dividend equivalents equal to the dividends that would have been paid if the recipient had owned the shares during the performance period.

The option awards listed in the table above were granted under the Company's Long-Term Incentive Plan, which was approved by stockholders. Stock options cannot be exercised unless the recipient remains employed by the Company for at least one year from the grant date. The stock options vest ratably over a three-year period and have a seven-year exercise period. If an executive terminates employment, options expire three months after the termination date or the regularly scheduled expiration date (if sooner). If an executive dies, options must be exercised within three years after the date of death (or the expiration date, if earlier,) provided options may be exercised for one year following death even if this period extends beyond the expiration date. If an executive retires or becomes disabled, but has remained an employee for at least one year from the grant date, options may be exercised for up to three years after employment terminates, or the expiration date if earlier.

Messrs. Wesley, Omtvedt, Roche and Hausberg currently are all eligible to retire under the Company's supplemental retirement plan. Accordingly, for purposes of both the annual non-equity incentive bonus plan and the long-term incentive plan, a voluntary termination of employment by any of these executives will be considered a retirement and the more favorable retirement provisions will apply.

(1) Each outstanding stock option granted that is currently vested and exercisable is listed in this column. These stock option grants vested ratably on the first three anniversaries of the grant date.

- (2) Each outstanding stock option that is not yet vested and exercisable is listed in this column. For Mr. Wesley, 180,474 options will vest in September of 2007, 114,000 options will vest in September of 2008, and 57,000 options will vest in September of 2009. For Mr. Omtvedt, 89,904 options will vest in September of 2007, 56,666 options will vest in September of 2008, and 28,333 options will vest in September of 2009. For Mr. Roche, 56,991 options will vest in September of 2007, 36,000 options will vest in September of 2008, and 18,000 options will vest in September of 2009. For Mr. Klein, 58,991 options will vest in September of 2007, 38,000 options will vest in September of 2008, and 20,000 options will vest in September of 2009. For Mr. Hausberg, 26,463 options will vest in September of 2007, 16,666 options will vest in September of 2008, and 8,333 options will vest in September of 2009.
- (3) This column lists the target number of outstanding performance share awards. As of December 31, 2006, there were outstanding awards for the following open performance periods: 2005 to 2007 and 2006 to 2008. The narrative following the table titled Grants of Plan Based Awards on page 26 provides additional detail on performance share

awards. In addition to the shares reported in this table, in early 2007, performance share awards were granted for the 2007 to 2009 performance period. Performance share awards for the 2004-2006 period are disclosed in the Option Exercises and Stock Vested table immediately below.

- (4) This column reflects the value of the performance share awards (at target number) using the December 29, 2006 closing price of the Company's common stock.

- (1) All of the named executive officers except Mr. Klein are excluded from participating in the Company's tax-qualified Pension Plan. For these excluded executives, with respect to the Fortune Brands Pension Plan (the tax-qualified plan), this column reflects service credited prior to January 1, 1996 (the date the executives were excluded from plan participation) and not their actual years of service with the Company.

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

- (2) Mr. Roche, who joined our employ in 1988, has a special retirement arrangement which credits him with service since 1981 in order to recognize that he devoted full time to our legal affairs from 1981 through 1988 while employed by an outside law firm. The benefit augmentation that results from this additional service credit is equal to \$32,842 per year at normal retirement age.
- (3) The amounts listed are based on the executives' compensation and service as of December 31, 2006.
- (4) The earliest age at which an unreduced pension is paid is generally 62. However, a grandfathered provision allowing an unreduced pension at age 60 applies to a number of participants including Messrs. Wesley, Omtvedt, Roche and Hausberg. Messrs. Wesley, Omtvedt and Hausberg are currently eligible for early retirement under the plan with a reduced pension. Under the Fortune Brands Supplemental Plan, Mr. Roche is deemed to be retired upon any termination of employment although he is not yet retirement eligible under the tax-qualified Pension Plan.
- (5) The benefit amounts listed reflect the present value of the annual benefit payable in the form of a single life annuity where payments continue for the life of the executive but cease upon his death. Both the tax-qualified Fortune Brands Pension Plan and the Fortune Brands Supplemental Plan allow participants to elect a reduced annuity in the joint and survivor form, which provides payments over the life of the participant and a named beneficiary. Elections of payment form are made at the time of retirement.

- (6) The present value of accumulated plan benefits is calculated on the same basis used to calculate the Plan's accumulated benefit obligation in accordance with FAS 87. The normal retirement benefit is unreduced at age 60 for Messrs. Wesley, Omtvedt, Roche and Hausberg, and unreduced at age 62 for Mr. Klein. The present value of the annual increase in value of the pension benefit is calculated using a 6.0% discount rate and the RP-2000 mortality table.
- (7) Neither the Fortune Brands Pension Plan nor the Fortune Brands Supplemental Plan allow in-service distributions. Accordingly, because all named executive officers continued in employment throughout 2006, no payments were made to them under the plans. As disclosed in footnote 4 to the Summary Compensation Table on page 24 of this Proxy Statement, the pension benefits of Messrs. Wesley, Omtvedt, Roche and Hausberg are funded by contributions to employee grantor trusts which are taxable to these executives in the year of the contribution. Contributions to these trusts were made in 2006.

The Fortune Brands Pension Plan is a tax-qualified defined benefit pension plan. It provides a normal retirement benefit equal to the sum of (a) 1.75% of compensation multiplied by benefit service up to 15 years of service, plus (b) 1% of compensation multiplied by benefit service in excess of 15 years of service. In addition, participants will not receive less than a protected benefit that was grandfathered as of December 31, 2001 when the Company changed the pension plan formula. Generally, all employees are eligible for the plan except for certain executives who have the employee grantor trusts described in footnote 4 to the Summary Compensation Table on page 24 of this Proxy Statement. The estimated retirement benefits in the preceding table include any offset for Social Security benefits. The compensation used to calculate retirement benefits generally includes the categories of Salary and Non-Equity Incentive Plan Compensation from the Summary Compensation Table shown above on page 24, averaged over the five highest consecutive years.

The Supplemental Plan pays the difference between the benefits payable under our tax qualified retirement plan (the Fortune Brands Pension Plan) and the amount that would have been paid if the Internal Revenue Code did not limit the amount of compensation taken into account under, or benefits that may be paid from, a tax qualified retirement plan. In calculating benefits, no credit is given for service in excess of 35 years. The Supplemental Plan also provides that certain senior officers of the Company (those who were Vice Presidents or more senior prior to 1999) will receive an annual benefit equal to 5 1/2% of average compensation during the five highest-paid consecutive years of employment. Messrs. Wesley, Omtvedt, Roche and Hausberg are entitled to this retirement benefit. This retirement benefit is reduced by 1 1/2% of such average compensation for each year that the officer retires prior to age 65 unless he has completed 35 years of service. The benefit is also reduced by benefits under the Fortune Brands Pension Plan and the retirement plans of our subsidiaries or any prior employer, including an executive's prior employers who are unrelated to the Company. Since 1999, the Compensation Committee has not approved this enhanced benefit for any additional executives.

Mr. Wesley has an additional agreement that provides that his Supplemental Plan pension benefit is based on his average compensation during three highest-paid consecutive years rather than five. This agreement is described on page 33 of this Proxy Statement.

Early retirement annual benefits are calculated assuming a reduction of 6% per year prior to age 62 (unreduced at age 62) for Mr. Klein and 7% per year prior to age 60 (unreduced at age 60) for Messrs. Wesley, Omtvedt, Roche and Hausberg. Mr. Klein's pension reduction is calculated differently than the other named executive officers because the other officers were grandfathered in a plan provision applicable to certain employees who were employed as of December 31, 2001. Mr. Klein was hired in 2003.

- (1) Amounts listed in the Registrant Contributions column were reported as compensation in the last fiscal year in the All Other Compensation column of the Summary Compensation Table. No amounts listed in the Aggregate Earnings column were reported in the All Other Compensation column of the Summary Compensation Table.
- (2) Earnings are credited to the accounts of executives based on based on the Citigroup U.S. Broad Investment Grade Bond Index (for Mr. Klein). For those executives with employee grantor trusts (Messrs. Wesley, Omtvedt, Roche and Hausberg), earnings are credited based on the election of the executive among the following: Fidelity Blue Chip Growth Fund, Fidelity Equity Income Fund, Fidelity International Discovery Fund, MFS New Discovery Fund, Northern Trust Institutional Funds Diversified Asset Portfolio, PIMCO Total Return Fund and Vanguard 500 Index Fund.
- (3) No withdrawals were made in 2006. However, as disclosed on page 25 of this Proxy Statement, the supplemental nonqualified profit sharing benefits of Messrs. Wesley, Omtvedt, Roche and Hausberg are funded by contributions to employee grantor trusts which are taxable to these executives in the year of contribution. Contributions to these trusts were made in 2006.

The Company's nonqualified deferred compensation plan is a supplemental plan that pays the difference between the profit sharing contribution provided under the tax-qualified profit sharing plan and the contribution that would have been made if the Internal Revenue Code did not limit the compensation that may be taken into account under tax-qualified retirement plans. The contribution amount is equal to 6% of adjusted compensation, which generally includes salary and annual bonus. Compensation is adjusted by multiplying amounts in excess of the Social Security taxable wage base (\$94,200 in 2006) by 1.5. This profit sharing formula applies uniformly to all employees and is not enhanced for executives. Nonqualified profit sharing benefits are paid in a lump sum upon termination of an executive's employment.

(1) This table assumes the specified termination events occurred on December 31, 2006.

(2) The Health and Related Benefits listed under the Death column reflect the incremental value of life insurance benefits above the benefit level applicable to all employees generally.

(3) The Health and Related Benefits listed under the Disability column reflect the amount of the annual disability benefit that exceeds the benefit payable under the plan generally available to all employees.

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

- (4) Due to a provision in the Fortune Brands Supplemental Plan that deems Mr. Roche to be retired upon any termination of employment regardless of his actual age, upon termination of employment, his outstanding performance share awards will become non-forfeitable and all options that were granted at least one year prior to his termination will vest.
- (5) The dollar amounts listed for Mr. Wesley's pension enhancement are based on his agreement with the Company that is currently in effect, not the terms of the agreement in effect on December 31, 2006. This agreement was amended February 28, 2007. Prior to amendment, in the event of termination prior to normal retirement age due to death, disability, termination by the Company for other than cause or termination by Mr. Wesley for good reason, his compensation at the date of termination and his service were deemed to continue until his normal retirement age for purposes of calculating his pension. As a result of the February 28, 2007 amendment of Mr. Wesley's agreement, his compensation at the date of termination and his service will be deemed to continue for only three years (or, if less, the number of years until normal retirement age). This amendment has the effect of reducing the pension enhancement Mr. Wesley would receive upon termination of employment for the specified reasons.

A number of Company employee benefit and incentive pay plans provide for payment upon termination of employment of any participant. If terminated on December 31, 2006, the named executive officers would receive benefits and payments under these plans in addition to the amounts described in the table above.

Stock Options and Performance Share Awards. If terminated on December 31, 2006, named executive officers would be able to exercise vested stock options. All participants have a period of time following termination to exercise stock options and in some case will be paid performance shares following termination. Executives who terminate prior to retirement for reasons other than death, disability, position elimination, or following a change in control will forfeit the opportunity to earn performance shares with respect to all open performance periods. Because Messrs. Wesley, Omtvedt, Roche and Hausberg are treated as retired upon any termination of employment, if employment is terminated, they will be eligible for payment of performance shares based on actual Company performance as soon as practicable following a performance period. In addition, they will have the full original ten-year exercise period to exercise options granted prior to 2005 and three years (or end of original term if sooner) to exercise options granted during and after 2005. In the event of termination of employment following a change in control, all outstanding performance share opportunities become nonforfeitable and are paid out on the date employment is terminated as if the target performance share award was earned (but prorated for the period of actual service prior to termination). All stock options become vested upon change in control.

Retirement Benefits. Upon termination of employment, participants in the Company's defined contribution plans (both tax-qualified and nonqualified) may receive a distribution of their account balances. The Nonqualified Deferred Compensation table on page 31 of this Proxy Statement lists each executive officer's balance under the nonqualified defined contribution plan as of the last fiscal year end. The Company's tax qualified pension plan and Supplemental Plan both provide pension benefits upon retirement (as defined in the plans). Messrs. Wesley, Omtvedt, Roche and Hausberg are all retirement eligible under the Supplemental Plan and therefore, would receive nonqualified pension benefits upon termination of employment. As of December 31, 2006, Mr. Klein was not retirement eligible under the pension plans and, therefore, would not receive any pension benefits upon termination on December 31, 2006. Mr. Klein's pension benefits could be paid on or after attainment of earliest retirement age. The Pension Benefits table on page 29 of this Proxy Statement and the narrative and footnotes that follow it provide additional detail on the amount and terms of these pension benefits.

Health and Related Benefits. In addition to the dollar values in the chart above for health and related benefit continuation pursuant to severance and change in control agreements, the named executive officers will receive health and related benefits pursuant to the Company's benefit plans applicable to employees generally. Because they are currently retirement eligible, Messrs. Wesley, Omtvedt, Roche and Hausberg are eligible for retiree medical coverage upon any termination of employment. Executive officers (except Mr. Klein) would also be entitled to retain a split-dollar life insurance policy in order to provide a death benefit, but any insurance proceeds after death in excess of the death benefit will be returned to the Company.

Agreement with Mr. Wesley. Mr. Wesley has an agreement that his average annual compensation under the Supplemental Plan will be determined using his three highest-paid consecutive calendar years of employment rather than five. If Mr. Wesley becomes disabled or dies prior to normal retirement age of 65, his employment is terminated for reasons other than cause, or Mr. Wesley terminates his employment for good reason, Mr. Wesley's compensation at the date of his retirement and his service will be deemed to have continued for an additional three years for purposes of calculating this retirement benefit.

Change in Control Agreements. We have agreements with Messrs. Wesley, Omtvedt, Roche, Klein and Hausberg to provide each of them with benefits if they are terminated following a change in control of the Company. Each agreement states that if, subsequent to a change in control, (1) the Company terminates the officer's employment for a reason other than disability or cause, or (2) the officer decides to terminate his employment for good reason, the officer will receive:

- (i) three years of base salary, three times the amount of his annual incentive compensation award and three times an annual defined contribution plan allocation (and the supplemental profit-sharing allocation under the Supplemental Plan);
- (ii) three additional years of service and earnings credit under our retirement plans and agreements; and
- (iii) three additional years of coverage under our life, health, accident, disability and other employee plans.

Payments under these agreements are generally made in a lump sum immediately following termination. If the special excise tax under Section 280G of the Internal Revenue Code applies, the agreements provide that we will restore amounts lost by the executive officer. The Company has established a rabbi trust with a bank for the purpose of making payments under the agreements. This trust currently is not funded. Any amounts payable under these change in control agreements are reduced by amounts payable under the severance agreements referred to below.

Severance Agreements. We have agreements with Messrs. Wesley, Omtvedt, Roche, Klein and Hausberg, to provide each of them with severance benefits without regard to a change in control if the Company terminates their employment for reasons other than disability or cause or if they terminate their employment for good reason. The severance agreements provide the same benefits as those described above for a termination of employment following a change in control except that the multiplier is three in the case of Mr. Wesley and two in the case of Messrs. Omtvedt, Roche, Klein and Hausberg. All the agreements, except for Mr. Klein's, provide for severance payments in a lump sum. Mr. Klein's severance payments are spread over a two-year period. All the agreements, except for Mr. Omtvedt's, contain restrictions on soliciting Company employees and competing with the Company for an eighteen-month period following termination of employment.

Compensation Committee Interlocks and Insider Participation

No member of our Board's Compensation Committee (Messrs. Leroy, Lohman, Renna and Wilson and Dr. Ewers) has (i) served as one of our officers or employees; or (ii) any relationship requiring disclosure under Item 404 of Regulation S-K promulgated under the Securities Act of 1933, as amended. None of our executive officers serve as a member of the board of directors or as a member of a compensation committee of any other company that has an executive officer serving as a member of our Company's Board or our Company's Compensation Committee.

Compensation and Stock Option Committee

The Compensation Committee is composed of five directors that are independent, as defined under the New York Stock Exchange Listed Company Manual, and meet the

definition of outside director under Code Section 162(m). The Compensation Committee has a written charter that has been approved by the Board. The Compensation Committee reviews this charter at least annually and revises it as appropriate. A copy of the Compensation Committee charter is available on the Company's website at <http://www.fortunebrands.com>. The Compensation Committee has the authority to:

- (i) review and approve compensation and goals for the Chief Executive Officer and evaluate his/her performance;
- (ii) approve the salaries of Vice Presidents and more senior officers;
- (iii) select annual corporate performance measures and determine bonuses under the Annual Executive Incentive Compensation Plan;
- (iv) grant awards under the Company's Long-Term Incentive Plans;
- (v) review the design of the incentive plans and recommend changes to the Board; and
- (vi) assess the competitiveness and appropriateness of all compensation programs.

Compensation Committee Authority and Delegation of Authority

The Compensation Committee may delegate any of its authority to a sub-committee. However, the members of the sub-committee must meet the same qualifications as for membership on the Compensation Committee, specifically, the members of the sub-committee must also be independent directors, as defined by the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Principles. During 2006, the Compensation Committee did not delegate any of its authority to a sub-committee.

The Company's 2003 Long-Term Incentive Plan allows the Compensation Committee to delegate to an officer the right to designate key employees (other than members of senior management) to be granted stock options and the amount of options granted to each such key employee, provided that the Compensation Committee determines the aggregate number of stock options to be awarded and their terms and conditions. In 2006, the Compensation Committee decided to discontinue this delegation and retained sole authority with respect to the granting of all stock options to all employees.

Compensation Committee Procedures

The Compensation Committee is presented with recommendations from management as to the level and type of compensation to provide to executive officers. The Chief Executive Officer attends meetings of the Compensation Committee to discuss each of the executive officers' performance for the year. The Chief Executive Officer's feedback about the executive officers' performance is essential in the Compensation Committee's determination of each officer's salary and target incentive compensation determinations. However, the Compensation Committee meets in executive session without the Chief Executive Officer when discussing his compensation.

The Compensation Committee directs management to prepare financial data used by the Compensation Committee in determining executive compensation. In addition,

members of the Company's human resources department assist in preparation of executive compensation tally sheets and historical information on compensation paid to executives. Members of the Company's legal department provide the Compensation Committee with general advice on laws applicable to executive compensation and the directors' fiduciary duties in setting compensation.

Compensation Committee Consultant

The Compensation Committee directly retains a nationally-recognized firm, Hewitt Associates, as its outside compensation consultant. The consultant regularly meets with the Compensation Committee and is included during executive sessions without the presence of management. The outside consultant attended four out of the five Compensation Committee meetings in 2006. In addition, the consultant assisted the Compensation Committee in its assessment of executive compensation levels in light of the Company's performance as compared to the Survey Group of companies. Hewitt Associates is separately retained by the Company for pension plan and other employee benefits administration and consulting.

The Compensation Committee retains the compensation consultant and directs it to assist the Compensation Committee in:

- (i) making recommendations regarding executive compensation consistent with the Company's business needs, pay philosophy, market trends and latest legal and regulatory considerations;
- (ii) providing market data (including compiling the Survey Group and related performance data) as background to annual decisions regarding CEO and senior management base salary, bonus and long-term incentives;
- (iii) advising the Compensation Committee as to best practices for effectively structuring executive pay arrangements while representing stockholders' interests; and
- (iv) summarizing alternative proposals that may have been considered in formulating final recommendations, the nature of discussions leading to a final proposal and the consultant's rationale for supporting or opposing management's proposal.

In conducting its assignment, the outside consultant may contact the Company's management, including the Chairman and Chief Executive Officer as well as the Executive Director, Compensation and Benefits to carry out its assignment. However, the compensation consultant reports directly to the Compensation Committee.

Report of the Audit Committee

The Audit Committee of the Board (the "Audit Committee") is composed of five directors that are independent as defined under the New York Stock Exchange Listing Standards and Rule 10A-3 of the Exchange Act. The Audit Committee has a written charter that has been approved by the Board. A copy of the Audit Committee Charter is available on the Company's website at <http://www.fortunebrands.com>. The Audit Committee has appointed (subject to stockholder ratification) the Company's independent registered public accounting firm for 2007.

Management has the responsibility for the Company's financial statements and overall financial reporting process, including the Company's systems of internal controls. The independent registered public accounting firm has the responsibility to conduct an independent audit in accordance with generally accepted auditing standards and to issue an opinion thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has reviewed and discussed the audited financial statements and the Company's quarterly and annual reports to the SEC with management and the independent registered public accounting firm. Management has confirmed to the Audit Committee that the Company's financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has met with the independent registered public accounting firm and discussed matters required to be discussed by SAS No. 61, as amended, (Communication with Audit Committees). The independent registered public accounting firm has provided an unqualified opinion regarding the Company's financial statements for the year ended December 31, 2006 and management's assessment of internal controls over financial reporting and the effectiveness of those controls as of December 31, 2006.

The Company's independent registered public accounting firm has also provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee), and the Audit Committee has discussed with the independent registered public accounting firm that firm's independence. The Audit Committee has also reviewed non-audit services provided by the independent registered public accounting firm and has considered the compatibility of these services with maintaining the auditor's independence.

Based upon the review and discussions with management and the independent registered public accounting firm, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for filing with the SEC.

The Report of the Compensation and Stock Option Committee and the Report of the Audit Committee set forth in this Proxy Statement and the Fortune Brands, Inc. Stock Price Performance graph set forth in the Company's Annual Report on Form 10-K, shall not be deemed to be soliciting material or to be filed with the SEC or subject to Regulation 14A or 14C under the Exchange Act or to the liabilities of Section 18 of the Exchange Act. In addition, they shall not be deemed incorporated by reference by any statement that incorporates this Proxy Statement by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates this information by reference.

Fees of Independent Registered Public Accounting Firm

The independent registered public accounting firm of the Company during the year ended December 31, 2006 was PricewaterhouseCoopers LLP. All PricewaterhouseCoopers LLP services were approved in advance by the Audit Committee. The aggregate fees billed by PricewaterhouseCoopers LLP during the years 2006 and 2005 are set forth in the table below:

Type of Fee	Fiscal Year Ended December 31,	
	2006	2005
Audit Fees (1)	\$ 6,540,000	\$ 6,335,000
Audit Related Fees (2)	1,849,000	4,642,000
Tax Fees (3)	636,000	558,000
All Other Fees (4)	31,000	20,000

- (1) Aggregate fees billed by PricewaterhouseCoopers LLP in connection with the audit of the Company's annual financial statements and the review of the Company's financial information included in its SEC Form 10-Q filings, the audit of management's assessment of internal control over financial reporting and the assessment of the effectiveness of the Company's internal control over financial reporting and the audit of statutory financial statements.
- (2) Audit-related services included audits of employee benefit plans and assistance with due diligence activities and accounting advice on acquisitions.
- (3) Tax fees represented services which included domestic and international tax compliance, tax planning and expatriate tax services.
- (4) All Other Fees represented services that include benchmarking of employee benefits.

Approval of Audit and Non-Audit Services

The Audit Committee has adopted the following policies and procedures for the pre-approval of all audit and permissible non-audit services provided by our independent registered public accounting firm. The Audit Committee annually reviews the audit and non-audit services to be performed by the independent registered public accounting firm during the upcoming year. The Audit Committee considers, among other things, whether the provision of specific non-audit services is permissible under existing law and whether it is consistent with maintaining the auditor's independence. The Audit Committee then approves the audit services and any permissible non-audit services it deems appropriate for the upcoming year. The Audit Committee's pre-approval of non-audit services is specific as to the services to be provided and includes pre-set spending limits. The provision of any additional non-audit services during the year, or the provision of services in excess of pre-set spending limits, must be pre-approved by either the Audit Committee or by the Chairman of the Audit Committee, who has been delegated authority to pre-approve such services on behalf of the Audit Committee. Any pre-approvals granted by the Chairman of the Audit Committee must be reported to the full Audit Committee at its next regularly scheduled meeting. All of the fees described above under audit fees, audit-related fees, tax fees and all other fees for 2006 were pre-approved by the Audit Committee pursuant to its pre-approval policies and procedures.

Item 2

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007. The Audit Committee and the Board recommend that you ratify this appointment. In line with this recommendation, the Board intends to introduce the following resolution at the Annual Meeting (designated as Item 2):

RESOLVED, that the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm for this Company for the year 2007 is ratified.

A member of PricewaterhouseCoopers LLP will attend the Annual Meeting to make a statement if he or she desires, and respond to appropriate questions that may be asked by stockholders.

The Board of Directors recommends that you vote FOR Item 2.

Item 3

**RE-APPROVAL OF THE FORTUNE BRANDS, INC.
ANNUAL EXECUTIVE INCENTIVE COMPENSATION PLAN**

The Board is recommending that stockholders re-approve the Fortune Brands, Inc. Annual Executive Incentive Compensation Plan (the Annual Plan). The Annual Plan was approved by the stockholders of the Company on April 30, 1997 and re-approved by the Company's stockholders on April 30, 2002. Under the rules of the Internal Revenue Service, the Annual Plan must be re-approved by the stockholders every five years in order for the Company to be able to deduct compensation paid to executives in excess of \$1 million annually. The Board believes that the Annual Plan advances the interests of the Company and its stockholders in securing and retaining executives of outstanding ability by providing performance-based incentives to senior executives. The Annual Plan is set forth in full in Exhibit A to this Proxy Statement. The description of the Annual Plan which appears below is qualified in its entirety by reference thereto.

Reasons for the Proposal

Re-approval of the Annual Plan by the stockholders is being sought to preserve the Company's ability to deduct, for federal income tax purposes, compensation paid pursuant to the Company's annual executive incentive compensation program. Under

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

Section 162(m) of the Internal Revenue Code, and the rules of the Internal Revenue Service, stockholders must re-approve the Annual Plan every five years in order for the Annual Plan to qualify for the exception to the limitation on the Company's ability to deduct compensation paid to certain specified executives in excess of \$1 million annually.

Summary of the Plan

Eligibility

Awards may be granted only to persons elected to the office of Vice President of the Company or a more senior office. The amounts of awards under the Annual Plan for 2007 are not yet determinable. During 2006, however, 12 officers were granted an aggregate of \$3,762,300, including \$2,934,380 to 5 executive officers in the aggregate. For information about awards under the Annual Plan during 2006 to our Chief Executive Officer and our other named executive officers, see pages 24 to 26. A total of 12 officers are currently eligible for participation in the Annual Plan.

Administration

The Annual Plan is administered by the Compensation Committee, which is composed of outside directors within the meaning of Section 162(m) of the Internal Revenue Code who are authorized to make grants of performance-based compensation. The Compensation Committee has authority to administer, construe and interpret the Annual Plan, to make rules for carrying it out and to make changes in such rules.

Awards and Performance Measures

Within the first 90 days of each calendar year, the Compensation Committee will set corporate performance measures for such year which, if attained, will establish an incentive compensation fund for the year. At the same time, the Compensation Committee will determine the allocation of the fund among the participants.

The performance measures will be based on any of the following performance criteria, either alone or in any combination as the Compensation Committee may determine: cash flow; cash flow from operations; earnings per share of the Company's common stock; earnings per share of the Company's common stock from continuing operations; income before income taxes; depreciation and amortization; income from continuing operations; net asset turnover; net income; operating income; operating margin; return on equity; return on net assets; return on total assets; return on total capital; sales; economic value added; and total return to stockholders. Performance measures may be determined on an absolute basis or relative to internal goals or relative to levels attained in prior years or in comparison to other companies. The Compensation Committee may provide, as part of each grant, that the performance measures may be adjusted in the event of certain extraordinary events set forth in the Annual Plan. The maximum amount of an award to any participant for any year will not exceed \$3.0 million. No part of the amount available for awards in any year which is not awarded in such year may be carried forward for award in subsequent years.

The Compensation Committee will, promptly after the end of the year on the date on which all necessary financial or other information becomes available, in the manner required by Section 162(m) of the Internal Revenue Code, certify (i) the degree to which performance measures have been attained and (ii) with respect to each participant, the amount of the participant's award, if any. The Compensation Committee may, in its sole discretion, reduce or eliminate, but may not increase, any award. No part of any potential award for any year which is not actually awarded to a participant because of any such reduction will be available for award to any other participant whose actual compensation for such year is subject to Section 162(m) of the Internal Revenue Code. Awards are

payable in cash as promptly as practicable after the certifications described above have been made by the Compensation Committee and within 2¹/₂ months following the end of the calendar year.

The Compensation Committee has discretion, upon the request of a Participant, to defer the payment of an award (or a portion thereof) to a participant subject to Section 409A of the Internal Revenue Code. The Compensation Committee will have discretion to provide for the payment of an amount equivalent to interest, at such rate or rates or based on such investment fixed by the Compensation Committee, on any such deferred award.

Amendment and Termination

The Board may at any time alter, amend, suspend or terminate the Annual Plan in whole or in part without approval by the stockholders. No amendment may, however, increase the award payable to a participant for a year if the amendment is adopted after the final day for setting the objective performance measures for such year (e.g., after the 90th day of the year) nor may any Annual Plan amendment or termination adversely affect the rights of a participant for whom an award has been determined for a completed year but not yet paid.

The Board intends to introduce the following resolution at the Annual Meeting (designated as Item 3):

RESOLVED, that the Fortune Brands, Inc. Annual Executive Incentive Compensation Plan submitted to this Annual Meeting and as shown in Exhibit A to this Proxy Statement, is re-approved.

The Board of Directors recommends that you vote FOR Item 3.

Item 4

APPROVAL OF THE FORTUNE BRANDS, INC.

2007 LONG-TERM INCENTIVE PLAN

The Board has adopted, subject to your approval, the Fortune Brands, Inc. 2007 Long-Term Incentive Plan (the **New Plan**). The New Plan will replace the Fortune Brands, Inc. 2003 Long-Term Incentive Plan (the **Old Plan**) that was approved by stockholders on April 29, 2003. The Company does not anticipate granting any new awards under the Old Plan between fiscal year-end and the date of the 2007 stockholder meeting, except for a February 2007 grant of 159,975 performance shares. Further, upon approval of the New Plan no additional awards will be granted under the Old Plan. A copy of the New Plan is attached as Exhibit B to this Proxy Statement.

Purpose of Plan

Many corporations, including our competitors, are using long-term performance and stock-based incentive compensation, including stock options, to hire and retain outstanding employees. The New Plan is designed to allow the Company to grant various types of performance-related and stock-based compensation. The New Plan will aid us and our subsidiaries in securing and retaining key employees of outstanding ability by making it possible to offer them performance incentives, including a proprietary interest in the Company, to join or continue in service with us or our subsidiary companies, and to further encourage their efforts to enhance stockholder value.

Summary of Terms of New Plan

The following is a summary of the most important terms of the New Plan and is qualified in its entirety by reference to the full text of the New Plan attached to this Proxy Statement as Exhibit B. Please refer to Exhibit B for a more complete description of the terms of the New Plan.

Types of Awards

The New Plan permits the granting of the same types of awards as under the Old Plan which are:

Stock options
Stock appreciation rights
Performance awards

Restricted stock
Other stock-based awards
Dividend equivalents

Eligible Participants

The New Plan will be administered by the Compensation Committee, which consists entirely of independent directors. The Compensation Committee has the authority to select, from among the employees eligible for awards, the individuals to whom awards will be granted and the type and amount of each award. Although the New Plan allows the Compensation Committee to make awards to any employee of the Company and its subsidiaries, in the past we have made awards to approximately 730 employees annually.

The identity of the key employees to receive awards, and the amounts of awards, under the New Plan are not yet determinable. During 2006, however, 764 key employees were granted stock options covering 2,747,960 shares under the Old Plan, including stock options covering 388,295 shares granted to 5 executive officers. In addition, during 2006 6 executive officers were granted performance awards covering 68,000 shares, assuming performance at target, under the Old Plan. For information about awards under the Old Plan during 2006 to our Chief Executive Officer and our other named executive officers, see *Executive Compensation* on pages 26 to 29. We have not granted stock appreciation rights since 1991 or restricted stock since 1994, nor have we granted other stock-based awards under the Old Plan.

Maximum Number of Shares Authorized Under the New Plan

Up to 13,000,000 shares of common stock may be granted under the New Plan, but no more than 2,500,000 shares are available for full-value awards (i.e., awards other than stock options and stock appreciation rights). No more than 2,500,000 shares may be granted to any individual under the Plan. These amounts are subject to adjustment for stock splits, stock dividends and other changes in the Company's capital structure. The Company may use authorized and unissued shares or treasury shares in connection with grants under the New Plan. Shares underlying the unexercised or undistributed portion of any terminated, expired or forfeited award are available for further awards under the New Plan. Shares withheld or delivered for tax withholding or as the exercise price of a stock option are not available for future awards. In addition, certain awards may be payable in cash.

No awards may be made under the New Plan after February 27, 2017.

Stock Options and Stock Appreciation Rights

The Compensation Committee will set the terms of each option or stock appreciation right at the time of grant, but the exercise may not be less than 100% of the fair market value at the time of grant. An option or right will not become exercisable until the participant remains in our employ for at least one year after grant and may be exercisable for ten years unless an earlier expiration date is stated in the option. The Compensation Committee may permit a participant to simultaneously exercise an option and sell the shares of common stock acquired pursuant to a brokerage or similar arrangement and use the proceeds from such sale as payment of the purchase price of such shares. The closing price per share of the Company's common stock on the New York Stock Exchange on March 6, 2007 was \$80.32.

The New Plan permits the grant of either incentive stock options or options not qualifying under the Internal Revenue Code. To the extent that the aggregate fair market value (determined at the time of grant) of shares with respect to which an incentive stock option is exercisable for the first time by any participant during any calendar year exceeds \$100,000, such option will be treated as a nonqualified stock option.

An option will expire three months after termination of employment for reasons other than death, disability or retirement (as defined under the New Plan). If employment terminates by reason of death, disability or retirement (as defined under the New Plan), the option may continue to be exercised for three years or until the expiration date stated in the option, if earlier. In the case of a participant whose principal employer is a subsidiary of the Company, the participant's employment shall be deemed to be terminated as of the date on which the principal employer ceases to be one of our subsidiaries.

As under the Old Plan, repricing, changing the terms of an option to lower its option price or taking any other action which has the economic effect of repricing options is not permitted under the terms of the New Plan.

The Compensation Committee is authorized to grant stock appreciation rights either alone or in conjunction with a stock option. Stock appreciation rights entitle recipients to receive payments in cash, shares or a combination, of an amount representing the appreciation in the market value of a specified number of shares from the date of grant until the date of exercise. To the extent an option is exercised, any stock appreciation right granted in respect of such option is canceled. To the extent a stock appreciation right is exercised, its related option is canceled.

The Compensation Committee may grant options that have terms different from incentive stock options and nonqualified stock options in order to comply with foreign tax laws. The Compensation Committee may also grant stock appreciation rights to employees in certain foreign jurisdictions that prohibit them from owning common stock.

Performance Awards

The Compensation Committee may also grant performance awards under the New Plan. Performance criteria may be selected by the Compensation Committee from among the following measures or any combination whether applicable to the Company or any subsidiary or business unit:

gross revenues	net income	net earnings
operating earnings or income	earnings per share	net income applicable to shares
operating company contribution	earnings growth	stock price
cash flow	economic value added	customer satisfaction
income before income taxes	return on equity or capital	cost control or expense reduction
return on assets	total return to stockholders	ratio of operating expenses to operating revenues

The Compensation Committee must select a minimum performance goal below which no payment will be made and a maximum performance goal above which no increased payment will be made. The Compensation Committee may adjust the performance goals to take into account changes in law and accounting and tax rules and to make adjustments that it decides are necessary or appropriate to reflect the impact of extraordinary or unusual items, events or circumstances. The Compensation Committee designates the period over which the performance factors are measured, but the performance period must be at least two years.

Performance awards are forfeited if the participant terminates employment prior to the end of the performance period, unless the termination of employment is by reason of death, disability or retirement under one of our retirement plans.

Performance awards are payable in cash or shares of common stock, or a combination of cash and shares, at the end of the performance period, as determined by the Compensation Committee.

Restricted Stock

The Compensation Committee may award shares of common stock that are subject to restrictions and conditions as determined by the Compensation Committee. The restrictions typically require a period of service after the date of grant. Shares of restricted stock are non-transferable during the restricted period.

If a participant who has shares of restricted stock terminates employment for any reason other than death, disability or retirement under one of our retirement plans before the restrictions have lapsed, the participant will forfeit all shares that are still subject to the restrictions. Prior to the lapse of restrictions on shares of restricted stock, the participant will have all other rights of a stockholder with respect to the shares, including voting rights and the right to receive dividends paid on our common stock.

Other Stock-Based Awards

The Compensation Committee may grant other awards under the New Plan pursuant to which shares of common stock (which may, but need not, be shares of restricted stock) are or may in the future be acquired, or awards denominated in stock units, including ones valued using measures other than market value.

Dividend Equivalents

The Compensation Committee may, in its discretion, provide that any award other than awards of options or rights under the New Plan may earn dividend equivalents. If any award is outstanding on a dividend record date for common stock, the Compensation Committee may credit a participant with an amount equal to the cash or stock dividends or other distributions that would have been paid on the shares of common stock covered by such award had such covered shares been issued and outstanding on such dividend record date.

Change in Control

In the event of a change in control of the Company, stock options and stock appreciation rights that are not exercisable will become immediately exercisable.

Each stock option also has a limited right (Limited Right) which may be exercised during the 60-day period beginning on the date of the change in control (Limited Right Exercise Period). The Limited Right entitles the holder to receive the cash equivalent of the number of shares subject to the option multiplied by the difference between the option exercise price per share and the market value of the shares on the exercise date of the Limited Right. A participant whose employment is terminated on or after a change in control may continue to exercise his or her option or stock appreciation right during the Limited Right Exercise Period unless termination of employment is for just cause (as defined in the New Plan). The option is canceled if the Limited Right is exercised. The Limited Right is canceled if the option is exercised.

Performance awards, restricted stock awards, and other stock-based awards will be fully vested (with performance goals deemed to have been achieved at the maximum level) at the date of change in control but the amount of benefit will be prorated based on the length of the performance period or restriction period through the date of the change in control.

A change in control is defined in the New Plan as:

the acquisition by a person or group of beneficial ownership of 20% or more of outstanding voting stock;

a change in the composition of the Board that results in a majority of our current directors (or successor directors approved by our current directors) not being continuing directors;

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

a merger, consolidation or sale of substantially all the assets of the Company in a transaction in which our stockholders immediately prior to the transaction do not own at least 60% of the voting power of the surviving, resulting or transferee entity; or

stockholders approve a complete liquidation or dissolution of the Company.

The definition excludes purchases or sales of stock by or from the Company or one of our employee benefit plans or trusts.

Amendment and Termination

The Board has the power to amend the New Plan at any time. It does not have the power, without stockholder approval, to:

increase the maximum number of shares authorized for issuance pursuant to the New Plan;

change the class of individuals eligible for awards;

reduce the basis upon which the minimum stock option price is determined;

extend the period within which awards under the New Plan may be granted beyond February 27, 2017;

provide for a stock option exercisable more than ten years from the date of grant, except in the event of death; or

reprice awards or amend Section 5(a)(vi) of the Plan, which prohibits the repricing of awards.

The Board may suspend or terminate the New Plan at any time. No such suspension or termination, however, shall affect options or stock appreciation rights previously granted. In the event of termination of the New Plan, performance awards, restricted stock awards and other stock-based awards will be fully vested (with performance goals deemed to have been achieved at the maximum level) but the amount of benefit will be prorated based on the length of the performance period or restriction period through the date of the termination.

Other Terms

The New Plan provides that no award shall be transferable by a participant other than (i) as a gift to extended family members or to a foundation or other entity that they control or (ii) by will or the laws of descent and distribution.

Federal Income Tax Consequences

The following is a brief summary of the principal federal income tax consequences of awards under the New Plan. This summary is not intended to be exhaustive and does not describe state, local or foreign tax laws.

Incentive Stock Options

An incentive stock option grant will not result in any immediate tax consequences to the Company or to the participant. A participant will not realize taxable income upon the exercise of an incentive stock option (except that the alternative minimum tax may apply), provided the participant was an employee of the Company or one of our

subsidiaries at all times from the date the option was granted to the date three months (in the case of a disabled employee, one year) before the date the option is exercised, and we will not be entitled to any deduction. If the participant does not dispose of the stock acquired within one year of receiving it (and two years after such option was granted), gain or loss realized on the subsequent disposition of the stock will be treated as long term capital gain or loss.

If the participant disposes of the stock prior to those times, the participant will realize ordinary income in an amount equal to the lesser of (i) the excess of the fair market value of the stock on the date of exercise over the option price; or (ii) if the disposition is a taxable sale or exchange, the amount of gain realized. Any gain recognized by the participant on the disposition in excess of the amount taxable as ordinary income will be treated as capital gain, long or short term depending on whether the stock has been held for more than one year. Upon such a disposition, we will generally be entitled to a deduction in the same amount and at the same time as the participant realizes such ordinary income.

Nonqualified Stock Options

The grant of a nonqualified stock option will not result in any immediate tax consequence to the Company or the participant. Upon exercise of a nonqualified stock option, the participant will realize ordinary income in an amount equal to the market value of the stock at the time of exercise over the option price, and we will generally be entitled to a deduction in the same amount.

Stock Appreciation Rights

The grant of a stock appreciation right will not result in any immediate tax consequence to the Company or to the participant. Upon the exercise of a stock appreciation right, any cash received and the market value of any stock received will constitute ordinary income to the participant. We will generally be entitled to a deduction in the same amount and at the same time as the participant realizes such income.

Restricted Stock

A participant who receives restricted stock will in most cases be subject to tax at ordinary income rates on the market value of the restricted stock at the time the restrictions lapse.

In the case of a sale of shares after the expiration of the restriction period, the holding period to determine whether the participant has long-term or short-term capital gain or loss begins upon such expiration and the tax basis for such shares will be equal to the market value thereof on such date. In most instances, we will be entitled to a deduction equal to the amount treated as compensation to the participant.

Performance Awards and Other Stock-Based Awards

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

A participant who receives any performance award or other stock-based award will recognize income, and we will generally be allowed a deduction, when the award is paid. The amount of cash and the market value of the shares of common stock received will be ordinary income to the participant and we will generally be entitled to a tax deduction for the same amount.

Tax Deductibility Limitation

The Internal Revenue Code limits the allowable tax deduction that may be taken by us for compensation paid to the Chief Executive Officer and the four other highest paid executive officers. The limit is \$1,000,000 per executive per year, but compensation payable solely on account of the attainment of performance goals is excluded from the limitation. Under the New Plan, stock options, stock appreciation rights and performance awards (and related performance-based dividend equivalents) are intended to qualify as performance based compensation not subject to the \$1,000,000 limitation. Restricted stock and other stock-based awards that are not performance based would be subject to the limitation.

The Board intends to introduce the following resolution at the Annual Meeting (designated as Item 4):

RESOLVED, that the Fortune Brands, Inc. 2007 Long-Term Incentive Plan submitted to this Annual Meeting and as shown in Exhibit B of this Proxy Statement, is approved.

The Board of Directors recommends that you vote FOR Item 4.

Item 5

ELECT EACH DIRECTOR ANNUALLY

The Company is informed that a Stockholder, Nick Rossi, whose address is P.O. Box 249, Boonville, California 95415, intends to introduce at the Annual Meeting the following resolution (designated as Item 5). The Company has been notified that Mr. Rossi held 1,652 shares of the Company's common stock for at least one year prior to his submission of this proposal and that he has agreed to hold a minimum required number or dollar amount of such common stock until the Annual Meeting.

Statement of Nick Rossi:

5 Elect Each Director Annually

RESOLVED: Comprehensive action to adopt annual election of each director. Shareholders request that our Directors take the steps necessary, in the most expeditious manner possible, to adopt annual election of each director. This includes using all means in our Board's power such as corresponding special company solicitations and one-on-one management contacts with major shareholders to obtain the vote required for formal adoption of this proposal topic.

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

Also for complete transition from the current staggered system to 100% annual election of each director in one election cycle if feasible. If it is feasible to transition in one-year, 3-years will not substitute for one year. Also to transition solely through direct action of our board if feasible.

This topic won our 66% yes-vote at our 2006 annual meeting. This topic also won a 67% yes-vote average at 43 major companies in 2006. The Council of Institutional Investors www.cii.org, formally recommends adoption of this proposal topic. At least one proxy advisory service has recommend a no-vote for directors who do not adopt a shareholder proposal after it wins one majority vote.

Arthur Levitt, Chairman of the Securities and Exchange Commission, 1993-2001 said: In my view it is best for the investor if the entire board is elected once a year. Without annual election of each director shareholders have far less control over who represents them.

Take on the Street by Arthur Levitt.

It is also important to take a step forward and support this one proposal since our 2006 governance standards were not impeccable. For instance in 2006 it was reported (and certain concerns are noted):

The Corporate Library (TCL) <http://www.thecorporatelibrary.com/> an independent investment research firm rated our company our company High Concern in executive pay not sufficiently performance-related.
Two of the three members of the executive compensation committee each had more the 15-years tenure and were beyond age 70 Independence and succession concerns.
We had no Independent Chairman Independent oversight concern.
Our Chairman/CEO also served on R.R. Donnelley (RRD) board rated D by The Corporate Library.
Shareholders were only allowed to vote on individual directors once in 3-years Accountability concern.
An awesome 80% shareholder vote was required to make certain key changes Entrenchment concern.
Cumulative voting was not permitted.

Additionally:

In response to a 2004 shareholder proposal, our management adopted a policy requiring poison pill shareholder approval, but allowing the board to override this very policy and adopt a pill without shareholder approval. According to The Corporate Library, this override provision undermined the shareholder approval requirement.
Two directors were allowed to hold 4 director seats each Over-extension concern.
Two directors held less than 150 shares each Commitment concern.

The above status shows there is room for improvement and reinforces the reason to take one step forward now and vote yes:

Elect Each Director Annually

Yes on 5

Board of Directors Statement Relating to Item 5:

The Board Recommends that you vote AGAINST Item 5.

The Board recommends a **vote against** this proposal to elect all of the members of the Board on an annual basis because the Board believes that enacting the proposal would not be in the best interest of the Company or its stockholders.

Throughout 2006, the Board retained independent outside counsel to assist them in assessing the Company's corporate governance processes and takeover defenses, including possible declassification of the Board. After thorough consideration of this

proposal in conjunction with all of the Company's takeover defenses, the Board continues to believe that the Company's existing system of electing directors in three classes, with staggered three-year terms, is in the best interests of the Company and its stockholders.

The Company believes that in considering this proposal it is important to carefully examine its corporate governance practices, its recent adoption of meaningful reforms and rationale for opposing the proposal. Additionally, it is important to recognize that several statements by the proponent of the proposal are misleading or inaccurate.

Majority Vote By-law Provision

In September of 2006, the Board implemented a majority-vote by-law provision relating to the election of directors. Pursuant to this amendment to the Company's By-laws, more than 50% of the votes cast in an individual director's election must be cast for a director in order for him or her to be elected. Any director who fails to receive a majority of affirmative votes must tender his or her resignation. The Board will then make a final determination, taking into account all the relevant facts and circumstances, whether to accept that resignation. Prior to this amendment, a director could have been elected even if he or she received a majority of withhold votes. The Board believes that this by-law amendment provides stockholders with more flexibility and control over who represents the Company.

At companies with both a majority vote provision and a non-classified board, it is possible that a large percentage, or even all, of the directors could fail to be elected in a single year, causing instability on the Board. The Board feels that in light of the adoption of the majority vote provision, staggered (classified) board elections are necessary to help assure that the majority of directors have prior experience and familiarity with the Company's businesses, products, markets, opportunities and challenges. The Board believes that this experience and knowledge gained over time makes directors more effective in fulfilling their responsibilities to maximize stockholder value by appropriately balancing short-term goals and long-term planning. Staggered three-year terms contribute toward stability and continuity in setting and pursuing the Company's business strategies, while at the same time provide flexibility because one-third of the directors are elected annually and a majority of the directors are elected over a two year period. In addition, the Board believes that a three-year board term helps the Company attract and retain individuals with the quality, integrity and caliber required to make the commitment and take on the responsibilities that service as a director entails. The Board also believes that agreeing to serve a three-year term demonstrates the nominee's commitment to the Company over the long-term.

Corporate Governance Practices

The stockholder proponent states that our 2006 governance standards were not impeccable. The Board does not believe that any one model of governance standards is appropriate for all companies. The Board believes that it has established strong governance policies and practices. These policies and practices have been recognized as superior to those of our peer companies by independent third parties. For example, Institutional Shareholder Services rates the Company as outperforming 92.0% of the companies in the S&P500 and 99.2% of companies in the consumer durables and apparel group. Also, The Corporate Library, the independent investment research firm that Mr. Rossi cites in his proposal, actually rated the Company as having a low concern corporate governance risk assessment. The stockholder proponent implies that The

Corporate Library rates the Company poorly, when, in fact, The Corporate Library upgraded the Company's rating from last year and gives the Company high marks in several key areas.

Takeover Defenses

In addition, The Corporate Library gave the Company a low concern risk assessment rating relating to takeover defenses, the very topic for which the proposal applies. According to The Corporate Library, the board meets our current tests for board effectiveness and shareholder friendliness in the area of takeover defenses.

The Board also believes that a classified board plays an important role in ensuring that the interests of all stockholders are protected and maximized in connection with an unsolicited takeover proposal. A classified board structure prevents the strategy of a potential acquirer replacing a majority of the Board with its own nominees at a single meeting and thereby gaining control of the Company without paying a fair value to the Company's stockholders. A classified board structure does not preclude a takeover, but rather provides the Board the additional time and leverage necessary to evaluate the adequacy and fairness of a takeover proposal, and to negotiate the best deal possible for the benefit of all stockholders, without the threat of imminent removal of a majority of Board members.

Accountability

The stockholder proponent argues that a classified board raises concerns about accountability to stockholders. The Board does not believe that a classified board makes directors any less accountable than directors elected on an annual basis. The fiduciary duties of directors elected to three-year terms are identical to those of directors elected annually. The Board does not believe that directors elected for three-year terms approach their responsibilities with less focus or accountability than would be the case if they were elected annually.

The Board has demonstrated that they hold themselves accountable to stockholders and that they are concerned about the Company's corporate governance standards. They have demonstrated this by adopting Corporate Governance Principles that enhance the accountability of the Directors. The classified board structure enhances director independence by minimizing the potential for outside influences that might not be in the interests of all stockholders and reduces the threat that a board member who does not conform will not be renominated.

Factual Inaccuracies

The proposal contains numerous factual inaccuracies about the Company. The correct information is set forth below:

There currently are five directors that serve on the Compensation Committee. Mr. Rossi states that there are three, implying that a majority of the members of the Compensation Committee have been serving on that committee for more than 15 years.

All of the Company's directors, except for Mr. Wesley, are independent and the Board has elected an independent Lead Director.

Mr. Rossi implies that all major changes require an 80% majority shareholder vote. The only key change that requires an 80% majority vote is the removal of a director for cause and the amendment of that provision of the Company's Certificate of Incorporation. Other key changes, such as amendments to the Certificate of Incorporation, the merger of the Company with and into another and the sale or dissolution of the Company require a two-thirds majority shareholder vote.

The Board has adopted a policy stating that it will seek stockholder approval to adopt a rights plan (poison pill); however, if the Board feels it is necessary to adopt such a plan prior to obtaining stockholder approval, the retention of the plan will be put to a stockholder vote within one year. If the plan is not approved by a majority of the votes cast by stockholders, the plan would be terminated.

No director owns less than 150 shares of the Company's common stock. The directors' stock holdings are detailed on pages 55 and 56 of this Proxy Statement.

Further Action

Adoption of the stockholder proposal does not automatically result in the declassification of the Company's Board. Adoption of this proposal requires an amendment to the Company's Certificate of Incorporation which must first be approved by the Board and then submitted to a vote of the stockholders at a subsequent meeting. A vote in favor of the proposal, therefore, would constitute a recommendation that the Board initiate this amendment. The Board does not believe, however, that such an amendment is in the best interests of the Company or its stockholders.

The Company's stockholders voted to approve the classified board in 1986. Although a majority of the votes cast at the 2006 annual meeting were voted in favor of the declassification proposal, the stockholders rejected similar proposals every year from 1989 to 1998. The Board considered the vote result from the 2006 annual meeting along with all the other factors discussed above and concluded that the classified board structure remains in the Company's, and its stockholders', best interest.

The Board recommends that you vote AGAINST Item 5.

Item 6

PAY-FOR-SUPERIOR PERFORMANCE

The Company is informed that the United Brotherhood of Carpenters and Joiners of America, on behalf of the United Brotherhood of Carpenters Pension Fund, of 101 Constitution Avenue, N.W., Washington, DC 20001, intends to introduce at the Annual Meeting the following resolution. The Company has been notified that the United Brotherhood of Carpenters Pension Fund held approximately 2,400 shares of the Company's common stock for at least one year prior to his submission of this proposal and has agreed to hold a minimum required number or dollar amount of such common stock until the Annual Meeting.

Statement of United Brotherhood of Carpenters Pension Fund:

Resolved: That the shareholders of Fortune Brands, Inc. (Company) request that the Board of Director s Executive Compensation Committee establish a

pay-for-superior-performance standard in the Company's executive compensation plan for senior executives (Plan), by incorporating the following principles into the Plan:

1. The annual incentive or bonus component of the Plan should utilize defined financial performance criteria that can be benchmarked against a disclosed peer group of companies, and provide that an annual bonus is awarded only when the Company's performance exceeds its peers' median or mean performance on the selected financial criteria;
2. The long-term compensation component of the Plan should utilize defined financial and/or stock price performance criteria that can be benchmarked against a disclosed peer group of companies. Options, restricted shares, or other equity or non-equity compensation used in the Plan should be structured so that compensation is received only when the Company's performance exceeds its peers' median or mean performance on the selected financial and stock price performance criteria; and
3. Plan disclosure should be sufficient to allow shareholders to determine and monitor the pay and performance correlation established in the Plan.

Supporting Statement: We feel it is imperative that compensation plans for senior executives be designed and implemented to promote long-term corporate value. A critical design feature of a well-conceived executive compensation plan is a close correlation between the level of pay and the level of corporate performance relative to the industry peers. We believe the failure to tie executive compensation to superior corporate performance; that is, performance exceeding peer group performance, has fueled the escalation of executive compensation and detracted from the goal of enhancing long-term corporate value.

We believe that common compensation practices have contributed to excessive executive compensation. Compensation committees typically target senior executive total compensation at the median level of a selected peer group, then they design any annual and long-term incentive plan performance criteria and benchmarks to deliver a significant portion of the total compensation target regardless of the company's performance relative to its peers. High total compensation targets combined with less than rigorous performance benchmarks yield a pattern of superior-pay-for-average-performance. The problem is exacerbated when companies include annual bonus payments among earnings used to calculate supplemental executive retirement plan (SERP) benefit levels, guaranteeing excessive levels of lifetime income through inflated pension payments.

We believe the Company's Plan fails to promote the pay-for-superior-performance principle. Our Proposal offers a straightforward solution: The Compensation Committee should establish and disclose financial and stock price performance criteria and set peer group-related performance benchmarks that permit awards or payouts in its annual and long-term incentive compensation plans only when the Company's performance exceeds the median of its peer group. A senior executive compensation plan based on sound pay-for-superior-performance principles will help moderate executive compensation and create competitive compensation incentives that will focus senior executives on building sustainable long-term corporate value.

Board of Directors Statement Relating to Item 6:

The Board Recommends that you vote AGAINST Item 6.

The Board has thoroughly considered the proposal submitted by the United Brotherhood of Carpenters and Joiners of America. Because the Board believes the adoption of the proposal is not in the best interests of the Company or the Company's stockholders, the Board recommends a **vote against** the proposal.

A strong majority of the votes cast by the stockholders at the 2006 annual meeting, more than 63% (including abstentions), rejected a nearly identical proposal. The Company already practices pay-for-superior performance and all stockholders have benefited from this practice. In 2006, the Company outperformed its current peer group (see page 21 of our Form 10-K). An investment in the Company including dividends returned 11.6% for the year.

Payments under the annual incentive plan are tied to demanding earnings per share goals. Likewise, performance shares awarded under the Company's long-term incentive plan are tied to rigorous average return on invested capital and cumulative diluted earnings per share improvement targets. The Company also utilizes stock options to attract and retain superior management. The value of stock options earned by executives is directly tied to the increase in the value of the Company's shares. In other words, the Company's executives can realize value in stock options only if the value of the common stock rises benefiting all stockholders. The vast majority, 80%, of the Chief Executive Officer's total annual compensation in 2006, as shown on page 24 of the Proxy Statement, was tied to the Company's performance.

As more fully described on page 22 of this Proxy Statement, in 2006 this Board's compensation committee compared the Company's performance to the performance of a survey group of 29 consumer products companies using a range of critical financial and stockholder metrics. The Compensation Committee assessed executive compensation actually paid in light of this comparison in an effort to ensure that the Company's performance (as compared to the survey group) supported the level of compensation provided to executive officers. The Compensation Committee currently intends to continue this peer-group based analysis.

Because the Company's competitors do not have compensation programs like that described in the proposal, adoption of the stockholder proposal would place the Company at a competitive disadvantage, possibly preventing it from attracting and retaining superior management capable of delivering superior performance. The proponent wants the Company to index equity based grants, allowing vesting and/or granting of awards only if the Company outperforms its peers. Indexing equity grants is not common practice for good reason. Indexed equity grants or annual bonuses may allow executives to benefit if the Company's performance exceeds that of its peers, even if the Company's earnings and common stock price decline and stockholders do not benefit. In addition, imposing the specific requirements outlined in the proposal would eliminate the Compensation Committee's flexibility, which is essential in order to create effective incentives that work from year to year. Most importantly, adoption of the proposal is simply not necessary because the Company's compensation program already aligns executive compensation with Company performance.

The Board recommends that you vote AGAINST Item 6.

- (6) To the best of the Company's knowledge, directors and executive officers did not own any shares of \$2.67 Convertible Preferred Stock of Fortune Brands, Inc.

SUBMISSION OF STOCKHOLDER PROPOSALS AND NOMINATIONS

What governs stockholder proposals and nominations?

Our Restated Certificate of Incorporation contains procedures for stockholder nomination of directors. Our By-laws contain procedures for other stockholder proposals to be presented before annual stockholder meetings.

Who can make a nomination?

According to our Restated Certificate of Incorporation, any record owner of stock entitled to be voted generally in the election of directors may nominate one or more persons for election as a director at a stockholders' meeting at least 120 days prior to the Annual Meeting.

How do I go about making a nomination?

If you are a record owner of stock and you wish to make a nomination, you must notify the Secretary, in writing, of your intent to make a nomination. Written notice must be submitted 120 days before the Annual Meeting, that is, by December 31, 2007 for the 2008 Annual Meeting (assuming the 2008 Annual Meeting is held on April 29, 2008), and it must include:

the names and addresses of you and any other stockholder who intends to appear in person or by proxy to make the nomination, and the name and address of the person(s) to be nominated;

a description of all arrangements or understandings between you and each nominee and any other person(s) (naming them) pursuant to which the nomination is to be made;

any other information regarding each of your proposed nominees that would be included in a proxy statement; and

the consent of each nominee to serve if elected.

Who can make a proposal?

According to the By-laws, a proposal or other business to be considered at the Annual Meeting of Stockholders can be made by a person who is a stockholder of record.

How do I go about making a proposal?

If you are a record owner of stock and you wish to make a proposal, you must notify the Secretary, in writing, of your intent. You must give your written notice 120 days before the Annual Meeting, that is, by December 31, 2007 for the 2008 Annual Meeting (assuming the 2008 Annual Meeting is held on April 29, 2008), and it must include:

a brief description of the business to be brought before the meeting, the reasons for conducting the business and any material interest that you or the beneficial owners, if any, on whose behalf you are making the proposal may have in the business;

your name and address, and the names and addresses of the beneficial owners, if any, on whose behalf you are making the proposal, as they appear on our books; and

the class and number of shares of our stock that are owned beneficially and of record by you and the beneficial owners.

The By-laws also provide that stockholders who wish to have a proposal included in the Company's Proxy Statement must comply with the applicable requirements of the Exchange Act, as well as its rules and regulations. Such stockholders also have the benefit of the rights provided by Rule 14a-8 of the Exchange Act. In order to be eligible under Rule 14a-8 for inclusion in the Company's Proxy Statement and accompanying proxy at the next Annual Meeting of Stockholders currently scheduled to be held on April 29, 2008, stockholder proposals must be received by the Company on or before November 14, 2007.

A copy of the Restated Certificate of Incorporation and By-law provisions is available upon written request to Mr. Mark A. Roche, Senior Vice President, General Counsel and Secretary, Fortune Brands, Inc., 520 Lake Cook Road, Deerfield, Illinois 60015. The person presiding at the meeting is authorized to determine if a proposed matter is properly before the meeting or if a nomination is properly made.

MISCELLANEOUS

The distribution of this Proxy Statement with respect to the Company's 2007 Annual Meeting of Stockholders is accompanied by the financial statements and other financial information as required by Securities and Exchange Commission rules. A copy of the Company's Annual Report on Form 10-K as filed with the SEC for its last fiscal year, including any financial statements and financial statement schedules to the Form 10-K, will be made available to stockholders without charge, upon written request to Mr. Mark A. Roche, Senior Vice President, General Counsel and Secretary, Fortune Brands, Inc., 520 Lake Cook Road, Deerfield, Illinois 60015. The Company will furnish any exhibits to Form 10-K to each stockholder requesting them upon payment of a fee of \$.10 per page to cover their cost.

Our Board is soliciting this proxy. The Company will bear the expense of soliciting proxies for this meeting, including mailing costs. In addition to mailing copies of this material to stockholders, we will request that persons who hold stock in their names or custody, or in the names of nominees, for the benefit of others, to forward copies of these materials to the beneficial owners of our stock, and to request the authority to execute the proxies. In order to assure that there is sufficient representation at the meeting, our officers and regular employees may solicit proxies by telephone, facsimile, or in person. In addition, we have retained Georgeson Shareholder Communications Inc., to aid in soliciting proxies for a fee, estimated at \$10,500, plus reasonable out-of-pocket expenses. Our total expenses will depend upon the volume of shares represented by the proxies received *promptly* in response to the Notice of Meeting and Proxy Statement.

Stockholders who do not intend to be present at the meeting are urged to send in their proxies without delay or vote their proxies by telephone or through the Internet. Prompt response is helpful, and your cooperation will be appreciated.

Multiple Stockholders Having the Same Address

If you and other residents at your mailing address own shares of common stock in street name, your broker or bank may have sent you a notice that your household will receive only one Annual Report and Proxy Statement for each company in which you hold stock through that broker or bank. This practice, known as householding, is designed to reduce our printing and postage costs. If you did not respond that you did not want to participate in householding, the broker or bank will assume that you have consented, and will send one copy of our Annual Report and Proxy Statement to your address. You may revoke your consent to householding at any time by sending your name, the name of your brokerage firm, and your account number to ADP, Household Department, 51 Mercedes Way, Edgewood, New York 11717. The revocation of your consent to householding will be effective 30 days following its receipt. In any event, if you did not receive an individual copy of this Proxy Statement or our Annual Report, or if you wish to receive individual copies of our Proxy Statements and Annual Reports for future meetings, we will send a copy to you if you call Alvin Santiago, Manager of Shareholder Services, at (847) 484-4538, or write him at Fortune Brands, Inc., 520 Lake Cook Road, Deerfield, Illinois 60015.

If you and other residents at your mailing address are registered stockholders and you receive more than one copy of the Annual Report and Proxy Statement, but you wish to receive only one copy, you must request, in writing, that the Company eliminate these duplicate mailings. To request the elimination of duplicate copies, please write to The Bank of New York, Shareholder Relations Department, P. O. Box 11258, Church Street Station, New York, New York 10286.

Other Matters

The Company knows of no other matters to be submitted to the stockholders at the meeting. If any other matters properly come before the meeting, people named in the enclosed proxy will vote the shares they represent in accordance with the recommendation of the Board.

FORTUNE BRANDS, INC.

**ANNUAL EXECUTIVE
INCENTIVE COMPENSATION PLAN**

ARTICLE I

GENERAL

SECTION 1.1 *Purpose*. The purpose of this Annual Executive Incentive Compensation Plan (the *Plan*) is to advance the interests of the stockholders of Fortune Brands, Inc. (the *Company*) by providing performance-based incentives to senior executives of the Company.

SECTION 1.2 *Definitions*. As used in the Plan, the following terms shall have the following meanings:

- (a) *Award* means, for each Participant, a specific dollar amount payable as determined by the Committee pursuant to Section 2.2 of the Plan after application of the Committee's discretion pursuant to Section 2.4(b) of the Plan;
- (b) *Board of Directors* means the Board of Directors of the Company;
- (c) *Code* means the Internal Revenue Code of 1986, as amended;
- (d) *Committee* means the Compensation and Stock Option Committee of the Board of Directors;
- (e) *Incentive Pool* means, with respect to each Performance Period, the total amount of dollars available to be paid to all Participants. This amount shall be based on an objective formula established by the Committee in accordance with Section 2.2 of the Plan using one or more of the Performance Measures. It shall be allocated among the Participants in the manner determined by the Committee in accordance with the Plan;
- (f) *Participants* means, with respect to each Performance Period, the group of all persons elected to the office of Vice President of the Company or any office senior thereto except any officer covered by an annual incentive compensation plan of any subsidiary of the Company. A person who during part of such Performance Period has held such office shall participate on a proportional basis reflecting the portion of the Performance Period during which he or she has held such office;

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

- (g) Performance Measures means performance goals and objectives, which shall be based on any of the following performance criteria, either alone or in any combination, as the Committee may determine: cash flow; cash flow from operations; earnings per Common share; earnings per Common share from continuing operations; income before income taxes; income before income taxes, depreciation and amortization; income from continuing operations; net asset turnover; net income; operating income; operating margin; return on equity; return on net assets; return on total assets; return on total capital; sales; economic value added; and total return to stockholders. For any Performance Period, Performance Measures may be determined on an absolute basis or relative to internal goals or relative to levels attained in years prior to such Performance Period or related to other

A-1

companies. For any Performance Period, the Committee shall provide whether and how the Performance Measures shall be adjusted in the event of any or all of the following items: extraordinary, unusual or non-recurring items; effects of changes in applicable laws, regulations or accounting principles; effects of currency fluctuations; effects of financing activities (*e.g.*, effect on earnings per share of issuance of convertible debt securities); realized or unrealized gains and losses on securities; expenses, charges or credits for restructuring initiatives, productivity initiatives or for impaired assets; non-cash items (*e.g.*, amortization, depreciation or reserves); other non-operating items; writedowns of intangible assets, property, plant or equipment, investments in business units and securities resulting from the sale of business units; spending for acquisitions; and effects of any recapitalization, reorganization, merger, acquisition, divestiture, consolidation, spin-off, split-off, combination, liquidation, dissolution, sale of assets, or other similar corporate transaction or event; and

- (h) Performance Period means each consecutive twelve-month period commencing January 1 of each year.

SECTION 1.3 *Administration of the Plan.* The Plan shall be administered by the Committee; *provided, however*, that (i) the number of directors on the Committee shall not be less than two and (ii) each member of the Committee shall be an outside director within the meaning of Code Section 162(m)(4). The Committee may adopt its own rules of procedure, and the action of a majority of the Committee, taken at a meeting, or taken without a meeting by unanimous written consent of the members of the Committee, shall constitute action by the Committee. The Committee shall have the power and authority to administer, construe and interpret the plan, to make rules for carrying it out and to make changes in such rules.

ARTICLE II

AWARDS

SECTION 2.1 *Awards.* The Committee may make Awards to Participants with respect to each Performance Period, subject to the terms and conditions set forth in the Plan.

SECTION 2.2 *Terms of Awards.* Within 90 days after the commencement of each Performance Period (or prior to such later date as permitted by, or such earlier date as required by, Code Section 162(m) and the regulations promulgated thereunder), the Committee shall establish in writing for such Performance Period (i) the objective formula for determining the Incentive Pool for the Performance Period (using one or more of the Performance Measures) and (ii) the allocable percentage of the total Incentive Pool to which each Participant shall be entitled, provided that the total of all such percentages for all Participants for any Performance Period shall not exceed 100 percent. The Committee shall cause each Participant to be notified in writing of his or her selection as a Participant.

SECTION 2.3 *Limitations on Awards.* The maximum amount of an Award to any Participant for any Performance Period shall not exceed \$3.0 million. No part of the amount of any Incentive Pool for any Performance Period which is not awarded in such Performance Period may be carried forward for award in subsequent Performance Periods.

SECTION 2.4 *Determination of Awards.*

(a) The Committee shall, promptly after the date on which all necessary financial or other information for a particular Performance Period becomes available, in the manner required by Code Section 162(m), certify (i) the degree to which each of the Performance Measures has been attained and (ii) with respect to each Participant, the amount of the Participant's Award, if any.

(b) Notwithstanding anything in the Plan to the contrary, the Committee may, in its sole discretion, reduce or eliminate, but may not increase, any Award. In exercising its discretion, the Committee may use such objective or subjective factors as it determines to be appropriate in its sole discretion. The determination by the Committee as to the terms of any of the foregoing adjustments shall be conclusive and binding. No part of any potential Award for any Performance Period which is not actually awarded to a Participant because of any reduction permitted by this Section 2.4(b) or required by Section 2.3 shall be available for award to any other Participant whose actual compensation for such period is subject to Code Section 162(m).

(c) After the end of each Performance Period when the amount of each Participant's Award has been determined, the Committee shall cause each Participant to be provided with written notice of the amount of his or her Award, if any. Awards shall become payable in cash as promptly as practicable after the certifications described in this Section 2.4 have been made by the Committee. The Company intends that the payment will be made within 2 1/2 months of the close of the Performance Period, but in no event later than the subsequent calendar year. In the event that payments are not made within 2 1/2 months of the close of the Performance Period, it is the Company's intent that this Plan be construed in a manner consistent with Code Section 409A.

SECTION 2.5 *Deferral of Payment of Awards.* Notwithstanding Section 2.4(c), but subject to the requirements of Code Section 409A, the Committee may, in its sole discretion, upon the request of a Participant, determine that the payment of an Award (or a portion thereof) to the Participant shall be deferred and when such deferred Award shall be paid and over what period of time. The Committee shall have discretion to provide for the payment of an amount equivalent to interest, at such rate or rates fixed by the Committee or based on one or more predetermined investments selected by the Committee, on any such deferred Award.

ARTICLE III

MISCELLANEOUS

SECTION 3.1 *Restriction on Transfer.* The rights of a Participant with respect to amounts payable under the Plan shall not be transferable by such Participant, otherwise than by will or the laws of descent and distribution.

SECTION 3.2 *Tax Withholding.* The Company shall have the right to deduct from all payments made under the Plan to a Participant or to a Participant's beneficiary or beneficiaries any Federal, state or local taxes required by law to be withheld with respect to such payments.

SECTION 3.3 *Source of Payments.* The Company shall not have any obligation to establish any separate fund or trust or other segregation of assets to provide for

A-3

payments under the Plan. To the extent any person acquires any rights to receive payments hereunder from the Company, such rights shall be no greater than those of an unsecured creditor.

SECTION 3.4 *Employment Rights and Other Benefit Programs.* The provisions of the Plan shall not give any Participant any right to be retained in the employment of the Company. In the absence of any specific agreement to the contrary, the Plan shall not affect any right of the Company, or of any affiliate of the Company, to terminate, with or without cause, any Participant's employment at any time. The Plan shall not replace any contract of employment between the Company and any Participant, but shall be considered a supplement thereto. The Plan is in addition to, and not in lieu of, any other employee benefit plan or program in which any Participant may be or become eligible to participate by reason of employment with the Company.

SECTION 3.5 *Amendment and Termination.* The Board of Directors may at any time and from time to time alter, amend, suspend or terminate the Plan in whole or in part. No termination or amendment of the Plan may, without the consent of the Participant to whom an Award has been determined for a completed Performance Period but not yet paid, adversely affect the rights of such Participant in such Award, nor shall any amendment increase the amount payable to a Participant for Performance Period if such amendment is made after the final day of the period for establishing the objective formula for determining the Incentive Pool for the Performance Period set forth in Section 2.2 of the Plan.

SECTION 3.6 *Governing Law.* The Plan and all rights and Awards hereunder shall be construed in accordance with and governed by the laws of the State of Delaware. The jurisdiction and venue for any disputes arising under, or any action brought to enforce (or otherwise relating to), this Plan shall be exclusively in the courts in the State of Illinois, County of Cook, including the Federal Courts located therein (should Federal jurisdiction exist).

SECTION 3.7 *Severability.* If any provision of the Plan is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the purpose or intent of the Plan, such provision shall be stricken as to such jurisdiction, and the remainder of the Plan shall remain in full force and effect.

SECTION 3.8 *Effective Date.* The Plan shall be effective as of January 1, 2007, subject to the approval thereof by the stockholders of the Company at the 2007 annual meeting of stockholders. Such approval shall meet the requirements of Code Section 162(m) and the regulations thereunder. If such approval is not obtained, then the Plan shall not be effective and any formula for determining the Incentive Pool for any Performance Period, any percentage thereof to which any person otherwise may be entitled and any notice given pursuant to Section 2.2 of the Plan shall be void *ab initio*.

FORTUNE BRANDS, INC.
2007 LONG-TERM INCENTIVE PLAN

1. Purpose of Plan

The purpose of this 2007 Long-Term Incentive Plan (the **Plan**) is to aid Fortune Brands, Inc. and its Subsidiaries in securing and retaining Employees of outstanding ability by making it possible to offer them increased incentives, which may include a proprietary interest in Fortune, to join or continue in the employment of Fortune and to increase their efforts for its welfare.

2. Definitions

As used in the Plan, the following words shall have the following meanings:

- (a) **Award** means an award or grant made to a Participant pursuant to the Plan, including, without limitation, an award or grant of an Option, Right, Restricted Stock, Performance Award or Other Stock-Based Award, or any combination of the foregoing.
- (b) **Award Date** means, with respect to any Award, the date of the grant or award specified by the Committee in a resolution or other writing, duly adopted, and as set forth in the Award; provided that such Award Date shall not be earlier than the date of the Committee action.
- (c) **Board of Directors** means the Board of Directors of Fortune.
- (d) **Code** means the Internal Revenue Code of 1986, as amended. A reference to any provision of the Code shall include reference to any successor provision of the Code.
- (e) **Committee** means the Compensation and Stock Option Committee of the Board of Directors.
- (f) **Common Stock** means common stock of Fortune.
- (g) **Disability** means the Participant becoming unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than twelve months, within the meaning of Code Section 422(c)(6).
- (h) **Employee** means any common law employee of Fortune or a Subsidiary.

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

- (i) Exchange Act means the Securities Exchange Act of 1934, as amended.

- (j) Fair Market Value shall mean (i) the sales price of Fortune's Common Stock on the New York Stock Exchange as determined by the Committee; or (ii) if Fortune's shares of Common Stock are not traded on a national securities exchange or through any other nationally recognized quotation service, the fair market value of Fortune's Common Stock as determined by the Board of Directors or the Committee, acting in good faith, under any method consistent with the Code, or Treasury Regulations thereunder, as the Board of Directors or the Committee shall in its discretion select and apply at the time of the Award Date, time of exercise, or other determination event.

- (k) Fortune means Fortune Brands, Inc.

B-1

- (l) Incentive Stock Option means an option to purchase shares of Common Stock that is intended to qualify as an incentive stock option as defined in Code Section 422.
- (m) Just Cause shall have the meaning set forth in any employment or other written agreement between the Participant and Fortune or a Subsidiary. If there is no employment or other written agreement between Fortune or a Subsidiary and the Participant or if such agreement does not define Just Cause, then Just Cause shall have the meaning specified in the Award; provided, that if the Award does not so specify, Just Cause shall mean the Participant's (i) willful and continued failure substantially to perform his or her material duties with Fortune or a Subsidiary (other than due to Disability), or the commission of any activities constituting a violation or breach under any federal, state or local law or regulation applicable to the activities of Fortune or a Subsidiary, in each case, after notice thereof from the Board of Directors to the Participant and (where possible) a reasonable opportunity for the Participant to cease and fully cure such failure, breach or violation in all respects, (ii) fraud, breach of fiduciary duty, dishonesty, misappropriation or other actions that cause significant damage to the property or business of Fortune or a Subsidiary, (iii) repeated absences from work such that the Participant is unable to perform his or her employment or other duties in all material respects, other than due to Disability, (iv) admission or conviction of, or plea of *nolo contendere* to, any felony that, in the reasonable judgment of the Board of Directors, adversely affects Fortune's or a Subsidiary's reputation or the Participant's ability to carry out the obligations of his or her employment, (v) loss of any license or registration that is necessary for the Participant to perform his or her duties for Fortune or a Subsidiary, (vi) failure to cooperate with Fortune or a Subsidiary in any internal investigation or administrative, regulatory or judicial proceeding, after notice thereof from the Board of Directors to the Participant and a reasonable opportunity for the Participant to cure such non-cooperation or, (vii) act or omission by in violation or disregard of the policies of Fortune or a Subsidiary, including but not limited to the harassment and discrimination policies and Standards of Conduct of Fortune or a Subsidiary then in effect, in such a manner as to cause significant loss, damage or injury to the property, reputation or employees of Fortune or a Subsidiary. In addition, a Participant's employment shall be deemed to have terminated for Just Cause if, after the Participant's employment has terminated, facts and circumstances are discovered that would have justified a termination for Just Cause. For purposes of this Plan, no act or failure to act on the Participant's part shall be considered willful unless it is done, or omitted to be done, by him or her in bad faith or without reasonable belief that his or her action or omission was in the best interests of Fortune or a Subsidiary. Any act or failure to act based upon authority given pursuant to a resolution duly adopted by the Board of Directors or based upon the advice of counsel for Fortune or a Subsidiary shall be conclusively presumed to be done, or omitted to be done, in good faith and in the best interests of Fortune or a Subsidiary. For purposes of the Plan, the existence of Just Cause shall be determined (x) with respect to officers of Fortune and chief executive officers of Fortune Subsidiaries, by the Committee in its sole discretion, and (y) with respect to other Employees, by the Salary Committee in its sole discretion.

- (n) **Limited Right** means a right to receive cash in lieu of the exercise of an Option or Right as set forth in Section 12(b).
- (o) **Nonqualified Stock Option** means an option to purchase shares of Common Stock that is intended not to qualify as an incentive stock option as defined in Code Section 422.
- (p) **Option** means an Incentive Stock Option, a Nonqualified Stock Option or an option granted pursuant to Section 14(a).
- (q) **Other Stock-Based Award** means an Award pursuant to Section 8.
- (r) **Participant** means a person to whom one or more Awards have been granted that have not all been forfeited or terminated under the Plan.
- (s) **Performance Award** means an Award granted pursuant to Section 7.
- (t) **Performance Period** means the period specified with respect to a Performance Award during which specified performance criteria are to be measured.
- (u) **Performance Goals** shall mean performance goals established by the Committee prior to the grant of an Award based on the attainment of one or any combination of the following, in each case of Fortune, a Subsidiary or business unit by or within which the Participant is primarily employed, and that are intended to qualify under Code Section 162(m): (i) net earnings; (ii) operating earnings or income; (iii) earnings growth; (iv) net income; (v) net income applicable to shares; (vi) gross revenue or revenue by pre-defined business segment; (vii) ratio of operating expenses to operating revenues; (viii) margins realized on delivered services; (ix) cash flow, including operating cash flow, free cash flow, discounted cash flow return on investment, and cash flow in excess of cost of capital; (x) earnings per share; (xi) return on stockholders' equity; (xii) stock price; (xiii) return on common stockholders' equity; (xiv) return on capital; (xv) return on assets; (xvi) economic value added (income in excess of cost of capital); (xvii) customer satisfaction; (xviii) cost control or expense reduction, (xix) operating company contribution; (xx) income before income taxes, and (xxi) total return to stockholders, in each case, absolute or relative to peer-group comparative.
- Such Performance Goals also may be based upon Fortune or a Subsidiary attaining specified levels of performance under one or more of the measures described above relative to the performance of other corporations. The Committee shall set such Performance Goals within the time prescribed by Code Section 162(m). If the Committee determines it is advisable to grant Awards that will not qualify for the performance-based exception, the Committee may grant Awards that do not so qualify.
- (v) **Prior Plan** means the Fortune Brands, Inc. 2003 Long-Term Incentive Plan, as amended.
- (w) **Restricted Stock** means shares of Common Stock granted pursuant to Section 6 or as part of a Performance Award or Other Stock-Based Award.
- (x) **Retirement** means either (i) termination of employment on or after attaining age 55 and completion of at least five years of service with Fortune or a Subsidiary, provided that Retirement shall not include termination of employment for Just Cause or by reason of failure to

maintain work performance standards, violation of Company policies or dishonesty or other misconduct prejudicial to Fortune or a Subsidiary, or (ii) retirement under Section 3(b) of the Fortune Brands, Inc. Supplemental Plan.

- (y) Right means a stock appreciation right to elect to receive shares of Common Stock with a Fair Market Value (determined at the time of any exercise of such stock appreciation right) equal to the amount by which the Fair Market Value of the shares of Common Stock with respect of which such stock appreciation right was granted exceeds the Exercise Price of said Shares (or part thereof) that were exercised or to receive from Fortune, in lieu of such shares of Common Stock, the Fair Market Value in cash, or to receive a combination of such shares and cash, as provided in Section 5, and shall also mean a stock appreciation right granted pursuant to Section 14(b).
- (z) Subsidiary means any corporation or entity, other than Fortune, in an unbroken chain of corporations or other entities beginning with Fortune if each of the corporations, or other entities other than the last corporation or entity in the unbroken chain owns 50% or more of the voting stock in one of the other corporations in such chain, except that with respect to Incentive Stock Options, Subsidiary means subsidiary corporation as defined in Code Section 424(f).

3. Administration of Plan

The Plan shall be administered by the Committee whose members shall be appointed by the Board of Directors and consist of at least three members of the Board of Directors. The members of the Committee shall qualify to administer the Plan for purposes of Rule 16b-3 (and any other applicable rule) promulgated under Section 16(b) of the Exchange Act, must be outside directors within the meaning of Code Section 162(m), and must be independent directors under the New York Stock Exchange rules. The Committee may adopt its own rules of procedure, and the action of a majority of the Committee, taken at a meeting, or taken without a meeting by unanimous written consent of the members of the Committee, shall constitute action by the Committee. The Committee shall have the power and authority to administer, construe and interpret the Plan, to make rules for carrying it out and to make changes in such rules.

4. Awards

The Committee may from time to time make Awards under the Plan to such Employees and in such form and having such terms, conditions and limitations as the Committee may determine. The Committee may delegate to an officer of Fortune the right to designate Employees of Fortune or a Subsidiary (other than the delegate, officers of Fortune at the level of vice president or above, chief executive officers of Fortune's principal operating companies, or any other executive officers (as defined under the Exchange Act)) to be granted Options and Rights and the number of shares of Common Stock subject to Options and Rights granted to each such Employee, provided that the aggregate number of the Options and Rights to be awarded and their terms and conditions shall be determined by the Committee. Awards may be granted singly, in combination or in tandem. The terms, conditions and limitations of each Award under the Plan shall be set forth in the Award, in a form approved by the Committee, consistent, however, with the terms of the Plan.

5. Awards of Options and Rights

- (a) The terms and conditions with respect to each Award of Options under the Plan shall be consistent with the following:
- (i) The Option or price per share (Exercise Price) shall not be less than Fair Market Value at the time the Option is granted. The Exercise Price of any Rights granted shall not be less than Fair Market Value at the time the Rights are granted.
 - (ii) Exercise of the Option or Right shall be conditioned upon the Participant named therein having remained in the employ of Fortune or a Subsidiary for at least one year after the Award Date of the Option or Right; provided, however, that this condition shall not be applicable in the event of the death of the Participant or as otherwise provided in Section 12(b).
The Option or Right shall be exercisable in whole or in part from time to time during the period beginning at the completion of the required employment time or satisfaction of the required Performance Goal stated in the Option or Right and ending at the expiration of ten years from the Award Date of the Option or Right, unless an earlier expiration date shall be stated in the Option or Right, the Option ceases to be exercisable pursuant to Section 5(a)(iv), or because of the exercise of the Limited Right pertaining thereto as provided in Section 12(b). Notwithstanding the preceding sentence, if, on the date an Option or Right would expire (including an expiration pursuant to Section 5(a)(iv)), the exercise of the Option or Right would violate applicable securities laws, the expiration date applicable to the Option or Right shall be extended to a date that is thirty (30) calendar days after the date the exercise of the Option or Right would no longer violate applicable securities laws. To the extent that the aggregate Fair Market Value of shares of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year exceeds \$100,000, such Options shall be treated as Nonqualified Stock Options. The foregoing shall be applied by taking Options into account in the order in which they were granted. For purposes of the foregoing, the Fair Market Value of any share shall be determined at the Award Date of the Option. In the event the foregoing results in a portion of an Incentive Stock Option exceeding the \$100,000 limitation, only such excess shall be treated as a Nonqualified Stock Option.
 - (iii) Participants shall pay the Exercise Price in one, or a combination of, the payment forms made available by the Committee from time to time.
 - (iv) If a Participant's employment with Fortune or a Subsidiary terminates other than by reason of the Participant's death, Disability or Retirement, the Participant's Option or Right shall terminate and cease to be exercisable three months from the date of such termination except as otherwise provided in Section 12(b). If a

of termination of employment or until the expiration date stated in the Option, whichever is earlier, provided that an Option or Right may be exercised within one year from the date of death even if later than such expiration date (but in no event later than ten years from the Award Date). In the case of a Participant whose principal employer is an entity in which Fortune owns, directly, or indirectly, an equity interest, then such Participant's employment shall be deemed to be terminated for purposes of this Section 5 as of the date on which Fortune no longer owns, directly or indirectly, an equity interest in such entity.

- (v) Each Option shall contain a Limited Right to receive cash in lieu of shares of Common Stock under the circumstances set forth in Section 12(b).

 - (vi) Repricing of Options or Rights shall not be permitted without stockholder approval. For this purpose, a repricing means any of the following (or any other action that has the same effect as any of the following): (A) changing the terms of an Option or Right to lower its Exercise Price; (B) any other action that is treated as a repricing under generally accepted accounting principles; and (C) repurchasing for cash or canceling an Option or Right at a time when its Exercise Price is greater than the Fair Market Value of the underlying stock in exchange for another Award, unless the cancellation and exchange occurs in connection with an event set forth in Section 12. Such cancellation and exchange would be considered a repricing regardless of whether it is treated as a repricing under generally accepted accounting principles and regardless of whether it is voluntary on the part of the Participant.
- (b) The Committee, or its delegate authorized pursuant to Section 4, at the time of grant of an Option or at any time prior to the expiration of its term, may also grant, subject to the terms and conditions of the Plan, Rights in respect of all or part of such Option to the Participant who has been granted the Option, provided that at such time the Participant is an Employee. The Committee, or its delegate authorized pursuant to Section 4, also may grant Rights on a stand-alone basis.
