The Company assists its Directors and Executive Officers in completing and filing those reports. The Company believes that all filing requirements applicable to its Directors and Executive Officers were complied with during the last completed fiscal year, except that one Form 4, disclosing an award of 30,600 restricted shares resulting from the settlement of a performance share award, was filed one day late by the Company on behalf of Kerri B. to serve for a term of three years and until his or her successor is elected and qualified, or until his or her earlier death, resignation or removal. While it is contemplated that all nominees will stand for election, in the event any person nominated fails to stand for election, the Proxies will be voted for such other person or persons as may be designated by the Directors. Management has no reason to believe that any of the above-mentioned persons will not stand for election or serve as a Director.

Under Ohio law and the Company's Regulations, the nominees receiving the greatest number of votes will be elected as Directors. Shares as to which the authority to vote is withheld and broker non-votes are not counted toward the election of Directors or toward the election of the individual nominees specified on the Proxy. However, as further described below, under the Board's Governance Guidelines, any nominee for Director who receives a greater number of votes withheld from his or her election than votes for his or her election will promptly tender his or her resignation from the Board.

OTHER DIRECTOR INFORMATION, COMMITTEES OF DIRECTORS AND

CORPORATE GOVERNANCE INFORMATION

The Board of Directors originally adopted Principles of Governance and Governance Guidelines in February, 2001. The Board last amended its Governance Guidelines in February, 2007. The Governance Guidelines address Board structure, membership (including nominee qualifications), performance, operations and management oversight. Pursuant to the Principles of Governance and Governance Guidelines, the Board of Directors meets quarterly in executive session (without management present). James V. Pickett, Chairman of the Board, presides at executive sessions of the independent Directors.

The Governance Guidelines provide that the Board's goal is that a substantial majority of the Directors should be independent Directors. A Director will be designated as independent if he or she (i) has no material relationship with the Company or its subsidiaries; (ii) satisfies the other criteria specified by New York Stock Exchange listing standards; (iii) has no business conflict with the Company or its subsidiaries; and (iv) otherwise meets applicable independence criteria specified by law, regulation, exchange requirement or the Board of Directors. The Board of Directors has affirmatively determined that the following Directors are independent under that definition:

Ann B. Crane
Janet Hill
Thomas F. Keller
William E. Kirwan
David P. Lauer
Jerry W. Levin

J. Randolph Lewis
James F. Millar
Stuart I. Oran
James V. Pickett
Peter H. Rothschild
John R. Thompson

In making its determination that the foregoing Directors are independent, the Board considered all relevant facts and circumstances, not merely from the standpoint of the Director, but also from that of persons or organizations with which the Director has an affiliation. In evaluating each Director's independence, the Board considers relationships that may include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others. During its evaluation, the Board considered Mr. Lauer's continuing directorship with Huntington Bancshares and the possibility that its subsidiary, The Huntington Bank, could from time to time be involved in financial transactions with the Company.

The Board recently amended the Governance Guidelines to provide that in an uncontested election of Directors (i.e., an election where the only nominees are those recommended by the Board), any nominee for Director who receives a greater number of votes withheld from his or her

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

election than votes for his or her election will promptly tender his or her resignation to the Chairman of the Board following certification of the shareholder vote. The Nominating and Corporate Governance Committee will promptly consider the tendered resignation and will recommend to the Board whether to accept or reject the tendered resignation no later than 90 days following the date of the shareholders meeting at which the election

occurred. In considering whether to accept or reject the tendered resignation, the Nominating and Corporate Governance Committee will consider factors deemed relevant by the Committee members including, the Director's length of service, the Director's particular qualifications and contributions to the Company, the reasons underlying the majority withheld vote (if known) and whether these reasons can be cured, and compliance with stock exchange listing standards and the Governance Guidelines. The Board will act on the Nominating and Corporate Governance Committee's recommendation no later than 100 days following the shareholders' meeting date.

The Governance Guidelines further provide that the Directors are invited and expected to attend the Annual Meeting of Shareholders. All of the Directors attended the Annual Meeting of Shareholders in 2006.

The Corporate Governance section of the Company's corporate and investor website (www.wendys-invest.com) contains the Principles of Governance and Governance Guidelines. The Company's corporate and investor website also contains a description of its strategic plan, including the elements of the plan and the role of the Directors in the development, formulation and oversight for future performance and refinement of the plan.

A total of 16 meetings of the Board of Directors of the Company were held during 2006. No Director attended less than 75% of the aggregate of (i) the total number of meetings of the Board of Directors, and (ii) the total number of meetings held by all committees of the Board of Directors on which that Director served during the period each served as a Director.

Information on compensation for Directors who are not employees of the Company is set forth on pages 40 to 42 herein.

The Company entered into an agreement, dated as of March 2, 2006 (the "Trian Agreement"), with the Trian/Sandell Filing Persons. Pursuant to the Trian Agreement, the Company agreed to increase the size of its Board of Directors and appoint as Directors to fill the three newly created vacancies Peter H. Rothschild, Stuart I. Oran and Jerry W. Levin, with terms expiring in 2006, 2007 and 2008, respectively (Mr. Rothschild was subsequently elected to a three-year term expiring in 2009). The Company also agreed that at its 2007 Annual Meeting, the Board would nominate Mr. Oran for re-election as a Director of the Company, with a term expiring in 2010. The Trian/Sandell Filing Persons have in turn agreed to certain commitments and standstill provisions through June 30, 2007 (subject to early termination in, among other circumstances, the event the Company does not abide by specified commitments in the Trian Agreement). The full text of the Trian Agreement is attached as Exhibit 10(v) to the Company's Form 10-K filed with the SEC on March 6, 2006.

In accordance with New York Stock Exchange requirements, the Board of Directors has a Nominating and Corporate Governance Committee, a Compensation Committee and an Audit Committee, all of which have written charters and are comprised solely of independent Directors as discussed above. The Principles of Governance, Governance Guidelines, the *Standards of Business Practices*, a Code of Business Conduct (applicable to directors) and written charters for the Nominating and Corporate Governance, Compensation and Audit Committees are available on the Company's investor website at www.wendys-invest.com and a copy of the foregoing will be made available (without charge) to any shareholder upon request.

The Company has adopted a code of ethics that applies to all of its officers and employees, including its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. This code of ethics, designated as the *Standards of Business Practices* by the Company, can be found on the Company's corporate and investor website at www.wendys-invest.com. The Company intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding any amendment to, or waiver from, any applicable provision (related to elements listed under Item 406(b) of Regulation S-K) of the *Standards of Business Practices* that applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar

functions by posting such information on the Company's corporate and investor website.

Nominating and Corporate Governance Committee

Each member of the Nominating and Corporate Governance Committee is independent as discussed above. In February, 2006 the Committee recommended, and the Board of Directors approved, a revised Nominating and Corporate Governance Committee Charter, which can be found on the Company's corporate and investor website.

The members of the Nominating and Corporate Governance Committee are Messrs. Pickett (Chair), Kirwan, Lauer, Levin and Millar. The Committee met four times during 2006. The Nominating and Corporate Governance Committee's functions include assisting the Board in determining the desired qualifications of Directors, identifying potential individuals meeting those qualification criteria, proposing to the Board a slate of nominees for election by the shareholders and reviewing candidates nominated by shareholders. In addition, the Committee also reviews the Principles of Governance and Governance Guidelines, makes recommendations to the Board with respect to other corporate governance principles applicable to the Company, oversees the annual evaluation of the Board and management, and reviews Board and management succession plans.

The Nominating and Corporate Governance Committee meets regularly to discuss, among other things, identification and evaluation of potential candidates for nomination as a Director. Potential candidates are identified with the assistance of an outside search firm and evaluated according to the qualification criteria as set forth in the Board's Governance Guidelines:

- High personal and professional ethics, integrity, practical wisdom and mature judgment;
- Board training and experience in business, government, education or technology;
- Expertise that is useful to the Company and complementary to the background and experience of other Board members;
- Willingness to devote the required amount of time to carrying out the duties and responsibilities of Board membership;
- Commitment to serve on the Board over a period of several years to develop knowledge about the Company and its operations;
- Willingness to represent the best interests of all shareholders and objectively appraise management's performance; and
- Board diversity, and other relevant factors as the Board may determine.

The Nominating and Corporate Governance Committee will consider nominees recommended by shareholders for the 2008 Annual Meeting of Shareholders, provided that the names of such nominees are submitted in writing, not later than November 13, 2007, to James V. Pickett, P.O. Box 256, Dublin, Ohio 43017-0256. Each such submission must include a statement of the qualifications of the nominee, a consent signed by the nominee evidencing a willingness to serve as a Director, if elected, and a commitment by the nominee to meet personally with the Nominating and Corporate Governance Committee members.

Other than the submission requirements set forth above, there are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates a nominee for Director recommended by a shareholder.

Compensation Committee

Each member of the Compensation Committee is independent as discussed above. In February, 2007 the Committee recommended, and the Board of Directors approved, a revised Compensation Committee Charter, which can be found on the Corporate Governance section of the Company's corporate and investor website.

The members of the Compensation Committee are Messrs. Millar (Chair), Kirwan, Levin and Lewis, and Mses. Crane and Hill. The Compensation Committee met nine times during 2006. The Compensation

Table of Contents

Committee's functions include examining the levels and methods of compensation employed by the Company with respect to the Chief Executive Officer and non-CEO officers, reviewing and approving the compensation package of the Chief Executive Officer, making recommendations to the Board with respect to non-CEO officer compensation, reviewing and discussing with the Company's management the compensation discussion and analysis included in the proxy statement, making recommendations to the Board with respect to incentive compensation plans and equity-based plans, making administrative and compensation decisions under equity compensation plans approved by the Board, and adopting and administering one or more cash bonus plans, subject to shareholder approval, which will qualify compensation paid thereunder as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and implementing and administering such plans.

Compensation Committee Interlocks and Insider Participation

In 2006, Kerri B. Anderson, the Company's Chief Executive Officer and President, served as a Director of Tim Hortons Inc., which was a subsidiary of the Company until it was spun-off on September 29, 2006. She also served on the Compensation Committee of the Board of Directors of Tim Hortons Inc. As contemplated by the Boards of the Company and Tim Hortons in separating the two companies, Mrs. Anderson resigned from the Board and Compensation Committee of Tim Hortons Inc. on February 1, 2007. Paul D. House is (and was during 2006) Chief Executive Officer and President of Tim Hortons Inc. In 2006, Mr. House was a Director of the Company. Also as contemplated, Mr. House resigned as a Director of the Company's Board on February 1, 2007.

Audit Committee

Each member of the Audit Committee is independent as discussed above. In January, 2004, the Committee recommended, and the Board of Directors approved, a revised Audit Committee Charter, which is attached as Annex A to this Proxy Statement.

The members of the Audit Committee are Messrs. Keller (Chair), Lauer, Pickett and Thompson. The Committee met 11 times during 2006. The Audit Committee's functions include providing assistance to the Board of Directors in fulfilling its oversight responsibility relating to the Company's financial statements and the financial reporting process, compliance with legal and regulatory requirements, the qualifications and independence of the Company's independent registered public accounting firm, the Company's system of internal controls, the internal audit function, the Company's code of ethical conduct, retaining and, if appropriate, terminating the independent registered public accounting firm, and approving audit and non-audit services to be performed by the independent registered public accounting firm.

The Board of Directors has determined that all current Audit Committee members are financially literate and that each of Thomas F. Keller, David P. Lauer and James V. Pickett is an audit committee financial expert as such term is defined by the SEC under Item 407(d) of Regulation S-K. The Board of Directors has affirmatively determined that each current member of the Audit Committee is independent in accordance with the listing standards of the New York Stock Exchange.

Mr. Lauer currently serves on the audit committees of more than three public companies. The Board of Directors has determined that such service does not impair Mr. Lauer's ability to effectively serve on the Company's Audit Committee.

The Audit Committee has adopted a policy under which audit and non-audit services to be rendered by the Company's independent registered public accounting firm are pre-approved. The Committee's Pre-Approval Policy can be found on the Company's corporate and investor website.

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

No services were provided by the independent registered public accounting firm in 2006 that were approved by the Committee under SEC Regulation S-X Section 2-01(c)(7)(i)(C) (which addresses certain services considered de minimus approved by the Committee after such services have been performed).

COMPENSATION DISCUSSION AND ANALYSIS

What are the objectives of the Company's compensation program?

The primary focus of our executive compensation programs is to improve Company performance year-over-year and over a longer-term period. The compensation programs were designed to provide the tools necessary to hire executives with the skills needed to manage the Company to meet these goals and to retain them over the long-term. To this end, for those executives named in the Summary Compensation Table (see page 28), the annual and long-term incentive plans were designed to provide a significant financial link between Company results (income growth and total return) to shareholders and total compensation earned.

In developing the programs, a key consideration was to have plans that were easy to understand and administer while being competitive with the programs offered by other restaurant companies and other large organizations with which the Company competes for executive talent.

Over the past several years, management and the Compensation Committee (the Committee) have worked to refine the compensation programs used to ensure that they support these goals and our ongoing business goals, and during 2006, completed a thorough evaluation of the programs, with the intention of making program changes for 2007 and beyond. These changes are described later in this report, in the section titled Planned 2007 Compensation Program.

What is the compensation program designed to reward?

Historically, our philosophy has been to reward team performance, measured by overall Company results and results for each brand. The annual incentive plans for 2006, which included the Senior Executive Annual Performance Plan for Mr. Schuessler, our retired CEO, and for Mrs. Anderson, our CEO and former CFO, and the Executive Annual Performance Plan for other Executive Officers, rewarded growth in net income and earnings before interest and taxes (EBIT) for each brand.

The long-term incentive plan also rewards team performance over a multi-year period focusing on relative total shareholder return, earnings per share and net income performance against plan, through grants of performance shares, restricted stock and restricted stock units.

How does the Committee operate?

The Committee's functions and members are described on pages 13 and 14 of this Proxy Statement. The Committee's Charter is posted on the Company's corporate and investor relations website (www.wendys-invest.com). The Committee meets as necessary, but at least four times each year, to enable it to fulfill its responsibilities. The Chairperson of the Committee is responsible for leadership of the Committee, presiding over Committee meetings, making Committee assignments and reporting the Committee's actions to the Board from time to time (but at least once each year) as requested by the Board. The Chairperson, with the assistance of management, also sets the agenda for Committee meetings.

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

Among other things, the Committee may conduct or authorize studies of matters within the Committee's scope of responsibilities, and may retain, at the expense of the Company, independent counsel or other consultants necessary to assist the Committee in any such studies, if authorized by the Board. The Committee has retained Towers Perrin, a nationally-recognized human resources and executive compensation consulting firm, to assist the Committee in determining and recommending executive and Director compensation.

What are the elements of compensation?

The elements of the Company's compensation program are:

- Base salary
- Annual incentives

Table of Contents

- Long-term incentives, which, for 2006, were provided through the use of performance shares and restricted stock units
- Retirement and other benefits

Each of these elements of pay is described below.

Base Salaries

Base salaries are intended to reward Executive Officers and other employees based upon their roles within the Company and for their performance in those roles. Base salaries are established when an Executive Officer is hired, based on market benchmarks for the position, and adjusted based on the Executive Officer's skills, capabilities, accomplishments and experience in similar roles.

Base salaries are benchmarked using competitive data. For the CEO and CFO, the Committee used peer restaurant companies as described below and a broader group of restaurant companies from the Chain Restaurant Compensation Association (CRCA) Survey. For other Executive Officer positions, base salary benchmarks are developed using data from Towers Perrin's Executive Compensation Database consisting of more than 300 companies representing a broad spectrum of industries and, for operations positions, data from the CRCA Survey. Base salaries are targeted at the 50th percentile of the benchmark competitive data. All pay benchmarks are established using regression analysis to size the data to reflect the Company's size and scope.

The peer companies include other large, quick-service or casual restaurant companies. The companies in the peer group used to evaluate pay for the CEO and CFO positions in 2006 were as follows:

- Applebee's International, Inc.
- Bob Evans Farms, Inc.
- Brinker International, Inc.
- CBRL Group, Inc.
- CKE Restaurants, Inc.
- Darden Restaurants, Inc.
- Denny's Corporation

- Domino's Pizza, Inc.
- Jack in the Box Inc.
- McDonald's Corporation
- Ruby Tuesday, Inc.
- Sonic Corp.
- Starbucks Corporation
- YUM! Brands, Inc.

Base salary adjustments are generally considered on an annual basis, and take into account the Executive Officer's individual performance, pay relative to the 50th percentile, changes in responsibilities, and future potential. The Committee considers and makes recommendations to the Board on salary changes for the CEO and other Executive Officers after discussing performance and responsibilities of each Executive Officer with the CEO. Changes in salaries for the CEO and other Executive Officers are approved by the Board (the CEO does not participate in the Board's deliberations on salaries for Executive Officers).

Annual Incentives

Annual incentives are used to focus Executive Officers and other Officers on the Company's annual performance plan, and to reward them for achieving pre-established performance goals. This plan, along with the long-term incentive plan, puts a significant portion of each Executive Officer's pay at risk, so that these incentives are only earned when key performance goals are attained.

Table of Contents

Annual incentive opportunities were targeted at the 75th percentile of competitive practice for 2006. The amount paid for performance in 2006 was based upon actual performance relative to Enterprise net income goals (subject to pre-established disregarded items as described in the next paragraph) for the named Executive Officers listed in the Summary Compensation Table. Executive Officers with performance ratings that fell in the bottom two of five rating categories were ineligible for any incentive award for 2006.

In 2006 there were four key performance levels: threshold, budget, target, and maximum, with interpolation for performance between these levels. The threshold performance goals required improvement over prior year and would have resulted in payment of 50% of the target award if this level of performance was attained. The budget performance level was established based on the Company's annual plan, with 70% of the target bonus opportunity payable for performance at this level. The Enterprise net income requirement for payout of the full target bonus opportunity for 2006 was \$260,538,440, which represented a 9.6% increase over prior year performance. For the purposes of the annual incentive plans, Enterprise net income was determined disregarding the impact of (i) costs incurred in connection with the initial public offering and spin-off of Tim Hortons Inc., including costs related to additional employees hired by Tim Hortons Inc. or its subsidiaries as a result of its becoming a separate reporting company, (ii) interest costs or other expense incurred by Tim Hortons Inc. related to revolving credit and other debt financing arrangements entered into by Tim Hortons Inc. in 2006, (iii) the sale of equity of Tim Hortons Inc. in the initial public offering (which decreased the Company's reported earnings attributable to earnings of Tims Hortons Inc.), (iv) the Tim Hortons Inc. initial public offering and spin-off on the Company's 2006 income tax expense, (v) costs (including charges) incurred in connection with the sale or other disposition of one or more other business units of the Company, (vi) severance costs or other charges incurred in connection with the Company's initiative to reduce its overhead as part of an organizational restructuring of the Company, and related costs of outside consultants and advisors, or (vii) new accounting standards or interpretations issued in 2006. In addition, the actual performance was adjusted to add the budgeted consolidated earnings of Tim Hortons Inc. and any other business unit sold or otherwise disposed of to the earnings results of the Company for the periods in 2006 for which the earnings results of Tim Hortons Inc. and other business units sold or otherwise disposed of were not included in the consolidated earnings results of the Company.

The maximum performance level for 2006 required more than 26% growth in Enterprise net income, exclusive of the disregarded items listed above, and would have resulted in a payout of 150% of target, if achieved.

Bonus opportunities for the named Executive Officers were denominated as specific dollar amounts in 2006, based upon the executive's level. These opportunities ranged from 65% to 162% of salary. Except as described below, actual performance for 2006 resulted in bonuses paid at 130% of target for the named Executive Officers. Mr. Schuessler's bonus payout was computed in accordance with the terms of his retirement agreement, see page 21. Mrs. Chesnut and Mr. Deane did not receive any bonus based on 2006 performance.

The Committee also established an incentive pool for 2006 to be used to recognize and retain certain individuals critical to the success of various initiatives implemented in 2006, including members of the Executive Officer group (excluding Mrs. Anderson). Those initiatives included, among others, the initial public offering and spin-off of Tim Hortons Inc. and the reduction of approximately \$100 million of costs in 2007 over its expected general and administrative and other costs in 2006. Pursuant to the terms of this incentive program, these retention awards were not paid to any named Executive Officers since the incentive opportunity under the regular annual incentive plan reached a specified level.

Long-Term Incentives

Long-term incentives in the form of Company equity are used to promote an ongoing focus on improvements in the Company's total return to shareholders, by ensuring that, over time, a significant amount of each Executive Officer's total wealth opportunities are dependent upon this return.

Table of Contents

2006 was the third year in which performance shares, restricted stock or restricted stock units were used as the vehicles to focus Executive Officers on the longer-term success of the Company. Performance shares were granted to those Executive Officers designated by the Committee, as a means to preserve the deductibility of their compensation under Code Section 162(m). At the end of a one-year period, these shares are settled in earned performance shares, if the Company had positive earnings per share (a description of how settlement occurred appears below). Restricted stock units were awarded to other Executive Officers. These restricted stock units vest ratably over four years. The actual value of these units will ultimately be dependent on the value of the Company's stock over time.

Before 2006, the Company had used a fixed share grant guideline, set at the 60th percentile of the relevant comparator group, to establish the target grant each year. Grants were made based on a percentage of each participant's salary grade midpoint, so that all participants in a grade received the same number of shares or units.

Historically, the Company established its grant guideline for a three-year period. However, in 2006, the Committee determined that the targeted grant should be denominated as a dollar value, equal to the 60th percentile of the relevant comparator group, and converted to shares or units on the grant date, typically May 1 of each year. This change from a fixed share guideline was made to recognize the total compensation value realized by executives from equity grants in prior years, and to better align the size of grants with the Company's 60th percentile long-term incentive philosophy. Had this change not been made for 2006, the value of the performance share and restricted stock unit grants would have been above the 60th percentile target due to the Company's increased stock price compared to May 1, 2005.

For Executive Officers who did not receive performance shares in 2006, the full target award would have been granted as restricted stock units in 2006 for achievement of both median total shareholder return relative to the S&P 500 and the attainment of earnings per share for 2005 of \$1.98. The amount of restricted stock units awarded to other Executive Officers in 2006 was decreased by 10% based on earnings per share performance for 2005 that was below plan and relative three-year total shareholder return that fell at the 73rd percentile of the S&P 500.

The performance shares awarded to designated Executive Officers in 2006 settled in earned performance shares. The number of earned performance shares issued in settlement was dependent on Wendy's net income performance relative to plan in 2006 over the prior year. These adjustments could increase or decrease the number of earned performance shares issued in settlement of the performance share awards by up to 20%. Based on the Company's actual net income in 2006 (adjusted as described in footnote 6 to the Summary Compensation Table, see pages 29 to 31), the amount of earned performance shares issued in 2007 in settlement of performance shares awarded in 2006 increased by 20%. These shares vest ratably over four years. The actual value of these shares will ultimately be dependent on the value of the Company's stock over time.

In addition to the long-term incentive grants described above, the Committee awarded Mrs. Anderson additional restricted stock units for her services as interim CEO. These units included dividend equivalent rights and vest ratably over a four year period. No changes were made to Mrs. Anderson's base salary or bonus opportunities in conjunction with her acceptance of the interim CEO role.

Retirement and Other Benefits

The Company's benefits program includes retirement plans and group insurance plans. The objective of the program is to provide Executive Officers with reasonable and competitive levels of protection against the four contingencies (retirement, death, disability and ill health) which could interrupt the Executive Officer's employment and/or income received as an active employee. Retirement plans, including the supplemental executive retirement plans that cover the Executive Officers, are designed to provide a competitive level of retirement income to Executive Officers and to reward them for continued service with the Company. The retirement program for Executive Officers consists of two tax-qualified plans that cover all full-time management and administrative employees, and the supplemental executive retirement plans.

Table of Contents

Additional information regarding retirement benefits is provided in the Pension Benefits and Nonqualified Deferred Compensation tables and accompanying footnotes (see pages 35 to 37). The group insurance program consists of life, disability and health insurance benefit plans that cover all full-time management and administrative employees and the supplemental long-term disability plan, which covers Executive Officers and other Officers.

Prior to the end of 2006, the Company provided three other types of benefits to Executive Officers and other Officers and key employees. These benefits included use of a Company vehicle, use of Company aircraft for personal travel and an executive health care program. The Company terminated its Company vehicle program on October 1, 2006 for corporate-based Officers. Participants in that program on the termination date received a one-time cash payment equivalent to 18 months' car allowance.

The Company also changed its policy for personal use of Company aircraft effective October 25, 2006. Under the new policy, executives are no longer permitted to make personal use of Company aircraft, except that family members may accompany an executive on business travel if space permits and any personal flights scheduled as of October 25, 2006 could be taken if the executive paid the Company its cost of owning and operating the aircraft for the flight. No new personal use flights could be scheduled after October 25, 2006. Additional information about personal use of Company aircraft in 2006 is described in footnote 4 to the Summary Compensation Table.

The executive health care program was terminated as of December 31, 2004.

How does each element fit into the overall compensation objectives, and affect decisions regarding other elements?

In general, the compensation policies have provided for a more significant emphasis on long-term equity compensation than on current cash compensation for the CEO and CFO positions. This pay mix supports their roles in enhancing value to shareholders over the long-term. For Executive Officers below this level, annual incentive opportunities were weighted more heavily than the long-term equity component for 2006. For all Executive Officers, the variable pay components, at target (annual and long-term incentives), represented more than half of the total pay opportunity, with almost 80% of total compensation at risk for the former CEO and the CEO. Through this mix of pay, non-performance has a significant affect on the amount of compensation realized by Executive Officers.

While each element is compared to the market separately, with the target opportunities established for each element on an independent basis, the Committee evaluates the overall total direct compensation package (base salary, annual incentive and long-term incentive) relative to market conditions. The Committee engaged Towers Perrin to conduct an analysis of the pay for the Company's Executive Officers compared to the relevant comparator groups described in the Base Salary section, above. This information was used to establish the appropriate target opportunities to ensure that they are being set at the desired level. The Committee also reviewed a tally sheet for the CEO and CFO that encompassed all elements of compensation and benefits.

Code Section 162(m) generally limits the ability of a publicly-held corporation, such as the Company, to claim a deduction on its federal income tax return for compensation in excess of \$1 million paid for a given fiscal year to the CEO (or person acting in that capacity) at the close of the corporation's fiscal year and the four most highly compensated officers of the corporation, other than the CEO, at the end of the corporation's fiscal year, unless the requirements specified in applicable Internal Revenue Service regulations are met. The \$1 million compensation deduction limitation does not apply to performance-based compensation. The Company believes that compensation paid under the Senior Executive Annual Performance Plan, its stock option plans, the performance shares awarded to Mrs. Anderson under the 2003 Stock Incentive Plan and options or performance units awarded under the 2007 Stock Incentive Plan, if approved by shareholders, qualifies as performance-based compensation for purposes of Section 162(m).

The Company accounts for equity awards in accordance with Statement of Financial Accounting Standards No. 123R and the accounting treatment of the various types of compensation awarded to Executive Officers and other employees is one factor considered by the Committee in making compensation decisions.

Executive Agreements

Change in Control Agreements

The Company has previously entered into agreements with each of the Executive Officers that provide for benefits to the executive if terminated without cause after a change in control of the Company, or by the Executive Officer for good reason. These agreements would only result in severance benefits after a change in control if the executive is terminated within five years after such an event, for benefits other than unvested equity awards. Unvested equity awards (stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares or performance units) will vest immediately upon a change in control, consistent with the provisions of the Company's existing equity compensation plans. The agreements are described more fully beginning on page 39.

These agreements are intended to assure the Company that it will have the continued dedication, undivided loyalty, and objective advice and counsel from these key executives in the event of a proposed transaction, or the threat of a transaction, which could result in a change in control of the Company.

Retirement Agreement with Mr. Schuessler

Mr. Schuessler retired as Chairman of the Board and CEO effective April 17, 2006. In connection with this retirement, the Company entered into a Retirement Agreement with Mr. Schuessler. Pursuant to the terms of this agreement, Mr. Schuessler agreed to serve as a consultant to the Company through April 17, 2008 and also agreed to confidentiality and non-compete provisions. Under this agreement, Mr. Schuessler is entitled to receive \$3 million, payable in installments through April 17, 2008 subject to compliance with the terms of the agreement.

Mr. Schuessler was entitled to receive an additional cash payment to the extent that the Nominal 2006 Cash Bonus Amount exceeded \$900,000. The Nominal 2006 Cash Bonus Amount was equal to the amount Mr. Schuessler would be entitled to be paid pursuant to the Company's Senior Executive Annual Performance Plan, in accordance with the performance objectives and measures adopted by the Committee on March 17, 2006 and without reduction at the Committee's discretion, if Mr. Schuessler had still been employed by the Company on the payment date for 2006 awards under that plan.

In addition, Mr. Schuessler retained the ability to exercise his vested non-qualified stock options until the earlier of the option expiration date or 48 months after April 17, 2006. He also received shares and units issued pursuant to grants made in March and April 2004. He will not receive shares in connection with the performance shares that were awarded to him in March 2005 and March 2006.

Mr. Schuessler and his dependents are also entitled to participate in the Company's group health insurance plan for up to seven and one-half years after April 17, 2006. The Company pays Mr. Schuessler an amount equal to the premium cost for participation through April 17, 2008, after which he will be responsible for this cost.

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

Mr. Schuessler was also reimbursed \$34,453 for legal and financial planning costs incurred in conjunction with his retirement and will receive all benefits accrued in his account as of April 17, 2006, under the Company's retirement plans.

Agreement with Interim CEO

On May 1, 2006, Kerri B. Anderson received an award of 16,234 restricted stock units for her service as interim Chief Executive Officer and President of the Company. This award converted to 33,624 restricted stock units following the spin-off of Tim Hortons Inc. The restricted stock units can be settled only in common shares of the Company and include dividend equivalent rights. For Mrs. Anderson, 25% of the restricted stock units will vest on May 1, 2007 and an additional 25% will vest on May 1 of each of the next three years. The vesting dates would be accelerated if the Company is involved in certain change in control transactions as specified in the Company's 2003 Stock Incentive Plan. If Mrs. Anderson's employment is terminated for any reason other than (i) death, (ii) disability, (iii) retirement or

Table of Contents

(iv) termination by the Company (including constructive discharge) other than for cause on or before April 25, 2008, any remaining restricted stock units will be forfeited as of the date of such termination. If her employment is terminated by reason of her (i) death, (ii) disability, (iii) retirement or (iv) if her employment is terminated by the Company (including constructive discharge) other than for cause on or before April 25, 2008, all remaining restricted stock units will vest as of the date of such termination. Dividends on restricted stock units, payable only as additional restricted stock units, are credited on all restricted stock units outstanding as of the dividend payment date. The additional restricted stock units issued under the terms of the dividend equivalent rights will vest at the same time as the underlying restricted stock units.

The Committee also authorized execution of an agreement with Mrs. Anderson that provided that all performance shares, Earned Performance Shares, restricted shares and restricted stock units previously granted by the Company to Mrs. Anderson would vest in the event her employment is terminated by the Company (including constructive discharge) other than for cause on or before April 25, 2008. The agreement also provided that in the event her employment was terminated by the Company (including constructive discharge) other than for cause on or before April 25, 2008, Mrs. Anderson would be entitled to receive a cash payment for any unexercised stock options held by her equal to the difference between the fair market value of the Company's common shares and the exercise price of the options on the date of termination and a cash payment equal to two times her annualized base salary.

As noted earlier, base salary and bonus amounts payable to Mrs. Anderson for her service as interim CEO were not changed from the amounts previously approved in 2006.

Employment Agreement with CEO

On January 22, 2007, the Company entered into an employment agreement with Mrs. Anderson. The employment agreement became effective as of November 10, 2006, the day after the Company announced her appointment as CEO and President, and has a three year term, with an automatic renewal of successive one-year periods (unless either party gives notice of intent not to renew at least 120 days prior to the term of employment then in effect). The employment agreement provides for an initial annual base salary of \$950,000, which may be increased from time to time at the discretion of the Board of Directors or the Committee.

The agreement provides also for an annual cash bonus payout opportunity based on performance targets, both of which will be established by the Committee. Mrs. Anderson's annual bonus payout for fiscal 2006 was \$1,998,750 and was determined by aggregating (i) the pro-rata bonus based on target bonus criteria established for the CFO position (Mrs. Anderson served as the Company's CFO for 3.5 months in 2006) plus (ii) the pro-rata bonus based on the 2006 target bonus of \$1.8 million established for the CEO position (Mrs. Anderson served as the Company's CEO for 8.5 months, including months she served as interim CEO, in 2006). For fiscal 2007 and years thereafter, Mrs. Anderson's annual target bonus will, at a minimum, be set at 100% of her base salary then in effect and she will also be eligible for threshold and maximum bonus amounts as established by the Committee. The agreement provides also for an annual award, commencing in 2007, of equity-based compensation having an aggregate value of 285% of the base salary as of the grant date; however, Mrs. Anderson's eligibility for and the amount of those grants are subject to the Company's compensation policy for senior executives, as determined by the Board of Directors or the Committee from time to time. During the term of the employment agreement, Mrs. Anderson will also be entitled to participate in the Company's executive employee benefit plans and programs.

If the Company terminates Mrs. Anderson's employment for cause (as defined in the employment agreement), she will only be entitled to any accrued, but unpaid, obligations. If Mrs. Anderson is terminated without cause or resigns for good reason (as defined in the employment agreement), she will be entitled to (i) all accrued, but unpaid, obligations, (ii) a pro-rata portion of the target bonus of the year in which the termination occurs, (iii) one year's base salary plus payment of the target bonus opportunity for the one-year period following termination, (iv) any stock options or stock appreciation rights that would

Table of Contents

have otherwise vested within 12 months of the termination, and (v) continuation of employee benefits for one year following the termination event. If Mrs. Anderson dies or becomes disabled during the term of the agreement, her employment will terminate and she (or her estate as the case may be) will be entitled to (a) all amounts earned or accrued and not previously paid, (b) a pro-rata portion of the target bonus of the year in which the termination occurs, (c) the immediate vesting of all unvested stock option, restricted stock and restricted stock unit awards, and (d) continuation of employee benefits for one year following the termination event. Mrs. Anderson has also agreed to certain non-competition provisions during the term of the employment agreement and for up to 18 months thereafter, depending on the manner of termination. The terms of the January 22, 2007 employment agreement supersede the terms of the interim CEO agreement described above.

Mrs. Anderson will be reimbursed \$20,000 for legal costs incurred in connection with the employment agreement.

Severance Policy

The Company also has a severance policy that is applicable to Officers generally, including Executive Officers. Under that policy, which is subject to review and amendment by the Company from time to time, an Officer whose employment is terminated by the Company as a result of a reduction in force, position elimination or a failure to keep pace with the strategic demands of his or her position and who executes a release in the form requested by the Company is generally entitled to continue to receive two weeks of salary continuation, and continued participation in other benefit plans, for each year of service, with a minimum of 39 weeks for Vice President level officers and 52 weeks for officers of the Senior Vice President level or higher. However, specified employees under Code Section 409A will receive their severance payment before March 15 of the year following the year in which the termination occurs.

Stock Ownership Guidelines

The Company has stock ownership guidelines covering all Executive Officers. The guideline for Executive Officers named in the Summary Compensation Table is three times base salary. The guideline for other Officers is 100% of base salary. The time frame to reach the stated guideline amount is April 2009. Officers hired or promoted after April, 2005 have four years from the date of hire or promotion, or from the date they are first named in the Summary Compensation Table (if applicable), to reach the stated guideline amount.

Shares counted toward achievement of these ownership objectives include shares directly or indirectly owned by the executive officer (whether certificated or in street name), vested stock options, shares of the Company held in the Company's Profit Sharing and Savings Plan and shares of the Company held in the Company's Deferred Compensation Plan. The value of vested stock options is determined by computing the difference between the previous year's average stock price and the grant price of vested, unexercised stock options. The value of shares owned is determined by computing average stock price during the previous year times the number of shares owned.

Roles of Executive Officers in Determining Compensation

Certain Executive Officers have roles in the compensation process, as follows:

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

- The CEO generally makes recommendations to the Committee regarding salary increases for other Executive Officers during the regular merit increase process.
- In addition, the CEO provides his/her perspective on recommendations provided by the consulting firm hired by the Committee regarding compensation program design issues.
- Other Executive Officers, at the request of the Committee, work with the outside consultant hired by the Committee, to provide data about past practices, awards, costs and participation in various plans, as well as information about the Company's annual and longer-term goals. When requested by the Committee, selected Executive Officers may also review consultant recommendations on plan design and structure and provide a perspective to the Committee on how these recommendations may affect recruitment, retention and motivation of Company employees.

What is the Company's policy regarding the timing of stock option awards?

The Company has not awarded stock options since 2004. However, the Company has awarded other types of equity compensation (performance shares, restricted stock and restricted stock units) since that time. The annual award date is May 1, a date that customarily falls shortly after the Company's regularly-scheduled Board and Committee meetings in the second quarter, the shareholders' meeting and the announcement of first quarter financial results. Using the same award date each year also eases administration of the equity compensation program. As noted below, the Company expects to award stock options and performance units beginning in 2007, assuming shareholders approve the 2007 Stock Incentive Plan. The annual award date for those awards is expected to be May 1 unless an earlier grant date is necessary to comply with Code Section 162(m). The award date is a date determined by the Committee.

Under the terms of the Company's various equity compensation plans (including the 2007 Stock Incentive Plan), only the Committee can make equity awards to Executive Officers. That authority has not been delegated to any Executive Officer or other employee of the Company.

Planned 2007 Compensation Program

During 2006, in conjunction with the spin-off of Tim Hortons and the development of a new strategic plan, the Committee reviewed the Company's compensation philosophy pertaining to Executive Officers and developed a new executive compensation program. The objectives of this change were to develop an executive compensation program reflecting the Company's new scope and focus, and to:

- Provide for a strong link between pay and performance, including the performance of each individual executive;
- Create a strong interest in enhancing shareholder value and the Company's stock price; and
- Establish targeted pay levels that are more aligned with current market practices, the level of difficulty associated with achievement of the annual plan, and the Committee's perspective on an appropriate pay target for the annual incentive plan.

Elements of the 2007 Program

The elements of direct compensation will remain the same in 2007, consisting of base salary, an annual incentive opportunity, and a long-term incentive compensation program. However, each of these elements will undergo changes for 2007, as follows:

Base Salaries

- New base salary structures will be established for each Executive Officer position; the midpoint of each structure will be set at the median of the relevant comparator group, with a range of plus or minus 20%.

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

- Base salary structures for all other Officers will continue to be targeted at the 50th percentile.

Annual Incentive Plan

- Annual incentive opportunities will now be targeted at the 60th percentile, instead of the 75th percentile, as in the past. Incentive opportunities will be established for each Officer level commensurate with the market 60th percentile and will be expressed as a percentage of each Officer's salary.
- The measures used in the incentive plan will also be modified to include individual performance for 2007 and beyond. As in the past, Officers with performance ratings that fall in the bottom two of five rating categories will be ineligible for any award under the annual incentive plan for that year.
- The payout opportunity for the threshold or entry performance level will be reduced from 50% of the target opportunity to 30%. The Committee has also established a higher performance standard in order to achieve the maximum payout under the plan.

Table of Contents

- The threshold, target and maximum earnings before interest, taxes, depreciation and amortization (EBITDA) and net income performance levels established for 2007 are set forth below. Actual performance will be determined by disregarding the impact of (i) discontinued operations, (ii) severance costs or other charges incurred in connection with the Company's initiative to reduce its overhead as part of an organizational restructuring of the Company, and related costs of outside consultants and advisors, (iii) costs associated with the termination of the Company's qualified pension plans, or (iv) new accounting standards or interpretations issued in 2007.

Level	EBITDA	Net Income
Threshold	\$ 275,000,000	\$ 78,900,000
Target	\$ 335,000,000	\$ 115,500,000
Maximum	\$ 385,000,000	\$ 146,000,000

Long-Term Incentive Plan

- The long-term incentive plan will be comprised of two elements beginning in 2007, subject to approval of the 2007 Stock Incentive Plan by shareholders.
- Annual grants of performance shares and restricted stock units will be replaced by annual stock option grants and long-term performance unit awards, each representing half of the total target opportunity.
- Individual performance will also impact the size of the equity grants that each participant receives, beginning in 2007.
- Stock options will have a seven year term and three year ratable vesting.
- The long-term performance unit award will be earned over a three year performance period based on cumulative three year EBITDA and return on net working assets over the three year cycle. Return on net working assets is defined as current assets from continuing operations (excluding restricted assets and cash) plus property, plant and equipment, goodwill acquired in connection with restaurant acquisitions and a base cash carrying balance of \$100 million, minus current liabilities from continuing operations (excluding restricted liabilities and debt). The number of common shares issued on settlement of the performance units will depend on actual performance against the stated objectives. Actual performance will be determined by disregarding the impact of (i) discontinued operations, (ii) severance costs or other charges incurred in connection with the Company's initiative to reduce its overhead as part of an organizational restructuring of the Company, and related costs of outside consultants and advisors, net of cost reduction benefits attributable to such restructuring during the three year performance period, (iii) costs associated with the termination of the Company's qualified pension plans, (iv) new accounting standards or interpretations issued during the measurement period, or (v) refranchising more than 10 Company restaurants to franchisees, net of restaurants acquired from franchisees, during the three year performance period. If threshold performance is not achieved, no common shares will be issued. If performance exceeds 120% of the target, then the number of common shares issued in settlement will be 150% of the number of performance units. The three year EBITDA and net working assets objectives for 2007 awards and the percentage of target shares issued in settlement will be determined based on the following objectives:

- If, as set forth in the 2007 Stock Incentive Plan, certain mergers, consolidations or reorganizations, liquidations, dissolutions or a sale or other disposition of all or substantially all of the assets of the Company occur (regardless of whether the grantee is terminated), all unvested equity awards will vest, and any restrictions on restricted stock will lapse. If any other change in control event, as described in the 2007 Stock Incentive Plan, occurs and a grantee is terminated without cause by the Company or he or she terminates his or her employment for good reason (as such terms are defined in the plan) within three years after the change in control and prior to the equity awards vesting or the restrictions lapsing, then (i) all options will become immediately exercisable and may be exercised for a period of one year following the termination, (ii) all restrictions on outstanding restricted stock will lapse and restricted stock units will become fully vested, and (iii) all restrictions on outstanding performance shares will lapse and outstanding performance units will become vested (in each case as if all performance objectives had been satisfied at the highest level by the Company and the grantee) and the grantee will be paid in cash for the value of a performance unit award within 30 days.

Other Changes

- In 2007, the Board of Directors approved a revised form of agreement that would provide for benefits to executives terminated without cause after a change in control of the Company, or by the executive for good reason. The revised form of agreement (which has not been offered to any Executive Officer) contains the same terms as the agreements described on pages 21, 39, and 40, except that (i) the employment term is shortened to three years from five years; (ii) the Company's obligation to pay any excise tax due under Code Section 4999 or any similar tax is deleted; (iii) the amount payable under the revised agreement will be reduced to the extent that such reduction results in a larger payment to the employee net of any excise tax due under Code Section 4999; and (iv) any unvested stock options, stock appreciation rights, restricted stock units, performance shares or performance units will only vest, and any restrictions on restricted stock will only lapse, if the executive is terminated without cause by the Company or the executive terminates for good reason within the revised employment term, unless the change in control occurs as a result of certain mergers, consolidations, reorganizations, liquidations, dissolutions or a sale or other disposition of substantially all of the assets of the Company, in which case such unvested equity will vest, and any restrictions on restricted stock will lapse, upon the change in control.

The Board of Directors also authorized the Committee to determine whether and when the revised form of agreement will be offered to Executive Officers and other Officers. Previously, the Executive and Finance Committee had been authorized to make that determination. The Company does not expect to offer the previous form of agreement to any Executive Officers or other Officers in the future.

- As a result of Code Section 409A, contributions to the Supplemental Executive Retirement Plan (SERP) were frozen effective December 31, 2004. A new Supplemental Executive Retirement Plan No. 2 (SERP No. 2) was adopted effective January 1, 2005 to provide benefits under the same formula until January 1, 2007. Effective January 1, 2007, participation in SERP No. 2 was limited to Officers appointed on or before October 26, 2006 and the annual contribution schedule was reduced to target the average income replacement percentage used by the Company's peer group. In addition, a new Supplemental Executive Retirement Plan No. 3 was established for Officers appointed after October 26, 2006 containing the same provisions as SERP No. 2, except that the annual contribution will be limited to restoration of benefits lost due to compensation limitations imposed on the Company's qualified Profit Sharing and Savings Plan under the Code.

The Committee approved this new compensation program on October 25, 2006. It was approved unanimously by the full Board of Directors on October 26, 2006.

- (b) Reflects aggregate payments made to Mrs. Chesnut pursuant to her employment agreement described in footnote 9 to the Summary Compensation Table.
- (c) Reflects aggregate payments made, and value of property delivered, to Mr. Deane pursuant to his settlement agreement and release described in footnote 10 to the Summary Compensation Table.

The values for the Company Car / Car Allowance and Personal Use of Company Aircraft were determined on the basis of aggregate incremental cost to the Company. Incremental cost for aircraft use was calculated based on average variable operating cost per flight hour multiplied by flight hours for each named Executive Officer. The average variable operating cost per hour was calculated based on aggregate variable costs for each year, including fuel, engine reserves (engine reserves are an accrued expense for future maintenance on aircraft engines), repair and maintenance costs, travel expenses for flight crew and temporary pilot costs, hangar and parking ramp fees, landing fees, catering and miscellaneous handling charges, divided by aggregate hours flown. Fixed costs, such as flight crew salaries, wages and other employment costs, training, depreciation, hangar rent, utilities, insurance and taxes, are not included in incremental cost since these expenses are incurred by the Company irrespective of personal use of aircraft. Amounts shown for the Company Car / Car Allowance also include a one-time payment after the Company's car program was terminated in 2006.

- (5) Mrs. Anderson was Executive Vice President and Chief Financial Officer of the Company until April 17, 2006, at which time she was appointed interim Chief Executive Officer and President. She was appointed Chief Executive Officer and President on November 9, 2006.

- (6) On March 17, 2006, the Compensation Committee (the Committee) of the Company's Board of Directors awarded performance shares under the Company's 2003 Stock Incentive Plan to Mrs. Anderson, who at the time was Executive Vice President and Chief Financial Officer. Mrs. Anderson was awarded 16,210 performance shares. This converted to 33,574 shares following the spin-off of Tim Hortons Inc.

Subject to the satisfaction of the service vesting condition described below, the number of shares of the Company's common stock (the Earned Performance Shares) to be issued to Mrs. Anderson in

Table of Contents

settlement of the performance shares will be 40,288 and was determined by multiplying the stated number of performance shares awarded by the performance multiplier (based on actual reported net income for fiscal 2006 determined in accordance with an established formula). The Company's actual reported net income for fiscal 2006 was determined by disregarding the impact of (i) costs incurred in connection with the initial public offering and any spin-off or other disposition of Tim Hortons Inc., including costs related to additional employees hired by Tim Hortons Inc. or its subsidiaries as a result of its becoming a separate reporting company, (ii) interest costs or other expense incurred by Tim Hortons Inc. related to revolving credit and other debt financing arrangements entered into by Tim Hortons Inc. in 2006, (iii) the sale of equity of Tim Hortons Inc. in the initial public offering (which decreased the Company's reported earnings attributable to earnings of Tim Hortons Inc.), (iv) the Tim Hortons Inc. initial public offering and any spin-off or other disposition of Tim Hortons Inc. on the Company's 2006 income tax expense, (v) costs (including charges) incurred in connection with the sale or other disposition of one or more business units of the Company, (vi) severance costs or other charges incurred in connection with the Company's initiative to reduce its overhead as part of an organizational restructuring of the Company, and related costs of outside consultants and advisors, or (vii) new accounting standards or interpretations issued in 2006.

In addition, the actual reported net income was adjusted to add the budgeted consolidated earnings of Tim Hortons Inc. and any other business unit sold or otherwise disposed of to the earnings results of the Company for any period in 2006 for which the earnings results of Tim Hortons Inc. and any other business unit sold or otherwise disposed of were not included in the consolidated earnings results of the Company. The number of performance shares awarded were also adjusted due to the spin-off of Tim Hortons Inc. on September 29, 2006, such that the fair market value of the performance shares (calculated as though the fair market value of a performance share was equal to the fair market value of a common share of the Company) immediately prior to the spin-off was equal to the fair market value of the performance shares (calculated in the same manner) immediately after the spin-off, and the number of shares of the Company's common stock issued in settlement of the Earned Performance Shares will be adjusted proportionately to the adjustment in the number of performance shares. The Committee may exercise its discretion to reduce the number of Earned Performance Shares actually earned in accordance with the provisions of the Company's 2003 Stock Incentive Plan.

Since all of the aforesaid conditions were satisfied, and the Committee has certified attainment of the performance objectives, 25% of the Earned Performance Shares will vest on May 1, 2008 and an additional 25% of the Earned Performance Shares will vest on May 1 of each of the next three years. If Mrs. Anderson's employment is terminated for any reason prior to May 1, 2007, all performance shares will be forfeited (and Mrs. Anderson would not be entitled to settlement in Earned Performance Shares). Once Earned Performance Shares are issued, the vesting dates applicable to any unvested Earned Performance Shares would be accelerated if the Company is involved in certain change in control transactions as specified in the Company's 2003 Stock Incentive Plan. If Mrs. Anderson's employment is terminated for any reason other than death, disability or retirement, any remaining Earned Performance Shares will be forfeited as of the date of such termination. If Mrs. Anderson's employment is terminated by reason of her death, disability or retirement, all remaining Earned Performance Shares will vest as of the date of such termination.

On May 1, 2007, Mrs. Anderson will be issued dividend equivalent rights in respect of the Earned Performance Shares. The dividend equivalent rights will provide that any dividends or distributions that would have been paid or made with respect to the Earned Performance Shares will be converted into additional Earned Performance Shares based on the fair market value of the Company's common shares on the date such dividend or distribution is made (provided that no fractional shares will be issued), the additional Earned Performance Shares thus acquired will be subject to the same restrictions on transfer, risk of forfeiture and vesting schedule as the Earned Performance Shares initially granted.

Neither the performance shares nor the Earned Performance Shares will have voting rights.

Table of Contents

On May 1, 2006, Mrs. Anderson received an award of 16,234 restricted stock units (RSUs) for her service as interim Chief Executive Officer and President of the Company. This award converted to 33,624 RSUs following the spin-off of Tim Hortons Inc. The RSUs can be settled only in common shares of the Company and include dividend equivalent rights. For Mrs. Anderson, 25% of the RSUs will vest on May 1, 2007 and an additional 25% of the RSUs will vest on May 1 of each of the next three years. The vesting dates would be accelerated if the Company is involved in certain change in control transactions as specified in the Company's 2003 Stock Incentive Plan. If Mrs. Anderson's employment is terminated for any reason other than death, disability, retirement or termination by the Company (including constructive discharge) other than for cause on or before April 25, 2008, any remaining RSUs will be forfeited as of the date of such termination. If her employment is terminated by reason of her death, disability, retirement or if her employment is terminated by the Company (including constructive discharge) other than for cause on or before April 25, 2008, all remaining RSUs will vest as of the date of such termination. Dividends on RSUs, payable only as additional RSUs, are credited on all RSUs outstanding as of the dividend payment date. The additional RSUs issued under the terms of the dividend equivalent rights will vest at the same time as the underlying RSUs.

- (7) On May 1, 2006, each of Messrs. McCorkle, Cava and Catherwood were awarded 3,266 RSUs and Mr. Foley was awarded 2,072 RSUs. These awards converted to 6,764 RSUs and 4,291 RSUs, respectively, following the spin-off of Tim Hortons Inc. 25% of the RSUs awarded will vest on May 1, 2007. An additional 25% vests on each successive May 1. Vesting would be accelerated if the Company is involved in certain change in control transactions as specified in the Company's 2003 Stock Incentive Plan. If the Executive Officer's employment is terminated for any reason other than death, disability or retirement, any remaining RSUs will be forfeited as of the date of such termination. If the Executive Officer's employment is terminated by reason of his or her death, disability or retirement, the remaining RSUs would be vested as of the date of such termination. The RSUs include dividend equivalent rights. Dividends on RSUs are payable only as additional RSUs and are credited on RSUs outstanding as of the dividend payment date. The additional RSUs issued under the terms of the dividend equivalent rights will vest at the same time as the underlying RSUs.
- (8) Mr. Schuessler retired as Chief Executive Officer and President effective April 17, 2006. The amounts shown reflect compensation earned by Mr. Schuessler prior to April 17 and amounts paid Mr. Schuessler pursuant to the terms of his retirement agreement (see page 21).
- (9) On July 11, 2006, in connection with a transfer of employment of Mrs. Chesnut, from her position as Executive Vice President of the Company to a similar position with Fresh Enterprises, Inc. (Fresh), a subsidiary of the Company until November 28, 2006, Mrs. Chesnut and Fresh entered into an employment agreement. Pursuant to the terms of that agreement, in connection with the sale of Fresh on November 28, 2006, the Company paid Mrs. Chesnut \$567,416 in exchange for the releases and waivers agreed to by Mrs. Chesnut and for her compliance with the obligations set forth in the agreement. Mrs. Chesnut will be entitled to participate in the Company's group health insurance plan for a period not to exceed five years from November 28, 2006 on the same terms as are available to other former employees generally. Because she terminated employment in connection with the disposition of Fresh, Mrs. Chesnut became vested in all outstanding restricted stock and RSU awards of the Company on her termination. She also retained her vested benefits accrued as of her termination date under the Company's retirement plans.
- (10) On May 31, 2006, in connection with the organizational change previously reported by the Company, the Company entered into a Settlement Agreement and Release with Mr. Deane and his employment with the Company terminated as of May 31, 2006. Pursuant to the terms of the agreement, the Company paid Mr. Deane \$403,850 in exchange for the releases and waivers agreed to by Mr. Deane and for his compliance with the obligations set forth in the agreement. Mr. Deane also was reimbursed \$35,000 for tax, accounting, financial planning, legal and outplacement service costs and was permitted to keep certain computer and communication equipment valued at \$3,300. Mr. Deane will be entitled to participate in the Company's group health insurance plan for a period not to exceed five years from May 31, 2006 on the same terms as are available to other former employees generally and the Company paid Mr. Deane \$18,000 in lieu of a contribution by the Company to, or a

reimbursement to Mr. Deane for, coverage premiums and expenses by Mr. Deane for insurance coverage for 18 months under the health insurance plan.

Between April 24, 2006 and his termination date, Mr. Deane continued to vest in restricted stock awards and to exercise his vested non-qualified stock options. Mr. Deane also retained his vested benefits accrued as of his termination date under the Company's retirement plans.

The following table summarizes grants of plan-based awards made to each of the named Executive Officers during the Company's last fiscal year.

- (1) The Company has two bonus plans which apply to Executive Officers, the Senior Executive Annual Performance Plan (the "Senior Executive Plan") and the Executive Annual Performance Plan (the "Executive Plan"). The Committee designated Mrs. Anderson and Mr. Schuessler as participants in the Senior Executive Plan for fiscal 2006. In addition, the Committee determined that the incentive award opportunities to those participants under the Senior Executive Plan would be based on the extent to which the Company met or exceeded specified net income goals for fiscal 2006, and that the actual performance would be determined by disregarding the impact of (i) costs

incurred in connection with the initial public offering and any spin-off or other disposition of Tim Hortons Inc., including costs related to additional employees hired by Tim Hortons Inc. or its subsidiaries as a result of its becoming a separate reporting company, (ii) interest costs or other expense incurred by Tim Hortons Inc. related to revolving credit and other debt financing arrangements entered into by Tim Hortons Inc. in 2006, (iii) the sale of equity of Tim Hortons Inc. in the initial public offering (which decreased the Company's reported earnings attributable to earnings of Tims Hortons Inc.), (iv) the Tim Hortons Inc. initial public offering and any spin-off or other disposition of Tim Hortons Inc. on the Company's 2006 income tax expense, (v) costs (including charges) incurred in connection with the sale or other disposition of one or more business units of the Company, (vi) severance costs or other charges incurred in connection with the Company's initiative to reduce its overhead as part of an organizational restructuring of the Company, and related costs of outside consultants and advisors, or (vii) new accounting standards or interpretations issued in 2006. In addition, the actual performance would be adjusted to add the budgeted consolidated earnings of Tim Hortons Inc. and any other business unit sold or otherwise disposed of to the earnings results of the Company for any

Table of Contents

period in 2006 for which the earnings results of Tim Hortons Inc. and any other business unit sold or otherwise disposed of were not included in the consolidated earnings results of the Company.

Under the Executive Plan, the Committee establishes performance objectives and the Chief Executive Officer determines the participants, the individual award opportunities for those participants, and the allocation of performance objectives between overall corporate results and business unit results in consultation with the Committee. The Committee determined that the incentive award opportunities to participants under the Executive Plan would be based on the extent to which the Company met or exceeded specified net income goals for fiscal 2006, subject to the same adjustments as described above for the Senior Executive Plan. Each of the named Executive Officers, other than Mr. Schuessler and Mrs. Anderson, were participants under the Executive Plan for fiscal 2006.

- (2) Amounts shown in these columns show the number of common shares that would be earned if the Company achieves stated net income targets for fiscal 2006. The terms of these performance share awards are described in footnote 6 to the Summary Compensation Table. Since Mr. Schuessler retired prior to May 1, 2007, all performance shares were forfeited (and Mr. Schuessler was not entitled to settlement in Earned Performance Shares).
- (3) Amounts shown in this column are the number of RSUs awarded to each named Executive Officer. The material terms of these awards are described in footnote 7 of the Summary Compensation Table.
- (4) The value of stock awards granted in 2006 is based on the grant date fair value computed in accordance with SFAS 123R as set forth in Notes 1 and 6 to the Company's 2006 consolidated financial statements.
- (5) Pursuant to the employment agreement entered into with Mrs. Anderson on January 22, 2007, Mrs. Anderson's annual bonus payout for fiscal 2006 was \$1,998,750 and was determined by aggregating (i) the pro-rata bonus based on target bonus criteria established for the CFO position (Mrs. Anderson served as the Company's CFO for 3.5 months in 2006) plus (ii) the pro-rated bonus based on the 2006 target bonus of \$1.8 million established for the CEO position (Mrs. Anderson served as the Company's CEO for 8.5 months, including months she served as interim CEO, in 2006). The amounts shown reflect these pro-rata bonus criteria.
- (6) Since Mr. Schuessler retired prior to May 1, 2007, all performance shares were forfeited (and Mr. Schuessler was not entitled to settlement in Earned Performance Shares).

The Company's Pension Plan is a cash balance, qualified retirement plan. Under the Pension Plan as in effect since January 1, 2001, each participant was credited with a basic benefit determined by years of service. The Company contribution was 1.5% of current compensation for participants with less than 5 years of service, 2.0% of current compensation for participants with at least five years but less than 10 years of service, and 2.5% of current compensation for participants with 10 or more years of service. As of the end of the Company's fiscal 2006, the Pension Plan was frozen and no further contributions will be made. Notwithstanding the contribution rates set forth above, the maximum annual compensation amount for which contributions can be made to the Pension Plan under the Code is currently \$220,000. All accounts were credited with interest at an annual rate equal to the greater of 5% or the average of the one-year Constant Maturity Treasury Rates for each of the 12 months ending with the month of November, plus 1%.

The Company grants employees of acquired entities with up to one year of service when determining their eligibility to enter the Pension Plan; however, the Company does not grant extra years of service for benefits or vesting in any situation.

After termination of employment, a participant may elect to receive payment of vested benefits in a lump sum or annuity. There are no special, early retirement adjustment factors available for participants who begin to receive their benefits before age 65, the Pension Plan's normal retirement age.

The following table describes benefits accrued under the Company's supplemental executive retirement plans and its Deferred Compensation Plan.

(1) Amounts shown in this column are included in the All Other Compensation column of the Summary Compensation Table.

Under the SERP, Officers were credited only with earnings calculated for the majority of the benefit using the rate credited in the Company's Pension Plan, 5% for 2006, and for a small portion of the benefit as if invested in the participant's Profit Sharing and Savings Plan account, which the participant may rebalance daily. Under the terms of the SERP, benefits vest after five years of service or on death or disability. Vested benefits will be paid after termination in the form elected by the participant or in a lump sum if no election is on file or the participant has died. A participant can elect to receive benefits in a single lump sum or in installment payments over a period not exceeding five years. If a participant had submitted a distribution election form less than 12 months before that participant's termination, the participant would be paid a single lump sum unless he or she agreed to a 10% forfeiture of the benefit. The SERP does not permit distributions prior to a participant's termination.

Under SERP No. 2, Officers were credited with contributions depending on their age, years of service and calculated offsets for Company contributions to the Pension Plan, the Profit Sharing and Savings Plan and social security taxes. Participants were also credited with earnings calculated using the rate credited in the Pension Plan (5%). Under the terms of SERP No. 2, benefits vest after five years of service or on death or disability. Vested benefits will be paid after termination in the form elected by the participant or in a

lump sum if no election is on file or if the participant has died, become disabled or terminated in connection with a change in control. A participant can elect to receive benefits in a single lump sum or in installment payments over a period not exceeding 15 years. Each change made by a participant in an elected form of distribution will delay payment for five years. SERP No. 2 does not permit distributions prior to a participant's termination.

Under the Deferred Compensation Plan, a participant may elect to defer all or any part of his or her base compensation and/or annual bonus until termination of employment. A deferral election must be received by the Company before December 31 (or within 30 days of first becoming eligible to participate in the Deferred Compensation Plan) and is irrevocable once made. A participant will be credited with earnings as if invested in the deemed investments selected by the participant from a variety of investments selected by the Company. A participant may change his or her elected investments at least monthly except that amounts deemed invested in Company stock must remain in Company stock until distributed after termination. Under the terms of the Deferred Compensation Plan, benefits will be paid after termination in the form elected by the participant or in a lump sum if no election is on file or the participant has died, become disabled or been terminated for cause. A participant can elect to receive benefits in a single lump sum or in installment payments over a period not exceeding 15 years. Each change made by a participant in an elected form of distribution will delay payment for five years. The Deferred Compensation Plan does not permit distributions prior to a participant's termination. None of the named Executive Officers contributed to the Deferred Compensation Plan in 2006.

The following table summarizes estimated benefits that would have been payable to each named Executive Officer if such Officer had been terminated by the Company with cause on December 31, 2006.

Table of Contents

The Company has entered into employment agreements (Key Executive Agreements) with each of the Executive Officers named in the Summary Compensation Table as well as certain other Officers. The Key Executive Agreements are intended to assure the Company that it will have the continued dedication, undivided loyalty, and objective advice and counsel from these key executives in the event of a proposed transaction, or the threat of a transaction, which could result in a change in control of the Company.

The Key Executive Agreements provide that in the event of a change in control (as defined therein), the key executives will be employed by the Company in their present positions for a period of approximately five years, or until the executive dies, is terminated for cause by the Company or terminates employment himself or herself without good reason (as such terms are defined therein), whichever occurs first (the Employment Term).

In the event of a change in control, the key executives will be entitled to continue to receive during their Employment Term the annual salary, bonus and other benefits made available to them by the Company immediately prior to the change in control. The Board of Directors will review annually the performance of each key executive during such Employment Term to determine whether or not such salary and bonus should be increased.

A key executive's employment may be terminated under the Key Executive Agreement for cause by the Company as defined therein. If a key executive is terminated for cause by the Company, the Company has no further obligation to pay any compensation or to provide benefits to the key executive.

A key executive may terminate his or her employment under the Key Executive Agreement after a change in control for good reason if the Company (i) changes the key executive's status, title, position or responsibilities in a way that does not represent a promotion, (ii) either reduces the key executive's base salary or provides an annual salary increase less than the increase in a defined consumer price index, (iii) requires the key executive to relocate beyond a 30 mile radius from the executive's business office location immediately prior to the change in control, (iv) takes action which results in a material reduction in compensation and benefits otherwise payable to the key executive, (v) materially breaches the Key Executive Agreement, or (vi) fails to notify the key executive that a successor to the Company has agreed to assume and perform under the Key Executive Agreement. If a key executive's employment is terminated by the Company without cause prior to a change in control, but the executive reasonably demonstrates that the termination of employment (i) was at the request of a third party who had indicated an intention or taken steps reasonably calculated to effect a change in control, or (ii) otherwise occurred in connection with, or in anticipation of, a change in control which had been threatened or proposed, then such termination will be deemed to have occurred after a change in control for the purposes of the Key Executive Agreement, provided that a change in control shall actually have occurred.

If the employment of a key executive is terminated under a Key Executive Agreement during the Employment Term by the executive for good reason or by the Company other than for cause, the Company will be obligated to make a lump-sum payment to the key executive of three times the sum of the executive's then-current salary plus average annual bonuses over the prior three years. If the key executive had not previously received bonus payments for three full plan years under the annual bonus plans and was an eligible participant under such plans at the time his or her employment was terminated, he or she will be deemed to have received a bonus in prior years equal to the bonus paid to such key executive's predecessor in the same position. If there was not a predecessor in the same position, the key executive will be deemed to have received a bonus in prior years equal to the average of the bonuses paid to participants in positions comparable to the executive's then-current position. The lump-sum payment will not be subject to offset. If the employment of the key executive is terminated under a Key Executive Agreement by the executive for good reason or by the Company other than for cause, the key executive will also be entitled to (i) a pro rata portion of the bonus for the year in which termination of employment occurs, determined as if all performance targets had been fully met at the highest level by the Company and the key executive, (ii) continuation of group insurance benefits for three years, subject to offset for any benefits from subsequent employment, if any, (iii) if applicable, purchase his or her Company automobile at the then-current book value (the Company terminated its car program applicable to corporate-based officers in 2006), and (iv) a lump-sum payment equal to the present value of accrued retirement benefits after adding three additional years of benefit accrual, reduced by any vested benefits. In addition, any stock options or stock appreciation rights granted under plans of the Company will become immediately vested and exercisable, and any restrictions on any stock awarded to the key executive by the Company shall lapse.

Table of Contents

If any payments or other benefits payable to an executive under a Key Executive Agreement or otherwise is subject to the excise tax under Code Section 4999 or any similar tax, the Company is obligated under the Key Executive Agreement to pay to the executive an additional amount which, after deduction of any income, withholding and excise tax thereon, equals the excise tax.

The Company has established a benefits protection trust to provide for the payment of benefits to the key executives and to provide for the payment of reasonable legal fees or expenses incurred in good faith by the key executives in enforcing their rights under the Key Executive Agreements or any other benefit plans in which they participate.

The following table summarizes the compensation (including deferred compensation earnings) paid to those Directors who are not employees of the Company and also the awards of RSUs under the 2003 Stock Incentive Plan.

He is (and was during 2006) also Chief Executive Officer and President of Tim Hortons Inc., which was a subsidiary of the Company until it was spun-off on September 29, 2006. He did not receive any fees or equity awards in 2006 for his service as a Director of the Company.
- (4) From January, 2004 to May, 2006, Dr. Kirwan deferred all of his director fees into the Wendy's stock investment option in the Deferred Compensation Plan. During 2006, Dr. Kirwan was credited with 3,645 shares of Wendy's stock in that plan, bringing the balance of his Wendy's shares, as of December 31, 2006 to a total of 5,778 shares in the Deferred Compensation Plan.

Directors who are not employees of the Company or its subsidiaries are paid \$7,500 quarterly, plus \$1,500 for each Board meeting and \$1,250 for each qualified committee meeting attended, including telephonic meetings, for all services, plus expenses. If more than one qualified meeting is held on the same day, a separate fee is paid for each meeting attended. Meetings of the Audit, Compensation and the Nominating and Corporate Governance Committees are qualified meetings, as are meetings of any special committees established from time to time. In addition, for 2006 the Chair of the Audit Committee was paid a retainer of \$2,500 quarterly and the Chair of the Compensation Committee was paid a retainer of \$1,875 quarterly. Beginning in the second quarter of 2007, the Chair of the Audit Committee will be paid a retainer of \$3,750 quarterly and the Chair of the Compensation Committee will be paid a retainer of \$2,500 quarterly.

Until April 26, 2006, Mr. Pickett was paid a retainer of \$1,875 quarterly for his service as Chair of the Nominating and Corporate Governance Committee and an additional retainer of \$1,875 quarterly for his service as lead Director. Beginning with the Company's third fiscal quarter of 2006, Mr. Pickett was paid a retainer of \$25,000 quarterly (in lieu of any other retainers) for his service as Chairman of the Board.

Directors who are not employees of the Company are eligible to participate in the Company's medical healthcare plan and are also reimbursed for expenses related to attendance at director education seminars attended pursuant to the Board's director education program. Directors who are not employees of the Company do not participate in the Company's retirement plans. However, those Directors can elect to participate in the Company's Deferred Compensation Plan (which is described on page 37 above).

In 2006, Directors who were not employees of the Company or its subsidiaries also received an annual award of 2,040 RSUs under the 2003 Stock Incentive Plan. Those RSUs were awarded on May 1 and converted to 4,225 RSUs following the spin-off of Tim Hortons Inc. 25% of the RSUs awarded will vest on each of the first four anniversaries of the award date for those RSUs.

Table of Contents

On May 1, 2006, Mr. Pickett also received an award of 3,247 RSUs for his service as Chairman of the Board. This award converted to 6,725 RSUs following the spin-off of Tim Hortons Inc. on September 29, 2006. The RSUs can be settled only in common shares of the Company and include dividend equivalent rights. 50% of the RSUs will vest on May 1, 2007 and the remaining 50% will vest on May 1, 2008. The vesting dates would be accelerated if the Company is involved in certain change in control transactions as specified in the 2003 Stock Incentive Plan. If Mr. Pickett's service as a Director is terminated for any reason other than death, disability or retirement, any remaining RSUs will be forfeited as of the date of such termination. If his service as a Director is terminated by reason of his death, disability or retirement, all remaining RSUs will vest as of the date of such termination. Dividends on RSUs, payable only as additional RSUs, are credited on all RSUs outstanding as of the dividend payment date. The additional RSUs issued under the terms of the dividend equivalent rights will vest at the same time as the underlying RSUs.

If the 2007 Stock Incentive Plan is approved by shareholders, beginning in 2007, Directors who are not employees of the Company or its subsidiaries will be granted a number of RSUs and related dividend equivalent rights each year on May 1 equal to \$45,000, or such larger amount as may be approved by the Committee prior to the grant date, divided by the fair market value of a share on that date and rounded to the nearest whole share (the "Formula RSUs"). One-third of the Formula RSUs will vest on each of the first three anniversaries of the grant date of the Formula RSUs. Each non-employee Director also will be granted a number of non-qualified stock options each year on May 1 equal to \$45,000, or such larger amount as may be approved by the Committee prior to the grant date, divided by the value of such option and rounded to the nearest whole share. The purchase price for a formula option is the fair market value on the grant date. One-third of the formula options will vest on each of the first three anniversaries of the grant date and such options will remain exercisable for a term not to exceed seven years.

If the 2007 Stock Incentive Plan is not approved by the shareholders at the 2007 Annual Meeting of Shareholders, Directors who are not employees of the Company or its subsidiaries as of May 1 of a year would receive on that date an annual award of 2,040 RSUs under the 2003 Stock Incentive Plan as compensation for future board services. 25% of the RSUs awarded each year would vest on each of the first four anniversaries of the award date for those RSUs.

The following graph compares the yearly percentage change in the Company's cumulative total shareholder return (as measured by dividing (i) the sum of (A) the cumulative amount of all dividends for the measurement period, assuming dividend reinvestment, and (B) the difference between the Company's share price at the end and the beginning of the measurement period; by (ii) the share price at the beginning of the measurement period) against the cumulative total return of the S&P 500 Stock Index and two peer groups of other companies with restaurant operations (excluding the Company) (the Peer Group Index and the Former Peer Group Index). The only difference to the Peer Group Index is that Domino's Pizza, Inc. has been added to the group. The companies which comprise the Peer Group Index reflect the Company's scope of operations and the competitive market in the restaurant industry for senior executive talent. On September 29, 2006, the Company distributed to its shareholders all of the shares of Tim Hortons Inc. common stock that it owned in a stock dividend. The graph below accounts for this stock dividend as though it were paid in cash (\$35.33 value) and reinvested in common shares of the Company.

CERTAIN TRANSACTIONS INVOLVING MANAGEMENT OR 5% SHAREHOLDERS

Effective May 1, 2006, David J. Near assumed the position of Chief Operations Officer at the Company. Mr. Near and his brother, Jason, each have a 50% interest in Pisces Foods, L.P., a franchisee of Wendy's that operates 29 Wendy's restaurants in the Austin, Texas market. As a franchisee of the Company, Pisces Foods, L.P. paid \$1,753,413 in royalties, \$1,315,060 to the advertising fund and \$1,708 in other fees (for all 29 restaurants combined) in fiscal 2006. Pisces Foods, L.P. also purchases in the normal course of its operations certain food products, supplies and other items from the Company on terms similar to those offered to the Company's other franchisees with no preferential terms or provisions. Pisces Foods, L.P. previously entered into the Company's standard franchisee agreement for each restaurant it operates, and the terms of those franchise agreements are similar to the agreements governing the Company's other franchisees with no preferential terms or provisions. In connection with assuming his role at the Company, Mr. Near has relinquished management of the day-to-day operations of Pisces Foods, L.P. to his brother. Notwithstanding the foregoing, David Near expects to continue for the foreseeable future, to retain his ownership interest in Pisces Foods, L.P.

With respect to conflicts of interest that may arise from time to time between the Company and any of the Directors, the Governance Guidelines state that the Board, after consulting with counsel, determines whether conflicts of interest exist on a case-by-case basis, with the objective, among others, that the Directors voting on an issue are not conflicted with respect to that issue. The Directors expect that each of them will disclose actual or potential conflicts to further these objectives. In addition, not less than annually, each Director affirms the existence or absence of actual or potential conflicts and that affirmation is reported to the Nominating and Corporate Governance Committee.

The Board has assigned responsibility for reviewing related party transactions to its Audit Committee. The Audit Committee has adopted a written policy pursuant to which all transactions between the Company or its subsidiaries and any Director or Officer must be submitted to the Audit Committee for consideration prior to the consummation of the transaction. The Audit Committee reports to the Board, for its review, on all related party transactions considered.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Company's Audit Committee has selected PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the current fiscal year. Management expects that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the common shares represented at the meeting in person or by proxy is necessary to ratify the selection of the Company's independent registered public accounting firm for the current year. Under applicable law, listing requirements and the Company's Regulations, abstentions and broker non-votes are counted as present; the effect of an abstention or a broker non-vote is the same as a no vote. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY FOR THE CURRENT YEAR.** Unless otherwise indicated, the persons named in the Proxy will vote all Proxies in favor of ratification. If the selection of PricewaterhouseCoopers LLP is not ratified, the Audit Committee will reconsider the selection of the Company's independent registered public accounting firm.

Even if the selection of PricewaterhouseCoopers LLP is ratified by shareholders, the Audit Committee in its discretion could decide to terminate the engagement of PricewaterhouseCoopers LLP and to engage another firm if the Committee determines such action to be necessary or desirable.

APPROVAL OF THE NEW SENIOR EXECUTIVE ANNUAL PERFORMANCE PLAN

The Compensation Committee has adopted, and the Board of Directors has ratified, subject to the approval of the Company's shareholders, the new Senior Executive Annual Performance Plan, which, if approved, will replace the former Senior Executive Annual Performance Plan, which was in place for fiscal years 2002 through 2006.

The Board of Directors believes that it is desirable to continue the Company's incentive compensation program and recommends that shareholders vote FOR approval of the plan. The plan will become effective upon approval by the Company's shareholders.

The material terms of the plan, including the performance goals, are summarized below. This summary, however, does not purport to be complete and is qualified in its entirety by the terms of the new Senior Executive Annual Performance Plan, which is included as Annex B to this Proxy Statement.

Purpose of Plan

The purpose of the plan is to enhance the Company's ability to attract, motivate, reward and retain key employees, to strengthen their commitment to the success of the Company and to align their interests with those of the Company's shareholders by providing additional compensation, in the form of cash awards based on the achievement of stated performance objectives of the Company and/or its operating units.

Administration

The plan will be administered by the Compensation Committee of the Board or such other committee as may be appointed by the Board to administer the plan (the Committee). The Committee consists entirely of outside directors within the meaning of the Treasury Regulations promulgated under Code Section 162(m). The Committee has full authority to establish and interpret rules and regulations relating to the plan, to select plan participants, to determine the performance objectives and corresponding award opportunities for each participant, to approve all the awards and to make all other determinations and take all other actions necessary or appropriate for the proper administration of the plan.

Eligibility

Generally, all of the Officers of the Company and its subsidiaries are eligible to participate in the plan for any fiscal year. However, participation is limited to those officers selected each fiscal year by the Committee. As of March 5, 2007, only Mrs. Anderson has been designated as a participant in the plan for the 2007 fiscal year.

Determination of Performance Goals and Awards

For each fiscal year, the Committee will determine the performance objectives and the corresponding award opportunities for each participant. Performance objectives may be expressed in terms of (i) earnings per share, (ii) earnings, (iii) return on assets, (iv) return on invested capital, (v) revenue, (vi) operating income, (vii) cash flow, (viii) total shareholder return, (ix) net income, (x) same store sales (measured by volume or percentage growth and for Company, franchised or all stores), (xi) Company restaurant operating margins or (xii) any combination of the foregoing. Any of the performance objectives may be expressed as an objective before specified items. Performance objectives may be expressed as a combination of Company and/or operating unit performance objectives, may be absolute or relative (to prior performance or to the performance of one or more other entities or external indices) and may be expressed in terms of a progression within a specified range.

Generally, a participant earns an award for a fiscal year based on the Company's and/or the applicable operating unit's achievement of the applicable performance objectives. However, the Committee may in its sole discretion decrease (but not increase) the amount of an award that would otherwise be payable to a participant. The maximum award any participant may receive for any fiscal year is \$5 million.

Table of Contents

Adjustments

The Committee may, to the extent permitted under Code Section 162(m) and the Treasury Regulations promulgated thereunder without adversely affecting the treatment of the award as performance-based compensation, provide for the manner in which performance will be measured against the performance objectives or adjust the performance objectives to reflect the impact of specified corporate transactions (such as a stock split or stock dividend), special charges, accounting or tax law changes and other extraordinary or nonrecurring events.

Payment of Awards

As soon as practicable after the close of a fiscal year and prior to the payment of an award, the Committee will review the Company's and/or operating units' performance and certify in writing the extent to which the applicable performance objectives have been achieved. Generally, each award to the extent earned is paid in a single lump sum cash payment as soon as practicable following the Committee's certification, although a participant may elect to defer all or a portion of an award if permitted by a deferred compensation plan adopted by, or an agreement entered into with, the Company or any of its subsidiaries (provided that the deferral does not adversely affect the treatment of the award as performance-based compensation). Except to the extent deferred in compliance with Code Section 409A, all awards are intended to be settled no later than the March 15th immediately following the close of the fiscal year in which such award is made. Generally, no award is payable to a participant unless the participant is employed by the Company or one of its subsidiaries on the payment date. However, if a participant's employment is terminated by reason of the participant's death, disability or retirement after age 60 with 10 years of continuous service with the Company, the participant will be entitled to a pro-rata portion of the award otherwise payable for that year.

Upon a change in control (as defined in the plan) of the Company, the minimum award payable to each participant for the year in which the change in control occurs will be the greatest of (i) the award or bonus paid to the participant for the prior year, (ii) the award amount payable assuming the target level of the performance objectives is achieved, and (iii) the award that would be payable based on the Company's actual performance through the date of the change in control.

In addition, if following a change in control and prior to the payment of awards for the fiscal year in which the change in control occurs, a participant's employment is terminated by the Company without cause or by the participant for good reason (as such terms are defined in the plan), the participant will be entitled to the award otherwise payable for the fiscal year had the participant remained employed with the Company through the payment date of awards for such year. Further, if a participant's employment is terminated without cause prior to a change in control, but the participant can reasonably demonstrate that the termination arose in connection with, or in anticipation of, a change in control, the termination will be treated as if it occurred after a change in control, if a change in control actually occurs.

Amendment and Termination

The Committee may amend or terminate the plan at any time, other than through and including the fiscal year in which a change in control occurs (i) at the request of a third party who has indicated an intention or taken steps reasonably calculated to effect a change in control or (ii) otherwise in connection with a change in control. In addition, no amendment or termination may affect any award made under the plan prior to such amendment or termination.

Certain Federal Income Tax Consequences

For federal income tax purposes, the amount of an award under the plan generally will be includible in income by the recipient and deductible by the Company. Code Section 162(m) generally limits the ability of a publicly-held corporation, such as the Company, to claim a deduction on its federal income tax return for compensation in excess of \$1 million paid for a given fiscal year to the chief executive officer (or person acting in that capacity) at the close of the corporation's fiscal year and the four most highly

Table of Contents

compensated officers of the corporation, other than the chief executive officer, at the end of the corporation's fiscal year. Section 162(m), however, allows a deduction for payments of performance-based compensation, the material terms of which have been disclosed to, and approved by, shareholders. The Company has structured the plan with the intention that compensation paid under it (other than in connection with a change in control of the Company) will be qualified performance-based compensation under Section 162(m) and will be deductible. To qualify, the Company is seeking shareholder approval of the plan.

Under certain circumstances, the payment of an award under the plan in connection with a change in control might be deemed an excess parachute payment for purposes of the golden parachute tax provisions of Code Section 280G. To the extent it is so considered, the recipient may be subject to a 20% excise tax and the Company may be denied a tax deduction. If the executive is a party to a Key Executive Agreement (described beginning on page 39), however, the Company would be obligated under that agreement to pay to the executive an additional amount which, after deduction of any income, withholding and excise tax, equals the excise tax.

New Plan Benefits

As of March 5, 2007, only Mrs. Anderson has been designated as a participant in the plan for the 2007 fiscal year. The following table sets forth the amounts which she will receive for the 2007 fiscal year under the plan, if approved by the shareholders, and the Company achieves its target performance objectives in 2007. The amount paid under the plan for the 2007 fiscal year would increase if the Company exceeds its target performance objectives, and would decrease if the Company does not achieve its target performance objectives. No bonuses would be paid under the plan if the shareholders do not approve the plan or the Company does not achieve threshold performance objectives.

The affirmative vote of the holders of a majority of the common shares that are voted on the proposal is necessary to approve the plan. Under applicable law and the Company's Regulations, the effect of an abstention is the same as a no vote. Broker non-votes will not be counted in determining the number of common shares necessary for approval. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE NEW SENIOR EXECUTIVE ANNUAL PERFORMANCE PLAN.** Unless otherwise indicated, the persons named in the Proxy will vote all Proxies in favor of approving the plan.

APPROVAL OF THE 2007 STOCK INCENTIVE PLAN

The 2007 Stock Incentive Plan (the 2007 Plan) is intended to accomplish four major objectives (i) encourage the judgment, initiative and efforts of employees and Directors who are not employees of the Company (Non-Employee Directors) toward the continuing success of the Company, (ii) increase stock ownership levels of key employees and Non-Employee Directors, (iii) assist the Company in attracting, retaining and motivating key employees and Non-Employee Directors, and (iv) significantly reduce the long-term effect of the equity compensation program on the Company s earnings per share. Key employees may include not only the Executive Officers of the Company but also may include other Officers or employees of the Company who are able to contribute significantly to the success and growth of the Company.

The Compensation Committee has adopted, and the Board of Directors has ratified, subject to approval of the Company s shareholders, the 2007 Plan. The Board of Directors believes that it is desirable to continue the Company s equity compensation program and recommends that shareholders vote FOR approval of the 2007 Plan. The 2007 Plan will become effective upon approval by the Company s shareholders.

The following is a brief summary of the material provisions of the 2007 Plan, which summary is qualified in its entirety by reference to the copy of the 2007 Plan, attached to this Proxy Statement as Annex C.

General Information

The 2007 Plan provides for equity compensation awards in the form of stock options, restricted stock, RSUs, stock appreciation rights, dividend equivalent rights, performance shares, performance units and share awards (collectively, Awards) to eligible employees and Directors of the Company or its subsidiaries. As of March 5, 2007, there are 12 Non-Employee Directors, seven Executive Officers and approximately 6,900 employees, other than Executive Officers, who are eligible to receive Awards under the 2007 Plan.

The Company has three other equity compensation plans under which shares could be issued, the WeShare Stock Option Plan (the WeShare Plan), the 1990 Stock Option Plan (the 1990 Plan) and the 2003 Stock Incentive Plan (the 2003 Plan). As of the end of its fiscal year 2006, the total number of shares that could be issued under those plans was 1,315,084. Of that amount, the total number of shares that could be issued under the 2003 Plan was 817,908 (and only 290,961 of that amount could be awarded as restricted stock, RSUs, performance shares, performance units or share awards, the remainder could only be awarded as stock options or stock appreciation rights). If the 2007 Plan is approved by shareholders, the Company will not make future grants under the WeShare Plan or the 1990 Plan.

Common Shares Available Under the 2007 Plan

The 2007 Plan authorizes up to six million common shares for grants of Awards. The common shares offered under the 2007 Plan may be authorized but unissued shares, treasury shares or any combination thereof. To the extent that any Award based on common shares expires or terminates without having been exercised in full, is forfeited, is settled in cash or is net settled with shares, the common shares allocable to that portion of the Award will be available for other Awards. Also, to the extent that an option is exercised by tendering common shares as payment of the exercise price and/or required tax withholding, the maximum number of shares available under the 2007 Plan will be increased by the number of shares so tendered.

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

The 2007 Plan provides that the maximum number of common shares for which Awards may be granted to any single participant in any calendar year may not exceed 400,000 for performance shares and 400,000 for options and stock appreciation rights, collectively. The dollar amount of cash or the fair market value of common shares that any single participant may receive in any calendar year for performance units denominated in dollars may not exceed \$5 million.

Fair market value under the 2007 Plan is equal to the mean of the high and low prices at which common shares of the Company were traded on the New York Stock Exchange on the relevant date. On March 5, 2007, the fair market value for the common shares of the Company was \$31.09.

Table of Contents

Plan Administration

The 2007 Plan will be administered by the Board's Compensation Committee or such other committee as may be appointed by the Board to administer the 2007 Plan, which will consist of not less than three members of the Board. Each member of the Committee will be a Non-Employee Director (within the meaning of Securities and Exchange Commission Rule 16b-3) and an outside director (within the meaning of Code Section 162(m) and the regulations thereunder) and will satisfy any applicable stock exchange requirements.

The Committee has the authority to select the individuals, including foreign nationals, to whom, and the time or times at which, Awards will be granted, the number of common shares to be subject to each grant, the terms and conditions of each Award, and the duration of leaves of absence which may be granted to participants without constituting a termination of their employment for purposes of the 2007 Plan.

The Committee cannot make any adjustment (other than in connection with a stock dividend, recapitalization or other transaction where an adjustment is permitted or required under the terms of the 2007 Plan) or amendment where the adjustment or amendment would reduce or have the effect of reducing the exercise price of an option or stock appreciation right previously granted under the 2007 Plan, whether through amendment, cancellation, replacement grants or other means, unless the Company's shareholders approve the adjustment or amendment.

Awards under the 2007 Plan

Restricted Stock; Formula RSUs; RSUs

Restricted Stock. The 2007 Plan provides for Awards of restricted stock, which will contain such restrictions, terms and conditions as the Committee shall determine. Unless the Committee determines otherwise, the grantee of an award of restricted stock will have the right to vote the shares and to receive all dividends and other distributions on the shares prior to vesting. However, the Committee may, in its discretion, determine that dividends on the restricted stock will be deferred until the lapsing of the restrictions imposed on the shares and either held in cash or reinvested in shares of restricted stock.

Formula RSUs. Beginning in 2007, each Non-Employee Director will be granted a number of RSUs and related dividend equivalent rights each year on May 1 equal to \$45,000, or such larger amount as may be approved by the Committee prior to the grant date, divided by the fair market value of a share on that date and rounded to the nearest whole share (the Formula RSUs). One-third of the Formula RSUs will vest on each of the first three anniversaries of the grant date of the Formula RSUs. The grantee of an award of Formula RSUs will have no right to vote the shares or to receive dividends and other distributions on the shares prior to vesting. Prior to the first day of the year in which a grant would be made, a Non-Employee Director may irrevocably elect to defer the issuance and delivery of shares to which the Director may become entitled related to that grant until after the termination of such Director's service on the Board.

RSUs. The Committee may make Awards of RSUs under the 2007 Plan, which will represent the right of the grantee to receive a payment upon vesting or on any later date specified by the Committee equal to the fair market value of common shares as of the date the RSU was granted, the vesting date or any other date as determined by the Committee. The Committee may place a limitation on the amount payable in respect of each RSU at the time of grant and may provide for the settlement of RSUs in cash or in common shares.

Stock Options

The 2007 Plan provides both for incentive stock options as defined under Code Section 422 (ISOs) and non-qualified stock options (Non-Qualified Options) (collectively, Options). The 2007 Plan provides that the purchase price for all common shares covered by each Option granted cannot be less than 100% of the fair market value of the common shares on the date of grant. In the case of any ISO granted to an individual who, on the effective date of grant, owns shares possessing more than 10% of the total combined voting power of the Company, the exercise price per share must be at least 110% of the fair market value of the common shares on the date of grant.

Table of Contents

The purchase price for common shares covered by an Option must be paid in full at the time of exercise of the Option by cash or check in United States Dollars, by the delivery of common shares of the Company having a fair market value on the date of exercise equal to the exercise price or by tender of other property acceptable to the Committee.

No individual may be granted ISOs under the 2007 Plan if the grant would cause the aggregate fair market value (determined as of the date the ISOs are granted) of the common shares with respect to which ISOs are exercisable for the first time by the optionee during any calendar year under all stock option plans maintained by the Company and its subsidiaries to exceed \$100,000.

The Committee has the authority to determine the term of an Option, up to a maximum of 10 years, and each option will be exercisable as determined by the Committee. The Committee may accelerate the exercisability of an Option at any time.

At any time after an Option granted under the 2007 Plan becomes exercisable, the Committee has the right, in its sole discretion and without the consent of an optionee, to cancel the Option and pay to the optionee the excess of the fair market value of the common shares covered by the Option over the option exercise price at the date the Committee provides written notice of its intention to exercise the right. Such amount may be paid in cash, common shares of the Company or a combination thereof, as the Committee may determine. To the extent that payment is made in common shares, the number of such common shares will be determined by dividing the amount of the payment to be made by the fair market value of the common shares on the date of the notice of election to the optionee.

Formula Options. Beginning in 2007, each Non-Employee Director will be granted a number of Non-Qualified Options each year on May 1 equal to \$45,000, or such larger amount as may be approved by the Committee prior to the grant date, divided by the value of such option and rounded to the nearest whole share. The purchase price for a Formula Option is the fair market value on the grant date. One-third of the Formula Options will vest on each of the first three anniversaries of the grant date and such options shall remain exercisable for a term not to exceed seven years.

Stock Appreciation Rights

A stock appreciation right (SAR) may be granted under the 2007 Plan either alone or in conjunction with an Option. A SAR related to an Option generally terminates upon the expiration, forfeiture or exercise of the related Option, and is exercisable only to the extent that the related Option is exercisable. The Committee will determine the exercisability, vesting and duration of a SAR unrelated to an Option, provided that the maximum term of a SAR may not exceed 10 years.

Upon the exercise of a SAR related to an Option, the related Option will be canceled to the extent of the number of shares for which the SAR is exercised. Upon exercise of a SAR, the grantee will receive cash, common shares or a combination of both equal to (1) the excess of the fair market value of common shares on the date the SAR was granted or, if the SAR is related to an Option, the option price, times (2) the number of shares as to which the SAR is being exercised. At the time of grant, the Committee may place a limitation on the amount payable upon exercise of a SAR.

Performance Shares; Performance Units

Performance Shares. Performance shares are common shares issued to eligible individuals under the 2007 Plan, which shares will become vested on the terms, conditions and satisfaction of performance objectives as the Committee may determine. Unless the Committee determines otherwise, the grantee of an award of performance shares will have the right to vote the performance shares and to receive all dividends and other distributions on the performance shares prior to vesting. However, the Committee may, in its discretion, determine that dividends on the performance shares will be deferred until the lapsing of the restrictions imposed on the performance shares and either held in cash or reinvested in performance shares.

Table of Contents

Performance Units. The value of a performance unit may be denominated in common shares or a specified dollar amount. Each performance unit will represent the right to receive, in the case of share-denominated units, the fair market value of a share (or a percentage thereof (which may be more than 100%) depending on the level of Performance Objective (defined below) attainment) on the date the performance unit was granted, the date the performance unit became vested or any other date specified by the Committee or, in the case of dollar-denominated units, the specified dollar amount (or a percentage thereof (which may be more than 100%) depending on the level of Performance Objective attainment). At the time of grant, the Committee may place a limitation on the maximum amount payable in respect of a vested performance unit. Payment may be made in common shares, cash, or a combination thereof, including restricted stock if the Committee so determines at the time of grant.

Performance Objectives

Performance objectives applicable to performance shares or performance units may be expressed in terms of earnings per share, earnings, return on assets, return on invested capital, revenue, operating income, cash flow, total shareholder return, net income, same store sales (measured by volume or percentage growth and for Company, franchised or all stores), Company restaurant operating margins or any combination thereof. Any of these performance objectives may be expressed as an objective before specified items and may be in respect of the performance of the Company, any of its subsidiaries, operating units or combination thereof (the Performance Objectives). The Committee has the power to modify the Performance Objectives after they have been established as may be appropriate, including, for example, to reflect specified corporate transactions, accounting or tax law changes and other extraordinary or nonrecurring events. However, no modification may be made if it would adversely affect the treatment of any performance award as performance-based compensation within the meaning of Code Section 162(m) and the regulations thereunder. Prior to the lapse of restrictions on performance shares or the payout in respect of performance units to an individual who is subject to Section 162(m), the Committee must certify the extent to which the Performance Objectives have been satisfied.

Dividend Equivalent Rights

Dividend equivalent rights may be granted in conjunction with another Award or as a separate Award. Grantees of dividend equivalent rights will be entitled to receive payments in single or multiple installments, as determined by the Committee, equivalent to all or some portion of the cash dividends payable with respect to common shares (as specified in the applicable Award agreement). Payments may be made in cash, common shares or a combination thereof. Amounts payable in respect of dividend equivalent rights may be payable currently or, if applicable, deferred until the lapsing of restrictions on the dividend equivalent rights or until the vesting, exercise, payment, settlement or other lapse of restrictions on the Award to which the dividend equivalent rights relate. If the amounts payable are deferred, the Committee will determine whether the deferred amounts are to be held in cash, reinvested in shares or deemed notionally to be reinvested in shares.

Share Awards

The Committee may grant an Award of common shares as additional compensation for services rendered or in lieu of cash or other compensation to which an eligible employee or Non-Employee Director is entitled. Grants of share awards will be made on the terms and conditions as the Committee may determine in its discretion.

Performance-Based Compensation

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

Unless otherwise provided in an Award agreement, each Option, SAR, performance share and performance unit granted under the 2007 Plan is intended to constitute performance-based compensation within the meaning of Code Section 162(m)(4)(c) and the regulations thereunder. The Committee will not be entitled to exercise any discretion otherwise authorized under the 2007 Plan with respect to Awards intended to constitute performance-based compensation if the ability to exercise or the exercise of the discretion would cause the compensation attributable to the Awards to fail to qualify as performance-based compensation.

Deferral of Payments or Vesting

The Committee may provide for the deferral of the issuance or vesting in common shares or the payment of cash in respect of an Award granted under the 2007 Plan. The terms of any such deferral will be set forth in the applicable Award agreement and will be done in a manner that maintains an exemption from, or that complies with, Code Section 409A.

Amendment and Termination

The Board of Directors may amend or terminate the 2007 Plan at any time. However, the Board will not make any change in the Awards that will impair the rights of the grantee therein without the consent of the grantee.

Change in Control

The 2007 Plan contains provisions concerning the treatment of Awards upon a change in control (as defined in the 2007 Plan). These provisions will apply unless the Committee determines otherwise in an applicable Award agreement or in an employment or other agreement between the grantee and the Company.

In the event of a change in control as defined in Section 29.6(A) or (B) of the 2007 Plan and (i) a grantee's employment is terminated without cause by the Company or a grantee terminates employment with the Company for good reason (as such terms are defined in the 2007 Plan) or (ii) a grantee who is a Non-Employee Director terminates service on the Board in connection with or as a result of such change in control, provided that each such termination occurs within a period beginning on the date of such change in control and ending on the third anniversary of such change in control, then all Options, Formula Options and SARs held by the grantee will become immediately exercisable and may be exercised for a period of one year following the termination (but in no event beyond the maximum term of the Option, Formula Option or SAR). In addition, all restrictions on outstanding restricted stock will lapse and RSUs and Formula RSUs will become fully vested. All restrictions on outstanding performance shares will lapse and outstanding performance units will become vested, in each case as if all Performance Objectives had been satisfied at the highest level by the Company and the grantee. Further, with respect to performance units, the grantee will be entitled to receive a cash payment within 30 days after such termination in respect of the performance units which became vested.

In the event of a change in control as defined in Section 29.6(C) of the 2007 Plan (e.g., certain mergers, consolidations or reorganizations, liquidations, dissolutions or a sale or other disposition of all or substantially all of the assets of the Company) regardless of whether the grantee is terminated, all Options, Formula Options and SARs will become immediately exercisable. In addition, all restrictions on outstanding restricted stock will lapse and RSUs and Formula RSUs will become fully vested. All restrictions on outstanding performance shares will lapse and outstanding performance units will become vested, in each case as if all Performance Objectives had been satisfied at the highest level by the Company and the grantee. Further, with respect to performance units, the grantee will be entitled to receive a cash payment within 30 days after such termination in respect of the performance units which became vested. In the event of a change in control as defined in Section 29.6(C) of the 2007 Plan and if (i) a grantee's employment is terminated without cause by the Company or if a grantee terminates employment with the Company for good reason (as such terms are defined in the 2007 Plan) or (ii) a grantee who is a Non-Employee Director terminates service on the Board in connection with or as a result of such change in control, provided that each such termination occurs within a period beginning on the date of such change in control and ending on the third anniversary of such change in control, all Options, Formula Options and SARs held by the grantee on the date of such change in control may be exercised for a period of one year following the termination (but in no event beyond the maximum term of the Option, Formula Option or SAR).

Adjustments

The 2007 Plan provides that the Committee will determine the appropriate adjustments to outstanding Awards and the shares available for future Awards in connection with a reclassification, recapitalization, merger, consolidation, reorganization, spin-off, split-up, issuance of warrants or rights or debentures, stock dividend, stock split, reverse stock split, cash dividend, property dividend, combination or exchange of shares, repurchase of shares, change in corporate structure or otherwise (a "Change in Capitalization"). Adjustments may be made to the number and class of common shares of the Company or other stock or securities which are subject to outstanding Awards granted under the 2007 Plan, the maximum number and class of common shares of the Company or other stock or securities which may be granted under the 2007 Plan or to any individual in any calendar year, and the Performance Objectives applicable to performance shares and performance units. If the grantee of an Award is entitled to new, additional or different shares of securities of the Company or any other corporation by reason of a Change in Capitalization, the new, additional or different shares will be subject to all of the conditions, restrictions and performance criteria which were applicable to the common shares subject to the Award prior to the Change in Capitalization.

In the event of a liquidation, dissolution, merger or consolidation of the Company (a "Transaction"), outstanding Awards will be treated as provided for in the agreement entered into in connection with the Transaction or, if not so provided in the agreement, grantees will be entitled to receive the same consideration that each holder of a common share of the Company was entitled to receive in the Transaction in respect of a common share. However, the consideration will remain subject to all of the conditions, restrictions and performance criteria which were applicable to the Awards prior to the transaction.

Transferability

Awards granted under the 2007 Plan are generally non-transferable and, in the case of Options and SARs, may be exercised, during a grantee's lifetime, only by the grantee. However, in the case of Options, if the grantee becomes incapacitated or if the option agreement so provides, the optionee's legal representative or estate may exercise the Option during the grantee's lifetime.

Termination of Employment

The 2007 Plan contains provisions concerning the treatment of Awards upon termination of employment. These provisions will apply unless the Committee determines otherwise in an applicable Award agreement.

Under these provisions, in the event of a grantee's death or disability, the grantee's Options, Formula Options and SARs will become immediately exercisable and may be exercised for a period of one year following death or disability (but in no event beyond the maximum term of the Option, Formula Option or SAR). If the grantee dies within 90 days after termination of employment, or services as a Non-Employee Director, the grantee's Options, Formula Options and SARs that were vested on the date of termination may be exercised for a period of one year following such termination (but in no event beyond the maximum term of the Option, Formula Option or SAR). The grantee's performance shares and performance units will remain outstanding and the grantee will be entitled to a pro rata portion of the payment otherwise payable in respect of the performance shares or units on the date the performance shares or units would have been paid if the grantee had remained employed with the Company or a subsidiary. Finally, the grantee's restricted stock, RSUs and Formula RSUs will become immediately vested.

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

In the event that a grantee who is an employee of the Company or a subsidiary retires after attaining age 60 with at least 10 years of service, or in the event that a grantee who is a Director retires after attaining age 60 with at least three years of service as a Board member, the grantee's Options, Formula Options and SARs will remain outstanding for a period of 48 months (but in no event beyond the maximum term of the Option, Formula Option or SAR) and unvested Options, Formula Options and SARs will continue to vest in accordance with the applicable vesting schedule. The grantee's performance shares and performance units will remain outstanding and the grantee will be entitled to a pro rata portion of the payment otherwise payable in respect of the performance shares or units on the date the performance shares or units would

Table of Contents

have been paid if the grantee had remained employed with the Company or a subsidiary. Finally, the grantee's restricted stock, RSUs and Formula RSUs will become immediately vested.

In the event that a grantee's employment with the Company is terminated without cause in connection with a disposition of one or more restaurants or other assets by the Company or its subsidiaries, or in connection with a sale or other disposition of a subsidiary, the grantee's Options and SARs will remain outstanding for one year and unvested Options and SARs will continue to vest in accordance with the applicable vesting schedule. The grantee's performance shares and performance units will remain outstanding and the grantee will be entitled to a pro rata portion of the payment otherwise payable in respect of the performance shares or units on the date the performance shares or units would have been paid if the grantee had remained employed with the Company or a subsidiary. Finally, the grantee's restricted stock and RSUs will become immediately vested.

In the event that a grantee's service as a Non-Employee Director or employment with the Company or its subsidiaries terminates for any reason other than those described above, all Awards that the grantee holds will be forfeited immediately unless otherwise determined by the Committee at any time prior to or after termination with the grantee's consent.

Forfeiture for Misconduct

In the event that a grantee has used for profit or disclosed to unauthorized persons confidential information or trade secrets of the Company or its subsidiaries, breached any contract with or violated any fiduciary obligation to the Company or its subsidiaries, engaged in unlawful trading in the securities of the Company or its subsidiaries or another company based on information gained as a result of that grantee's employment or directorship with the Company or its subsidiaries, all Awards that the grantee holds will automatically be forfeited, unless the Committee determines otherwise.

Tax Withholding

If a grantee recognizes taxable income in connection with the receipt of common shares or cash under the 2007 Plan, the grantee will pay the federal, state and local income taxes and other amounts required by law to be withheld by the Company in connection with the receipt prior to the issuance of the shares or payment of the cash. The grantee may elect that the Company withhold a portion of the common shares issuable with a fair market value equal to the amount of withholding taxes in satisfaction of the obligation to pay the withholding taxes.

Federal Income Tax Consequences

Based on current provisions of the Code and the existing regulations thereunder, the anticipated federal income tax consequences in respect of Options granted under the 2007 Plan are as described below. The following discussion is not intended to be a complete statement of applicable law and is based on the federal income tax laws as in effect on the date hereof.

ISOs

An optionee who is granted an ISO does not recognize taxable income either on the date of grant or on the date of exercise. Upon the exercise of an ISO, the difference between the fair market value of the common shares of the Company received and the option price is a tax preference item potentially subject to the alternative minimum tax. However, on the later sale or other disposition of the common shares, generally only the difference between the fair market value of the common shares on the exercise date and the amount realized on the sale or disposition is includable in alternative minimum taxable income.

Upon disposition of common shares acquired from the exercise of an ISO, long-term capital gain or loss is generally recognized in an amount equal to the difference between the amount realized on the sale or disposition and the exercise price. However, if the optionee disposes of the common shares within two years of the date of grant or within one year of the date of the transfer of the common shares to the optionee

Table of Contents

(a Disqualifying Disposition), then the optionee will recognize ordinary income, as opposed to capital gain, at the time of disposition. In general, the amount of ordinary income recognized will be equal to the lesser of (a) the amount of gain realized on the disposition, or (b) the difference between the fair market value of the common shares received on the date of exercise and the exercise price. Any remaining gain or loss is treated as a short-term or long-term capital gain or loss, depending on the period of time the common shares have been held. The Company is not entitled to a tax deduction upon either the exercise of an ISO or the disposition of common shares acquired pursuant to the exercise of an ISO, except to the extent that the optionee recognizes ordinary income in a Disqualifying Disposition.

If an optionee pays the exercise price, in whole or in part, with previously acquired common shares, the exchange should not affect the ISO tax treatment of the exercise. Upon the exchange, and except as otherwise described herein, no gain or loss is recognized by the optionee upon delivering previously acquired common shares to the Company as payment of the exercise price. The common shares received by the optionee, equal in number to the previously acquired common shares exchanged therefor, will have the same basis and holding period for long-term capital gain purposes as the previously acquired common shares. The optionee, however, will not be able to utilize the prior holding period for the purpose of satisfying the ISO statutory holding period requirements. Common shares received by the optionee in excess of the number of previously acquired common shares will have a basis of zero and a holding period which commences as of the date the common shares are transferred to the optionee upon exercise of the ISO. If the exercise of any ISO is effected using common shares previously acquired through the exercise of an ISO, the exchange of the previously acquired common shares will be considered a disposition of the common shares for the purpose of determining whether a Disqualifying Disposition has occurred.

Non-Qualified Options

An optionee receiving a Non-Qualified Option does not recognize taxable income on the date of grant of the Non-Qualified Option, provided that the Non-Qualified Option does not have a readily ascertainable fair market value at the time it is granted. In general, the optionee must recognize ordinary income at the time of exercise of the Non-Qualified Option in the amount of the difference between the fair market value of the common shares of the Company on the date of exercise and the option price. The ordinary income recognized will constitute compensation for which tax withholding generally will be required. The amount of ordinary income recognized by an optionee will be deductible by the Company in the year that the optionee recognizes the income if the Company complies with the applicable withholding requirement. Common shares acquired upon the exercise of a Non-Qualified Option will have a tax basis equal to their fair market value on the exercise date or other relevant date on which ordinary income is recognized, and the holding period for the common shares generally will begin on the date of exercise or such other relevant date. Upon subsequent disposition of the common shares, the optionee will recognize long-term capital gain or loss if the optionee has held the common shares for more than one year prior to disposition, or short-term capital gain or loss if the optionee has held the common shares for one year or less. If an optionee pays the exercise price, in whole or in part, with previously acquired common shares, the optionee will recognize ordinary income in the amount by which the fair market value of the common shares received exceeds the exercise price. The optionee will not recognize gain or loss upon delivering the previously acquired common shares to the Company. Common shares received by an optionee, equal in number to the previously acquired common shares exchanged therefor, will have the same basis and holding period for long-term capital gain purposes as the previously acquired common shares. Common shares received by an optionee in excess of the number of such previously acquired common shares will have a basis equal to the fair market value of the additional common shares as of the date ordinary income is recognized. The holding period for the additional common shares will commence as of the date of exercise or such other relevant date.

Tax Treatment Upon a Change in Control

Under certain circumstances, the payment of an award under the 2007 Plan in connection with a change in control might be deemed an excess parachute payment for purposes of the golden parachute tax provisions of Code Section 280G. To the extent it is so considered, the recipient may be subject to a 20% excise tax and the Company may be denied a tax deduction. If the executive is a party to a Key Executive

Table of Contents

Agreement (described beginning on page 39), however, the Company would be obligated under that agreement to pay to the executive an additional amount which, after deduction of any income, withholding and excise tax, equals the excise tax.

Performance Based Compensation

For federal income tax purposes, the amount of an award under the 2007 Plan generally will be includible in income by the recipient and deductible by the Company. Code Section 162(m) generally limits the ability of a publicly-held corporation, such as the Company, to claim a deduction on its federal income tax return for compensation in excess of \$1 million paid for a given fiscal year to the chief executive officer (or person acting in that capacity) at the close of the corporation's fiscal year and the four most highly compensated officers of the corporation, other than the chief executive officer, at the end of the corporation's fiscal year. Section 162(m), however, allows a deduction for payments of performance-based compensation, the material terms of which have been disclosed to, and approved by, shareholders. The Company has structured the 2007 Plan with the intention that compensation paid under it (other than in connection with a change in control of the Company) will be qualified performance-based compensation under Section 162(m) and will be deductible. To qualify, the Company is seeking shareholder approval of the 2007 Plan.

New Plan Benefits

The Committee awarded performance units to Mrs. Anderson under the 2007 Plan, subject to approval of the 2007 Plan by the Company's shareholders. Non-Employee Directors will be granted Formula RSUs and Formula Options as described above, if the 2007 Plan is approved by the Company's shareholders. The following table sets forth the amounts Mrs. Anderson and the Non-Employee Directors as a group will receive for the 2007 fiscal year if the 2007 Plan is approved. The Committee has not made awards to other Executive Officers or employees under the 2007 Plan and therefore amounts that could be awarded are not determinable.

(2) If the 2007 Plan is approved by shareholders, Formula Options and Formula RSUs will be awarded on May 1, 2007 to each Non-Employee Director. The terms of these awards are described on pages 49 and 50.

Vote Required

The affirmative vote of the holders of a majority of the common shares that are voted on the proposal is necessary to approve the 2007 Plan. Under applicable law, listing requirements and the Company's Regulations, the effect of an abstention is the same as a no vote. Broker non-votes will not be counted in determining the number of common shares necessary for approval. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE PROPOSAL TO ADOPT THE 2007 PLAN.** Unless otherwise indicated, the persons named in the Proxy will vote all Proxies in favor of the proposal to adopt the 2007 Plan.

SHAREHOLDER PROPOSALS

Set forth below are three shareholder proposals received by the Company for the Annual Meeting of Shareholders. As required by rules of the SEC, the text of the shareholder proposals and supporting statements appear as submitted to the Company by the shareholders. The Board of Directors and the Company accept no responsibility for the contents of the proposals or supporting statements. The Board of Directors has recommended a vote against each of these proposals for the broader policy reasons set forth following each proposal.

SHAREHOLDER PROPOSAL NO. 1

The Adrian Dominican Sisters, 1257 East Siena Heights Drive, Adrian, Michigan 49221-1793, owner of 100 common shares of the Company, has notified the Company that it intends to propose the following resolution at the Annual Meeting of Shareholders:

Label Products of Cloning or Genetic Engineering

A similar proposal in 2006 received over 17% shareholder vote in support.

Management's Response

The Board of Directors recommends a vote AGAINST this Shareholder Proposal.

The proponent submitted a similar labeling proposal in 2006 and in 2005 it requested the Board to issue a report to the shareholders regarding the scope of Company products that are genetically engineered, environmental impacts of genetically engineered products, a plan for removal of genetically engineered products should circumstances require and evidence of the long-term safety of genetically engineered food products. The 2006 and 2005 proposals were both defeated.

The Company is committed to food safety as its highest priority and understands and supports its customers' interest in food safety matters. Menu offerings include a wide variety of products that are derived from products or ingredients produced by the agricultural industry. The Company firmly believes that all of the food products served in its restaurants, including those that may contain genetically engineered ingredients, are safe. Furthermore, the Company relies on the United States Food & Drug Administration (FDA), the Environmental Protection Agency and the Biotechnology Regulatory Services of the U.S. Department of Agriculture, which are charged with protecting the health and safety of the public and the environment, to properly evaluate and make judgments about environmental and health risks regarding crops derived through biotechnology. The Company believes that these regulatory authorities have not found any meaningful safety, health or environmental risks posed by genetically engineered food products commercially used in the U.S. The Company, nonetheless, has monitored and intends to continue to actively monitor developments in agricultural biotechnology. The Company has and intends to continue to engage a third party consulting firm to review and keep the Company current on all new, evolving scientific and regulatory developments. In addition, the Company has supported, and intends to continue its support of, initiatives issued by the regulatory authorities to ensure that food served at the Company's restaurants is safe for consumers.

The Company is aware of the concerns of some who oppose the use of biotechnology-derived crops in agriculture, and who seek the widespread adoption of food labeling to identify foods produced through biotechnology. There are also strong contrary views of those who believe that such crops are fundamentally safe, will benefit humanity and the environment by increasing the world's food supply and decreasing the use of pesticides, and, therefore, labeling of such foods is unnecessary. The Company believes that the determination of whether labeling requirements should be adopted and implemented with respect to biotechnology-derived foods is more appropriately addressed under regulatory authority and leadership on an industry-wide basis, including food producers, processors, distributors and sellers (not just restaurants), and based on the

Edgar Filing: WENDYS INTERNATIONAL INC - Form DEF 14A

scientific evaluation and decision of regulatory authorities. It would be an imprudent expenditure of the Company's limited resources to require its management to devote time, attention and funds to research the complex issues involved and institute the labeling policy requested by the proposal.

At present, the FDA does not require that foods produced through biotechnology be labeled unless, as a result of the biotechnology process: the food is significantly different from its traditional counterpart such

Table of Contents

that the common or usual name no longer adequately describes the new food; an issue exists for the food or a constituent of the food regarding how the food is used or the consequences of its use; a bioengineered food has a significantly different nutritional property; or a new food includes an allergen that consumers would not expect to be present based on the name of the food.

The Company understands that the use of genetic engineering with respect to certain staple foods, such as corn and soybeans, is widespread in the United States. Even when these foods are produced in an unmodified form, under current practices, they are combined with other biotechnology-derived foods during storage, distribution and processing. It would be difficult and costly, if not impossible in the absence of federal laws and regulations, for the Company to require its vendors to identify those of the Company's products that are derived from biotechnology-derived ingredients. As such, the proposal's request that the Board of Directors adopt a policy to identify and label all food products sold by the Company that may contain genetically engineered ingredients is not feasible or practical.

The proponent's proposal presents additional practical problems in light of the nature of the Company's business. The Company is a system of quick-service restaurants, and the food products sold by the Company, such as hamburgers and chicken sandwiches made to order with a variety of condiments, salads, potatoes, French fries, chili, etc., are prepared and sold as ready-to-eat. These products are not conducive to product labeling in the same manner as unprepared, pre-packaged food.

Because it would be virtually impossible to determine which menu items may contain genetically engineered ingredients, as discussed above, any label would necessarily state that such foods may contain genetically engineered ingredients. Because the labeling of genetically engineered ingredients is not generally required, a universal label such as the foregoing would not further a customer's understanding of which foods contain genetically engineered ingredients, but would rather create confusion among customers and potentially place the Company at a competitive disadvantage to those companies that do not label their products in such a manner.

The Company emphasizes that it is committed to the use of only those products and ingredients in its food that meet its high quality and safety standards. Because genetically engineered food products continue to be the subject of scientific and regulatory attention, any directive regarding the identification and general labeling of genetically engineered ingredients should come from regulatory authorities. The Company will continue to monitor, and is committed to continued compliance with, laws and regulations with respect to the identification and labeling of genetically engineered food.

With respect to labeling food products derived from cloned animals, the Company is still monitoring the developments of animal cloning. At present, the Company does not serve any food products derived from cloned animals. In December 2006, the FDA issued a draft risk assessment report concluding that meat and milk from clones of adult cattle, pigs and goats, and their offspring, are as safe to eat as food from conventionally bred animals. The FDA noted, however, that its release of the report on animal cloning marked the beginning of its interaction with the public on these issues, and the FDA was continuing to ask producers of clones and livestock breeders to voluntarily refrain from introducing food products from these animals into commerce so that it will have the opportunity to consider the public's comments and to issue any final documents as warranted. The Company believes that labeling food products derived from cloned animals presents feasibility and practicability issues similar to those discussed above relating to labeling food products containing genetically engineered ingredients.

In summary, the Company opposes this proposal because it is not feasible for the Company to identify those of its food products that contain genetically engineered ingredients and because any labeling policy should be adopted and implemented under regulatory authority and leadership on an industry-wide basis. Any label developed in the absence of such guidance would necessarily be so general in nature that it would be uninformative and potentially misleading to consumers and place the Company at a competitive disadvantage. Moreover, if the Company were to undertake to implement this proposal despite its impracticality, it would require the Company to expend significant funds and assume business risks without the prospect of advancing food safety as a result. In addition, based on current available

Table of Contents

information, any proposal calling for the labeling of food products derived from cloned animals seems premature. Thus, compliance with this proposal would be costly and time-intensive and would not result in any additional benefit to shareholders.

Accordingly, **the Board of Directors recommends that shareholders vote AGAINST this Shareholder Proposal.**

Vote Required

The affirmative vote of a majority of the common shares that are voted on this Shareholder Proposal is necessary to adopt this Shareholder Proposal. Abstentions and broker non-votes will not be counted in determining the number of common shares necessary for approval. Unless otherwise indicated, the persons named in the Proxy will vote all Proxies against the preceding Shareholder Proposal.

SHAREHOLDER PROPOSAL NO. 2

Domini Social Investments, 536 Broadway, 7th Floor, New York, NY 10012-3915, manager of a portfolio of funds holding 27,300 common shares of the Company, and the General Board of Pension and Health Benefits of the United Methodist Church, 1201 Davis Street, Evanston, IL 60201-4118, owner of 15,243 common shares of the Company, have notified the Company that they intend to propose the following resolution at the Annual Meeting of Shareholders:

SUSTAINABILITY REPORT

Whereas:

Investors increasingly seek disclosure of companies' social and environmental practices in the belief that they impact shareholder value. Many investors believe companies that are good employers, environmental stewards, and corporate citizens are more likely to be accepted in their communities and to prosper long-term. Increasingly, major investment firms are subscribing to research on companies' social and environmental practices.

Sustainability refers to development that meets present needs without impairing the ability of future generations to meet their own needs. The Dow Jones Sustainability Group defines corporate sustainability as a business approach that creates long-term shareholder value by embracing opportunities and managing risks deriving from economic, environmental and social developments.

Globally, approximately 2,000 companies produce reports on sustainability issues (www.corporateregister.com), including our company's largest competitor, McDonald's. McDonald's states that reporting its social and environmental performance helps to maintain its customers' trust, and that companies that lose the trust of their customers lose those customers' business forever. McDonald's describes this trust as one of their greatest competitive advantages.

Last year, Wendy's website presented previously disparate information sources in one section entitled "Corporate Responsibility," noting that the company would expand and evolve its report over time. A 2006 shareholder proposal asking our company for a sustainability report expressed concern that this report lacked substantive measures of social and environmental performance. That proposal received a noteworthy 38% vote and was supported by Institutional Shareholder Services (ISS), a leading proxy advisory service.

In its recommendation for support of our proposal, ISS noted that the report does not specifically address a number of key environment, health and safety, and economic issues in detail. ... As such, we believe that more comprehensive reporting on sustainability issues will benefit Wendy's by helping the Company to better assess the financial risks that certain issues pose to its business and the Company's future growth.

Since last year, Wendy's sustainability report has contracted, rather than expanded. In our view, this report continues to fall far short of the report requested by this resolution, lacking substantive and quantitative measures of Wendy's social and environmental performance.

Table of Contents

RESOLVED: Shareholders request that the Board of Directors issue a sustainability report to shareholders, at reasonable cost, and omitting proprietary information, by September 1, 2007.

Supporting Statement

The report should include Wendy's definition of sustainability, as well as a company-wide review of company policies, practices, and indicators related to measuring long-term social and environmental sustainability.

We recommend that Wendy's use the Global Reporting Initiative (GRI) Sustainability Reporting Guidelines (The Guidelines) to prepare the report. GRI (www.globalreporting.org) is an international organization with multi-stakeholder representation. The Guidelines provide guidance on report content, including performance in six categories (economic, environmental, labor practices and decent work conditions, human rights, society, and product responsibility) and provide a flexible reporting system that can be tailored to company operations. McDonald's uses the Guidelines to prepare its sustainability reports.

Management's Response

The Board of Directors recommends a vote AGAINST this Shareholder Proposal.

A similar shareholder proposal submitted in 2006 was defeated by the shareholders.

The Company believes that sustainable development is good for business, and the Company is focused on the long-term aspects of its operations. In 2005, the Company published its inaugural Corporate Responsibility Report, publicly available on its investor website at www.wendys-invest.com under the heading "Corporate Responsibility". The Company believes that it has substantially fulfilled the proponent's request for a sustainability report by publishing the Corporate Responsibility Report. The Company's Corporate Responsibility Report contains many of the items called for by the proponent. For example, the proponent requests that the sustainability report should include a definition of sustainability. Under the heading "Sustainability", the Company's Corporate Responsibility Report states:

Wendy's International, Inc. defines sustainability as a focus on the long-term, rather than short-term, growth of people, communities, ecosystems and businesses. Sustainable growth is a measured development that meets the needs of the present without compromising the ability of future generations to meet their own needs. We believe sustainable development is good for business and, accordingly, we focus on the long-term aspects of our operations. Our goal is always to be a positive, permanent fixture in the communities where we operate.

The proponent also requests the Company to include in the sustainability report a company-wide review of policies, practices and indicators that measure long-term sustainability. The Company's Corporate Responsibility Report discloses information related to workplace safety and employment practices, nutrition, ethical standards, community relations and charitable support, animal welfare policies, environmental efforts and financial performance. Based on the disclosures contained in the Company's Corporate Responsibility Report, the Company believes that it has substantially fulfilled the proponent's request for a sustainability report.

The proponents correctly note that the Company's Corporate Responsibility Report has contracted from prior years. The primary reason for this contraction is that in 2006 the Company spun-off Tim Hortons and sold its Baja Fresh concept. These corporate transactions were part of the initiatives undertaken by the Company to enhance shareholder value in fiscal 2006. Upon completing these corporate transactions, the Company removed all of the information previously included in its Corporate Responsibility Report related to Tim Hortons and Baja Fresh. As a result, the Corporate Responsibility Report is now a leaner report focused primarily on the sustainability initiatives of the Wendy's Old Fashioned Hamburgers concept.

The Company acknowledges that it has not prepared its Corporate Responsibility Report in strict compliance with the GRI Guidelines as recommended by the proponent. The GRI Guidelines are a one

Table of Contents

size fits all , complex, vague and voluminous set of metrics that would require substantial time and funds to adhere to. The proposal does not convey the burden on human resources or the considerable expense involved in preparing a report using the GRI Guidelines other than to note that the sustainability report should be prepared at reasonable cost. Information previously available on GRI's website referenced in the proposal stated that nine companies (each of which responded to a survey conducted by GRI) spent an average of more than \$600,000 in preparing sustainability reports using the GRI Guidelines with one entity spending \$3 million on its sustainability report. The proponents state that globally approximately 2,000 companies produce reports on sustainability issues; however, according to the register database on GRI's website, as of January 2007 only about 110 U.S. companies have produced such reports and only 15 U.S. companies have produced sustainability reports in accordance with GRI's complex standards. The Company is not prepared to use its limited funds and resources to be number 16 on the list.

The Company does not believe that shareholders would be benefited by having the Company expend hundreds of thousands of dollars on preparing a separate sustainability report in accordance with a costly and complex set of guidelines. Instead, the Company intends to allocate its limited resources and assets to the continued development and enhancement of the Corporate Responsibility Report in a prudent manner consistent with the exercise of business judgment. A separate sustainability report as requested by the proponent would merely duplicate the information that is already provided and easily accessible by our shareholders and the public. Thus, the Company believes that preparing a separate sustainability report would be costly, time-intensive and duplicative of the Company's existing Corporate Responsibility Report. Preparing a separate sustainability report would not result in any additional benefit to shareholders and would constitute a waste of Company funds and resources.

Accordingly, **the Board of Directors recommends that shareholders vote AGAINST this Shareholder Proposal.**

Vote Required

The affirmative vote of a majority of the common shares that are voted on this Shareholder Proposal is necessary to adopt this Shareholder Proposal. Abstentions and broker non-votes will not be counted in determining the number of common shares necessary for approval. Unless otherwise indicated, the persons named in the Proxy will vote all Proxies against the preceding Shareholder Proposal.

SHAREHOLDER PROPOSAL NO. 3

People for the Ethical Treatment of Animals (PETA), 501 Front Street, Norfolk, Virginia 23510, owner of 120 common shares of the Company, have notified the Company that they intend to propose the following resolution at the Annual Meeting of Shareholders:

Report on Controlled-Atmosphere Killing

RESOLVED, in order to harmonize Wendy's policies with its actions, shareholders request that the board of directors issue a report to shareholders on the feasibility of requiring its suppliers to phase in controlled-atmosphere killing (CAK) the least cruel form of poultry slaughter available. This report should be prepared by the end of October 2007 at a reasonable cost and should omit proprietary information.

SUPPORTING STATEMENT

Every chicken sold at Wendy's is killed using the electric immobilization process, which involves dumping and shackling live birds, shocking them in an electrified water bath, slitting their throats, and defeathering them in tanks of scalding-hot water. Electric immobilization lowers product quality and is cruel:

- Birds suffer broken bones, bruising, and hemorrhaging when they are dumped and shackled, which lowers meat quality.
- Birds flap about, and many miss the stun baths entirely; those who are shocked and merely immobilized and still feel pain afterward. Many birds also miss the killing blades. This means that

Table of Contents

live birds enter the scalding tanks, which decreases yield since these birds are condemned. It also increases contamination (live birds defecate in tanks). According to the United States Department of Agriculture Food Safety and Inspection Service, poultry products are more likely to be adulterated if...they are produced from birds that have not been treated humanely[.] 70 Fed. Reg. 56624.

- Workers handle live birds at every stage. Consequently, abuse has been documented at the plants of America's top poultry suppliers including one where workers were found stomping on live birds, spitting tobacco into their eyes, and spray-painting their faces.

CAK is USDA-approved and improves product quality, yield and animal welfare:

- With CAK, birds are placed into chambers while they are still in their transport crates, where their oxygen is replaced with inert gasses (i.e., argon and nitrogen), efficiently and gently putting them to sleep.
- CAK improves product quality by lowering rates of broken bones, bruising, and contamination; increases shelf life by slowing down the decaying process; eliminates the possibility that conscious birds will be scalded to death (which would decrease contamination and increase yield); and eliminates the possibility of workers abusing the animals since birds are dead before being handled.
- Every published review of CAK including one conducted by McDonald's concludes that it is superior to electric immobilization with regard to animal welfare, as does Dr. Temple Grandin, a meat-industry advisor touted by Wendy's on its Web site.

Although CAK improves product quality and the treatment of animals, Wendy's only makes vague statements alleging movement toward implementing it (i.e., that the company continues to work with its chicken suppliers to ensure that the newest slaughter procedures are thoroughly tested ... evaluated and ... implemented). Wendy's has not shown shareholders or the public any meaningful or verifiable evidence of this movement. In this regard, Wendy's is behind some of its competitors, including McDonald's, Denny's and CKE Restaurants (owner of Hardee's and Carl's Jr.), which have all shown concrete movement toward CAK.

Management's Response

The Board of Directors recommends a vote AGAINST this Shareholder Proposal.

The proponent submitted a similar shareholder proposal in 2005 that was soundly defeated.

The Company's first priority has always been the safety and quality of its products. The Company is committed to the humane treatment of animals. The Company does not own, raise, transport or process livestock. However, it contracts with suppliers who perform these functions and the Company believes it has the obligation to ensure that each of its suppliers exceeds government regulations by meeting the Company's more exacting standards pertaining to the humane treatment of animals. The Company believes that handling animals in a humane manner, and preventing neglect or abuse, is the right thing to do.

The Company actively works with its suppliers to research, evaluate and implement advances in the science of animal handling and care. The Company has a long-standing policy with respect to the humane treatment of animals and of working with its suppliers to ensure humane animal handling and care. The Company's animal welfare principles and responsibilities are published on its investor website under the heading

Corporate Responsibility at www.wendys-invest.com and its animal welfare program fact sheet is available on its website under Community at www.wendys.com.

The Company is continually working with its suppliers to ensure that the newest slaughter procedures are thoroughly tested and scientifically evaluated and, if satisfactory to the Company and its suppliers, implemented by its suppliers. Certain of the Company's suppliers have already evaluated, and continue to evaluate, controlled atmosphere stunning. These evaluations considered a number of factors, including: animal welfare; scientific research and studies; production methods used commercially both in the U.S. and internationally; food safety and product quality; the safety of humans involved in the slaughter process; technical difficulties in operating

Table of Contents

equipment and procedures; environmental factors and expected costs. The Company's suppliers currently believe that the research is incomplete and inconclusive as to whether controlled atmosphere stunning is a better and more humane method of stunning than conventional stunning methods. Moreover, the Company's suppliers believe that further research should be conducted to evaluate controlled atmosphere stunning and its effects on food safety and product quality issues. Notably, the McDonald's report referenced by the proponent in its proposal does not endorse implementation of controlled atmosphere stunning, but concludes application of controlled atmosphere stunning in commercial environments is still in the early stage of development, and therefore, it is premature to make any commitment on future actions at this time.

The Company's commitment, leadership and results with respect to animal welfare matters are well established, and recognized, within the industry. The Company works hard to be a good corporate citizen and is a strong advocate of good animal handling practices. Its policies are designed to help to achieve humane treatment of animals. It has been, and will continue to be, committed to upholding and abiding by its established policies and principles. In addition, the Company continually monitors its suppliers for compliance with the policies it establishes. Based on the testing results and scientific data currently available, the Company and its suppliers do not consider it prudent to implement controlled atmosphere stunning at this time. Moreover, the Company believes that the feasibility report requested is unnecessary and would not result in any additional benefit to shareholders. The proposed report would be costly and time-intensive, and is duplicative of many existing policies, initiatives and efforts.

Accordingly, **the Board of Directors recommends that the shareholders vote AGAINST this Shareholder Proposal.**

Vote Required

The affirmative vote of a majority of the common shares that are voted on this Shareholder Proposal is necessary to adopt this Shareholder Proposal. Abstentions and broker non-votes will not be counted in determining the number of common shares necessary for approval. Unless otherwise indicated, the persons named in the Proxy will vote all Proxies against the preceding Shareholder Proposal.

Householding of Annual Meeting Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Proxy Statement, or if you are receiving multiple copies of the Proxy Statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request addressed to Investor Relations Department, P.O. Box 256, 4288 West Dublin-Granville Road, Dublin, Ohio 43017-0256, by calling Investor Relations at 614-764-3138 or by sending an e-mail to Investor Relations at investor_relations@wendys.com. The Company will deliver promptly, upon written or oral request, a separate copy of the Proxy Statement to a registered shareholder at a shared address to which a single copy of the document was delivered.

General Information

A COPY OF FORM 10-K AS FILED WITH THE SEC WILL BE SENT TO ANY SHAREHOLDER WITHOUT CHARGE UPON WRITTEN REQUEST ADDRESSED TO INVESTOR RELATIONS DEPARTMENT, P. O. BOX 256, 4288 WEST DUBLIN-GRANVILLE ROAD, DUBLIN, OHIO 43017-0256.

Management knows of no other business which may be properly brought before the Annual Meeting of Shareholders. However, if any other matters shall properly come before such meeting, it is the intention of the persons named in the enclosed Proxy to vote such Proxy in accordance with their best judgment on such matters.

IT IS IMPORTANT THAT PROXIES BE RETURNED PROMPTLY. THEREFORE, WHETHER OR NOT YOU EXPECT TO ATTEND THE MEETING IN PERSON, YOU ARE URGED TO FILL IN, SIGN AND RETURN THE PROXY IN THE ENCLOSED STAMPED, SELF-ADDRESSED ENVELOPE, OR TO VOTE ELECTRONICALLY AS DESCRIBED ON PAGE 1 OF THIS PROXY STATEMENT.

V. RESPONSIBILITIES

The Committee members, as directors and as articulated in the Governance Guidelines, will exercise their business judgment in a manner they reasonably believe to be in the best interests of the Company and its shareholders. Committee members are entitled to rely on the honesty and integrity of the Company's executives and its outside advisors and auditors to the fullest extent permitted by law. - A. In addition to such other duties as the Board may from time to time assign, the Committee shall have the following responsibilities:
1. The Committee shall annually approve, and will disclose to the Board and to the shareholders, the independent public accountants to be engaged for the examination of the consolidated financial statements of the Company and its subsidiaries for the next fiscal year. On an annual basis, the Committee shall evaluate the independent public accountants' qualifications, performance and independence. To assist in this undertaking, the Committee shall require the independent public accountants to submit a report (which report shall be reviewed by the Committee) describing (a) the independent public accountants' internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the accounting firm or by any inquiry or investigations by governmental or professional authorities (within the preceding five years) respecting one or more independent audits carried out by the independent public accountants, and any steps taken to resolve any such issues and (c) all relationships the independent public accountants have with the Company and relevant third parties to determine the independent public accountants' independence. In making its determination, the Committee shall consider not only auditing and other traditional accounting functions performed by the independent public accountants, but also consulting, legal, information technology services and other professional services rendered by the independent public accountants and their affiliates. The Committee shall also consider whether the provision of any of these non-audit services is compatible with the independence standards under the guidelines of the SEC and of the Independence Standards Board and shall approve in advance any non-audit services to be provided by the independent public accountants. The Committee shall have the ultimate authority to discharge the independent public accountants.
 2. The Committee shall review the independent public accountants' proposed audit scope and approach, the fees therefor, and discuss the results of the audit for each fiscal year with the independent public accountants and appropriate management representatives. The Committee shall establish and maintain guidelines for the retention of the independent auditors for any non-audit service and the fee for such service and shall determine procedures for the approval of the audit and non-audit services in advance. The Committee shall, in accordance with such procedures, approve in advance any audit or non-audit service provided to the Company by the independent auditors, all as required by applicable law or listing standards. The Committee has adopted and may amend, from time to time, its pre-approval policy with respect to the pre-approving audit and non-audit services to be performed by the independent public accountants.
 3. The Committee shall review and discuss with management and the independent public accountants the Company's annual audited financial statements and quarterly financial statements (including disclosures under the section entitled "Management's Discussion and Analysis of Financial Condition and Results of Operation") and any reports or other financial information submitted to any governmental body, or the public, including any certification, report, opinion or review rendered by the independent public accountants of the Company, considering, as appropriate, whether the information contained in these documents is consistent with the information contained in the financial statements and whether the independent public accountants and legal counsel are satisfied with the disclosure and content of such documents. These discussions shall include consideration of the quality of the

Company's accounting principles as applied in its financial reporting, including review of audit adjustments (whether or not recorded) and any such other inquiries as may be appropriate. Based on the review, the Committee shall make its recommendation to the Board as to the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K) and review and consider with the outside auditors the matters required to be discussed by generally accepted auditing standards.

4. The Committee shall discuss with management policies with respect to risk assessment and risk management. Although it is management's duty to assess and manage the Company's exposure to risk, the Committee should discuss guidelines and policies to govern the process by which risk assessment and management is handled and review the steps management has taken to monitor and control the Company's risk exposure.
5. The Committee shall have oversight responsibility for the Company's internal audit functions.
6. The Committee shall discuss with management and the internal auditors the quality and adequacy of the Company's system of internal controls over financial reporting and its disclosure controls and procedures. The Committee shall discuss with the independent public accountants any significant matters regarding internal controls over financial reporting that have come to their attention during the conduct of their audit.
7. The Committee shall review any request by Company management for a second opinion on a significant accounting issue, any changes in accounting or financial reporting practices and any other significant unusual events which impact the financial statements of the Company.
8. The Committee shall review on an annual basis the experience and qualifications of the senior members of the audit engagement team and discuss the knowledge and experience of the independent public accountants and the senior members of the audit engagement team with respect to the Company's industry. The Committee shall ensure the regular rotation of the lead audit partner and audit review partner as required by law and consider whether there should be a periodic rotation of the Company's independent public accountants. In addition, the Committee shall establish and periodically review hiring policies for employees or former employees of the independent public accountants.
9. The Committee shall review with the independent public accountants any problems or difficulties the auditor may have encountered and any management or internal control letter provided by the independent public accountants and the Company's response to that letter. Such review should include:
 - i. any difficulties encountered in the course of the audit work, including any restrictions on the scope of activities or access to requested information and any significant disagreements with management;
 - ii. any accounting adjustments that were proposed by the independent public accountants that were not agreed to by the Company;
 - iii. communications between the independent public accountants and its national office regarding any significant issues or matters that otherwise are required to be disclosed to the Committee on which it was consulted by the audit team and matters of audit quality and consistency;
 - iv. any changes required in the planned scope of the internal audit; and

- v. the responsibilities, budget and staffing of the Company's internal audit function.
10. The Committee shall communicate with the independent public accountants regarding (a) alternative treatments of financial information within the parameters of generally accepted accounting principles, (b) critical accounting policies and practices to be used in preparing the audit report and (c) such other matters as the SEC and the New York Stock Exchange may direct by rule or regulation.

11. The Committee shall periodically discuss with the chief executive officer and chief financial officer (a) significant deficiencies in the design or operation of the internal controls that could adversely affect the Company's ability to record, process, summarize and report financial data and (b) any fraud that involves management or other employees who have a significant role in the Company's internal controls. In addition, the Committee shall undertake to inquire of the independent public accountants whether any officer or director of the Company, or any person acting under their direction, has sought to fraudulently influence, coerce, manipulate or mislead the independent public accountants for purposes of rendering the Company's financial statements materially misleading.
 12. The Committee shall prepare the report required by the rules of the SEC to be included in the Company's annual proxy statement.
 13. The Committee shall review and discuss with management earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies. The Committee need not discuss in advance each earnings release but should generally discuss the types of information to be disclosed and the type of presentation to be made in any earnings release or guidance. In addition, the Committee shall review the regular internal reports to management prepared by the internal auditors and management's response thereto.
 14. The Committee shall review with management and the independent public accountants the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements. The Committee shall also consider the independent public accountants' judgments about the quality and appropriateness of the Company's accounting principles as applied in its financial reporting and consider alternative accounting principles and estimates.
 15. The Committee shall annually review major issues regarding the Company's auditing and accounting principles and practices and its presentation of financial statements, including the adequacy of internal controls and special audit steps adopted in light of material internal control deficiencies. In addition, the Committee shall review all analyses prepared by management and/or the independent public accountants of significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including any analysis of the effect of alternative generally accepted accounting principle methods on the Company's financial statements.
 16. The Committee shall establish procedures for receiving accounting complaints and concerns and anonymous submissions from employees and others regarding questionable accounting matters.
 17. Review management's annual assessment of the effectiveness of the Company's internal control over financial reporting and the independent public accountant's attestation report regarding such assessment.
 18. Review with the internal auditors, the Controller and other appropriate management the effectiveness of controls relating to officer expenses and perquisites.
- B. To the extent the Board determines to seek shareholder ratification of the Committee's selection of the Company's independent public accountants, the Committee will consider such ratification or failure to ratify as a factor in discharging its federally mandated duty in connection with selection and engagement of the Company's independent public accountants.
- C. The independent public accountants shall be ultimately accountable to the Committee. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent public accountants.

VI. ANNUAL EVALUATION

The Committee shall annually assess its performance to confirm that it is meeting its responsibilities under this Charter. In this review, the Committee shall consider, among other things, (a) the appropriateness of the scope and content of this Charter, (b) the appropriateness of matters presented for information and approval, (c) the sufficiency of time for consideration of agenda items, (d) the frequency and length of meetings and (e) the quality of written materials and presentations. The Committee may recommend to the Board such changes to this Charter as the Committee deems appropriate.

VII. MISCELLANEOUS

Nothing contained in this Charter is intended to expand applicable standards of liability under statutory or regulatory requirements for the directors of the Company or members of the Committee. The purposes and responsibilities outlined in this Charter are meant to serve as guidelines rather than as inflexible rules and the Committee is encouraged to adopt such additional procedures and standards as it deems necessary from time to time to fulfill its responsibilities. This Charter is intended to be consistent with and supplemented by the Board's Principles of Governance and Governance Guidelines. This Charter is, and any amendments thereto will be, displayed on the Company's website and a printed copy will be made available to any shareholder of the Company who requests such.

To this end, the Plan provides a means of rewarding participants based on the performance of the Company and/or its Operating Units.

2. **Administration.** The Plan shall be administered by the Committee. The Committee shall have full authority to establish the rules and regulations relating to the Plan, to interpret the Plan and those rules and regulations, to select Participants in the Plan, to determine the Performance Objectives of the Company and/or Operating Units and corresponding Award opportunities for each Participant for each fiscal year, to approve all Awards, to decide the facts in any case arising under the Plan and to make all other determinations and to take all other actions necessary or appropriate for the proper administration of the Plan, including the delegation of such authority or power, where appropriate; *provided, however*, that the Committee shall not be authorized to increase the amount of any Award payable to a Participant that would otherwise be payable pursuant to the terms of the Plan but may in its sole discretion decrease the amount of an Award that would otherwise be payable to a Participant pursuant to the terms of the Plan, and *provided, further*, that the Committee shall only exercise such discretion over the Plan and the Awards granted thereunder to the extent permitted under Section 162(m) of the Code and the regulations thereunder without adversely affecting the treatment of the Awards as Performance-Based Compensation. The Committee's administration of the Plan, including all such rules and regulations, interpretations, selections, determinations, approvals, decisions, delegations, amendments, terminations and other actions, shall be final and binding on the Company, its stockholders and the Participants and their beneficiaries.

3. **Eligible Officers.** Generally, all Officers are eligible to participate in the Plan for any fiscal year. However, participation shall be limited to those Officers selected by the Committee to participate in the Plan for each fiscal year in accordance with Section 4.

4. **Determination of Awards.** For each fiscal year, the Committee shall establish in writing by the earlier of (a) the date on which one-quarter of the fiscal year has elapsed or (b) the date which is 90 days after the commencement of the fiscal year, and in any event while performance relating to Performance Objectives remains substantially uncertain, the Officers who shall be Participants during such fiscal year, the Performance Objectives and the corresponding Award opportunities for each Participant for the fiscal year, including the extent to which Awards will be payable for performance between each level of the Performance Objectives. The Committee may determine that different Performance Objectives are applicable to different Participants with respect to a specific fiscal year. The Company shall notify each Participant of the applicable Performance Objective for such Participant and his or her corresponding Award opportunities for each fiscal year. The maximum Award any Participant may receive for any fiscal year is \$5 million.

5. **Payment of Awards.** As soon as practicable after the close of a fiscal year and prior to the payment of any Award, the Committee shall review the Company's and/or Operating Units' performance and certify in writing the extent to which the applicable Performance Objectives have been achieved. Each Award to the extent earned shall be paid in a single lump sum cash payment, less applicable withholding taxes, as soon as practicable following the Committee's certification described in the preceding sentence. Payments under this Plan are intended to qualify as short-term deferrals under Code Section 409A and shall be made no later than the March 15th immediately following the close of the fiscal year in which such Award was made; *provided, however*, that any payment that is delayed due to an unforeseeable event, as that term may be defined in regulations issued under Code Section 409A, shall be paid as soon as practicable. Notwithstanding the foregoing,

Table of Contents

a Participant may elect to defer all or a portion of any Award otherwise payable in accordance with this Section, if permitted pursuant to a deferred compensation plan adopted by, or an agreement entered into with, the Company or any of its subsidiaries, provided that such deferral does not adversely affect the treatment of the Award as Performance-Based Compensation.

6. **Termination of Employment.** No Award for a fiscal year shall be payable to any Participant unless he or she is employed by the Company or one of its subsidiaries on the payment date for Awards payable in respect of the fiscal year, unless the Participant's employment was terminated because of his or her (a) death, (b) disability or (c) retirement after attaining age 60 and the completion of 10 years of continuous service with the Company, in which event the Participant will be entitled to a pro-rata portion (which shall be calculated based on the ratio of the number of calendar days worked in the fiscal year to the total number of calendar days in the fiscal year) of the Award otherwise payable in respect of that fiscal year, subject to the Committee's discretion in the first proviso of Section 2 hereof.

7. **Change in Control.** Notwithstanding any provision in the Plan to the contrary, upon the occurrence of a Change in Control of the Company, the following provisions shall apply:

(a) The minimum Award payable to each Participant in respect of the fiscal year in which the Change in Control occurs shall be the greatest of:

(i) the Award or other annual bonus paid or payable to the Participant in respect of the fiscal year prior to the year in which the Change in Control occurs;

(ii) the Award amount that would be payable to the Participant assuming that the Company achieved the target level of the Performance Objectives for such fiscal year; and

(iii) the Award amount that would be payable to the Participant based on the Company's actual performance and achievement of applicable Performance Objectives for such fiscal year through the date of the Change in Control.

(b) Notwithstanding anything to the contrary contained herein, in the event that following the date of a Change in Control and prior to the payment date for Awards payable in respect of the fiscal year in which the Change in Control occurs a Participant's employment is terminated by the Company and its subsidiaries without Cause or by the Participant for Good Reason, such Participant shall be entitled to receive the Award otherwise payable pursuant to the terms of the Plan in respect of that fiscal year as if he or she had remained in the employ of the Company through the payment date for Awards payable in respect of such fiscal year.

(c) If a Participant's employment is terminated by the Company and its subsidiaries without Cause prior to the date of a Change in Control but the Participant reasonably demonstrates that the termination (i) was at the request of a third party who has indicated an intention or taken steps reasonably calculated to effect a Change in Control or (ii) otherwise arose in connection with, or in anticipation of, a Change in Control which has been threatened or proposed, such termination shall be deemed to have occurred after a Change in Control for purposes of this Agreement provided a Change in Control shall actually have occurred.

8. **Adjustments.** The Committee may, at the time Performance Objectives are determined for a fiscal year, or at any time prior to the final determination of Awards in respect of such fiscal year to the extent permitted under Section 162(m) of the Code and the regulations promulgated thereunder without adversely affecting the treatment of the Award as Performance-Based Compensation, provide for the manner in which performance will be measured against the Performance Objectives (or to the extent permitted under Section 162(m) of the Code and the regulations promulgated thereunder without adversely affecting the treatment of an Award as Performance-Based Compensation, may adjust the Performance Objectives) to reflect the impact of specified corporate transactions (such as a stock split or stock dividend), special charges, accounting or tax law changes and other extraordinary or nonrecurring events.

9. **Designation of Beneficiary.** In the event of a Participant's death prior to full payment of any Award hereunder, unless such Participant shall have designated a beneficiary or beneficiaries in accordance with this

Table of Contents

Section 9, payment of any Award due under the Plan shall be made to the Participant's estate. A beneficiary designation under this Plan, or revocation of a prior beneficiary designation, will be effective only if it is made in writing on a form provided by the Company, signed by the Participant and received by the Benefits Department of the Company. If a beneficiary has been designated under this Plan and such beneficiary dies prior to receiving any payment of an Award or if such designation shall for any reason be illegal or ineffective, Awards payable under the Plan shall be paid to the Participant's estate.

10. Amendment or Termination. The Committee may amend or terminate the Plan at any time in its discretion; *provided, however*, that no amendment or termination of the Plan may affect any Award made under the Plan prior to that time; and *provided further, however*, that the Plan may not be amended or terminated through and including the fiscal year in which a Change in Control occurs (a) at the request of a third party who has indicated an intention or taken steps reasonably calculated to effect a Change in Control or (b) otherwise in connection with, or in anticipation of, a Change in Control which has been threatened or proposed, in either case provided a Change in Control shall actually have occurred.

11. Miscellaneous Provisions.

(a) Neither the establishment of this Plan, nor any action taken hereunder, shall be construed as giving any Officer or any Participant any right to be retained in the employ of the Company or any of its subsidiaries.

(b) A Participant's rights and interests under the Plan may not be assigned or transferred, except as provided in Section 9, and any attempted assignment or transfer shall be null and void and shall extinguish, in the Company's sole discretion, the Company's obligation under the Plan to pay Awards with respect to the Participant.

(c) The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund, or to make any other segregation of assets, to assure payment of Awards.

(d) The Company shall have the right to deduct from Awards paid any taxes or other amounts required by law to be withheld.

(e) Nothing contained in the Plan shall limit or affect in any manner or degree the normal and usual powers of management, exercised by the officers and the Board or committees thereof, to change the duties or the character of employment of any employee of the Company or any of its subsidiaries or to remove the individual from the employment of the Company or any of its subsidiaries at any time, all of which rights and powers are expressly reserved.

(f) The adoption of the Plan is subject to the approval of the shareholders of the Company.

12. Definitions.

(a) Award shall mean the cash incentive award earned by a Participant under the Plan for any fiscal year.

(b) Base Salary shall mean the Participant's annual base salary actually paid by the Company and/or any of its subsidiaries and received by the Participant during the applicable fiscal year. Annual base salary does not include (i) Awards under the Plan, (ii) long-term incentive awards, (iii) signing bonuses or any similar bonuses, (iv) imputed income from such programs as executive life insurance, or (v) nonrecurring earnings such as moving expenses, and is based on salary earnings before reductions for such items as contributions under Sections 125 or 401(k) of the Code or pursuant to any nonqualified deferred compensation plan or agreement.

(c) Board shall mean the Board of Directors of the Company.

(d) Cause shall mean the termination of a Participant's employment by reason of the Board's good faith determination that the Participant (i) willfully and continually failed to substantially perform his or her duties with the Company (other than a failure resulting from the Participant's incapacity due to physical or

Table of Contents

mental illness) after a written demand for substantial performance is delivered to the Participant by the Board which specifically identifies the manner in which the Board believes that the Participant has not substantially performed his or her duties and such failure substantially to perform continues for at least fourteen (14) days, or (ii) has willfully engaged in conduct which is demonstrably and materially injurious to the Company, monetarily or otherwise, or (iii) has otherwise materially breached the terms of his or her employment agreement with the Company, if applicable (each, an Employment Agreement) (including, without limitation, a voluntary termination of the Participant s employment by the Participant during the term of such Employment Agreement). No act, nor failure to act, on the Participant s part, shall be considered willful unless he or she has acted, or failed to act, with an absence of good faith and without a reasonable belief that his or her action or failure to act was in the best interest of the Company. Notwithstanding the foregoing, the Participant s employment shall not be deemed to have been terminated for Cause unless and until (A) there shall have been delivered to the Participant a copy of a written notice setting forth that the Participant was guilty of conduct set forth above in clause (i), (ii) or (iii) of the first sentence of this definition and specifying the particulars thereof in detail, and (B) the Participant shall have been provided an opportunity to be heard by the Board (with the assistance of Participant s counsel).

(e) Change in Control shall mean the occurrence during the term of the Plan of:

(i) An acquisition (other than directly from the Company) of any common stock or other voting securities of the Company entitled to vote generally for the election of directors (the Voting Securities) by any Person (as the term person is used for purposes of Section 13(d) or 14(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act)), immediately after which such Person has Beneficial Ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of thirty percent (30%) or more of the then outstanding shares of the Company s common stock or the combined voting power of the Company s then outstanding Voting Securities; *provided, however*, in determining whether a Change in Control has occurred, Voting Securities which are acquired in a Non-Control Acquisition (as hereinafter defined) shall not constitute an acquisition which would cause a Change in Control. A Non-Control Acquisition shall mean an acquisition by (A) an employee benefit plan (or a trust forming a part thereof) maintained by (1) the Company or (2) any corporation or other Person of which a majority of its voting power or its voting equity securities or equity interest is owned, directly or indirectly, by the Company (for purposes of this definition, a Subsidiary) (B) the Company or its Subsidiaries, or (C) any Person in connection with a Non-Control Transaction (as hereinafter defined);

(ii) The individuals who, as of the date the Board adopted the Plan, are members of the Board (the Incumbent Board), cease for any reason to constitute at least seventy percent (70%) of the members of the Board; *provided, however*, that if the election, or nomination for election by the Company s common stockholders, of any new director was approved by a vote of at least two-thirds of the Incumbent Board, such new director shall, for purposes of this Plan, be considered as a member of the Incumbent Board; *provided further, however*, that no individual shall be considered a member of the Incumbent Board if such individual initially assumed office as a result of an actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board (a Proxy Contest) including by reason of any agreement intended to avoid or settle any Proxy Contest; or

(iii) The consummation of:

(A) A merger, consolidation or reorganization with or into the Company or a Subsidiary, or in which securities of the Company are issued (a Merger), unless such Merger is a Non-Control Transaction. A Non-Control Transaction shall mean a Merger if:

(1) the stockholders of the Company immediately before such Merger own directly or indirectly immediately following such Merger at least seventy percent (70%) of the combined voting power of the outstanding voting securities of the corporation resulting from such Merger (the Surviving Corporation) in substantially the same proportion as their ownership of the Voting Securities immediately before such Merger,

(2) the individuals who were members of the Incumbent Board immediately prior to the execution of the agreement providing for such Merger constitute at least two-thirds of the members of the board

of directors of the Surviving Corporation, or a corporation beneficially directly or indirectly owning a majority of the Voting Securities of the Surviving Corporation, and

(3) no Person other than (i) the Company, (ii) any Subsidiary, (iii) any employee benefit plan (or any trust forming a part thereof) that immediately prior to such Merger was maintained by the Company or any Subsidiary, or (iv) any Person who, immediately prior to such Merger had Beneficial Ownership of thirty percent (30%) or more of the then outstanding Voting Securities or common stock of the Company, has Beneficial Ownership of thirty percent (30%) or more of the combined voting power of the Surviving Corporation's then outstanding voting securities or its common stock.

(B) A complete liquidation or dissolution of the Company; or

(C) The sale or other disposition of all or substantially all of the assets of the Company to any Person (other than a transfer to a Subsidiary).

Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any Person (the Subject Person) acquired Beneficial Ownership of more than the permitted amount of the then outstanding common stock or Voting Securities as a result of the acquisition of common stock or Voting Securities by the Company which, by reducing the number of shares of common stock or Voting Securities then outstanding, increases the proportional number of shares Beneficially Owned by the Subject Persons, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of common stock or Voting Securities by the Company, and after such share acquisition by the Company, the Subject Person becomes the Beneficial Owner of any additional common stock or Voting Securities which increase the percentage of the then outstanding Voting Securities Beneficially Owned by the Subject Person, then a Change in Control shall occur.

(f) Code shall mean the Internal Revenue Code of 1986, as amended.

(g) Committee shall mean the Compensation Committee of the Board or such other committee appointed by the Board from time to time to administer the Plan and to perform the functions set forth herein. The Committee shall consist of at least two (2) members, each of whom shall be an outside director within the meaning of the regulations promulgated under Section 162(m) of the Code; *provided, however*, that for purposes of this sentence, if one or more members of the Committee is not an outside director and each member that is not an outside director recuses himself or herself or abstains from voting, with respect to a particular action taken by the Committee, then the Committee, with respect to that action, shall be deemed to consist only of the members of the Committee who have not recused themselves or abstained from voting.

(h) Good Reason shall mean the occurrence after a Change in Control of any of the following events or conditions without the Participant's express written consent:

(i) a change in the Participant's status, title, position or responsibilities (including reporting responsibilities) which, in the Participant's reasonable judgment, does not represent a promotion from his or her status, title, position or responsibilities as in effect immediately prior thereto; the assignment to the Participant of any duties or responsibilities which, in the Participant's reasonable judgment, are inconsistent with such status, title, position or responsibilities; or any removal of the Participant from or failure to reappoint or reelect him or her to any of such positions, except in connection with the termination of his or her employment for disability, for Cause, as a result of his or her death or by the Participant other than for Good Reason;

(ii) a reduction by the Company in the Participant's Base Salary as in effect immediately prior to the Change in Control or as the same may be increased from time to time, or a failure to increase Participant's Base Salary as of his or her established annual salary review date in any calendar year by a percentage at least as great as the annual increase in the Consumer Price Index for All Urban Consumers and for All Items most recently published by the United States Bureau of Labor Statistics prior to such salary review date;

(iii) the Company's requiring the Participant to be based at any place outside a 30-mile radius from the Participant's business office location immediately prior to the Change in Control, except for reasonably required travel on Company business which is not materially greater than such travel requirements prior to the Change in Control;

(iv) the failure by the Company to continue to provide the Participant with compensation and benefits substantially similar (in terms of benefit levels and/or reward opportunities) to those provided for under the Participant's Employment Agreement, if applicable, and those provided to him or her under any of the employee benefit plans in which the Participant becomes a participant, or the taking of any action by the Company which would directly or indirectly materially reduce any of such benefits or deprive the Participant of any material fringe benefit enjoyed by him or her at the time of the Change in Control;

(v) any material breach by the Company of any provision of the Participant's Employment Agreement with the Company, if applicable; and

(vi) the failure of the Company to notify the Participant within the 30-day period following any transfer of business and assets to any other person by merger, consolidation, sale of assets or otherwise, that the Company has obtained a satisfactory agreement from a successor or assign of the Company to assume and agree to perform the Participant's Employment Agreement.

(i) Officer shall mean any officer of the Company or any of its subsidiaries.

(j) Operating Unit, for any fiscal year, shall mean a division, Company subsidiary, group, product line or product line grouping for which an income statement reflecting sales and operating income is produced.

(k) Participant, for any fiscal year, shall mean an Officer selected by the Committee to participate in the Plan for such fiscal year.

(l) Performance-Based Compensation shall mean performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code and the regulations promulgated thereunder.

(m) Performance Objectives, for any fiscal year, shall mean one or more financial performance objectives of the Company and/or Operating Unit(s) established by the Committee in accordance with Section 4, which may include threshold Performance Objectives, target Performance Objectives and maximum Award Performance Objectives. Performance Objectives may be expressed in terms of earnings per share, earnings, return on assets, return on invested capital, revenue, operating income, cash flow, total shareholder return, net income, same store sales (measured by volume or percentage growth and for company, franchised or all stores), Company restaurant operating margins, or any combination thereof. Any of these Performance Objectives may be expressed as an objective before specified items. Performance Objectives may be expressed as a combination of Company and/or Operating Unit(s) Performance Objectives and may be absolute or relative (to prior performance or to the performance of one or more other entities or external indices) and may be expressed in terms of a progression within a specified range.

Annex C

WENDY S INTERNATIONAL, INC.

2007 STOCK INCENTIVE PLAN

Section 1. Purpose. The purpose of this Wendy s International, Inc. 2007 Stock Incentive Plan (the Plan) is to strengthen Wendy s International, Inc. (the Company) by providing an incentive to the employees and directors of the Company and its subsidiaries (the Subsidiaries) and thereby encouraging them to devote their abilities and industry to the success of the Company s business enterprise. It is intended that this purpose be achieved by extending to employees (including future employees who have received a formal written offer of employment) and directors of the Company and its Subsidiaries an added long-term incentive for high levels of performance and unusual efforts through the grant of Restricted Stock, Options, Stock Appreciation Rights, Dividend Equivalent Rights, Performance Awards, Share Awards and Stock Units (as each term is herein defined).

Section 2. Administration of the Plan.

2.1 **Committee Composition; Powers.** The Board shall appoint a committee (the Committee) of not less than three (3) members of the Board to administer the Plan. The members of the Committee shall serve at the pleasure of the Board, which shall have the power at any time, or from time to time, to remove members from the Committee or to add members thereto. Each member of the Committee shall be a Non-Employee Director and an Outside Director and shall satisfy any applicable stock exchange requirements. The Committee shall construe and interpret the Plan, establish such operating guidelines and rules as it deems necessary for the proper administration of the Plan and make such determinations and take such other action in connection with the Plan as it deems necessary and advisable. It shall determine the Eligible Individuals to whom and the time or times at which Awards and Options shall be granted, the number of Shares to be subject to each Award and Option, the terms and conditions of each Award and Option (and amendments thereto) and the duration of leaves of absence which may be granted to Grantees and Optionees without constituting a termination of their employment, or status as a director for purposes of the Plan. Any such construction, interpretation, rule, determination or other action taken by the Committee pursuant to the Plan shall be final, binding and conclusive on all interested parties, including without limitation the Company and all Grantees and Optionees.

2.2 **Committee Action.** Actions by a majority of the Committee at a meeting at which a quorum is present, or actions approved in writing by all of the members of the Committee, shall be the valid acts of the Committee. Subject to applicable law, the Committee may delegate its authority under the Plan to any other person or persons. No member of the Board or the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Award or Option granted under it.

2.3 **No Repricing of Options or Stock Appreciation Rights.** The Committee shall have no authority to make any adjustment (other than in connection with a stock dividend, recapitalization or other transaction where an adjustment is permitted or required under the terms of the Plan) or amendment, and no such adjustment or amendment shall be made, that reduces or would have the effect of reducing the exercise price of an Option or Stock Appreciation Right previously granted under the Plan, whether through amendment, cancellation or replacement grants, or other means, unless the Company s shareholders shall have approved such adjustment or amendment.

Section 3. Maximum Number of Shares Subject to Plan.

3.1 **Number of Shares Authorized for Issuance.** Subject to any adjustment as provided in the Plan, the Shares to be issued under the Plan may be, in whole or in part, authorized but unissued Shares or issued Shares which shall have been reacquired by the Company and held by it as treasury shares. The aggregate number of Shares that may be made the subject of Awards or Options granted under the Plan shall not exceed 6,000,000. The number of Shares that may be the subject of Options and Stock Appreciation Rights granted to an Eligible

Table of Contents

Individual in any calendar year may not exceed 400,000 Shares. The number of Shares that may be the subject of Performance Shares granted to an Eligible Individual in any calendar year may not exceed 200,000 Shares. The dollar amount of cash or the Fair Market Value of Shares that any Eligible Individual may receive in any calendar year in respect of Performance Units denominated in dollars may not exceed \$5,000,000.

3.2 Calculating Shares Available.

(i) Upon the granting of an Award or an Option, the number of Shares available under this Section 3 for the granting of further Awards and Options shall be reduced as follows:

(a) In connection with the granting of an Award or an Option (other than the granting of a Performance Unit denominated in dollars or Dividend Equivalents), the number of Shares available under this Section 3 for the granting of further Options and Awards shall be reduced by the number of Shares in respect of which the Option or Award is granted or denominated; *provided, however*, that if any Option is exercised by tendering Shares, either actually or by attestation, to the Company as full or partial payment of the Option Price, the maximum number of Shares available under this Section 3 shall be increased by the number of Shares so tendered.

(b) In connection with the granting of a Performance Unit denominated in dollars, the number of Shares available under this Section 3 for the granting of further Options and Awards initially shall be reduced by an amount equal to the quotient of (i) the dollar amount in which the Performance Unit is denominated, divided by (ii) the Fair Market Value of a Share on the date the Performance Unit is granted, with a corresponding adjustment if the Performance Unit is ultimately settled in whole or in part with a different number of Shares.

(c) In connection with the granting of a Dividend Equivalent Right, the number of Shares available under this Section 3 shall not be reduced; *provided, however*, that if Shares are issued in settlement of a Dividend Equivalent Right, the number of Shares available for the granting of further Options and Awards under this Section 3 shall be reduced by the number of Shares so issued.

(ii) Whenever any outstanding Option or Award or portion thereof expires, is canceled, is settled in cash (including the settlement of tax withholding obligations using Shares) or is otherwise terminated for any reason without having been exercised or payment having been made in respect of the entire Option or Award, the Shares allocable to the expired, canceled, settled or otherwise terminated portion of the Option or Award may again be the subject of Options or Awards granted hereunder. In addition, upon settlement of a Stock Appreciation Right in Shares, the excess of the number of Shares covered by the Stock Appreciation Right over the number of Shares issued in settlement of the Stock Appreciation Right may again be the subject of Options or Awards granted hereunder.

Section 4. Restricted Stock; Stock Units.

4.1 Restricted Stock. The Committee, from time to time, subject to the terms and provisions of the Plan, may grant to any Eligible Individual an Award of Restricted Stock, which shall be evidenced by an Agreement. Each Agreement shall contain such restrictions, terms and conditions as the Committee may, in its discretion, determine and (without limiting the generality of the foregoing) such Agreements may require that an appropriate legend be placed on Share certificates. Awards of Restricted Stock shall be subject to the terms and provisions set forth below in this Section 4.1.

(i) Rights of Grantee. Shares of Restricted Stock granted pursuant to an Award hereunder shall be issued in the name of the Grantee as soon as reasonably practicable after the Award is granted provided that the Grantee has executed all documents which the Committee may require as a condition to the issuance of such Shares, which may include an Agreement evidencing the Award, the appropriate blank stock powers and an escrow agreement. If a Grantee shall fail to execute any document which the Committee may require within the time period prescribed by the Committee at the time the Award of Restricted Stock is granted, the Award shall be null and void. At the discretion of the Committee, Shares issued in connection with a Restricted Stock Award

Table of Contents

shall be deposited together with the stock powers with an escrow agent (which may be the Company) designated by the Committee. Unless the Committee determines otherwise as set forth in the Agreement, upon delivery of the Shares to the escrow agent (which may be in the form of book entry Shares), the Grantee shall have all of the rights of a stockholder with respect to such Shares, including the right to vote the Shares and to receive all dividends or other distributions paid or made with respect to the Shares.

(ii) Non-Transferability. Until all restrictions upon the Shares of Restricted Stock awarded to a Grantee shall have lapsed in the manner set forth in Section 4.1(iii), such Shares shall not be sold, transferred or otherwise disposed of and shall not be pledged or otherwise hypothecated.

(iii) Lapse of Restrictions.

(a) Generally. Restrictions upon Shares of Restricted Stock awarded hereunder shall lapse at such time or times and on such terms and conditions as the Committee may determine. The Agreement evidencing the Award shall set forth any such restrictions.

(b) Effect of Change in Control. Except as otherwise provided in an Agreement, the restrictions upon Shares of Restricted Stock shall lapse upon a Qualified Termination or upon a Change in Control described in Section 29.6(C).

(iv) Treatment of Dividends. At the time an Award of Shares of Restricted Stock is granted, the Committee may, in its discretion, determine that the payment to the Grantee of dividends, or a specified portion thereof, declared or paid on such Shares by the Company shall be (a) deferred until the lapsing of the restrictions imposed upon such Shares and (b) held by the Company for the account of the Grantee until such time. In the event that dividends are to be deferred, the Committee shall determine whether such dividends are to be reinvested in Shares (which shall be held as additional Shares of Restricted Stock) or held in cash. If deferred dividends are to be held in cash, there may be credited interest on the amount of the account at such times and at a rate per annum as the Committee, in its discretion, may determine. Payment of deferred dividends in respect of Shares of Restricted Stock (whether held in cash or as additional Shares of Restricted Stock), together with interest accrued thereon, if any, shall be made upon the lapsing of restrictions imposed on the Shares in respect of which the deferred dividends were paid, and any dividends deferred (together with any interest accrued thereon) in respect of any Shares of Restricted Stock shall be forfeited upon the forfeiture of such Shares.

(v) Delivery of Shares. Upon the lapse of the restrictions on Shares of Restricted Stock, the Committee shall cause a stock certificate or evidence of book entry Shares to be delivered to the Grantee with respect to such Shares of Restricted Stock, free of all restrictions hereunder.

4.2 Stock Unit Awards.

(i) Grant. The Committee, from time to time, subject to the terms and provisions of the Plan, may grant to any Eligible Individual an Award of Stock Units, which shall be evidenced by an Agreement. Each Agreement shall contain such restrictions, terms and conditions as the Committee may, in its discretion, determine.

(ii) Payment of Awards. Each Stock Unit shall represent the right of the Grantee to receive a payment upon vesting of the Stock Unit or on any later date specified by the Committee equal to the Fair Market Value of a Share as of the date the Stock Unit was granted, the vesting date or such other date as determined by the Committee at the time the Stock Unit was granted. The Committee may, at the time a Stock Unit is granted, provide a limitation on the amount payable in respect of each Stock Unit. The Committee may provide for the settlement of Stock Units in cash or with Shares having a Fair Market Value equal to the payment to which the Grantee has become entitled.

(iii) Effect of Change in Control. Except as otherwise provided in an Agreement, Stock Units shall become fully vested upon a Qualified Termination or upon a Change in Control described in Section 29.6(C).

Section 5. Non-Employee Director Formula Grants.

5.1 Formula Restricted Stock Unit Grants. Beginning in 2007, subject to the approval of the Plan by the Company's stockholders as provided for in Section 28, each year each Eligible Director shall be granted the number of Restricted Stock Units under the Plan equal to \$45,000, or such larger amount as may be approved by the Committee prior to the grant date, divided by the Fair Market Value of a Share on the grant date specified below and rounded to the nearest whole share. Each Formula Restricted Stock Unit shall be accompanied by one (1) related Dividend Equivalent Right. Such Formula Restricted Stock Units and related Dividend Equivalent Rights shall be granted on May 1 of each year. In the event that an insufficient number of Shares remains available under the Plan to make Awards to all Eligible Directors in a fiscal year, then unless the Plan is amended to provide additional Shares or the Company adopts another stock plan under which the Eligible Directors can participate, the Eligible Directors shall participate on a pro-rata basis.

5.2 Formula Restricted Stock Unit Agreements. All Formula Restricted Stock Units and related Dividend Equivalent Rights shall be evidenced by an Agreement, which shall include the following terms and conditions:

(i) Grantee and Number of Units. Each Agreement shall state the name of the Eligible Director to whom the Formula Restricted Stock Units have been granted and shall state the number of Formula Restricted Stock Units and related Dividend Equivalent Rights granted.

(ii) Dividend Equivalent Units Accompanying Formula Restricted Stock Units. Each Dividend Equivalent Right shall provide that any dividends or distributions that are paid with respect to Shares subject to the Formula Restricted Stock Units to which the Dividend Equivalent Right relates shall be automatically converted into additional Formula Restricted Stock Units based on the Fair Market Value of a Share on the date such dividend is paid (provided that no fractional Formula Restricted Stock Units shall be granted).

(iii) Non-Transferability. The Formula Restricted Stock Units awarded to the Grantee shall not be sold, transferred or otherwise disposed of and shall not be pledged or otherwise hypothecated.

(iv) Vesting. One-third (1/3) of the Formula Restricted Stock Units (including those credited pursuant to Section 5.2(ii) in connection with Dividend Equivalent Rights), rounded up to the nearest whole share, shall vest on each of the first three anniversaries of the grant date of such Formula Restricted Stock Units. Otherwise, each Grantee shall have the rights with respect to such Formula Restricted Stock Units as specified in the Plan.

(v) Effect of Change in Control. Upon a Qualified Termination or upon a Change in Control described in Section 29.6(C) which also constitutes a change in ownership or effective control of the Company or a change in the ownership of a substantial portion of its assets, in each case within the meaning of Section 409A of the Code, the Formula Restricted Stock Units (including those credited pursuant to Section 5.2(ii) in connection with Dividend Equivalent Rights) shall become fully vested.

(vi) Termination of Services by Grantee. Except as otherwise set forth in Section 5.2(v) or in this Section 5.2(vi), upon the termination of a Grantee's services as a director, for any reason whatsoever, the unvested Formula Restricted Stock Units and related Dividend Equivalent Rights shall be forfeited as of the date of such termination. In the event a Grantee's services as a director of the Company is terminated by reason of the Grantee's death, the Grantee becoming Disabled, or by reason of the Grantee's Retirement, then any unvested Formula Restricted Stock Units held by the Grantee (including those credited pursuant to Section 5.2(ii) in connection with Dividend Equivalent Rights) shall become immediately vested as of the date of such termination.

(vii) Issuance of Shares. Upon vesting of Formula Restricted Stock Units pursuant to Section 5.2(v) or (vi), upon vesting of Formula Restricted Stock Units pursuant to Section 5.2(iv) provided that the Grantee had not elected to defer such Award in the manner provided under Section 5.2(viii), or upon the termination of a Grantee's service on the Board with regard to vested Formula Restricted Stock Units for which the Grantee had elected to defer in the manner provided under Section 5.2(viii), (A) the Committee shall cause a stock certificate or evidence of book entry Shares to be delivered to the Grantee with respect to the Shares subject to the vested

Formula Restricted Stock Units, free of all restrictions hereunder and (B) the Dividend Equivalent Rights related to the vested Formula Restricted Stock Units shall terminate.

(viii) Deferral of Issuance of Shares. Prior to the first day of each calendar year in which a grant would otherwise be made pursuant to Section 5.1, an Eligible Director may make an irrevocable election under this Section 5.2(viii) to defer the issuance and delivery to which such Director may become entitled related to the Formula Restricted Stock Units and the related dividend equivalent rights that would otherwise be granted during such year until after the termination of such Director's service on the Board. All elections made under this Section 5.2(viii) shall be made by submitting a Deferral Agreement to the Committee or to such other individual or entity designated by the Committee.

5.3 Formula Option Grants. Beginning in 2007, subject to the approval of the Plan by the Company's stockholders as provided for in Section 28, each year each Eligible Director shall be granted the number of Options equal to \$45,000, or such larger amount as may be approved by the Committee prior to the grant date, divided by the value of such option as of the grant date using the binomial lattice valuation method, or such other method as may be used by the Company to value options for financial accounting purposes, and rounded to the nearest whole share. Such Formula Options shall be granted on May 1 of each year. In the event that an insufficient number of Shares remains available under the Plan to make Awards to all Eligible Directors in a fiscal year, then unless the Plan is amended to provide additional Shares or the Company adopts another stock plan under which the Eligible Directors can participate, the Eligible Directors shall participate on a pro-rata basis.

5.4 Formula Option Requirements. All Formula Options shall be evidenced by an Agreement, which shall include the following terms and conditions:

(i) Optionee. Each Agreement shall state the name of the Eligible Director to whom the Formula Option has been granted.

(ii) Number of Shares. Each Agreement shall state the number of Shares to which that Formula Option pertains.

(iii) Purchase Price. Each Agreement shall state the Option Price, which shall be the Fair Market Value of a Share on the date of grant of such Formula Option.

(iv) Length of Formula Option. Each Formula Option granted pursuant to Section 5.3 shall be granted for a period of seven (7) years from the date of grant of such Formula Option. However, subject to Section 11, each Formula Option shall be exercisable only if the Optionee is an Eligible Individual at the time of such exercise.

(v) Exercise of Formula Option. One-third (1/3) of the Formula Options covered by each grant shall become exercisable on each of the three anniversaries of the grant date for such Formula Options. Otherwise, each Optionee shall have the right to exercise his or her Formula Options in the manner specified in the Plan. Each Formula Option shall be exercised by giving notice to the Company at its principal place of business or other address designated by the Company, accompanied by cash, certified check, delivery of Shares (valued at their Fair Market Value) or other property acceptable to the Committee, in payment of the Option Price for the number of Shares specified. From time to time the Committee may establish procedures relating to effecting such exercises, including procedures for cashless exercises through a registered broker-dealer. No fractional Shares (or cash in lieu thereof) shall be issued as a result of exercising a Formula Option. The Company shall make delivery of such Shares as soon as possible; *provided, however*, that if any law or regulation or securities exchange rule requires the Company to take action with respect to the Shares specified in such notice before issuance thereof, the date of delivery of such Shares shall then be extended for the period necessary to take such action.

(vi) Change in Control.

(A) upon a Qualified Termination, all Formula Options held by the affected Optionee outstanding on the date of such termination shall become immediately and fully exercisable and shall remain exercisable for a period of one (1) year following the date of such termination (but in no event beyond the maximum term of the Formula Option).

(B) upon a Change in Control described in Section 29.6(C), all Formula Options outstanding on the date of such Change in Control shall become immediately and fully exercisable. In the event that the Optionee's service on the Board is terminated in connection with or as a result of such Change in Control, where such termination occurs within a period commencing on the date of such Change in Control and ending on the third anniversary of such Change in Control, all Formula Options held on the date of such termination shall remain exercisable for a period of one year following the date of such Change in Control (but in no event beyond the maximum term of the Formula Option).

Section 6. Option Grants to Eligible Individuals.

6.1 Selection of Optionees. The Committee, from time to time, subject to the terms and provisions of the Plan, may grant Options to any Eligible Individual. In determining the persons to whom Options shall be granted and the number of Shares to be covered by each Option, the Committee may take into account the nature of the services rendered by such persons, their present and potential contribution to the success and growth of the Company and its Subsidiaries, and such other factors as the Committee, in its discretion, shall deem relevant. Any Eligible Individual who has been granted an Option under a prior stock option plan of the Company may be granted an additional Option or Options under the Plan if the Committee shall so determine.

6.2 Option Requirements. The Options granted pursuant to this Section 6 shall be authorized by the Committee and shall be evidenced by an Agreement, which Agreement shall include the following terms and conditions:

(i) Optionee. Each Agreement shall state the name of the Optionee to whom the Option has been granted.

(ii) Number of Shares. Each Agreement shall state the number of Shares to which that Option pertains.

(iii) Purchase Price. Each Agreement shall state the Option Price, which shall be not less than one hundred percent (100%) of the Fair Market Value of the Shares covered by such Option on the date of grant of such Option.

(iv) Length of Option. Each Option granted pursuant to this Section 6 shall be granted for a period to be determined by the Committee but in no event to exceed more than ten (10) years. However, each Option shall be exercisable only during such portion of its term as the Committee shall determine and, subject to Section 11, only if the Optionee is employed by the Company or a Subsidiary at the time of such exercise. The Committee may, subsequent to the granting of any Option, extend the term thereof, but in no event shall the term as so extended exceed the maximum term provided for in the first sentence on this Section 6.2(iv).

(v) Exercise of Option. Each Optionee shall have the right to exercise his or her Option at the time or times and in the manner specified in the Plan or in the Agreement evidencing such Option. The Committee may accelerate the exercisability of any Option granted to an Eligible Individual or any portion thereof at any time.

6.3 Types of Options. The Options granted under the Plan may be Nonqualified Stock Options or Incentive Stock Options. Incentive Stock Options may be granted only to Eligible Individuals who are employees of the Company or its parent corporation or a subsidiary corporation (as such terms are defined in Section 424 of the Code). Notwithstanding anything to the contrary contained in this Section 6, no Incentive Stock Option shall be granted to an individual owning stock possessing more than ten percent (10%) of the total combined voting power of the Company, or its parent corporation or subsidiary corporations unless (i) the Option Price at the time

Table of Contents

such Option is granted is equal to at least one hundred ten percent (110%) of the Fair Market Value of the Shares subject to the Option, and (ii) such Option by its terms is not exercisable after the expiration of five (5) years from the date such Option is granted. Further, the aggregate Fair Market Value (determined at the time the Option is granted) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year (under all such plans of the Company and its Subsidiaries) shall not exceed one hundred thousand dollars (\$100,000.00).

6.4 Method of Exercise of Options. Each Option shall be exercised pursuant to the terms of such Option as set forth in the applicable Agreement and pursuant to the terms of the Plan by giving notice to the Company at its principal place of business or other address designated by the Company, accompanied by cash, certified check, delivery of Shares (valued at their Fair Market Value) or other property acceptable to the Committee, in payment of the Option Price for the number of Shares specified. From time to time the Committee may establish procedures relating to effecting such exercises, including procedures for cashless exercises through a registered broker-dealer. No fractional Shares (or cash in lieu thereof) shall be issued as a result of exercising an Option. The Company shall make delivery of such Shares as soon as possible; *provided, however*, that if any law or regulation or securities exchange rule requires the Company to take action with respect to the Shares specified in such notice before issuance thereof, the date of delivery of such Shares shall then be extended for the period necessary to take such action.

6.5 Non-Transferability of Options. Except to the extent that, pursuant to the terms of the Plan or an Agreement, an Optionee's legal representative or estate is permitted to exercise an Option, an Option is exercisable during an Optionee's lifetime only by the Optionee. The Options shall not be transferable except by will or the laws of descent and distribution.

6.6 Change in Control. Except as otherwise provided in an Agreement:

(i) upon a Qualified Termination, all Options held by the affected Optionee outstanding on the date of such termination shall become immediately and fully exercisable and shall remain exercisable for a period of one (1) year following the date of such termination (but in no event beyond the maximum term of the Option).

(ii) upon a Change in Control described in Section 29.6(C), all Options outstanding on the date of such Change in Control shall become immediately and fully exercisable. Unless otherwise specified in an Award or in an employment or other agreement with the Company, in the event that (A) an Optionee who is an employee of the Company or a Subsidiary whose employment is terminated by the Company or Subsidiary without Cause or by the employee for Good Reason, or (B) an Optionee who is an Outside Director whose service on the Board is terminated in connection with or as a result of such Change in Control, where such termination occurs within a period commencing on the date of such Change in Control and ending on the third anniversary of such Change in Control, all Options held on the date of such termination shall remain exercisable for a period of one year following the date of such Change in Control (but in no event beyond the maximum term of the Option).

6.7 Buy Out of Option Gains. At any time after any Option becomes exercisable, the Committee shall have the right to elect, in its sole discretion and without the consent of the holder thereof, to cancel such Option and pay to the Optionee the excess of the Fair Market Value of the Shares covered by such Option over the Option Price of such Option at the date the Committee provides written notice (the *Buy Out Notice*) of the intention to exercise such right. Buy outs pursuant to this provision shall be effected by the Company as promptly as possible after the date of the Buy Out Notice. Payments of buy out amounts may be made in cash, in Shares, or partly in cash and partly in Shares, as the Committee deems advisable. To the extent payment is made in Shares, the number of shares shall be determined by dividing the amount of the payment to be made by the Fair Market Value of a Share at the date of the Buy Out Notice. In no event shall the Company be required to deliver a fractional Share in satisfaction of this buy out provision.

Section 7. Stock Appreciation Rights.

7.1 Grant. The Committee, from time to time, subject to the terms and provisions of the Plan, may, either alone or in connection with the grant of an Option, grant to any Eligible Individual Stock Appreciation Rights in accordance with the Plan, the terms and conditions of which shall be set forth in an Agreement. A Stock Appreciation Right may be granted (a) at any time if unrelated to an Option, or (b) if related to an Option, either at the time of grant or at any time thereafter during the term of the Option.

7.2 Stock Appreciation Right Related to an Option. If granted in connection with an Option, a Stock Appreciation Right shall cover the same Shares covered by the Option (or such lesser number of Shares as the Committee may determine) and shall, except as provided in this Section 7, be subject to the same terms and conditions as the related Option.

(i) Exercise. A Stock Appreciation Right granted in connection with an Option shall be exercisable at such time or times and only to the extent that the related Options are exercisable, and will not be transferable except to the extent the related Option may be transferable. A Stock Appreciation Right granted in connection with an Incentive Stock Option shall be exercisable only if the Fair Market Value of a Share on the date of exercise exceeds the exercise price specified in the related Incentive Stock Option Agreement.

(ii) Amount Payable. Upon the exercise of a Stock Appreciation Right related to an Option, the Grantee shall be entitled to receive an amount determined by multiplying (i) the excess of the Fair Market Value of a Share on the last trading date immediately preceding the date of exercise of such Stock Appreciation Right over the Option Price under the related Option, by (ii) the number of Shares as to which such Stock Appreciation Right is being exercised. Notwithstanding the foregoing, the Committee may limit in any manner the amount payable with respect to any Stock Appreciation Right by including such a limit in the Agreement evidencing the Stock Appreciation Right at the time it is granted.

(iii) Treatment of Related Options and Stock Appreciation Rights Upon Exercise. Upon the exercise of a Stock Appreciation Right granted in connection with an Option, the Option shall be canceled to the extent of the number of Shares as to which the Stock Appreciation Right is exercised, and upon the exercise of an Option granted in connection with a Stock Appreciation Right, the Stock Appreciation Right shall be canceled to the extent of the number of Shares as to which the Option is exercised or surrendered.

7.3 Stock Appreciation Right Unrelated to an Option. A Stock Appreciation Right unrelated to an Option shall cover such number of Shares as the Committee shall determine.

(i) Terms; Duration. Stock Appreciation Rights unrelated to Options shall contain such terms and conditions as to exercisability, vesting and duration as the Committee shall determine, but in no event shall they have a term of greater than ten (10) years. However, each Stock Appreciation Right shall be exercisable only during such portion of its term as the Committee shall determine and, subject to Section 11, only if the Grantee is employed by the Company or a Subsidiary at the time of such exercise.

(ii) Amount Payable. Upon exercise of a Stock Appreciation Right unrelated to an Option, the Grantee shall be entitled to receive an amount determined by multiplying (a) the excess of the Fair Market Value of a Share on the date preceding the date of exercise of such Stock Appreciation Right over the Fair Market Value of a Share on the date the Stock Appreciation Right was granted, by (b) the number of Shares as to which the Stock Appreciation Right is being exercised. Notwithstanding the foregoing, the Committee may limit in any manner the amount payable with respect to any Stock Appreciation Right by including such a limit in the Agreement evidencing the Stock Appreciation Right at the time it is granted.

(iii) Non-Transferability. No Stock Appreciation Right unrelated to an Option shall be transferable by the Grantee otherwise than by will or the laws of descent and distribution, and such Stock Appreciation Right shall be exercisable during the lifetime of such Grantee only by the Grantee or his or her guardian or legal representative.

Table of Contents

7.4 **Method of Exercise.** Stock Appreciation Rights shall be exercised by a Grantee only by giving written notice to the Company at its principal place of business or other address designated by the Company, specifying the number of Shares with respect to which the Stock Appreciation Right is being exercised. If requested by the Committee, the Grantee shall deliver the Agreement evidencing the Stock Appreciation Right being exercised and the Agreement evidencing any related Option to the Company, which shall endorse thereon a notation of such exercise and return such Agreement to the Grantee.

7.5 **Form of Payment.** Payment of the amount determined under Section 7.2(ii) or 7.3(ii) may be made in the discretion of the Committee solely in whole Shares in a number determined at their Fair Market Value on the date preceding the date of exercise of the Stock Appreciation Right, or solely in cash, or in a combination of cash and Shares. If the Committee decides to make full payment in Shares and the amount payable results in a fractional Share, payment for the fractional Share will be made in cash.

7.6 **Effect of Change in Control.** Except as otherwise provided in an Agreement:

(i) upon a Qualified Termination, all Stock Appreciation Rights held by the affected Grantee as of the date of such termination shall become immediately and fully exercisable and shall remain exercisable for a period of one (1) year following the date of such termination (but in no event beyond the maximum term of the Stock Appreciation Right).

(ii) upon a Change in Control described in Section 29.6(C), all Stock Appreciation Rights shall become immediately and fully exercisable. Unless otherwise specified in an Award or in an employment or other agreement with the Company, in the event that (A) a Grantee who is an employee of the Company or a Subsidiary whose employment is terminated by the Company or Subsidiary without Cause or by the employee for Good Reason, or (B) a Grantee who is an Outside Director whose service on the Board is terminated in connection with or as a result of such Change in Control, where such termination occurs within a period commencing on the date of such Change in Control and ending on the third anniversary of such Change in Control, all Stock Appreciation Rights held on the date of such termination shall remain exercisable for a period of one year following the date of such Change in Control (but in no event beyond the maximum term of the Stock Appreciation Right).

Section 8. Dividend Equivalent Rights. The Committee, from time to time, subject to the terms and provisions of the Plan, may grant Dividend Equivalent Rights to any Eligible Individual in tandem with an Option or Award or as a separate Award. The terms and conditions applicable to each Dividend Equivalent Right shall be specified in the Agreement under which the Dividend Equivalent Right is granted. Amounts payable in respect of Dividend Equivalent Rights may be payable currently or, if applicable, deferred until the lapsing of restrictions on such Dividend Equivalent Rights or until the vesting, exercise, payment, settlement or other lapse of restrictions on the Option or Award to which the Dividend Equivalent Rights relate. In the event that the amounts payable in respect of Dividend Equivalent Rights are to be deferred, the Committee shall determine whether such amounts are to be held in cash or reinvested in Shares or deemed (notionally) to be reinvested in Shares. If amounts payable in respect of Dividend Equivalent Rights are to be held in cash, there may be credited at the end of each year (or portion thereof) interest on the amount of the account at the beginning of the year at a rate per annum as the Committee, in its discretion, may determine. Dividend Equivalent Rights may be settled in cash or Shares or a combination thereof, in a single installment or multiple installments, as determined by the Committee. Notwithstanding the foregoing, a Dividend Equivalent Right granted in connection with or related to an Option or a Stock Appreciation Right shall be granted in a manner and on such terms as will not result in the related Option or Stock Appreciation Right as being treated as providing for deferred compensation under Section 409A of the Code and the regulations promulgated thereunder.

Section 9. Performance Awards.

9.1 **Performance Units.** The Committee, from time to time, subject to the terms and provisions of the Plan, may grant to any Eligible Individual an Award of Performance Units, the terms and conditions of which shall be set forth in an Agreement. Performance Units may be denominated in Shares or a specified dollar amount and,

Table of Contents

contingent upon the attainment of specified Performance Objectives within the Performance Cycle, each Unit represents the right to receive payment as provided in Sections 9.1(i) and (ii) of (a) in the case of Share-denominated Performance Units, the Fair Market Value of a Share on the date the Performance Unit was granted, the date the Performance Unit became vested or any other date specified by the Committee, (b) in the case of dollar-denominated Performance Units, the specified dollar amount or (c) a percentage (which may be more than 100%) of the amount described in clause (a) or (b) depending on the level of Performance Objective attainment; *provided, however*, that, the Committee may at the time a Performance Unit is granted specify a maximum amount payable in respect of a vested Performance Unit. Each Agreement shall specify the number of Performance Units to which it relates, the Performance Objectives which must be satisfied in order for the Performance Units to become earned, the Performance Cycle within which such Performance Objectives must be satisfied and any additional vesting criteria.

(i) Vesting and Forfeiture. Subject to Sections 9.3(iii) and 9.4, a Grantee shall become vested with respect to the Performance Units at such time or times and on such terms, conditions and satisfaction of Performance Objectives as the Committee may, in its discretion, determine at the time an Award is granted. Performance Units with respect to which Performance Objectives have been attained may also be subject to additional vesting conditions based on continued service and such other conditions as may be established by the Committee at the time the Award is granted.

(ii) Payment of Awards. Subject to Section 9.3(iii) and 9.4, payment to Grantees in respect of vested Performance Units shall be made at the time and in the manner set forth in the Agreement. Subject to Section 9.4, such payments may be made entirely in Shares valued at their Fair Market Value, entirely in cash, or in such combination of Shares and cash as the Committee in its discretion shall determine at any time prior to such payment; *provided, however*, that if the Committee in its discretion determines to make such payment entirely or partially in Shares of Restricted Stock, the Committee must determine the extent to which such payment will be in Shares of Restricted Stock and the terms of such Restricted Stock at the time the Award is granted.

9.2 Performance Shares. The Committee, from time to time, subject to the terms and provisions of the Plan, may grant to any Eligible Individual an Award of Performance Shares, the terms and conditions of which shall be set forth in an Agreement. Each Agreement may require that an appropriate legend be placed on Share certificates. Awards of Performance Shares shall be subject to the following terms and provisions:

(i) Rights of Grantee. Performance Shares shall be issued in the name of the Grantee as soon as reasonably practicable after the Award is granted, or on such other date as the Committee may determine, *provided* that the Grantee has executed all documents which the Committee may require as a condition to the issuance of such Performance Shares, which may include an Agreement evidencing the Award, the appropriate blank stock powers and an escrow agreement. If a Grantee shall fail to execute any document which the Committee may require within the time period prescribed by the Committee at the time the Award is granted, the Award shall be null and void. At the discretion of the Committee, Shares issued in connection with an Award of Performance Shares shall be deposited together with the stock powers with an escrow agent (which may be the Company) designated by the Committee. Unless the Committee determines otherwise as set forth in the Agreement, upon delivery of the Shares to the escrow agent (which may be in the form of book entry Shares), the Grantee shall have all of the rights of a stockholder with respect to such Shares, including the right to vote the Shares and to receive all dividends or other distributions paid or made with respect to the Shares.

(ii) Non-Transferability. Until any restrictions upon the Performance Shares awarded to a Grantee shall have lapsed in the manner set forth in Section 9.2(iii) or 9.4, such Performance Shares shall not be sold, transferred or otherwise disposed of and shall not be pledged or otherwise hypothecated.

(iii) Lapse of Restrictions. Subject to Sections 9.3(iii) and 9.4, restrictions upon Performance Shares awarded hereunder shall lapse and such Performance Shares shall become vested at such time or times and on such terms, conditions and satisfaction of Performance Objectives as the Committee may, in its discretion, determine at the time an Award is granted. Performance Shares with respect to which Performance Objectives

Table of Contents

have been attained may also be subject to additional vesting conditions based on continued service or such other conditions as may be established by the Committee at the time the Award is granted.

(iv) Treatment of Dividends. At the time the Award of Performance Shares is granted, the Committee may, in its discretion, determine that the payment to the Grantee of dividends, or a specified portion thereof, declared or paid on Shares represented by such Award which have been issued by the Company to the Grantee shall be (i) deferred until the lapsing of the restrictions imposed upon such Performance Shares and (ii) held by the Company for the account of the Grantee until such time. In the event that dividends are to be deferred, the Committee shall determine whether such dividends are to be reinvested in Shares (which shall be held as additional Performance Shares) or held in cash. If deferred dividends are to be held in cash, there may be credited interest on the amount of the account at such times and at a rate per annum as the Committee, in its discretion, may determine. Payment of deferred dividends in respect of Performance Shares (whether held in cash or in additional Performance Shares), together with interest accrued thereon, if any, shall be made upon the lapsing of restrictions imposed on the Performance Shares in respect of which the deferred dividends were paid, and any dividends deferred (together with any interest accrued thereon) in respect of any Performance Shares shall be forfeited upon the forfeiture of such Performance Shares.

(v) Delivery of Shares. Upon the lapse of the restrictions on Performance Shares awarded hereunder, the Committee shall cause a stock certificate or evidence of book entry Shares to be delivered to the Grantee with respect to such Performance Shares, free of all restrictions hereunder.

9.3 Performance Objectives

(i) Establishment. Performance Objectives for Performance Awards may be expressed in terms of earnings per share, earnings, return on assets, return on invested capital, revenue, operating income, cash flow, total shareholder return, net income, same store sales (measured by volume or percentage growth and for Company, franchised or all stores), Company restaurant operating margins, or any combination thereof. Any of these Performance Objectives may be expressed as an objective before specified items. Performance Objectives may be in respect of the performance of the Company, any of its Subsidiaries, any of its Operating Units or any combination thereof. Performance Objectives may be absolute or relative (to prior performance of the Company or to the performance of one or more other entities or external indices) and may be expressed in terms of a progression within a specified range. The Performance Objectives with respect to a Performance Cycle shall be established in writing by the Committee by the earlier of (x) the date on which a quarter of the Performance Cycle has elapsed or (y) the date which is ninety (90) days after the commencement of the Performance Cycle, and in any event while the performance relating to the Performance Objectives remain substantially uncertain.

(ii) Effect of Certain Events. At the time of the granting of a Performance Award, or at any time thereafter, in either case to the extent permitted under Section 162(m) of the Code and the regulations thereunder without adversely affecting the treatment of the Performance Award as Performance-Based Compensation, the Committee may provide for the manner in which performance will be measured against the Performance Objectives (or may adjust the Performance Objectives) to reflect the impact of specified corporate transactions (such as a stock split or stock dividend), special charges, accounting or tax law changes and other extraordinary or nonrecurring events.

(iii) Determination of Performance. Prior to the vesting, payment, settlement or lapsing of any restrictions with respect to any Performance Award that is intended to constitute Performance-Based Compensation made to a Grantee who is subject to Section 162(m) of the Code, the Committee shall certify in writing that the applicable Performance Objectives have been satisfied to the extent necessary for such Award to qualify as Performance-Based Compensation. The Committee shall not be entitled to exercise any discretion otherwise authorized hereunder with respect to such Options or Awards if the ability to exercise such discretion or the exercise of such discretion itself would cause the compensation attributable to such Options or Awards to fail to qualify as Performance-Based Compensation.

Table of Contents

9.4 **Effect of Change in Control**. Unless the Committee determines otherwise at the time of grant of a Performance Award:

(i) in the event of a Qualified Termination:

(A) With respect to Performance Units, the Grantee shall (I) become vested in all outstanding Performance Units as if all Performance Objectives had been satisfied at the highest level by the Company and the Grantee and (II) be entitled to receive in respect of all Performance Units which become vested as a result of a Qualified Termination a cash payment within thirty (30) days after such Qualified Termination.

(B) With respect to Performance Shares, all restrictions shall lapse as of the date of the Qualified Termination on all outstanding Performance Shares as if all Performance Objectives had been satisfied at the highest level by the Company and the Grantee.

(ii) in the event of a Change in Control described in Section 29.6(C):

(A) With respect to Performance Units, the Grantee shall (I) become vested in all outstanding Performance Units as if all Performance Objectives had been satisfied at the highest level by the Company and the Grantee and (II) be entitled to receive in respect of all Performance Units which become vested as a result of such Change in Control a cash payment within thirty (30) days after such Change in Control.

(B) With respect to Performance Shares, all restrictions shall lapse as of the date of such Change in Control on all outstanding Performance Shares as if all Performance Objectives had been satisfied at the highest level by the Company and the Grantee.

9.5 **Non-Transferability**. Until the vesting of Performance Units or the lapsing of any restrictions on Performance Shares, as the case may be, such Performance Units or Performance Shares shall not be sold, transferred or otherwise disposed of and shall not be pledged or otherwise hypothecated.

Section 10. Share Awards. The Committee, from time to time, subject to the terms and provisions of the Plan, may grant to any Eligible Individual a Share Award on such terms and conditions as the Committee may determine in its sole discretion. Share Awards may be made as additional compensation for services rendered by the Eligible Individual or may be in lieu of cash or other compensation to which the Eligible Individual is entitled from the Company.

Section 11. Effect of a Termination on Options and Awards.

11.1 **Earlier Termination**. Upon the termination of an Optionee's or Grantee's employment with the Company and its Subsidiaries or of service to the Board as an Eligible Director, for any reason whatsoever, except as otherwise set forth in this Section 11, in an Agreement or, with the consent of such individual, as determined by the Committee at any time prior to or after such termination, Options and Awards granted to such individual will be treated as follows:

(i) Any Options, Formula Options and Stock Appreciation Rights will (A) to the extent not vested and exercisable as of the date of such termination of employment or of service to the Board as an Eligible Director, terminate on the date of such termination and (B) to the extent vested and exercisable as of the date of such termination of employment or of service to the Board as an Eligible Director, remain exercisable for a period of ninety (90) days following the date of such termination or, in the event of such Optionee's or Grantee's death during such ninety (90) day period, remain exercisable by the estate of the deceased individual until the end of the period of one year following the date of such termination (but in no event beyond the maximum term of the Option or Stock Appreciation Right).

(ii) Any unvested portion of any Restricted Stock or Stock Units will be immediately forfeited.

(iii) Any Performance Shares or Performance Units will terminate.

(iv) Any other Awards to the extent not vested will terminate.

11.2 Upon Death or Disability. Except as otherwise provided in an Agreement, in the event an Optionee's or Grantee's employment is terminated with the Company and its Subsidiaries as a result of such individual's death or such individual becoming Disabled, Options and Awards granted to such individual will be treated as follows:

(i) Any Options or Stock Appreciation Rights shall become immediately exercisable as of the date of such termination of employment, and the Optionee or Grantee, or in the event the Optionee or Grantee is incapacitated and unable to exercise the rights granted hereunder, the individual's legal guardian or legal representative, or in the event the Optionee or Grantee dies, the estate of the deceased individual, shall have the right to exercise any rights the Optionee or Grantee would otherwise have had under the Plan for a period of one year after the date of such termination (but in no event beyond the maximum term of the Option or Stock Appreciation Right).

(ii) Any unvested portion of any Restricted Stock or Stock Units will become immediately vested.

(iii) Any Performance Shares or Performance Units will remain outstanding and the Grantee or the Grantee's estate will be entitled to a pro-rata portion of the payment otherwise payable in respect of the Award (based on the number of full weeks the Grantee was employed by the Company or a Subsidiary during the applicable Performance Cycle over the total number of weeks in such Performance Cycle), which will be paid on the date the Award would have been paid if the Grantee had remained employed with the Company or a Subsidiary.

11.3 Upon Retirement. Except as otherwise provided in an Agreement, in the event an Optionee's or Grantee's employment with the Company and its Subsidiaries is terminated by reason of such individual's Retirement, Options and Awards granted to such individual will be treated as follows:

Notwithstanding the foregoing, in the event that an Optionee does not exercise an Incentive Stock Option prior to the expiration of the three-month period after the date of the Optionee's Retirement, such Option shall be treated as a Nonqualified Stock Option upon exercise.

(ii) Any unvested portion of any Restricted Stock or Stock Units will become immediately vested.

(iii) Any Performance Shares or Performance Units will remain outstanding and the Grantee will be entitled to a pro-rata portion of the payment otherwise payable in respect of the Award (based on the number of full weeks the Grantee was employed by the Company or a Subsidiary during the applicable Performance Cycle over the total number of weeks in such Performance Cycle), which will be paid on the date the Award would have been paid if the Grantee had remained employed with the Company or a Subsidiary.

11.4 Upon Termination of Employment in Connection with Certain Dispositions. Except as otherwise provided in an Agreement, in the event an Optionee's or Grantee's employment with the Company and its Subsidiaries is terminated without Cause in connection with a disposition of one or more restaurants or other assets by the Company or its Subsidiaries, or in connection with a sale or other disposition of a Subsidiary, the Options and Awards granted to such individual will be treated as follows:

(ii) Any unvested portion of any Restricted Stock or Stock Units will become immediately vested.

(iii) Any Performance Shares or Performance Units will remain outstanding and the Grantee will be entitled to a pro-rata portion of the payment otherwise payable in respect of the Award (based on number of full weeks the Grantee was employed by the Company or a Subsidiary during the applicable Performance Cycle over the total number of weeks in such Performance Cycle), which will be paid on the date the Award would have been paid if the Grantee had remained employed with the Company or a Subsidiary.

11.5 Upon Qualified Termination or Change in Control described in Section 29.6(C). Except as otherwise provided in an Agreement, upon a Qualified Termination or Change in Control described in Section 29.6(C) the Options and Awards granted to an individual will be treated as set forth in Sections 4.1(iii)(b), 4.2(iii), 5.2(v)(b), 5.4(vi), 6.6, 7.6, or 9.4.

Section 12. Effect of Change in Common Shares Subject to the Plan.

12.1 In the event of a Change in Capitalization, the Committee shall conclusively determine the appropriate adjustments to (i) the maximum number and class of Shares or other stock or securities with respect to which Options or Awards may be granted under the Plan, (ii) the maximum number and class of Shares or other stock or securities with respect to which Options or Awards may be granted to any Eligible Individual in any calendar year, (iii) the number and class of Shares or other stock or securities which are subject to outstanding Options or Awards granted under the Plan and the exercise price therefor, if applicable, (iv) the number and class of Shares or other securities in respect of which Formula Restricted Stock Units are to be granted under Section 5, and (v) the Performance Objectives.

12.2 Any such adjustment in the Shares or other stock or securities (i) subject to outstanding Incentive Stock Options (including any adjustments in the exercise price) shall be made in such manner as not to constitute a modification as defined by Section 424(h)(3) of the Code and only to the extent otherwise permitted by Sections 422 and 424 of the Code or (ii) subject to outstanding Options or Awards that are intended to qualify as Performance-Based Compensation shall be made in such a manner as not to adversely affect the treatment of the Options or Awards as Performance-Based Compensation.

12.3 If, by reason of a Change in Capitalization, a Grantee of an Award shall be entitled to, or an Optionee shall be entitled to exercise an Option with respect to, new, additional or different shares of stock or securities of the Company or any other corporation, such new, additional or different shares shall thereupon be subject to all of the conditions, restrictions and performance criteria which were applicable to the Shares subject to the Award or Option, as the case may be, prior to such Change in Capitalization.

Section 13. Effect of Certain Transactions. Subject to Sections 4.1(iii)(b), 4.2(iii), 6.6, 7.6 and 9.4 or as otherwise provided in an Agreement, following (a) the liquidation or dissolution of the Company or (b) a merger or consolidation of the Company (a Transaction), either (i) each outstanding Option or Award shall be treated as provided for in the agreement entered into in connection with the Transaction or (ii) if not so provided in such agreement, each Optionee and Grantee shall be entitled to receive in respect of each Share subject to any outstanding Options or Awards, as the case may be, upon exercise of any Option or payment or transfer in respect of any Award, the same number and kind of stock, securities, cash, property or other consideration that each holder of a Share was entitled to receive in the Transaction in respect of a Share; *provided, however*, that such stock, securities, cash, property, or other consideration shall remain subject to all of the conditions, restrictions and performance criteria which were applicable to the Options and Awards prior to such Transaction. The treatment of any Option or Award as provided in this Section 13 shall be conclusively presumed to be appropriate for purposes of Section 12.

Section 14. Listing and Registration of Common Shares. If at any time the Board shall determine that listing, registration or qualification of the Shares covered by an Option or Award upon any securities exchange or

under any state or federal law or the consent or the approval of any governmental regulatory body is necessary or desirable as a condition of or in connection with the purchase of Shares under the Option, the Option may not be exercised in whole or in part, and Shares shall not be delivered in connection with any other Award, unless and until such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Board. Any person exercising an Option or receiving Shares in connection with any other Award shall make such representations and agreements and furnish such information as the Board or the Committee may request to assure compliance with the foregoing or any other applicable legal requirements.

Section 15. Misconduct. In the event that an Optionee or Grantee has (i) used for profit or disclosed to unauthorized persons, confidential information or trade secrets of the Company or its Subsidiaries, or (ii) breached any contract with or violated any fiduciary obligation to the Company or its Subsidiaries, or (iii) engaged in unlawful trading in the securities of the Company or its Subsidiaries or of another company based on information gained as a result of that Optionee's or Grantee's employment with, or status as a director to, the Company or its Subsidiaries, then that Optionee or Grantee shall forfeit all rights under any outstanding Option or Award granted under the Plan and all of that Optionee's or Grantee's outstanding Options or Awards shall automatically terminate, unless the Committee shall determine otherwise.

Section 16. Payment Following Death or Incapacity. In the event any amounts or Shares become payable or issuable pursuant to an Award or Option after the Grantee or Optionee dies or becomes incapacitated, such amounts or Shares shall be paid or issued, in the case of death, to the decedent's estate or, in the case of incapacity, to the Grantee's or Optionee's legal guardian or legal representative.

Section 17. Foreign Employees. Without amending the Plan, the Committee may grant Options or Awards to Eligible Individuals who are foreign nationals on such terms and conditions different from those specified in the Plan as may in the judgment of the Committee be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, and the like as may be necessary or advisable to comply with provisions of laws of other countries in which the Company or its Subsidiaries operate or have employees.

Section 18. Deferral of Payments or Vesting. Notwithstanding anything to the contrary contained herein, the Committee may provide for the deferral of the issuance or vesting in Shares or the payment of cash in respect of an Option or Award granted under the Plan, provided that (i) with respect to Options, Stock Appreciation Rights and other Awards that are not intended to constitute deferred compensation under Section 409A, any such deferral shall be done in a manner and on such terms as will not result in any Option, Stock Appreciation Right or other such Award being treated as providing for deferred compensation under Section 409A of the Code and the regulations promulgated thereunder and (ii) any such deferral shall otherwise be done in a manner that complies with Section 409A of the Code. The terms and conditions of any such deferral shall be set forth in the Agreement evidencing such Option or Award.

Section 19. No Rights to Options, Awards or Employment. No individual shall have any claim or right to be granted an Option or Award under the Plan. Having received an Option or Award under the Plan shall not give an individual any right to receive any other grant under the Plan. No Optionee or Grantee shall have any rights to or interest in any Option or Award except as set forth herein. Neither the Plan nor any action taken herein shall be construed as giving any individual any right to be retained in the employ of the Company or its Subsidiaries, or as a member of the Board.

Section 20. Multiple Agreements. The terms of each Option or Award may differ from other Options or Awards granted under the Plan at the same time, or at some other time. The Committee may also grant more than one Option or Award to a given Eligible Individual during the term of the Plan, either in addition to, or in substitution for, one or more Options or Awards previously granted to that Eligible Individual.

Section 21. Withholding of Taxes.

21.1 At such times as an Optionee or Grantee recognizes taxable income in connection with the receipt of Shares or cash hereunder (a Taxable Event), the Optionee or Grantee shall pay to the Company an amount equal to the federal, state and local income taxes and other amounts as may be required by law to be withheld by the Company in connection with the Taxable Event (the Withholding Taxes) prior to the issuance, or release from escrow, of such Shares or the payment of such cash. The Company shall have the right to deduct from any payment of cash to an Optionee or Grantee an amount equal to the Withholding Taxes in satisfaction of the obligation to pay Withholding Taxes. In satisfaction of the obligation to pay Withholding Taxes to the Company, an Optionee or Grantee may elect to have withheld a portion of the Shares then issuable to him or her having an aggregate Fair Market Value equal to the Withholding Taxes.

21.2 If an Optionee makes a disposition, within the meaning of Section 424(c) of the Code and regulations promulgated thereunder, of any Share or Shares issued to such Optionee pursuant to the exercise of an Incentive Stock Option within the two-year period commencing on the day after the date of the grant or within the one-year period commencing on the day after the date of transfer of such Share or Shares to the Optionee pursuant to such exercise, the Optionee shall, within ten (10) days of such disposition, notify the Company thereof, by delivery of written notice to the Company at its principal executive office.

Section 22. Amendment or Termination; Duration. The Board may amend or terminate the Plan at any time, provided that the Board shall not make any change in the Options or Awards that will impair the rights of the Optionee or Grantee therein, without the consent of the Optionee or Grantee.

Section 23. Other Actions. The Plan shall not restrict the authority of the Committee, the Board or of the Company or its Subsidiaries for proper corporate purposes to grant or assume stock options, other than under the Plan, to or with respect to any employee, director or other person. The adoption of the Plan by the Board shall not be construed as amending, modifying or rescinding any previously approved incentive arrangement or as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

Section 24. Costs and Expenses. Except as provided in Section 21 hereof with respect to taxes, the costs and expenses of administering the Plan shall be borne by the Company, and shall not be charged to any grant nor to any Employee receiving a grant.

Section 25. Plan Unfunded. The Plan shall be unfunded. Except for reserving a sufficient number of authorized Shares to the extent required by law to meet the requirements of the Plan, the Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure payment of any grant under the Plan.

Section 26. Laws Governing Plan. The Plan shall be construed under and governed by the laws of the State of Ohio.

Section 27. Captions. The captions to the several sections hereof are not a part of the Plan, but are merely guides or labels to assist in locating and reading the several sections hereof.

Section 28. Effective Date. The effective date of the Plan shall be as determined by the Board, subject only to the approval of the Plan by the affirmative vote of the holders of a majority of the Company's securities that are voted on the issue of the approval of the Plan at a meeting of stockholders duly held in accordance with the applicable laws of the State of Ohio.

29.5 Change in Capitalization means any increase or reduction in the number of Shares, or any change (including, but not limited to, in the case of a spin-off, dividend or other distribution in respect of Shares, a change in value) in the Shares or exchange of Shares for a different number or kind of shares or other securities of the Company or another corporation, by reason of a reclassification, recapitalization, merger, consolidation, reorganization, spin-off, split-up, issuance of warrants or rights or debentures, stock dividend, stock split or reverse stock split, cash dividend, property dividend, combination or exchange of shares, repurchase of shares, change in corporate structure or otherwise.

29.6 Change in Control shall mean the occurrence of:

(A) An acquisition (other than directly from the Company) of any common stock or other voting securities of the Company entitled to vote generally for the election of directors (the Voting Securities) by any Person (as the term person is used for purposes of Section 13(d) or 14(d) of the Exchange Act, immediately after which such Person has Beneficial Ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of thirty percent (30%) or more of the then outstanding shares of the Company's common stock or the combined voting power of the Company's then outstanding Voting Securities; *provided, however*, in determining whether a Change in Control has occurred, Voting Securities which are acquired in a Non-Control Acquisition (as hereinafter defined) shall not constitute an acquisition which would cause a Change in Control. A Non-Control Acquisition shall mean an acquisition by (i) an employee benefit plan (or a trust forming a part thereof) maintained by (A) the Company or (B) any corporation or other Person of which a majority of its voting power or its voting equity securities or equity interest is owned, directly or indirectly, by the Company (for

purposes of this definition, as Subsidiary), (ii) the Company or its Subsidiaries, or (iii) any Person in connection with a Non-Control Transaction (as hereinafter defined);

(B) The individuals who, as of the Effective Date, are members of the Board (the Incumbent Board), cease for any reason to constitute at least seventy percent (70%) of the members of the Board; *provided, however*, that if the election, or nomination for election by the Company's common stockholders, of any new director was approved by a vote of at least two-thirds of the Incumbent Board, such new director shall, for purposes of the Plan, be considered as a member of the Incumbent Board; *provided further, however*, that no individual shall be considered a member of the Incumbent Board if such individual initially assumed office as a result of an actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board (a Proxy Contest) including by reason of any agreement intended to avoid or settle any Proxy Contest; or

(C) The consummation of:

(i) A merger, consolidation or reorganization with or into the Company or in which securities of the Company are issued, unless such merger, consolidation or reorganization is a Non-Control Transaction. A Non-Control Transaction shall mean a merger, consolidation or reorganization with or into the Company or in which securities of the Company are issued where:

(1) the stockholders of the Company, immediately before such merger, consolidation or reorganization, own directly or indirectly immediately following such merger, consolidation or reorganization, at least seventy percent (70%) of the combined voting power of the outstanding voting securities of the corporation resulting from such merger or consolidation or reorganization (the Surviving Company) in substantially the same proportion as their ownership of the Voting Securities immediately before such merger, consolidation or reorganization,

(2) the individuals who were members of the Incumbent Board immediately prior to the execution of the agreement providing for such merger, consolidation or reorganization constitute at least two-thirds of the members of the board of directors of the Surviving Company, or a corporation beneficially directly or indirectly owning a majority of the Voting Securities of the Surviving Company, and

(3) no Person other than (i) the Company, (ii) any Subsidiary, (iii) any employee benefit plan (or any trust forming a part thereof) that, immediately prior to such merger, consolidation or reorganization, was maintained by the Company or any Subsidiary, or (iv) any Person who, immediately prior to such merger, consolidation or reorganization had Beneficial Ownership of thirty percent (30%) or more of the then outstanding Voting Securities or common stock of the Company, has Beneficial Ownership of thirty percent (30%) or more of the combined voting power of the Surviving Company's then outstanding voting securities or its common stock;

(ii) A complete liquidation or dissolution of the Company; or

(iii) The sale or other disposition of all or substantially all of the assets of the Company to any Person (other than a transfer to a Subsidiary).

Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any Person (the Subject Person) acquired Beneficial Ownership of more than the permitted amount of the then outstanding common stock or Voting Securities as a result of the acquisition of common stock or Voting Securities by the Company which, by reducing the number of shares of common stock or Voting Securities then outstanding, increases the proportional number of shares Beneficially Owned by the Subject Persons, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of common stock or Voting Securities by the Company, and after such share acquisition by the Company, the Subject Person becomes the Beneficial Owner of any additional common stock or Voting Securities which increases the percentage of the then outstanding Voting Securities Beneficially Owned by the Subject Person, then a Change in Control shall occur.
