Item 7.01 Regulation FD Disclosure

In a press release issued on June 7, 2007, we reported that our Board of Directors had, pursuant to its dividend policy, declared the quarterly cash dividend, for the quarter ending June 30, 2007, in the amount of \$0.07 per share. That dividend is payable on June 29, 2007 to all stockholders of record as of June 15, 2007. A copy of that press release is attached as Exhibit 99.1 to, and incorporated by reference into, this Current Report on Form 8-K.

As stated in its press release, the declaration of cash dividends in the future, pursuant to the Company's dividend policy, is subject to determination each quarter by the Board of Directors based on a number of factors, including the Company's financial performance and its available cash resources. Also, it could become necessary for the Company to obtain the consent of its lender under its secured bank loan agreement in order to pay cash dividends in the future and for these reasons, as well as others, there can be no assurance that the Board of Directors will not decide to reduce the amount, or suspend or discontinue the payment, of cash dividends in the future.

In a separate press release, also issued on June 7, 2007, we announced the recent opening of Coast's newest product design and testing center, which has enabled Coast to enlarge its overall design and development staff and adds resources for prototyping, computer simulation testing and physical testing of new products for its North American customers. As reported in that press release, this new product design and testing center, which is located in an 18,000 square foot facility in Elkhart, Indiana, is the fourth product design and testing center operated by Coast, with the other centers located, respectively, in the countries of China and Taiwan, and in Wilsonville, Oregon. A copy of that press release is attached as Exhibit 99.1 to, and incorporated by reference into, this Current Report on Form 8-K.

In accordance with General Instruction B.2 of Form 8-K, the information in this Item 7.01 of this Current Report on Form 8-K, together with Exhibit 99.1 and Exhibit 99.2, are being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section, and such information and Exhibits shall not be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended.
