Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

(a) Effective December 6, 2007, the Board of Directors of OraSure Technologies, Inc. (the "Company") amended Article II of the Company's Amended and Restated Bylaws (the "Bylaws"), to allow for the issuance and transfer of uncertificated shares. The ability to issue uncertificated shares allows the Company to participate in a Direct Registration Program, such as the one which is currently administered by The Depository Trust Company. A Direct Registration Program allows investors to have securities registered in their names without the issuance of physical certificates and allows investors to electronically transfer securities to broker-dealers in order to effect transactions without the risks and delays associated with transferring physical certificates. The amendments to the Bylaws also provide that each registered stockholder shall be entitled to a stock certificate upon written request to the transfer agent or registrar of the Company.

The full text of the Bylaws, as amended and restated to incorporate the foregoing amendment, is attached to this Current Report on Form 8-K as Exhibit 3.1 and is incorporated herein by reference.
