We are first mailing this proxy statement, the attached notice of annual meeting of stockholders and the enclosed proxy card to you on or after May 8, 2008.

Purpose of the Meeting

At the meeting, our stockholders will be asked to:

- (1) Elect seven directors to serve until the 2009 annual meeting of stockholders;
- (2) Ratify the appointment of Deloitte & Touche LLP, a registered public accounting firm, to examine and report on our financial statements for the fiscal year ending December 31, 2008; and
- (3) Transact such other business as may properly come before the meeting.

Record Date; Stock Entitled to Vote; Quorum

Our board of directors has fixed the close of business on April 28, 2008 as the record date for the annual meeting. Only holders of our common stock on the record date will be entitled to vote at the annual meeting and any adjournments or postponements thereof. At the record date, 20,603,140 shares of common stock were outstanding and entitled to vote.

The presence, in person or by proxy, of a majority of the shares of common stock outstanding is necessary to constitute a quorum at the meeting. Abstentions and withheld votes will be counted as shares present at the meeting for purposes of determining the presence of a quorum. However, abstentions will not count in the tally of votes FOR or AGAINST a proposal. A WITHHELD vote is the same as an abstention. Broker non-votes occur when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the

Edgar Filing: ENCORIUM GROUP INC - Form DEFR14A

beneficial owner of the shares, and (2) the broker lacks the authority to vote the shares at the brokers discretion. Broker non-votes will be counted as shares present and entitled to be voted for purposes of determining the presence of a quorum.

Required Vote

Proposal One: Directors are elected by a plurality and the seven nominees for the positions to be voted on in Proposal One who receive the most votes will be elected. Abstentions and broker non-votes will not affect the outcome of the election.

Proposal Two: To be approved, this proposal must receive the affirmative vote of the holders of a majority of our outstanding common stock present in person or by proxy and entitled to vote thereon. Abstentions and broker non-votes will have the effect of a Negative vote with respect to this proposal.

All properly executed proxies delivered and not properly revoked will be voted at the annual meeting as specified in such proxies. If a choice is not specified, the shares represented by a properly executed proxy will be voted FOR the election to our board of directors of each of the nominees named in Proposals One and For Proposal Two.

Proxies; Voting and Revocation

Each share of our common stock is entitled to one vote. Votes will be tabulated at the meeting by inspectors of election appointed by us. You may revoke or change your proxy at any time prior to its being voted by filing a written instrument of revocation or change with the corporate secretary. You may also revoke your proxy by filing a duly executed proxy bearing a later date or by appearing at the meeting in person, notifying the corporate secretary and voting by ballot at the meeting. If you attend the meeting, you may vote in person whether or not you have previously given a proxy, but your presence at the meeting, without notifying the corporate secretary of Encorium, will not revoke a previously given proxy. In addition, if you beneficially hold shares of Encorium common stock that are not registered in your own name, you will need additional documentation from the record holder of the shares to attend and vote those shares personally at the meeting.

Solicitation of Proxies

Proxies will be solicited through the mail and directly by Encorium officers, directors and employees of Encorium not specifically employed for such purpose, without additional compensation. Encorium will bear the cost of soliciting proxies, including the preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders by Encorium. Encorium may also reimburse brokerage houses and other custodians, nominees and fiduciaries for their costs of forwarding proxy and solicitation materials to beneficial owners.

Other Matters

The board of directors does not intend to bring any matters before the meeting other than as stated in this proxy statement, and is not aware that any other matters will be presented for action at the meeting. If any other matters come before the meeting, the persons named in the enclosed form of proxy will vote the proxy with respect thereto in accordance with their best judgment, pursuant to the discretionary authority granted by the proxy.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR

ALL OF THE NOMINEES FOR DIRECTOR LISTED ABOVE

Meetings of the Board of Directors

There was no director who, during the last full fiscal year, attended in person or by phone fewer than 75% of board or committee meetings while such person was a director and served as a committee member. While the Company encourages all members of the board of directors to attend annual meetings of the Company's stockholders, there is no formal policy as to their attendance. All of the members of the board of directors attended the 2007 annual meeting of stockholders.

Committees of the Board

The board of directors has a Compensation Committee, an Audit Committee and a Nominating Committee.

The Compensation Committee met two times during 2007.

Audit Committee. The board of directors has a separately-designated standing Audit Committee. The Audit Committee operates under a charter which was adopted by the board of directors. This charter is posted in the Investor Relations section of the Company's website at www.encorium.com.

The Audit Committee oversees the Company's accounting, financial reporting process, internal controls over financial reporting and audits, and consults with management and the Company's registered public accounting firm on, among other items, matters related to the annual audit, published financial statements and accounting principles applied. As part of its duties, the Audit Committee appoints, evaluates and retains the Company's independent registered public accounting firm. It also maintains direct responsibility for the compensation, termination and oversight of the Company's independent registered public accounting firm and evaluates the registered public accounting firm's qualifications, performance and independence. The Audit Committee approves all services provided to the Company by the independent registered public accounting firm. The Audit Committee has established procedures for the receipt, retention and treatment, on a confidential basis, of complaints received by the Company, regarding accounting, internal accounting controls or auditing matters,

and the confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters.

The current members of the Audit Committee are Christopher F. Meshginpoosh (Chairman), Scott M. Jenkins, and Paul J. Schmitt. Shareholder Communications

Encorium's Annual Meeting of Stockholders provides an opportunity each year for stockholders to ask questions of or otherwise communicate directly with members of our board of directors on matters relevant to the Company. In addition, the board of directors has established a process for permitting stockholders to communicate with the board of directors outside of our Annual Meeting. The shareholder communications policy is posted in the Investor Relations section of website at www.encorium.com.

Executive Compensation

The Compensation Committee is responsible for reviewing and approving the salaries of our corporate executive officers. The Compensation Committee also reviews, approves and administers the Company's equity incentive plans and in that capacity selects our employees and non-employee directors and the employees of our subsidiaries who will receive awards, determines the number of shares covered thereby, and establishes the terms, conditions, and other provisions of the grants.

Compensation Policies

The Company's executive compensation policies and specific compensation programs are intended to further the principal objective of maximizing long-term stockholder value. The Compensation Committee believes that this objective, and the long-term interests of stockholders, are best achieved by attracting and retaining high-quality management, and that executive compensation should be determined according to a competitive framework and based on overall financial results and individual contributions to the business consistent with overall corporate needs and objectives. The ultimate purposes of our executive compensation policies and programs are to attract and retain high-quality executives and to motivate the entire management team to put forth maximum efforts toward achieving the Company's financial and business objectives.

Within the overall philosophy, the Compensation Committee has established specific objectives to:

offer a total compensation program that is competitive and consistent with compensation levels for executive officers holding positions of comparable responsibility in the contract research and life science industries;

promote achievement of annual financial and business objectives of the Company;

motivate key executives to fulfill their responsibilities in meeting the business objectives of the Company; and

reward executives for long-term strategic management and the enhancement of stockholder value.

The Company believes that it is prudent to compensate executive officers with a mix of incentive and non-incentive compensation. Too much emphasis on incentive compensation could result in management's deployment of unnecessarily risky business strategies, which are not in the best interests of stockholders. Likewise, reliance on only non-incentive compensation would likely not provide optimal motivation to management to enhance stockholder value. To date the Compensation Committee has not adopted formal guidelines for allocating total compensation between equity compensation and cash compensation.

Components of Compensation

The primary elements of total compensation paid by the Company to its executive officers include the following:

Base salary;

Performance based cash compensation;

Awards under Equity Incentive Plans;

Benefits under our 401(k) Plan; and

Benefits under our health and welfare benefits plans.

Base Salary

Base compensation decisions are intended to reflect the executive's responsibilities, qualifications, experience and performance, the level of the Company's dependence on each executive, as well as consideration of compensation practices and financial performance for comparable positions within the clinical research and life science industries (while recognizing that most of the other publicly-traded contract research organizations are substantially larger than the Company). The performance of each executive officer is considered, as well as the Company's overall financial performance and the contribution to such performance made by the executive officer and his or her department. However, the Compensation Committee does not apply any specific formula or assign any specific weights to these factors in setting base salaries for executive officers.

Discretionary Cash Bonus

The Compensation Committee, upon recommendation from the board of directors, determines whether an executive officer should receive a discretionary cash bonus, as well as the timing and amount of any bonus. In making these determinations, the Compensation Committee may take various factors into account, including but not limited to, the Company's financial performance, the financial performance for other companies within the clinical research and life science industries, and the contribution to the Company's success of the particular executive officer. However, the Compensation Committee does not apply any specific formula or assign any specific weights to these factors in determining whether to grant additional cash compensation.

Equity Awards

The Compensation Committee, upon recommendation from the board of directors, determines the timing, distribution and amount of all equity based awards. In making these determinations, the Compensation Committee may take various factors into account, including, but not limited to, the Company's financial performance, the financial performance for other companies within the clinical research and life science industries, the contribution to the Company's success of the particular NEO, and the potential dilutive effect of the awards on other stockholders. However, the Compensation Committee does not apply any specific formula or assign any specific weights to these factors in determining whether to grant equity based awards.

Consultants

The Compensation Committee has in the past engaged a compensation consultant to provide input on our executive compensation. The consultants are independent and report directly to the Compensation Committee.

Role of Executive Officers in Setting Compensation

The Compensation Committee frequently asks the Chief Executive Officer to discuss executive compensation and evaluate Company and individual performance. Occasionally other executives may be invited to attend a meeting of the Compensation Committee to provide pertinent financial or human resources information. Executive officers in attendance may provide their insights and suggestions, but only Compensation Committee members may vote on decisions regarding executive officer compensation.

Our executive officers do not determine or approve any element or component of their own base salary, discretionary cash compensation, long-term incentives or other aspects of compensation. Executive officers do provide input and make recommendations to the Compensation Committee with respect to the compensation of officers who report to them. These recommendations are based on various factors including individual contribution and performance, company performance, complexity and importance of roles and responsibilities, reporting relationships, retention needs and internal pay relationships.

 DIRECTOR COMPENSATION

For 2007, each non-employee director received \$37,500 for his service on the Company's board of directors paid at the rate of \$3,125 per month, plus reimbursement of reasonable expenses incurred in connection with attendance at meetings of the board. A non-employee director who is Chairman of the Compensation, Audit or Nominating Committee may receive an annual grant to purchase 25,000 shares of the Company's common stock. All other non-employee directors may receive an annual grant to purchase 20,000 shares of the Company's common stock.

The Audit Committee of Encorium has re-appointed, subject to stockholder ratification, Deloitte & Touche LLP, a registered public accounting firm, to examine and report on our financial statements for the fiscal year ended December 31, 2008.

The following table presents the fees billed for services rendered by Deloitte & Touche LLP for the fiscal years ended December 31, 2007 and December 31, 2006:

| | 2007 | 2006 |
|--------------------|-------------------|-------------------|
| Audit Fees | \$ 449,639 | \$ 236,000 |
| Audit-Related Fees | 34,479 | 33,640 |
| Tax Fees | | |
| All Other Fees | 31,140 | 186,200 |
| Total Fees | \$ 515,258 | \$ 455,840 |

Audit fees consisted of fees for the audit of Encorium's annual financial statements and review of quarterly financial statements as well as services normally provided in connection with statutory and regulatory filings or engagements, consents and assistance with and review of Encorium's documents filed with the SEC. Audit-related fees consisted of the audit of Encorium's operations in the UK. For 2006, all other fees consisted of fees paid for due diligence in connection with the acquisition of Encorium Oy (formerly Remedium Oy). For 2007, all other fees consisted of fees paid in connection with the Company's filing of registration statements for resale of the Company's securities by certain holders thereof. Except as set forth above, Encorium, made no other payments to Deloitte & Touche LLP for services rendered during fiscal 2007 and 2006.

Policy for Pre-Approval of Audit and Non-Audit Services

The Audit Committee's Charter includes a formal policy concerning the pre-approval of audit and non-audit services to be provided by the independent accountants to the Company. The policy requires that all services to be performed by Deloitte & Touche LLP, including audit services, audit-related services and permitted non-audit services, be pre-approved by the Audit Committee. The Audit Committee may delegate pre-approval authority to the Chairman of the Audit Committee. All services rendered by Deloitte & Touche LLP are permissible under applicable laws and regulations, and the Audit Committee pre-approved all audit, audit-related and non-audit services performed by Deloitte & Touche LLP during fiscal 2007. The Audit Committee considered whether the provision of services other than the audit services (as specified above) was compatible with maintaining Deloitte & Touche LLP's independence and determined that provision of such services has not adversely affected Deloitte & Touche LLP's independence.

The board of directors of Encorium, recommends a vote for ratification of the appointment of Deloitte & Touche LLP, a registered public accounting firm, to examine and report on our financial statements for the current fiscal year. It is intended that the shares represented by proxies in the enclosed form will be voted for ratification of Deloitte & Touche LLP, unless contrary instructions are received. It is expected that representatives of Deloitte & Touche LLP will attend the annual meeting, with the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Approval of the re-appointed of Deloitte & Touche LLP requires the affirmative vote of a majority of the shares of Encorium common stock present in person or by proxy and entitled to vote thereon.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP, A REGISTERED PUBLIC ACCOUNTING FIRM, TO EXAMINE AND REPORT ON OUR FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2008.

The following report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Exchange Act, except to the extent that the Company specifically incorporates this information by reference. The following report shall not otherwise be deemed filed under such acts.

The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee reviewed and discussed the audited financial statements for the year ended December 31, 2007 with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and has considered whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the committee referred to above and in the charter, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2007 for filing with the Securities and Exchange Commission.

DIRECTOR INDEPENDENCE

In accordance with Nasdaq rules, the board of directors affirmatively determines the independence of each director and nominee for election as a director in accordance with guidelines it has adopted, which guidelines mirror the elements of independence set forth in Nasdaq and Securities Exchange Act rules. Based on these standards the board of directors determined that each of the following non-employee directors is independent and has no relationship with the Company, except as a director and/or stockholder of the Company: Scott M. Jenkins, Dr. Jyrki Mattila, Christopher F. Meshginpoosh and Paul J. Schmitt.

PROCEDURES FOR NOMINATING OR RECOMMENDING FOR NOMINATION CANDIDATES

FOR DIRECTOR.

As part of the nominating process, the Nominating Committee reviews the appropriate skills and characteristics required of board members. The Nominating Committee does not anticipate that it will generally rely on third-party search firms to identify board candidates. Instead, the Nominating Committee anticipates that it will rely on recommendations from a wide variety of business contacts, including current executive officers, directors and stockholders, as a source for potential board candidates. All candidates shall, at a minimum, possess a background that includes a solid education, extensive business experience and the requisite reputation, character, integrity, skills, judgment and temperament, which, in the Nominating Committee's judgment, have prepared him or her for dealing with the multi-faceted financial, business and other issues that confront a board of directors of a corporation with the size, complexity, reputation and success of the Company. When evaluating potential nominees, the Nominating Committee evaluates the above criteria as well as the current composition of the board of directors and the need for Audit Committee experience. The Nominating Committee recommends candidates to the board of directors which it believes best suit the needs of Encorium. The Nominating Committee anticipates that stockholders' nominees that comply with the existing procedures outlined in Encorium's bylaws described below will receive the same consideration that other nominees receive.

Pursuant to Section 2.1(b) of the Company's bylaws, the Company will consider stockholder recommendations for directors sent to the Corporate Secretary, Encorium Group, Inc., One Glenhardie Corporate Center, Suite 100, 1275 Drummers Lane, Wayne, PA 19087. Stockholder recommendations for directors must include: (i) the name and address of the stockholder recommending the person to be nominated, (ii) a representation that the stockholder is a holder of record of stock of the Company, including the class and number of shares held and the period of holding, (iii) a description of all arrangements or understandings between the stockholder and the recommended nominee, (iv) a representation that the stockholder intends to appear in person or by proxy at the annual meeting to nominate the candidate(s) for election to the board of directors, (v) such other information regarding the recommended nominee as would be required to be included in a proxy statement filed pursuant to Regulation 14A promulgated by the SEC pursuant to the Exchange Act, and (vi) the consent of the recommended nominee to serve as a director of the Company if so elected. Recommendations must be

received by the Corporate Secretary not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting, provided, however, that in the event the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, the stockholder must deliver a director recommendation not earlier than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

STOCKHOLDER PROPOSALS FOR 2009 ANNUAL MEETING OF STOCKHOLDERS

Any stockholder proposal intended to be presented at Encorium's 2009 Annual Meeting of Stockholders must be received by Encorium at its office in Wayne, Pennsylvania on or before January 8, 2009 in order to be considered for inclusion in the Company's proxy statement and form of proxy relating to such meeting. If a stockholder proposal to be considered at next year's meeting, but not included in the proxy statement, is not received by us on or before March 24, 2009, the persons appointed as proxies may exercise their discretionary voting authority with respect to the proposal. All proposals should be submitted in writing to Encorium Group, Inc., One Glenhardie Corporate Center, Suite 100, 1275 Drummers Lane, Wayne, Pennsylvania 19087, Attention: General Counsel.

SOLICITATION OF PROXIES

The solicitation of proxies will be conducted by mail and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy solicitation materials for the meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation materials regarding the meeting to beneficial owners of the Company's Common Stock. The Company may conduct further solicitation personally, telephonically, by facsimile or via electronic mail through its officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

HOUSEHOLDING INFORMATION

The SEC permits companies and intermediaries (such as brokers and banks) to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report to those stockholders. This process, which is commonly referred to as householding, is intended to reduce the volume of duplicate information stockholders receive and also reduce expenses for companies. While Encorium does not utilize householding, some intermediaries may be householding Encorium's proxy materials and annual report. Once you have received notice from your broker or another intermediary that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you hold your shares through an intermediary that sent a single proxy statement and annual report to multiple stockholders in your household, Encorium will promptly deliver a separate copy of each of these documents to you if you send a written request to Encorium Group, Inc., One Glenhardie Corporate Center, Suite 100, 1275 Drummers Lane, Wayne, PA 19087, Attention: General Counsel or call us at (610) 975-9533. If you hold your shares through an intermediary that is utilizing householding and you want to receive separate copies of Encorium's annual report and proxy statement in the future, you should contact your bank, broker or other nominee record holder.
