Fellow Cliffs Employee:

As Cleveland-Cliffs continues to execute its dynamic global expansion and diversification strategy, I am happy to announce that today we have entered into a definitive merger agreement in which we will acquire Alpha Natural Resources, one of the largest suppliers and exporters of metallurgical coal in North America, and a leading supplier of thermal coal. In addition, as this strategic combination will create one of the leading diversified miners in the world and one of the largest mining companies in North America, we will be doing business under a new name, Cliffs Natural Resources. Our Global Headquarters will remain in Cleveland, OH.

This is truly an exciting transaction, and I hope you share my enthusiasm. It brings together two companies with world-class employees and a shared cultural commitment to integrity, safety and the environment. Our combined size and scale will enable us to efficiently offer a broad portfolio of various iron ore and coal types to meet the growing needs of our customers.

I want to emphasize that this transaction is about growth, and we do not expect significant workforce reductions. In fact, over the long-term, we believe our combination will result in greater opportunities for employees of both companies as we move forward and grow together. We anticipate that the transaction will close by the end of 2008, and until then, we will remain as separate companies, continuing all Cleveland-Cliffs' normal operational procedures.

I am sure that you have many questions about the upcoming months. A copy of today's official press release and an Employee Q&A is attached along with this letter, and we will make every effort to keep you up-to-date on important developments and progress throughout this process. In the interim, if you have any questions, please contact your immediate supervisor. Further information and feedback opportunities will also be available at OneCliffs.com

Thank you for your continued commitment to Cleveland-Cliffs. Although dramatic changes lie before us, our over 160-year legacy of integrity, partnership and innovation will remain at our core. I am confident that, together with Alpha Natural Resources, we will be able to achieve new heights to the benefit of all our stakeholders, including Cleveland-Cliffs' employees.

Sincerely,

Joe Carrabba

President, Chairman and CEO
