INFORMATION TO BE INCLUDED IN THIS REPORT

Section 1 REGISTRANT'S BUSINESS AND OPERATIONS

Item 1.01. Entry into a Material Definitive Agreement

On December 16, 2008, Crane Co. (the "Company") executed Amendment No. 1 to its \$300 million Amended and Restated Credit Agreement by and among the Company and certain of its subsidiaries; the Banks party thereto; JPMorgan Chase Bank, N.A. as administrative agent; Bank of America, N.A. as syndication agent; and The Bank of New York and Citibank N.A. as documentation agents, to delete a representation regarding the Company's pension liability and to amend certain other terms of the Amended and Restated Credit Agreement. The Amended and Restated Credit Agreement, which is effective until September 26, 2012, contains customary affirmative and negative covenants for credit facilities of this type, including limitations on the Company and its subsidiaries with respect to indebtedness, liens, mergers, consolidations, liquidations and dissolutions, sales of all or substantially all assets, transactions with affiliates and hedging arrangements. The Amended and Restated Credit Agreement also provides for customary events of default, including failure to pay principal, interest or fees when due, failure to comply with covenants, the fact that any representation or warranty made by the Company is false in any material respect, default under certain other indebtedness, certain insolvency or receivership events affecting the Company and its subsidiaries, certain ERISA events, material judgments and a change in control of the Company. The Amendment was approved by Required Lenders as defined in the Amended and Restated Credit Agreement.

The foregoing is only a summary of the terms of the Amended and Restated Credit Agreement and Amendment No. 1 thereto, and is qualified in its entirety by reference to the full texts of the Amended and Restated Credit Agreement, which was attached as Exhibit 10.1 to the Company's Current Report on Form 8-K filed on September 26, 2007, and of Amendment No. 1 thereto, which is attached to this Current Report as Exhibit 10.1.
