VOTING PROCEDURES

Solicitation and Voting of Proxies

The Board of Directors solicits this proxy for use at the corporation's 2009 annual meeting of shareholders. The corporation's directors, officers and bank employees may solicit proxies in person or by telephone, facsimile, email or other similar means without additional compensation. The corporation will pay the cost of preparing, assembling, printing, mailing and soliciting proxies and any additional material that the corporation sends to its shareholders. The corporation will make arrangements with brokerage firms and other custodians, nominees and fiduciaries to forward proxy solicitation materials to the beneficial owners of stock held by these entities. The corporation will reimburse these third parties for their reasonable forwarding expenses.

Only shareholders of record as of the close of business on February 17, 2009, may vote at the annual meeting. The corporation's records show that, as of the voting record date, 3,479,780 shares of common stock were outstanding. On all matters to come before the annual meeting, shareholders may cast one vote for each share held. Cumulative voting rights do not exist with respect to the election of directors. See "Principal Shareholders" on page 29 for a list of the persons known by the corporation to be beneficial owners of 5% or more of the corporation's common stock.

If your shares are registered directly in your name with Mid Penn Bancorp, Inc.'s transfer agent, Registrar and Transfer Company, you are considered, with respect to those shares, the shareholder of record, and these proxy materials are being sent directly to you by the corporation. As the shareholder of record, you have the right to grant your voting proxy directly to the proxy holders or to vote in person at the meeting. The corporation has enclosed a proxy for your use.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. However, because you are not the shareholder of record, you may not vote these shares in person at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

Table of Contents

By properly completing a proxy, the shareholder appoints Roberta A. Hoffman, Randall L. Klinger and Eric S. Williams as proxy holders to vote the shares as indicated on the proxy. Proxy holders will vote any signed proxy, not specifying to the contrary, **FOR** the election of Jere M. Coxon, Rory G. Ritrievi and Edwin D. Schlegel as Class B directors for 3-year terms expiring in 2012.

The Board of Directors proposes to mail this proxy statement to the corporation's shareholders on or about March 27, 2009.

Quorum and Vote Required For Approval

In order to hold the annual meeting, a quorum of shareholders must be present. Under Pennsylvania law and the corporation's By-laws, the presence, in person or by proxy, of the holders of a majority of the shares entitled to vote is necessary to constitute a quorum for the transaction of business at the meeting. The proxy holders will count votes withheld and abstentions when determining the presence of a quorum for each matter. The proxy holders will not count broker non-votes when determining the presence of a quorum for the particular matter as to which the broker withheld authority.

If a quorum is present, the three candidates for director receiving the highest number of votes cast by shareholders will be elected. The proxy holders will not cast votes withheld or broker non-votes for the Board's nominees.

If a quorum is present, approval and adoption of the proposed amendment of the Articles of Incorporation will require the affirmative vote of at least sixty-six and two-thirds percent (66 2/3%) of the outstanding shares of common stock entitled to vote.

If a quorum is present, approval of the non-binding proposal on executive compensation will require the affirmative vote of the holders of at least a majority of the votes cast at the annual meeting.

GOVERNANCE OF THE CORPORATION

Governance

Our Board of Directors believes that the purpose of corporate governance is to ensure that we maximize shareholder value in a manner consistent with legal requirements and the highest standards of integrity. The Board has adopted and adheres to corporate governance practices, which the Board and senior management believe promote this purpose, are sound and represent best practices. We continually review these governance practices, Pennsylvania law (the state in which we are incorporated), the rules and listing standards of The Nasdaq Stock Market, Inc. ("Nasdaq") and SEC regulations, as well as best practices suggested by recognized governance authorities.

Currently, our Board of Directors has ten members. Under the Nasdaq standards for independence, the following directors meet the standards for independence: Jere M. Coxon, Matthew G. DeSoto, A. James Durica, Robert C. Grubic, Gregory M. Kerwin, Theodore W. Mowery, Donald E. Sauve and William A. Specht, III. This constitutes more than a majority of our Board of Directors. Only independent directors serve on our Audit, Compensation and Nominating and Corporate Governance Committees.

In determining the directors' independence, the Board of Directors considered loan transactions between the bank and the directors, their family members and businesses with whom they are associated, as well as any contributions made to non-profit organizations with whom they are associated.

The table below includes a description of other categories or types of transactions, relationships or arrangements considered by the Board (in addition to those listed above) in reaching its determination that the directors are independent.

Mr. Durica	Yes	None
Mr. Grubic	Yes	None
Mr. Kerwin	Yes	None
Mr. Mowery	Yes	None
Mr. Sauve	Yes	Food Purchases

In each case, the Board determined that none of the transactions above impaired the independence of the director. For more information, please refer to "Certain Relationships and Related Transactions" on page 29.

The corporation's Board of Directors oversees all business, property and affairs of the corporation. The Chairman and the corporation's officers keep the members of the Board informed of the corporation's business through meetings and by providing reports and other materials to the members. During fiscal 2008, the corporation's and bank's Boards of Directors each held 14 meetings. In addition, the corporation's independent Board members held 5 independent Board Meetings during fiscal 2008.

Code of Ethics

In 2003, as required by law and regulation, the corporation and the bank adopted a Code of Ethics. We amended our Code of Ethics twice in 2005 and again on February 22, 2006. We have filed a copy of the amended Code of Ethics that applies to directors, officers and employees with the SEC as Exhibit 14 to the Form 8-K filed on February 27, 2006. The Code of Ethics encourages individuals to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Ethics. Annual Meeting Attendance

All directors attended the 2008 Annual Meeting of Shareholders. While the corporation does not have a formal policy regarding attendance, all directors are strongly encouraged to attend the Annual Meeting of Shareholders.

Committees and Meetings of the Corporation's Board of Directors

During 2008, the Board of Directors of the corporation maintained three standing committees: Audit, Compensation, and Nominating and Corporate Governance Committees which jointly serve the corporation and the bank. Only independent directors serve on these committees. Chairman Schlegel attends committee meetings only when and to the extent requested by the committees. The function of each of these committees is described below.

AUDIT. This committee oversees audit coverage, selects the independent registered public accounting firm, reviews the annual financial statements of the corporation and auditor's reports, and monitors with management and the auditor the system of internal controls and its accounting and reporting practices. All members of the Audit Committee are non-employee directors and are independent as defined by Nasdaq listing standards. The Audit Committee has a charter which is attached as Appendix A. A. James Durica serves as the Audit Committee Financial Expert and Chairman of this committee.

NOMINATING AND CORPORATE GOVERNANCE. This committee identifies individuals qualified to become Board members, evaluates and selects, or recommends to the Board, director nominees for each election of directors. This committee also monitors and makes recommendations to the Board on other matters of Board policies and practices relating to corporate governance. All members are independent (as independence is currently defined by Nasdaq listing standards). Robert C. Grubic serves as Chairman of this committee.

The Nominating and Corporate Governance Committee has a charter which is attached as Appendix B. Candidates for director must be qualified in terms of education, professional experience, business contacts and special skills. Other less tangible, but equally important, qualifications include general representation from the markets served, enthusiasm, maturity, reputation, compatibility with other Board members, diplomacy and independent judgment. In addition, candidates should have a vested interest in the corporation through ownership of corporation stock. The Nominating and Corporate Governance Committee Policy and Charter was revised in August 2007 and again in July 2008. Board candidates, upon their appointment, are required to own 500 shares with the understanding that they accumulate a minimum of 2,500 shares in total by the end of their second year on the Board. The Board recognizes that Board members have various abilities to acquire shares beyond the minimum threshold depending on their personal circumstances and may, in special circumstances, extend the two-year period for

Table of Contents

accumulating 2,500 shares to a longer period of time as determined by the Board. Members are encouraged to continue to accumulate shares over time to the extent possible considering their personal circumstances.

The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees consists of compiling a list of nominees recommended by shareholders, Mid Penn Bancorp, Inc. directors and individuals who have approached officers and directors for consideration. Information is gathered concerning the potential Board member's location of business and residence, shares owned, profession or business, and deposit and loan relationship with the bank. Personal information about the individual is also gathered to determine if he/she meets the criteria listed in the Nominating and Corporate Governance Committee Policy and Charter. The Nominating and Corporate Governance Committee screens this information to narrow its search of final candidates to be interviewed. Upon completion of the interviews, the Nominating and Corporate Governance Committee makes a final recommendation to the full Board of Directors for appointment. All potential candidates are screened by the same process regardless of whether they were recommended by a shareholder or by another party.

COMPENSATION. This committee assures that senior executives are compensated effectively in a manner consistent with the bank's compensation strategy, internal equity considerations, competitive practice, and the requirements of the appropriate regulatory bodies. This committee also reviews salary adjustments, compensation and benefits programs for all employees and makes recommendations to the Board of Directors. The Compensation Committee has a charter which is attached as Appendix C. Theodore W. Mowery serves as Chairman of this committee.

ELECTION OF DIRECTORS

Qualifications and Nomination of Directors

The corporation's By-laws authorize the number of directors to be not less than five (5) nor more than twenty-five (25). The By-laws also provide for three classes of directors with staggered 3-year terms of office. The Board of Directors nominated the three persons named below to serve as directors until the 2012 annual meeting of shareholders or until their earlier death, resignation or removal from office. The nominees are presently members of the Board of Directors and have consented to serve another term as a director if re-elected. If the nominees should be unavailable to serve for any reason, a majority of the Board of Directors then in office may select someone to fill the vacancy until the expiration of the term of the class of directors to which he or she is appointed.

The Board of Directors is divided into three classes. Terms of the members of each class expire at successive annual meetings. Currently, Class A consists of three directors, Class B consists of three directors, and Class C consists of four directors. Shareholders will elect three Class B directors at this annual meeting to serve for a 3-year term.

The proxy holders intend to vote proxies for the election of each of the three nominees named below, unless you indicate that your vote should be withheld from any or all of them. Each nominee elected as a director will continue in office until his or her successor has been duly elected and qualified, or until his or her death, resignation, retirement or removal from office.

Compensation of the Board of Directors

Directors received no remuneration for attendance at the meetings of the Board of Directors of the corporation. All director fees are paid by the bank. The bank participates in the L. R. Webber Associates, Inc. Salary/Benefits Survey, which includes a survey of director fees and benefits. The bank also periodically conducts a survey of director fees, committee fees and other director compensation of banks that are similar in size and in similar markets to the bank. Based on the surveys, which are reviewed by the Compensation Committee, a recommendation by the Compensation Committee is presented to the Board of Directors for final approval.

During 2008, Mid Penn Bank directors earned an annual fee of \$12,000. Board members received \$250 for each Independent Board Meeting attended from January through May 2008 and \$500 for each Independent Board Meeting attended from June through December 2008. In 2008, members of the Nominating and Corporate Governance Committee received \$250 for each meeting attended. Members of the Compensation Committee received \$250 for each meeting attended from January through May 2008 and \$300 for each meeting attended from June through

December 2008. Members of the Audit Committee received \$300 for each meeting attended from January through May 2008 and \$325 for each meeting attended from June through December 2008. As Lead Director, Mr. Schlegel was paid \$1,000, or \$250 per month, for the period January 1, 2008 through April 30, 2008. At the corporation's annual organization meeting held in April 2008, Mr. Schlegel was named Chairman of the Board and Mr. Grubic was named Vice-Chairman. In 2008, Mr. Schlegel received fees of \$1,800 for his services as Chairman, and Mr. Grubic received fees of \$2,400 for his services as Vice-Chairman. Directors who are also officers of the bank are not paid for attending committee meetings. In 2008, the Board of Directors was paid \$177,075 in the aggregate, for all Board of Directors' fees and committee meetings attended. In addition, A. James Durica was paid \$20,004 in fees for services rendered in his capacity as chairman of the Audit Committee, which includes his work to prepare for committee meetings and to attend meetings with the bank's auditors, compliance consultants, SEC counsel, and other advisors the bank uses in connection with its audit program. Matthew DeSoto was paid an additional \$100 for attending a bank Advisory Board Meeting.

The bank maintains a deferred fee plan for directors, which enables a director to defer payment of his fees until he leaves the Board. The director receives either a lump sum or equal monthly installments in an amount equal to his deferral account upon retirement, early termination, disability, a change in control, a hardship or death. The following are the current directors who each deferred \$8,000 in fees for 2008: Robert Grubic, Theodore Mowery, Donald Sauve and Edwin Schlegel. Deferred director fees paid to retired directors during 2008 totaled \$7,970.

In May 1995, the Mid Penn Bank directors adopted a retirement bonus plan, subsequently renamed director retirement plan. The plan pays a retirement fee to directors who voluntarily terminate their service on the Board with at least five years of service. The retirement fee is determined by multiplying the base retirement amount for the member's position (\$533.35 for the Chairman, \$266.68 for all other directors, which figures reflect the inflationary adjusted rates for 2007) by the number of full years the member served. No portion of the payment under this plan is assignable. The plan contains an inflationary adjustment provision and provides for survivor benefits. Payments due under the plan are paid quarterly for a term of 15 years to the director or his/her designated beneficiary. Earl Etzweiler, Harvey Hummel, Warren Miller, William Nelson, Eugene Shaffer and Guy Snyder, Jr. received a total of \$47,060 under this plan in 2008.

COMPENSATION DISCUSSION AND ANALYSIS*Introduction*

The Board of Directors has appointed a Compensation Committee which administers the compensation program. The committee strives to offer a fair and competitive compensation policy to govern named executive officers' base salaries and incentive plans and to attract and maintain competent, dedicated and ambitious managers whose efforts will enhance the products and services of the corporation and of the bank, resulting in higher profitability, increased dividends to the corporation's shareholders and appreciation in market value of the corporation's common stock.

The elements of compensation are base salary, bonus plans, and retirement and health benefits. As each element of compensation is intended to accomplish a specific goal, payments under one element are not taken into account when determining the amount to be paid under a different element.

Named Executive Officers' Role in Determining Compensation

The 2008 compensation of the named executive officers was reviewed and approved by the Board of Directors upon the recommendation of the Compensation Committee. Beginning in 2009, the compensation of the named executive officers, other than the chief executive officer's compensation, will be fixed by the chief executive officer and approved by the Compensation Committee of the Board of Directors, subject to ratification by the full Board of Directors. The Compensation Committee considers the views and recommendations of the chief executive officer in making compensation decisions affecting executive officers who report to him. The chief executive officer's role in recommending compensation programs is to develop and recommend appropriate performance measures and targets for individual compensation levels and compile competitive benchmark data to assess the competitive labor market. The chief executive officer does not participate in the discussions or decisions regarding changes in his compensation.

Compensation Consultant's Role in Determining Compensation

In 2008, Mid Penn Bank hired consultant Sally Williams, President of Webber HR Solutions, LLC to establish a new Wage and Salary Administration Program and New Performance Appraisal System. The Wage and Salary Administration Program and Performance Appraisal System apply to all employees of Mid Penn Bank including the named executive officers. The Wage and Salary Administration Program provides, among other things, that salary ranges are to have mid-points, which are competitive with the current market wage/salary data for each position and which reflect the markets in which the Bank conducts business.

Base Salary

Base salary is designed to attract and retain executives who can further the strategic objectives of the corporation and bank. Base salary is a major component of the named executive officers' compensation and is reviewed every year to determine whether the salary is at the appropriate level.

As mentioned above in *The Role of the Compensation Consultant*, in 2008, Mid Penn Bank reviewed its current salary and bonus structure for all employees with the assistance of a compensation consultant. The information provided by the compensation consultant established the appropriate ranges in which all employees, including the named executive officers, are compensated. The minimum amount indicated in the range for a specific position is paid to all employees in that position who meet the basic qualifications in education and/or experience.

The Compensation Committee made a subjective review of the named executive officers' performance including general management performance; strategic objectives management; reporting and communication skills; internal cooperation; policy, procedure and regulatory compliance; and public relations. After the Compensation Committee's review of the named executive officer's performance, the Compensation Committee using its business judgment determined the appropriate amount of base salary within the salary range.

Benchmarking

In establishing the new Wage and Salary Administration Program, the compensation consultant provided Mid Penn Bank with salary information on bank positions gathered from the L. R. Webber PA Survey for Region 5, L. R. Webber survey for Asset size 6 (\$500 – \$999 million), L. R. Webber Mid Atlantic Survey, America's Community Bankers Survey, Watson-Wyatt Survey and Department of Labor for Harrisburg MSA.

The following institutions were included in the survey based upon their location in the Adams, Baltimore (MD), Berks, Cumberland, Dauphin, Franklin, Lancaster, Lebanon, Lehigh, Perry, and York counties:

Adams County National Bank	First National Bank of Marysville
Agchoice Farm Credit	First National Bank of Mercersburg
American Bank	Fleetwood Bank
AmeriChoice Federal Credit Union	Jonestown Bank & Trust Co.
Atlantic Central Bankers Bank	Mid Penn Bank
Bank of Landisburg	New Tripoli Bank
Centric Bank	Orrstown Bank
Ephrata National Bank	Patriot Federal Credit Union
F&M Trust Company	Pennsylvania State Employees Credit Union
Farmers & Merchants Bank	Union National Community Bank
First National Bank of Fredericksburg	York Traditions Bank
First National Bank of Greencastle	

The following institutions were included in the survey based upon their asset size of \$500 million to \$999 million:

Adams County National Bank	First Federal Savings & Loan Assn. of Bucks County
Community Bank & Trust Company	First Keystone National Bank
Ephrata National Bank	First National Bank of Greencastle
ESSA Bank & Trust	Jersey Shore State Bank
F&M Trust Company	Mid Penn Bank
Fidelity Bank	Orrstown Bank
Fidelity Deposit & Discount Bank	QNB Bank
First Citizens National Bank	Washington Federal Savings Bank

The peer banks are utilized to arrive at salary ranges for all employees, including named executive officers. The bank uses this survey as a source of information to educate itself on the current trends in executive pay and to determine if the bank's pay scales are in accord with those of its peers. The 2008 salary increases for executive officers were not increased as a result of benchmarking to the salary survey, but were increased based upon the individual's actual performance as tied to the salary grid.

Bonus Plan

In order to incent employees to attain excellence performance for the Bank with regard to certain performance standards which the Compensation Committee believes will improve shareholder value, in 2008, the bank created a formulized bonus plan. A three percent bonus will be paid to eligible employees for attaining the peer group average in two elements: Earnings per Share (EPS) growth and Core Deposit Growth. Additionally, a six percent bonus will be paid out for attaining five percent growth above the peer group averages with regard to these same two elements.

Table of Contents

Over the past three years, the average EPS growth rate of the peer group has been approximately 2% and the average Core Deposit Growth has been approximately 5.6%. Percentages in between the two growth rates will be estimated and no bonus will be paid for results that fall short of the peer group averages. The EPS growth element is weighted at 70% and the Core Deposit Growth element is weighted at 30%.

Banks in this peer group include the following similar sized-banks in Central Pennsylvania:

Citizens Financial Services, Inc.	Franklin Financial Services Corporation
CNB Financial Corporation	Juniata Valley Financial Corp.
Comm Bancorp, Inc.	Norwood Financial
Codorus Valley Bancorp, Inc.	Orrstown Financial Services, Inc.
Ephrata National Bank	Penns Woods Bancorp, Inc.
First Keystone Corporation	Peoples Financial Services Corp.

The bank may also award bonus payments on a case-by-case basis based upon its discretion using its business judgment of whether a bonus is appropriate and determining the appropriate amount of any bonus.

Commercial Lender's Incentive Plan

In 2008, Mr. Williams participated in the Commercial Lender's Incentive Plan, whereby he was rewarded for achieving specific bank goals. The purpose of the Commercial Lender's Incentive Plan is to promote a superior level of performance by the bank's lenders to meet and exceed portfolio and quality goals; to motivate, reward and reinforce superior operating performance both on a department and individual basis; to attract and retain the best commercial lenders; to encourage an atmosphere of teamwork; and to enhance profitability and productivity in support of the bank's immediate and future business goals.

The Rate of Distribution for eligible employees is calculated based on both Quantitative and Qualitative Performance Measures. The Quantitative Measures consist of the commercial lending group's performance relative to goals in three areas: Loans originated, loans outstanding and fee income. The Qualitative Performance Measures include delinquencies, line renewals, document exceptions and charge-offs. Beginning in 2009, Mr. Williams is no longer eligible to participate in the Commercial Lender's Incentive Plan as determined by the Compensation Committee.

Incentive Programs

The bank also offers an individual business referral incentive program which rewards executive officers and employees for referring business to the bank and a perfect attendance bonus to reward executive officers and employees for having perfect attendance. The perfect attendance bonus was discontinued in 2009.

Table of Contents

Benefit Plans

Insurance Plans

Group life insurance, group disability and health insurance are available to all eligible employees and executive officers. All executive officers and employees may elect to participate in voluntary dental and vision plans. Such plans are standard in the industry and in the geographic area for all industries, as well as necessary to compete for talented employees at all levels of the bank. These plans are not tied to bank or individual performance. The cost of providing such plans to all eligible employees and executive officers is not taken into account when determining specific salaries of the named executive officers and is seen as a cost of doing business.

Retirement Plans

The bank believes that it is important to assist employees in saving for retirement and believes that by providing a mechanism to save for retirement, the bank is providing the named executive officers with incentive to continue in the employ of the bank.

The bank offers the Mid Penn Bank Retirement Plan and Employee Stock Ownership Plan (ESOP) in which the named executive officers participate. The named executives participate at the same percentage of retirement contributions as all bank employees. A summary of each plan follows.

Mid Penn Bank Retirement Plan

The named executive officers participate in the same retirement plans as all other employees. The bank's retirement plan rewards employees for their efforts in assisting the corporation to meet its financial goals. The level of contribution the bank provides is discretionary and is not tied to a specific formula. The Board of Directors approves the contribution level based on a recommendation made by the Compensation Committee. A bank contribution of 4% of base salary was provided to all eligible employees, including the named executives for 2008.

As part of the Mid Penn Retirement Plan, the bank's 401(k) plan allows employees to save their own money for retirement, to earn a matching contribution from the bank and to direct the investment of all funds in the 401(k) plan. The amount of match contributed to the named executives plan is the same as contributed to all other eligible employees. This plan is viewed as a necessity to successfully hire and retain employees in a competitive marketplace. The amount of the match provided by the bank is discretionary and is approved by the Board of Directors based on the recommendation of the Compensation Committee. For 2008, the bank matched 50% of the named executives' contributions up to a maximum bank contribution of 3%.

Employee Stock Ownership Plan

The bank maintains an ESOP for all bank employees who satisfy the length of service requirements. Participants do not contribute to the plan and the bank, in its discretion, may contribute. The plan is designed to reward performance and to drive an ownership culture by

Table of Contents

rewarding employees with corporation stock. The level of the bank's contribution is discretionary and is not tied to any specific formula. The contribution level is approved by the Board of Directors based on a recommendation by the Compensation Committee. All eligible employees, including the named executives, received a contribution of 2% of their base pay for 2008.

Split Dollar Plan

Life insurance was provided only to Mr. Dakey, former Chairman, President and Chief Executive Officer, under an endorsement split-dollar arrangement which provides a split-dollar share of death benefits to the executive's beneficiary, depending upon the executive's eligibility to receive payments. The plan is funded with bank-owned life insurance (BOLI) and was used to provide an additional benefit to Mr. Dakey during his employment. Split-dollar life insurance plans are widely available in the banking industry, because the bank will recover its plan costs upon the death of the executive, and the executive's beneficiary will receive a split of the insurance proceeds. Although this benefit does not provide any current remuneration to the executive, it provided the bank with a mechanism to use to attract, retain and reward highly qualified executives, and it also provided incentive for longevity with the bank.

Salary Continuation Agreement

The bank provided a salary continuation agreement to Mr. Dakey only. The agreement was designed to account for some of the limitations with traditional pension plans and to encourage Mr. Dakey to remain an employee of the bank through retirement. Pursuant to his severance agreement, he has become 50% vested. Salary continuation agreements are typical in the financial services industry, and the amount payable under the agreement is also consistent with what is expected in the financial services industry.

Executive Deferred Compensation Agreement and Executive Deferred Bonus Agreement

In an effort to offer Mr. Dakey an additional method of saving for retirement and to account for some of the limitations with traditional pension plans, the bank maintains a non-qualified deferred compensation plan in which he was eligible to participate. The plan was designed to encourage Mr. Dakey to remain an employee of the bank by allowing him to defer a portion of his income to be paid out in the event of retirement, early termination, disability, a change of control or death. Interest is credited semi-annually at 2% above the 5-year Treasury rate.

Executive Agreements

On September 1, 2007, Mid Penn Bank entered into an Executive Employment Agreement with Alan W. Dakey, former Chairman, President and Chief Executive Officer. The bank was aware that Executive Employment Agreements are common in the banking industry for chief executive officers. Mr. Dakey's executive employment agreement contained standard terms and conditions compared to employment agreements in place for chief executive officers of comparable Pennsylvania banks of similar size. Upon resignation, Mr. Dakey negotiated a severance agreement with Mid Penn Bank whereby he was paid under the Employment Agreement as if he were terminated without cause. The Bank agreed to the severance agreement in exchange for a release from Mr. Dakey.

Table of Contents

On April 1, 2008, the corporation entered into a change of control agreement with Kevin Laudenslager, the bank's chief financial officer. Under the agreement, Mr. Laudenslager will receive a lump-sum payment equal to two times his base salary if he is terminated after a change of control or if he terminates employment for good reason, as defined in the agreement, after a change in control. The Compensation Committee believed that it was appropriate to enter into the agreement with Mr. Laudenslager because he has substantial knowledge, ability, and experience, which are beneficial to the successful operation of the corporation. Additionally, by entering into the agreement, the corporation is giving Mr. Laudenslager the security of knowing that he will receive compensation if he is terminated or terminates for good reason after a change in control during the time of his transition from the corporation to another company. In exchange for receiving the change in control, Mr. Laudenslager has agreed to noncompetition provisions restricting his working for a competitor after a change in control, soliciting clients and employees.

Triggering Events in Contracts

The triggering events contained in Mr. Dakey's Employment Agreement were termination without cause, termination after a change of control and termination for good reason. The triggering events in Mr. Laudenslager's change of control agreement are a termination without cause or a termination for good reason after a change of control. The Compensation Committee wanted to provide Mr. Dakey and Mr. Laudenslager with the security of knowing that if he is terminated in one of those scenarios, he would receive some form of compensation during the transition phase from working for the corporation to finding another position. The Compensation Committee believes that the triggering events in these agreements are appropriate in that they encouraged Mr. Dakey and Mr. Laudenslager to act in the best interests of the shareholders in evaluating any change of control opportunities and kept them focused on running the corporation in the face of real or rumored corporate transactions. In addition, each contract contains a non-competition provision, whereby the executive is not allowed to compete with the corporation or solicit customers of the corporation for a specific period of time.

Material Differences in Named Executive Officers' Compensation

The Compensation Committee determined the amount and type of compensation to be awarded to the named executive officers based on the salary and benefit survey information provided by the compensation consultant. The Compensation Committee considers the salary ranges for the particular positions and has maintained executive salaries in the salary ranges for these executive positions. The Compensation Committee considers the performance of each named executive as another consideration in determining annual base salary increases. There were no material differences in the percentage of salary adjustments among the named executive officers. The differential between salary levels for each of the named executives is primarily driven by salary differentials in the salary survey with consideration also given to the experience and time in their respective positions.

Table of Contents

Accounting and Tax Treatments

There were no decisions or changes made to compensation or benefit plans as a result of accounting and/or tax treatments. As part of the TARP requirements, as further discussed below, the bank agreed that it will not take a deduction for any compensation paid in excess of \$500,000 to any named executive officer which would not be deductible if Internal Revenue Code Section 162(m)(5) applied to the bank. The bank's compensation levels are less than \$500,000; therefore, this agreement does not affect the named executive officers' levels of compensation.

Equity Compensation Plans

The corporation does not maintain any equity compensation plans or stock options for executives or board members. The Board has determined that stock options are not consistent with the corporation's philosophy and approach to compensation. Cash compensation is deemed the more appropriate form of payment.

TARP Requirements

In December 2008, Mr. Laudenslager's change of control agreement, the only executive compensation agreement with a named executive officer in place as of December 2008, was amended to provide for a gross-down provision in the event that the payments under the change in control agreement were considered parachute payments under the Internal Revenue Code. This change was a requirement of the Interim Final Rule promulgated pursuant to the Emergency Economic Stabilization Act of 2008 (EESA).

Additionally, the Compensation Committee met with the senior risk officer to identify those incentives for executives that may cause the executives to take unnecessary and excessive risks that threaten the value of the bank. There were none. The Compensation Committee also discussed and reviewed the relationship between the bank's risk management policies and practices and the named executive officers' compensation arrangements.

The executive compensation for named executive officers does not encourage excessive and unnecessary risk taking as the majority of compensation is in the form of base salary. The bank's compensation programs do not encourage executives to take excessive and unnecessary risks as their compensation is not directly tied to specific corporation performance metrics with the exception of the formulized bonus plan which is based upon the bank's performance compared to its peers and the Commercial Lender's Incentive Plan which contains mechanisms for reducing bonus payments based upon a qualitative assessment of the loans.

The bank's bonus plans were amended in February 2009 to comply with the clawback provisions mandated in The American Recovery and Reinvestment Act which requires a provision in the plan for the recovery by the bank of any bonus or incentive compensation paid to a named executive officer and any of the next 20 most highly compensated employees based on statements of earnings, gains, or other criteria that are later proven to be materially inaccurate. The named executive officers also signed an omnibus agreement agreeing to have their compensation limited by the mandates contained in The American Recovery and Reinvestment Act, if applicable.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management, and based on the review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the corporation's proxy statement.

The Compensation Committee certifies that it has reviewed with senior risk officer the senior executive officers' incentive compensation arrangements and has made reasonable efforts to ensure that such arrangements do not encourage senior executive officers to take unnecessary and excessive risks that threaten the value of the financial institution.

Bonus

In 2008, the bank created a formulized bonus plan. Additionally, a six percent bonus will be paid out for attaining five percent growth above the peer group averages with regard to these same two elements.

Table of Contents

Commercial Lender's Incentive Plan

In 2008, the Bank continued its Commercial Lender's Incentive Plan. The Rate of Distribution for eligible employees is calculated based on both Quantitative and Qualitative Performance Measures. The Quantitative Measures consist of the commercial lending group's performance relative to goals in three areas: loans originated, loans outstanding and fee income. The Qualitative Performance Measures include delinquencies, line renewals, document exceptions and charge-offs.

Mid Penn Bank Retirement Plan/401(k) Plan

The corporation does not maintain a defined benefit pension plan. The bank, however, maintains the Mid Penn Bank Retirement Plan, created in 1949, restated in 1994, and last amended in 2007, which covers all bank employees who meet eligibility requirements. The Board of Directors instituted a 401(k) Plan as part of the Retirement Plan effective January 1, 2007 for all bank employees who satisfy eligibility requirements. Eligible employees are entitled to receive a share of the bank's contribution to the plan if they are bank employees on December 31st. For the year 2008, the Board approved a matching contribution rate of 50% of the employee contribution, up to a maximum bank contribution of 3%. The Board maintains the right to adjust its matching rate on an annual basis.

The annual contribution to the Retirement Plan is determined by the bank's Board of Directors based on the recommendation of the Compensation Committee. The contributions to the Retirement Plan are paid to a trust fund that is administered by the bank's Trust Department. A participating employee is allocated a share of the net income of the trust fund and the increase or decrease in the fair market value of its assets on the basis of such employee's beginning of the plan year account balance, plus forfeitures of unvested balances from employees who terminated employment, less any payments as compared to the total beginning account balances, less payments to all the participating employees. A notice of the account balance is given to participating employees annually.

Distributions under the plan can be made to participating employees upon retirement, either normal or early retirement as defined in the plan, at death or disability of the participating employee or upon severing employment if either partially or fully vested. The plan provides for percentage vesting of 20% for the first full two years of service increasing annually thereafter to 100% vesting after six full years of participation. The plan provides for an accelerated vesting schedule in the event it becomes top-heavy.

Management cannot determine the extent of the benefits that any participating employee may be entitled to receive under the plan on the date of termination of employment because the amount of the benefits is dependent, among other things, upon the bank's future earnings, the participants future compensation and the future earnings of the plan's trust fund. As of December 31, 2008, the total market value of the Employee Profit Sharing Retirement Fund was approximately \$3,891,776, which does not include the 401(k) Plan. As of December 31, 2008, there were no shares of Mid Penn Bancorp, Inc. common stock in the plan.

Contributions the bank paid to the plan were \$270,522 for 2008, including the employer match for the 401(k) Plan. The bank contributed \$5,569 in 2008 to the plan for Mr. Dakey,

former Chairman of the Board, President and Chief Executive Officer of the corporation and the bank; \$4,359 for Mr. Laudenslager, Senior Executive Vice President and Northern Region President/Chief Operating Officer and Chief Financial Officer of the bank; and \$4,810 for Mr. Williams, Executive Vice President and Chief Lending Officer of the bank. In addition, the bank made matching contributions to the 401(k) Plan in 2008 of \$5,569 for Mr. Dakey, \$3,270 for Mr. Laudenslager and \$3,608 for Mr. Williams. As of February 17, 2009, Mr. Dakey had 16 years of credited service under the plan. Mr. Laudenslager and Mr. Williams had 24 and 8 years of credited service under the plan, respectively.

Employee Stock Ownership Plan

Effective January 1, 1998, the Board of Directors adopted the Mid Penn Bank Employee Stock Ownership Plan for all bank employees and its subsidiaries who satisfy length of service requirements. The Plan was last amended in 2007. Participants do not contribute to the plan. The Plan invests in shares of Mid Penn Bancorp, Inc. stock, holding 47,995 shares as of December 31, 2008. Each year the bank may, in its discretion, contribute to the ESOP. In 2008, the bank contributed \$85,751 to the plan. As of December 31, 2008, the total market value of the Employee Stock Ownership Plan was approximately \$1,093,581. In 2008, the bank contributed \$2,180 for Mr. Laudenslager, Senior Executive Vice President and Northern Region President/Chief Operating Officer and Chief Financial Officer of the bank and \$2,405 for Mr. Williams, Executive Vice President and Chief Lending Officer of the bank.

Executive Deferred Compensation Agreement and Executive Deferred Bonus Agreement

Under the executive deferred compensation agreement and executive deferred bonus agreement, Mr. Dakey deferred specified amounts of compensation and bonuses. The amounts deferred under the agreements accrue an annual rate of interest equal to the five year Treasury rate as of the last day of the preceding calendar year plus 2%.

The following tables summarize certain information concerning Mr. Dakey's participation in the Executive Deferred Compensation Plan and Director Deferred Fee Plan for the 2008 fiscal year.

PROPOSAL NO. 2: AMENDMENT OF THE ARTICLES OF INCORPORATION*Background*

Article 7 of Mid Penn Bancorp, Inc.'s Amended and Restated Articles of Incorporation, as amended, currently provides that no merger, consolidation, liquidation or dissolution of the corporation, nor any action that would result in the sale or other disposition of all or substantially all of the assets of the corporation, shall be valid unless first approved by the affirmative vote of: the holders of at least eighty percent (80%) of the outstanding shares of common stock of the corporation; or the holders of at least sixty-six and two-thirds percent ($66\frac{2}{3}\%$) of the outstanding shares of common stock of the Corporation, provided that such transaction has received the prior approval of at least eighty percent (80%) of all of the members of the Board of Directors.

Table of Contents

The Board of Directors believes that the supermajority shareholder vote requirements of Article 7 should not apply to a merger in which the corporation is the surviving entity if the transaction has received the prior approval of at least 80% of the members of the Board of Directors. Eliminating the supermajority shareholder vote requirement in such a situation could improve flexibility and reduce inefficiencies and costs of such a transaction. Therefore, the Board of Directors is proposing that a new final sentence be added to Article 7 to exclude from Article 7's requirements a merger in which the corporation is the surviving entity if the transaction has received the prior approval of at least 80% of the members of the Board of Directors. The proposed amendment does not eliminate an 80% shareholder vote requirement for a merger in which the corporation is the surviving entity if the transaction does not receive the prior approval of 80% of the members of the Board of Directors.

If the proposed amendment is approved, a merger in which the corporation is the surviving entity in a transaction receiving the prior approval of at least 80% of the members of the Board of Directors will require shareholder approval only when required by applicable law. Applicable Pennsylvania law does not require shareholder approval of all mergers in which a corporation is the surviving corporation. When applicable Pennsylvania law does require approval of a merger by a surviving corporation's shareholders, the general standard for approval is a majority of the votes cast by all shareholders entitled to vote on the transaction.

Resolution

Accordingly, the Board of Directors has approved and is submitting for approval and adoption by the shareholders the following resolution:

Resolved, that Article 7 of the Amended and Restated Articles of Incorporation be further amended and restated in its entirety to read as follows:

7. No merger, consolidation, liquidation or dissolution of the Corporation, nor any action that would result in the sale or other disposition of all or substantially all of the assets of the Corporation, shall be valid unless first approved by the affirmative vote of:

- (a) the holders of at least eighty percent (80%) of the outstanding shares of Common Stock of the Corporation; or
- (b) the holders of at least sixty-six and two-thirds percent ($66\frac{2}{3}\%$) of the outstanding shares of Common Stock of the Corporation, provided that such transaction has received the prior approval of at least eighty percent (80%) of all of the members of the Board of Directors.

Notwithstanding the foregoing, the provisions of this Article 7 shall not apply to a merger pursuant to which the Corporation is the surviving entity if such transaction has received the prior approval of at least eighty percent (80%) of all of the members of the Board of Directors.

Table of Contents

Vote Required and Board Recommendation

Because the proposed amendment has received the prior approval of at least 80% of the members of the Board of Directors, approval and adoption by the shareholders of the resolution to amend Article 7 of the Articles of Incorporation will require the affirmative vote of the holders of at least sixty-six and two-thirds percent ($66\frac{2}{3}\%$) of the outstanding shares of common stock of the corporation entitled to vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL AND ADOPTION OF THE PROPOSED AMENDMENT TO ARTICLE 7 OF THE AMENDED AND RESTATED ARTICLES OF INCORPORATION, AS AMENDED.

PROPOSAL NO. 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

President Obama signed into law on February 17, 2009, the American Recovery and Reinvestment Act of 2009 which amended Section 111 of the Emergency Economic Stabilization Act of 2008 to require companies participating in the Capital Purchase Program under the Troubled Asset Relief Program to permit a non-binding shareholder vote to approve the compensation of executives as disclosed in the Compensation Discussion and Analysis and the tabular disclosure regarding named executive officers found in this proxy statement. On December 19, 2008, the United States Department of the Treasury purchased \$10 million of Fixed Rate Cumulative Perpetual Preferred Stock, Series A under the Troubled Asset Relief Program Capital Purchase Program and is submitting the following resolution for the approval of our shareholders:

Resolved, that the shareholders hereby approve the executive compensation, as described in the Compensation Discussion and Analysis and the tabular disclosure (together with the accompanying narrative disclosure), regarding named executive officers in this proxy statement.

Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into consideration the outcome of the vote when considering future executive compensation arrangements.

The Committee will be comprised solely of independent Directors. It will operate in compliance with all regulatory requirements including applicable SEC and Exchange governance requirements.

I. NEW DIRECTORS SELECTION, NOMINATION, QUALIFICATION AND RECOMMENDATION OF NEW DIRECTORS FOR SHAREHOLDER APPROVAL

1. Selection process. Shareholders are responsible for selecting Board members who will be most likely to promote the success and economic growth of the Company and to make effective decisions about whether management is doing its job. The Committee will recommend candidates who have been identified as possessing the necessary qualifications to be an effective Director. The Board is responsible to ensure continued sound stewardship by providing shareholders with the best qualified candidates for consideration.
2. Nomination process. The Committee process for identifying and evaluating nominees consists of compiling a list of nominees recommended by shareholders, Mid Penn Bancorp, Inc. Information is gathered concerning the potential Board member's business and location of residence, shares owned, profession or business, and deposit and loan relationship with the Company. Personal information about the individual is also gathered to determine if he/she meets the criteria listed in this Policy. The Committee screens this information to form a smaller number of final candidates to be interviewed. Upon completion of the interviews, the Committee makes a final recommendation to the full Board of Directors for appointment. All potential candidates are screened by the same process regardless of whether they were recommended by a shareholder or by another party.

Other less tangible but equally important qualifications include general representation from the markets served, enthusiasm, maturity, reputation, compatibility with other Board members, diplomacy, and independent judgment.

Candidates should have a vested interest in Mid Penn Bancorp, Inc. stock. Board candidates, upon their appointment, are required to own 500 shares with the understanding that they accumulate a minimum of 2,500 shares in total by the end of their second year on the Board. The Board recognizes that Board members have various abilities to acquire shares beyond the minimum threshold depending on their personal circumstances and may, in special circumstances, extend the two-year period for accumulating 2,500 shares to a longer period of time as determined by the Board. Members are encouraged to continue to accumulate shares over time to the extent possible considering their personal circumstances.

Last Revision Date: January 24, 2007

The Directors, the CEO, the CFO, the employees and individuals designated as "Insiders" in Mid Penn Bancorp, Inc. and Mid Penn Bank (the "Company") hold an important and elevated role in corporate governance. They are vested with both the responsibility and authority to protect and preserve the interests of all of the Company's constituents, including shareholders, customers and citizens of the communities in which we conduct business. The maintenance of extremely high standards of honest, ethical and impartial conduct is essential to assure the proper performance of the Company's business and the maintenance of the public's trust. This Code of Ethics prescribes the policies and procedures to be employed and enforced in the Company's operations.

It is your responsibility to comply with the law and behave in an ethical manner. This responsibility cannot be delegated or assumed by the Company.

This Code cannot anticipate every possible situation or cover every topic in detail. From time-to-time the Company may establish compliance programs to address specific subjects or you may find certain topics also covered in the Employee Reference Handbook. If you are unclear about a situation, seek guidance before taking action.

The standards in this Code do not necessarily take into account all legal requirements. Where more restrictive local laws or requirements exist, those take precedence.

You must comply with all applicable governmental laws, rules and regulations. Failure to obey laws and regulations violates this Code and may expose both you and the Company to criminal or civil prosecution. Any violation of this Code or other compliance programs may result in corrective action, up to and including termination. You are responsible for reporting suspected violations of this Code to our Corporate Compliance Officer or by following the procedures in the Whistleblower Policy located in the Company's Employee Reference Handbook.

If you have a question about a topic covered in this Code, please review Mid Penn's Employee Reference Handbook. Conflicts of Interest

Edgar Filing: MID PENN BANCORP INC - Form PRE 14A

A conflict of interest exists any time you face a choice between what is in your personal interest (financial or otherwise) and the interest of the Company. These situations are not always easy to avoid. When a conflict of interest arises, it is important that you act with great care to avoid even the appearance that your actions were not in the best interest of the Company. If you find yourself in a position where your objectivity may be questioned because of individual interest or family or personal relationships, notify our Corporate Compliance Officer immediately.

Ownership Interests

Board of Directors approval is required for the Company to do business with a company in which a member of the Board of Directors, an officer, an employee or a family member of a director, officer or employee owns directly or indirectly an interest. Any loan requests by executive officers and directors will need final approval by the Board of Directors and must be in compliance with Regulation O.

Gifts, Meals, Services and Entertainment

You should not request or accept anything that might be used as a means to influence, or even appear to influence, you against the Company's best interests. Personal gifts should not be accepted other than those considered common business courtesies and for which you would reasonably expect to give something similar in return in the normal course of business.

Safeguarding Company Assets/Accuracy of Books and Records

The Company maintains internal controls to provide direction on protecting Company assets and financial accountability. The controls are based upon the following principles.

Table of Contents

Maintain off-the-book accounts to facilitate questionable or illegal payments; or

Violate any law or regulation.

Do:

Ensure effective internal controls and procedures are designed and implemented;

Prepare project budget proposals with accurate information;

Maintain books, accounts and records according to generally accepted accounting principles, using enough detail to reflect accurately and fairly Company transactions;

Record transactions in a timely manner, so that no misleading financial information is created. (These transactions include, but are not limited to, income, expense, indebtedness, obligation, reserves and acquisition or disposition of assets, etc.); and

Give full, fair, accurate, timely, and understandable disclosure in any and all periodic reports filed with the Securities Exchange Commission and other public communications made by the Company.

Safeguarding Confidential Information

Trade secrets and other proprietary information of the Company and its customers and suppliers, employee data, information about the Company's customers and suppliers, and all other non-public information that might be of use to the Company's competitors or harmful to the Company or its customers, if disclosed, is confidential information. Confidential information should be protected by all Covered Persons and, except to the extent legally required or specifically authorized by an appropriate representative of the Company, should not be disclosed to persons inside or outside the Company who do not have a legitimate, work-related need to know such information. The loss of this information through inadvertent or improper disclosure could be harmful to the Company and its customers and suppliers.

Insider Trading

Edgar Filing: MID PENN BANCORP INC - Form PRE 14A

Insider trading is a crime that can carry severe penalties. If you know material, confidential information about the Company or any company with whom we have a business relationship and you trade Company securities, such as stocks or bonds, while in possession of that information or tell others about it before it is made public, you may have violated the insider trading laws. Please review the Insider Trading Policy and the Employee Handbook for details on our insider trading policy.

Material information is the type of news that would affect a reasonable investor's decision on whether or not to invest in the Company's stock. Examples include plans to issue securities, sharp changes in earnings patterns, changes in dividend rates, changes in key management personnel, mergers, acquisitions, and important regulatory actions affecting the Company. This policy forbids you from trading not only in Company stock, but also in stock of our suppliers, customers or other companies with whom we have a business relationship, while in possession of material inside information, learned in the course of your employment at our Company.

We encourage all members of the Board of Directors, officers and employees to invest in our stock. However, if you have access to any information not readily available to the public, you must be very careful when trading stock to be sure you have not traded while in possession of material non-public information. When you have such information:

Do not tell anyone not authorized to have the information. A casual remark to a friend may find its way to a broker and eventually to the entire financial community thereby requiring the Company to make a premature or unplanned public announcement. This tipping may be illegal and damaging to the Company.

In compliance with the Sarbanes-Oxley Act of 2002, do not trade and trading is prohibited in the Company's stock (or that of an applicable outside company) until the news has been made public for at least two full business days. Circumstances suggesting the possibility of insider trading may result in an investigation by governmental authorities of the Company and stockbroker records of stock trading transactions. This investigation could damage our Company's reputation and result in liability or penalties, including criminal charges and fines against the individual.

This policy against insider trading also covers transfers into and out of the Company stock or savings plans and changes in patterns involving purchases of our stock within the plans. However, generally, regular scheduled purchases of the Company stock within plans are not prohibited.

Table of Contents

If you are planning to effect a transaction in our securities, you must contact our Corporate Compliance Officer in advance.

Bribery, Kickbacks and Other Improper Payments

The Company, our Board of Directors, officers and employees must maintain high ethical and professional standards in all dealings.

Do not directly or indirectly promise, offer or make payment in money or anything of value to anyone, including a government official, agent or employee of a government, political party, labor organization or business entity or a candidate of a political party, with the intent to induce favorable business treatment or to improperly affect business or governmental decisions.

Our Code does not take into account all local legal requirements. Where more restrictive local laws exist, those take precedence. In general, the Company does not consider ordinary and reasonable business entertainment or gifts of insubstantial value that are customary and legal in the local market to be improper.

Document any entertainment of and gifts to customers and potential customers.

Loans are not made by the Company to its Board members, officers or employees. Loans may be made by our banking subsidiaries and will comply with all federal and state laws, statutes and regulations.

Do not solicit for yourself or for a third party (other than the Company itself) anything of value from anyone in return for any business, service or confidential information of the Company.

Do not accept anything of value (other than bona fide salary, wages and fees referred to in 18 U.S.C. 215(c)) from anyone in connection with the business of the Company, either before or after a transaction is discussed or consummated.

Reporting Standards

Full, fair, accurate, and timely reporting of all financial matters is a high priority. Periodic reports to the SEC and other regulatory entities must be comprehensive, timely, and accurate. Any discrepancies or shortcomings discovered through the reporting process must immediately be brought to the attention of senior management, and where appropriate, the Audit Committee and Board of Directors. In the event you feel that your reporting of these issues is not adequately resolving the issue, you should follow the procedures described in the Whistleblower Policy as contained in the Company's Employee Reference Handbook.
