**CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS**

This prospectus and any accompanying prospectus supplement include or incorporate by reference forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act and the Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the fact that they do not relate to matters of a strictly factual or historical nature and generally discuss or relate to forecasts, estimates or other expectations regarding future events. Generally, the words believe, expect, intend, estimate, anticipate, project, may, can, could, might, will and similar expressions identify forward-looking statements, including statements relating to expected operating and performing results, planned transactions, plans and objectives of management, future developments or conditions in the industries in which we participate, audits and legal proceedings to which we are a party and other trends, developments and uncertainties that may affect our business in the future.

Forward-looking statements are not historical facts or guarantees of future performance but instead represent only our belief at the time the statements were made regarding future events which are subject to significant risks, uncertainties and other factors, many of which are outside our control. Actual results and outcomes may differ materially from what is expressed or forecast in such forward-looking statements. Any or all of the forward-looking statements made by us may turn out to be materially inaccurate. This can occur as a result of incorrect assumptions, changes in facts and circumstances or the effects of known risks and uncertainties. The principal risks and uncertainties that may affect our actual performance include the following: the cyclical and seasonal nature of our business; changes in prices for our products; public infrastructure expenditures; adverse weather conditions; availability of raw materials; changes in energy costs including, without limitation, natural gas and oil; changes in the cost and availability of transportation; unexpected operational difficulties; inability to timely execute announced capacity expansions; governmental regulation and changes in governmental and public policy (including, without limitation, climate change regulation); changes in economic conditions specific to any one or more of our markets; competition; announced increases in capacity in the gypsum wallboard and cement industries;

## **Table of Contents**

changes in the demand for residential housing construction or commercial construction; general economic conditions; and interest rates. For example, increases in interest rates, decreases in demand for construction materials, decreases in the prices we charge for our products or increases in the cost of energy (including, without limitation, natural gas and oil) could affect our revenues and operating earnings. In addition, changes in national or regional economic conditions and levels of infrastructure and construction spending could also adversely affect our result of operations. These and other factors are described under **Risk Factors** in our Annual Report on Form 10-K for the fiscal year ended March 31, 2008 and in our subsequent Quarterly Reports on Form 10-Q. See **Where You Can Find More Information**. You should consider these risks and uncertainties when you are evaluating us and deciding whether to invest in our securities.

All forward-looking statements in this prospectus, any applicable prospectus supplement and any free-writing prospectus are made as of the date on its cover page and any forward-looking statements incorporated by reference herein are made as of the date of the document incorporated by reference. The risk that actual results will differ materially from expectations expressed in any such document will increase with the passage of time. We undertake no obligation, and disclaim any duty, to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in our expectations or otherwise.

### **RISK FACTORS**

Before you invest in the securities covered by this prospectus, you should carefully consider the **Risk Factors** included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2008, subsequent Quarterly Reports on Form 10-Q and the applicable prospectus supplement, as well as risks described in **Management's Discussion and Analysis of Financial Condition and Results of Operations** and cautionary notes regarding forward-looking statements included or incorporated by reference in this prospectus, together with all of the other information included in this prospectus, the applicable prospectus supplement and the documents we incorporate by reference.

If any of the risks described in these reports or other documents were to materialize, our business, results of operations, cash flows, financial condition and prospects could be materially and adversely affected. In that case, our ability to make distributions to our stockholders or to pay interest on, or principal of, any debt securities issued by us, may be reduced, the trading prices of any of our publicly traded securities could decline and you could lose all or part of your investment.

### **USE OF PROCEEDS**

Unless we inform you otherwise in the prospectus supplement, we expect to use the net proceeds from the sale of securities for general corporate purposes. These purposes may include:

capital expenditures;

acquisitions;

working capital;

repayment or refinancing of debt; and

repurchases and redemptions of securities.

Pending any specific application, we may initially invest funds in short-term marketable securities or apply them to the reduction of short-term indebtedness.

**Table of Contents****RATIO OF EARNINGS TO FIXED CHARGES**

We have presented in the table below our historical consolidated ratio of earnings to fixed charges for the periods shown.

	Nine Months Ended December 31,	Years Ended March 31,				
	2008	2008	2007	2006	2005	2004
Ratio of earnings to fixed charges <sup>(1)</sup>	5.0x	9.4x	26.9x	29.8x	44.7x	26.2x

- (1) Earnings represent earnings before income taxes and before income from equity method investments plus: (a) fixed charges; and (b) cash distributions from equity method investments. Fixed charges include: (i) interest expense, whether expensed or capitalized, less interest accrued for uncertain tax positions; and (ii) the portion of operating rental expense which management believes is representative of the interest component of rent expense.

We had no preferred stock outstanding for any period presented, and accordingly, the ratio of earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

**DESCRIPTION OF CAPITAL STOCK**

The following description of the material terms of our capital stock is based on the provisions of our Restated Certificate of Incorporation ( Certificate of Incorporation ), our Amended and Restated Bylaws, as amended ( Bylaws ), and provisions of applicable law. We have summarized certain portions of the Certificate of Incorporation and Bylaws below. The summary is not complete. The Certificate of Incorporation and Bylaws are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part. For more information as to how you can obtain a current copy of our Certificate of Incorporation and Bylaws, see [Where You Can Find More Information](#).

**Authorized Capital Stock**

Our authorized capital stock consists of 100,000,000 shares of common stock, par value \$0.01 per share, and 5,000,000 shares of preferred stock, par value \$0.01 per share. As of April 30, 2009, 43,589,775 shares of our common stock were issued and outstanding and held of record by approximately 2,600 holders; and no shares of our preferred stock were issued or outstanding.

**Common Stock*****Voting Rights***

Holders of our common stock are entitled to one vote per share on all matters submitted to a vote of stockholders. Cumulative voting of shares of common stock is not permitted. Except as otherwise required by law or with respect to any outstanding series of our preferred stock, the holders of our common stock possess all voting power that may be exercised by our stockholders.

***Dividend Rights; Rights Upon Liquidation***

Subject to any preferential rights of holders of any of our preferred stock that may be outstanding, holders of shares of our common stock are entitled to share ratably in any dividends on such stock declared by our Board of Directors. In the event of any liquidation or dissolution of Eagle Materials, the holders of our common stock are entitled to share ratably in all remaining assets available for distribution to stockholders after payment or provision for our liabilities and the liquidation preference of any of our preferred stock that may be outstanding.

## **Table of Contents**

### ***Preemptive Rights***

No holder of shares of any class or series of our capital stock or holder of any security or obligation convertible into shares of any class or series of our capital stock will have any preemptive right to subscribe for, purchase or otherwise acquire shares of any class or series of our capital stock.

### **Preferred Stock**

#### ***General***

Our Certificate of Incorporation authorizes our Board of Directors to issue from time to time, without further vote or action by the stockholders, up to 5,000,000 shares of our preferred stock in one or more series and to fix the designations, powers, preferences and rights, and any qualifications, limitations or restrictions, with respect to each such series. Pursuant to this authority, our Board of Directors could create and issue a series of our preferred stock with such designations, powers, preferences and rights which have the effect of discriminating against an existing or prospective holder of our common stock, thus making it more difficult for, or discouraging any attempt by, a potential acquiror to obtain control of Eagle Materials by means of a merger, tender offer, proxy contest or otherwise in a transaction not approved by our Board of Directors. As a result, the authority to issue shares of preferred stock may have the effect of delaying, deferring or preventing a change in control of Eagle Materials. We have no present plans to issue any shares of preferred stock. Our Board of Directors will make any determination to issue such shares based on its judgment as to our best interests and the best interests of our stockholders.

Our Board of Directors designated 40,000 shares of Series A Preferred Stock for use in connection with the Rights Agreement, which is discussed below. No shares of Series A Preferred Stock have been issued to date under the terms of the Rights Agreement.

#### ***Series A Preferred Stock***

The following is a description of the Series A Preferred Stock as authorized by our Board of Directors.

**Ranking.** The Series A Preferred Stock ranks (i) senior to all shares of our common stock and (ii) junior to all series of preferred stock, unless the terms of any such series provide otherwise, with respect to the payment of dividends and the distribution of assets in the event of our liquidation or dissolution.

**Dividends.** Subject to the rights of the holders of any preferred stock ranking senior to the Series A Preferred Stock with respect to dividends, holders of shares of Series A Preferred Stock will receive quarterly cash dividends when, as and if declared by our Board of Directors, payable in cash on the 1st day of March, June, September and December. The amount of such quarterly dividends will equal the greater of (i) \$0.001 or (ii) 1,000 times the aggregate per share amount of all cash dividends, and 1,000 times the aggregate per share amount of all non-cash dividends or other distributions (other than a dividend payable in shares of our common stock) declared on shares of our common stock, since the immediately preceding quarterly dividend payment date, or, with respect to the first quarterly payment, since the first issuance of any share of Series A Preferred Stock. Such dividends will be adjusted proportionately for dividends payable in shares of common stock, subdivisions of the outstanding shares of common stock or combinations of our common stock into a smaller number of shares.

We will declare a dividend on any outstanding shares of Series A Preferred Stock immediately after we declare a dividend on shares of our common stock (other than a dividend payable in shares of our common stock). However, if no dividend is declared on our common stock between any quarterly dividend payment date of the Series A Preferred Stock, we will pay a dividend of \$0.001 per share of Series A Preferred Stock on the next quarterly dividend payment date.

## **Table of Contents**

So long as any shares of Series A Preferred Stock are outstanding and any dividends on the Series A Preferred Stock are in arrears, we are not permitted to take any of the following actions: (i) declare or pay dividends on, make any other distributions on, or redeem or purchase any shares of stock ranking junior to the Series A Preferred Stock; (ii) declare or pay dividends on, or make any other distributions on, any shares of stock ranking on a parity with the Series A Preferred Stock, except dividends paid ratably on the Series A Preferred Stock and all such parity stock in proportion to the total amounts to which the holders of such shares are then entitled; (iii) redeem or purchase any stock ranking on a parity with the Series A Preferred Stock, unless such redemption or purchase is made in exchange for shares of any stock ranking junior to the Series A Preferred Stock; or (iv) purchase or otherwise acquire shares of Series A Preferred Stock or any shares of stock ranking on a parity with the Series A Preferred Stock, except in accordance with an offer to all holders of such shares upon such terms as our Board of Directors determines in good faith will result in fair and equitable treatment among the respective series or classes.

**Voting Rights.** A holder of a share of Series A Preferred Stock will be entitled to 1,000 times the number of votes that each share of our common stock is entitled to vote. Such voting rights will be adjusted proportionately for dividends payable in shares of common stock, subdivisions of the outstanding shares of common stock or combinations of our common stock into a smaller number of shares. Except as otherwise required by law, holders of Series A Preferred Stock will vote together with the holders of common stock on all matters submitted to a vote of the stockholders. Except as otherwise required by law, holders of Series A Preferred Stock will not have any special voting rights and their consent will not be required, except to the extent that they are entitled to vote with the holders of our common stock, for the taking of any corporate action.

**Rights upon Liquidation, Dissolution or Winding Up.** In the event of any voluntary or involuntary liquidation, dissolution or winding up of Eagle Materials, no distribution shall be made (i) to the holders of our common stock or any other stock ranking junior to the Series A Preferred Stock unless the holders of shares of Series A Preferred Stock shall have received an amount equal to the greater of (a) \$1,000 per share, plus accrued and unpaid dividends and distributions, and (b) 1,000 times the aggregate amount to be distributed per share to holders of shares of our common stock, or (ii) to the holders of shares of stock ranking on a parity with the Series A Preferred Stock, except distributions paid ratably on the Series A Preferred Stock and all such parity stock in proportion to the total amounts to which the holders of such shares are then entitled. Such amounts will be adjusted proportionately for dividends payable in shares of common stock, subdivisions of the outstanding shares of common stock or combinations of our common stock into a smaller number of shares.

**Rights upon Consolidation, Merger, etc.** In the event we enter into any consolidation, merger, combination or other transaction in which shares of our common stock are exchanged for or into other stock, securities, cash or other property, then any outstanding shares of Series A Preferred stock will also be similarly exchanged into such consideration in an amount per share equal to 1,000 times the aggregate amount of such consideration into which each share of our common stock is exchanged. This exchange amount will be adjusted proportionately for dividends payable in shares of common stock, subdivisions of the outstanding shares of common stock or combinations of our common stock into a smaller number of shares.

**Redemption.** All outstanding shares of Series A Preferred Stock may be redeemed at the option of our Board of Directors at a cash price equal to 105% of (i) 1,000 times the average closing sale prices of our common stock on the New York Stock Exchange during the 30 day period immediately preceding the date before the redemption date, plus (ii) all unpaid dividends which have accrued on the shares to be redeemed. The amount to be multiplied by the average closing sale prices will be adjusted proportionately for dividends payable in shares of common stock, subdivisions of the outstanding shares of common stock or combinations of our common stock into a smaller number of shares.

### **Transfer Agent and Registrar**

BNY Mellon Shareowner Services is the transfer agent and registrar for our common stock.

### **Stock Exchange Listing**

Our common stock is listed on the New York Stock Exchange under the ticker symbol `EXP`.

### **Certain Provisions of Our Certificate of Incorporation and Bylaws and Delaware Law**

#### ***General***

Certain provisions of our Certificate of Incorporation, our Bylaws and Section 203 of the Delaware General Corporation Law may have the effect of impeding the acquisition of control of Eagle Materials by means of a tender offer, a proxy contest, open market purchases or otherwise in a transaction not approved by our Board of Directors. These provisions are designed to reduce the vulnerability of Eagle Materials to an unsolicited takeover attempt which is unfair or coercive to our stockholders.

#### ***Number of Members of Board of Directors***

The number of directors that constitute our entire Board of Directors will be fixed from time to time exclusively by our Board of Directors pursuant to a resolution adopted by a majority of the Board of Directors. The Certificate of Incorporation provides, however, that the Board of Directors shall consist of not less than three nor more than fifteen directors. This provision would permit our Board of Directors, if it so elects, to increase the number of members of the Board of Directors and fill the resulting vacancies with its own designees.

#### ***Advance Notice of Proposals and Nominations***

Our Bylaws provide that at any annual meeting of stockholders, the only nominations of persons for election to our Board of Directors to be considered and the only business to be conducted will be the nominations made or business brought before the meeting (i) pursuant to our notice of meeting delivered at the direction of our Board of Directors, (ii) by or at the direction of our Board of Directors or (iii) by a stockholder who is a stockholder of record at the time of delivery of the notice provided for in the Bylaws, who is entitled to vote at the meeting and who complies with the advance notice procedures set forth in the Bylaws. For nominations and other business to be properly brought before an annual meeting of stockholders pursuant to clause (iii) above, the stockholder must deliver written notice to our principal office not less than 90 days nor more than 180 days prior to the annual meeting. However, if notice of the meeting is not given, or made by public disclosure, to the stockholders at least 100 days prior to the date of an annual meeting, notice by the stockholder must be received not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or public disclosure was made. Similar procedures apply to nominations of persons for election to our Board of Directors at any special meeting of the stockholders called for the purposes of electing directors. Except for director nominations, stockholders are not be entitled to submit business to be considered or acted upon at any special meeting of the stockholders. Notice by a stockholder to us requesting inclusion of a proposal in our proxy statement pursuant to Rule 14a-8 under the Exchange Act will be considered timely if received by our Secretary prior to the deadline specified in Rule 14a-8. Our Bylaws also specify the form and content of a stockholder's notice. These provisions may prevent or hinder stockholders from bringing matters before an annual meeting or special meeting of stockholders or from nominating candidates for election as directors at such meetings of stockholders.

#### ***Limits on Special Meetings***

Except as otherwise required by law, a special meeting of the stockholders may be called only by the Chairman of the Board or in his absence by the President, by the Board of Directors, or by the Secretary, at the request in writing of a majority of the members of our Board of Directors. A special meeting of the stockholders may not be called by our stockholders.

#### ***Action by Stockholders***

Any action that may be taken by our stockholders must be taken at a duly called annual or special meeting of such holders and not by written consent in lieu of a meeting.

## **Table of Contents**

### ***Classification of Our Board of Directors***

Our Board of Directors, which is comprised of nine directors, is divided into three classes of directors based on their term of office: Class I, Class II and Class III. The directors in each such class hold office for staggered terms of three years each. At present, we have three Class I directors, three Class II directors and three Class III directors. Each director generally serves for a term ending on the third annual meeting of stockholders following the annual meeting of stockholders at which such director was elected until his or her successor has been duly elected and qualified. This classification of our Board of Directors limits the ability of majority stockholders or persons holding proxies to vote a majority of our shares to change control of our Board of Directors in fewer than two annual stockholder meetings. This limitation could have the effect of discouraging a potential acquiror from making a tender offer or otherwise attempting to obtain control of Eagle Materials and could thus increase the likelihood that incumbent directors will retain their positions.

### ***Supermajority Voting***

Our Bylaws generally provide that stockholder action is effective upon majority vote. However, the affirmative vote of the holders of record of at least 66<sup>2</sup>/<sub>3</sub>% of the combined voting power of all of our outstanding stock entitled to vote, voting together as a single class, is required to alter, amend, rescind or repeal any of our Bylaws or to alter, amend, rescind or repeal or to adopt any provision inconsistent with the following provisions:

the provisions relating to the Board of Directors, including the division of the Board of Directors into three classes;

the provision that special meetings of the stockholders may only be called by certain officers or by the Board of Directors and may not be called by the stockholders;

the provision that stockholders may not act by written consent;

the provision authorizing the Board of Directors to adopt, alter, amend and repeal the Bylaws; and

the provision requiring a 66<sup>2</sup>/<sub>3</sub>% vote of stockholders to amend the Bylaws or to amend the provisions of our Certificate of Incorporation described above.

### ***Section 203 of the Delaware General Corporation Law***

We are subject to Section 203 of the Delaware General Corporation Law. The provisions of Section 203 prohibit a publicly-held Delaware corporation from engaging in certain business combinations with an interested stockholder for a period of three years after the date that the person became an interested stockholder, unless one of the following conditions is satisfied:

prior to the date that the person became an interested stockholder, the transaction or business combination that resulted in the person becoming an interested stockholder is approved by our Board of Directors;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owns at least 85% of our outstanding voting stock; or

on or after the date that the person became an interested stockholder, the business combination is approved by our Board of Directors and by the holders of at least two-thirds of our outstanding voting stock, excluding voting stock owned by the interested stockholder.

## Edgar Filing: EAGLE MATERIALS INC - Form S-3ASR

Generally, a business combination includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an interested stockholder is a person who together with that person's affiliates and associates owns, or within the previous three years did own, 15% or more of our voting stock.

---

## **Table of Contents**

Under some circumstances, Section 203 makes it more difficult for a person who would be an interested stockholder to effect various business combinations with a corporation for a three-year period, although the stockholders may elect to exclude a corporation from the restrictions imposed under Section 203. Our Certificate of Incorporation does not exclude us from the restrictions imposed under Section 203.

### **Rights Agreement**

Effective February 2, 2004, we entered into a Rights Agreement that was approved by our stockholders at the Special Meeting of Stockholders held on January 8, 2004 and amended and restated on April 11, 2006 (as amended and restated, the Rights Agreement). Under the terms of the Rights Agreement and after giving effect to the Company's three-for-one stock split in 2006, one-third of a preferred share stock purchase right is attached to and trades with each outstanding share of our common stock (the Rights).

The Rights are currently attached to and trade with our common stock. The Rights Plan provides, however, that the Rights will separate from our common stock on the tenth business day following the earlier of: (i) a public announcement that a person, other than Eagle Materials or any subsidiary or employee benefit plan of Eagle Materials, has acquired beneficial ownership of shares of our common stock representing 15% or more of the total number of votes entitled to be cast generally by the holders of our common stock then outstanding (an Acquiring Person), or (ii) the commencement of a tender or exchange offer that would result in the person making the offer becoming an Acquiring Person. Upon the separation of the Rights from our common stock, separate Rights certificates will be issued and the Rights will trade separately from our common stock.

If the Rights separate from our common stock, each Right (other than any Right held by an Acquiring Person or its affiliates) will become exercisable and will entitle the holder to purchase one one-thousandth of a share of Series A Preferred Stock at an initial exercise price of \$140.00. At the present time, and taking into account the three-for-one split of our common stock described above, this means that if the Rights become exercisable, each holder of our common stock will receive one-third of a Right for each outstanding share of our common stock, which fractional Right will be exercisable for one three-thousandth of a share of Series A Preferred Stock at any initial exercise price of \$46.67.

The Rights Plan contains a flip-in feature. A flip-in event will occur, among other things, if (i) any person becomes an Acquiring Person or (ii) Eagle Materials is the surviving corporation in a merger with an Acquiring Person and our common stock is neither changed nor exchanged. Notwithstanding the foregoing, an acquisition of our common stock pursuant to a tender or exchange offer for all outstanding shares as to which, prior to the public announcement thereof, our Board of Directors determines that the price offered is fair to, and the tender or exchange offer is in the best interests of, Eagle Materials and our stockholders, will not trigger the flip in feature of our Rights Plan. Upon the occurrence of a flip-in event, each holder of a Right (other than the Acquiring Person) will have the right to receive, upon exercise, shares of our common stock having a value equal to twice the aggregate exercise price of the Right. Furthermore, at any time after the Rights flip in, but prior to the acquisition by any person or group of shares representing 50% or more of the total number of votes entitled to be cast generally by the holders of our common stock, our Board of Directors may cause the Rights to be exchanged at an exchange ratio of one-half of a share of common stock for each Right so exchanged.

The Rights Plan also contains a flip-over feature. A flip-over event will occur if, at any time following public announcement that a person has become an Acquiring Person, (i) a merger is consummated in which Eagle Materials is not the surviving corporation, (ii) a merger is consummated in which Eagle Materials is the surviving corporation but pursuant to which all or part of the outstanding shares of our common stock are changed into or exchanged for stock or other securities of any other person, cash or any other property, or (iii) more than 50% of the combined assets, cash flow or earning power of Eagle Materials and its subsidiaries is sold or transferred, subject to certain exceptions. If a flip-over event occurs, each Right will entitle the holder to receive, upon exercise, common stock of the other party to the transaction having a value equal to twice the aggregate exercise price of the Right.

The Rights may be redeemed by our Board of Directors for \$0.001 per Right at any time prior to the first public announcement that a person has become an Acquiring Person. Furthermore, the Rights Plan and the Rights are scheduled by their terms to expire on January 7, 2014.

## **Table of Contents**

The Rights Agreement approved by our Board of Directors is designed to protect and maximize the value of our outstanding equity interests in the event of an unsolicited attempt to acquire us in a manner or on terms not approved by our Board of Directors and that prevent our stockholders from realizing the full value of their shares of our common stock. However, the Rights may have the effect of rendering more difficult or discouraging an acquisition of Eagle Materials that is deemed undesirable by our Board of Directors. The Rights may cause substantial dilution to a person or group that attempts to acquire us on terms or in a manner not approved by our Board of Directors, except pursuant to an offer conditioned upon the negotiation, purchase or redemption of the Rights.

### **DESCRIPTION OF DEBT SECURITIES**

The following is a general description of the debt securities that we may offer from time to time. The particular terms of the debt securities offered by us and the extent, if any, to which the general provisions described below may apply to those securities will be described in the applicable prospectus supplement. As you read this section, please remember that the specific terms of a debt security as described in the applicable prospectus supplement will supplement and may modify or replace the general terms described in this section. If there are any differences between the applicable prospectus supplement and this prospectus, the applicable prospectus supplement will control. As a result, the statements we make in this section may not apply to the debt security you purchase.

The debt securities will be issued under an indenture between us and The Bank of New York Mellon Trust Company, N.A., as trustee. We have summarized certain terms and provisions of the indenture. The summary is not complete. The indenture has been filed as an exhibit to the registration statement of which this prospectus is a part. You should read the indenture, including any amendments or supplements, carefully to fully understand the terms of the debt securities. The indenture is subject to and governed by the Trust Indenture Act of 1939, as amended.

The indenture does not limit the amount of debt securities which we may issue. We may issue debt securities up to an aggregate principal amount as we may authorize from time to time. The prospectus supplement will describe the terms of any debt securities being offered, including:

classification of the debt securities as senior or subordinated debt securities;

ranking of the debt securities relative to other outstanding indebtedness;

if the debt securities are subordinated, the aggregate amount of outstanding indebtedness, as of a recent date, that is senior to the subordinated securities, and any limitation on the issuance of additional senior indebtedness;

the designation, aggregate principal amount and authorized denominations;

the maturity date;

the interest rate, if any, and the method for calculating the interest rate;

the interest payment dates and the record dates for the interest payments;

any mandatory or optional redemption terms or repayment, sinking fund or exchangeability or convertibility provisions;

the place where we will pay principal and interest;

if other than denominations of \$1,000 or multiples of \$1,000, the denominations the debt securities will be issued in;

whether the debt securities will be issued in the form of global securities or certificates;

the inapplicability of and additional provisions, if any, relating to the defeasance of the debt securities;

the currency or currencies, if other than the currency of the United States, in which principal and interest will be paid;

any material United States federal income tax consequences;

## **Table of Contents**

the amount or method of calculating any premium payable with respect to the debt securities and the dates on which such premium, if any, will be paid;

our right, if any, to defer payment of interest and the maximum length of this deferral period;

any listing on a securities exchange;

the initial public offering price; and

other specific terms, including any additional events of default or covenants.

### **Senior Debt**

Senior debt securities will rank equally and pari passu with all other unsecured and unsubordinated debt of Eagle Materials.

### **Subordinated Debt**

Subordinated debt securities will be subordinate and junior in right of payment, to the extent and in the manner set forth in the indenture, to all senior indebtedness of Eagle Materials. The indenture defines senior indebtedness as all obligations or indebtedness of, or guaranteed or assumed by, Eagle Materials, whether or not represented by bonds, debentures, notes or similar instruments, for borrowed money, and any amendments, renewals, extensions, modifications and refundings of any such obligations or indebtedness, unless in the instrument creating or evidencing any such obligation or indebtedness or pursuant to which such obligation or indebtedness is outstanding it is specifically stated, at or prior to the time Eagle Materials becomes liable in respect thereof, that any such obligation or indebtedness or such amendment, renewal, extension, modification and refunding thereof is not senior indebtedness. Unless otherwise provided with respect to the debt securities of any series, senior indebtedness does not include (i) obligations or indebtedness of Eagle Materials owed or owing to any of its subsidiaries or any officer, director or employee of Eagle Materials or any of its subsidiaries, (ii) obligations or indebtedness to trade creditors (other than certain amounts payable to the trustee under the indenture), or (iii) any liability for taxes owed or owing by Eagle Materials.

In general, the holders of all senior indebtedness are first entitled to receive payment of the full amount unpaid on senior indebtedness before the holders of any of the subordinated debt securities are entitled to receive any payment on account of the principal or interest on the indebtedness evidenced by the subordinated debt securities in certain events. These events include:

any insolvency or bankruptcy proceedings, or any receivership, liquidation, reorganization or other similar proceedings which concern us or a substantial part of our property;

a default having occurred for the payment of principal, premium, if any, or interest on or other monetary amounts due and payable on any senior indebtedness or any other default having occurred concerning any senior indebtedness which permits the holder or holders of any senior indebtedness to accelerate the maturity of any senior indebtedness, with notice or lapse of time, or both. Such a default must not have been cured or waived and must not have ceased to exist; or

the principal of, and accrued interest on, any series of the subordinated debt securities having been declared due and payable upon an event of default pursuant to the indenture. This declaration must not have been rescinded and annulled as provided in the indenture.

If this prospectus is being delivered in connection with a series of subordinated debt securities, the accompanying prospectus supplement or the information incorporated in this prospectus by reference will set forth the approximate amount of senior indebtedness outstanding as of a recent date.

### **Events of Default**

Edgar Filing: EAGLE MATERIALS INC - Form S-3ASR

The term "Event of Default" with respect to the debt securities of any series is defined in the indenture as:

- (1) default in paying interest on the debt securities when it becomes due and the default continues for a period of 30 days or more;

---

**Table of Contents**

- (2) default in paying principal of or premium, if any, on the debt securities when due;
- (3) default in the payment of any sinking or purchase fund or analogous obligation when the same becomes due, and such default continues for 30 days or more;
- (4) default in the performance, or breach, of any covenant in the indenture (other than defaults specified in clause (1), (2) or (3) above) and the default or breach continues for a period of 90 days or more after we receive written notice from the trustee or we and the trustee receive notice from the holders of at least a majority in aggregate principal amount of the outstanding debt securities of the series;
- (5) certain events of bankruptcy, insolvency, reorganization, administration or similar proceedings with respect to Eagle Materials; or
- (6) any other Events of Default set forth in the prospectus supplement.

If an Event of Default (other than an Event of Default specified in clause (5) above) under the indenture occurs with respect to the debt securities of any series and is continuing, then the trustee or the holders of at least a majority in principal amount of the outstanding debt securities of that series may by written notice require us to repay immediately the entire principal amount of the outstanding debt securities of that series (or such lesser amount as may be provided in the terms of the securities), together with all accrued and unpaid interest.

If an Event of Default under the indenture specified in clause (5) above occurs, then the entire principal amount of the outstanding debt securities (or such lesser amount as may be provided in the terms of the securities), together with all accrued and unpaid interest, will automatically become due and payable immediately without any declaration or other act on the part of the trustee or any holder.

After a declaration of acceleration, the holders of a majority in principal amount of outstanding debt securities of any series may rescind this accelerated payment requirement if all existing Events of Default, except for nonpayment of the principal of the debt securities of that series that has become due solely as a result of the accelerated payment requirement, have been cured or waived and if the rescission of acceleration would not conflict with any judgment or decree. The holders of a majority in principal amount of the outstanding debt securities of any series also have the right to waive past defaults, except a default in paying principal or interest on any outstanding debt security, or in respect of a covenant or a provision that cannot be modified or amended without the consent of all holders of the debt securities of that series.

Holders of at least a majority in principal amount of the outstanding debt securities of a series may seek to institute a proceeding only after they have notified the trustee of a continuing Event of Default in writing and made a written request, and offered reasonable indemnity, to the trustee to institute a proceeding and the trustee has failed to do so within 60 days after it received this notice. In addition, within this 60-day period the trustee must not have received directions inconsistent with this written request from holders of a majority in principal amount of the outstanding debt securities of that series. These limitations do not apply, however, to a suit instituted by a holder of a debt security for the enforcement of the payment of principal, interest or any premium on or after the due dates for such payment.

During the existence of an Event of Default, the trustee is required to exercise the rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent man would under the circumstances in the conduct of that person's own affairs. If an Event of Default has occurred and is continuing, the trustee is not under any obligation to exercise any of its rights or powers at the request or direction of any of the holders unless the holders have offered to the trustee reasonable security or indemnity. Subject to certain provisions, the holders of a majority in principal amount of the outstanding debt securities of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust, or power conferred on the trustee.

The trustee will, within 90 days after any default occurs, give notice of the default to the holders of the debt securities of that series, unless the default was already cured or waived. Unless there is a default in paying principal, interest or any premium when due, the trustee can withhold giving notice to the holders if it determines in good faith that the withholding of notice is in the interest of the holders.

**Table of Contents**

**Modification and Waiver**

The indenture may be amended or modified without the consent of any holder of debt securities in order to:

evidence a succession to the trustee;

cure ambiguities or inconsistencies;

provide for the assumption of our obligations in the case of a merger or consolidation or transfer of all or substantially all of our assets;

make any change that would provide any additional rights or benefits to the holders of the debt securities of a series;

add guarantors with respect to the debt securities of any series;

secure the debt securities of a series;

establish the form or forms of debt securities of any series;

maintain the qualification of the indenture under the Trust Indenture Act; or

make any change that does not adversely affect in any material respect the interests of any holder.

Other amendments and modifications of the indenture or the debt securities issued may be made with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding debt securities of each series affected by the amendment or modification.

However, no modification or amendment may, without the consent of the holder of each outstanding debt security affected:

reduce the principal amount, or extend the fixed maturity, of the debt securities;

alter or waive the redemption provisions of the debt securities;

change the currency in which principal, any premium or interest is paid;

reduce the percentage in principal amount outstanding of debt securities of any series which must consent to an amendment, supplement or waiver or consent to take any action;

impair the right to institute suit for the enforcement of any payment on the debt securities;

waive a payment default with respect to the debt securities;

reduce the interest rate or extend the time for payment of interest on the debt securities;

adversely affect the ranking of the debt securities of any series; or

release any guarantor from any of its obligations under its guarantee or the indenture, except in compliance with the terms of the indenture.

**Covenants**

***Consolidation, Merger or Sale of Assets***

The indenture provides that we may consolidate with or merge into, or convey or transfer all or substantially all of our assets to, any entity (including, without limitation, a limited partnership or a limited liability company); *provided* that:

we will be the surviving corporation or, if not, the successor will be a corporation that is organized and existing under the laws of any state of the United States of America or the District of Columbia and will expressly assume by a supplemental indenture our obligations under the indenture and the debt securities;

immediately after giving effect to such transaction, no event of default, and no default or other event which, after notice or lapse of time, or both, would become an event of default, will have happened and be continuing; and

## **Table of Contents**

we will have delivered to the trustee an opinion of counsel, stating that such consolidation, merger, conveyance or transfer complies with the indenture.

In the event of any such consolidation, merger, conveyance or transfer, any such successor will succeed to and be substituted for us as obligor on the debt securities with the same effect as if it had been named in the indenture as obligor.

### ***Other***

There are no other restrictive covenants contained in the indenture. The indenture does not contain any provision that will restrict us from entering into one or more additional indentures providing for the issuance of debt securities or warrants, or from incurring, assuming, or becoming liable with respect to any indebtedness or other obligation, whether secured or unsecured, or from paying dividends or making other distributions on our capital stock, or from purchasing or redeeming our capital stock. The indenture does not contain any financial ratios or specified levels of net worth or liquidity to which we must adhere. In addition, the indenture does not contain any provision that would require us to repurchase, redeem, or otherwise modify the terms of any of the debt securities upon a change in control or other event involving us that may adversely affect our creditworthiness or the value of the debt securities.

### **Satisfaction, Discharge and Covenant Defeasance**

We may terminate our obligations under the indenture when:

either:

- i all debt securities of any series issued that have been authenticated and delivered have been delivered to the trustee for cancellation; or
- i all the debt securities of any series issued that have not been delivered to the trustee for cancellation have become due and payable, will become due and payable within one year, or are to be called for redemption within one year and we have made arrangements satisfactory to the trustee for the giving of notice of redemption by such trustee in our name and at our expense, and in each case, we have irrevocably deposited or caused to be deposited with the trustee sufficient funds to pay and discharge the entire indebtedness on the series of debt securities to pay principal, interest and any premium; and

we have paid or caused to be paid all other sums then due and payable under the indenture; and

we have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been complied with.

We may elect to have our obligations under the indenture discharged with respect to the outstanding debt securities of any series ( legal defeasance ). Legal defeasance means that we will be deemed to have paid and discharged the entire indebtedness represented by the outstanding debt securities of such series under the indenture, except for:

the rights of holders of the debt securities to receive principal, interest and any premium when due;

our obligations with respect to the debt securities concerning issuing temporary debt securities, registration of transfer of debt securities, mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment for security payments held in trust;

the rights, powers, trusts, duties and immunities of the trustee; and

the defeasance provisions of the indenture.

---

**Table of Contents**

In addition, we may elect to have our obligations released with respect to certain covenants in the indenture ( covenant defeasance ). Any omission to comply with these obligations will not constitute a default or an event of default with respect to the debt securities of any series. In the event covenant defeasance occurs, certain events, not including non-payment, bankruptcy and insolvency events, described under Events of Default above will no longer constitute an event of default for that series.

In order to exercise either legal defeasance or covenant defeasance with respect to outstanding debt securities of any series:

we must irrevocably have deposited or caused to be deposited with the trustee as trust funds for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to the benefits of the holders of the debt securities of a series:

i money in an amount;

i U.S. government obligations (or equivalent government obligations in the case of debt securities denominated in other than U.S. dollars or a specified currency) that will provide, not later than one day before the due date of any payment, money in an amount; or

i a combination of money and U.S government obligations (or equivalent government obligations, as applicable), in each case sufficient, in the written opinion (with respect to U.S. or equivalent government obligations or a combination of money and U.S. or equivalent government obligations, as applicable) of a nationally recognized firm of independent public accountants to pay and discharge all of the principal (including mandatory sinking fund payments), interest and any premium on the debt securities when due;

in the case of legal defeasance, we have delivered to the trustee an opinion of counsel stating that, under then applicable federal income tax law, the holders of the debt securities of that series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge to be effected and will be subject to the same federal income tax as would be the case if the deposit, defeasance and discharge did not occur;

in the case of covenant defeasance, we have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and covenant defeasance to be effected and will be subject to the same federal income tax as would be the case if the deposit and covenant defeasance did not occur;

no event of default or default with respect to the outstanding debt securities of that series has occurred and is continuing at the time of such deposit after giving effect to the deposit or, in the case of legal defeasance, no default relating to bankruptcy or insolvency has occurred and is continuing at any time on or before the 91st day after the date of such deposit, it being understood that this condition is not deemed satisfied until after the 91st day;

the legal defeasance or covenant defeasance will not cause the trustee to have a conflicting interest within the meaning of the Trust Indenture Act, assuming all debt securities of a series were in default within the meaning of such Act;

the legal defeasance or covenant defeasance will not result in a breach or violation of, or constitute a default under, any other agreement or instrument to which we are a party;

## Edgar Filing: EAGLE MATERIALS INC - Form S-3ASR

the legal defeasance or covenant defeasance will not result in the trust arising from such deposit constituting an investment company within the meaning of the Investment Company Act of 1940, as amended, unless the trust is registered under such Act or exempt from registration; and

**Table of Contents**

we have delivered to the trustee an officers' certificate and an opinion of counsel stating that all conditions precedent with respect to the defeasance or covenant defeasance have been complied with.

**Concerning Our Relationship with the Trustee**

We and our subsidiaries maintain ordinary service relationships with The Bank of New York Mellon Trust Company, N.A. Mellon Investor Services LLC and BNY Mellon Shareowner Services, affiliates of the trustee, serve as the Rights Agent under the Rights Agreement and as the transfer agent and registrar for our common stock, respectively.

**DESCRIPTION OF WARRANTS**

We may issue warrants to purchase our debt or equity securities or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

The applicable prospectus supplement will describe the following terms of any warrants in respect of which this prospectus is being delivered:

the title of such warrants;

the aggregate number of such warrants;

the price or prices at which such warrants will be issued;

the currency or currencies in which the price of such warrants will be payable;

the securities or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing, purchasable upon exercise of such warrants;

the price at which and the currency or currencies in which the securities or other rights purchasable upon exercise of such warrants may be purchased;

the date on which the right to exercise such warrants shall commence and the date on which such right shall expire;

if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;

if applicable, the designation and terms of the securities with which such warrants are issued and the number of such warrants issued with each such security;

Edgar Filing: EAGLE MATERIALS INC - Form S-3ASR

if applicable, the date on and after which such warrants and the related securities will be separately transferable;

information with respect to book-entry procedures, if any;

if applicable, a discussion of any material United States federal income tax considerations; and

any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

### **DESCRIPTION OF UNITS**

As specified in the applicable prospectus supplement, we may issue units consisting of one or more warrants, debt securities, shares of preferred stock, shares of common stock or any combination of such securities. The applicable prospectus supplement will describe:

the terms of the units and of the warrants, debt securities, preferred stock and common stock comprising the units, including whether and under what circumstances the securities comprising the units may be traded separately;

a description of the terms of any unit agreement governing the units; and

a description of the provisions for the payment, settlement, transfer or exchange of the units.

### **DESCRIPTION OF DEPOSITARY SHARES**

The following description of depositary shares representing shares of our preferred stock sets forth certain general terms and provisions of deposit agreements, depositary shares and depositary receipts. The particular terms of the depositary shares and related agreements and receipts will be described in the prospectus supplement relating to those depositary shares. The description set forth below and in any prospectus supplement is not complete, and is subject to, and qualified in its entirety by reference to, the applicable deposit agreements, depositary shares and depositary receipts, which will be filed with the SEC at or before the issuance of any depositary shares. The specific terms of the depositary shares as described in the applicable prospectus supplement will supplement and, if applicable, may modify or replace the general terms described in this prospectus.

#### **General**

We may elect to have shares of our preferred stock represented by depositary shares. The shares of preferred stock of any series underlying the depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company we select. The prospectus supplement relating to a series of depositary shares will set forth the name and address of this preferred stock depositary. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, proportionately, to all the rights, preferences and privileges of a share of a particular series of preferred stock represented by such depositary share (including dividend, voting, redemption, conversion, exchange and liquidation rights).

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement, each of which will represent the applicable interest in a number of shares of a particular series of the preferred stock described in the applicable prospectus supplement.

A holder of depositary shares will be entitled to receive the shares of preferred stock (but only in whole shares) underlying those depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the whole number of shares of preferred stock to be withdrawn, the depositary will deliver to that holder at the same time a new depositary receipt for the excess number of depositary shares.

#### **Dividends and Other Distributions**

The preferred stock depositary will distribute all cash dividends or other cash distributions in respect of the preferred stock to the record holders of depositary receipts in proportion, insofar as possible, to the number of depositary shares owned by those holders.

If there is a distribution other than in cash in respect of the preferred stock, the preferred stock depositary will distribute property received by it to the record holders of depositary receipts in proportion, insofar as possible, to the number of depositary shares owned by those holders, unless the preferred stock depositary determines that it is not feasible to make such a distribution. In that case, the preferred stock depositary may, with our approval, adopt any method that it deems equitable and practicable to effect the distribution, including a public or private sale of the property and distribution of the net proceeds from the sale to the holders.

## **Table of Contents**

The amount distributed in any of the above cases will be reduced by any amount we or the preferred stock depositary are required to withhold on account of taxes.

### **Conversion and Exchange**

If any shares of any series of preferred stock underlying the depositary shares are subject to provisions relating to their conversion or exchange as set forth in an applicable prospectus supplement, each record holder of depositary shares will have the right or obligation to convert or exchange those depositary shares pursuant to those provisions.

### **Redemption of Depositary Shares**

Whenever we redeem a share of preferred stock held by the preferred stock depositary, the preferred stock depositary will redeem as of the same redemption date a proportionate number of depositary shares representing the shares of preferred stock that were redeemed. The redemption price per depositary share will be equal to the aggregate redemption price payable with respect to the number of shares of preferred stock underlying the depositary shares. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or proportionately as we may determine.

After the date fixed for redemption, the depositary shares called for redemption will no longer be deemed to be outstanding and all rights of the holders of the depositary shares will cease, except the right to receive the redemption price.

### **Voting**

Upon receipt of notice of any meeting at which the holders of the preferred stock underlying the depositary shares are entitled to vote, the preferred stock depositary will mail the information contained in the notice to the record holders of the depositary receipts. Each record holder of the depositary receipts on the record date (which will be the same date as the record date for the preferred stock) may then instruct the preferred stock depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock underlying that holder's depositary shares. The preferred stock depositary will try to vote the number of shares of preferred stock underlying the depositary shares in accordance with the instructions, and we will agree to take all reasonable action which the preferred stock depositary deems necessary to enable the preferred stock depositary to do so. The preferred stock depositary will abstain from voting the shares of preferred stock to the extent that it does not receive specific written instructions from holders of depositary receipts representing the shares of preferred stock.

### **Record Date**

Whenever:

any cash dividend or other cash distribution becomes payable, any distribution other than cash is made, or any rights, preferences or privileges are offered with respect to the preferred stock; or

the preferred stock depositary receives notice of any meeting at which holders of preferred stock are entitled to vote or of which holders of preferred stock are entitled to notice, or of the mandatory conversion of or any election by us to call for the redemption of any shares of preferred stock,

the preferred stock depositary will in each instance fix a record date (which will be the same as the record date for the preferred stock) for the determination of the holders of depositary receipts:

who will be entitled to receive dividend, distribution, rights, preferences or privileges or the net proceeds of any sale; or

## **Table of Contents**

who will be entitled to give instructions for the exercise of voting rights at any such meeting or to receive notice of the meeting or the redemption or conversion, subject to the provisions of the deposit agreement.

### **Amendment and Termination of the Deposit Agreement**

We and the preferred stock depositary may at any time agree to amend the form of depositary receipt and any provision of the deposit agreement. However, any amendment that materially and adversely alters the rights of holders of depositary shares will not be effective unless the amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. The deposit agreement may be terminated by us or by the preferred stock depositary only if all outstanding shares have been redeemed or if a final distribution in respect of the underlying preferred stock has been made to the holders of the depositary shares in connection with the liquidation, dissolution or winding up of Eagle Materials.

### **Charges of Preferred Stock Depositary**

We will pay all charges of the preferred stock depositary including charges in connection with the initial deposit of the preferred stock, the initial issuance of the depositary receipts, the distribution of information to the holders of depositary receipts with respect to matters on which the preferred stock is entitled to vote, withdrawals of the preferred stock by the holders of depositary receipts or redemption or conversion of the preferred stock, except for taxes (including transfer taxes, if any) and other governmental charges and any other charges expressly provided in the deposit agreement to be at the expense of holders of depositary receipts or persons depositing preferred stock.

### **Miscellaneous**

Neither we nor the preferred stock depositary will be liable if either of us is prevented or delayed by law or any circumstance beyond our control in performing any obligations under the deposit agreement. The obligations of the preferred stock depositary under the deposit agreement are limited to performing its duties under the agreement without negligence or bad faith. Our obligations under the deposit agreement are limited to performing our duties in good faith. Neither we nor the preferred stock depositary is obligated to prosecute or defend any legal proceeding in respect of any depositary shares or share of preferred stock unless satisfactory indemnity is furnished. We and the preferred stock depositary may rely on advice of or information from counsel, accountants or other persons that they believe to be competent and on documents that they believe to be genuine.

The preferred stock depositary may resign at any time or be removed by us, effective upon the acceptance by its successor of its appointment. If we have not appointed a successor preferred stock depositary and the successor depositary has not accepted its appointment within 60 days after the preferred stock depositary delivered a resignation notice to us, the preferred stock depositary may terminate the deposit agreement. See Amendment and Termination of the Deposit Agreement above.

**FORMS OF SECURITIES**

Each debt security, warrant, unit and depositary share will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the owner of the debt securities, warrants, units or depositary shares represented by these global securities. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

**Global Securities**

***Registered Global Securities***

We may issue the registered debt securities, warrants, units and depositary shares in the form of one or more fully registered global securities that will be deposited with a depositary or its custodian identified in the applicable prospectus supplement and registered in the name of that depositary or its nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement, unit agreement or deposit agreement with respect to depositary shares. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement, unit agreement or deposit agreement with respect to depositary shares. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement, unit agreement or deposit agreement with respect to depositary shares. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant

agreement, unit agreement or deposit agreement with respect to depositary shares, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants, units or depositary shares, represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of Eagle Materials, the trustee, the warrant agents, the unit agents, the preferred stock depositary or any other agent of Eagle Materials, agent of the trustee or agent of the warrant agents, unit agents or preferred stock depositary will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depositary gives to the relevant trustee, warrant agent, unit agent, preferred stock depositary or other relevant agent of ours or theirs. It is expected that the depositary's instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary.

## **PLAN OF DISTRIBUTION**

We may sell the offered securities in and outside the United States (1) through underwriters or dealers, (2) directly to purchasers, including our affiliates, (3) through agents or (4) through a combination of any of these methods. The prospectus supplement will include the following information:

## **Table of Contents**

### **Sale Through Underwriters or Dealers**

If we use underwriters in the sale, the underwriters will acquire the securities for their own account. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

During and after an offering through underwriters, the underwriters may purchase and sell the securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, which means that selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if the offered securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, the underwriters may discontinue these activities at any time.

If we use dealers in the sale of securities, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. The dealers participating in any sale of the securities may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

### **Direct Sales and Sales Through Agents**

We may sell the securities directly. In that event, no underwriters or agents would be involved. We may also sell the securities through agents we designate from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable by us to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. We will describe the terms of any such sales in the prospectus supplement.

### **Delayed Delivery Contracts**

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

### **Remarketing**

We may offer and sell any of the offered securities in connection with a remarketing upon their purchase, in accordance with a redemption or repayment by their terms or otherwise by one or more remarketing firms acting as principals for their own accounts or as our agents. We will identify any remarketing firm, the terms of any remarketing agreement and the compensation to be paid to the remarketing firm in the prospectus supplement. Remarketing firms may be deemed underwriters under the Securities Act.

## **Table of Contents**

### **Derivative Transactions**

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third parties may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in these sale transactions will be underwriters and, if not identified in this prospectus, will be identified in the applicable prospectus supplement or in a post-effective amendment to the registration statement of which this prospectus forms a part.

### **General Information**

We may have agreements with the remarketing firms, agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make. Such firms, agents, dealers and underwriters may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses.

Each series of offered securities, other than the common stock, which is listed on the New York Stock Exchange, will have no established trading market. We may elect to list any series of offered securities on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a series of offered securities. However, they will not be obligated to do so and may discontinue market making at any time without notice. We cannot assure you that a liquid trading market for any of our offered securities will develop.

### **LEGAL MATTERS**

Baker Botts L.L.P., Dallas, Texas, is passing upon certain legal matters for us in connection with the securities described in this prospectus. Any underwriters will be advised about legal matters relating to any offering by their own legal counsel, which will be named in the related prospectus supplement.

**ITEM 15. Indemnification of Directors and Officers**

Set forth below is a description of certain provisions of the Restated Certificate of Incorporation (the "Certificate of Incorporation") of Eagle Materials Inc. (the "Company"), the Company's Amended and Restated Bylaws, as amended (the "Bylaws"), Indemnification Agreements (the "Indemnification Agreements") the Company has entered into with its directors and the Delaware General Corporation Law (the "DGCL"). This description is intended as a summary only and is qualified in its entirety by reference to the Certificate of Incorporation, the Bylaws, the Indemnification Agreements and the DGCL.

***Delaware General Corporation Law***

Section 145 of the DGCL provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership or other enterprise, against all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by them in connection with such action, suit or proceeding if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interest of the corporation and, with respect to any criminal action or proceeding, if he or she had no reasonable cause to believe their conduct was unlawful. Section 145 further provides that a corporation similarly may indemnify any such person serving in any such capacity who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor, against expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of the action or suit if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made against expenses in respect of any claim, issue or

matter as to which such person shall have been adjudged to be liable to the corporation, unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

II-1

## **Table of Contents**

### ***Certificate of Incorporation***

Article VI of the Certificate of Incorporation provides that a director of the Company shall not be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, as the same exists or hereafter may be amended or replaced, or (iv) for any transaction from which the director derived any improper personal benefit. If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Company shall be eliminated or limited to the fullest extent permitted by the DGCL as so amended. Any repeal or modification of Article VI of the Bylaws shall not adversely affect any right or protection of a director of the Company existing thereunder with respect to any act or omission occurring prior to such repeal or modification.

### ***Bylaws***

Article VI of the Bylaws provides that the Company shall indemnify, to the fullest extent permitted by applicable law, including Section 145 of the DGCL, any person who is, or who is threatened to be made, a witness in or a party to an action, suit, arbitration or any other proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director, officer, employee or agent of the Company, or is or was serving at the Company's request as a director, officer or administrator of another enterprise, against expenses (including reasonable attorneys' fees) actually and reasonably incurred by such person in connection with such action, suit, arbitration or other proceeding. Pursuant to the Bylaws, this indemnification shall also include advancement of expenses related to such action, suit, arbitration or other proceeding to the fullest extent permitted by the DGCL.

The indemnification and advancement of expenses provided by, or granted pursuant to, Article VI of the Bylaws shall not be deemed exclusive of any other rights to which any person seeking indemnification or advancement of expenses may be entitled under applicable law, the Bylaws, the Certificate of Incorporation, any agreement, vote of stockholders, resolution of the Board of Directors or otherwise. All rights to indemnification under Article VI of the Bylaws shall be deemed to a contract right benefiting the applicable director, officer, employee or agent who served in such, pursuant to which such person may sue as if these provisions were set forth in a separate written contract between such person and the Company.

Article VI of the Bylaws also includes provisions that specify the procedures and presumptions which are to be employed to determine whether a person is entitled to indemnification thereunder. In some cases, the nature of the procedures specified in Bylaws varies depending on whether there has occurred a Change in Control (as defined in the Bylaws) of the Company.

### ***Indemnification Agreements***

The Company has entered into indemnification agreements with each of its directors, pursuant to which the Company has agreed to indemnify and hold harmless, to the fullest extent permitted by law, each director against any and all expenses (including attorneys' fees and other costs, expenses and obligations) arising out of or related to any threatened or pending action, suit, arbitration, investigation or other proceeding, whether civil, criminal, administrative or investigative, including, but not limited to, judgments, fines, penalties and amounts paid in settlement, and any interest, assessments or other charges paid or payable in connection with or in respect of any of the foregoing, incurred by the director and arising out of his or her status as a director of the Board of Directors, or his or her service at the Company's request as a director, officer or administrator of another enterprise. In addition, such indemnification agreements provide that after receipt of an appropriate request by a director, the Company will also advance all expenses, costs and other obligations (including attorneys' fees) arising out of or related to such matters. The Company will not be liable for payment of any liability or expense incurred by a director on account of acts which, at the time taken, were not taken in good faith or in a manner such person reasonably believed to be in or not opposed to the best interests of the Company.

**Table of Contents****Insurance**

Pursuant to the authority granted by Section 145 of the DGCL and the Company's Bylaws, the Company is authorized to purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the Company or another corporation, partnership, joint venture, trust or other enterprise which such person serves at the request of the Company against any expense, liability or loss, whether or not the Company is authorized by the DGCL to indemnify that person. The Company has purchased and maintains such insurance.

**Item 17. Undertakings**

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
  - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
  - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
  - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

*provided, however*, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
  - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

  - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (d) The undersigned registrant hereby undertakes that:
- (1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective; and
