PROSPECTUS

CNB FINANCIAL CORPORATION

Dividend Reinvestment and Stock Purchase Plan

This Prospectus relates to the offer and sale by CNB Financial Corporation (sometimes referred to herein as the Company) of its Common Stock, no par value, to its shareholders pursuant to the Dividend Reinvestment and Stock Purchase Plan (the Plan). The Plan provides shareholders a convenient and economical way to reinvest cash dividends in additional shares of Common Stock as well as purchase additional shares of Common Stock with optional cash payments. Optional cash payments may not be less than \$250 per payment or more than \$50,000 per calendar year. The Plan is administered by CNB Bank, a wholly-owned subsidiary of the Company, as trustee (the Trustee).

Cash dividends are ordinarily paid on or about the 15th day of March, June, September and December of each year, and optional cash payments may be made at any time accompanied by the appropriate cash payment form. Common Stock to be purchased with cash dividends or optional cash payments will be purchased either directly from the Company or in the open market by an independent Agent appointed by the Company.

Shareholders may participate in the Plan by completing an Authorization Card and returning it to the Trustee. Questions 4 and 6 in Description of the Plan will assist shareholders in becoming a participant in the plan. Shareholders who do not wish to participate in the Plan need to do nothing and will continue to receive their cash dividends, if and when declared, as usual.

The shares of Common Stock offered by this Prospectus are not savings accounts, deposits or other obligations of a bank or savings association and are not insured by the FDIC or any other governmental agency. Neither the Company nor CNB Bank has guaranteed the shares being offered. There can be no assurance that the trading price of the Common Stock will not decrease at any time.

The Common Stock is listed and traded over-the-counter on the NASDAQ Stock Exchange (Symbol: CCNE). The Company's executive offices are located at 1 South Second Street, Clearfield, Pennsylvania 16830 and its telephone number is (814) 765-9621.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR THE FEDERAL DEPOSIT INSURANCE CORPORATION, THE PENNSYLVANIA STATE DEPARTMENT OF BANKING OR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ADEQUACY OR ACCURACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this Prospectus is November 12, 2009.

CNB FINANCIAL CORPORATION

We are a Financial Holding Company registered under the Financial Holding Company Act of 1956, as amended. In 1984 we acquired all of the outstanding capital stock of CNB Bank (the Bank). We are subject to regulation, supervision and examination by the Board of Governors of the Federal Reserve System. We are currently engaged in four nonbanking activities through our wholly owned subsidiaries CNB Securities Corporation, County Reinsurance Company, CNB Insurance Agency, and Holiday Financial Services Corporation. We do not currently engage in any other business activities.

The Bank is a state chartered banking institution incorporated in 1934. The Bank's Main Office is located at 1 South Second Street, Clearfield, Clearfield County, Pennsylvania. The Bank's primary marketing area consists of the Pennsylvania Counties of Clearfield, Elk (excluding the Townships of Millstone, Highland and Spring Creek), McKean, Cambria, Cameron and Warren. It also includes a portion of western Centre County including Philipsburg Borough, Rush Township and the western portions of Snow Shoe and Burnside Townships and a portion of Jefferson County, consisting of the boroughs of Brockway, Falls Creek, Punxsutawney, Reynoldsville and Sykesville, and the townships of Washington, Winslow and Henderson. In Erie, Erie County, PA, CNB Bank does business as ERIEBANK. In addition to the Main Office, the Bank has full-service branch offices operating in various communities in its market area and one loan production office located in Johnstown, Cambria County, PA. The Bank is a full-service bank engaging in a full range of banking activities and services for individual, business, governmental and institutional customers. These activities and services principally include checking, savings, time and deposit accounts; real estate, commercial, industrial, residential and consumer loans; and a variety of other specialized financial services. Its Trust and Asset Management Services and Wealth Management Services divisions offer a full range of client services. The Bank is subject to supervision and examination by applicable state banking agencies. In addition, the Bank is insured by and subject to regulations of the Federal Deposit Insurance Corporation and is also subject to various requirements and restrictions under federal and state law, including requirements to maintain reserves against deposits, restrictions on the types, amounts and terms and conditions of loans that may be granted, and limitations on the types of investments that may be made and the types of services that may be offered. Various consumer laws and regulations also affect the operations of the Bank. In addition to the impact of regulation, the Bank is affected significantly by the actions of the Federal Reserve Board, including actions taken with respect to interest rates as it attempts to control the money supply and credit availability in order to influence the economy.

Table of Contents

CNB Securities Corporation was formed in 2005 to hold and manage investments that were previously owned by the Bank and the Company and to provide the Company with additional latitude to purchase other investments. County Reinsurance Company was formed in June of 2001 as a corporation in the state of Arizona. It provides accidental health and disability and life insurance as a part of lending relationships of the Bank. CNB Insurance Agency was established in February of 2003. That company provides fixed annuity products to banking customers. The Company's newest subsidiary, Holiday Financial Services Corporation, was formed in 2005 to facilitate the Company's entry into the consumer discount loan and finance business.

DESCRIPTION OF THE PLAN

The following questions and answers generally describe the provisions of the Plan.

Purpose

1. What is the purpose of the Plan?

The Plan allows existing shareholders an easy and convenient method of acquiring shares of Common Stock. Existing shareholders can purchase additional shares of stock by investing cash dividends and by making optional cash payments. Beneficial owners of shares of Common Stock whose shares are registered in names other than their own can have their cash dividends reinvested by requesting their nominees or other holders of record to participate in the Plan on their behalf. Since the shares of the Common Stock purchased under the Plan are acquired from us, we receive additional funds for general corporate purposes.

Advantages and Disadvantages

2. What are the advantages of the Plan?

Shareholders may purchase additional shares of Common Stock by having all or part of their cash dividends automatically reinvested and by making optional cash payments of not less than \$250 per payment or more than \$50,000 per calendar year.

The Trustee, the administering agent of the Plan, assures safekeeping of shares of Common Stock credited to a Plan account and provides regular statements of such account. Therefore, shareholders avoid the cumbersome safekeeping of certificates of shares of Common Stock credited to their Plan accounts.

Investors who have an Individual Retirement Account or who set up an IRA with a third party may enroll in the Plan and purchase shares through the Plan. The Trustee, however, cannot establish or administer an IRA. That must be done through another entity.

3. What are the disadvantages of the Plan?

No interest is paid on optional cash payments held by the Trustee pending investment. Participants have no control over the share price or the timing of the sale or purchase of Plan shares. Participants cannot designate a specific price or a specific date at which to purchase or sell Common Stock. In addition, Participants will not know the exact number of shares purchased and the prices paid until after the applicable Investment Date. (See Question 18.)

Administration

4. Who administers the Plan?

We have designated the Trustee as our agent to administer the Plan, maintain records, send statements of accounts to Participants and perform other duties relating to the Plan. Shares of Common Stock purchased under the Plan are held by the Trustee as agent for Participants and registered in the name of the Trustee or its nominee. If Participants desire to hold their shares personally, the Trustee will issue a stock certificate in the name of the shareholder upon request. The Trustee also serves as Transfer Agent for the Common Stock.

Table of Contents

All communications regarding the Plan should be sent to the Trustee addressed as follows:

CNB Bank

Attn: Dividend Reinvestment

PO Box 42

Clearfield, PA 16830-0042

Participants should furnish Plan account numbers in their correspondence. Inquiries may be made to the Trustee by telephone at (814) 765-9621.

Participants

5. Who is eligible to participate?

All individuals, corporations, partnerships, other business associations and holders of record of shares of Common Stock are eligible to participate in the Plan, provided participation is not prohibited by any laws or regulations. In order to be eligible to participate, beneficial owners of shares of Common Stock whose shares are registered in names other than their own (for example, shares registered in the name of a broker or a bank nominee) must become holders of record by having all or a portion of those shares transferred into their names. Or, they can request such nominees or other holders of record to participate in the Plan on their behalf. Individuals having established IRA accounts with a third party may participate in the Plan.

6. How does an eligible shareholder become a Participant?

An eligible shareholder may join the Plan at any time by completing an Authorization Card and returning it to the Trustee. An Authorization Card may be obtained by contacting the Trustee. (See Question 4)

7. When do investments begin under the Plan?

Dividend payment dates ordinarily occur on or about the 15th day of March, June, September and December. The record date for determining shareholders who are eligible to receive dividends normally precedes the dividend payment date by about two weeks.

If the Trustee receives an Authorization Card specifying reinvestment of dividends at least three business days before the record date of a dividend payment, reinvestment commences with that dividend payment. If the Authorization Card is received after that date, reinvestment of dividends under the Plan begins with the dividend payment following the next record date.

Optional cash payments by Participants are invested as specified in Questions 12 and 13.

8. What does the Authorization Card provide?

The Authorization Card provides for the purchase of shares of Common Stock through the following options:

Full Dividend Reinvestment. If the Full Dividend Reinvestment box is checked, the Trustee will apply all of a Participant's cash dividends on shares of Common Stock, as well as on all shares of Common Stock credited to the Participant's Plan account, to the purchase of additional shares of Common Stock.

Partial Dividend Reinvestment. If the Partial Dividend Reinvestment box is checked, the Trustee will reinvest dividends on the number of shares indicated by the Participant, as well as dividends on all shares of Common Stock credited to the Participant's Plan account, and will pay any remaining dividends in cash.

Edgar Filing: CNB FINANCIAL CORP/PA - Form S-3D

Cash Payments Only. If the Cash Payments Only box is checked, the Trustee will apply any optional cash payments and any dividends on shares credited to the Participant's Plan account to the purchase of additional shares of Common Stock. Cash dividends on shares of Common Stock registered in the Participant's name other than in his or her Plan account will be paid to the Participant in cash.

Table of Contents

If the participant does not check any box on the Authorization Card, then full dividend reinvestment will be assumed.

9. May Participants reinvest dividends on less than all shares?

Except for dividends on shares of Common Stock in a Participant's Plan account, which are reinvested automatically, Participants may elect to reinvest all or part of the dividends on shares of Common Stock by designating their intentions on the Authorization Card.

10. May Participants change the method of participation?

At any time, Participants may change their investment options by completing a new Authorization Card and returning it to the Trustee. If the Participant elects to participate through the full or partial dividend reinvestment feature but later decides to change the number of shares on which cash dividends are being reinvested or to participate through the optional cash payments feature only, the Trustee must receive an Authorization Card indicating the change at least three business days before the record date of a dividend payment. If the Authorization Card is received after that date, the change will not be effective until the dividend payment following the next record date.

Costs

11. Who will pay the costs of administering the Plan?

We will pay all costs of administering the Plan, except for brokerage commissions on purchases of Common Stock in the open market. Such commissions are expected to range from three cents to seven cents per share.

Optional Cash Payments

12. How are optional cash payments made?

Optional cash payments may be made by check or money order, or by automatic bank draft. A shareholder may make initial optional cash payment when enrolling in the Plan by enclosing a check (made payable to CNB Bank) with the Authorization Card. Thereafter, Participants may make optional cash payments through the use of cash payment forms sent to Participants as part of their account statements. Participants may also authorize the Trustee to automatically draft their checking, savings or other account in any financial institution that participates in the Automated Clearing House system. The Trustee can furnish draft authorization cards and additional information to Participants.

Optional cash payments, which are made by check or money order, need not be in the same amount each time and there is no obligation to make optional cash payments regularly. However, should Participants elect to make optional cash payments through automatic bank draft, the draft must be in the same amount. The draft will continue until the Participant notifies the Trustee in writing to change the amount automatically drafted or terminate the bank draft.

The Trustee must receive optional cash payments at least three business days prior to an Investment Date in order to be invested on that date. (See Question 16.) Optional cash payments received by the Trustee less than three business days before an Investment Date will be held until the following Investment Date. No interest is paid on optional cash payments.

Table of Contents

13. What are the limitations on making optional cash payments?

Optional cash payments may not be less than \$250 per payment or more than \$50,000 per calendar year. We reserve the right to direct the Trustee to refuse any optional cash payments that in the aggregate exceed \$50,000 per calendar year with respect to the aggregate of all of a Participant's Plan accounts. In such event, the Trustee will return the excess tendered amount of optional cash payments to the Participant. The minimum and maximum amounts of optional cash payments may be changed (or optional cash purchases may be eliminated) at the discretion of CNB Financial Corporation upon sending Plan participants prior written notice.

Purchases

14. What is the source of shares of Common Stock under the Plan?

Shares of Common Stock needed to meet the requirements of the Plan will either come from our authorized and unissued shares (including treasury stock) or from shares purchased in the open market by an independent agent. The Plan limits us from changing our determination regarding the source of shares to not more than once in any three-month period.

15. When are shares of Common Stock purchased under the Plan?

In the event the Agent purchases shares of Common Stock from CNB Financial Corporation, dividends will be reinvested on the dividend payment date. In the event the Agent purchases shares of Common Stock on the open market, dividends will be reinvested at such times as the Agent may determine as soon as practicable on or following the dividend payment date or such later date as may be necessary or advisable under any applicable securities or other laws.

The Investment Dates for optional cash payments are weekly, usually on Wednesdays. If the normal Investment Date is not a business day, the Investment Date is the next business day. During a week when a dividend payment is made, the Investment Date for optional cash payments is the same date.

Shares purchased under the Plan belong to the Participant on the Investment Date. However, for federal income tax purposes, the holding period for such shares begins on the following day.

16. What is the price of shares of Common Stock purchased under the Plan?

The price of shares of Common Stock purchased with reinvested cash dividends and optional cash payments, if any, will be the market price of the Common Stock. For shares acquired directly from CNB Financial Corporation, the market price of the Common Stock for purposes of this Plan is the average of the closing bid and ask quotations for a share of Common Stock on the dividend payment date, or the Investment Date in the case of voluntary cash purchases, as reported by NASDAQ. For shares acquired in the open market, the market price of the Common Stock is the average of the price actually paid for such shares, including brokerage commissions, purchased by the Agent.

17. How many shares of Common Stock are purchased for Participants?

The number of shares purchased for a Participant's account is equal to the amount of the Participant's dividends being reinvested plus the amount of any optional cash payments divided by the purchase price of the shares. Each Plan account is credited with that number of shares, including fractions computed to four decimal places. The Plan does not provide for Participants or initial investors to purchase a specific number of shares.

Table of Contents

Reports to Participants

18. What reports are sent to Participants?

Shareholders who participate in the Plan only through the reinvestment of dividends receive quarterly statements of their accounts. Shareholders who participate through the investment of optional cash payments receive statements when cash investments are made. These statements of account show any cash dividends reinvested and any cash payments received, the number of shares purchased, the purchase price for the shares and the mean of the high and low sales prices on the Investment Date, the number of Plan shares held for the Participant by the Trustee, the number of shares registered in the name of the Participant reinvesting dividends, and an accumulation of the transactions for the current calendar year to date. Statements are mailed as soon as practicable after each Investment Date. These statements are a Participant's continuing record of the cost of purchases of shares of Common Stock under the Plan, and the last cumulative statement of the year should be retained for tax purposes.

In addition, each Participant receives copies of all communications sent to shareholders generally, including annual reports, notices of annual meetings and proxy statements and income tax information for reporting dividends paid.

Issuance of Certificates

19. Are certificates issued for shares of Common Stock purchased under the Plan?

Unless requested in writing by a Participant, certificates for shares of Common Stock purchased under the Plan are not issued to the Participant. However, certificates for any number of whole shares credited to a Participant's account will be issued in the Participant's name without charge upon written request of the Participant; provided, however, that any request received from reinvestment Participants between a dividend record date and Investment Date for that dividend will not be effective until after the dividend is reinvested under the Plan. Certificates representing fractional share interests will not be issued under any circumstances.

A request for issuance of Plan shares, including issuance of all of the shares in a Participant's account, does not constitute a termination of participation in the Plan by the Participant. Termination may be effected only through the delivery to the Trustee of a notice of termination. (See Question 26.)

20. In whose name are certificates issued?

Accounts under the Plan are maintained in the names in which certificates of the Participants were registered at the time they entered the Plan. Consequently, certificates for whole shares issued upon the request of Participants are issued in the same names.

Dividends on Fractions of Shares

21. Are Participants' Plan accounts credited with dividends on fractions of shares?

Participants receive credit for the amount of dividends attributable to fractions of shares in their Plan accounts. These dividends are reinvested automatically.

Withdrawal of Shares in Plan Accounts

22. How may shares be withdrawn from the Plan?

Participants may withdraw Plan shares credited to their accounts by notifying the Trustee in writing specifying the number of shares to be withdrawn. Certificates for whole shares of Common Stock so withdrawn will be issued to and registered in the name of the Participant. Certificates representing fractional share interests will not be issued under any circumstances.

Table of Contents

23. Will dividends on shares withdrawn from the Plan continue to be reinvested?

If Participants have authorized reinvestment of dividends on all shares, cash dividends on shares withdrawn continue to be reinvested. If, however, dividends on only part of the shares are being reinvested, the Trustee continues to reinvest dividends on only the number of shares specified on the Authorization Card unless the Trustee receives a new Authorization Card specifying a different number of shares.

24. Will dividends on Participants' Plan shares continue to be reinvested if Participants sell or transfer the Common Stock registered in their name?

Even if Participants sell or transfer all of the shares of Common Stock registered in their name, the Trustee continues to reinvest dividends on the Plan shares until the Trustee receives a written request for withdrawal from the Plan.

Termination of Participation

25. How do Participants terminate participation in the Plan?

Participants may terminate participation in the Plan at any time by notifying the Trustee in writing. A participant's notice of termination takes effect when the Trustee receives the notice; however, for a Participant reinvesting dividends, if the Trustee receives the notice of termination on or after the fifth business day preceding a dividend record date, that cash dividend will be reinvested to the Participant's account. The account then will be terminated and all subsequent dividends will be paid to the Participant. An optional cash payment received before the Trustee receives the notice of termination will be invested for the Participant's account unless the Participant specifically requests return of the payment prior to two days before the Investment Date.

26. What happens when Participants terminate participation in the Plan?

When Participants terminate participation in the Plan by providing the Trustee with a written notice of termination, or upon termination of the Plan, certificates for whole shares credited to a Participant's account will be issued to the Participant and a cash payment will be made for any fractional share interests. However, in the Participant's notice of termination of participation, the Participant may direct the Trustee to sell all full and fractional share interests held in the account. Within ten business days or as soon as practicable after the receipt of notice of termination, such sales will be made through an independent brokerage organization. The terminating Participant will pay any brokerage commissions, fees, transfer and other taxes and other transaction expenses in connection with such sales. The proceeds of the sale, net of such expenses, will be sent to the Participant as soon as practicable after settlement of the sale.

Dividends paid after termination of participation in the Plan will be paid in cash directly to the former Participant. Former Participants may become Participants in the Plan again at any time by signing a new Authorization Card and returning it to the Trustee.

Sale of Plan Shares

27. May Participants' Plan shares be sold?

Participants may sell all or part of the shares of Common Stock held in the Plan in either of two ways. First, the Participant may request certificates for full shares and arrange for the sale of these shares through a securities broker of the Participant's choice. Alternatively, within ten days after receipt of written instructions, the Trustee will sell all or any portion of the shares held by the Trustee for the Participant. The Trustee will sell such shares through independent securities brokers selected in its sole discretion. The Participant will be charged brokerage commissions, fees, transfer and other taxes and other transaction expenses, which amounts will be deducted from the cash proceeds paid to the Participant. Shares being sold for the Participant may be aggregated with those of other Plan Participants who have requested sales. In that case, the Participant will receive proceeds based on the average sales price of all shares sold, less a pro rata share of brokerage commissions, fees, transfer and other taxes and other transaction expenses. The proceeds of the sale, net of such expenses, will be sent to the Participant as soon as practicable after settlement of the sale.

Table of Contents

Risk to Participants

28. Does participation in the Plan involve risk?

The Plan itself creates no risk. The risk to Participants is the same as with any other investment in shares of Common Stock. Since purchase prices are established on the Investment Date, a Participant loses any advantage otherwise available from being able to select the timing of investments. Participants should recognize that neither CNB Financial Corporation nor the Trustee can assure a profit or protect against a loss on shares of Common Stock purchased under the Plan.

Stock Dividends or Stock Splits; Rights Offering

29. What happens if we issue a stock dividend, declare a stock split or have a rights offering?

Any stock dividend or split will be credited to Participants' Plan accounts based on the number of shares, including fractional share interests, held in such accounts on the record date for such stock dividend or split. In the event we make available to shareholders rights to purchase additional shares of Common Stock or other securities, such rights will be made available to Participants based on the number of shares, including fractional share interests to the extent practicable, held in their Plan accounts on the record date established for determining shareholders who are entitled to such rights.

Voting Rights

30. How are Participants' shares voted at meetings of shareholders?

Participants receive a proxy indicating the total number of shares of Common Stock held, including shares registered in their name and shares credited to their Plan account. If the proxy is returned properly signed and marked for voting, all the shares covered by the proxy will be voted as marked. If the proxy is returned properly signed but with no instructions on how the shares are to be voted, all of the Participant's shares will be voted in accordance with the recommendations of our Board of Directors. If the proxy is not returned or if it is returned unexecuted or improperly executed, the Participant's shares will be voted only if the Participant votes in person.

Income Tax Consequences

31. What are some federal income tax consequences of participation in the Plan?

Participants are deemed to have received dividend income on the Investment Date to the extent that shares of Common Stock are purchased with reinvested dividends. Thus, the full amount of cash dividends used to purchase more Common Stock under the Plan must be reported as dividend income. In addition, the Internal Revenue Service may require that the per share processing or brokerage fees incurred in the purchase of shares, paid by the Company, if any, be treated as dividend income to you and included in your cost basis of shares purchased.

The basis of shares of Common Stock purchased under the Plan, either with reinvested cash dividends or optional cash payments, is the average price paid for the shares, including brokerage commissions, on the Investment Date or, in the case of shares acquired from us, the average of the closing bid and ask quotations on the Nasdaq National Market on the Investment Date. The holding period for such shares begins on the day after the Investment Date.

Participants will not realize any taxable income when they receive certificates for Plan shares credited to their accounts, whether upon withdrawal from the plan or otherwise. However, upon withdrawal, Participants will receive cash payments for the fractional shares credited to their Plan accounts and may realize a gain or loss. The amount of such gain or loss will be the difference between the amount the Participant receives for the fractional shares and Participant's tax basis for such fractional shares.

Table of Contents

If the Participant is subject to withholding, we will withhold the required taxes from the amount of dividends that would otherwise be reinvested under the Plan. The Trustee will notify the Participant when withholding begins. The amount withheld will be deducted from the amount of the dividend and only the remaining amount will be invested. The amount withheld will be reported to the Participant

The selling of shares by a Participant will give rise to capital gain or loss, provided the Participant holds such shares as a capital asset. The amount of any such gain or loss will be the difference between the proceeds received by the Participant, net of commissions and fees, and the Participant's tax basis in such shares. The tax basis of shares acquired under the Plan is equal to the purchase price of such shares.

The discussion above is only a general discussion of certain federal income tax aspects of an investment in the Plan. Because tax consequences may vary, depending on each Participant's own tax situation, Participants or persons considering participation in the Plan are advised to consult their own tax advisors regarding the tax effect of participation in the Plan, including the application of current and proposed federal, state, local, foreign and other tax laws.

Foreign Shareholders

32. What provision is made for foreign shareholders?

For foreign shareholders who are Participants and whose dividends are subject to United States income tax withholding laws, an amount equal to the dividends to be reinvested less the amount of tax required to be withheld is applied to the purchase of shares of Common Stock. The statements distributed by the Trustee confirming purchases made for such foreign Participants indicate the amount of tax withheld. Optional cash payments received from foreign shareholders must be in United States dollars and are invested in the same manner as payments from other Participants.

Responsibilities of CNB Financial Corporation and the Trustee

33. What are the responsibilities of CNB Financial Corporation and the Trustee under the Plan?

Neither the Trustee nor we will be liable for claims arising from any act done in good faith or any good faith omission to act. This includes, but is not limited to, any claim of liability arising out of failure to terminate a Participant's Plan account upon such Participant's death prior to receipt of notice in writing of such death. Neither the Trustee nor we have any duties, responsibilities or liabilities except those expressly set forth in the Plan.

The payment of dividends is at the discretion of our Board of Directors and will depend upon future earnings, our financial condition and other factors. There can be no assurance as to the declaration or payment of any dividend. Nothing in the Plan obligates us to declare or pay any dividend on our Common Stock.

Custody of Certificates

34. May other Common Stock certificates be deposited with the Trustee under the Plan?

Participants may deposit any Common Stock certificates now or hereafter registered in their name for credit under the Plan. There is no charge for this service. Because Participants bear the risk of loss in sending stock certificates to the Trustee, it is recommended that certificates be sent by registered mail, return receipt requested, and properly insured. The Participant must provide written instructions to the Trustee directing that the shares be deposited to the Participant's Plan account. Whenever certificates are issued to a Participant, either upon request or upon termination of participation, new, differently numbered certificates will be issued.

Suspension, Modification or Termination of the Plan

35. May the Plan be suspended, modified or terminated?

While the Plan is intended to continue indefinitely, we reserve the right to suspend or terminate the Plan at any time. We also reserve the right to make modifications to the Plan. We will notify Participants of any such suspension, termination or modification. If the Plan is terminated, any uninvested initial or optional cash payments will be returned to Participants, certificates for shares credited to Plan accounts will be issued and cash payments will be made for any fractional shares credited to such Plan accounts. (See Question 27.)

We intend to use our best efforts to maintain the effectiveness of the Registration Statement filed with the Commission covering the offer and sale of Common Stock under the Plan. However, we have no obligation to offer, issue or sell Common Stock to Participants under the Plan if, at the time of the offer, issuance or sale, such Registration Statement is for any reason not effective. Also, we may elect not to offer or sell Common Stock under the Plan to Participants residing in any jurisdiction or foreign country where the burden of expense of compliance with applicable blue sky or securities laws makes such offer or sale there impracticable or inadvisable. In any of those circumstances, dividends, if and when declared, will be paid in cash and any optional cash payments received from such shareholder will be returned.

DESCRIPTION OF COMMON STOCK

The Common Stock has no par value. Holders of the Common Stock are entitled to one vote per share on all matters submitted to a vote of shareholders. There are no preemptive rights and there is no cumulative voting in the election of directors. The Common Stock has no redemption, sinking fund or conversion provisions. Holders of the Common Stock are entitled to receive dividends when and as declared by the Board of Directors out of funds legally available therefor, and all shares of Common Stock have equal rights in the assets of the Company available for distribution to holders of Common Stock upon dissolution of the Company. All shares of Common Stock currently outstanding are fully paid and nonassessable.

The Company is authorized to issue up to 50,000,000 shares of stock, no par value. The Board has the full authority permitted by law to divide the authorized and unissued shares into classes or series, or both, and to determine for any such class or series its designation and the number of shares of the class or series and the voting rights, preferences, limitations and special rights, if any, of the shares of the class or series. As of November 10, 2009, 9,233,750 shares of Common Stock have been issued and 8,737,551 are outstanding. Except as otherwise provided in the Company charter or By-Laws or in the Pennsylvania Business Corporation Law, action may be taken by the shareholders upon the affirmative vote of a majority of the votes cast on the matter, after a quorum is present; the Company charter provides that in order to effect the merger or consolidation of the Company into another corporation which is not a wholly-owned subsidiary of the Company, the affirmative vote of 66% of the outstanding shares entitled to vote shall be required. There are three classes of directors and they are elected for staggered terms of three years.

USE OF PROCEEDS

The proceeds from the sale of newly issued Common Stock, or shares held in our treasury, pursuant to the Plan will be used for general corporate purposes, including, without limitation, investments in and advances to our subsidiaries.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Our By-Laws provide that each person who at any time is or shall have been a director or officer of the Company, or is serving or shall have served at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, and his heirs, executors and administrators, shall be indemnified by the Company in accordance with and to the full extent permitted by the laws of the Commonwealth of Pennsylvania as in effect at the time of such indemnification and that such right of indemnification shall constitute a contract between the Company and each of its directors and officers and shall not

be deemed exclusive of other rights to which any director, officer, employee, agent or other person may be entitled in any capacity as a matter of law or under any by-law, agreement, vote of shareholders or directors, or otherwise. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the Company pursuant to these provisions, we have been informed that in the opinion of the Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

EXPERTS
