**Item 2.02. Results of Operations and Financial Condition.**

On January 26, 2010, Sunoco Logistics Partners L.P. (the Partnership) issued press releases announcing its financial results for the fourth quarter of 2009 and announcing the completion of the incentive distribution rights repurchase and exchange with its general partner, Sunoco Partners LLC. Copies of these press releases are attached as Exhibits 99.1 and 99.2 and are incorporated herein by reference.

**Item 7.01. Regulation FD Disclosure.**

On January 26, 2010, the Partnership issued press releases announcing its financial results for the fourth quarter of 2009 and announcing the completion of the incentive distribution rights repurchase and exchange with its general partner, Sunoco Partners LLC. Additional information concerning the Partnership's fourth quarter earnings was presented in a slide presentation to investors during a teleconference on January 27, 2010. A copy of the slide presentation is attached as Exhibit 99.3 and is incorporated herein by reference.

**Item 8.01 Other Events.**

On January 1, 2009, the Partnership adopted the provisions of Emerging Issues Task Force No. 07-4 *Application of the Two-Class Method under FASB Statement No. 128, Earnings per Share, to Master Limited Partnerships* (EITF 07-4). EITF 07-4 requires incentive distribution rights (IDRs) in a master limited partnership to be treated as participating securities for the purpose of computing earnings per unit. EITF 07-4 also requires that when earnings differ from cash distributions, undistributed or over distributed earnings are to be allocated to the IDR holders, the general partner, and limited partners based on the contractual terms of the partnership agreement. Previously, earnings per unit was calculated as if all earnings for the period had been distributed, which resulted in an additional allocation of income to the general partner (the IDR holder) in quarterly periods where earnings exceeded the actual distribution and a lesser allocation of income to the general partner in quarterly periods where distributions exceeded earnings.

The Partnership has retrospectively applied EITF 07-4 to all periods presented. The Partnership's adoption of this guidance only impacts the allocation of earnings for purposes of calculating earnings per limited partner unit and has no impact on results of operations or distributions of available cash to unitholders and the general partner.

On January 1, 2009 the Partnership re-aligned its reporting segments. Prior to this date, the reporting segments were designated by geographic region. The Partnership has determined it more meaningful to functionally align its reporting segments. As such, the updated reporting segments as of January 1, 2009 are *Refined Products Pipeline System*, *Terminal Facilities*, and *Crude Oil Pipeline System*. The primary difference in the new reporting is the inclusion of approximately 120 miles of crude oil pipeline originating in Marysville Michigan, formerly included in the eastern area crude oil pipeline, with the Crude Oil Pipeline System (formerly the western area crude oil pipeline). For comparative purposes all prior period financial statement amounts have been recast to reflect the new segment reporting and do not impact consolidated net income.
