General

Our Board of Directors (the Board) recommended an amendment to our Amended and Restated Articles of Incorporation to effect an increase in the number of our authorized shares on April 12, 2010, and directed that the amendment be submitted to our shareholders for approval, as required by the Florida Business Corporation Act. Under the Florida Business Corporation Act and our Amended & Restated By-Laws, shareholders are permitted to act in lieu of a meeting by written consent of shareholders holding a majority of our common stock. Because we had already completed the printing of our proxy statement for our 2010 annual meeting of shareholders and wished to avoid further delaying the delivery of proxy materials to our shareholders and the expense of reprinting proxy materials, the Board concluded not to seek shareholder approval of the amendment at our 2010 annual meeting, but instead to submit the amendment to be approved by written consent of our shareholders holding a majority of common stock. Each share of common stock entitles the holder to one vote with respect to matters submitted to a shareholder vote, including an amendment to our Amended and Restated Articles of Incorporation. Common stock is our only issued and outstanding class of stock. On April 12, 2010, 20,146,138 shares of our common stock were issued and outstanding and entitled to vote. A majority of our common stock on that date was held or controlled by Apollo Investment Fund III, L.P., Apollo Overseas Partners III, L.P., and Apollo (U.K.) Partners III, L.P. (collectively, Apollo). On April 16, 2010, the amendment to our Amended and Restated Articles of Incorporation was submitted to, and approved by written consent by, Apollo.

The amendment to our Amended and Restated Articles of Incorporation provides that the existing first paragraph of Article IV, Section 1 will be deleted and replaced with the following:

1. Authorized Shares. The Corporation shall have authority, acting by its Board of Directors, to issue fifty million (50,000,000) shares of Capital Stock, forty-nine million (49,000,000) of which shall be shares

of common -stock, no par value per share (the Common Stock), and one million (1,000,000) of which shall be preferred stock, no par value per share (the Preferred Stock), of which six hundred thousand (600,000) shares are designated as Convertible Preferred Stock (the Convertible Preferred Stock). The designations, powers, preferences and relative participating, optional and other special rights, and the qualifications, limitations and restrictions thereof with respect to the Common Stock and the Convertible Preferred Stock are as set forth below in this Article IV.

Pursuant to Rule 14c-2 of the Securities Exchange Act of 1934, the Company is required to send or give this Information Statement at least 20 calendar days prior to the earliest date on which the corporate action may be taken. In accordance with these rules, as well as the Florida Business Corporation Act, the amendment to our Amended and Restated Articles of Incorporation will not be effective before May 24, 2010. Promptly on or following that date, we expect to file Articles of Amendment with the Department of State of the State of Florida to amend our Amended and Restated Articles of Incorporation as described.

Purpose of the Proposed Amendment

Under our existing Amended and Restated Articles of Incorporation, as amended, we are authorized to issue 30,000,000 shares of capital stock, of which 29,000,000 shares may be common stock and 1,000,000 shares may be preferred stock. As of the record date, we had 20,146,138 shares of common stock issued and outstanding and zero shares of preferred stock issued and outstanding. Due to shares reserved for future issuance upon the exercise of outstanding warrants and options and for future grants under our existing equity incentive plans, as of the record date, fewer than 3,000,000 shares of common stock remained available for other future issuances.

Due to the limited number of additional shares that are currently available for future issuance, the Board believes that the proposed amendment is in the best interests of the Company as it will give us greater flexibility to raise additional capital by issuing additional shares of common stock without further action or authorization by shareholders (subject to the requirements of applicable law and listing rules). This would permit us to respond promptly to, and take advantage of, market conditions and other favorable opportunities without incurring the delay and expense associated with calling a special shareholders' meeting to approve a contemplated stock issuance. We may consider issuing additional equity to retire our outstanding indebtedness, as awards under employee benefit plans, or to raise additional capital for other corporate purposes.

Effect of the Proposed Amendment

The additional shares of common stock for which we are seeking authorization would be a part of the existing class of our common stock and, if and when issued, would have the same rights and privileges as the shares of common stock that are currently outstanding. The additional shares would not (and the shares of common stock presently outstanding do not) entitle the holders thereof to preemptive rights. Approval of an amendment authorizing additional shares of common stock will not cause any change or dilution to the rights of existing holders of our common stock, unless and until such time as any shares of common stock are actually issued. The degree of any dilution that would occur following the issuance of additional shares of stock would depend upon the number of shares of stock that are actually issued in the future, which number cannot be determined at this time.

The issuance of additional shares of common stock could be deemed under certain circumstances to have an anti-takeover effect where, for example, the shares were issued to dilute the equity ownership and corresponding voting power of a shareholder or group of shareholders who may oppose the policies or strategic plan of the our existing management. The Board does not have any current plans to use shares of common stock for anti-takeover purposes, however, the proposed amendment to our Amended and Restated Articles of Incorporation may have the effect of deterring or rendering more difficult attempts by third parties to obtain control of the Company if such attempts are not approved by the Board. The Board is not aware of any current efforts to obtain control of the Company.

SECURITY OWNERSHIP OF

CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of our common stock as of April 1, 2010 (based on shares of common stock outstanding), by:

each person known by us to be a beneficial owner of more than 5.0% of our outstanding common stock,

each of our directors and director nominees,

each of our named executive officers, and

all current directors and executive officers as a group.

The amounts and percentage of common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any security of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed a beneficial owner of securities as to which he or she has no economic interest. The number of shares of common stock outstanding used in calculating the percentage for each listed person includes the shares of common stock underlying options held by such person that are exercisable within 60 days after April 1, 2010, but excludes shares of common stock underlying options held by any other person.

Except as indicated by footnote, the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them.
