Proxy Statement

This proxy statement and accompanying proxy card are for the solicitation of proxies by the Board of Directors of Dorman Products, Inc., a Pennsylvania corporation (the terms *we*, *our*, *us*, and the *Company* refer to Dorman Products, Inc.), for our use at our Annual Meeting of Shareholders to be held on Wednesday, May 18, 2011 at 8:30 a.m., Eastern Daylight Savings Time, and any adjournments of the Annual Meeting. The Annual Meeting will be held at the law offices of Blank Rome LLP, One Logan Square, 18th and Cherry Streets, Philadelphia, Pennsylvania 19103. This proxy statement, accompanying proxy card and 2010 Annual Report to Shareholders are posted to the Internet at www.proxyvote.com and the Notice of Internet Availability will be mailed to our shareholders on or about April 8, 2011. If you previously requested electronic or paper delivery of proxy materials, you will be sent the proxy statement, accompanying proxy card and 2010 Annual Report to Shareholders on or about April 8, 2011.

The Board of Directors has fixed the close of business on March 25, 2011 as the record date for the determination of shareholders entitled to receive notice of and to vote at the Annual Meeting and any adjournments of the Annual Meeting (the *Record Date*). As of the close of business on March 25, 2011, there were 17,925,623 shares of the Company's common stock outstanding, each of which is entitled to one vote.

If you are a registered shareholder (that is, if your shares are registered in your name), you can vote your shares in any of the following ways:

Via the Internet: Go to www.proxyvote.com and follow the instructions provided on the proxy card and outlined on the secure Web site.

By telephone: Call toll free 1-800-690-6903 and follow the instructions provided on the proxy card and on the recorded message.

In writing: Complete, sign and date your proxy card and return your proxy card by mail.

In person: If you are a shareholder of record as of the close of business on the Record Date, you may vote in person at the Annual Meeting. Please note that, if your shares are held of record by a broker, bank or other nominee, and you wish to vote in person at the Meeting, you must obtain a legal proxy issued in your name from that record holder giving you the right to vote the shares.

If you vote via the Internet or by telephone, you will need your **Shareholder Control Number** (your Shareholder Control Number can be found in the bottom right hand corner of your Notice of Internet Availability). Your Internet or telephone vote must be received by 11:59 p.m., Eastern Daylight Time, on May 17, 2011. If you vote via the Internet or by telephone, you do not need to

return your proxy card.

If your shares are held in street name (that is, if your shares are registered in the name of your bank, broker or other nominee), you need to check the materials provided to you by your broker, bank or other nominee to determine how you may vote your shares. The availability of Internet or telephone voting will depend on the voting process of your broker, bank or other nominee. Shares held in street name may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker, bank or other nominee giving you the right to vote the shares.

Proxies may be revoked at any time prior to being voted at the Annual Meeting. You may revoke a proxy before its exercise by filing written notice of revocation with our Assistant Secretary before the Annual Meeting. After voting, you may change your vote one or more times by completing and returning a new proxy to our Assistant Secretary, by voting again by Internet or telephone as described in this Proxy Statement, or by voting in person at the Annual Meeting. You may request a new proxy card from our Assistant Secretary. The last vote received chronologically will supersede any prior votes. The deadline for registered shareholders to change their vote by Internet or telephone is 11:59 p.m., Eastern Daylight Time, on May 17, 2011. All requests and correspondence with our Assistant Secretary should be mailed to Dorman Products, Inc., 3400 East Walnut Street, Colmar, Pennsylvania 18915, Attention: Thomas J. Knoblauch, Assistant Secretary.

If you give us your proxy but do not specify how to vote, your shares will be voted: (i) FOR the election of the five nominees as directors; (ii) FOR advisory approval of the executive compensation; (iii) FOR the advisory vote on executive compensation to occur every three years; and (iv) FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the 2011 fiscal year. If any other matters properly come before the Annual Meeting, the persons named in the accompanying proxy card will vote on these matters in accordance with their best judgment.

Presence at the Annual Meeting in person or by proxy of the holders of a majority of the Company's common stock is necessary to constitute a quorum. If the Annual Meeting is adjourned because of the absence of a quorum, those shareholders entitled to vote who attend the adjourned Annual Meeting, although constituting less than a quorum as provided herein, shall nevertheless constitute a quorum for the purpose of electing directors. If the Annual Meeting is adjourned for one or more periods aggregating at least 15 days due to the absence of a quorum, shareholders who are entitled to vote and who attend the adjourned Annual Meeting, even though they do not constitute a quorum as described above at the adjourned meeting, will constitute a quorum for the purpose of acting on any matter described in the Notice of Annual Meeting.

The five director candidates who receive the most votes will be elected to fill the available seats on our Board of Directors. With respect to the advisory vote on the frequency of the advisory vote on executive compensation, the time period (every one, two or three years) receiving the majority of the votes cast shall determine the frequency approved by shareholders. If no time period receives a majority of the votes cast, the time period receiving the highest number of votes will be deemed to be the frequency approved by shareholders. Approval of the other proposals requires the favorable vote of a majority of the votes cast. Only votes for or against such proposals count. Abstentions and broker non-votes will have no effect on whether any of the proposals has received the required shareholder vote. All shares present in person or represented by proxy (including abstentions and broker nonvotes) count for quorum purposes. Broker nonvotes occur on a matter when a bank, brokerage firm or other nominee is not permitted by applicable regulatory requirements to vote on that matter without instructions from the owner of the shares and no instruction is given. Absent instructions from you, your broker may vote your shares on the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the 2011 fiscal year, but may not vote your shares on the election of directors, the advisory vote on

executive compensation, or the advisory vote on frequency of the advisory vote on executive compensation.

Governance of the Company

The Board of Directors and Director Independence. The Board of Directors currently consists of five members. The Board has four standing committees: (i) the Executive Committee; (ii) the Audit Committee; (iii) the Compensation Committee; and (iv) the Corporate Governance and Nominating Committee. The Lead Director serves on the Audit Committee, the Compensation Committee and as Chairman of the Corporate Governance and Nominating Committee.

The Board of Directors has determined that the following directors, constituting a majority of the members of the Board, are independent as defined in the applicable listing standards of the NASDAQ Global Market: John F. Creamer, Jr., Paul R. Lederer, Edgar W. Levin and Richard T. Riley. Under applicable Securities and Exchange Commission and the NASDAQ Global Market rules, the existence of certain related party transactions above certain thresholds between a director and the Company are required to be disclosed and may preclude a finding by the Board of Directors that the director is independent. A director is not considered independent unless the Board affirmatively determines that the director has no material relationship with us that, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. During its review of director independence, there were no transactions or relationships between the Company and independent directors or any member of their immediate family (or any entity of which an independent director or an immediate family member is an executive officer, general partner or significant equity holder) which would render the directors named above not independent.

Board Leadership and Risk Management. The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. Steven L. Berman assumed the role of Chief Executive Officer and Chairman of the Board upon the passing of his brother, Richard N. Berman, in January 2011. Prior to such time, Richard Berman served as Chairman and Chief Executive Officer of the Company. The Board has a Lead Director.

We have a relatively small board, a majority of which is independent under the listing standards of the Nasdaq Global Market. Each independent director has direct access to our Chairman and Chief Executive Officer and our Lead Director, as well as other members of the senior management team. We believe that having such direct access, along with the presence of a Lead Director, makes the separation of the principal executive officer and board chairman positions unnecessary. In our view, the independent board members are capable of performing their duties without the expense and administrative layer associated with the separation of the principal executive officer and board chairman positions. The independent directors meet in executive session without management present at least quarterly.

The Board believes that the Company's Chief Executive Officer is best situated to serve as chairman of the board because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of our corporate strategy. Independent directors and management have different views and roles in the development of a strategic plan. The Company's independent directors bring experience, oversight and expertise from outside the Company and the industry, while the Chief Executive Officer brings Company-specific and industry-specific experience and expertise. The Board believes that the combined role of chairman and Chief Executive Officer promotes efficiency, strategy

development and execution, and facilitates information flow between management and the Board, which are essential to effective governance. In addition, the Board believes the combined role of chairman and Chief Executive Officer, together with an independent Lead Director having the duties described below, is in the best interest of shareholders because it provides the appropriate balance between strategy development and independent oversight of management.

The Board takes an active role, as a whole and at the committee level, in overseeing the management of the Company's risks. The Board regularly reviews information regarding the Company's operations, financial condition, and liquidity, as well as the risks associated with each. The Company's Audit Committee supervises the management of financial risks and potential conflicts of interests. The Company's Compensation Committee is responsible for overseeing the management of risks associated with the Company's executive compensation plans and arrangements. The Corporate Governance and Nominating Committee manages risks associated with the independence of the Board and the duties and responsibilities of its members. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through attendance at committee meetings or committee reports about such risks. In addition, members of senior management periodically provide reports to the Board about their respective areas of responsibility and any risks associated with their areas. These reports include actions taken by senior management to monitor and control risks.

We believe that our leadership structure is appropriate given our management structure and operational characteristics.

Lead Director. As a matter of good corporate governance, the Board has adopted a practice of appointing a Lead Director in January 2011. The Lead Director is charged with (a) presiding at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors; (b) serving as liaison between the Chairman and the independent directors; (c) assisting the Chairman in setting the Board's schedules, agendas, and information flow; (d) participating (in conjunction with the Compensation Committee) in the periodic evaluation and performance review of the Chief Executive Officer and other principal officers; (e) upon request and when appropriate, being available for consultation and communication with shareholders; (f) communicating Board member feedback to the Chief Executive Officer; (g) recommending to the Board the retention of advisors and consultants who report directly to the Board; (h) overseeing the periodic evaluation of the Board and each Committee and their respective members; and (i) performing such other duties as may be delegated by the Board from time to time. Based on his experience, qualifications, and skills more fully described below, the Board of Directors appointed Paul R. Lederer to serve as Lead Director.

Committees of the Board of Directors

Executive Committee. From time to time, the Board may delegate to the Executive Committee the authority to supervise and direct certain matters involving the finances and business of the Company between meetings of the Board. Currently, Steven L. Berman and Paul R. Lederer serve on the Executive Committee.

Audit Committee. The Audit Committee is responsible for reviewing reports of our financial results, audits and internal controls. The Audit Committee selects our independent registered public accounting firm, reviews such firm's procedures for ensuring their independence with respect to the services performed for us, approves all fees to be paid to the independent registered public accounting firm and pre-approves the professional services provided by the independent registered public accounting firm. The responsibilities of the Audit Committee are further described in the Audit Committee Charter adopted by the Board of Directors, a

copy of which is available on the Company's website at www.dormanproducts.com.

As of the date of this Proxy Statement, Richard T. Riley (Chairman), John F. Creamer, Jr., Paul R. Lederer, and Edgar W. Levin serve on the Audit Committee. Each member of the Audit Committee, in the opinion of the Board of Directors, is independent as defined under the applicable Securities and Exchange Commission rules and the listing standards of the NASDAQ Global Market. The Board has determined that Mr. Riley qualifies as an audit committee financial expert as defined by the rules of the Securities and Exchange Commission.

Compensation Committee. The Compensation Committee is responsible for annually reviewing and approving the compensation of the Board, the compensation of our Chairman and Chief Executive Officer, and all of our other executive officers and annually reviewing the compensation systems that are in place for the employees of the Company. The Chief Executive Officer provides the Compensation Committee with his evaluations on the performance of the other executive officers and performance evaluations of certain other key employees, and recommends salary and bonus levels, and equity awards. The Chief Executive Officer is not present during the discussion and approval of his compensation. The Compensation Committee administers our 2008 Stock Option and Stock Incentive Plan and our 401(k) Retirement Plan and approves participation in and all awards, grants and related actions under our equity and cash compensation plans for executive officers and administers and approves all awards and certifies payments under the 2010 Executive Cash Bonus Plan. The responsibilities of the Compensation Committee are further described in the Compensation Committee Charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.dormanproducts.com. As of the date of this Proxy Statement, John F. Creamer, Jr., Paul R. Lederer, Edgar W. Levin (Chairman) and Richard T. Riley serve on the Compensation Committee. Each member of the Compensation Committee, in the opinion of the Board of Directors, is independent as defined under the applicable Securities and Exchange Commission rules, under the applicable listing standards of the NASDAQ Global Market.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is responsible for evaluating and approving our plans, policies, programs, and principles with respect to corporate governance, especially as they relate to directors' duties and responsibilities. The Corporate Governance and Nominating Committee evaluates and reports to the Board of Directors on the performance and effectiveness of the Board to facilitate the directors fulfilling their responsibilities in a manner that serves the interest of our shareholders.

The Corporate Governance and Nominating Committee is also responsible for recommending qualified candidates to the Board for election as directors of the Company, and has recommended to the Board the slate of directors that the Board proposes for election by shareholders at the annual meeting. The responsibilities of the Corporate Governance and Nominating Committee are further described in the Corporate Governance and Nominating Committee Charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.dormanproducts.com.

As of the date of this Proxy Statement, John F. Creamer, Jr., Paul R. Lederer (Chairman), Edgar W. Levin and Richard T. Riley serve on the Corporate Governance and Nominating Committee. Each member of the Corporate Governance and Nominating Committee, in the opinion of the Board of Directors, is independent as defined under the applicable Securities and Exchange Commission rules and under the applicable listing standards of the NASDAQ Global Market.

Director Nomination Process

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is responsible for, among other matters, annually presenting to the Board of Directors a list of individuals recommended for nomination for election as directors at the annual meeting of shareholders. The Corporate Governance and Nominating Committee assists the Board of Directors in identifying, interviewing and recruiting candidates as necessary for the Board of Directors. The Corporate Governance and Nominating Committee also has the authority as it deems appropriate to retain a search firm to identify and evaluate director candidates.

Before recommending a director, the Corporate Governance and Nominating Committee reviews his or her qualifications to determine whether the director candidate meets the qualifications described below. In the case of an incumbent director, the Corporate Governance and Nominating Committee also reviews the director's service to the Company during the past term, including the number of Board and committee meetings attended, the quality of participation and whether the candidate continues to meet the qualifications for director as described below. After completing this evaluation, the Corporate Governance and Nominating Committee makes a formal recommendation to the full Board of Directors as to election or re-election of the candidate.

Director Qualifications. In order to be nominated for director, a director candidate must be a natural person at least eighteen (18) years of age. In addition, director qualifications include, among other factors, capability, availability to serve, conflicts of interest and moral character. Additional special criteria apply to directors being considered to serve on a particular committee of the Board of Directors. For example, members of the Audit Committee must meet additional standards of independence and have the ability to read and understand our financial statements.

The Corporate Governance and Nominating Committee believes that the Board, as a whole, should include members who collectively bring the following strengths and backgrounds to the Board:

Experience as a Chief Executive Officer, President or principal of another company;

Senior-level experience in the automotive aftermarket or automotive parts industry generally or with companies that have similar business models;

Experience with overseas distribution operations;

Strengths in the functional areas of finance, corporate governance, financial statement analysis, business operations and strategic planning, and mergers and acquisitions.

The Corporate Governance and Nominating Committee uses a variety of methods to identify and evaluate nominees for director. Candidates may come to the attention of the Committee through current and former Board members, management, professional search firms (to whom we pay a fee), shareholders or other persons. The Committee evaluates candidates for the Board on the basis of the standards and qualifications set forth above, regardless of the source of the candidate referral. Although the Company does not have a formal policy with regard to consideration of diversity, the Board seeks to achieve a diversity of strengths and backgrounds on the Board, particularly in the areas described above.

Director Candidates Nominated by Shareholders. Under our Amended and Restated By-Laws, a shareholder may nominate a person for director if the shareholder making the nomination:

is a shareholder of record on the date of providing the nomination notice, on the record date for the determination of the shareholders entitled to vote at the annual meeting of shareholders and at the time of the annual meeting of shareholders,

any Derivative Instrument (as this term is defined below) directly or indirectly owned beneficially by the shareholder or any Shareholder Associated Person and any other direct or indirect right held by the shareholder or any Shareholder Associated Person to profit from, or share in any profit derived from, any increase or decrease in the value of our shares;

a description of all arrangements or understandings between the shareholder or any Shareholder Associated Person and each proposed nominee and any other person or persons (naming such person or persons) pursuant to which the nomination is being made;

any material interest of the shareholder or any Shareholder Associated Person in the election of the proposed nominee, individually or in the aggregate, including any anticipated benefit to the shareholder or any Shareholder

Associated Person therefrom;

a representation from the shareholder as to whether the shareholder or any Shareholder Associated Person intends or is part of a group which intends (A) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of our outstanding capital stock required to elect the person proposed as a nominee and/or (B) otherwise to solicit proxies from shareholders in support of the election of such person;

whether and the extent to which any agreement, arrangement or understanding has been made, the effect or intent of which is to increase or decrease the voting power of the shareholder or Shareholder Associated Person with respect to any shares of our capital stock, without regard to whether such transaction is required to be reported on a Schedule 13D or other form in accordance with Section 13(d) of the Exchange Act or any successor provisions thereto and the rules and regulations promulgated thereunder; and

A **Shareholder Associated Person** means with respect to any shareholder (A) any person controlling, directly or indirectly, or acting in concert with, the shareholder, (B) any beneficial owner of our securities owned of record or beneficially by the shareholder, and (C) any person controlling, controlled by or under common control with the Shareholder Associated Person. A **Derivative Instrument** means any option, warrant, convertible security, stock appreciation right, or similar right with an exercise or conversion privilege or a settlement payment or mechanism at a price related to any class or series of our securities or with a value derived in whole or in part from the value of any class or series of our shares, whether or not such instrument or right shall be subject to settlement in the underlying class or series of our capital stock or otherwise. A **Short Interest** means any contract, arrangement, understanding, relationship or otherwise pursuant to which the shareholder or any Shareholder Associated Person has the opportunity, directly or indirectly, to profit or share in any profit derived from any decrease in the value of any security issued by us.

In addition to the information required above, we may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of the proposed nominee to serve as an independent director or that could be material to a reasonable shareholder's understanding of the independence, or lack thereof, of such nominee.

Under our Amended and Restated By-Laws, a shareholder is entitled to nominate a person for director at a special meeting of shareholders at which directors are to be elected if the shareholder meets the requirements set forth above and complies with the shareholder nomination notice procedures set forth above. With respect to a special meeting, the shareholder's nomination notice must be delivered to the Secretary of our company at our principal executive offices not earlier than the close of business on the one

hundred twentieth (120th) calendar day prior to the date of the special meeting and not later than the close of business on the later of the ninetieth (90th) calendar day prior to the date of the special meeting or, if the first public disclosure made by us of the date of the special meeting is less than one hundred (100) days prior to the date of the special meeting, not later than the tenth (10th) calendar day following the day on which public disclosure is first made of the date of the special meeting and of the nominees proposed by the Board to be elected at the special meeting. In no event shall any adjournment or postponement of a special meeting or the public disclosure of an adjournment or postponement of a special meeting commence a new time period or extend any time period for the giving of a shareholder's nomination notice.

Meetings of the Board of Directors and Committees

During the fiscal year ended December 25, 2010 (fiscal year 2010), the Board of Directors held five meetings. The Executive Committee did not hold any meetings, the Audit Committee held four meetings, the Compensation Committee held one meeting, and the Corporate Governance and Nominating Committee held one meeting during fiscal year 2010. Each director attended at least 75% of the meetings of the Board and Committees of which they were a member during fiscal year 2010.

Attendance at Annual Meeting of Shareholders

It is the policy of the Board of Directors that, absent sufficient cause, all of our directors attend our Annual Meeting of Shareholders. All of our directors attended last year's Annual Meeting of Shareholders except for Richard T. Riley whose absence at our last Annual Meeting of Shareholders was excused by the Board of Directors. Mr. Riley's inability to attend such meeting due to a scheduling conflict was disclosed to the Board of Directors prior to his appointment as a member of the Board.

Communication with the Board of Directors

Shareholders may communicate with the Board of Directors or any individual director by sending a letter addressed to the Board of Directors or the individual director c/o Thomas J. Knoblauch, Assistant Secretary, Dorman Products, Inc. at 3400 East Walnut Street, Colmar, Pennsylvania 18915. Proposal I Election of Directors

Compensation Discussion and Analysis

Executive Compensation Philosophy and Objectives

Our executive compensation program is designed to promote the successful implementation of our annual strategic plan as approved by the Board of Directors as well as long-term growth and profitability of the Company which is intended to enhance shareholder value. Our overall executive compensation program is designed to achieve the following objectives:

To align the interests of our executive officers with those of shareholders by tying a portion of compensation to the Company's financial performance;

To link a portion of compensation to the achievement of our annual and long-term financial and other goals;

To compensate the Company's executive officers in a manner that reflects their experience, responsibilities and contributions to the annual and long-term growth and development of the Company and to retain the services of the executive officers that successfully contribute to our annual and long-term goals;

To encourage experienced, talented executives to join the Company; and

To motivate our executives to continue to provide excellent performance year after year.

We believe the Company's executive compensation program creates an environment of shared risk between our executive officers and our shareholders by including a combination of equity based awards and cash compensation tied to the Company's performance. We believe that our program focuses management's attention on achieving both annual performance targets and profitable growth over a longer time period as established by the Board of Directors.

We believe it is important that our executive compensation program be competitive and attractive when compared to the compensation programs of peers within our industry with which we compete for executive talent. We must be able to attract and retain skillful and knowledgeable management to manage the Company and poise the Company for future growth while at the same time being mindful of our responsibility to shareholders to control costs. Our compensation philosophy reflects a commitment to compensate executives competitively with other companies in the industry while rewarding specific executives for achieving levels of operational excellence and financial returns that ensure positive short and long-term business performance and continual growth in shareholder value.

We also encourage our executives to think and act like shareholders and increase their ownership in the Company through our equity-based awards and our other equity-based plans. We intend for the program to reward executives for taking well-measured risks to generate returns for our shareholders. At the same time, we intend our executives to share in the potential downside if such investments result in poor performance.

We believe that total amounts of compensation should generally reflect an executive's experience, skill, knowledge, responsibility and performance within our Company. Amounts should typically increase with increases in an executive's functional role and his or her ability to affect our performance results. As position and responsibility increase within the Company, a greater portion of the executive's total compensation becomes performance based pay contingent upon the achievement of performance

objectives established by the Compensation Committee.

We enter into employment agreements and have put into place severance arrangements to retain qualified executives. We continue to compete for executive-level talent in an industry where employment agreements with change-in-control and termination payments, as well as severance plans or agreements, are typically provided to executives. We have entered into an employment agreement with our chief executive officer and chief operating officer to retain the services of these key employees and to provide each of them with compensation that reflects their overall experience, position and responsibilities, and expected contributions. Since we do not have employment agreements with certain of our executives, we believe the severance arrangements will encourage participating executives to remain in our employ and permit such individuals to remain focused on the Company's strategic business objectives during the course of their employment by providing at least some relief from concerns related to job security.

Determining Executive Compensation

As outlined in the Compensation Committee Charter, the Compensation Committee is responsible for annually reviewing and approving executive compensation. The Compensation Committee annually reviews and approves the compensation of the Chairman and Chief Executive Officer (other than the compensation that is set by agreement) and the compensation of the other executive officers of the Company. We work together with management to establish strategic plans and business performance targets and objectives against which management will be measured for fiscal year 2010. Performance objectives for the Chief Executive Officer, the Chief Financial Officer, and the other three most highly compensated executive officer whose compensation exceeded \$100,000 for services rendered during fiscal year 2010 (the Named Executive Officers) were based on growth in pre-tax income for fiscal year 2010 and over a three-year period ended December 25, 2010. Following completion of this process, we review and approve the corporate goals and objectives used to compensate the Chairman and Chief Executive Officer and evaluate the performance of the Chairman and Chief Executive Officer in light of those goals and objectives. With respect to the other executive officers' compensation, the Chief Executive Officer provides the Compensation Committee with his evaluations on the performance of the other executive officers and performance evaluations of certain other key employees, and recommends increases in salary as well as bonus levels, and amount of equity awards for consideration by the Compensation Committee.

The Compensation Committee also annually reviews the compensation systems that are in place for the employees of the Company and approves participation in and all awards, grants and related actions under our equity plans. The Compensation Committee also administers the Employee Stock Purchase Plan and the 401(k) Retirement Plan. In addition, the Compensation Committee annually reviews and approves and recommends to the Board of Directors for its approval, any executive employment agreements, severance arrangements, change in control arrangements, and any special or supplemental benefits, in each case as, when, and if appropriate. The Compensation Committee administers the Executive Cash Bonus Plan approved by our shareholders on May 20, 2010, and will certify payments to participants under the plan in accordance with Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code.

The Compensation Committee has the authority under its Charter to retain compensation consultants to assist it in determining compensation. In setting executive compensation, the Compensation Committee has not elected to utilize the services of an independent compensation consultant but elects to conduct its own informal review of the compensation of our executive officers as compared to the base salary, total cash compensation, and other compensation of executives at a group of peer companies, including Keystone Automotive Industries, LoJack Corporation, Proliance International, Inc., Standard Motor Products, Inc., Tenneco Inc.,

and United Components Inc. (the Peer Companies). From time to time, the Compensation Committee also acquires benchmarking reports of senior management compensation at companies that offer products similar to ours. Our most recent benchmarking report, acquired for fiscal 2007, included compensation on the Peer Companies.

The Components of the Executive Compensation Program

Elements of compensation for our executives include the following components:

base salary;

a cash bonus comprised of a performance-based cash bonus under the 2010 Executive Cash Bonus Plan and a discretionary bonus;

periodic equity incentive awards in the form of stock options and restricted stock awards;

other compensation, including participation in a 401(k) and profit sharing plan, an employee stock purchase plan, a Nonqualified Deferred Compensation Plan, perquisites and other personal benefits, and post-employment compensation.

In setting compensation levels, we consider, among other things, financial performance of the Company, the executives individual job performance, responsibilities, experience and long-term potential, historical compensation amounts; competitive pay practices generally; relative compensation levels among our senior management team; and general economic conditions.

Base Salary. Base salary reflects amounts paid during the year to our executive officers as direct compensation for their services to the Company as well as to reward each executive officer for their individual performance and to encourage them to higher levels of performance. We also use our base salary to attract and retain top quality executives and other managers from other companies. Base salaries and increases to base salaries recognize the overall experience, position, responsibility and expected contributions of the executive. The base salaries for each of our Named Executive Officers are set forth in the Summary Compensation Table below.

The Compensation Committee establishes and approves annual base salaries for all of the executive officers of the Company, other than those set by agreement, taking into consideration, among other things, the recommendations of the Chief Executive Officer. The base salary of Steven L. Berman, our Chairman and Chief Executive Officer, is set pursuant to his employment agreement and may be increased but not decreased over the term of the agreement in the discretion of the Compensation Committee. Base salaries of the other executive officers, as well as annual salary adjustment for Steven L. Berman, are set annually at levels that we determine adequately reward and retain capable executives, including without targeting any specific quartile of any compensation survey data for total compensation or any component of total compensation. In establishing base salary of our executive officers, as well as annual adjustment for Steven L. Berman, we considered the executive's individual performance, the importance of and skills required in a particular executive position, and the executive's total amount of experience.

At times, in deciding the amount of annual base salaries or salary increases, we take into consideration independent compensation studies prepared periodically on our behalf. Although we do not believe in establishing base salaries solely on the basis of benchmarking, we do believe that the use of benchmarking reports from time to time can be a useful salary evaluation tool. We intend that overall compensation, including base salary and bonus, to reflect the performance of each individual executive over time, as well as their contribution to the Company's annual results and long term initiatives.

Performance Based Cash Bonuses. We use performance based cash bonuses to reward eligible employees at the manager level and above, including our executive officers, for our financial performance and to a lesser extent their individual performance during the year. These bonuses are intended to reward these individuals for their short-term contributions to the Company and to connect compensation to achievement of our annual financial performance objectives.

In December 2009, our Board of Directors unanimously approved the Dorman Products, Inc. Executive Cash Bonus Plan, which provides for incentive payments to executives who may be impacted by Section 162(m) of the Internal Revenue Code of 1986 (referred to below as the Code). The Executive Cash Bonus Plan, including the business criteria upon which performance measures are based, was approved by our shareholders on May 20, 2010.

The Executive Cash Bonus Plan is designed to provide a direct link between performance and compensation for our top executives. Additionally, the Executive Cash Bonus Plan is intended to qualify certain components of compensation paid to these executives for tax deductibility under Section 162(m) of the Code. The Executive Cash Bonus Plan replaced our existing executive bonus plan for executives beginning with fiscal year 2010 and automatically renews upon the beginning of each fiscal year (each year of the Plan is referred to below as a Plan Year) unless terminated by the Compensation Committee. Under the terms of their respective Employment Agreements, each of Richard N. Berman, Chairman of the Board and Chief Executive Officer, and Steven L. Berman, President and Chief Operating Officer, are automatically eligible to participate in the Executive Cash Bonus Plan. For fiscal 2010 and fiscal 2011, the Compensation Committee designated as participants in the Executive Cash Bonus Plan those executives at the Senior Vice President level and above whose compensation may be subject to Section 162(m).

Section 162(m) generally disallows a federal income tax deduction to any publicly held corporation for non-performance-based compensation paid in excess of \$1,000,000 in any taxable year to the Chief Executive Officer or certain other highly compensated executive officers. We intend to structure awards under the Executive Cash Bonus Plan so that compensation under the plan will be qualified as performance-based compensation eligible for continued deductibility.

The Named Executive Officers in the Summary Compensation Table were eligible to participate in the Executive Cash Bonus Plan for fiscal year 2010. The Executive Cash Bonus Plan had two components: (i) an annual performance bonus, and (ii) a three-year compounded growth performance bonus. The annual performance bonus and the three-year compounded growth performance bonus are each based on the Company's growth in pre-tax (pre-bonus) income subject to adjustment, as described in the Executive Cash Bonus Plan. The Compensation Committee believe that basing performance on pre-tax income focuses management's attention on revenue growth, profitability and increasing market share which are key drivers in building shareholder value.

The amount of the annual performance bonus is equal to the executive officer's eligible bonus amount, as set forth in the Executive Cash Bonus Plan, multiplied by two times the percentage annual growth in our adjusted pre-tax income. The eligible annual performance bonus amount for each of Richard N. Berman and Steven L. Berman for fiscal year 2010 was set by the Compensation Committee at \$520,000. The eligible annual performance bonus amount for each of the other three participating executive officers for fiscal year 2010 was set by the Compensation Committee at \$280,000. The three-year compounded growth performance bonus component is based on the Company's growth in adjusted pre-tax income over the past three years. For fiscal year 2010, the Compensation Committee determined that the participating officers will each receive a bonus payment of \$50,000 if our compounded three-year growth in pre-tax income is between 5.0% and 10.0%, a payment of \$100,000 if the pre-tax income increase is between 10.0% and 15.0% and a payment of \$150,000 if the pre-tax income increase is greater than 15%. No compounded growth

performance bonus will be paid if the compounded three-year growth in pre-tax income is below 5.0%. Fifty percent of an executive officer's earned bonus pursuant to the annual performance bonus component and the three-year compounded growth performance component will be paid in the first quarter of the year following the year in which the bonus was earned; the remaining fifty percent is paid in four equal quarterly installments 180, 270, 360 and 450 days after the fiscal year end in which the bonus was earned. Unless otherwise approved by the Compensation Committee, the executive officer must be employed full-time on the scheduled date of payment to receive that portion of the bonus. For fiscal year 2010, the Compensation Committee awarded bonuses of \$776,000, \$776,000, \$487,000, \$487,000 and \$487,000 under the Executive Cash Bonus Plan to each of Messrs R. Berman, S. Berman, M. Barton, Beretta and Frigo, respectively. The entire amount of the bonuses payable to Richard N. Berman and Steven L. Berman under the Executive Cash Bonus Plan for fiscal year 2010 vested as of December 25, 2010 while only the bonuses payable to Mathias Barton, Joseph Beretta, and Fred Frigo in the first quarter of 2011 are vested.

Discretionary Cash Bonuses. In addition to the performance based cash bonuses described above, the Compensation Committee has the authority to award discretionary cash bonuses. This type of bonus is used to reward executive officers and other employees for exemplary performance during the year and to attract and recruit qualified candidates. In 2010, the Compensation Committee awarded discretionary bonuses to the Richard N. Berman, who served as Chairman and Chief Executive Officer during fiscal year 2010, Steven L. Berman, who served as President and Chief Operating Officer during fiscal year 2010, and Mathias J. Barton, who served as Senior Vice President and Chief Financial Officer in fiscal year 2010, in the amount of \$150,000, \$150,000 and \$50,000, respectively. No other officers received discretionary bonuses in 2010. The Compensation Committee considered the following factors in determining the amount of discretionary bonus payable to these executive officers for fiscal 2010: the Company's overall performance in light of economic conditions experienced during the fiscal year, the executive's contribution to the Company's annual and long-term strategic objectives, including maximizing shareholder value, the quality of the executive's work, and the general success of the Company, as well as, the officer's contribution to specific strategic initiatives as may be measured in ways different from the performance criteria identified above. Amounts earned as discretionary cash bonuses by the Named Executive Officers are included in the Summary Compensation Table under the column heading Bonus. Discretionary bonus amounts are paid in the first quarter of the year following the year in which the bonus was earned.

Equity Awards. Compensation may be awarded to our executive officers in the form of equity-based awards. We use equity grants under our 2008 Stock Option and Stock Incentive Plan to ensure the focus of our executive officers on our key long-term financial and strategic objectives and to encourage them to take into account our and our shareholders' long-term interests through ownership of our common stock. Awards made under our 2008 Stock Option and Stock Incentive Plan recognize an executive's contribution to our overall corporate performance and provide a financial incentive to them to achieve our long-term goals. These awards have historically taken the form of stock option grants but in the future could take the form of either stock option grants or restricted stock, or both.

Our equity compensation program is designed to provide the Compensation Committee the flexibility to award long-term equity compensation incentives from several types of equity-based awards. From time to time, we provide our executive officers with long-term incentives in the form of incentive or non-qualified stock options under our 2008 Stock Option and Stock Incentive Plan, which awards typically vest over a five year period, provided the officer remains employed by the Company. We are also able to grant awards of restricted shares to our executive officers.

From time to time, we have awarded stock options, which grants vest in annual installments typically over a five-year period. In the future, we may also award restricted stock, to our executive officers. Equity awards are based upon, among other things, the

experience, expertise and responsibility of each executive officer, the financial performance of the Company and such other factors as we deem appropriate, consistent with our previously described compensation philosophy. These time-vested awards are structured as an incentive for continued employment and to align the interest of our officers with those of shareholders. Although we have not established specific target awards governing the receipt, timing or size of equity awards, we typically make an initial equity grant on or soon after the initial date of hire. An initial grant made on or soon after the date of hire serves to help recruit new executives. Because these initial grants are intended as an incentive for employment, the amount of these grants may vary from executive to executive depending on the particular circumstances. Thus, determinations with respect to the granting of stock options and restricted stock awards are subjective in nature.

401(k) Retirement Plan. All of our employees, including our executive officers, are entitled to participate in the Company's 401(k) Retirement Plan, referred to as the 401(k) Plan and to receive a portion of the Company's voluntary contribution in either cash or shares of the Company's common stock in accordance with the terms of the 401(k) Plan. We offer the 401(k) Retirement Plan, including the Company's voluntary contribution, to enhance our ability to attract and retain talented executives and other key employees and to encourage them to systematically save for retirement.

The 401(k) Plan is administered by a third-party administrator and is available to all employees once they satisfy certain age and service requirements. Individual accounts are maintained for the cash contributions made on behalf of each eligible employee and each eligible employee has a choice of investment options from among a variety of mutual funds and professionally managed accounts as to the contributions to the account. There are two types of contributions to the 401(k) Plan: (1) voluntary employee contributions which we deduct from each participating employee's compensation (subject to certain limits established by law); and (2) company discretionary contributions, made in cash, common stock or a combination thereof, which are allocated among the participants based on the employee's annual compensation compared to the total annual compensation of all eligible employees.

Benefits are payable at age 65 (normal retirement), total disability, death, or upon early employment termination. There are vesting requirements for our contributions, but not for the officer's voluntary contributions. The vesting schedule provides for twenty percent vesting each year after one year of service, with one hundred percent vesting at six years or more.

For the fiscal year 2010, we contributed an amount equal to four percent of each eligible officer's annual compensation (with certain limitations to highly compensated employees). Our contribution was funded entirely in cash.

Employee Stock Purchase Plan. Executive officers are entitled to participate in the Company's Employee Stock Purchase Plan subject to the restrictions and limitations in the Employee Stock Purchase Plan. We believe that our executive officers should acquire a vested interest in our growth and earnings. Under the Employee Stock Purchase Plan, participating employees may purchase shares of the Company's common stock at a fifteen percent discount to the current trading price.

Post-Employment Compensation. We have entered into employment agreements with Richard and Steven Berman which provide for payments to these officers in the event of termination of employment without Cause, for Good Reason, termination resulting from death or disability, or termination for any reason within twelve (12) months following a Change of Control as such terms are defined under the caption Executive Compensation Employment Agreements in this proxy statement. Assuming the termination of employment of these individuals as of December 25, 2010, Richard and Steven Berman would each be entitled to three years of salary continuation equal to \$545,872 per year payable in bi-weekly installments, an annual payment in lieu of bonus of

\$150,000 for three years, and health benefits continuation approximately equal to \$12,000 per year for three years. Total benefits would equal approximately \$2,123,616 for each executive and would not begin until the date six months after their respective dates of termination. As described in further detail later in this Proxy Statement under the caption *Executive Compensation Post Employment Benefits for Other Executive Officers*, we agreed to provide Mathias Barton and Joseph Beretta salary continuation pursuant to which each of them would receive six months salary continuation in the event of a termination of employment without Cause.

We do not provide pension benefits, post-employment health coverage, non-qualified defined contribution or other deferred compensation plans to our executive officers other than as described in the individual employment and severance agreements discussed in this Proxy Statement. Our employees, including our executive officers, are employees-at-will and as such do not have employment contracts, except in the case of Richard N. Berman and Steven L. Berman and employees of certain foreign subsidiaries.

Deferred Compensation. On January 25, 2011, our Compensation Committee approved a Nonqualified Deferred Compensation Plan (our Deferred Compensation Plan). All of our Named Executive Officers are eligible to participate in the Deferred Compensation Plan. Our Deferred Compensation Plan is intended to benefit a select group of our highly compensated contributors who are key to our future success and to help attract and retain management talent going forward. Our Deferred Compensation Plan is an unfunded arrangement and is intended to be exempt from the participation, vesting, funding, and fiduciary requirements of the Employee Retirement Income Security Act of 1974 (ERISA). This Deferred Compensation Plan is intended to comply with Section 409A of the Internal Revenue Code.

Under our Deferred Compensation Plan, a participant may contribute, on a tax deferred basis, 25% of his base salary and 90% of his bonus annually. The minimum deferral period is two years for in-service accounts. Each participant is 100% vested in all of his deferred contributions plus any earnings or losses on the investment of such deferrals. Deferred amounts will be distributed upon the occurrence of the following events: (i) separation of employment, (ii) as elected after minimum deferral period (either lump sum or in equal installments up to 5 years), (iii) death, (iv) disability (as defined by Section 409A of the Internal Revenue Code), or (v) the occurrence of an unforeseen emergency as defined in the Deferred Compensation Plan.

In order for our Deferred Compensation Plan to comply with the applicable requirements of the Internal Revenue Code, amounts deferred by our Named Executive Officers must remain as employer assets, subject to the claims of the general creditors in the event of bankruptcy or forced liquidation of the Company.

Perquisites and other Benefits. We annually review the perquisites that our executive officers receive. Each executive officer receives an auto allowance. All members of senior management are eligible to participate in our Company's other benefits plans on the same terms as other employees. These plans include medical and dental insurance, life insurance, the 401(k) Retirement Plan and the Employee Stock Purchase Plan. Relocation benefits are generally reimbursed pursuant to our relocation benefits policy but may be individually negotiated on an as needed basis.

Elements of compensation for our Named Executive Officers include salary, bonus, equity incentive awards, non-equity incentive plan compensation and other perquisites. The base salaries for fiscal year 2010 for the Named Executive Officers were set by our Compensation Committee at the Compensation Committee meeting in December of 2009 at which time the Committee also approved the discretionary bonuses to be paid to certain of the Named Executive Officers and the non-equity incentive plan compensation earned under the 2009 Executive Bonus Plan. In March 2010, upon recommendation of the Compensation Committee, the Board unanimously approved the Executive Cash Bonus Plan. Such Executive Cash Bonus Plan was approved by shareholders of the Company in May 2011. In December 2010, the Compensation Committee selected the participants eligible to receive awards under the 2011 Executive Cash Bonus Plan and approved the performance measures for each participant for fiscal year 2011. Employment Agreements

Agreements with Richard N. Berman and Steven L. Berman. On April 1, 2008, we entered into an individual employment agreement with each of Richard N. Berman, the former Chairman of the Board and Chief Executive Officer, and Steven L. Berman, Chairman of the Board, Chief Executive Officer, Chief Operating Officer and President. The agreements have an initial term of three years expiring March 31, 2011. On each anniversary of the effective date, the term of the agreement will automatically extend for an additional one year unless further extended or earlier terminated as provided in each agreement. The employment agreements provide for: (i) a base salary of approximately \$514,370 per year during the term of the agreement (which salary may be increased but not decreased from time to time as determined by the Compensation Committee of the Company) and (ii) eligibility for an annual bonus and other benefits provided under the Company's Executive Bonus Plan or other plans maintained by the Company, in such amounts as determined by the Compensation Committee, in its sole discretion. Each of the employment agreements provides that each of Richard N. Berman and Steven L. Berman is entitled to participate in other employment benefits plans or arrangements generally available to executive officers of the Company, four weeks paid vacation per year and the use of an automobile and related expenses provided for by us. On December 25, 2010, each of Richard N. Berman and Steven L. Berman had an annual base salary of \$545,872.

Under the terms of the agreements, Richard N. Berman and Steven L. Berman will each receive his then current salary, an annual payment in lieu of bonuses equal to \$150,000, and medical, dental, vision and hospitalization insurance benefits through the remaining term following termination without Cause, for Good Reason, termination resulting from death or disability, or termination for any reason within twelve (12) months following a Change-in-Control.

In the event of termination for Cause or without Good Reason, each of Richard N. Berman and Steven L. Berman shall be entitled to receive any earned or unpaid salary through the date of termination, reimbursement of properly incurred business expenses, payment for accrued and unused vacation days and payment for any vested accrued benefits or other payments properly due and owing under the agreement with respect to termination for Cause or without Good Reason.

Cause means the occurrence of any one of the following as determined by our Board of Directors: (i) the willful and continued failure by the Executive to attempt in good faith substantially to perform his obligations under this Agreement (other than any such failure resulting from the Executive's incapacity due to a Disability); provided, however, that the Company shall have provided the Executive with written notice that such actions are occurring and, where practical, the Executive has been afforded at least thirty (30) days to cure same; (ii) the indictment of the Executive for, or his conviction of or plea of guilty or nolo contendere to, a felony or any other crime involving moral turpitude or dishonesty; or (iii) the Executive's willfully engaging in misconduct in the performance of his duties for the Company or other than in the performance of his duties for the Company (including, but not limited to, theft, fraud, embezzlement, and securities law violations or a violation of the Company's Code of Conduct or other written policies) that is materially injurious to the Company, or, in the good faith determination of the Compensation Committee, is potentially materially injurious to the Company, monetarily or otherwise.

Good Reason means the occurrence of any of the following events without the Executive's consent: (i) a material diminution of the authorities, duties or responsibilities of the Executive set forth in the agreement; (ii) the loss of any of the titles of the Executive with the Company set forth in the agreement; (iii) a reduction by the Company in the Executive's Base Salary; (iv) a material change in the Executive's primary place of employment; (v) the failure by the Compensation Committee to nominate or re-nominate the Executive to serve as, with respect to Richard N. Berman, Chairman of the Board or, with respect to Steven L. Berman, as a member of the Board or removal of the Executive as, with respect to Richard N. Berman, Chairman of the Board or, with respect to Steven L. Berman, as a member of the Board (other than as a result of or due to the Executive's death or Disability, because of a legal prohibition under applicable law or regulation, or for Cause, as defined above); (vi) the assignment to the Executive of duties or responsibilities which are materially inconsistent with any of his duties and responsibilities set forth in the agreement; or (vii) a change in the reporting structure so that the Executive reports to someone other than as specified in the agreement; provided, however, that, within ninety (90) days of any such event having occurred, the Executive shall have provided the Company with written notice that such events have occurred and afforded the Company thirty (30) days to cure same.

Change of Control means the occurrence of any one of the following events (i) any person or other entity (other than any of the Company's subsidiaries or any employee benefit plan sponsored by the Company or any of its subsidiaries) including any person as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the Exchange Act), becomes the beneficial owner, as defined in Rule 13d-3 under the Exchange Act, directly or indirectly, of more than fifty percent (50%) of the total combined voting power of all classes of capital stock of the Company normally entitled to vote for the election of directors of the Company (the Voting Stock); (ii) the Board and/or the shareholders of the Company approve the sale of all or substantially all of the property or assets of the Company and such sale occurs; (iii) the Board and/or the shareholders of the Company approve a consolidation or merger of the Company with another entity (other than with any of the Company's subsidiaries), the consummation of which would

result in the shareholders of the Company immediately before the occurrence of the consolidation or merger owning, in the aggregate, less than 50% of the Voting Stock of the surviving entity, and such consolidation or merger occurs; or (iv) a change in the board of directors of the Company occurs with the result that the members of the board on the effective date of this Agreement (the Incumbent Directors) no longer constitute a majority of such board of directors, provided that any person becoming a director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest or the settlement thereof, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose election or nomination for election was supported by more than half of the then Incumbent Directors shall be considered an Incumbent Director for purposes hereof.

Each of the agreements also provides for non-solicitation and non-competition provisions for the term of the agreement and two years thereafter. The agreement also includes standard confidentiality and trade secret provisions typically included in agreements of this type.

Assuming the termination of employment of these individuals as of December 25, 2010, Richard N. Berman and Steven L. Berman would be entitled to salary continuation payments equal to \$545,872 per year payable in bi-weekly installments through the end of the term of the employment agreement, an annual payment in lieu of bonus of \$150,000 per year, and health benefits continuation approximately equal to \$12,000 per year through the end of the term of the employment agreement. Total benefits payable upon termination of the agreement would equal approximately \$2,123,616 for each of Richard N. Berman and Steven L. Berman and would not begin until the date six months after their respective dates of termination. Under the terms of their employment agreements, in the event that there is an excise tax imposed on payments following a termination of employment, the Company is obligated to pay each of them an additional amount so as to eliminate any financial impact that arises from the excise tax imposed on him.

Post-employment Benefits for Other Executive Officers. We also agreed to provide each of Mathias J. Barton, Senior Vice President and Chief Financial Officer and Joseph M. Beretta, Senior Vice President, Product, with six months of salary continuation in the event of the termination of employment without Cause. Assuming the termination of employment without Cause as of December 25, 2010, Mr. Barton would be entitled to six months of salary continuation payment equal to approximately \$162,817, payable in bi-weekly installments through June 24, 2011. Assuming termination of employment without cause as of December 25, 2010, Mr. Beretta would be entitled to six months of salary continuation payment equal to \$152,331, payable in bi-weekly installments through June 24, 2011. For purposes of determining whether the payment of salary continuation to either of Mr. Barton or Mr. Beretta as described in this paragraph is appropriate, we define Cause as (i) the gross neglect or willful failure by the executive to perform his duties and responsibilities in all material respects; (ii) any act of fraud by the Executive, whether relating to the Group or otherwise; (iii) the conviction or entry into a plea of nolo contendere by the executive with respect to any felony or misdemeanor (other than a traffic offense which does not result in imprisonment); or (iv) the commission by the executive of any willful or intentional act (including any violation of law) which materially injures the reputation or materially adversely affects the business or business relationships of the Company. For purposes of this definition, no act, or failure to act, on the executive's part shall be deemed willful unless done, or omitted to be done, by the executive not in good faith and without reasonable belief that the executive's act, or failure to act, was in the best interest of the Company.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consisted of George L. Bernstein (who did not stand for reelection and retired on May 20, 2010), Richard T. Riley (who joined our Board of Directors and the Compensation Committee in March, 2010), John F. Creamer, Jr., Paul R. Lederer and Edgar W. Levin in the fiscal year ended December 25, 2010. No person who served as a member of the Compensation Committee during the fiscal year ended December 25, 2010 was a current or former officer or employee of the Company or engaged in certain transactions with the Company required to be disclosed by regulations of the SEC. Additionally, there were no compensation committee interlocks during the fiscal year ended December 25, 2010, which generally means that no executive officer of the Company served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director or member of the Compensation Committee of the Company.

Certain Relationships and Related Transactions

We have entered into a noncancelable operating lease for our primary operating facility in Colmar, Pennsylvania with BREP I, a Pennsylvania limited partnership of which the late Richard N. Berman, our former Chairman of the Board of Directors and Chief Executive Officer, his brother Steven L. Berman, our Chairman of the Board, Chief Executive Officer, President, Secretary and Treasurer, his father, Jordan S. Berman, and his brothers, Marc H. Berman and Fred B. Berman, are limited partners. Steven L. Berman is a controlling shareholder of BREP, Inc., a Pennsylvania corporation, which is the general partner of BREP I. Jordan S. Berman, Marc H. Berman and Fred B. Berman are each directors and officers of BREP, Inc. The estate of Richard N. Berman, of which Steven L. Berman is co-executor, and Steven L. Berman each own a 27.9% interest in BREP I. Under the lease, the Company paid rent of \$4.27 per square foot (\$1.4 million per year) in fiscal 2010. The rents payable on the Pennsylvania property are adjusted on January 1 of each year to reflect annual changes in the Consumer Price Index for All Urban Consumers - U.S. City Average, All Items. The lease is a net lease, under which the Company is responsible for all expenses attributable to the leased property (including maintenance and repair) and for the conduct of its operations in compliance with all applicable laws and regulations. In December of 2007, the lease was extended and will expire on December 28, 2012. The Company's rent in 2011 will be approximately \$4.35 per square foot (\$1.4 million per year). In the opinion of the Company's Audit Committee which approved the lease extension agreement, the terms of this lease are no less favorable than those which could have been obtained from an unaffiliated party.

The Audit Committee is responsible for reviewing and approving all related party transactions pursuant to the Audit Committee Charter which has been adopted by the Board of Directors. The Audit Committee reviews and approves all related party transaction as defined in Item 404(a) of Regulation S-K without regard to the thresholds established for disclosure under such regulations. The Chairman of the Audit Committee can be reached by sending a letter to Chairman of the Audit Committee, Confidential - Conduct of Business Affairs at: Dorman Products, Inc., P.O. Box 1800, 3400 East Walnut Street, Colmar, PA, 18915.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, and the rules thereunder require our officers and directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC and the NASDAQ Global Stock Market and to furnish the Company copies.

Report of Audit Committee

The information contained in this Audit Committee report is not soliciting material and has not been filed with the SEC. This report will not be incorporated by reference into any of our future filings under the Securities Act of 1933 or the Exchange Act, except to the extent that we may specifically incorporate it by reference into a future filing.

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management is responsible for the financial statements and the reporting process, including the internal control over financial reporting. The Company's independent registered public accounting firm, KPMG LLP (KPMG), is responsible for expressing an opinion on the conformity of the audited financial statements with U.S. generally accepted accounting principles and an opinion on the effectiveness of the Company's internal controls over financial reporting. The Audit Committee monitors these processes. The Committee has reviewed and discussed the audited financial statements and management's and KPMG's evaluations of the Company's system of internal controls over financial reporting contained in the 2010 Annual Report on Form 10-K.

As required by the standards of the Public Company Accounting Oversight Board (PCAOB), the Committee has discussed with KPMG (i) the matters specified in Statement on Auditing Standards No. 61, Communications with Audit Committees, (Codification of Statements of Auditing Standards, August 2, 2008 AU 380), as amended, as adopted by the PCAOB in Rule 3200T; and (ii) the independence of KPMG from the Company and management. KPMG has provided the Audit Committee the

written disclosures and letter required by applicable requirements of the PCAOB regarding the independent accountants communicating with the Audit Committee concerning independence. The Audit Committee also considered the non-audit services provided by KPMG in their review of KPMG's independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, the inclusion of the audited financial statements and management's report on internal control over financial reporting in the Company's Annual Report on Form 10-K for the year ended December 25, 2010 for filing with the SEC.

Proposal II Advisory Vote on Executive Compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with applicable SEC rules.

As described in detail under the heading Executive Compensation Philosophy and Objectives (page 14 of this Proxy Statement), our executive compensation program is designed to attract and retain executive talent to help ensure our future success and to reward our executives for the successful achievement of corporate financial and other goals. Our program creates an environment of shared risk between our executive officers and our shareholders by including equity based awards and cash compensation based on Company performance as part of our executive compensation program. We believe that our executive compensation program should focus management's attention on achieving both annual performance targets and profitable growth over a longer time period. The program is designed to reward management for the achievement of both short and long term strategic objectives as established by the Board of Directors. Additional details about our executive compensation programs, including information about executive compensation for fiscal year ended December 25, 2010, are described under the section entitled Compensation Discussion and Analysis which begins on page 14 of this Proxy Statement.

The Compensation Committee periodically reviews the compensation programs for our Named Executive Officers to ensure that the Company can attract and retain executive talent and reward our executives for the successful achievement of corporate financial and other goals intended to enhance shareholder value.

We are asking our shareholders to indicate their support for our Named Executive Officer compensation as described in this Proxy Statement. This proposal, commonly known as a say-on-pay proposal, gives our shareholders the opportunity to express their views on the compensation of our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board and our Compensation Committee value the opinion of our shareholders and to the extent there is any significant vote against the compensation of Named Executive Officers as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board recommends a vote For the approval of the compensation of our Named Executive Officers, as described in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission.

Proposal III Advisory Vote on the Frequency of the

Advisory Vote on Executive Compensation

The Dodd-Frank Act also enables our shareholders to indicate how frequently we should seek an advisory vote on the compensation of our Named Executive Officers, as disclosed pursuant to the SEC's compensation disclosure rules, such as Proposal II of this Proxy Statement. By voting on this Proposal III, shareholders may indicate whether they would prefer an advisory vote on the compensation of our Named Executive Officer once every one, two, or three years. Shareholders have the option to vote for any one of the three options, or to abstain on the matter.

After careful consideration, our Board has determined that an advisory vote on executive compensation every three years is the best approach for the Company, and therefore our Board recommends that you vote for a three year interval for the advisory vote on executive compensation.

In formulating its recommendation, our board of directors considered our compensation components. For example, as discussed under the heading "Compensation Discuss and Analysis The Components of the Executive Compensation Program" of this Proxy Statement, our Executive Cash Bonus Plan includes a three-year compounded growth performance bonus component which is based on the Company's growth in adjusted pre-tax income over a three year period. A vote held every three years will be consistent with, and provide useful input on, this long-term component of our Executive Cash Bonus Plan. Furthermore, a three-year vote cycle gives the Board sufficient time to thoughtfully consider the results of the advisory vote, implement any desired changes to our executive compensation policies and procedures, and will provide investors sufficient time to evaluate the effectiveness of our executive compensation program as it relates to the business outcomes of the Company. Finally, the three year interval will avoid the additional administrative burden on the Company of engaging in annual votes on executive compensation.

Although the vote is non-binding, our Board of Directors and compensation committee will take into account the results of the vote when making future decisions about the Company's executive compensation philosophy and objectives. The Company's shareholders also have the opportunity to provide additional feedback on important matters involving executive compensation even in years when say-on-pay votes do not occur. As discussed under the heading "Communication with the Board of Directors" of this Proxy Statement, shareholders may communicate directly with the Board, including on issues of executive compensation.

The Board recommends a vote For the Option of Once Every Three Years as the Frequency with which Shareholders are Provided an Advisory vote on Executive Compensation.

Proposal IV Ratification of KPMG LLP as Independent Registered Public Accounting Firm

Our independent registered public accounting firm for the fiscal year ended December 25, 2010 was the firm of KPMG LLP. The Audit Committee of our Board of Directors has appointed KPMG LLP as our independent registered public accounting firm to audit our financial statements for the fiscal year ending December 31, 2011. A representative of KPMG LLP is expected to be present at the Annual Meeting and to have the opportunity to make a statement, if he desires to do so, and is expected to be available to respond to appropriate questions.

The Audit Committee, with the endorsement of the Board of Directors, recommends that you ratify that appointment. Although ratification is not required by our bylaws or otherwise, we are submitting the selection of KPMG LLP to you for ratification as a matter of good corporate practice. If the selection is not ratified by a majority of the votes cast on this proposal at the Annual Meeting, our Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, our Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders.

The Board recommends you vote For the ratification of KPMG LLP as our independent registered public accounting firm for the 2011 fiscal year.

The Audit Committee Charter provides that one of the Audit Committee's responsibilities is pre-approval of all audit, audit related, tax services and other services performed by the independent registered public accounting firm. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent registered public accounting firm is engaged to perform it. Shareholder Proposals

Proposals by shareholders to be presented at our annual meeting of shareholders to be held in 2012 must be received by us no later than December 10, 2011 in order to be considered for inclusion in our proxy statement and form of proxy for that meeting. Any such proposal must also comply with the proxy rules under the Exchange Act, including Rule 14a-8.

In addition, shareholders are notified that the deadline for providing us timely notice of any shareholder proposal to be submitted outside of the Rule 14a-8 process for consideration at our 2012 annual meeting of shareholders is not earlier than the close of business on January 19, 2012 and not later than the close of business on February 18, 2012. Any such notice must comply with our Amended and Restated By-Laws, a copy of which may be obtained on our website located at www.dormanproducts.com. As to all such matters which we do not have notice on or prior to such date, discretionary authority shall be granted to the persons designated in our proxy statement related to the 2012 annual meeting of shareholders to vote on such proposal.

Annual Report

A copy of our 2010 Annual Report to Shareholders, including our Form 10-K for the fiscal year ending December 25, 2010, is being furnished concurrently with this proxy statement at <http://www.proxyvote.com>.

A copy of our Annual Report on Form 10-K for the fiscal year ended December 25, 2010, including the financial statements and financial statement schedules (except for exhibits), can also be obtained without charge by writing to Dorman Products, Inc., 3400 East Walnut Street, Colmar, Pennsylvania 18915, Attn: Thomas J. Knoblauch, Assistant Secretary. We also make available, free of charge, on our website located at www.dormanproducts.com, our Annual Report on Form 10-K, including all amendments thereto.

Solicitation of Proxies

We will pay all expenses incurred in connection with the solicitation of proxy cards. In addition to solicitation by mail, our officers, directors and regular employees, who will receive no additional compensation for their services, may solicit proxies in person or by telephone or facsimile. We have requested that brokers and nominees who hold stock in their names furnish this proxy material to their customers; we will reimburse these brokers and nominees for their out-of-pocket and reasonable expenses.

Although it is not anticipated, we reserve the right to retain a professional firm of proxy solicitors to assist in solicitation of proxies. We estimate that we would be required to pay such firm fees ranging from \$7,500 to \$15,000 plus out-of-pocket expenses.

Other Matters

As of the date of this proxy statement, no other matter is known which will be brought before the Annual Meeting. However, the enclosed proxy confers discretionary authority to vote with respect to any and all of the following matters that may come before the meeting: (i) matters that our Board of Directors does not know, 10 calendar days after notice of the meeting is mailed, are to be presented for approval at the meeting; (ii) approval of the minutes of a prior meeting of shareholders, if such approval does not constitute ratification of the action at the meeting; (iii) the election of any person to any office for which a bona fide nominee is unable to serve or for good cause will not serve; (iv) any proposal omitted from this proxy statement and the form of proxy

pursuant to Rule 14a-8 or Rule 14a-9 under the Exchange Act, as amended; and (v) matters incidental to the conduct of the meeting. If any such matters come before the meeting, the proxy agents named in the accompanying proxy card will vote in accordance with their best judgment and discretion.

Householding

In order to reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding our common stock and sharing an address, we have adopted a procedure approved by the SEC called householding. Under this procedure, certain shareholders of record who have the same address and last name, and who do not participate in electronic delivery of proxy materials, will receive only one copy of our Notice of Internet Availability of Proxy Materials and, as applicable, any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Shareholders who participate in householding will continue to have access to and utilize separate proxy voting instructions. The Company will promptly deliver a separate copy of any of these documents to you if you request one by writing or calling as following: Dorman Products, Inc., 3400 East Walnut Street, Colmar, Pennsylvania 18915, Attn: Thomas J. Knoblauch, Assistant Secretary (215) 997-1800. If you want to receive separate copies of the annual report, proxy statement or Notice of Internet Availability of Proxy Materials in the future, you should contact the Company at the above address and phone number.
