Identive Group

Overview

Identive Group, Inc. (Identive, the Company, we and us) is an international technology company focused on building the world's signature group in secure identification-based technologies. We are comprised of a group of businesses with deep industry expertise and well-known global brands in their individual markets, providing leading-edge products and solutions in the areas of physical and logical access control, identity management and radio frequency identification (RFID) systems to governments, commercial and industrial enterprises, healthcare and consumers. Our growth model is based on a combination of strong technology-driven organic growth from the businesses within the group and disciplined acquisitive expansion.

At the beginning of 2010, we acquired Bluehill ID AG (Bluehill ID), a Swiss industrial holding group focused on technologies within the high-growth RFID / contactless smart card technology and identity management markets. As a result of this business combination, we have adopted a new organizational structure, enhanced and broadened our management team, and changed the name of the Company from SCM Microsystems, Inc. to Identive Group, Inc., which reflects our focus on providing secure identification systems and solutions. Following the acquisition of Bluehill ID we also changed our stock trading symbols to reflect our new name. Our common stock is listed on The NASDAQ Global Market in the U.S. under the symbol INVE and the Frankfurt Stock Exchange in Germany under the symbol INV.

We operate in two segments, Identity Management Solutions & Services (Identity Management) and Identification Products & Components (ID Products). Each segment is comprised of two or more business units that focus on specific products, markets and channels.

The businesses in our Identity Management segment provide solutions and services that enable the secure management of credentials in diverse markets. These credentials are used for the identification of people and the granting of rights and privileges based on defined security policies. The businesses in our Identity Management segment specialize in the design, manufacturing, supply and servicing of products and integrated systems that can enhance security and better meet compliance and regulatory requirements while providing users the benefits and convenience of simple and secure solutions. Our Identity Management customers operate in government, commercial, enterprise and consumer markets and can be found in multiple vertical market segments including healthcare, finance, industrial, retail and critical infrastructure. The businesses in our Identity Management segment include Hirsch Electronics and Multicard. Sales in this segment are typically made to high level dealer / integrators, and less frequently, directly to end users.

The businesses in our ID Products segment design and manufacture both standard and highly specialized products and components that help identify people, animals and objects in a multitude of applications and markets. Products and components in our ID Products segment include semiconductors, cards, tags, inlays, readers and terminals that are used by original equipment manufacturers and system integrators to deliver identity-based systems and solutions. These products are used for applications such as eHealth, eGovernment, mobile banking, loyalty schemes, transportation and event ticketing, corporate identification, logical access, physical access and passport control in the government, enterprise and financial markets. Within the ID Products segment we also offer commercial digital media readers that are used in digital kiosks to transfer digital content to and from various flash media. Businesses in our ID Products segment include ACiG Technology, SCM Microsystems, Smartag, Syscan ID and TagStar Systems.

Each of the businesses within Identive conducts its own sales and marketing activities in the markets in which it competes, utilizing its own sales and marketing organization, and in most cases selling primarily through indirect sales channels that may include dealers, systems integrators, value added resellers, resellers or Internet sales. Within our Identity Management segment, the majority of sales in our Hirsch business are made through a dealer/systems integrator distribution channel. Businesses in our ID Products segment primarily sell to original equipment manufacturers (OEMs) that typically either bundle our products with their own solutions, or repackage our products for resale to their customers.

Edgar Filing: IDENTIVE GROUP, INC. - Form POS AM

Our OEM customers typically sell our ID Products solutions to government contractors, systems integrators, large enterprises and computer manufacturers, as well as to banks and other financial institutions. Additionally, we sell our digital media readers primarily to major brand computer and photo processing equipment manufacturers.

Our corporate headquarters are co-located with our Hirsch business headquarters in Santa Ana, California and our European operational headquarters are in Ismaning, Germany. We maintain facilities in Chennai, India for technology research and development and in Australia, Brazil, Canada, Europe, Hong Kong, Japan, Singapore and the U.S. for individual business operations and sales. The Company was founded in 1990 in Munich, Germany and incorporated in 1996 under the laws of the state of Delaware. Our principal executive offices are located at 1900 Carnegie Avenue, Building B, Santa Ana, California 92705.

Please also refer to the section of this prospectus entitled *Cautionary Note Regarding Forward-Looking Statements*.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated herein by reference include forward-looking statements regarding, among other things, our financial condition and business strategy. Forward-looking statements provide our current expectations and projections about future events. Forward-looking statements include statements about our expectations, beliefs, plans, objectives, intentions, assumptions, and other statements that are not historical facts. As a result, all statements other than statements of historical facts included in this discussion and analysis and located elsewhere in this document regarding the prospects of our industry and our prospects, plans, financial position, and business strategy may constitute forward-looking statements. In addition, forward-looking statements generally can be identified by the use of forward-looking terminology such as *may*, *could*, *expect*, *intend*, *estimate*, *anticipate*, *plan*, *foresee*, *believe*, or *continue*, or the negatives of the variations of them or similar terminology, but the absence of these words does not necessarily mean that a statement is not forward-looking.

Forward-looking statements are subject to known and unknown risks and uncertainties and are based on potentially inaccurate assumptions that could cause actual results to differ materially from those expected or implied by the forward-looking statements. Although we believe that the expectations reflected in these forward-looking statements are reasonable, we can give no assurance that these expectations will occur as predicted. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements included in this document. These forward-looking statements speak only as of the date of this report. We undertake no obligation to publicly update or revise any forward-looking statement to reflect circumstances or events after the date of this report or to reflect the occurrence of unanticipated events, except as may be required by applicable securities laws. Factors, risks and uncertainties that could cause actual outcomes and results to be materially different from those projected include, among others:

Our ability to execute our strategic plans;

The competitive and rapidly-evolving nature of our industry;

The potential effect of competing products on our business;

Our ability to obtain additional capital, use internally-generated cash, or use shares of our common stock to finance growth strategies;

The expected timing for the completion of this rights offering;

Dependence on key personnel;

Disruptions at our manufacturing facilities or in our customer, supplier, or employee base;

Variability of our quarterly revenues and earnings;

Our reliance on our subsidiaries;

Economic and financial uncertainty resulting from terrorism or global economic conditions;

The costs of being a public company, including compliance under the Sarbanes-Oxley Act of 2002.

Any or all of our forward-looking statements may turn out to be inaccurate. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy and financial needs. Forward-looking statements may be affected by inaccurate assumptions we might make or by known or unknown risks and uncertainties, including the risks, uncertainties and assumptions described under Risk Factors. In light of these risks, uncertainties and assumptions, the forward-looking events and circumstances contained in this prospectus may not occur as contemplated, and actual results could differ materially from those anticipated or implied by the forward-looking statements.

In connection with the private placement, we agreed to file within 30 days of the closing a registration statement with the Securities and Exchange Commission covering the resale or other disposition of shares of common stock and the shares of common stock issuable upon exercise of the warrants issued under the Subscription Agreement. We agreed to use our best efforts to have this registration statement declared effective as soon as practicable after filing, and to keep it effective for 24 months.

The following table sets forth the name of each selling stockholder, the number of shares of common stock beneficially owned by each selling stockholder as of May 31, 2011, the number of shares of common stock that each selling stockholder may offer and sell pursuant to this prospectus, and the number of shares of common stock to be beneficially owned by each selling stockholder after completion of the offering. Beneficial ownership is determined in accordance with Rule 13d-3(d) promulgated by the SEC under the Exchange Act, and includes shares of common stock with respect to which the selling stockholders have voting and investment power. As to each person or entity named as beneficial owners, that person's or entity's percentage ownership is determined based on the assumption that any warrants or convertible securities held by such person or entity which are exercisable or convertible within 60 days of May 31, 2011 have been exercised or converted, as the case may be.

Certain Material Relationships

Except as set forth below and except for their participation in the private placement described above, none of the selling stockholders has held any position or office with, or has otherwise had a material relationship with, us or any of our subsidiaries within the past three years.

Mr. Ayman Ashour has been our Chairman of the Board and Chief Executive Officer since January 2010.

Dr. Cornelius Boersch served as a director of Identive from January to February of 2010. Dr. Boersch also serves as director of Mountain Partners AG which beneficially owns approximately 17.0% of Identive's outstanding stock. Mr. Daniel Wenzel has served as a director of Identive since January 2010. Mr. Wenzel also serves as a director of Mountain Partners AG which beneficially owns approximately 17.0% of Identive's outstanding stock.

Mr. John Rogers has served as our Executive Vice President of Transition Management and Acquisition Integration since January 2010. Mr. Joseph Tassone has served as our Executive Vice President of Technology & Product Management since February 2010. Messrs. Scott Austin, Christian Glinz, Ross Head, John Piccininni, Werner Vogt, and Robert Zivney are employees of Identive or its subsidiaries.

Mr. Hans Liebler, a director of Identive, is associated with Lincoln Vale European Partners Master Fund, L.P., which beneficially owns approximately 6.9% of Identive's outstanding stock.

Each of Messrs. Ashour, Wenzel, Boersch, Tassone and Rogers, and Lincoln Vale European Partners Master Fund, L.P. were beneficial owners of Bluehill ID. Under the terms of the acquisition agreement between Identive and Bluehill ID, Identive offered to acquire all the outstanding shares of Bluehill ID in exchange for shares of Identive common stock, so that for each share of Bluehill ID tendered, Identive issued 0.52 shares of Identive common stock. As a result of the acquisition, each of these selling stockholders obtained beneficial ownership of Identive common stock.

PLAN OF DISTRIBUTION

The selling stockholders, and any of their pledgees, donees, transferees or other successors-in-interest, may sell the shares from time to time and may also decide not to sell all the shares they are allowed to sell under this prospectus. The selling stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. The sale of the common stock by any selling stockholder, including any donee, pledgee or other transferee who receives common stock from a selling stockholder, may be effected from time to time by selling shares directly to purchasers or to or through broker-dealers. In connection with any such sale, any such broker-dealer may act as agent for the selling stockholder or may purchase from the selling stockholder all or a portion of the common stock as principal, and sales may be made pursuant to any of the methods described below. These sales may be made on any securities exchange on which our common stock is then traded, in the over-the-counter market, in negotiated transactions or otherwise at prices and at terms then prevailing or at prices related to the then current market prices or at prices otherwise negotiated.

The common stock may also be sold in one or more of the following transactions:

block transactions (which may involve crosses) in which a broker-dealer may sell all or a portion of such securities as agent but may position and resell all or a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer, as principal, and resale by such broker-dealer for its own account;

a special offering, an exchange distribution or a secondary distribution in accordance with applicable rules promulgated by the Financial Industry Regulatory Authority Inc., or FINRA (formerly known as the National Association of Security Dealers, Inc., or the NASD) or stock exchange rules;

ordinary brokerage transactions and transaction in which a broker-dealer solicits purchasers;

sales at the market to or through a market maker or into an existing trading market, on an exchange or otherwise, for such securities; and

sales in other ways not involving market makers or established trading markets, including direct sales to purchasers.

In effecting sales, broker-dealers engaged by a selling stockholder may arrange for other broker-dealers to participate. Broker-dealers may receive commissions or other compensation from the selling stockholders in the form of commissions, discounts or concessions. Broker-dealers may also receive compensation from purchasers of the common stock for whom they act as agents or to whom they sell as principals or both. Compensation as to a particular broker-dealer will be in amounts to be negotiated. The selling stockholders do not expect these commissions and discounts to exceed what is customary in the type of transactions involved. No such broker-dealer will receive compensation in excess of that permitted by the FINRA Conduct Rules.

The distribution of the common stock also may be effected from time to time in one or more underwritten transactions at a fixed price or prices that may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. Any such underwritten offering may be on a best efforts or a firm commitment basis. In connection with any underwritten offering, underwriters or agents may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or from purchasers of the common stock. Underwriters may sell the common stock to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

We are not aware of any agreements, understandings or arrangements between any of the selling stockholders and any underwriters or broker-dealers regarding the sale of their common stock, nor are we aware of any underwriter or coordinating broker-dealer acting in connection with the proposed sale of common stock by the selling stockholders pursuant to this prospectus. Upon our being notified in writing by a selling stockholder that any material arrangement has been entered into with a broker-dealer for the sale of common stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, we will file a supplement to this prospectus

Edgar Filing: IDENTIVE GROUP, INC. - Form POS AM

pursuant to Rule 424(b) under the Securities Act, disclosing:

the names of the selling stockholders and of participating broker-dealer(s);

Table of Contents

the amount of common stock involved;

the price at which the common stock is to be sold;

the commissions paid or the discounts or concessions allowed to the broker-dealer(s), where applicable;

that the broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in the prospectus; and

other facts material to the transaction.

The selling stockholders and any underwriters, brokers-dealers or agents that participate in the distribution of the common stock may be deemed to be underwriters within the meaning of the Securities Act, and any profit on the sale of the common stock by them and any discounts, commissions or concessions received by any such underwriters, dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act. Because the selling stockholders may be deemed to be underwriters under the Securities Act, the selling stockholders will be subject to the prospectus delivery requirements of the Securities Act. We have informed the selling stockholders that the anti-manipulative provisions of Regulation M promulgated under the Exchange Act may apply to their sales in the market.

From time to time, the selling stockholders may pledge their common stock pursuant to the margin provisions of a customer agreement with their brokers. Upon default by a selling stockholder, the broker may offer and sell such pledged common stock from time to time. Upon a sale of the common stock, the selling stockholders intend to comply with the prospectus delivery requirements under the Securities Act by delivering a prospectus to each purchaser in the transaction. We intend to file any amendments or other necessary documents in compliance with the Securities Act that may be required in the event the selling stockholders default under any customer agreement with brokers.

In order to comply with the securities laws of certain states, if applicable, the common stock may be sold only through registered or licensed broker-dealers. We have agreed to pay all expenses incident to the offering and sale of the common stock, other than commissions, discounts and fees of underwriters, broker-dealers or agents. We have agreed to indemnify the selling stockholders against certain losses, claims, damages, actions, liabilities, costs and expenses, including liabilities under the Securities Act.

We or the selling stockholders may have agreements with the participating broker-dealers to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the participating broker-dealers may be required to make.

In connection with an offering, any participating broker-dealer may purchase and sell common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the participating broker-dealer of a greater number of shares than it owns or is required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the common stock while an offering is in progress.

The participating broker-dealers also may impose a penalty bid. This occurs when a particular broker-dealer repays to the others a portion of the underwriting discount or other concession received by it because the broker-dealers have repurchased shares sold by or for the account of that broker-dealer in stabilizing or short-covering transactions.

These activities by the participating broker-dealers may stabilize, maintain or otherwise affect the market price of our common stock. As a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the participating broker-dealers at any time. These transactions may be effected on The NASDAQ Global Market or any other exchange or automated quotation system, if the common stock is listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise.

In addition, any shares covered by this prospectus that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus.

Item 15. Indemnification of Directors and Officers.

Pursuant to Section 145(a) of the Delaware General Corporation Law, we may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, agent or employee of our company or is or was serving at our request as a director, officer, agent, or employee of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgment, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding. Pursuant to Section 145(b) of the Delaware General Corporation Law, the power to indemnify also applies to actions brought by or in the right of the corporation as well, but only to the extent of defense expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit. Pursuant to Section 145(b), we shall not indemnify any person in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to us unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper. The power to indemnify under Sections 145(a) and (b) of the Delaware General Corporation Law applies (i) if such person is successful on the merits or otherwise in defense of any action, suit or proceeding, or (ii) if such person acted in good faith and in a manner he reasonably believed to be in the best interest, or not opposed to the best interest, of the corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

Section 145(g) of the Delaware General Corporation Law provides that a corporation shall have the power to purchase and maintain insurance on behalf of its officers, directors, employees and agents, against any liability asserted against and incurred by such persons in any such capacity.

Section 174 of the Delaware General Corporation Law provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time, may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of the board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

Our amended and restated certificate of incorporation, as amended, provides that our directors shall not be liable to the Company or our stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent that the exculpation from liabilities is not permitted under the Delaware General Corporation Law as in effect at the time such liability is determined. In addition, our amended and restated certificate of incorporation, as amended, provides that we shall indemnify our directors to the fullest extent permitted by the laws of the State of Delaware.

Our directors and officers are covered by insurance policies maintained by us against specified liabilities for actions taken in their capacities as such, including liabilities under the Securities Act of 1933. In addition, we have entered into indemnification agreements with each of our directors that provide for indemnification and expense advancement to the fullest extent permitted under the Delaware General Corporation Law.

Table of Contents

The indemnification provisions contained in our amended and restated certificate of incorporation, as amended, and our amended and restated by-laws are not exclusive of any other rights to which a person may be entitled by law, agreement, vote of stockholders or disinterested directors or otherwise. In addition, we will maintain insurance on behalf of our directors and executive officers insuring them against any liability asserted against them in their capacities as directors or officers or arising out of such status.

Item 16. Exhibits and Financial Statement Schedules.

The exhibits listed in the Exhibit Index immediately preceding the exhibits are filed as part of this Registration Statement on Form S-3.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act), that are incorporated by reference in this Registration Statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Table of Contents

- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
- (i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (6) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
