The GE Interest Plus for Businesses Notes (the Notes) are designed to provide you with a convenient means of investing funds directly in General Electric Capital Corporation (GE Capital). The Notes pay a floating rate of interest which will vary as determined by the GE Interest Plus Committee. The initial interest rate applicable to the Notes and all subsequent changes to the initial interest rate will be disclosed in pricing supplements filed with the Securities and Exchange Commission in accordance with Rule 424(b) under the Securities Act of 1933.

An investment in the Notes involves risks. You should carefully consider the following risk factors and the risks described under Risk Factors on page 1 of the accompanying prospectus, as well as the other information contained or incorporated by reference in this prospectus supplement, the accompanying prospectus and any applicable pricing supplement.

**We reserve the right to modify, withdraw, or cancel the offer made by this prospectus supplement, the accompanying prospectus and any applicable pricing supplement at any time.**

**The Notes are not a money market fund, in which investors purchase an equity interest in a diversified fund consisting of investments in short term debt securities of many companies, and are not subject to the requirements of the Investment Company Act of 1940 (including diversification of investments) or the Employee Retirement Income Security Act of 1974, as amended.**

**All investments in the Notes are senior, unsecured obligations of GE Capital and are not obligations of or guaranteed by General Electric Company, the Agent Bank or any other company. It is possible to lose money if GE Capital becomes unable to pay its debts.**

**The floating interest rate on investments in the Notes may not provide a basis for comparison with other investments which use a different method of calculating a variable yield or which pay a fixed yield for a stated period of time. The all-in return may also vary between this and other investments based on the frequency of reinvestment of interest earned. See The GE Interest Plus For Businesses Notes Interest below for a**
