GRAVITY REPORTS SECOND QUARTER OF 2012 RESULTS AND BUSINESS UPDATES

Seoul, South Korea August 29, 2012 GRAVITY Co., Ltd. (NasdaqGM: GRVY) (Gravity or Company), an online game developer and publisher based in South Korea, today announced its unaudited financial results for the second quarter ended June 30, 2012, prepared in accordance with generally accepted accounting principles in the United States, and business updates.

FINANCIAL RESULTS FOR THE SECOND QUARTER OF 2012

Revenues for the second quarter ended June 30, 2012 was KRW 14,084 million (US\$ 12,455 thousand), representing a 13.9% decrease from KRW 16,357 million for the first quarter ended March 31, 2012 (QoQ) and a 3.4% decrease from KRW 14,584 million for the second quarter ended June 30, 2011 (YoY).

Review of Financial Results

Revenues

Royalty and licensing fee revenues for the second quarter of 2012 were KRW 8,109 million (US\$ 7,171 thousand), representing a 6.9% decrease QoQ from KRW 8,710 million and a 10.2% decrease YoY from KRW 9,033 million. The decreases QoQ and YoY were primarily due to decreased revenues from *Ragnarok Online* in Japan, Taiwan, Hong Kong and Macau.

Subscription revenues for the second quarter of 2012 were KRW 2,151 million (US\$ 1,902 thousand), representing a 49.3% decrease QoQ from KRW 4,241 million and a 26.4% decrease YoY from KRW 2,922 million. The decrease QoQ mainly resulted from decreased revenues from *Finding Neverland Online* and *Ragnarok Online* in Korea. The decrease YoY was mostly attributable to Gravity EU SASU, our former wholly-owned subsidiary in France, no longer being consolidated as a result of the Company's ownership reduction to 25% in July 2011 as well as decreased revenues from *Ragnarok Online* in Korea and overall decline in revenues in the United States and Canada.

Mobile game revenues were KRW 2,246 million (US\$ 1,986 thousand) for the second quarter of 2012, representing a 10.3% increase QoQ from KRW 2,037 million but a 9.0% decrease YoY from KRW 2,469 million.

Character merchandising and other revenues were KRW 1,578 million (US\$ 1,396 thousand) for the second quarter of 2012, representing a 15.3% increase QoQ from KRW 1,369 million and a 886.3% increase YoY from KRW 160 million. The increases QoQ and YoY were mostly driven by sales of goods related to mobile phones. The increase YoY was also due to revenues from *Ragnarok Odyssey*, an action game on PS Vita platform, based on *Ragnarok Online*, which was commercially released in Japan in February 2012.

Cost of Revenue and Operating Expenses

Cost of revenue was KRW 9,691 million (US\$ 8,570 thousand) for the second quarter of 2012, representing a 42.0% increase QoQ from KRW 6,827 million and a 55.5% increase YoY from KRW 6,234 million. The increases QoQ and YoY were mostly from increases in i) amortization on intangible assets primarily from development costs of *Ragnarok Online II*; ii) cost of goods sold by NeoCyon resulting from its increase in sales of goods related to mobile phones; and iii) salaries primarily attributable to the commercial launch of *Ragnarok Online* in March 2012.

Operating expenses were KRW 6,121 million (US\$ 5,413 thousand) for the second quarter of 2012, representing a 25.2% decrease QoQ from KRW 8,179 million and a 4.3% decrease YoY from KRW 6,398 million. The decreases QoQ was mainly due to advertising expenses, mainly consisting of marketing expenses for open beta testing and commercialization of *Finding Neverland Online* and *Ragnarok Online* in the previous quarter, which decreased significantly in the second quarter of 2012 and gain on disposition of our 25% of equity interest in Ingamba LLC, a joint venture company established in April 2010 for online game service in Russia, in June 2012. The decrease YoY resulted from gain on disposition of our equity interest in Ingamba LLC, and decreased professional service fees and commission paid as well as decreased salaries for the headquarters.

Loss before income tax expenses and others was KRW 1,048 million (US\$ 927 thousand) for the second quarter of 2012 compared with income before income tax expenses and others of KRW 1,656 million for the first quarter of 2012 and income before income tax expenses and others of KRW 2,384 million for the second quarter of 2011.

As a result of the foregoing factors, Gravity swung to a net loss attributable to parent company of KRW 1,126 million (US\$ 996 thousand) for the second quarter of 2012 compared with a net income attributable to parent company of KRW 1,128 million for the first quarter of 2012 and a net income attributable to parent company of KRW 1,721 million for the second quarter of 2011.

The balance of cash and cash equivalents and short-term financial instruments was KRW 55,288 million (US\$ 48,895 thousand) as of June 30, 2012.

Note: For convenience purposes only, the KRW amounts have been expressed in U.S. dollars at the exchange rate of KRW 1,130.75 to US\$ 1.00, the noon buying rate in effect on August 10, 2012 as quoted by the Federal Reserve Bank of New York.

Singapore and Malaysia are expected to be the first overseas markets where *Ragnarok Online* is to be released. The Company and AsiaSoft Online Pte.
