The Notes may be redeemed prior to maturity

Optional Redemption:  No  
 Yes

**Other Terms**

Prior to \_\_\_\_\_ (one month prior to their maturity date), the Notes will be redeemable as a whole at any time or in part from time to time, at our option, at a redemption price equal to the greater of:

(i) 100% of the principal amount of the Notes being redeemed, or

(ii) the sum of the present values of the remaining scheduled payments of principal and interest on the notes being redeemed (not including any portion of such payments of interest accrued as of the date of redemption), from the redemption date to \_\_\_\_\_, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus \_\_\_\_\_ basis points,

plus, in either case, any interest accrued but not paid to the date of redemption.

On or after \_\_\_\_\_, the Notes will be redeemable as a whole at any time or in part from time to time, at our option, at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus any interest accrued but not paid to the date of redemption.

Treasury Rate means, with respect to any redemption date for the Notes,

(i) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H. 15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the maturity date for the Notes, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate shall be interpolated or extrapolated from those yields on a straight line basis, rounding to the nearest month), or

(ii) if the release referred to in (i) (or any successor release) is not published during the week preceding the calculation date or does not contain the yields referred to above, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

The Treasury Rate will be calculated on the third Business Day preceding the redemption date.

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

Independent Investment Banker means, with respect to any redemption date for the Notes, one of the Reference Treasury Dealers appointed by us.

Comparable Treasury Price means with respect to any redemption date for the Notes,

(i) the average of four Reference Treasury Dealer Quotations for the redemption date, after excluding the highest and lowest of those Reference Treasury Dealer Quotations, or

(ii) if the Trustee is given fewer than four Reference Treasury Dealer Quotations, the average of all quotations obtained.

Reference Treasury Dealer means, with respect to any redemption date for the Notes, BNP Paribas Securities Corp., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mizuho Securities USA Inc. and RBC Capital Markets, LLC and their respective successors (provided, however, that if any such firm or such successor, as the case may be, ceases to be a primary U.S. Government securities dealer in the United States (a Primary Treasury Dealer ), we shall substitute therefor another Primary Treasury Dealer).

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by that Reference Treasury Dealer, at 5:00 p.m. on the third Business Day preceding the redemption date.

Notice of any redemption will be mailed at least 30 days but no more than 60 days before the redemption date to each holder of Notes to be redeemed.

Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Notes or portions of the Notes called for redemption.

Repayment at Option of Holder:

␣ If we experience a Change of Control Triggering Event, we will be required to offer to purchase the Notes from holders as described in the accompanying prospectus supplement under Offer to Redeem Upon Change of Control Triggering Event.

PS-4

Delivery is expected to be made against payment for the Notes on February 1, 2013, which will be the fifth business day following the date hereof (this settlement cycle being referred to as T+5). Under Rule 15c6-1 of the Securities and Exchange Commission (the SEC) under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes on the date hereof or the next succeeding business day will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisors.

**Trustee Conflict of Interest**

The Bank of New York Mellon Trust Company, N.A. is the trustee under the indenture for this offering. BNY Mellon Capital Markets, LLC, an affiliate of The Bank of New York Mellon Trust Company, N.A., is an underwriter in this offering. Pursuant to the Trust Indenture Act of 1939, if an event of default were to occur with respect to the Notes, The Bank of New York Mellon Trust Company, N.A. would be deemed to have a conflicting interest, by virtue of being an affiliate of one of the underwriters of the Notes. In that event, The Bank of New York Mellon Trust Company, N.A. would be required to resign as trustee or eliminate the conflicting interest.

Legal Opinions

Certain legal matters relating to the offering will be passed upon for us by Greenberg Traurig, P.A., Miami, Florida and for the Underwriters by Mayer Brown LLP, Chicago, Illinois.
