We need the holders of a majority in voting power of the shares of Common Stock issued and outstanding and entitled to vote, present in person or represented by proxy, to hold the Annual Meeting.

In this Proxy Statement, we refer to Carbonite, Inc. as the "Company," "Carbonite," "we," or "us" and the Board of Directors as the "Board." When we refer to Carbonite's fiscal year, we mean the twelve-month period ending December 31 of the stated year.

The Company's Annual Report, including our Annual Report on Form 10-K for the year ended December 31, 2012, which contains consolidated financial statements for the 2012 fiscal year, accompanies this Proxy Statement. INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the Record Date (April 5, 2013) will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 25,966,962 shares of Common Stock issued and outstanding, and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on the Record Date, your shares were registered directly in your name with Carbonite's transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the internet as instructed below to ensure that your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on the Record Date, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent as to how to vote the shares of Common Stock in your account. You are also

invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy card from your broker or other agent.

What am I being asked to vote on?

You are being asked to vote **FOR:**

the election of two Class II directors to hold office until the 2016 annual meeting of stockholders or until their successors are elected and qualified;

the ratification of the selection by the Audit Committee of our Board of Ernst & Young LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2013; and

the approval, on an advisory basis, of the compensation of the Company's named executive officers.

In addition, you are entitled to vote on any other matters that are properly brought before the Annual Meeting.

How do I vote?

You may vote by mail or follow any alternative voting procedure described on the proxy card or the Notice of Internet Availability of Proxy Materials. To use an alternative voting procedure, follow the instructions on each proxy card that you receive or on the Notice of Internet Availability of Proxy Materials.

For the election of the director, you may either vote *For* the nominee or you may *Withhold* your vote for the nominee. For the ratification of the selection of the Company's independent auditors and the advisory vote on named executive officer compensation, you may vote *For* or *Against* or abstain from voting.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting. Alternatively, you may vote by mail by using the accompanying proxy card if you receive your proxy materials by U.S. mail, over the internet, or by telephone. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure that your vote is counted. Even if you have submitted a proxy before the Annual Meeting, you may still attend the Annual Meeting and vote in person. In such case, your previously submitted proxy will be disregarded.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote by proxy over the internet or by telephone, follow the instructions provided on the proxy card or in the Notice of Internet Availability of Proxy Materials.

If you requested printed copies of the proxy materials by mail, you may vote by mail by using the accompanying proxy card by completing, signing, and dating the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. To ensure that your vote is counted, follow the directions set forth on the voting

instruction card and voting instructions that you receive. To vote in person at the Annual Meeting, you must obtain a valid proxy card from your broker, bank, or other agent. Follow the instructions from your broker, bank, or other agent included with these proxy materials, or contact your broker, bank, or other agent to request a proxy card.

Who counts the votes?

Broadridge Financial Services, Inc. (Broadridge) has been engaged as our independent agent to tabulate stockholder votes. If you are a stockholder of record, your executed proxy card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker returns one proxy card to Broadridge on behalf of all its clients.

How are votes counted?

Each share of Common Stock outstanding on the Record Date is entitled to one vote on each matter.

With respect to Proposal One, the election of the directors, the two nominees receiving the highest number of vote will be elected.

With respect to Proposal Two and Proposal Three, the affirmative vote of the holders of a majority in voting power of the shares of Common Stock that are present in person or by proxy and entitled to vote on each proposal is required for approval.

If your shares are held by a broker, bank, or other agent (that is, in street name) and you do not instruct the broker, bank, or other agent as to how to vote these shares on Proposals One or Three, the broker, bank, or other agent may not exercise discretion to vote for or against those proposals. This would be a broker non-vote and these shares will not be counted as having been voted on the applicable proposal. However, broker non-votes will be considered present and entitled to vote at the Annual Meeting and will be counted towards determining whether or not a quorum is present. With respect to Proposal Two, the broker, bank, or other agent may exercise its discretion to vote for or against that proposal in the absence of your instruction. **Please instruct your broker, bank, or other agent so that your vote can be counted.**

If stockholders abstain from voting, including brokers, banks, or other agents holding their clients' shares of record who cause abstentions to be recorded, these shares will be considered present and entitled to vote at the Annual Meeting and will be counted towards determining whether or not a quorum is present. Abstentions will have no effect with regard to Proposal One, because approval of a percentage of shares present or outstanding is not required for this proposal. With respect to Proposals Two and Three, abstentions will have the same effect as an Against vote.

Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, we have elected to provide access to our proxy materials over the internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability of Proxy Materials or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice of Internet Availability of Proxy Materials. In addition, stockholders may request proxy materials by mail or electronically by email on an ongoing basis. We encourage stockholders to take advantage of the availability of the proxy materials on the internet to help reduce the environmental impact of the Annual Meeting.

How do I vote via internet or telephone?

You may vote by proxy via the internet or by telephone by following the instructions provided on the proxy card or in the Notice of Internet Availability of Proxy Materials. Please be aware that if you vote over the internet, you may incur costs such as telephone and internet access charges for which you will be responsible. The internet and telephone voting facilities for eligible stockholders of record will close at 11:59 p.m. Eastern Time on June 2, 2013. The giving of such a telephonic or internet proxy will not affect your right to vote in person should you decide to attend the Annual Meeting.

The telephone and internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly.

What if I return a proxy card but do not make specific choices?

If we receive a signed and dated proxy card and the proxy card does not specify how your shares are to be voted, your shares will be voted For the election of each of the two nominees for director, For the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, and For the approval, on an advisory basis, of named executive officer compensation. If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to mailed proxy materials and proxy materials available over the internet, our directors, officers, and employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers, and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks, and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all of the shares that you own, you must either sign and return all of the proxy cards or follow the instructions for any alternative voting procedure on each of the proxy cards or Notice of Internet Availability of Proxy Materials that you receive.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy with a later date.

You may send a written notice that you are revoking your proxy to Carbonite's Secretary at 177 Huntington Avenue, Boston, Massachusetts 02115.

You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy. If your shares are held by your broker, bank, or other agent, you should follow the instructions provided by such broker, bank, or other agent.

When are stockholder proposals due for next year's Annual Meeting?

If you are interested in submitting a proposal or information about a proposed director candidate for inclusion in the proxy statement for our 2014 annual meeting, you must follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act). To be eligible for inclusion in the proxy statement, we must receive your stockholder proposal or information about your proposed director candidate at the address noted below no later than December 12, 2013.

If you wish to present a proposal or a proposed director candidate at our 2014 annual meeting, but do not wish to have the proposal or director candidate considered for inclusion in the proxy statement and proxy card, you must also give written notice to Carbonite's Secretary at the address noted below. We must receive this required notice by March 5, 2014, but no sooner than February 3, 2014. However, if the 2014 annual meeting is held before May 4, 2014 or after August 12, 2014, then we must receive the required notice of a proposal or proposed director candidate no earlier than the 120th day prior to the 2014 annual meeting and no later than the close of business on the later of (1) the 70th day prior to the 2014 annual meeting and (2) the 10th day following the date on which public disclosure of the date of the 2014 annual meeting was made. You are also advised to review our By-Laws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

Any proposals, notices, or information about proposed director candidates should be sent to Carbonite's Secretary at 177 Huntington Avenue, Boston, Massachusetts 02115.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of Common Stock issued and outstanding and entitled to vote are present in person or represented by proxy at the Annual Meeting. On the Record Date, there were 25,966,962 shares of Common Stock outstanding and entitled to vote. Accordingly, 12,983,482 shares of Common Stock must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum if you submit a valid proxy vote or vote at the Annual Meeting. Abstentions and broker non-votes will also be counted towards the quorum requirement. If there is no quorum, either the chairperson of the Annual Meeting or a majority in voting power of the stockholders entitled to vote at the Annual Meeting and present in person or represented by proxy, may adjourn the Annual Meeting to another time or place.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day on which the final results are available.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Company's Amended and Restated Certificate of Incorporation provides that the Board shall be divided into three classes, with the directors in each class having a three-year term. Except as otherwise provided by law and subject to the rights of any class or series of preferred stock, vacancies on the Board (including a vacancy created by an increase in the size of the Board) may be filled only by the affirmative vote of a majority of the remaining directors. A director elected by the Board to fill a vacancy (other than a vacancy created by an increase in the size of the Board) shall serve for the unexpired term of such director's predecessor in office and until such director's successor is elected and qualified. A director appointed to fill a position resulting from an increase in the size of the Board shall serve until the next annual meeting of stockholders where the class of directors to which such director is assigned by the Board is to be elected by stockholders and until such director's successor is elected and qualified.

The Board currently consists of six directors, divided into the three following classes:

Class I director: Pravin Vazirani, whose current term will expire at the annual meeting of stockholders to be held in 2015;

Class II directors: Charles Kane and William G. Nelson, whose current terms will expire at the Annual Meeting; and

Class III directors: David Friend, Jeffrey Flowers, and Todd Krasnow, whose current terms will expire at the annual meeting of stockholders to be held in 2014.

At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third subsequent annual meeting of stockholders.

Messrs. Kane and Nelson have been nominated by our Board to serve as Class II directors and have each elected to stand for reelection. Each director elected at the Annual Meeting will hold office from the date of his election by the stockholders until the third subsequent annual meeting of stockholders and until his successor is elected and has been qualified, or until his earlier death, resignation, or removal.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of Messrs. Kane and Nelson. In the event that either nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH NAMED NOMINEE.

Independence of the Board of Directors

As required under the rules and regulations of The Nasdaq Stock Market, or Nasdaq, independent directors must comprise a majority of a listed company's board of directors. Our Board, in consultation with our counsel, has undertaken a review of its composition, the composition of its committees, and the independence of each director. Based upon information requested from and provided by each director concerning his background, employment, and affiliations, including family relationships, our Board has determined that Messrs. Vazirani, Nelson, Kane, and Krasnow, representing four of our six current directors, do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is independent as that term is defined under the applicable rules and regulations of the SEC and the listing requirements and rules of Nasdaq. In making this determination, our Board considered the current and prior relationships that each non-employee director has with us and all other facts and circumstances that our Board deemed relevant in determining each non-employee director's independence, including the beneficial ownership of our capital stock by each non-employee director. There are no family relationships among any of our directors, director nominees, or named executive officers.

Board Responsibility; Risk Oversight

Our Board is responsible for, among other things, oversight of our business; review and approval of our significant financial objectives, plans, and actions; and review of the performance of our chief executive officer and executive officers based on reports from the Board's compensation committee (the Compensation Committee). The Board conducts an annual self-evaluation, a review of the committee structure, and an assessment of its compliance with the principles set forth in our corporate governance guidelines. In fulfilling the Board's responsibilities, directors have full access to our management and independent advisors.

While the Audit Committee is primarily responsible for overseeing our risk management function, our entire Board is actively involved in risk management oversight. For example, our Board engages in periodic discussions with such company executive officers as the Board deems necessary, including the chief executive officer, chief financial officer, general counsel, and executive vice presidents. In addition, our Compensation Committee reviews compensation policies and practices as they relate to risk management practices and risk-taking incentives. We believe that the leadership structure of our Board supports effective risk management oversight.

Board Leadership

Mr. Friend has served as the chairman of our Board and chief executive officer since 2005. Having the same individual hold both positions is a common practice among public companies in the United States and our Board, consistent with the recommendation of the Board's nominating and corporate governance committee (the Nominating and Corporate Governance Committee), has determined that this leadership structure best serves the interests of the Company and our stockholders and is consistent with good corporate governance practices. As chief executive officer and one of our founders, Mr. Friend is most intimately familiar with our business, growth strategy, and the key issues that we face and is therefore uniquely positioned to focus our Board. In addition, having Mr. Friend serve as both chairman and chief executive officer allows us to demonstrate strong leadership to all of our constituencies, with a single person enunciating our vision and having primary responsibility for managing our operations.

To lessen any potential concerns associated with the dual role structure, our corporate governance guidelines provide that one of our independent directors, currently Mr. Krasnow, should serve as a lead independent director at any time when the chief executive officer serves as the chairman of the Board, or if the chairman of the Board is not otherwise independent. The lead independent director presides over periodic meetings of our independent directors, serves as a liaison between our chairman and the independent directors, and performs such additional duties as our Board may otherwise determine and delegate.

Board Committees

Our Board has established the following committees: an audit committee, a compensation committee, and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by our Board.

Audit Committee

Our Audit Committee oversees our corporate accounting and financial reporting process, the audit of our financial statements, and our internal control processes. Among other matters, the Audit Committee evaluates the independent auditors' qualifications, independence, and performance; determines the engagement, retention, and compensation of the independent auditors; reviews and approves the scope of the annual audit and the audit fee; discusses with management and the independent auditors the results of the annual audit and the review of our quarterly financial statements, including the disclosures in our annual and quarterly reports filed with the SEC; approves the retention of the independent auditors to perform any proposed permissible non-audit services; reviews our risk assessment and risk management processes; establishes procedures for receiving, retaining and investigating complaints received by us regarding accounting, internal accounting controls, or audit matters; monitors the rotation of partners of the independent auditors on the Carbonite engagement team as required by law; reviews our critical accounting policies and estimates; and oversees any internal audit function. Additionally, the Audit Committee reviews and approves related person transactions and reviews and evaluates, on an annual basis, the Audit Committee charter and the committee's performance.

The current members of our Audit Committee are Messrs. Kane, Nelson, and Krasnow, with Mr. Kane serving as the chair of the committee. All members of our Audit Committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and Nasdaq. Our Board has determined that Mr. Kane is an audit committee financial expert as defined under the applicable rules of the SEC and has the requisite financial sophistication as defined under the applicable rules and regulations of Nasdaq. Messrs. Kane, Nelson, and Krasnow, are independent directors as defined under the applicable rules and regulations of the SEC and Nasdaq. The Audit Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq, a copy of which is posted on our website at <http://investor.carbonite.com/governance.cfm>.

Compensation Committee

Our Compensation Committee reviews and recommends policies relating to compensation and benefits of our executive officers and employees. The Compensation Committee annually reviews and approves corporate goals and objectives relevant to compensation of our chief executive officer and other executive officers, evaluates the performance of these officers in light of those goals and objectives, and sets the compensation of these officers based on such evaluations. The Compensation Committee also administers the issuance of stock options and other awards under our equity compensation plans. Additionally, the Compensation Committee reviews and evaluates, on an annual basis, the Compensation Committee charter and the committee's performance.

The current members of our Compensation Committee are Messrs. Krasnow and Vazirani, with Mr. Krasnow serving as the chair of the committee. All of the members of our Compensation Committee are

independent under the applicable rules and regulations of the SEC, Nasdaq, and Section 162(m) of the Internal Revenue Code. The Compensation Committee operates under a written charter, a copy of which is posted on our website at <http://investor.carbonite.com/governance.cfm>.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is responsible for making recommendations regarding corporate governance; identification, evaluation and nomination of candidates for directorships; and the structure and composition of our Board and committees of our Board. In addition, the Nominating and Corporate Governance Committee oversees our corporate governance guidelines, approves our committee charters, oversees compliance with our code of business conduct and ethics, contributes to succession planning, reviews actual and potential conflicts of interest of our directors and officers other than related person transactions reviewed by the Audit Committee, and oversees the Board self-evaluation process. Our Nominating and Corporate Governance Committee is also responsible for making recommendations regarding non-employee director compensation to the full Board. Additionally, the nominating and corporation governance committee reviews and evaluates, on an annual basis, the Nominating and Corporate Governance Committee charter and the committee's performance.

The current members of our Nominating and Corporate Governance Committee are Messrs. Vazirani and Nelson, with Mr. Nelson serving as the chair of the committee. All of the members of our Nominating and Corporate Governance Committee are independent under the applicable rules and regulations of Nasdaq. The Nominating and Corporate Governance Committee operates under a written charter, a copy of which is posted on our website at <http://investor.carbonite.com/governance.cfm>.

Potential director candidates will be discussed by the Nominating and Corporate Governance Committee and proposed for nomination by the entire Board, with director nominees being subject to the approval of the independent members of the Board. The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. For a stockholder to nominate an individual for election to the Board at an annual meeting, the stockholder must provide notice to the Company, which notice must be delivered to, or mailed and received at, the Company's principal executive offices not less than 90 days and not more than 120 days prior to the one-year anniversary of the preceding year's annual meeting; provided, that if the date of the applicable annual meeting is more than 30 days before or more than 70 days after such anniversary date, the stockholder's notice must be delivered, or mailed and received, not less than 70 days and not more than 120 days prior to the date of such annual meeting or, if later, the 10th day following the date on which public disclosure of the date of such annual meeting is made. Further updates and supplements to such notice may be required at the times and in the forms required under our By-Laws. As set forth in our By-Laws, submissions must include the name and address of the proposed nominee and information regarding the proposed nominee that is required to be disclosed in a proxy statement or other filings in a contested election pursuant to Section 14(a) under the Exchange Act. Our By-Laws also specify further requirements as to the form and content of a stockholder's notice. We recommend that any stockholder wishing to make a nomination for a director review a copy of our By-Laws, as amended and restated to date, which are available, without charge, from our Secretary, at 177 Huntington Avenue, Boston, Massachusetts 02115.

Compensation Committee Interlocks and Insider Participation

Todd Krasnow and Pravin Vazirani served as members of our Compensation Committee during our last completed fiscal year.

None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee (or other board committee performing equivalent functions) of any entity that has one or more executive officers serving on our Board or Compensation Committee, except that Mr. Friend has served as a member of the board of directors of SageCloud, Inc. (SageCloud) since May 2012, an entity of which Mr. Flowers is the chief executive officer. In connection with his service on SageCloud s board of directors, in May 2012, Mr. Friend purchased 200,000 shares of SageCloud common stock at de minimis fair market value, which shares are subject to time-based vesting contingent upon Mr. Friend s continued service on SageCloud s board of directors. Risk Assessment and Compensation Practices

Our Compensation Committee has reviewed our compensation policies and practices for our employees as they relate to our risk management and, based upon this review, we believe that any risks arising from such policies and practices are not reasonably likely to have a material adverse effect on us in the future.

Specifically, we believe that the elements of our compensation programs do not encourage unnecessary or excessive risk-taking. Base salaries are fixed in amount and thus do not encourage risk taking. A significant portion of the compensation provided to our executive officers, and a material amount of the compensation provided to other employees, is in the form of equity awards that help align executive officer and employee interests with those of our stockholders. We do not believe that these awards encourage unnecessary or excessive risk-taking because the ultimate value of the awards is tied to our stock price, and because awards are staggered and subject to long-term vesting schedules that help ensure that executive officers and employees have significant value tied to long-term stock price performance.

This Proxy Statement, including the preceding paragraphs, contains forward-looking statements. We have based these forward-looking statements on our current expectations and projections about future events. Forward-looking statements contained in this Proxy Statement should be considered in light of the many uncertainties that affect our business and specifically those factors discussed from time-to-time in our public reports filed with the SEC, such as those discussed under the heading Risk Factors in our most recent Annual Report on Form 10-K, and as may be updated in subsequent SEC filings.

PROPOSAL TWO
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board has engaged Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013, and is seeking ratification of such selection by our stockholders at the Annual Meeting. Ernst & Young LLP has audited our financial statements since the fiscal year ended December 31, 2006. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our By-Laws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

To be approved, the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm must receive a For vote from the holders of a majority in voting power of the shares of Common Stock which are present in person or represented by proxy and entitled to vote on the proposal. Abstentions and broker non-votes will be counted towards a quorum. Abstentions will have the same effect as an Against vote for purposes of determining whether this matter has been approved. Broker non-votes will not be counted for any purpose in determining whether this matter has been approved.

The following table provides a summary of fees for professional services rendered by Ernst & Young LLP for the fiscal years ended December 31, 2012 and 2011. All services and fees described below were approved by our Audit Committee.

The Audit Committee approved all audit and tax services provided by Ernst & Young LLP for fiscal years 2012 and 2011 and the estimated costs of those services. Actual amounts billed, to the extent in excess of the estimated amounts, were periodically reviewed and approved by the Audit Committee.

The Audit Committee also reviewed the tax services rendered by Ernst & Young LLP and concluded that they were compatible with maintaining Ernst & Young LLP's independence.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013.

PROPOSAL THREE

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act, we are asking stockholders to approve, on an advisory (non-binding) basis, the compensation of our named executive officers (sometimes referred to as "say on pay"). We currently intend to submit the compensation of our named executive officer to stockholders annually, consistent with the advisory vote at our 2011 annual meeting of stockholders. Accordingly, you may vote on the following resolution at the Annual Meeting:

RESOLVED that the stockholders approve, on an advisory (non-binding) basis, the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this Proxy Statement.

This vote is nonbinding. However, the Board and the Compensation Committee value the opinions expressed by our stockholders and will carefully consider the outcome of this vote when making future compensation decisions for the Company's executive officers.

As described in detail in the Compensation Discussion and Analysis, our compensation programs are designed to motivate our executive officers to create a successful company. Our philosophy is to tie a greater percentage of an executive officer's compensation to stockholder returns and to keep cash compensation to a nominally competitive level while providing the opportunity to be well-rewarded through equity if we perform well over time. We believe that our executive compensation program, with its balance of short-term incentives (including base salary and performance bonuses) and long-term incentives (including equity awards) reward sustained performance that is aligned with long-term stockholder interests. Stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure for a comprehensive explanation and analysis of our executive compensations policies and practices.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS, THE ACCOMPANYING COMPENSATION TABLES, AND THE RELATED NARRATIVE DISCLOSURE.

The information does not necessarily indicate beneficial ownership for any other purpose.

Common Stock subject to stock options currently exercisable or exercisable within 60 days of March 31, 2013, are deemed to be outstanding for computing the percentage ownership of the person holding these options and the percentage ownership of any group of which the holder is a member but are not deemed outstanding for computing the percentage of any other person.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Executive officers, directors, and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms that they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2012, all Section 16(a) filing requirements applicable to our executive officers, directors, and greater than 10% beneficial owners were complied with, except that: (i) the Form 4 filed on February 16, 2012 by Mr. Friend, which reported four transactions, was late with respect to two such transactions, (ii) the Form 4 filed on February 16, 2012 by Dr. Golin, which reported two transactions, was late with respect to both such transactions, (iii) the Form 4 filed on December 5, 2012 by Mr. Surace, which reported two transactions, was late with respect to both such transactions, and (iv) the Form 4 filed on December 14, 2012 by Mr. Friend, which reported three transactions, was late with respect to all such transactions.

DIRECTOR COMPENSATION

Each of our non-employee directors receives a payment of \$5,000 for each quarterly Board meeting that such non-employee director attends in person and \$1,000 for each quarterly Board meeting that such non-employee director attends by means of remote communication, up to an annual maximum of \$20,000 per director. We also pay the chairpersons of the Audit, Compensation, and Nominating and Corporate Governance Committees an annual fee of \$10,000, \$7,500, and \$5,000, respectively, and pay each other member of the Audit, Compensation, and Nominating and Corporate Governance Committees an annual fee of \$5,000, \$3,750, and \$2,500, respectively. Additionally, we reimburse our non-employee directors for reasonable travel and other expenses incurred in connection with attending Board and committee meetings. Our directors who are also employees are compensated for their service as employees and do not receive any additional compensation for their service on our Board.

As of July 2011, each non-employee director receives an initial stock option grant to purchase 16,000 shares of our Common Stock when he or she joins our Board, and thereafter an annual stock option grant to purchase 7,500 shares of our Common Stock on the date of each annual meeting of stockholders (provided that such non-employee director has served on our Board for at least 18 months prior to the date of such annual meeting). All such stock options vest and become exercisable ratably in quarterly installments over three years, subject to the continued service by the non-employee director on our Board, and automatically vest in full and become exercisable immediately prior to a change in control of the Company. Our directors who are also employees of the Company and who subsequently terminate employment with us and remain members of the Board do not receive an initial stock option grant, but, to the extent that they are otherwise eligible, such persons receive, after termination of employment with us, annual stock option grants as described above.

COMPENSATION DISCUSSION AND ANALYSIS

This section discusses the principles underlying our policies and decisions with respect to the compensation of our executive officers who are named in the 2012 Summary Compensation Table and the most important factors relevant to an analysis of these policies and decisions. These named executive officers for 2012 were:

David Friend, president and chief executive officer;

Andrew Keenan, former chief financial officer and treasurer;

William Phelan, executive vice president of cloud backup;

Oussama El-Hilali, former senior vice president of engineering; and

Peter Lamson, senior vice president of sales and marketing.

The philosophy of how we will compensate our executive officers in the future may not be the same as how they have been compensated previously. We expect that the Compensation Committee will continue to review, evaluate, and modify our executive compensation framework.

Overview

We recognize that our ability to excel depends on the integrity, knowledge, imagination, skill, diversity, and teamwork of our employees. To this end, we strive to create an environment of mutual respect, encouragement, and teamwork that rewards commitment and performance and that is responsive to the needs of our employees. The principles and objectives of our compensation and benefits programs for our employees generally, and for our named executive officers specifically, are to:

attract, engage, and retain individuals of superior ability, experience, and managerial talent, enabling us to be an employer of choice in the highly-competitive and dynamic technology industry;

align compensation incentives with our corporate strategies, business, and financial objectives and the long-term interests of our stockholders;

motivate and reward executives whose knowledge, skills, and performance ensure our continued success; and

ensure that total compensation is fair, reasonable, and competitive.

Most of our compensation components simultaneously fulfill one or more of these principles and objectives. These components consist of (1) base salary, (2) performance bonuses, (3) equity incentives, (4) perquisites and health and welfare benefits, (5) 401(k) plan retirement savings opportunities, and (6) post-termination benefits. We view each component of executive compensation as related but distinct, and we review total compensation of our executive officers to ensure that our overall compensation objectives are met. Not all elements are provided to all named executive officers. Instead, we determine the appropriate level for each compensation component in part based on reference to the compensation offered to similarly situated executives at a peer group of companies as well as on the market experience of members of the Compensation Committee and the insight of the Compensation Committee's independent compensation consultant. In addition, we consider internal equity and consistency, the length of service of our executive officers, our overall performance, and other considerations that the Compensation Committee deems relevant.

Edgar Filing: Carbonite Inc - Form DEF 14A

Our philosophy is to make a greater percentage of an executive officer's compensation tied to stockholder returns by keeping cash compensation to a nominally competitive level while providing the opportunity to be well-rewarded through equity if we perform well over time. We believe that because the achievement of our business and financial objectives will be reflected in the value of our equity, our executive officers will be incentivized to achieve these objectives when a portion of their compensation is tied to the value of our equity. To this end, we use stock options as a significant component of compensation because we believe that this best

ties individual compensation to the creation of stockholder value. While we offer competitive base salaries, we believe that stock-based compensation is a significant motivator in attracting employees to internet-related and other technology companies.

Each of the primary elements of our executive compensation program is discussed in more detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to be flexible and complementary and to collectively serve all of the executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that each individual element, to some extent, serves each of our objectives.

Stockholder Advisory Vote on Executive Compensation

At our 2011 annual meeting of stockholders our stockholders (i) approved, on an advisory (non-binding) basis, the compensation of our named executive officers and (ii) voted, on an advisory (non-binding) basis, in favor of having an advisory (non-binding) stockholder vote on executive compensation once every year. Our Compensation Committee reviewed the result of the stockholders' advisory vote on executive compensation and, in light of the approval by a substantial majority of our stockholders of the compensation programs described in our 2011 proxy statement, our Compensation Committee did not implement changes to our executive compensation programs as a result of the stockholders' advisory vote.

Compensation Determination Process

Our executive compensation process reflects our stage of development as a company. Initial compensation for newly hired executives generally reflects the outcome of a negotiated recruitment and hiring process, including the executive's compensation with prior employers and other possible opportunities available to the executive at the time of hiring. Therefore, some differences in compensation among our executive officers reflect the timing and circumstances of hiring as well as length of service with us.

Our Board determines compensation for our executive officers based on recommendations from our Compensation Committee and our chief executive officer. In light of his daily involvement in our executive team's efforts, our chief executive officer has been and will continue to be heavily involved in the determination of compensation for our other executive officers, although he does not participate in Board discussions regarding his own compensation and he abstains from voting in sessions where our Board acts on his compensation. Members of our human resources, finance, and legal departments attend Board and Compensation Committee meetings from time-to-time and provide background on materials presented to the Board and Compensation Committee.

Except as described below, we have not adopted any formal or informal policies or guidelines for allocating compensation between long-term and current compensation, between cash and non-cash compensation, or among different forms of non-cash compensation.

Independent Compensation Consultant

In order to assist our Compensation Committee in making recommendations to our Board regarding executive compensation, in September 2011, the Compensation Committee engaged Compensia, Inc., a management consulting firm providing executive compensation advisory services, as its independent consultant. Our Compensation Committee instructed Compensia to review and evaluate our executive compensation program, including the philosophy and objectives of the program and its specific components, which include base salary, target total cash compensation, target bonus opportunities, and equity ownership, and to provide advice on compensation levels. Compensia is directly accountable to the Compensation Committee for the performance of its services. In its role as an advisor to the Compensation Committee, a senior representative of Compensia is

available to attend meetings of the Compensation Committee if requested and to otherwise consult with members of the Compensation Committee as necessary. Compensia also provides assistance to the Compensation Committee on determining financial and operational performance goals and advice on rules, regulations, and general compensation trends regarding executive compensation. Our Compensation Committee reviews the data and advice provided by Compensia, but such information is only one of many factors that our Compensation Committee considers in setting executive compensation.

The Compensation Committee has considered and assessed all relevant factors, including but not limited to those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act, that could give rise to a potential conflict of interest with respect to Compensia. Based on this review, we are not aware of any conflict of interest that has been raised by the work performed by Compensia.

In the future, we expect that our Compensation Committee may continue to engage an independent compensation consulting firm to provide advice and data regarding our executive compensation and related matters.

Competitive Positioning

We operate in a competitive labor environment, particularly in the geographic areas in which we maintain a presence. As such, our Compensation Committee believes that it is important to review the executive compensation practices of companies that are similar in business and size to us to ensure that our executive compensation program is competitive and to assist us in meeting our overall executive compensation objectives. The Compensation Committee further believes that the comparative framework should be reviewed on an annual basis and revised as necessary to reflect the changing nature of our business and the executive compensation environment.

As noted above, in establishing base salaries, performance bonus opportunities, and equity award levels for 2012, the Compensation Committee directed Compensia to conduct a competitive market analysis. Compensia developed, with the assistance and approval of the Compensation Committee, a peer group comprised of high-growth, small business/consumer facing companies with a focus on software-as-a-service businesses that were U.S. based and publicly traded as of the date on which the group was developed. These companies, which we refer to as the Peer Group, are as follows: Bazaarvoice, Inc.; Callidus Software, Inc.; Convio, Inc.; CornerStone OnDemand, Inc.; Keynote Systems, Inc.; LivePerson, Inc.; LogMeIn, Inc.; Marchex, Inc.; Opentable, Inc.; Responsys, Inc.; Sciqwest, Inc.; SPS Commerce, Inc.; Stamps.com Inc.; Support.com, Inc.; Tangoe, Inc.; TechTarget, Inc.; Vocus, Inc.; XO Group, Inc.; and Zillow, Inc. Once the Peer Group was established, Compensia undertook a process to match each of our executive positions, which in some cases do not follow traditional parameters, with those of the companies in the Peer Group.

In the future, we expect that our Compensation Committee will continue to consider competitive market data as one of many factors when determining base salary, cash bonuses, and equity awards to executive officers.

Executive Compensation Program Components

Base Salaries

The base salaries for our named executive officers were initially established through arm's-length negotiation at the time that each executive was hired, taking into account the executive's qualifications, experience, and prior salary. Base salaries of our named executive officers are approved and reviewed periodically by our Board, based on the recommendations of our Compensation Committee and our chief executive officer. For 2012, our Compensation Committee recommended that base salaries for each of our executives be set at approximately the 40th percentile of the base compensation paid to similarly situated executives within the Peer Group. Deviations from this target were made based upon our Compensation Committee's assessment of each executive officer's responsibilities, individual contribution, prior experience,

sustained performance, current salary, equity ownership, and the amounts paid to such executive officer's peers inside our company. Base salaries are also reviewed in the case of promotions or other significant changes in responsibility.

In December 2011, after considering the factors described above, our Board, based on the recommendation of our Compensation Committee, increased the base salaries of Messrs. Friend, Keenan, Phelan, and Lamson to \$340,000, \$250,000, \$225,000, and \$260,000, respectively, effective as of January 1, 2012. Mr. El-Hilali's base salary remained at \$275,000, the level at which it was set in connection with his hiring in September 2011. In May 2012, Mr. Phelan's base salary was increased to \$280,000 in connection with his promotion to the position of executive vice president. In January 2013, after considering the factors described above, our Board, based on the recommendation of our Compensation Committee, increased Mr. Lamson's base salary to \$275,000.

The actual base salaries paid to our named executive officers in 2012 are set forth in the 2012 Summary Compensation Table.

Annual Cash Bonuses

Under our executive cash bonus plan, we make cash bonus opportunities available to our executive officers, including our named executive officers, based upon attainment of key corporate operating metrics and/or the achievement of individual performance goals, each of which are established annually with respect to each of our executive officers. Our Compensation Committee annually measures the attainment of these metrics and goals, and bonuses, if earned, are paid at the end of each fiscal year or more frequently as recommended by the Compensation Committee. The key corporate operating metrics to which a portion of executive bonus compensation is tied, generally conform to the financial and operating targets contained in our internal budget and operating plan that is developed by our management and approved by our Board. In addition, from time to time, the Compensation Committee may award discretionary cash bonuses to our named executive officers.

In 2012, our Compensation Committee recommended, and our Board approved, an executive cash bonus plan, or the 2012 Bonus Plan, for our executive officers, including our named executive officers. Our Compensation Committee recommended that the maximum target bonus for each of our executives under the 2012 Bonus Plan be set at approximately the 50th percentile of annual cash bonuses paid to similarly situated executives within the Peer Group. Consistent with this recommendation, our Board set the target 2012 bonus amounts for each of our named executive officers, reflected as a percentage of the applicable executive's base salary, at 75% for Mr. Friend, 50% for Mr. Keenan, 40% for Mr. Phelan, 45% for Mr. Lamson, and 30% for Mr. El-Hilali. The 2012 Bonus Plan tied payment of target executive cash bonuses to specific levels of our bookings and net cash provided by or (used in) operating activities, or cash flow from operations, for 2012. These bookings and cash flow from operations targets were developed by our Compensation Committee with input from our chief executive officer and chief financial officer and were designed to be difficult to achieve. We did not achieve these targets and, accordingly, no bonuses were paid to executive officers pursuant to the 2012 Bonus Plan. For the definitions of bookings and a reconciliation of bookings to revenue see our Annual Report on Form 10-K for the year ended December 31, 2012.

In December 2012, our Compensation Committee recommended, and our Board approved, the award of discretionary cash bonuses of \$70,000, \$75,000, and \$20,000 to Messrs. Phelan, Lamson, and El-Hilali, respectively, in recognition of their significant contribution to our strategic direction, particularly with respect to the evolution of our small business offerings.

The actual bonuses paid to our named executive officers in 2012 are set forth in the 2012 Summary Compensation Table. All bonuses paid in 2012 to our named executive officers were paid in cash.

Equity Incentives

The goal of our equity incentive awards is to align the interests of our named executive officers with the interests of our stockholders. Vesting is based on continued employment; therefore, our equity incentive awards also encourage the retention of our named executive officers through the vesting period of the awards. In determining the size of the equity incentives to be awarded to our named executive officers, we take into account a number of internal factors, such as the relative job scope, the value of outstanding equity awards, individual performance history, prior contributions to us, and the size of prior awards, as well as external factors such as the levels of unvested stock options held by our executive officers in relation to similarly situated executives within the Peer Group.

To reward and retain our named executive officers in a manner that best aligns their interests with stockholders' interests, we use stock options as the primary incentive vehicles for long-term compensation. We believe that stock options are an effective tool for meeting our compensation goal of increasing long-term stockholder value by tying the value of the stock options to our future performance. Since our named executive officers are able to profit from their stock options only if our stock price increases relative to the option exercise price, we believe that stock options provide meaningful incentives to them to achieve increases in the value of our stock over time.

We use stock options to compensate our named executive officers both in the form of initial grants in connection with the commencement of employment and additional, or refresher, grants. Our Compensation Committee and Board consider the award of refresher grants on an annual basis; however, our Board retains discretion to make stock option grants to our employees, including our named executive officers, at any time, including in connection with the promotion of an employee, to reward an employee, for retention purposes, or for other circumstances recommended by management.

Initial stock option grants to our named executive officers typically vest over a four-year period as follows: 25% of the shares underlying the option vest on the first anniversary of the vesting commencement date, which is typically the date of hire, and the remainder of the shares underlying the option vest in equal quarterly installments over the remaining three years thereafter. Refresher grants typically vest in equal quarterly installments over four years from the vesting commencement date, which is typically the date of grant. From time-to-time, we may use alternative vesting schedules when such alternative schedules better align the interests of our named executive officers with those of our stockholders. We believe that these vesting schedules appropriately encourage long-term employment with us while allowing our executives to realize compensation in line with the value they have created for our stockholders.

In January 2012, based on the recommendation of the Compensation Committee, our Board granted to each of our named executive officers and certain of our other executive officers options to purchase shares of our Common Stock based on the standard vesting terms described above. The number of shares of our Common Stock subject to each such option grant was approximately equal to the 50th to 65th percentile of annual option grants made to similarly situated executives within the Peer Group. Such grants were intended to raise the total equity position of our executive officers relative to their respective peers within the Peer Group.

In July 2012, based on the recommendation of the Compensation Committee, our Board granted Mr. Phelan an additional option to purchase shares of our Common Stock, based on the standard vesting terms described above, in connection with Mr. Phelan's promotion to the position of executive vice president.

In October 2012, based on the recommendation of the Compensation Committee, our Board granted to certain of our executive officers, including Mr. El-Hilali, a portion of the refresher option grant otherwise intended to be granted in January 2013, based on the standard vesting terms described above. These grants were made in order to afford our executive officers the benefit of the low trading price of our Common Stock, and therefore promote executive retention.

Also in October 2012, based on the recommendation of the Compensation Committee, our Board granted options to purchase shares of our Common Stock to each of Messrs. Phelan and Lamson that vest in full on the first anniversary of the date of grant. The vesting of these option grants was accelerated in order to ensure the retention of the key executive to whom they were awarded.

In January 2013, based on the recommendation of the Compensation Committee, our Board made refresher option grants to each of our named executive officers then employed by us and certain of our other executive officers to purchase shares of our Common Stock based on the standard vesting terms described above.

We do not have any securities ownership requirements for our named executive officers.

Retirement savings

All of our full-time employees in the U.S., including our named executive officers, are eligible to participate in our 401(k) plan. Pursuant to our 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit and to have the amount of this reduction contributed to our 401(k) plan. We did not contribute to this 401(k) plan for the years ended December 31, 2011 and 2010. Effective January 1, 2012, we have elected to make a matching contribution of up to 4% of each employee's wages up to a maximum annual contribution of \$10,000 per employee.

Perquisites and Other Personal Benefits

From time-to-time, our Board has provided certain of our named executive officers with perquisites or other personal benefits that we believe are reasonable in nature and amount. We do not view perquisites as a significant element of our executive compensation program, but do believe they can be useful in attracting, motivating, and retaining executive talent. We believe that these additional benefits may assist our executive officers in performing their duties and provide time efficiencies for our executive officers in appropriate circumstances, and we may consider providing additional perquisites in the future.

As the result of arm's-length negotiations in connection with the offer letter that we entered into with Mr. El-Hilali in August 2011, Mr. El-Hilali was entitled to reimbursement of up to \$100,000 of pre-approved expenses in connection with his relocation from Minneapolis, Minnesota to Boston, Massachusetts.

In the future, we may provide additional perquisites to our executive officers as an element of their overall compensation structure. We do not expect these perquisites to be a significant element of our compensation structure. All future practices regarding perquisites will be approved and subject to periodic review by our Compensation Committee.

Termination-Based Compensation

In connection with the severance agreement that we entered into with Mr. Friend, we have agreed to provide Mr. Friend severance benefits if his employment is terminated by us without cause or if he is constructively terminated by us. In such an event, Mr. Friend is entitled to continued payment of his base salary for twelve months and an additional payment in an amount equal to twelve times our contribution amount for the monthly health insurance premium for him during the month immediately prior to termination. In addition, upon a change in control of our company, Mr. Friend is also entitled to full vesting acceleration with respect to his unvested options if he is terminated without cause or if he is constructively terminated prior to the first anniversary of the change in control. For a further description of Mr. Friend's severance agreement, see *Severance Provisions* below.

As the result of arm's-length negotiations in connection with the offer letter that we entered into with Mr. Phelan, we have agreed to provide Mr. Phelan with severance benefits if his employment is terminated by us without cause or if he is constructively terminated by us. In such an event, Mr. Phelan is entitled to continued payment of his base salary for six months and an additional payment in an amount equal to six times our

contribution amount for the monthly health insurance premium for him during the month immediately prior to termination. Further, if, within one year after a change in control of our company, Mr. Phelan is terminated by us without cause or if he is constructively terminated, Mr. Phelan is entitled to continued payment of his base salary for three additional months and an additional payment in an amount equal to three times our contribution amount for the monthly health insurance premium for him during the month immediately prior to termination. In addition, upon a change in control of our company, Mr. Phelan is also entitled to full vesting acceleration with respect to his unvested options if he is terminated without cause or if he is constructively terminated prior to the first anniversary of the change in control. For a further description of Mr. Phelan's offer letter, see Offer Letter Agreements below.

As the result of arm's-length negotiations in connection with the offer letter that we entered into with Mr. Lamson, we have agreed to provide Mr. Lamson with severance benefits if his employment is terminated by us without cause or if he is constructively terminated by us. In such an event, Mr. Lamson is entitled to continued payment of his base salary for three months and an additional payment in an amount equal to three times our contribution amount for the monthly health insurance premium for him during the month immediately prior to termination. In addition, upon a change in control of our company, Mr. Lamson is also entitled to full vesting acceleration with respect to his unvested options if he is terminated without cause or if he is constructively terminated prior to the first anniversary of the change in control. For a further description of Mr. Lamson's offer letter, see Offer Letter Agreements below.

As the result of arm's-length negotiations in connection with the offer letter that we entered into with Mr. El-Hilali, we agreed to provide Mr. El-Hilali with severance benefits if his employment was terminated by us without cause. In such an event, Mr. El-Hilali is entitled to continued payment of his base salary for the lesser of (i) three months or (ii) through the date on which he secures subsequent employment, and an additional payment in an amount equal to three times our contribution amount for the monthly health insurance premium for him during the month immediately prior to termination. In addition, upon a change in control of our company, Mr. El-Hilali is also entitled to full vesting acceleration with respect to his unvested options if he is terminated without cause or if he is constructively terminated prior to the first anniversary of the change in control. In connection with the termination of Mr. El-Hilali's employment as our senior vice president of engineering on April 8, 2013, we intend to provide Mr. El-Hilali with the severance benefits outlined above, subject to Mr. El-Hilali providing a full release in our favor. For a further description of Mr. El-Hilali's offer letter, see Offer Letter Agreements below.

As the result of arm's-length negotiations in connection with the separation agreement that we entered into with Mr. Keenan, we agreed to make a payment to Mr. Keenan in an amount equal to nine times his base salary as in effect immediately prior to his resignation. In addition, immediately prior to Mr. Keenan's resignation, we (i) accelerated vesting of Mr. Keenan's outstanding stock options so that such options would be exercisable for a number of shares of Common Stock equal to the number of shares of Common Stock as to which they would be exercisable if Mr. Keenan remained employed by us through October 31, 2013 and (ii) extended the period through which Mr. Keenan is entitled to exercise any vested stock options until January 31, 2015. For a further description of Mr. Keenan's separation agreement, see Separation Agreement below.

Prior to the effectiveness of Mr. Keenan's separation agreement on December 31, 2012, the termination-based compensation payable to Mr. Keenan was set forth in an offer letter that we entered into with Mr. Keenan as the result of arm's-length negotiations. Pursuant to this offer letter agreement, we agreed to provide Mr. Keenan severance benefits if his employment was terminated by us without cause or if he was constructively terminated by us. In such an event, Mr. Keenan was entitled to continued payment of his base salary for six months and an additional payment in an amount equal to six times our contribution amount for the monthly health insurance premium for him during the month immediately prior to termination. Further, if, within one year after a change in control of our company, Mr. Keenan was terminated by us without cause or if he was constructively terminated, Mr. Keenan was entitled to continued payment of his base salary for three additional months and an additional payment in an amount equal to three times our contribution amount for the monthly

health insurance premium for him during the month immediately prior to termination. Mr. Keenan was also entitled to vesting acceleration in connection with a change in control with respect to one-half of his unvested options and, if Mr. Keenan was terminated without cause or if he was constructively terminated prior to the first anniversary of the change in control, the balance of any options granted to him would have vested in full. For a further description of Mr. Keenan's offer letter, see *Offer Letter Agreements* below.

The benefits payable to Messrs. Friend, Keenan, Phelan, El-Hilali, and Lamson upon a termination of each such individual's employment is set forth below in the section entitled *Potential Payments Upon Change in Control and Upon Termination Following Change in Control*.

Tax considerations

Our Board has considered the potential future effects of Section 162(m) of the Internal Revenue Code, as amended, (the *Code*) on the compensation paid to our executive officers. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for our president and chief executive officer and each of our next three most highly compensated executive officers (other than our chief financial officer), unless the compensation is performance based or based on another available exemption. Prior to our stock being publicly-traded, our Board did not take the deductibility limit imposed by Section 162(m) into consideration in setting compensation. We expect that our Compensation Committee, however, will adopt a policy that, where reasonably practicable, we will seek to qualify the variable compensation paid to our executive officers for an exemption from the deductibility limitations of Section 162(m). As such, in approving the amount and form of compensation for our executive officers in the future, our Compensation Committee will consider all elements of the cost to our company of providing such compensation, including the potential impact of Section 162(m). However, our Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Taxation of parachute payments and deferred compensation

We did not provide any executive officer, including any named executive officer, with a gross-up or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999, or 409A of the Code during 2012, and we have not agreed and are not otherwise obligated to provide any executive officer with such a gross-up or other reimbursement. Sections 280G and 4999 of the Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control that exceeds certain prescribed limits, and that we, or a successor, may forfeit a deduction on the amounts subject to this additional tax. Section 409A of the Code also imposes additional significant taxes on the individual in the event that an executive officer, director, or other service provider received deferred compensation that does not meet the requirements of Section 409A of the Code.

Accounting treatment

Authoritative accounting guidance on stock compensation requires companies to measure the compensation expense for all stock-based payment awards made to employees and directors, including stock options, based on the grant date fair value of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our named executive officers may never realize any value from their respective awards. Authoritative accounting guidance also requires companies to recognize the compensation cost of their stock-based compensation awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other award.

The separation agreement provides that we make a payment to Mr. Keenan in an amount equal to nine times his base salary as in effect immediately prior to his resignation. In addition, pursuant to the separation agreement, immediately prior to Mr. Keenan's resignation, we (i) accelerated vesting of Mr. Keenan's outstanding stock options so that such options would be exercisable for a number of shares of Common Stock equal to the number of shares of Common Stock as to which they would be exercisable if Mr. Keenan remained employed by us through October 31, 2013 and (ii) extended the period through which Mr. Keenan is entitled to exercise any vested stock options until January 31, 2015. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any filing of Carbonite, Inc. under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The primary purpose of the Audit Committee is to oversee our financial reporting processes on behalf of our Board. The Audit Committee's functions are more fully described in its charter, which is available on our website at <http://investor.carbonite.com/governance.cfm>. Management has the primary responsibility for our financial statements and reporting processes, including our systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management Carbonite's audited consolidated financial statements as of and for the fiscal year ended December 31, 2012.

The Audit Committee has discussed with Ernst & Young LLP, the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards (SAS) No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380) as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. In addition, the Audit Committee discussed with Ernst & Young LLP their independence, and received from Ernst & Young LLP the written disclosures and the letter required by Ethics and Independence Rules 3524, 3525, and 3526 of the PCAOB. Finally, the Audit Committee discussed with Ernst & Young LLP, with and without management present, the scope and results of Ernst & Young LLP's audit of such financial statements.

Based on these reviews and discussions, the Audit Committee recommended to our Board that such audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the SEC. The Audit Committee also has engaged Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 and is seeking ratification of such selection by the stockholders.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We describe below transactions and series of similar transactions, during our last fiscal year, to which we were a participant or will be a participant, in which:

the amounts involved exceeded or will exceed \$120,000; and

any of our directors, executive officers, holders of more than 5% of our Common Stock or any member of their immediate family had or will have a direct or indirect material interest.

Investors Rights Agreement

We are party to an investors rights agreement which provides that certain holders of our Common Stock have the right to demand that we file a registration statement or request that their shares be covered by a registration statement that we are otherwise filing.

Indemnification Agreement

We have entered into indemnification agreements with each of directors and executive officers which provide, among other things, that we will indemnify such directors and executive officers under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings to which he or she is or may be made a party by reason of his or her position as a director or executive officer, and otherwise to the fullest extent permitted under Delaware law and our By-Laws.

Other than as described above under this section Certain Relationships and Related Transactions, since the beginning of our last fiscal year, we have not entered into any transactions, nor are there any currently proposed transactions, between us and a related party where the amount involved exceeds, or would exceed, \$120,000, and in which any related person had or will have a direct or indirect material interest. We believe the terms of the transactions described above were comparable to terms we could have obtained in arms length dealings with unrelated third parties.

Policies and Procedures for Related Person Transactions

Our Board has adopted a written related person transaction policy that sets forth the policies and procedures for the review and approval or ratification of related person transactions. This policy is administered by our Audit Committee and covers any transaction, arrangement, or relationship, or any series of similar transactions, arrangements, or relationships, in which we were or are to be a participant, the amount involved exceeds \$50,000 and a related person had or will have a direct or indirect material interest. While the policy covers related person transactions in which the amount involved exceeds \$50,000, the policy states that related person transactions in which the amount involved exceeds \$120,000 are required to be disclosed in applicable filings as required by the Securities Act of 1933, as amended (the Securities Act), Exchange Act, and related rules. Our Board set the \$50,000 threshold for approval of related person transactions in the policy at an amount lower than that which is required to be disclosed under the Securities Act, Exchange Act, and related rules because we believe that it is appropriate for our Audit Committee to review transactions or potential transactions in which the amount involved exceeds \$50,000, as opposed to \$120,000. Pursuant to this policy, our Audit Committee will (i) review the relevant facts and circumstances of each related person transaction, including if the transaction is on terms comparable to those that could be obtained in arms-length dealings with an unrelated third party and the extent of the related party s interest in the transaction, and (ii) take into account the conflicts of interest and corporate opportunity provisions of our code of business conduct and ethics. Management will present to our Audit Committee each proposed related person transaction, including all relevant facts and circumstances relating thereto, and will update the Audit Committee as to any material changes to any related person transaction. All related person transactions may only be consummated if our Audit Committee has approved or ratified such

transaction in accordance with the guidelines set forth in the policy. Certain types of transactions have been exempted from this policy. These exempted transactions include: (i) certain compensation arrangements; (ii) transactions in the ordinary course of business where the related party's interest arises only (a) from his or her position as a director of another entity that is party to the transaction, (b) from an equity interest of less than 5% in another entity that is party to the transaction, or (c) from a limited partnership interest of less than 5%, subject to certain limitations; and (iii) transactions in the ordinary course of business where the interest of the related party arises solely from the ownership of a class of equity securities in our company where all holders of such class of equity securities will receive the same benefit on a pro rata basis. No director may participate in the approval of a related person transaction for which he or she is a related party.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements, annual reports, and notices of internet availability of proxy materials with respect to two or more stockholders sharing the same address by delivering a single copy of the applicable document(s) addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

Brokers with account holders who are Carbonite stockholders may be householding our proxy materials. A single Proxy Statement or Notice may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in householding.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Proxy Statement, Annual Report, and/or Notice you may (1) notify your broker, (2) direct your written request to: Investor Relations, Carbonite, Inc., 177 Huntington Avenue, Boston, Massachusetts 02115 or (3) contact our Investor Relations department by telephone at (617) 587-1102. Stockholders who currently receive multiple copies of the Proxy Statement and/or Notice at their address and would like to request householding of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Annual Report, Proxy Statement, and/or Notice to a stockholder at a shared address to which a single copy of the document(s) was delivered.

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

ANNUAL REPORTS

Our 2012 annual report to stockholders, including our Annual Report on Form 10-K for the year ended December 31, 2012 (which is not a part of our proxy soliciting materials), is being mailed with this Proxy Statement to those stockholders that choose to receive a copy of the proxy materials in the mail. Stockholders that received the Notice of Internet Availability of Proxy Materials can access this Proxy Statement and our 2012 annual report to stockholders at www.voteproxy.com, which does not have cookies that identify visitors to the site. Requests for copies of our 2012 annual report to stockholders and Annual Report of Form 10-K may also be directed to Investor Relations, Carbonite, Inc., 177 Huntington Avenue, Boston, Massachusetts 02115.

We have filed our Annual Report on Form 10-K for the year ended December 31, 2012 with the SEC. It is available free of charge at the SEC's web site at www.sec.gov. Upon written request by a Carbonite stockholder, we will mail without charge a copy of our Annual Report on Form 10-K, including the financial statements and financial statement schedules, but excluding exhibits to the Annual Report on Form 10-K. Exhibits to the Annual Report on Form 10-K are available upon payment of a reasonable fee, which is limited to our expenses in furnishing the requested exhibit. All requests should be directed to Investor Relations, Carbonite, Inc., 177 Huntington Avenue, Boston, Massachusetts 02115.
