Executive Compensation and Company Performance

Our executive compensation program is largely driven by our Company's performance. Below are graphical representations depicting our stock price performance over 1-year, 3-year, 5-year and 10-year periods relative to the NASDAQ and Russell 1000 indices.

Table of Contents

Table of Contents

Summary of 2013 Compensation Decisions

Over the past 12 years, ANSYS has increased its market capitalization from \$102 million at December 31, 2001 to more than \$8 billion at December 31, 2013.

Throughout this period, our executive compensation philosophy has been consistent and heavily focused on the creation of value for our stockholders. In line with our executive compensation philosophy, we emphasize performance-based compensation that is realized only through continued improved performance in the form of stock options, performance-based restricted stock units and performance-based cash bonuses, which comprise

approximately 79% of our CEO's and 79% of our other named executive officers' total compensation in Fiscal Year 2013.

The following charts depict how each element of compensation disclosed in the Summary Compensation Table on page 33 was weighted for our CEO and our other named executive officers as a group.

Table of Contents

We believe that we effectively link executive compensation to Company performance by allocating approximately 79% of our CEO's and 79% of our other named executive officers' total compensation to performance-based elements in the form of stock options (which require increased stock price and continued employment to have any value), performance-based restricted stock units (which require stock price performance relative to the NASDAQ Total Shareholder Return over successive three-year periods to be earned) and performance-based cash bonuses (which require the attainment of both financial metrics and individualized, non-financial goals on a quarterly, semi-annual and annual basis to be earned).

2013 Compensation Summary

Set forth below is the 2013 compensation for our CEO and each named executive officer. Certain elements, namely option and performance-based restricted stock unit awards, are valued pursuant to SEC and financial accounting rules and do not reflect compensation actually realized by each executive in 2013. In order for the option awards and performance-based restricted stock unit awards disclosed in the summary table to have any value, the Company's stock price must increase (in the case of options) and perform relative to the NASDAQ index (in the case of restricted stock unit awards), and both require continued employment.

PROXY STATEMENT

2014 ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Tuesday, May 20, 2014

ANNUAL MEETING AND VOTING

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of ANSYS, Inc. (the Company), for use at the Annual Meeting of Stockholders of the Company to be held on Tuesday, May 20, 2014 at 2:00 p.m. Eastern Time at the Southpointe Club, Southpointe, 360 Southpointe Boulevard in Canonsburg, Pennsylvania, and any adjournments or postponements thereof (the Annual Meeting).

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of three Class III Directors for three-year terms;
2. The compensation of our named executive officers on a non-binding, advisory basis;
3. The ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm; and
4. Such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being made available to stockholders of the Company on or about April 7, 2014 in connection with the solicitation of proxies for the Annual Meeting, and the Notice of Internet Availability of Proxy Materials is first being mailed to stockholders of the Company on or about April 7, 2014. The Board of Directors has fixed the close of business on March 21, 2014 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the Record Date). Only holders of record of the Company's Common Stock, par value \$.01 per share (the Common Stock), at the close of business on

the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were approximately 92,648,236 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 85,742 stockholders of record. Each holder of a share of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares that reflect abstentions or broker non-votes (*i.e.*, shares represented at the meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting.

The affirmative vote of holders of a majority of the votes cast by holders of shares of Common Stock present or represented by proxy and entitled to vote on the matter is required for the election of the Class III Directors. Abstentions and broker non-votes will not be counted as voting with respect to the election of the Class III Directors and, therefore, will not have an effect on the election of the Class III Directors.

The affirmative vote of the majority of the shares of Common Stock entitled to vote on the matter is required for the non-binding, advisory approval of the compensation of our named executive officers. Abstentions and broker non-votes will not be treated as votes and, accordingly, will have no effect on the outcome of the vote on this proposal.

Stockholders of the Company are requested to complete, date, sign and return their proxies in one of the following ways: use the website address shown on the proxy card and vote over the Internet; use the toll-free telephone number shown on the proxy card and vote over the telephone; or, if a stockholder has requested a paper copy of these documents,

Table of Contents

mark, date and sign the proxy card and return it in the enclosed envelope, which requires no postage if mailed in the United States. Common Stock represented by properly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If instructions are not given therein, properly executed proxies will be voted **FOR** the election of the nominees for Directors listed in this Proxy Statement, the approval on a non-binding, advisory basis of the compensation of the Company's named executive officers and the ratification of the Company's selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm. It is not anticipated that any matters other than the election of three Class III Directors, the approval of the compensation of the Company's named executive officers and the ratification of the Company's selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders. Internet and telephone voting procedures verify stockholders' identities and allow stockholders to confirm that voting has been recorded correctly. Stockholders voting over the Internet should realize that there may be additional costs with electronic access, such as usage charges from Internet access providers, which must be paid by the stockholder.

If you hold shares of our Common Stock indirectly as the beneficial owner of shares held for you by a broker or other nominee (i.e., in "street name"), you may still direct your vote without attending the Annual Meeting. You may submit voting instructions to your broker or nominee. In most instances, you will be able to do this either over the Internet, by telephone or by mail. Please refer to the voting instruction card provided by your broker or nominee.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by giving written notice of such revocation to the Secretary of the Company, or by signing and duly delivering a proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report of the Company, including financial statements for the fiscal year ended December 31, 2013 (Fiscal 2013), is being made available to stockholders of the Company concurrently with this Proxy Statement. The Annual Report, however, is not a part of the proxy solicitation material.

DISCUSSION OF PROPOSALS

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes, with three Directors in Class I, three Directors in Class II and three Directors in Class III. Directors serve for three-year terms with one class of Directors being elected by our stockholders at each annual meeting.

At the Annual Meeting, three Class III Directors will be elected to serve until the annual meeting of stockholders in 2017 and until such Directors' successors are duly elected and qualified. Based on the recommendation of our Nominating and Corporate Governance Committee, our Board of Directors has nominated James E. Cashman III, Ajei S. Gopal and William R. McDermott for re-election as Class III Directors. Unless otherwise specified in the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the re-election of Mr. Cashman, Dr. Gopal and Mr. McDermott as Directors. Proxies cannot be voted for a greater number of persons than the number of nominees named. The nominees have agreed to stand for re-election and to serve, if elected, as Directors. However, if any person nominated by our Board of Directors fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person or persons as our Board

of Directors may recommend.

Vote Required For Approval

A quorum being present, the affirmative vote of holders of a majority of the votes cast by holders of shares of Common Stock present or represented by proxy and entitled to vote on the matter is required for the election of the nominees as Class III Directors of the Company.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE *FOR* THE ELECTION OF THE NOMINEES OF THE BOARD OF DIRECTORS AS CLASS III DIRECTORS OF THE COMPANY.

PROPOSAL 2

NON-BINDING, ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

Section 14A(a)(1) of the Securities and Exchange Act of 1934, as amended (the Exchange Act) generally requires each public company to include in its proxy statement a separate resolution subject to a non-binding stockholder vote to approve the compensation of the company's named executive officers, as disclosed in its proxy statement pursuant to Item 401 of Regulation S-K, not less frequently than once every three years. This is commonly known as, and is referred to herein as, a say-on-pay proposal or resolution.

At our 2011 annual meeting of stockholders, our stockholders voted on, among other matters, a proposal regarding the frequency of holding a non-binding, advisory vote on the compensation of our named executive officers. A majority of the votes cast on the frequency proposal were cast in favor of holding a non-binding, advisory vote on the compensation of the Company's named executive officers every year, which was consistent with the recommendation of our Board of Directors. Our Board of Directors considered the voting results with respect to the frequency proposal and other factors, and the Board of Directors currently intends for the Company to hold a non-binding, advisory vote on the compensation of the Company's named executive officers every year until the next required advisory vote on the frequency of holding the non-binding, advisory vote on the compensation of our named executive officers.

As described in detail under the heading *Compensation Discussion and Analysis*, our executive compensation programs are designed to attract, retain and motivate our named executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term and strategic goals, and the realization of increased stockholder value. Please refer to the *Compensation Discussion and Analysis* in our proxy statement for additional details about our executive compensation programs, including information about the Fiscal 2013 compensation of our named executive officers.

The Compensation Committee annually reviews the compensation programs for our named executive officers to ensure that they achieve the desired goals of aligning our executive compensation structure with our stockholders interests.

The say-on-pay resolution is advisory, and therefore will not have any binding legal effect on the Company or the Compensation Committee. However, the Compensation Committee does value the opinions of our stockholders and intends to take the results of the vote on this proposal into account in its future decisions regarding the compensation of our named executive officers.

Recommendation

We are asking our stockholders to indicate their support for our named executive officers' compensation as described in this proxy statement. This say-on-pay proposal gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not limited to any specific item of compensation, but rather addresses the overall compensation of our named executive officers and our philosophy, policies and practices relating to their compensation as described in this proxy statement pursuant to Item 402 of Regulation S-K.

Vote Required for Approval

The affirmative vote of a majority of the votes cast on this proposal will be required for approval. Abstentions and broker non-votes will not be treated as votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE *FOR* THIS PROPOSAL.

Table of Contents**PROPOSAL 3****RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED****PUBLIC ACCOUNTING FIRM**

Our Board of Directors, upon the recommendation of our Audit Committee, has selected the accounting firm of Deloitte & Touche LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2014. Deloitte & Touche LLP is considered by our management to be well-qualified. A representative of Deloitte & Touche LLP will be present at our Annual Meeting, will be given the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions.

Although we are not required to submit the ratification of the selection of our independent registered public accounting firm to a vote of stockholders, our Board of Directors believes that it is sound policy to do so. In the event that the majority of the votes cast are against the selection of Deloitte & Touche LLP, our Directors will consider the vote and the reasons for it in future decisions on the selection of independent registered public accounting firms.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE *FOR* THE APPROVAL OF THE RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Board Leadership Structure

The roles of Chairman of the Board of Directors and Chief Executive Officer of the Company are separated. Mr. James E. Cashman III is the Company's Chief Executive Officer, while our Board is led by our Chairman, Mr. Peter J. Smith. Mr. Smith is the former Chief Executive Officer of the Company and has significant experience in our industry and with the Company which provides our Board with significant leadership advantages. Our Board of Directors delegates principal responsibility for its risk management and assessment functions to its Audit Committee. In addition to the Audit Committee, the Compensation Committee has primary responsibility for reviewing the impact of the Company's compensation programs upon the Company's risk management efforts. The

Company has determined that the Chair of the Audit Committee and the Chair of the Compensation Committee, Mr. Morley and Mr. Zilvitis, respectively, should not serve on the other committee with a significant area of risk management responsibility in order to further diversify the primary opinions of the quality of the Company's risk management. The Board focuses on the Company s general risk management strategy and the most significant risks facing the Company, and ensures that appropriate risk management strategies are implemented by management. The Board also receives a legal and risk update from management at each of its regular quarterly meetings.

The Board oversees the Company s risk assessment processes actively through the Audit Committee. In addition, the Audit Committee oversees the Company s annual enterprise business risk assessment and bi-annual fraud risk assessment, which are conducted by the Company s Internal Auditor, who reports directly to the Audit Committee. The annual enterprise business risk assessment reviews the Company s performance with regard to ongoing financial risks, operational risks, strategic risks and previously identified external risks, and also identifies new risks that the Company will face for each upcoming year.

Section 16(a) of the Exchange Act requires our executive officers and Directors, and persons who own more than 10% of our outstanding shares of Common Stock (collectively, Section 16 Persons), to file reports of ownership and changes in ownership with the SEC and NASDAQ. Section 16 Persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms received by us, or written representations from certain Section 16 Persons that no Section 16(a) reports were required for such persons, we believe that no Section 16 Person filed a late report during Fiscal 2013, except that one report for Mr. McDermott was filed one day late due to a change in his filing codes.

Compensation Discussion and Analysis

Overview of Compensation Program

Our Compensation Committee has responsibility for establishing, implementing and continually monitoring adherence with our compensation philosophy. Our Compensation Committee makes recommendations regarding cash compensation, bonus targets and individual goals for our CEO, James E. Cashman III, to our Board of Directors, and our Board of Directors makes final determinations regarding Mr. Cashman's cash compensation, bonus targets and individual goals. Our Compensation Committee makes final determinations regarding equity compensation for Mr. Cashman. Since each of the other named executive officers reports to Mr. Cashman, he prepares an analysis for our Compensation Committee recommending each element of the compensation to be paid to the other named executive officers. Our Compensation Committee, however, has final approval over all compensation decisions other than decisions related to the compensation of our CEO for which our Board of Directors has final approval, and may accept or adjust such recommendations as it determines to be in the best interests of the Company and its stockholders. Our Compensation Committee ensures that the total compensation paid to our named executive officers is reasonable, competitive and principally performance-based. Generally, the types of compensation and benefits provided to our named executive officers are similar to those provided to our other officers and employees.

Throughout this Proxy Statement, the individuals who served as our CEO and CFO during Fiscal 2013, as well as the other individuals included in the Summary Compensation Table on page 33, are referred to as the named executive officers or NEOs.

Objectives of Compensation Program

The main objectives of our executive compensation program are to create a competitive total rewards package based on the attainment of short-term performance objectives and long-term strategic goals and to retain and attract qualified executive officers who will lead us to long-term success and enhance stockholder value. Each element of our compensation program supports these objectives. Accordingly, our executive compensation program consists of the following three principal elements: base salary, performance-based cash bonus and performance-based equity grants in the form of stock options and restricted stock units, with an emphasis on performance-based compensation rather than base salary. Our executives are also generally eligible to participate in employee benefit and retirement plans offered by us, which currently include a 401(k) plan, an employee stock purchase plan, and health care and other insurance programs. The benefit programs available to executives are the same as those available to all other eligible employees.

Role of Compensation Committee and Executive Officers in Compensation Decisions

Our Compensation Committee is comprised solely of independent Directors who meet the independence requirements of the NASDAQ and qualify as outside directors under Section 162(m) of the Internal Revenue Code.

Our Compensation Committee makes a recommendation to our full Board of Directors regarding the compensation of our CEO, including establishing the performance goals and objectives for our CEO, evaluating our CEO's performance in light of the goals and objectives that were set, and determining and recommending to our Board the CEO's compensation based on that evaluation. Our Board of Directors makes all final decisions relating to our CEO's compensation, other than the granting of equity awards. As noted above, our CEO prepares an analysis for our Compensation Committee recommending each element of compensation to be paid to all other named executive officers, which our Compensation Committee may accept or adjust as it determines appropriate. To the extent not established by our Board of Directors, our Compensation Committee is also authorized to establish compensation and

benefits for our Chairman and for new and existing independent Directors.

Our Chairman, CEO, Vice President of Human Resources and our external compensation consultant provide advice, analysis and recommendations to our Compensation Committee.

As part of its ongoing oversight of our compensation programs, our Compensation Committee pays particular attention to the review of risks related to our reliance on equity compensation as a significant portion of the total compensation paid to our executive officers. We have determined that it is not reasonably likely that our compensation policies would have a material, adverse effect on the Company.

Table of Contents

Our Compensation Committee and our Board of Directors considered the following elements of our compensation plans and policies when evaluating whether our plans and policies encourage our executives and employees to take unreasonable risks:

Our base salary component of compensation does not encourage risk taking because it is a fixed amount.

For our performance-based cash bonus programs, awards are based in part on the achievement of at least three objective performance measures, thus diversifying the risk associated with any single indicator of performance.

Awards under our performance-based cash bonus programs are also based on qualitative individual goals and overall performance that vary depending on each executive's role, which limits the risk associated with awarding cash bonuses based on Company financial metrics.

The Company uses performance-based restricted stock units that vest over successive three-year periods as well as stock options that have a 10-year life to provide a balanced equity portfolio to executives creating a level of diversification to withstand market fluctuations that might incent unreasonable risk if holders were limited to stock options.

Assuming achievement of a threshold level of performance, payouts under our performance-based plans result in some compensation at levels below full target achievement rather than an all-or-nothing approach, which could engender excessive risk taking.

We have a Long-Term Incentive Plan which awards our executives with performance-based restricted stock units based on the performance of our Common Stock over successive three-year periods providing executives with strong incentives to increase stockholder value over the long term. This plan is capped at 100% of target awards to prevent excessive compensation or risk taking on the part of the participants.

Our Compensation Committee, or in the case of our CEO, our Board of Directors, determines achievement levels under the Company's performance-based cash bonus program in their discretion after reviewing Company and executive performance.

Our executive stock ownership policy requires executives to hold equity equal to a minimum of two times their base salary, or, in the case of our CEO, equal to a minimum of three times his base salary, and at least half of that minimum must be comprised of shares of stock, which aligns an appropriate portion of their personal wealth to our long-term performance.

Setting Executive Compensation

To achieve our compensation objectives, our Compensation Committee has structured our annual and long-term performance-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by us and reward executives for achieving such goals. In furtherance of these goals, our Compensation Committee engaged Compensia, Inc. (Compensia), an independent compensation consulting firm, to conduct a review of the total compensation program for our CEO and CFO, as well as for other key executives, for purposes of setting cash and equity compensation for Fiscal 2013.

The compensation consultants provided our Compensation Committee with relevant market data and alternatives to consider when making compensation decisions for our CEO and the recommendations made by our CEO for our CFO and other executives.

In the fourth quarter of 2012, our Compensation Committee met to set 2013 cash and equity compensation for our NEOs and to determine our internal financial targets for 2013. The Compensation Committee reviewed the compensation analysis prepared by Compensia in the fourth quarter of 2012, which considered the size and growth of the Company and benchmarked our executive compensation against select peer companies to help set our NEOs' base salaries and target bonuses. The peer companies developed by

In relation to these peer companies as of the date of the 2012 Compensia analysis, our Company was at the 21st percentile in revenue, was at the 24th percentile in number of employees, was at the 82nd percentile in operating income and was at the 63rd percentile in market capitalization.

Elements of Executive Compensation and Allocation among Elements

Our executive compensation program consists of the following three principal elements: base salary, performance-based cash bonus and performance-based equity grants in the form of stock options and restricted stock units, with an emphasis on performance-based compensation rather than base salary. Each element of compensation is chosen in order to attract and retain the necessary executive talent and to reward corporate performance by creating a balanced focus on shorter-term corporate performance and providing incentives for the attainment of long-term strategic goals and enhancing stockholder value. The allocation of each element of compensation is determined by our Compensation Committee for each executive based on the following factors:

- performance against corporate, individual and organizational objectives for the fiscal year;
- importance of particular skill sets and professional abilities to the achievement of long-term strategic goals;
- and
- contribution as a leader, corporate representative and member of the senior management team.

While we believe in structuring executive compensation plans that give our executives incentive to deliver certain objective elements of corporate financial performance over specified time periods, we do not believe in a purely mechanical approach. Instead, part of our executive compensation philosophy includes an element of reward for non-quantitative achievements demonstrated by our executives in the actions and decisions they have made throughout the year. When establishing our executive compensation plans for a given year, it is not possible to foresee all of the challenges and demands that will be made of our executives, both as a management team and in their areas of individual responsibility. We believe that, by rewarding decision-making and leadership, in addition to the achievement of quantifiable results, we are building a management team capable of creating stockholder value over the longer-term, while remaining disciplined in delivering shorter-term financial results.

The allocation of an executive officer's compensation among each of the compensation components is based on our competitive benchmarking, as appropriate, our recruiting and retention goals, our view of internal fairness and consistency and other considerations that our Compensation Committee deems relevant, such as extraordinary performance. However, our Compensation Committee does not structure compensation so that significant compensation derived from one component of compensation negates or offsets compensation from other components.

While our Compensation Committee does not have a formula for determining the appropriate allocation between cash and non-cash compensation or short-term and long-term performance-based compensation, historically our Compensation Committee has allocated a greater percentage of an employee's total compensation to performance-based equity compensation as he or she becomes more senior in the organization.

Consideration of Say-on-Pay Results

Our Compensation Committee met to determine the compensation of our NEOs for 2013 prior to our annual meeting in 2013 at which our stockholders took a non-binding advisory vote on the compensation of our executives. The Compensation Committee considered the results of the 2012 non-binding advisory say-on-pay proposal in connection with the discharge of its responsibilities regarding executive compensation after receiving those results. Because approximately 98% of our stockholders voting on the say-on-pay proposal approved the compensation of our NEOs described in our proxy statement in 2013, the Compensation Committee did not implement significant changes to our executive compensation program as a result of the stockholder advisory vote.

Table of Contents**Base Salary, Performance-Based Cash Bonus and Total Cash Compensation**

In December 2012, our Compensation Committee met to set 2013 cash and equity compensation for our NEOs and to determine our internal financial targets for 2013. As is our standard practice, the Compensation Committee reviewed the compensation analysis prepared by Compensia in the fourth quarter of 2012, which considered the size and growth of the Company and benchmarked our executive compensation against select peer companies.

Our internal financial targets for 2013 were \$900 million for internal non-GAAP revenue, \$440.3 million for internal non-GAAP operating profit and \$3.14 for internal non-GAAP earnings per share. When compared against these internal financial targets for 2013, we achieved 96% of our internal non-GAAP revenue target for 2013, 96% of our internal non-GAAP operating profit target for 2013 and 104% of our internal non-GAAP earnings per share target for 2013. We calculate internal non-GAAP revenue, internal non-GAAP operating profit and internal non-GAAP earnings per share as described in our Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC on February 27, 2014 under Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, in the sections entitled Non-GAAP Results and Non-GAAP Measures beginning on pages 34 and 35, respectively, of the Form 10-K.

Cash Compensation Generally

Base salaries are intended to provide a fixed amount of compensation for an executive's regular work and are set at appropriate market levels, while performance-based cash bonuses are designed to reward our executives for the achievement of shorter-term financial goals and individual performance objectives. Our base salary determinations principally reflect the skills and performance levels of individual executives, our needs, and pay practices of comparable public companies. We establish executive base salaries conservatively relative to an appropriate set of peers. We believe this policy sets a prudent and fiscally responsible tone for our overall base salary compensation programs, while still enabling us to attract and retain employees who can contribute to our long-term success.

Performance-based cash bonuses effectively link individual contributions to overall business and individual performance and encourage executives to increase stockholder value in both the short and long term. Our philosophy with respect to the allocation of our overachievement of earnings in the form of performance-based cash bonuses is to reward our stockholders first and then to allocate bonus payments first to our employees and then to senior management and the CEO. The amount of performance-based cash bonus payments to be awarded to all executives, including the CEO, depends upon the achievement of corporate performance in the key areas of internal non-GAAP revenue growth, operating profit and earnings per share in accordance with internal plan goals, which are established by our Board prior to the start of each fiscal year. Bonus payments up to 100% of target are based upon the achievement of these internal financial targets which have been aggressive and are not always achieved. Since 2000, the Company has failed to achieve its internal revenue target approximately as often as it has achieved it. Bonus payments exceeding 100% of target are determined based upon our overachievement of internal non-GAAP financial targets. Individual differences in payments above or below 100% of target are based on individual performance factors depending on the particular executive's role. Target bonuses for our executives range from 30% to 100% of base salary for Fiscal 2013, depending on the specific role and job responsibilities held by each of our executives. Our CEO's performance-based cash bonus is determined semi-annually and at year-end based on corporate, individual and organizational performance at mid-year and year-end. Performance-based cash bonuses for our other executive officers are determined quarterly and at year-end.

Base Salaries Awarded in 2013

Our Compensation Committee set our CEO's base salary at \$610,000 for 2013, representing a 5% increase over the CEO's 2012 base salary. Compared to the peer companies listed above, Mr. Cashman's base salary for 2013 (\$610,000) was within the mid-point range at 91% of the median (\$673,800).

In setting base salaries to be paid to all other NEOs for 2013, as discussed further above, Mr. Cashman recommended increases over 2012 levels for the base salaries of Ms. Shields, Mr. Fairbanks and Mr. Fredberg, consistent with the recommendations of the Committee's independent compensation consultant. Compared to the peer companies listed above, Ms. Shields' base salary for 2013 (\$303,649) was at 82% of the median (\$371,500), Mr. Fairbanks' base salary for 2013 (\$307,971) was at 82% of the median (\$377,100) and Mr. Fredberg's base salary for 2013 (\$258,750) was at 93% of the median (\$278,100). Mr. Abu-Hadba joined the Company in April 2013, and his base salary was set at \$325,000 consistent with market conditions and internal equity considerations. Our Compensation Committee concurred with Mr. Cashman's base salary recommendations for all NEOs.

Table of Contents*Performance-Based Cash Bonuses Awarded in 2013*

Our Compensation Committee awarded performance-based cash bonuses below 100% of target amounts for Fiscal 2013 because of our level of achievement of internal financial targets, and because of achievement of our 2013 executive bonus plan goals as approved by our Compensation Committee. Under our executive bonus plan for 2013, target bonuses were set between 30% and 100% of base salary depending on the role and individual goals for each executive. As noted above, annual bonus payments of up to 100% of target for executives are based on our level of achievement of internal financial targets, and individual differences in bonus payments for each executive depend on individual goals and overall performance.

Performance-based cash bonuses for all NEOs were awarded below 100% of target for Fiscal 2013 because the Company performed at 96% of its internal non-GAAP revenue plan, 96% of its internal non-GAAP operating profit plan and 104% of its internal non-GAAP earnings per share plan for Fiscal 2013.

Individual goals for Mr. Cashman included achievement of annual corporate operational objectives relating to internal non-GAAP revenue growth, internal non-GAAP operating profit, internal non-GAAP earnings per share, cash management and days sales outstanding. Our Compensation Committee also considered individual strategic goals relating to organic growth, partnering, merger and acquisition plans and achievement, long-term strategic plans, evolution of product roadmaps and the creation of stockholder value, as well as individual goals relating to organizational and executive development, succession planning and stockholder and Board communications. For 2013, Mr. Cashman over-achieved the corporate operational goal for internal non-GAAP earnings per share, and under-achieved the corporate operational goals for internal non-GAAP revenue and internal non-GAAP operating profit, in relation to our internal financial targets. Mr. Cashman's cash bonus award also reflects his level of over- or under-achievement of his individual goals as determined by our Compensation Committee and Board.

Individual goals for Ms. Shields in 2013 included improvements in organization and staff development, corporate governance, business operations, IT systems optimization, capital structure and business modeling, merger and acquisition activities, and oversight of the headquarters office project. Mr. Abu-Hadba joined the Company in April 2013 in the newly created position of Chief Product Officer. Individual goals for Mr. Abu-Hadba in 2013 included evolution and organization of development teams, delivery of product roadmaps on schedule, and improvement in product output efficiency and quality. Individual goals for Mr. Fairbanks in 2013 included achievement of the 2013 sales plan, delivery of a scalable, motivated, effective sales organization, short-term and long-range forecast accuracy, CRM system optimization, services growth and leveraging marketing investment. Individual goals for Mr. Fredberg in 2013 included short-term and long-range product planning, management of the marketing team and oversight of the Company's external messaging.

Ms. Shields, Mr. Abu-Hadba, Mr. Fairbanks and Mr. Fredberg each received performance-based cash bonus payments for 2013 that were below their targets because of our level of achievement of our internal non-GAAP revenue, internal operating profit and internal earnings per share financial targets, for non-quantitative achievements, and because of their level of performance in relation to the individual goals identified above.

In the aggregate for 2013, Mr. Cashman received a performance-based cash bonus of \$579,500, or 95% of his target bonus of \$610,000; Ms. Shields received a performance-based cash bonus of \$190,710, or 89% of her target bonus of \$214,500; Mr. Abu-Hadba joined the Company in April 2013 and he received a pro-rated performance-based cash bonus of \$174,848, or 91% of his pro-rated target bonus of \$191,250; Mr. Fairbanks received a performance-based cash bonus of \$227,600, or 86% of his target bonus of \$264,000; Mr. Fredberg received a performance-based cash bonus of \$113,850, or 88% of his target bonus of \$130,000. Individual differences in performance-based cash bonus payments relative to targets were based on individual performance goals described above. Our Compensation

Committee concurred with Mr. Cashman's achieved bonus recommendations for all NEOs.

Total Cash Compensation Awarded in 2013

Utilizing the peer companies developed by Compensia and listed on page 24, Mr. Cashman's targeted total cash compensation (\$1,220,000) was at 88% of the median (\$1,388,600). His actual total cash compensation (\$1,189,500) was at 86% of the median for the peer group (\$1,388,600).

Table of Contents

Compared to the peer companies developed by Compensia and listed on page 24, targeted total cash compensation for Ms. Shields was at 82% of the median (\$633,600), targeted total cash compensation for Mr. Fairbanks was at 86% of median (\$664,600) and targeted total cash compensation for Mr. Fredberg was at 98% of the median (\$397,200). Mr. Abu-Hadba joined the Company in April 2013 and his total cash compensation was established at \$568,750 consistent with market conditions and internal equity considerations. Ms. Shields' actual total cash compensation was at 77% of the median, Mr. Fairbanks' actual total cash compensation was at 80% of the median and Mr. Fredberg's actual total cash compensation was at 93% of the median.

Variations Among Executive Officer Compensation

As our CEO and President, Mr. Cashman has primary responsibility for delivering results and managing operations. Accordingly, his compensation is determined based on Company-wide financial, organizational and strategic goals. Mr. Cashman has the highest performance-based component of his target bonus relative to his base salary, reflecting his overall operational and strategic responsibilities and their direct relationship to stockholder value. Because we performed against our internal financial targets at 96% for internal non-GAAP revenue, 96% for internal non-GAAP operating profit and 104% for internal non-GAAP earnings per share and he achieved many of his individual goals, Mr. Cashman received 95% of his target bonus for 2013. In addition, it is also our Compensation Committee's intent to ensure that Mr. Cashman's interests are aligned with the interests of our stockholders, and accordingly, his compensation is heavily weighted with performance-based equity components.

As described above, our Compensation Committee also relies on benchmarking data in assessing the reasonableness of the compensation for all of the named executive officers. Despite being compensated more highly than the other named executive officers, Mr. Cashman's base salary of \$610,000 was at 91% of the median for CEOs in the peer group. Mr. Cashman's target bonus was equal to 100% of base salary, compared to the peer group median of 100% of base salary for target bonus, and he was awarded a performance-based cash bonus of \$579,500, or 95% of base salary, based on our level of achievement of our internal non-GAAP revenue, internal non-GAAP operating profit and internal non-GAAP earnings per share financial targets, and his level of achievement of his individual goals.

There are also variations among decisions relating to other executive officers based on their respective roles in the organization.

Ms. Shields, our chief financial officer, has a variable component in her target bonus that is principally tied to corporate performance because of her corporate-wide finance and administration responsibilities, including functional performance of finance, information technology, business operations and investor relations and consideration of potential acquisitions. Ms. Shields' target bonus was equal to 71% of base salary, compared to the peer group median of 65% of base salary.

Mr. Abu-Hadba, our chief product officer, has a variable component in his target bonus that is based on delivery of the product roadmap, evolution of product architecture and integration, increased development productivity, collaboration on short and long-term product plans, and development of long-term technical initiatives. Mr. Abu-Hadba's target bonus was equal to 75% of base salary.

Mr. Fairbanks, our vice president of worldwide sales and support, has a higher performance-based component in his target bonus relative to his base salary because of his responsibilities in driving sales and the heightened risk associated with his role. For example, individual goals for Mr. Fairbanks in 2013 included achievement of the 2013 sales plan, delivery of a scalable, motivated, effective sales organization, forecast accuracy, services development and marketing integration. Mr. Fairbanks' target bonus was equal to 86% of base salary, compared to the peer group median of 75% of base salary.

Mr. Fredberg, our vice president of marketing, has a variable component in his target bonus that is principally tied to the performance of the marketing team, the product planning process, public relations and marketing communications activities. Mr. Fredberg's target bonus was equal to 50% of base salary, compared with the peer group median of 45% of base salary.

Performance-Based Equity Compensation

Performance-based equity compensation is intended to align the interests of executives with long-term stockholder interests and to create incentives for executives to work cooperatively to ensure we continue our successful growth. We have no set formula or timeframe for the granting of performance-based equity awards to individual executives or employees. In determining performance-based equity grants made in 2013, our Compensation Committee set aside a pool of performance-based equity awards by considering the number of equity awards available for grant under our Option Plan and reviewing an

Table of Contents

analysis prepared by our compensation consultant to determine market and stockholder value transfer levels. Our Compensation Committee believes that performance-based equity award grants help it achieve our compensation goals by giving executives a significant, long-term interest in our success, helping to attract and retain key executives in a competitive market for executive talent and aligning the interests of executives with long-term stockholder interests, thereby enhancing stockholder value. Our Compensation Committee believes that our performance-based equity compensation policies do not create risks that are reasonably likely to have a material and adverse effect on the Company.

Our NEOs are significantly impacted by fluctuations in the world economy and the Company's stock price as the compensation plans of our NEOs are more heavily weighted with performance-based equity compared to other employees and officers, so that their interests are aligned with the interests of our stockholders. The Company experienced growth in the price of its Common Stock during 2013 as compared to 2012 and, as a result, total compensation of our NEOs was impacted accordingly.

Our Compensation Committee monitors industry trends and applicable tax, accounting and regulatory changes and may in the future, for financial, competitive or other reasons, use other performance-based equity incentive vehicles in place of or in combination with stock options and restricted stock units.

Performance-Based Equity Awards Granted for 2013

During Fiscal 2013, we granted performance-based stock options, performance-based restricted stock units (RSUs) and deferred stock units (DSUs) to acquire an aggregate of 225,715 shares of our Common Stock to our employees, officers and independent Directors, representing 0.24% of the outstanding shares of our Common Stock as of December 31, 2013. Of this aggregate amount, our five named executive officers received stock options to acquire an aggregate of 44,000 shares and 62,400 RSUs, or approximately 47% of the total equity we granted in Fiscal 2013. Our employees and other officers received an aggregate of 31,000 stock options and 31,900 RSUs equal to approximately 28% of the total equity we granted in Fiscal 2013. Our independent Directors received an aggregate of 28,000 options and 28,415 DSUs equal to approximately 25% of the total equity we granted in Fiscal 2013 pursuant to the terms of our Option Plan.

In setting the individual equity awards based on the available alternatives, our Compensation Committee considered:

- comparisons to the peer groups listed on page 24;
- longer-term performance;
- leadership potential;
- the responsibilities to be assumed by each executive in the upcoming fiscal year;
- the responsibilities of each executive in prior periods;
- existing long-term equity performance;
- the size of awards made to each executive in prior years relative to our overall performance;
- available stock for issuance under our Option Plan; and
- potential grants in future years and the projected retention incentive profile for each executive beyond 2013.

In determining the equity awards for our NEOs in 2013, our Compensation Committee considered analysis and a recommendation from Compensia that equity awards be granted in the form of performance-based restricted stock unit awards. In February 2013, Mr. Cashman, Ms. Shields, Mr. Fairbanks and Mr. Fredberg each received an equity award in the form of performance-based restricted stock units at the 50th to 75th percentile range of the grant guidelines

identified by Compensia, which our Compensation Committee determined to be appropriate levels considering the factors noted as well as our historic equity grant levels, the equity grants to the employee population generally and each executive's overall level of compensation. Mr. Abu-Hadba received an option grant and a performance-based restricted stock unit award in April 2013 in connection with his commencement of employment with us consistent with market conditions and internal equity considerations.

In addition, the Compensation Committee supported senior management's recommendation to defer decisions about further performance-based restricted stock grants and time-based restricted stock grants for Fiscal 2013 with the expectation of making awards of stock options pursuant to the Company's Option Plan in early Fiscal 2014, which would bring the total equity awards for our NEOs between the 50th and 75th percentiles of the equity grant guidelines identified by the compensation consultant.

Table of Contents*Long-Term Performance-Based Awards*

Long-term performance-based compensation is a combination of stock options and performance-based restricted stock units. The 2013 performance-based restricted stock unit grants were in aggregate between the competitive 50th and 75th percentiles for all NEOs.

Performance-Based Restricted Stock Units

Beginning in 2010, the Company established the ANSYS, Inc. Long-Term Incentive Plan (the Long-Term Incentive Plan) for executives and other employees selected for participation by our Compensation Committee. Pursuant to the Long-Term Incentive Plan, executives receive an annual target award of performance-based restricted stock units, with performance assessed by comparing the Company's Total Stockholder Return (TSR) to the NASDAQ Composite Index TSR over successive three (3) year periods. Performance targets under the Long-Term Incentive Plan are as follows:

3-Year Performance Relative to Index	Percentage of Target Award Granted
≥110%	100%
100-110%	80-100%
95-100%	50-80%
90-95%	20-50%
<90%	0%

For the three-year performance period beginning on January 1, 2013, Mr. Cashman received a target award of 24,000 performance-based restricted stock units, Ms. Shields received a target award of 11,000 performance-based restricted stock units, Mr. Fairbanks received a target award of 11,000 performance-based restricted stock units and Mr. Fredberg received a target award of 6,400 performance-based restricted stock units. Differences in performance-based restricted stock unit awards among NEOs reflect factors such as individual roles and responsibilities, past performance and execution history, experience on the management team and retention factors. No shares of stock will vest or be issued pursuant to these target awards until the end of each three-year performance period and provided performance targets are achieved.

Equity Grant Policy

In October 2006, our Compensation Committee approved and adopted the ANSYS, Inc. Equity Grant Policy effective December 31, 2006. Under our policy, all grants, and the terms and conditions thereof, are authorized and approved by our Compensation Committee and by our Board of Directors with respect to grants made to our CEO. Our Compensation Committee may authorize block grants of options or stock for employees who are not our executive officers or directors, and delegate the allocation of those awards to our CEO, CFO, General Counsel and Vice President of Human Resources. Our Compensation Committee has delegated to our CEO and Vice President of Human Resources authority to make new hire option grants of up to 10,000 options per new hire, not to exceed an aggregate of 50,000 delegated new hire option grants per calendar quarter. Our Compensation Committee must authorize and approve any changes to the terms and conditions of any grant and any exceptions to our policy.

Under our policy, grants to existing directors, officers, employees, consultants and key persons occur during open trading windows when all material information, including our earnings, has been publicly disclosed. Accordingly, the grant date for all grants will be the later of (i) forty-five (45) days after the end of each calendar quarter or the next

business day thereafter, or (ii) two (2) business days after the start of our next open trading window after the end of a calendar quarter or the next business day thereafter. No grant date shall precede the date the grant was authorized by our Compensation Committee. The grant date for delegated new hire grants shall be the last business day of the month in which the hire date occurs and shall not precede the employee's hire date.

The grant or exercise price for all grants will be the fair market value of the stock on the grant date. It is our policy to set the fair market value equal to the closing price of the stock on the grant date.

Table of Contents*Equity Ownership by Executives*

On July 25, 2007, our Committee approved Management Stock Ownership Guidelines. Under these guidelines, our CEO is required to own equity in the Company equal to a minimum of three times his or her base salary, and all other members of our senior management team are required to own equity in the Company equal to a minimum of two times their base salary, and to attain this minimum stock ownership level within four years. For purposes of this calculation, at least one half of the minimum must be comprised of shares of stock and the balance may be comprised of up to one half of the in-the-money value of an executive's stock option gains. The Management Stock Ownership Guidelines are part of our Corporate Governance Guidelines and are available on our website at www.ansys.com in the Investor Relations section under the heading Corporate Governance.

Recoupment of Compensation

On May 12, 2010, our Board of Directors established a Recoupment of Compensation policy. Under the policy, if our Board determines in its sole discretion that the Company's financial results are restated, whether in part or in their entirety, due to misconduct by one or more executive officers, the Board shall have the discretion to use commercially reasonable best efforts to remedy the misconduct and prevent its recurrence. The Board may determine, to the fullest extent permitted by law, to (i) recoup any bonus or other performance-based compensation that has been paid, (ii) cancel any equity-based awards made, and/or (iii) recoup any gains made under equity-based awards made, to any executive officer engaged in such misconduct. The Board may also take any of the actions described in the preceding sentence in the event that one of the Company's executive officers violates the terms of a non-competition agreement with the Company. The Recoupment of Compensation policy is part of our Corporate Governance Guidelines and is available on our website at www.ansys.com in the Investor Relations section under the heading Corporate Governance.

Anti-Hedging Policy

Under our Policy on Insider Trading and Insider Trading Procedures, no insider, which includes all of our Directors and NEOs, may at any time sell any securities of the Company that are not owned by such insider at the time of sale (a short sale). In addition, no insider may buy or sell puts, calls or other derivative securities of the Company, or pledge securities of the Company, at any time.

Perquisites

Some of our executives receive de minimus benefits that are not available to all of our employees. We do not provide aircraft or premium travel allowances to our executives, and we have no deferred compensation, pension arrangements, post-retirement health coverage or similar benefits for our executives.

Perquisites Provided in 2013

All of our named executive officers participated in the same Company retirement plans that are available to all of our eligible employees. Mr. Cashman, Ms. Shields, Mr. Fairbanks and Mr. Fredberg each received a Company retirement plan contribution of \$10,113. Mr. Cashman received an auto allowance of \$7,200, reimbursement for auto usage-related expenses of \$1,900 and life insurance premiums totaling \$3,430. Mr. Fairbanks received an auto allowance of \$6,000. Our corporate health and other insurance plans are the same for all eligible employees, and our executives pay the same premiums as our other employees who are enrolled in our plans.

Post-Employment Compensation

Retirement Benefits

We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our U.S.-based employees are eligible to participate in our 401(k) plan or that of one of our subsidiaries. In any plan year, we will contribute to each ANSYS, Inc. participant a matching contribution as follows: a dollar-for-dollar match for the first 3% an employee contributes to his or her 401(k) account, and a 25% match on the next 5% an employee contributes, for a maximum matching payment by us of 4.25%. All other executives are eligible to participate in the retirement plans offered generally to employees in the location where they are employed.

Table of Contents

Nonqualified Deferred Compensation

We do not provide any nonqualified defined contribution or other deferred compensation plans.

Other Post-Employment Payments

We do not provide post-employment health coverage or other benefits, except in connection with certain employment agreements, details of which are included below under Employment, Severance and Change-of-Control Agreements.

Employment, Severance and Change of Control Agreements

All of our employees, including our executive officers, are employees-at-will and as such do not have employment contracts with us, except in the case of our Chairman, CEO and some employees of our foreign or acquired subsidiaries, which is consistent with our moderately conservative compensation philosophy. We have entered into severance agreements with these individuals because of the unique situations of each of these executives.

We have an employment agreement with Mr. Smith, our Chairman, dated March 28, 1994, which was entered into in connection with his employment with us. Mr. Smith's severance payment and change of control benefits were established in 1994 and reflect competitive conditions at the time of his employment and have been maintained because his role is viewed by our Compensation Committee as critical to any change of control that could be advantageous to our stockholders. Mr. Smith's employment agreement (i) provides for an annual base salary and participation in our executive bonus plan, (ii) is for an indefinite term unless terminated by either party, (iii) provides for severance at the annual rate of \$300,000 and continuation of then-existing benefits in the event Mr. Smith's employment is terminated by us without cause or in the event of a constructive termination (as defined therein) until the earlier of one year after termination or Mr. Smith's acceptance of other employment and (iv) restricts competitive activities by Mr. Smith for one year following termination of his employment other than for cause or in the event of a constructive termination. We provided Mr. Smith with funds at the time of his employment to purchase a \$300,000 annuity resulting in payments to Mr. Smith beginning at age 62.

We have an employment agreement with Mr. Cashman, which was entered into in April 2003 based on competitive and benchmark data at that time. Mr. Cashman's severance payment and change of control benefits were established in 2003 for retention reasons and because his role is viewed by our Compensation Committee as critical to any change of control which could be advantageous to our stockholders. His payments reflect competitive comparisons made at the time to the following peer companies: Advent Software, Inc., Ansoft Corp., Business Objects SA, Cadence Design Systems Inc., Citrix Systems, Inc., Kronos Inc., Manhattan Associates, Inc., MapInfo Corp., Mentor Graphics Corp., Mercury Interactive, Moldflow Corp., MSC Software Corp., MTS Systems Corp. and Parametric Technology Corp. Mr. Cashman's employment agreement (i) provides for an annual base salary and participation in our executive bonus plan, (ii) provides for termination benefits equal to two times his combined salary and target bonus and continuation of benefits then in effect if we terminate him without cause at any time or demote or terminate him with or without cause within 180 days following a change of control of us, or if he resigns following our material breach of his employment agreement, (iii) in the case of change of control of us, provides for accelerated vesting of stock options, (iv) provides Mr. Cashman with a \$2.0 million term life insurance policy, the proceeds of which are payable to beneficiaries designated by Mr. Cashman, and (v) restricts competitive activities by Mr. Cashman for two years following the termination of his employment with us regardless of the basis of that termination. Our compensation consultant reviewed these terms in December 2006 and verified that they were in line with competitive practices.

In March 2011, Mr. Cashman's employment agreement was amended in two respects. First, the agreement was revised to include a fixed term. Prior to the amendment, Mr. Cashman's agreement would remain in place perpetually until

terminated by either party. As revised, the agreement now has a five-year term with annual renewals thereafter. At the end of the five-year term, and, if renewed, at the end of each annual renewal period thereafter, either party can give notice of its desire to terminate the agreement. If the Company chooses not to renew the agreement at the end of the term, or any annual renewal period thereafter, it would be considered a termination of the agreement without cause. Our Board of Directors made this change to the agreement in order to give it an opportunity to periodically review Mr. Cashman's employment agreement and determine whether the agreement should be renewed based on the then current circumstances. Accordingly, our Board of Directors intends to review Mr. Cashman's employment agreement at the end of the five-year term to determine whether it should be renewed, and if so, will then review the agreement on an annual basis thereafter.

Table of Contents

In addition to adding a fixed term, Mr. Cashman's agreement was amended to provide for double-trigger accelerated vesting for stock options granted to Mr. Cashman on or after February 17, 2011. Mr. Cashman's employment agreement previously provided for single-trigger acceleration of his stock options in the event of a change of control. As a result of the amendment, any stock options that were granted to Mr. Cashman prior to February 17, 2011 will continue to be subject to the single-trigger vesting provisions. However, going forward, new grants of stock options to Mr. Cashman would only become vested and exercisable under his employment agreement in connection with a change of control if Mr. Cashman's employment with the Company or its successor is terminated during the 18-month period following the change of control, and such termination by the Company is without cause or by Mr. Cashman for good reason as such terms are defined in his employment agreement.

On February 17, 2010, the Company adopted the ANSYS, Inc. Executive Severance Plan (Executive Severance Plan), for executives and other employees selected for participation by our Compensation Committee. Pursuant to the Executive Severance Plan, covered executives whose employment with the Company is terminated for any reason other than for cause or a change of control of the Company will receive a lump-sum severance payment equal to the sum of six (6) months' base salary and an amount equal to the earned, but unpaid, portion of the covered executive's target bonus, as well as twelve (12) months' health and welfare benefits and outplacement services up to \$15,000 in the aggregate. In the event the employment of a covered executive is terminated within eighteen (18) months of a change of control of the Company and without cause, the covered executive will (a) receive a lump-sum severance payment equal to the sum of twelve (12) months' base salary and an amount equal to that covered executive's target bonus, (b) receive twelve (12) months' health and welfare benefits and outplacement services up to \$15,000 in the aggregate and (c) have all outstanding stock options and other outstanding stock-based awards accelerate and become fully exercisable and non-forfeitable as of the date of such termination of employment. Ms. Shields, Mr. Abu-Hadba, Mr. Fairbanks and Mr. Fredberg currently participate in the Executive Severance Plan.

We have stock option agreements with all employees and executive officers who have been granted stock options. With the exception of option grants to Mr. Smith, Mr. Cashman and Ms. Shields prior to February 17, 2011, all of our employee stock option agreements, including those of Mr. Abu-Hadba, Mr. Fairbanks and Mr. Fredberg, are subject to double-trigger vesting, meaning that if within 18 months of a change of control, their respective employment is terminated without cause or is terminated by such employee after any adverse modification of his or her duties, principal employment location or compensation, then all stock options and performance-based restricted stock units awarded to that employee would become fully vested. Options granted to Mr. Smith, Mr. Cashman and Ms. Shields prior to February 17, 2011 are subject to single-trigger vesting and shall become fully vested in the event of a change of control of the Company. The Company implemented double trigger vesting for Mr. Smith, Mr. Cashman and Ms. Shields as of February 17, 2011 to ensure the success of any corporate transactional activities in which they may become involved and to align the terms of all members of the management team in the event of a change of control of the Company. Assuming a change of control occurred on December 31, 2013, their employment terminated on December 31, 2013, and the price per share paid in the change of control is the closing market price as of that date, Mr. Smith would have received \$1,039,715, Mr. Cashman would have received \$9,187,968, Ms. Shields would have received \$3,708,458, Mr. Abu-Hadba would have received \$1,150,960, Mr. Fairbanks would have received \$3,708,458 and Mr. Fredberg would have received \$2,930,999 in connection with the vesting of their stock options, DSUs and RSUs.

Had a change of control occurred during Fiscal 2013 and had their employment been terminated on December 31, 2013, Mr. Cashman, Ms. Shields, Mr. Abu-Hadba, Mr. Fairbanks and Mr. Fredberg would have been eligible to receive the severance payments set forth in the table entitled Potential Payments Under Employment, Severance and Change-of-Control Agreements on page 35 of this Proxy Statement.

Our Compensation Committee has implemented these change of control arrangements because it believes that such arrangements are necessary to protect the interests of our senior executives when a potential change of control could affect our executives' job security, authority or compensation and that these arrangements help us recruit and retain executive-level talent. These change of control arrangements also promote the interests of our stockholders by mitigating the senior executives' concerns about such potential matters and thereby assuring that management provides guidance to the Board of Directors and stockholders that is not related to such concerns. Our Compensation Committee considers these potential payments in tally sheet format when considering decisions on the compensation elements. In general, change of control agreements are in place to provide appropriate incentive in a change of control situation positive to stockholders. Our Compensation Committee gives significantly greater weight to Company performance and individual goal achievement than it does to prospective change of control payments in making compensation decisions.

- (1) The grant date fair value of the option grant was determined using a Black-Scholes option pricing model. Refer to Note 13, Stock-based Compensation beginning on page 71 of the Notes to Consolidated Financial Statements included in the Annual Report on Form 10-K filed on February 27, 2014 for the relevant assumptions used to determine the valuation of our option awards in 2013. The amount in the table reflects the dollar amount that will be recognized for financial statement reporting purposes over the four-year vesting period, computed in accordance with accounting guidance for stock-based compensation. The grant date fair value of the performance-based restricted stock awards was determined based on a price per share which was the closing price of the Company's common stock on the date of grant. These amounts reflect the fair values of these awards on the

grant date, and do not correspond to the actual value that may be recognized by the NEOs. Our Compensation Committee authorized the grant of new hire stock option and PSU awards to Mr. Abu-Hadba at a meeting which was held on April 25, 2013. In keeping with our standard policy and practice, the awards were granted on April 30, 2013, consistent with the Company's Equity Grant Policy. The exercise price of the stock options that were awarded was \$80.86 per share, the closing price of our Common Stock on the grant date as reported on the NASDAQ Global Select Market. The terms of the options provide for vesting in four equal annual installments commencing one year from the date of grant. The options have a 10-year life.

Potential Payments under Employment, Severance and Change-of-Control Agreements

The table below sets forth the payments that the Company would be required to make in the event that any of the named executed officers was terminated (i) without cause, (ii) in the case of Mr. Cashman, if he resigns following a material breach of his employment agreement by the Company or if he is terminated or demoted within 180 days of a change of control, or (iii) in the case of the NEOs other than Mr. Cashman, if the employee terminated his or her employment within 18 months of a change of control for good reason.

James E. Cashman III, CEO	\$ 2,440,000	\$ 131,223	\$ 69,600	\$ 2,640,823

Joshua Fredberg, VP Marketing	\$ 194,375	\$ 1,583	\$ 15,000	\$ 210,958

- (1) Consists of accrued vacation and certain benefits.
- (2) Mr. Cashman is entitled to two years of salary, target bonus and certain benefits. The amounts set forth in this row show the aggregate payments to which he is entitled over the two-year period. Ms. Shields, Mr. Abu-Hadba, Mr. Fairbanks and Mr. Fredberg are subject to the Company's Executive Severance Plan, which entitles them to six months base salary and target bonus, twelve months of benefits and outplacement services (or, if terminated within 18 months of a change of control, twelve months base salary and target bonus, twelve months of benefits and outplacement services).

In addition to the payments set forth in the table above, upon a change in control, the named executed officers would be entitled to vesting of their options under certain circumstances as further described above under Post-Employment Compensation Employment, Severance and Change-of-Control Agreements.

Mr. Cashman and Ms. Shields are subject to single-trigger vesting of stock options granted prior to February 17, 2011, so upon a change of control, all of those options would immediately vest. Assuming a change of control occurred on December 31, 2013 and that the price per share is the closing market price as of that date, Mr. Cashman would have received \$716,813 and Ms. Shields would have received \$296,283. In addition, Mr. Cashman and Ms. Shields are subject to double trigger vesting for RSUs and stock options granted on or after February 17, 2011. Assuming a change of control occurred and termination of employment on December 31, 2013, and that the price per share is the closing market price as of that date, Mr. Cashman and Ms. Shields would have received an additional \$8,471,155 and \$3,412,175, respectively.

Table of Contents

Each of Mr. Abu-Hadba, Mr. Fairbanks and Mr. Fredberg are subject to double-trigger vesting for RSUs and stock options. Assuming a change of control occurred and termination of employment on December 31, 2013 and that the price per share is the closing market price as of that date, Mr. Abu-Hadba, Mr. Fairbanks and Mr. Fredberg would have received \$1,150,960, \$3,708,458 and \$2,930,999, respectively.

Compensation Consultant

In 2013, our Compensation Committee retained Compensia and directed Compensia to prepare a competitive assessment of our CEO and executive officer compensation program and our director compensation program. In preparing each of its analyses, Compensia developed a peer group of public companies consisting of firms comparable in size and industry to ours, and analyzed our relative performance in terms of revenue, number of employees, operating income and market capitalization. Our Compensation Committee considered the recommendations of Compensia when making executive compensation decisions in Fiscal 2013.

Tax and Accounting Considerations

The Internal Revenue Code of 1986, as amended, limits the federal income tax deductibility of compensation paid to the Company's CEO and the three highest compensated executive officers. For this purpose, compensation can include, in addition to cash compensation, the difference between the exercise price of stock options and the value of the underlying stock on the date of exercise. The Company may deduct compensation with respect to any of these individuals only to the extent that during any fiscal year such compensation does not exceed \$1 million or meets certain other conditions (such as stockholder approval). Considering the Company's current compensation plans and policy, the Company and the Compensation Committee believe that, for the near future, there is little risk that the Company will lose any significant tax deductions relating to executive compensation. We reserve the right, however, to use our judgment to modify the Company's compensation plans and policies to maximize deductibility, and to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions or the officer's performance.

Compensation Committee Report

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis (the CD&A) for Fiscal 2013 with management, and has recommended to our Board of Directors that the CD&A be included in our proxy statement for Fiscal 2013, and be incorporated by reference in our Annual Report on Form 10-K for Fiscal 2013 for filing with the Securities and Exchange Commission.
