Table of Contents**BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD****Board structure and committee composition**

We have an Audit Committee and a Compensation Committee with the composition and responsibilities described below. Each committee operates under a charter that has been approved by our Board of Directors. A copy of each charter can be found by clicking on [Corporate Governance](#) in the Investor Relations section of our website, www.brighthorizons.com. The members of each committee are appointed by the Board of Directors and each member serves until his or her successor is elected and qualified, unless he or she is earlier removed or resigns. In addition, from time to time, special committees may be established under the direction of the Board of Directors when necessary to address specific issues.

Because we are taking advantage of exceptions applicable to [controlled companies](#) under the New York Stock Exchange (the [NYSE](#)) listing rules, we do not have a majority of independent directors, we do not have a nominating committee, and our Compensation Committee is not composed entirely of independent directors as defined under such rules. The responsibilities that would otherwise be undertaken by a nominating committee will be undertaken by our Board of Directors, or at its discretion, by a special committee established under the direction of our Board of Directors. The controlled company exception does not modify the independence requirements for our Audit Committee. The rules applicable to our Audit Committee require that our Audit Committee be composed of at least three members, a majority of whom were required to be independent within 90 days of the completion of our initial public offering, and all of whom were required to be independent prior to January 25, 2014. Each member of our Audit Committee currently qualifies as independent under these rules.

Our Board of Directors held four meetings in fiscal 2013. During fiscal 2013, each director attended at least 75% of the Board meetings and the total meetings held by all of the committees on which he or she served during the periods that he or she served with the exception of Roger Brown, who attended two of the four Board meetings.

During fiscal 2013, the Board of Directors had two standing committees: the Audit Committee and the Compensation Committee. The table below provides information about the membership of these committees during fiscal 2013:

Review and approve all related party transactions.

Discuss with management and the outside auditors significant financial reporting issues and judgments made in connection with the preparation of our financial statements, including any significant changes in our selection or application of accounting principles, any major issues as to the adequacy of our internal controls and any special steps adopted in light of material control deficiencies.

Our Board of Directors has determined that Mr. Alleva, Mr. Duncan and Ms. Kondracke are independent directors pursuant Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the Exchange Act), and Section 303A.02 of the New York Stock Exchange Listed Company Manual. Mr. Alleva is also an audit committee financial expert within the meaning of Item 407 of Regulation S-K, and serves as chair of the Audit Committee. A copy of the charter, which satisfies the applicable standards of the Securities and Exchange Commission (the SEC) and the NYSE is available on our website.

Compensation Committee

The purpose of the Compensation Committee is to assist the Board of Directors in fulfilling its responsibilities relating to oversight of the compensation of our directors, executive officers and other employees and the administration of our benefits and equity-based compensation programs. The Compensation Committee reviews and recommends to our Board of Directors compensation plans, policies and programs and approves specific compensation levels for all executive officers. The Compensation Committee consists of Joshua Bekenstein, Jordan Hitch and David Humphrey. A copy of the charter, which satisfies the applicable standards of the Securities and Exchange Commission (the SEC) and the NYSE is available on our website. Pursuant to its charter, the Compensation Committee may delegate to subcommittees of the Compensation Committee any of the responsibilities of the full committee.

most significant risks applicable to Bright Horizons. The Board administers its risk oversight role directly and through its committee structure and the committees' regular reports to the Board at Board meetings. The Board reviews strategic, financial and execution risks and exposures associated with the annual plan and multi-year plans, major litigation and other matters that may present material risk to the Company's operations, plans, prospects or the Company's reputation, acquisitions and divestitures and senior management succession planning. The Audit Committee reviews risks associated with financial and accounting matters, including financial reporting, accounting, disclosure, internal controls over financial reporting, ethics and compliance programs, regulatory compliance, and data security. The Compensation Committee reviews risks related to executive compensation and the design of compensation programs, plans and arrangements.

PROPOSAL 1

ELECTION OF DIRECTORS

Bright Horizons has a classified Board of Directors currently consisting of three Directors with terms expiring in 2014 (Class I), four Directors with terms expiring in 2015 (Class II) and four Directors with terms expiring in 2016 (Class III). At each Annual Meeting of Shareholders, Directors in one class are elected for a full term of three years to succeed those Directors whose terms are expiring. This year, the three Class I Director nominees will stand for election to a three-year term expiring at the 2017 Annual Meeting. The persons named in the enclosed proxy will vote to elect David Lissy, David Humphrey and Sara Lawrence-Lightfoot as Directors unless the Proxy is marked otherwise. Each of the nominees has indicated his or her willingness to serve, if elected. However, if a nominee should be unable to serve, the shares of common stock represented by proxies may be voted for a substitute nominee designated by the Board. Management has no reason to believe that any of the above-mentioned nominees will not serve his or her term as a director.

We seek nominees with established strong professional reputations, sophistication, business acumen and experience in multi-site operations and/or contracted business services in the employee benefits arena. We also seek nominees with experience in substantive areas that are important to our business such as international operations; accounting, finance and capital structure; strategic planning and leadership of complex organizations; human resources and development practices; and strategy and innovation. Our nominees hold or have held senior executive positions in large, complex organizations or in businesses related to important substantive areas, and in these positions have also gained experience in core management skills and substantive areas relevant to our business. Our nominees also have experience serving on boards of directors and board committees of other organizations, and each of our nominees has an understanding of public company corporate governance practices and trends.

In addition, all of our nominees have prior service on our Board, which has provided them with significant exposure to both our business and the industry in which we compete. We believe that all our nominees possess the professional and personal qualifications necessary for board service, and we have highlighted particularly noteworthy attributes for each director in the individual biographies below.

Nominees for Election for Terms Expiring in 2017 (Class I Directors)

The individuals listed below have been nominated and are standing for election at this year's Annual Meeting. If elected, they will hold office until our 2017 Annual Meeting of Shareholders and until their successors are duly elected and qualified. Your Board of Directors unanimously recommends that you vote FOR the election of each of the nominees as director.

CORPORATE GOVERNANCE

Board Independence. Our Corporate Governance Guidelines provide that our Board of Directors shall consist of such number of directors who are independent as is required and determined in accordance with applicable laws and regulations and requirements of the NYSE. The Board evaluates any relationships of each director and nominee with Bright Horizons and makes an affirmative determination whether or not such director or nominee is independent. Under our Corporate Governance Guidelines, an independent director is one who meets the qualification requirements for being an independent director under applicable laws and the corporate governance listing standards of the NYSE. Our Board reviews any transactions and relationships between each non-management director or any member of his or her immediate family and Bright Horizons. The purpose of this review is to determine whether there were any such relationships or transactions and, if so, whether they were inconsistent with a determination that the director was independent. As a result of this review, our Board has affirmatively determined that Mr. Alleva, Mr. Duncan, Ms. Kondracke and Ms. Lawrence-Lightfoot are independent under the governance and listing standards of the NYSE.

Diversity and Board Expertise. We seek to have a Board that represents diversity as to experience, gender and ethnicity/race, but we do not have a formal policy with respect to diversity. We also seek a Board that reflects a range of talents, ages, skills, character and expertise, particularly in the areas of accounting and finance, management, domestic and international markets, leadership and corporate governance and the child care, education and related industries in which we operate sufficient to provide sound and prudent guidance with respect to our operations and interests. All of our directors are financially literate, and one member of our Audit Committee is an audit committee financial expert.

Board Annual Performance Reviews. Our Corporate Governance Guidelines provides that the Board shall be responsible for annually conducting a self-evaluation of the Board as a whole. In addition, the written charter of the Audit Committee provides that it shall evaluate its performance on an annual basis.

Board Nominees. Under our Corporate Governance Guidelines, the Board is responsible for identifying and reviewing candidates for director positions and for selecting its own members for election by the stockholders. The Corporate Governance Guidelines provide that the Board shall review the appropriate skills and characteristics required of Board members in the context of its current make-up. It is the policy of the Board that directors should possess the highest personal and professional ethics, integrity and values. Board members are expected to become and remain informed about the Company, its business and its industry and rigorously prepare for, attend and participate in all Board and applicable committee meetings. The committee evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best perpetuate the success of our business and represent shareholder interests through the exercise of sound judgment using its diversity of experience. In addition, the Board considers, in light of our business, each director nominee's experience, qualifications, attributes and skills that are identified in the biographical information contained under Proposal 1 Election of Directors.

The Board considers properly submitted recommendations for candidates to the Board of Directors from shareholders. Any shareholder may submit in writing one candidate for consideration for each shareholder meeting at which directors are to be elected by not later than the 120th calendar day before the first anniversary of the date that we released our proxy statement to shareholders in connection with the previous year's annual meeting. Any shareholder recommendations for consideration by the Board should include the candidate's name, biographical information, information regarding any relationships between the candidate and Bright Horizons within the last three years, a statement of recommendation of the candidate from the shareholder, a description of our shares beneficially owned by the shareholder, a description of all arrangements between the candidate and the recommending shareholder and any other person pursuant to which the candidate is being recommended, a written indication of the candidate's willingness to serve on the Board of Directors, any other information required to be provided under securities laws and

regulations, and a written indication to provide such other information as the Board may reasonably request. Recommendations should be sent to Stephen Dreier, Corporate Secretary, Bright Horizons Family Solutions Inc., 200 Talcott Avenue South, Watertown, MA 02472. The Board

evaluates candidates for the position of director recommended by shareholders or others in the same manner as candidates from other sources. The Board will determine whether to interview any candidates and may seek additional information about candidates from third-party sources.

Board Leadership Structure. Under our Corporate Governance Guidelines, our Board may select a Chairman of the Board of Directors at any time, who may also be an executive officer of the Company. The Board has currently chosen to separate the roles of Chairman and Chief Executive Officer. Linda Mason, our current non-executive Chairman of the Board of Directors, co-founded Bright Horizons in 1986 and served as director and president from 1986 to 1998 and as director and Chairman of the Board since 1998. The Board believes that the separate roles of Ms. Mason and Mr. Lissy, our Chief Executive Officer, are in the best interest of Bright Horizons and its stockholders. Ms. Mason has wide-ranging, in-depth knowledge of our business arising from her many years of service to Bright Horizons and, as a result, provides effective leadership for the Board and support for Mr. Lissy and other management. The structure permits Mr. Lissy to devote his attention to leading Bright Horizons and focusing on our business strategy.

Policies Relating to Directors. It is our policy that directors, other than the Chief Executive Officer, who are also employees of the Company must retire from the Board at the same time they retire from employment with the Company. In addition, it is our policy that directors who retire or otherwise change from the principal occupation or background association they held when they were originally invited to the Board should volunteer to resign from the Board. The Board does not believe that such directors should necessarily leave the Board, but it is our policy that there should be an opportunity for the Board to review the continued appropriateness of that director's membership under the circumstances. We encourage each of our directors to attend the Annual Meeting of Shareholders.

Code of Business Ethics and Conduct. We have adopted a written Code of Business Conduct and Ethics Applicable to all Directors, Officers and Employees and a written Code of Ethics for Senior Managers and Financial Officers, which are designed to ensure that our business is conducted with integrity. These codes cover, among other things, professional conduct, conflicts of interest, accurate recordkeeping and reporting, public communications and the protection of confidential information, as well as adherence to laws and regulations applicable to the conduct of our business. Copies of these codes can be found by clicking on [Corporate Governance](#) in the Investor Relations section of our website, www.brighthorizons.com. We intend to disclose any future amendments to, or waivers from, these codes of ethics for Bright Horizons executive officers within four business days of the waiver or amendment through a website posting or by filing a Current Report on Form 8-K with the SEC.

Communications with Directors. Security holders and other interested parties may communicate directly with the Board, the non-management directors or the independent directors as a group, or specified individual directors by writing to such individual or group c/o Office of the Corporate Secretary, Bright Horizons Family Solutions Inc., 200 Talcott Avenue South, Watertown, Massachusetts 02472. The Secretary will forward such communications to the relevant group or individual at or prior to the next meeting of the Board.

Online Availability of Information. TRANSACTIONS WITH RELATED PERSONS

Arrangements with Our Investors

In 2008, in connection with our going private transaction we entered into a stockholders agreement and a registration rights agreement with certain of the stockholders of the Company. These agreements contained provisions relating to election of directors, participation rights, restrictions on transfer of shares, tag along rights, drag along rights, a call right exercisable by us upon departure of a manager, a right of first offer upon disposition of shares, registration rights and other actions requiring the approval of stockholders. In addition, we entered into a management agreement with an affiliate of the Bain Capital Partners, LLC (the Sponsor) for the provision of certain consulting and management advisory services to us.

Stockholders Agreement

In connection with our going private transaction, we entered into a stockholders agreement with the Sponsor and certain other investors, stockholders and executive officers. In connection with the consummation of our initial public offering in January 2013, the provisions of the stockholders agreement, other than those relating to lock-up obligations in connection with registered offerings of our securities, terminated in accordance with the terms of the stockholders agreement, and the agreement was amended and restated to eliminate the terminated provisions. Our amended and restated stockholders agreement obligates the stockholders parties thereto, subject to the limited exceptions described in the amended and restated stockholders agreement, to enter into customary lock-up agreements with the underwriters in the event of underwritten public offerings of our shares of common stock.

Prior to our initial public offering, the stockholders agreement contained provisions relating to (i) voting of shares, which generally required each stockholder to vote in favor of the election of the directors designated by the Sponsor and also to vote in the same manner as the Sponsor to approve any sale, recapitalization, merger or other acquisition transaction, (ii) restrictions on transfer of shares, which generally prohibited stockholders from transferring shares of common stock other than in connection with a tag along right, a drag along transaction, our exercise of a call right upon departure of a manager, or otherwise in limited circumstances to affiliates or for estate planning purposes, (iii) tag along rights in connection with any sale of shares by the Sponsor, (iv) drag along rights in favor of the Sponsor in connection with any sale of at least 20% of the shares held by the Sponsor, and (v) a call right exercisable by us upon departure of a manager at a price per share that depended upon whether the manager's employment terminated with or without cause and whether the manager had violated any non-competition obligation owed to us. Each of our current directors has been elected in accordance with the terms of the stockholder agreement. All of the foregoing provisions of the stockholders agreement terminated, in accordance with their terms, upon the closing of our initial public offering and are not included in the amended and restated stockholders agreement.

Registration Rights Agreement

In connection with our going private transaction, we entered into a registration rights agreement with the Sponsor and certain other stockholders. In connection with the consummation of our initial public offering, the registration rights agreement was amended. The registration rights agreement, as amended, provides the Sponsor with certain demand registration rights following the expiration of any applicable lockup period in respect of the shares of our common stock held by them. In addition, if we from time to time register additional shares of common stock for sale to the public, we are required to give notice of such registration to the Sponsor and the other stockholders party to the agreement of our intention to effect such a registration, and, subject to certain limitations, the Sponsor and such holders have piggyback registration rights providing them with the right to require us to include shares of common stock held by them in such registration. We are required to bear the registration expenses, other than underwriting

discounts and commissions and transfer taxes, associated with any registration of shares by the Sponsor or other holders described above.

Table of Contents

The registration rights agreement includes customary indemnification provisions in favor of any person who is or might be deemed a controlling person within the meaning of Section 15 of the Securities Act of 1933, as amended (the Securities Act), or Section 20 of the Exchange Act and related parties against liabilities under the Securities Act incurred in connection with the registration of any of our debt or equity securities. These provisions provide indemnification against certain liabilities arising under the Securities Act and certain liabilities resulting from violations of other applicable laws in connection with any filing or other disclosure made by us under the securities laws relating to any such registrations. We have agreed to reimburse such persons for any legal or other expenses incurred in connection with investigating or defending any such liability, action or proceeding, except that we will not be required to indemnify any such person or reimburse related legal or other expenses if such loss or expense arises out of or is based on any untrue statement or omission made in reliance upon and in conformity with written information provided by such person.

Management Agreement

In connection with the going private transaction, we entered into a management agreement with the Sponsor pursuant to which the Sponsor provided us with certain consulting and management advisory services. In exchange for these services, we paid an aggregate annual management fee equal to \$2.5 million, and we reimbursed the Sponsor for out-of-pocket expenses incurred by it, its members, or its affiliates in connection with the provision of services pursuant to the management agreement, which totaled less than \$20,000 per year in 2011, 2012 and 2013. In addition, the Sponsor was entitled to a transaction fee in connection with any financing, acquisition, disposition or change of control transaction equal to 1% of the gross transaction value, including assumed liabilities, for such transaction. The Sponsor did not receive any transaction fees under the management agreement in 2010, 2011 or 2012 and in connection with the termination of the management agreement, the Sponsor waived any right to receive a transaction fee under the management agreement in connection with the initial public offering.

The management agreement included customary exculpation and indemnification provisions in favor of the Sponsor and its affiliates. The management agreement terminated immediately prior to our initial public offering in exchange for a payment to the Sponsor of approximately \$7.5 million. The indemnification and exculpation provisions in favor of the Sponsor and its affiliates survive such termination.

Policies and procedures for related party transactions

We believe that we executed all of the transactions set forth above on terms no less favorable to us than we could have obtained from unaffiliated third parties. It is our intention to ensure that all future transactions between us and our officers, directors and principal stockholders and their affiliates, are approved by the Audit Committee, and are on terms no less favorable to us than those that we could obtain from unaffiliated third parties. In addition, the Company's Code of Ethics for Senior Managers and Financial Officers states that such employees may not (i) own an interest in a company that competes or does business with the Company or (ii) participate in a joint venture, partnership or other business arrangement with the Company, in each case without the prior written approval of the Company's Compliance Officer.

These rules generally attribute beneficial ownership of shares to persons who possess sole or shared voting or investment power with respect to such shares. The information does not necessarily indicate beneficial ownership for any other purpose. Under these rules, the number of shares of common stock deemed outstanding includes shares issuable upon exercise of options and held by the respective person or group which may be exercised or converted within 60 days after March 31, 2014. These shares are deemed to be outstanding and beneficially owned by the person holding those options for the purpose of computing the percentage ownership of that person or entity, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person or entity.

Unless otherwise indicated below, the address for each listed director, officer and stockholder is c/o Bright Horizons Family Solutions Inc., 200 Talcott Avenue South, Watertown, Massachusetts 02472. The inclusion in the following table of those shares, however, does not constitute an admission that the named stockholder is a direct or indirect beneficial owner. Section 16(a) of the Exchange Act requires our directors, executive officers and holders of 10% or more of our common stock to file reports of holdings and transactions in our common stock with the SEC. To facilitate compliance, we have undertaken the responsibility to prepare and file these reports on behalf of our officers and directors. Based on our records and other information, all reports were timely filed during 2013, except for a delay in reporting a purchase of shares by Lawrence M. Alleva, a director, in November 2013. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This discussion describes our compensation philosophy, principles and practices with respect to the compensation of the below listed executive officers (referred to as our named executive officers):

David H. Lissy	Chief Executive Officer
Mary Ann Tocio	President and Chief Operating Officer
Elizabeth J. Boland	Chief Financial Officer
Danroy T. Henry	Chief Human Resources Officer
Stephen I. Dreier	Chief Administrative Officer and Secretary

Overview of Compensation

Our named executive officers' compensation is determined by our compensation committee and is reviewed annually. Our executive compensation program is designed to attract and retain high-quality leadership and incentivize our executive officers and other key employees to achieve company performance goals and strong individual performance over the short- and long-term. Our pay-for-performance approach to executive compensation places a greater emphasis on long-term equity incentive grants than on other forms of compensation, reflecting our focus on long-term value creation and serving to align the interests of our executive officers with those of our shareholders.

Fiscal 2013 Performance and Company Highlights

The Company achieved strong financial results in fiscal 2013 and successfully completed a number of operational and strategic activities during the year, and we believe that our named executive officers were instrumental in helping us achieve these results. Key aspects of our overall financial, operating and strategic performance include:

Financial performance: Our revenue growth of \$148 million in 2013 exceeded our planned revenue growth of \$109 million, and our EBITDA growth of \$31.7 million met our targeted growth of \$31.2 million for 2013.

Successful completion of initial public offering: In January 2013, we successfully completed an initial public offering of our common stock, and our common stock became listed on the New York Stock Exchange under the symbol BFAM.

Successful refinancing of indebtedness: In January 2013, we successfully refinanced all of our outstanding debt in conjunction with our initial public offering on terms deemed favorable by our board of directors, including a lower interest rate.

Completion of two multi-site acquisitions: During 2013, we completed the acquisition of Kidsunlimited Group Limited, an operator of 64 child care centers in the United Kingdom, and Children's Choice Learning

Centers, Inc., an operator of 49 child care centers in the United States.

Effect of Fiscal 2013 Performance on 2013 Compensation

The primary performance consideration in evaluating the 2013 annual cash bonuses of our named executive officers was the achievement of planned revenue growth and targeted growth in EBITDA, which for this purpose means earnings before interest, taxes, depreciation, amortization, straight line rent expense, stock compensation expense, transaction and integration costs, and the Sponsor management fee. In addition, the strategic and tactical decisions employed by our named executive officers to achieve the revenue and EBITDA targets were considered, along with the other factors described below in our discussion of annual cash bonuses, in deciding the individual portion of each executive's bonus. EBITDA is a non-GAAP financial measure.

Compensation Philosophy, Objectives, and Process

Our compensation philosophy centers on:

Pay for Performance: Compensation should be tied to the achievement of financial targets and operating and strategic goals.

Equity Ownership: A significant part of our compensation program is in the form of equity-based awards. These awards serve to align the interests of our executive officers with those of our shareholders, encourage long-term retention and incentivize long-term value creation.

Individual Performance: Compensation should take into account and reward individual performance and contribution to our success.

Role of the Compensation Committee, Chief Executive Officer, and President. Our compensation committee oversees our executive compensation program and is responsible for approving the compensation paid to, and the agreements entered into with, our executive officers, including our named executive officers. This committee's roles and responsibilities are set forth in a written charter adopted by our board of directors, which can be found online at <http://investors.brighthorizons.com> under Corporate Governance. Our compensation committee determines the base salary, cash incentive compensation, and equity compensation of our executive officers, including our named executive officers.

Our compensation committee applies the same general principles to the compensation-related decisions regarding all of our named executive officers. Our Chief Executive Officer, Mr. Lissy, and our President and Chief Operating Officer, Ms. Tocio, provide recommendations to our compensation committee with respect to compensation-related decisions for Ms. Boland and Messrs. Henry and Dreier, including base salary adjustments, target annual cash bonus awards and equity-awards, and also provide their assessment of each officer's individual performance. Our compensation committee considers their recommendations as one factor when making decisions regarding the compensation of these named executive officers. Although we may decide to do so in the future, neither the Company nor our compensation committee currently uses a compensation consultant or benchmarking comparison data to assist in the determination in the compensation of our named executive officers or directors.

Our board of directors has responsibility for approving, after receiving the recommendation or approval of our compensation committee, equity awards granted to our executive officers in order to qualify these awards as exempt awards under Section 16 of the Securities Exchange Act of 1934, as amended.

Elements of Executive Compensation

The compensation of our named executive officers consists of a base salary, an annual cash bonus, equity awards and employee benefits that are generally made available to all salaried employees. Our named executive officers are also entitled to certain compensation and benefits upon a qualifying termination of employment pursuant to severance agreements.

Base Salary. Base salaries for our named executive officers are determined based on the scope of each officer's responsibilities along with his or her respective experience and contributions to the Company. It is our philosophy to

maintain a conservative level of base cash compensation, with greater emphasis over time placed on long-term incentive compensation. Base salaries for our named executive officers are reviewed annually by our compensation committee. When reviewing base salaries for increase, our compensation committee takes into account such factors as each officer's experience and individual performance, the Company's performance as a whole and general industry conditions, but does not assign any specific weighting to any factor. Consistent with the philosophy of maintaining a conservative level of base compensation, we have generally awarded limited base salary increases on an annual basis. For 2013, after we prepared the Company's annual budget, our compensation committee decided to approve an increase of 3% in the base salaries of each of our named executive officers, in line with the company-wide targeted salary increase of 3% proposed by management in our operating budget.

Table of Contents

Annual Cash Bonus. Our annual cash bonus program was established to promote and reward the achievement of key strategic and business goals as well as individual performance and is designed to motivate our executive officers to meet or exceed annual performance goals. Each named executive officer receives a target award opportunity under this program that is expressed as a percentage of the executive's base salary. Each executive's target is established by our compensation committee based on the individual's scope of responsibilities and his or her potential contributions to the achievement of the Company's strategic goals.

For fiscal 2013, Mr. Lissy and Ms. Tocio each had a target cash incentive award of 120% of base salary, Ms. Boland had a target cash incentive award of 60% of base salary, Mr. Henry had a target cash incentive award of 40% of base salary and Mr. Dreier had a target cash incentive award of 35% of base salary. For fiscal 2013, fifty percent of the cash incentive awards granted to our named executive officers was based on the achievement of pre-established corporate goals and fifty percent was based on a qualitative assessment of each individual's performance with primary emphasis on the achievement of individual goals communicated at the beginning of the fiscal year. These individual goals varied across our named executive officers but generally encompassed:

Leadership skills and strategic vision

Strategic planning and execution

Culture/brand building and integration of acquisitions

Employee, parent and client satisfaction

Innovation and change management

Succession planning and employee development

External relations, including awards and recognition, and civic involvement

Board and committee relations

Demonstrated ethics and values in line with those of our company

The portion of each named executive officer's bonus that is based on corporate performance is subject to an adjustment that could increase or decrease the amount earned proportionately based on whether or not the Company's performance for the year was above or below the target and by how much. The maximum amount of the increase or decrease resulting from the adjustment is not capped.

Consistent with previous years, our compensation committee chose growth in EBITDA as the corporate performance metric for fiscal 2013. Our compensation committee selected EBITDA because it believes that it reflects the Company's cash flow generation on a consistent basis and as such is also the best overall indicator of the Company's operational performance. At the beginning of our fiscal year, our compensation committee established a corporate performance goal of \$31.2 million growth in EBITDA from fiscal 2012. This goal was successfully met as the actual increase in EBITDA during 2013 was \$31.7 million.

During the first quarter of 2014, our compensation committee evaluated the performance of each of our named executive officers during the 2013 fiscal year. In this evaluation, our compensation committee considered the various leadership and business factors outlined above, including leadership, strategic planning and execution, strategic vision and leadership skills, customer satisfaction, diversity and stability of growth, culture and employee satisfaction, innovation, communication skills, board of directors relations and presentations, ethics and values and succession planning. In addition, our compensation committee also considered the Company's overall financial performance in 2013, as measured by revenue growth and growth in EBITDA, and the contributions of our named executive officers toward our successful initial public offering and refinancing of our indebtedness, together with feedback from internal employee and external client surveys. After considering these factors, our compensation committee determined that the financial target was met and that each of the named executive officers would receive 100% of their target annual bonus for 2013 under our annual cash bonus plan.

Equity Awards. The largest single component of our executive compensation program is the periodic granting of equity-based awards, historically in the form of stock options with multi-year vesting conditions. We consider stock options to be performance-based because no value is created unless the value of our common stock appreciates after grant and the same value is created for our shareholders. These equity-based awards have served both to align the interests of our named executive officers with those of our shareholders and to encourage retention and promote a longer-term, strategic view. In addition, to incentivize our named executive officers to achieve certain pre-established performance metrics, we have also granted stock options with performance-based vesting conditions.

In September 2008, in connection with our going-private transaction, each of our named executive officers received a grant of stock options that had a significant grant date value. At the time they were awarded, these option grants were intended to provide the sole source of private-company, equity-based compensation for our executives and no additional equity awards were contemplated in the near- or mid-term. One-half of the total stock options granted to our named executive officers in 2008 were subject to time-based vesting only and the other half were subject to time- and performance-based vesting. The awards that were subject to time and performance-based vesting fully vest and become exercisable upon a liquidity-event (including a change in control of the Company or an initial public offering) or the termination of the executive's employment (other than in connection with a breach by the executive of any restrictive covenants). The performance condition for these options was fully satisfied in connection with our initial public offering in January 2013.

Upon the closing of our initial public offering on January 25, 2013, our board of directors granted each of Messrs. Lissy and Henry and Ms. Tocio and Boland an option award with time-based vesting to encourage retention following our initial public offering. The awards were granted under our 2012 Omnibus Long Term Incentive Plan. At the time these awards were made, our board of directors had not yet adopted an equity program for our named executive officers. Rather, our board of directors determined the amount of each new award in January 2013 based upon each officer's respective contribution to the strategic and tactical planning and successful completion of our initial public offering and the refinancing of our indebtedness. Consistent with our general approach of compensating Mr. Lissy, our Chief Executive Officer and Ms. Tocio, our President and Chief Operating Officer, at generally comparable levels, our board of directors granted them an award of the same size. Also consistent with our general approach to executive compensation, the other named executive officers received awards reflective of their positions, responsibilities and seniority within the Company. The awards represented an approximate grant date value of 250% of annual salary for the Chief Executive Officer and the President and Chief Operating Officer, an approximate grant date value of 165% of annual salary for the Chief Financial Officer and an approximate grant date value of 125% of annual salary for the Chief Human Resources Officer. Our board of directors determined that it would consider future awards for the Chief Administrative Officer in conjunction with the adoption of an equity program for all named executive officers at a later date.

In January 2014, our compensation committee approved an equity compensation program for our named executive officers, which permits our named executive officers to choose to receive their annual equity award under our 2012 Omnibus Long-Term Incentive Plan in the form of non-qualified stock options, purchased restricted stock, or a combination of the two. Our compensation committee approved annual equity awards with targeted values of 200% of annual salary for Mr. Lissy and Ms. Tocio, 150% of annual salary for Ms. Boland, 125% of annual salary for Mr. Henry, and 100% of annual salary for Mr. Dreier. The number of shares of our common stock subject to each stock option award was determined by the compensation committee based on the target incentive compensation value for each executive and the Black-Scholes value of an option at the time of the grant. The number of shares of purchased restricted stock to be issued will equal 120% of the executive's target incentive compensation value divided by 50% of the fair market value of a share of Company common stock, as measured by the closing price of our common stock on the grant date. An executive who elects to receive purchased restricted stock will be required to pay a purchase price on the date of grant equal to 50% of the fair market value of the shares of our common stock under

the award. In the event the executive's employment with the Company terminates prior to the vesting date, in certain circumstances, the Company may,

Table of Contents

but is not obligated to, repurchase the shares subject to the award at a price equal to the lesser of cost or fair market value. Each of our named executive officer was granted an award under this program in January 2014.

Benefits and Perquisites. We provide modest benefits and perquisites for our named executive officers. Most of these benefits and perquisites, such as our 401(k) Plan (as defined below) matching contribution and basic health and welfare benefit coverage, are available to all eligible employees. In addition to these, we provide the following supplemental programs to certain named executive officers:

An annual car allowance provided to Mr. Lissy and Ms. Tocio.

Company-paid supplemental medical insurance premiums provided to Mr. Dreier.

Company-paid supplemental disability insurance provided to all named executive officers other than Mr. Henry and Mr. Dreier.

Severance Agreements. All our named executive officers have severance agreements with the Company, which include severance, change of control, and restrictive covenant provisions. We believe that change of control arrangements provide our executives with security that will likely reduce any reluctance they may have to pursue a change of control transaction that could be in the best interests of our stockholders. We also believe that reasonable severance and change of control benefits are necessary in order to attract and retain high-quality executive officers.

Risk Assessment. The Company does not believe that the risks arising from our compensation practices are reasonably likely to have a material adverse effect on the Company.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for a company's chief executive officer and the three other most highly compensated executive officers, other than its chief financial officer, unless the compensation qualifies as performance-based under such section. As we were not publicly traded prior to our initial public offering in January 2013, our compensation committee did not previously take the deductibility limit imposed by Section 162(m) into consideration in setting compensation. At such time as we are subject to the deduction limitations of Section 162(m), we expect that our compensation committee may take into consideration the potential deductibility of the compensation payable under our programs as one of the factors to be considered when establishing and administering these programs. Our compensation committee may, in its judgment, authorize compensation payments that do not comply with the performance-based exemption, in whole or in part, under Section 162(m) or that may otherwise be limited as to tax deductibility.

Our compensation committee regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

Retirement Benefits

We do not have any qualified or non-qualified defined benefit plans or supplemental executive retirement plans that apply to our named executive officers. We offer a tax-qualified retirement plan (the 401(k) Plan) to eligible employees, including our named executive officers. The 401(k) Plan permits eligible employees to defer up to 50% of their annual eligible compensation, subject to certain limitations imposed by the Internal Revenue Service. Employees elective deferrals are immediately vested and non-forfeitable in the 401(k) Plan. Each plan year, we may, but are not required to, make discretionary matching contributions and other employer contributions on behalf of eligible employees. Employer matching contributions and other employer contributions begin to vest 20% per year after two years of vesting service with us and fully vest after six years of vesting service with us.

Potential Payments Upon Termination or Change-in-Control

The following summaries and tables describe and quantify the potential payments and benefits that would be provided to each of our named executive officers if a termination of employment or a change in control of the Company had occurred at the end of fiscal 2013 under our compensation plans and agreements.

Severance Agreements

The Company has entered into a severance agreement with each of Mr. Lissy, Ms. Tocio, Ms. Boland, Mr. Henry, and Mr. Dreier, which agreements provide for certain payments and benefits upon a qualifying termination of the executive's employment and/or a change of control.

Termination of Employment Without Cause or for Good Reason Within 24 Months Following a Change of Control (the Protection Period). If within 24 months after a change of control the executive's employment is terminated by the Company for any reason other than for cause or death or disability or the executive terminates his or her employment for good reason (as such terms are defined in the respective agreements), the executive will be entitled to receive, in each case, (a) any accrued but unpaid base salary as of termination and a prorated portion of any bonus payable for the fiscal year in which the termination occurs, and (b) subject to the executive not breaching the non-competition, non-solicitation and non-hire provisions contained in the executive's agreement, monthly severance pay for 24 months (or until such earlier date as the executive secures other

Table of Contents

employment) equal to 1/24th of the executive's total base salary and cash bonus compensation for the prior two years of the executive's employment. If the executive elects, in accordance with applicable federal law, to continue his or her participation in the Company's health plans following termination of employment, the Company will pay the premiums for such participation for 24 months (or until such earlier date as the executive secures other employment). If the executive's continued participation in the Company's group health plans is not possible under the terms of those plans, the Company will instead arrange to provide the executive and his or her dependents substantially similar benefits upon comparable terms or pay the executive an amount in cash equal to the full cash value of such continued benefits. The executive's right to receive severance pay and benefits is subject to his or her execution of an effective release of claims in favor of the Company.

Termination of Employment Without Cause or for Good Reason Outside of the Protection Period. If the Company terminates the executive's employment without cause or the executive resigns for good reason, in either case outside of the 24-month period following a change of control, in addition to any accrued but unpaid base salary and other accrued benefits then due to the executive as of termination, the executive will be entitled to receive bi-weekly severance payments for 18 months in the case of Mr. Lissy and Ms. Tocio and for one year in the case of Ms. Boland, Mr. Henry, and Mr. Dreier at his or her then-base salary rate and a prorated portion of any bonus payable for the fiscal year in which the termination occurs. The executive's right to receive severance pay and benefits is subject to his or her execution of an effective release of claims in favor of the Company.

Termination of Employment Due to Death or Disability. If the executive's employment terminates due to death or due to the executive becoming disabled, the executive will be entitled to receive accrued but unpaid base salary and other accrued benefits then due to the executive as of termination and a prorated portion of any bonus payable for the fiscal year in which the termination occurs. The executive's right to receive severance pay and benefits is subject to his or her execution of an effective release of claims in favor of the Company.

Other Termination of Employment. If the executive's employment is terminated by the Company for cause or the executive voluntarily resigns without good reason, the executive will only be entitled to receive accrued but unpaid base salary and any other accrued benefits then due to the executive as of termination.

Change of Control. Pursuant to the severance agreements, immediately prior to a change of control, all unvested options then held by the executive will vest in full.

Restrictive Covenants. Under the terms of their respective severance agreements, each of our named executive officers has agreed to confidentiality obligations during and after employment and to non-competition, non-solicitation, and non-hire obligations for up to twenty-four (24) months following a termination of his or her employment by the Company without cause or a good reason resignation by the executive.

The following tables summarize the payments that would have been made to our named executive officers upon the occurrence of a qualifying termination of employment or change in control, assuming that each named executive officer's termination of employment with our Company or a change in control of the Company occurred on December 31, 2013 (the last business day of our fiscal year). In the case of a termination of employment by the Company without cause or by the executive for good reason, severance amounts and benefits have been calculated assuming that the termination occurred within and outside the 24-month Protection Period described above. If a termination of employment had occurred on this date, severance payments and benefits would have been determined under the executive officer's severance agreement, as in effect on such date and as described above. Amounts shown do not include (i) accrued but unpaid salary or bonus and vested benefits and (ii) other benefits

AUDIT COMMITTEE MATTERS**Audit Committee Report**

We operate in accordance with a written charter adopted by the Board and reviewed annually by the Audit Committee, a copy of which is available on our website, www.brighthorizons.com, under the investor relations section. We are responsible for overseeing the quality and integrity of Bright Horizons' accounting, auditing and financial reporting practices. In accordance with the rules of the Securities and Exchange Commission (SEC) and the New York Stock

Exchange (the NYSE), the Audit Committee is composed entirely of members who are independent, as defined by the listing standards of the NYSE. Further, the Board has determined that one of our members (Mr. Alleva) is an audit committee financial expert as defined by the rules of the SEC.

The Audit Committee met nine times during fiscal 2013 with Bright Horizons management and Deloitte & Touche LLP (Deloitte), Bright Horizons independent registered public accounting firm. The Audit Committee s work included, but was not limited to, meetings held to review and discuss the annual audited and quarterly unaudited financial statements and the Company s earnings press releases.

We believe that we fully discharged our oversight responsibilities as described in our audit charter, including with respect to the audit process. We received the written disclosures and the letter from Deloitte pursuant to Rule 3526, Communication with Audit Committees Concerning Independence, of the Public Company Accounting Oversight Board (PCAOB) concerning any relationships between Deloitte and Bright Horizons and the potential effects of any disclosed relationships on Deloitte s independence and discussed with Deloitte its independence. We discussed with management, the internal auditors and Deloitte, Bright Horizons matters including internal control over financial reporting and the internal audit function s organization, responsibilities,

budget and staffing. We reviewed with both Deloitte and our internal auditors their audit plans, audit scope, identification of audit risks and the results of their audit efforts.

We discussed and reviewed with Deloitte their communications required by the Standards of the PCAOB (United States), as described in PCAOB AU Section 380, Communication with Audit Committees, and, with and without management present, discussed and reviewed the results of Deloitte's examination of Bright Horizons' financial statements. We also discussed the results of the internal audit examinations with and without management present.

Audit and Other Fees

The aggregate fees that Bright Horizons paid for professional services rendered by Deloitte for the fiscal year ended December 31, 2013 (fiscal 2013) and the fiscal year ended December 31, 2012 (fiscal 2012) were:

	2013	2012
Audit	\$ 1,734,845	\$ 2,380,210
Audit Related	235,876	212,670
Tax	202,404	204,060
Total	\$ 2,173,125	\$ 2,796,940

Audit fees were for professional services rendered for the audits of Bright Horizons' consolidated financial statements including reviews of all associated quarterly financial statements and assistance with review of documents filed with the SEC with respect to fiscal 2013 and fiscal 2012.

Audit related fees were for services related to due diligence associated with business combinations the Company completed in 2012 and 2013.

Tax fees were for services related to tax planning and responses to audit inquiries.

We pre-approve all audit services and all permitted non-audit services by Deloitte, including engagement fees and terms.

Our policies prohibit Bright Horizons from engaging Deloitte to provide any services relating to bookkeeping or other services related to accounting records or financial statements, financial information system design and implementation, appraisal or valuation services, fairness opinions or contribution-in-kind reports, actuarial services, internal audit outsourcing, any management function, legal services or expert services not related to the audit, broker-dealer, investment adviser, or investment banking services or human resource consulting. In addition, we evaluate whether Bright Horizons' use of Deloitte for permitted non-audit services is compatible with maintaining Deloitte's independence. We concluded that Deloitte's provision of non-audit services, all of which we approved in advance, was compatible with its independence.

We reviewed the audited consolidated financial statements of Bright Horizons as of December 31, 2013 and for fiscal 2013 with management and Deloitte. Management has the responsibility for the preparation of Bright Horizons' financial statements, and Deloitte has the responsibility for the audit of those statements.

Based on these reviews and discussions with management and Deloitte, we recommended to the Board that Bright Horizons audited financial statements be included in its Annual Report on Form 10-K for fiscal 2013 for filing with the SEC. We have also reviewed and evaluated the performance of Deloitte in 2013, and as a result have selected Deloitte as the independent registered public accounting firm for fiscal 2014, subject to ratification by Bright Horizons shareholders.
