This document contains statements that YPF believes constitute forward-looking statements within the meaning of the US Private Securities Litigation Reform Act of 1995.

These  
forward-looking  
statements  
may  
include  
statements  
regarding  
the  
intent,  
belief,  
plans,  
current  
expectations  
or  
objectives

of  
YPF  
and  
its  
management,  
including statements with respect to YPF's future financial condition, financial, operating, reserve replacement and other ratios, strategy, geographic concentration, business concentration, production and marketed volumes and reserves, as well as YPF's policies with respect to future capital expenditures, investments, expansion and other projects, exploration activities, ownership interests, dividend payout policies.

These  
forward-looking  
statements  
may  
also  
include  
assumptions  
regarding  
future  
economic  
and  
other  
conditions,  
such  
as  
future

crude oil and other prices, refining and marketing margins and exchange rates. These statements are not guarantees of future performance, exchange rates or other events and are subject to material risks, uncertainties, changes and other factors which may be beyond our control and difficult to predict.

YPF's  
actual  
future  
financial  
condition,  
financial,  
operating,  
reserve

of  
operations,  
business  
strategy,  
geographic  
concentration, business concentration, production and marketed volumes, reserves, capital expenditures, investments, expansion and other projects, exploration activities, ownership interests, divestments, cost savings and dividend payout policies, as well as actual future economic

as future crude oil and other prices, refining margins and exchange rates, could differ materially from those expressed or implied in our forward-looking statements. Important factors that could cause such differences include, but are not limited to, oil, gas and other price fluctuations, currency fluctuations, exploration, drilling and production results, changes in reserves estimates, success in partnering with third parties, industry competition, environmental risks, physical risks, the risks of doing business in developing countries, legislative, tax, labor and economic and financial market conditions in various countries and regions, political risks, wars and acts of terrorism, natural disasters, technological advancements and lack of approvals, as well as those factors described in the filings made by YPF and its affiliates with the Securities and Exchange Commission,

in particular, those described in

Item 3. Key Information Risk Factors and Item 5. Operating and Financial Review and Prospects in

YPF's Annual Report on Form 20-F for the fiscal year ended December 31, 2013 filed with the US Securities and Exchange Commission. Notwithstanding the foregoing, the forward-looking statements included in this document may not occur.

Except as required by law, YPF does not undertake to publicly update or revise these forward-looking statements even if experience indicates that the projected performance, conditions or events expressed or implied therein will not be realized.

These materials do not constitute an offer for sale of YPF S.A. bonds, shares or ADRs in the United States or otherwise.
