Table of Contents

Risks Related to our Business

Our business may be harmed as a result of product liability litigation.

Our involvement in the design, manufacture and sale of medical devices creates exposure to risks of product liability claims alleging that component failures, manufacturing flaws, design defects or inadequate disclosure of product-related risks or product-related information resulted in an unsafe condition or injury to patients, particularly in the United States. In the past, we have received product liability claims relating to our products and anticipate that we will continue to receive claims in the future, some of which could have a material adverse impact on our business. These claims are subject to many uncertainties and outcomes are not predictable. We may incur significant legal expenses regardless of whether we are found to be liable. In addition, we could experience a material design or manufacturing failure in our products, a quality system failure, other safety issues or heightened regulatory scrutiny that would warrant a recall of some of our products. Our existing product liability insurance coverage may be inadequate to satisfy liabilities we might incur. Moreover, even if any product liability loss is covered by an insurance policy, these policies have substantial self-insured retentions or deductibles that we remain responsible for. Any product liability claim brought against us, with or without merit, can be costly to defend and may negatively impact our ability to obtain third-party insurance coverage in future periods on a cost effective basis or at all.

As of September 16, 2014, we are a defendant in 2,432 product liability lawsuits relating to metal-on-metal hip implants, most of which were filed in 2014. The majority of these cases involve the M2a-Magnum hip system, 513 cases involve the M2a-38 hip system, 94 involve the M2a-Taper system, and 16 involve the M2a-Ringloc system. The cases are currently venued in various state and federal courts. 2,327 federal cases have been consolidated in one multi-district proceeding in the U.S. District Court for the Northern District of Indiana. We have seen a decrease in the number of claims filed since the last date to participate in the settlement reached in the multi-district litigation involving our metal-on-metal hip systems expired in April 2014.

On February 3, 2014, we announced the settlement of the Multi-District Litigation entitled MDL 2,391 - In Re: Biomet M2a Magnum Hip Implant Product Liability Litigation. Lawsuits filed in the MDL by April 15, 2014 may participate in the settlement. We continue to evaluate the inventory of lawsuits in the MDL pursuant to the categories and procedures set forth in the settlement agreement. The final amount of payments under the settlement is uncertain. As of May 31, 2014, we accrued \$123.5 million for contingencies associated with metal-on-metal hip products, which is increased from \$50.0 million as of November 30, 2013.

We believe that the payments under the settlement will exhaust our self-insured retention under our insurance program, which is \$50.0 million. If this should occur, we would submit an insurance claim for the amount by which ultimate losses under the settlement exceed the self-insured retention amount. We maintain \$100.0 million of third-party insurance coverage. Our insurance carriers have been placed on notice of the claims associated with metal-on-metal hip products that are subject to the settlement and have been placed on notice of the terms of the settlement. As is customary in these situations, certain of our insurance carriers have reserved all rights under their respective policies. We have received a letter from one of our carriers denying coverage, and certain of our other insurance carriers could also deny coverage for some or all of our insurance claims. We continue to believe our contracts with the insurance carriers are enforceable for these claims and the settlement agreement. However, we would be responsible for any amounts that its insurance carriers do not cover or for the amount by which ultimate losses exceed the amount of our third-party insurance coverage. The settlement does not affect certain other claims relating to our metal-on-metal hip products that are pending in various state courts, or other claims that may be filed in the future. We are currently assessing any potential receivables to be recorded for recoveries from the insurance carriers. As of May 31, 2014 no receivable has been recorded.

On August 27, 2013, we initiated a voluntary recall of 87,601 units of OSSEOTITE, NanoTite and T3 dental implants, of which 34,744 units have been distributed. We have notified regulatory bodies of this recall, which was taken due to discoloration of some implants that did not meet our internal standard for visual inspection. The discoloration was caused by the affected implants coming into contact with residual machining fluid that may have been left on the metal packaging insert for the products. We have determined that there are no known health effects of the residue. The ultimate financial impact with respect to this matter will depend on many factors that are difficult to predict with the limited information received to date and may vary materially based on the number of and actual costs of patients seeking testing and treatment services and the number of and actual costs to settle any lawsuits filed against us.

Table of Contents

Product liability lawsuits and claims, safety alerts or product recalls, regardless of their ultimate outcome, could have a material adverse effect on our business and reputation and on our ability to attract and retain customers. If a product liability claim or series of claims is brought against us for uninsured liabilities or is in excess of our insurance coverage limits, our business could suffer and our financial condition, results of operations and cash flow could be materially adversely impacted. Further, such product liability matters may negatively impact our ability to obtain insurance coverage or cost-effective insurance coverage in future periods.

We may be subject to intellectual property litigation and infringement claims, which could cause us to incur significant expenses or prevent us from selling our products.

The musculoskeletal products industry is highly litigious with respect to the enforcement of patents and other intellectual property rights. In some cases, intellectual property litigation may be used to gain a competitive advantage. We have in the past and may in the future become a party to lawsuits involving patents or other intellectual property. A successful claim of patent or other intellectual property infringement against us could adversely affect our growth and results of operations, in some cases materially. A legal proceeding, regardless of the outcome, could put pressure on our financial resources and divert the time, energy and efforts of our management.

From time to time, we receive notices from third parties of potential intellectual property infringement and receive claims alleging intellectual property infringement. We may be unaware of intellectual property rights of others that may cover some of our technology. If someone claims that our products infringed their intellectual property rights, any resulting litigation could be costly and time consuming and would divert the attention of management and key personnel from other business issues.

The complexity of the technology involved and the uncertainty of intellectual property litigation increase these risks. Claims of intellectual property infringement also might require us to enter into costly royalty or license agreements. However, we may be unable to obtain royalty or license agreements on terms acceptable to us or at all. We also may be subject to significant damages or an injunction preventing us from manufacturing, selling or using some of our products in the event of a successful claim of patent or other intellectual property infringement. Any of these adverse consequences could have a material adverse effect on our business, financial condition, results of operations and cash flows.

In December 2008, Heraeus Kulzer GmbH (Heraeus) initiated legal proceedings in Germany against Biomet, Biomet Europe BV and certain other subsidiaries, alleging that Biomet and Biomet Europe BV misappropriated Heraeus trade secrets when developing Biomet Europe s Refobacin and Biomet Bone Cement line of cements, which are referred to as European Cements in this consent solicitation statement/prospectus. The lawsuit sought to preclude the defendants from producing, marketing and offering for sale their current line of European Cements and to compensate Heraeus for any damages incurred (alleged to be in excess of €30.0 million). On December 20, 2012, the trial court dismissed Biomet, Biomet Europe BV, Biomet Deutschland GmbH and other defendants from the lawsuit. Biomet Orthopaedics Switzerland GmbH was the only Biomet entity remaining as a defendant.

Following an appeal by Heraeus, on June 5, 2014, the German appeals court (i) enjoined Biomet, Biomet Europe BV and Biomet Deutschland GmbH from manufacturing, selling or offering the European Cements to the extent they contain certain raw materials in particular specifications; (ii) held the defendants jointly and severally liable to Heraeus for any damages from the sale of European Cements since 2005 and (iii) ruled that no further review may be sought. Damages have not been determined. The judgment is not final and the defendants will seek review (including review of the appeals court ruling that no further review may be sought) from Germany s Supreme Court. The defendants issued a bank guaranty in favor of Heraeus for €11.25 million in order to stay the judgment. This bank guaranty was returned on September 18, 2014. During the pendency of the stay, the defendants were entitled to

continue the manufacture, marketing, sale and offering of European Cements in their current composition. On July 3, 2014, Heraeus offered security and may now execute the judgment in Germany at any time. On August 21, 2014, Heraeus notified us that it would execute the judgment effective as of August 22, 2014. As a result, Biomet Europe BV and Biomet Deutschland GmbH are enjoined from the manufacture, marketing, sale and offering of European Cements in Germany. While Heraeus has indicated that it intends to take the position that the judgment would prohibit the manufacture, marketing, sale and offering of European Cements outside of Germany as well, Biomet, Biomet Europe BV and Biomet Deutschland GmbH will vigorously contest any attempt to extend the effect of the judgment beyond Germany. Biomet, Biomet Europe BV and Biomet Deutschland filed a declaratory action in Germany on August 4, 2014 to have Germany's Supreme Court determine the reach of the appeals court decision. On September 11, 2014, Heraeus filed a motion to have a penalty imposed on Biomet Deutschland and Biomet Europe BV based on the continued sales of the European cements outside of Germany.

On September 8, 2014, Heraeus Medical GmbH filed a complaint against a Biomet supplier, Esschem, Inc. (Esschem) in the United States District Court for the Eastern District of Pennsylvania. The lawsuit contains allegations that focus on two copolymer compounds that Esschem sells to Biomet which, in turn, incorporates the subject copolymers into certain bone cement products that compete with Heraeus' bone cement products. The complaint alleges that Biomet helped Esschem to develop these copolymers, using Heraeus trade secrets that Biomet allegedly misappropriated. The complaint asserts a claim under the Pennsylvania Trade Secrets Act, as well as other various common law tort claims all based upon the same trade secret misappropriation theory. Heraeus is seeking to enjoin Esschem from supplying the copolymers to any third party and actual damages in an unspecified amount. The complaint also seeks punitive damages, costs, and attorneys' fees. Other than the filing of the complaint, there has been no other activity in the case yet. If Esschem is enjoined, Biomet may not be able to obtain the copolymers from another supplier and as a result may not be able to continue to manufacture the subject bone cement products. Although Heraeus has not named Biomet as a party to this lawsuit, Biomet has agreed, at Esschem's request, to indemnify Esschem for any liability, damages and legal costs related to this matter.

On May 3, 2013, Bonutti Skeletal Innovations LLC, a company formed to hold certain patents acquired from Dr. Peter M. Bonutti and an affiliate of patent licensing firm Acacia Research Group LLC, filed suit against us in the U.S. District Court for the Eastern District of Texas, alleging a failure to pay royalties due under a license agreement with Dr. Bonutti, misuse of confidential information and infringement of U.S. Patent Nos. 5,921,986; 6,099,531; 6,423,063; 6,638,279; 6,702,821; 7,070,557; 7,087,073; 7,104,996; 7,708,740; 7,806,896; 7,806,897; 7,828,852; 7,931,690; 8,133,229; and 8,147,514. Prior to the filing of this lawsuit, on March 8, 2013, we had filed a complaint for declaratory judgment with the U.S. District Court for the Northern District of Indiana seeking a judgment of non-infringement and invalidity of the patents at issue, and Acacia Research Group LLC entered counterclaims of infringement seeking damages in an amount yet to be determined and injunctive relief. On September 17, 2013, the May 3, 2013 case filed in the Eastern District of Texas was dismissed. On March 31, 2014, we entered into a Settlement and License Agreement with Bonutti Skeletal Innovations LLC settling all claims related to U.S. Patents 5,921,986, 6,638,279, 7,070,557, 7,087,073, and 8,147,514 for a one-time payment, and on June 25, 2014, the U.S. District Court for the Northern District of Indiana issued an order dismissing the claims related to these patents with prejudice. The U.S. District Court for the Northern District of Indiana has scheduled a Markman hearing for September 24, 2014. We are vigorously defending this matter and believe that our defenses against infringement for the patents remaining in the suit are valid and meritorious. We can make no assurances as to the time or resources that will be needed to devote to this litigation or its final outcome.

Table of Contents**Risks Related to our Indebtedness and the Notes**

Our substantial level of indebtedness could materially adversely affect our ability to generate sufficient cash to fulfill our obligations under our credit facilities, the notes and any other outstanding indebtedness, our ability to react to changes in our business and our ability to incur additional indebtedness to fund future needs.

We are highly leveraged. As of May 31, 2014 we had total indebtedness of \$5,720.4 million (compared to total indebtedness of \$5,966.4 million as of May 31, 2013). The following chart shows our level of indebtedness as of May 31, 2014 and 2013:

<i>(in millions)</i>		
Debt Instruments	May 31, 2014	May 31, 2013
European facility	\$	\$ 2.3
China facility		6.0
Term loan facilities	3,062.9	3,295.4
Cash flow revolving credit facility		
Asset-based revolving credit facility		
6.500% Senior Notes due 2020	1,825.0	1,825.0
6.500% Senior Subordinated Notes due 2020	800.0	800.0
Premium on notes	32.5	37.7
Total debt	\$ 5,720.4	\$ 5,966.4

Our substantial level of indebtedness increases the possibility that we may be unable to generate cash sufficient to pay, when due, the principal of, interest on or other amounts due in respect of our indebtedness. Our substantial indebtedness, combined with our other financial obligations and contractual commitments, could have important consequences. For example, it could:

make it more difficult for us to satisfy our obligations with respect to our indebtedness, including the notes, and any failure to comply with the obligations under any of our debt instruments, including restrictive covenants, could result in an event of default under such instruments;

require us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing funds available for working capital, capital expenditures, acquisitions, research and development and other purposes;

increase our vulnerability to adverse economic and industry conditions, which could place us at a competitive disadvantage compared to our competitors that have relatively less indebtedness;

increase the risk we assess with our counterparties which could affect the fair value of our derivative instruments related to our debt facilities noted above;

place us at a competitive disadvantage compared to our competitors that are less highly leveraged and therefore able to take advantage of opportunities that our indebtedness prevents us from exploiting;

limit our flexibility in planning for, or reacting to, changes in our business and the industries in which we operate;

limit our noteholders' rights to receive payments under the notes and any other outstanding notes if secured creditors are not paid;

limit our ability to borrow additional funds, or to dispose of assets to raise funds, if needed, for working capital, capital expenditures, acquisitions, research and development, debt service requirements, execution of our business strategy and other corporate purposes; and

prevent us from raising the funds necessary to repurchase all notes tendered to us upon the occurrence of certain changes of control, which would constitute a default under the indentures.

Table of Contents

Restrictions imposed by our indentures, our senior secured credit facilities and our other outstanding indebtedness may limit our ability to operate our business and to finance our future operations or capital needs or to engage in other business activities.

The agreements governing our indebtedness, including the indentures, contain various covenants that limit our discretion in the operation of our business and also require us to meet financial maintenance tests and other covenants. The failure to comply with such tests and covenants could have a material adverse effect on us. The agreements governing our indebtedness, including the indentures, restrict our and our restricted subsidiaries' ability, among other things, to:

incur additional indebtedness;

pay dividends on our capital stock or redeem, repurchase or retire our capital stock or indebtedness;

make investments, loans, advances and acquisitions;

create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries;

engage in transactions with our affiliates;

sell assets, including capital stock of our subsidiaries;

consolidate or merge;

create liens; and

enter into sale and lease-back transactions.

The terms of our senior secured credit facilities also restrict LVB from conducting any business or operations other than, among others, (i) owning Biomet, (ii) maintaining our legal existence, (iii) performing our obligations with respect to the senior secured credit facilities and the indentures governing the notes, (iv) publicly offering common stock of LVB, (v) financing activities, including the issuance of securities, incurrence of debt, payment of dividends, making contributions to the capital of its subsidiaries and guaranteeing the obligations of its subsidiaries, or (vi) providing indemnification to our officers and directors.

In addition, if borrowing availability under our senior secured revolving credit facilities is less than 10% of the sum of aggregate commitments under our asset-based revolving credit facility and the revolving credit commitments under our cash flow credit facilities at any time, we are required to maintain a fixed charge coverage ratio as of the end of the most recently ended fiscal quarter that must be greater than or equal to 1.00 to 1.00. In the event of a default under

any of our senior secured credit facilities, the lenders could elect to declare all amounts outstanding under the agreements governing our senior secured credit facilities to be immediately due and payable. If the indebtedness under our senior secured credit facilities, or our notes were to be accelerated, our assets may not be sufficient to repay such indebtedness in full. In particular, noteholders will be paid only if we have assets remaining after we pay amounts due on our secured indebtedness, including our senior secured facilities.

We, including our subsidiaries, have the ability to incur substantially more indebtedness, including senior secured indebtedness, and our noteholders' right to receive payments on each series of notes is effectively junior to the right of lenders who have a security interest in our assets to the extent of the value of those assets.

Our obligations under the notes and our guarantors' obligations under their guarantees of the notes are unsecured, but our obligations under our senior secured credit facilities and each guarantor's obligations under its guarantee of our senior secured credit facilities are secured by a security interest in substantially all of our domestic tangible and intangible assets, including the stock of substantially all of our wholly-owned U.S. subsidiaries and a portion of the stock of certain of our non-U.S. subsidiaries. If we are declared bankrupt or insolvent, or if we default under our senior secured credit facilities, the lenders could declare all of the funds borrowed thereunder, together with accrued interest, immediately due and payable. If we were unable to repay such indebtedness, the lenders could foreclose on the pledged assets to the exclusion of holders of the notes, even if an event of default exists at such time under the indentures. Furthermore, if the lenders foreclose and sell the pledged equity interests in any guarantor under the notes, then that guarantor will be released from its guarantee of the notes automatically and immediately upon such sale. In any such event, because the notes are not secured by any of our assets or the equity interests in the guarantors, it is possible that there would be no assets remaining from which noteholders' claims could be satisfied or, if any assets remained, they might be insufficient to satisfy noteholders' claims in full.

Subject to the restrictions in our senior secured credit facilities and the indentures, we, including our subsidiaries, may incur significant additional indebtedness. As of May 31, 2014:

we and the guarantors had approximately \$330.0 million available for borrowing under our cash flow revolving credit facilities, which, if borrowed, would be senior secured indebtedness;

Table of Contents

we and the guarantors had \$339.7 million available for borrowing under our asset-based revolving credit facility, subject to borrowing base limitations, which, if borrowed, would be senior secured indebtedness;

we and the guarantors have the option to incur additional incremental term loans or increase the cash flow revolving credit facilities commitments under our senior secured credit facilities up to an amount that would cause our Senior Secured Leverage Ratio (as defined in our senior secured credit facilities) to be equal to or less than 4.50 to 1.00, which, if borrowed, would be senior secured indebtedness; and

we and the guarantors have the option to increase the asset-based revolving credit facility commitments under our asset-based revolving credit facility by up to \$100.0 million, which, if borrowed, would be senior secured indebtedness.

Although the terms of our senior secured credit facilities and the indentures contain restrictions on the incurrence of additional indebtedness, these restrictions are subject to a number of important exceptions, and indebtedness incurred in compliance with these restrictions could be substantial. If we and our restricted subsidiaries incur significant additional indebtedness, the related risks that we face could intensify.

We also had \$20.0 million available for borrowing under our China facility.

We may not be able to generate sufficient cash to service all of our indebtedness, including the notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments, may restrict us from adopting some of these alternatives. In addition, any failure to make payments of interest and principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our credit rating, which could limit our ability to incur additional indebtedness. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. Our senior secured credit facilities and indentures restrict our ability to dispose of assets and use the proceeds from the disposition. We may not be able to consummate those dispositions or to obtain the proceeds that we could realize from them and these proceeds may not be adequate to meet any debt service obligations then due. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations.

Repayment of our debt, including the notes, is dependent on cash flow generated by our subsidiaries.

Our subsidiaries own a significant portion of our assets and conduct a significant portion of our operations. Accordingly, repayment of our indebtedness, including the notes, is dependent, to a significant extent, on the

generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. Unless they are guarantors of the notes, our subsidiaries do not have any obligation to pay amounts due on the notes or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including the notes. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. While the indentures limit the ability of our subsidiaries to incur consensual restrictions on their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain qualifications and exceptions. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness, including the notes.

Table of Contents

Claims of noteholders will be structurally subordinated to claims of creditors of all our non-U.S. subsidiaries and some of our U.S. subsidiaries because they will not guarantee the notes.

The notes are not guaranteed by any of our non-U.S. subsidiaries or any of our less than wholly owned U.S. subsidiaries. Accordingly, claims of holders of the notes will be structurally subordinated to the claims of creditors of these non-guarantor subsidiaries, including trade creditors. Therefore, all obligations of our non-guarantor subsidiaries will have to be satisfied before any of the assets of such subsidiaries would be available for distribution, upon a liquidation or otherwise, to us or a guarantor of the notes.

For the fiscal years ended May 31, 2014 and 2013, our non-guarantor subsidiaries accounted for \$1,183.5 million, or 37% of our consolidated net sales and \$1,130.6 million, or 37% of our consolidated net sales, respectively. As of May 31, 2014 and 2013, our non-guarantor subsidiaries accounted for approximately \$2,367.4 million, or 24%, and \$2,622.1 million, or 27%, of our consolidated assets, respectively, and approximately \$465.3 million, or 6.1%, and \$439.4 million, or 5.6%, of our consolidated liabilities, respectively. All amounts are presented after giving effect to intercompany eliminations.

The lenders under our senior secured credit facilities will have the discretion to release any guarantors under these facilities in a variety of circumstances, which will cause those guarantors to be released from their guarantees of the notes.

While any obligations under our senior secured credit facilities remain outstanding, any guarantee of the notes may be released without action by, or consent of, any holder of the notes or the trustee under the indentures, at the discretion of lenders under our senior secured credit facilities, if the related guarantor is no longer a guarantor of obligations under our senior secured credit facilities or any other indebtedness. The lenders under our senior secured credit facilities will have the discretion to release the guarantees under our senior secured credit facilities in a variety of circumstances. Noteholders will not have a claim as a creditor against any subsidiary that is no longer a guarantor of the notes, and the indebtedness and other liabilities, including trade payables, whether secured or unsecured, of those subsidiaries will effectively be senior to claims of noteholders.

If we default on our obligations to pay our other indebtedness, we may not be able to make payments on the notes.

Any default under the agreements governing our indebtedness, including a default under our senior secured credit facilities that is not waived by the required lenders, and the remedies sought by the holders of such indebtedness, could prevent us from paying principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants in the instruments governing our indebtedness (including covenants in our senior secured credit facilities and the indentures), we could be in default under the terms of the agreements governing such indebtedness, including our senior secured credit facilities and the indentures.

In the event of such default:

the holders of such indebtedness may be able to cause all of our available cash flow to be used to pay such indebtedness and, in any event, could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest;

the lenders under our senior secured credit facilities could elect to terminate their commitments thereunder, cease making further loans and institute foreclosure proceedings against our assets;

we could be forced into bankruptcy or liquidation; and

the subordination provisions in senior subordinated notes may prevent us from paying any obligation with respect to such notes.

If our operating performance declines, we may in the future need to obtain waivers from the required lenders under our senior secured credit facilities to avoid being in default. If we breach our covenants under our senior secured credit facilities and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under our senior secured credit facilities, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation.

Table of Contents

We may not be able to repurchase the notes upon a change of control.

Upon the occurrence of specific kinds of change of control events, we will be required to offer to repurchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest, if any. The source of funds for any such purchase of the notes will be our available cash or cash generated from our subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. We may not be able to repurchase the notes upon a change of control because we may not have sufficient financial resources to purchase all of the notes that are tendered upon a change of control. Further, we will be contractually restricted under the terms of our senior secured credit facilities from repurchasing all of the notes tendered by holders upon a change of control. Accordingly, we may not be able to satisfy our obligations to purchase the notes unless we are able to refinance or obtain waivers under our senior secured credit facilities. Our failure to repurchase the notes upon a change of control would cause a default under the indentures and a cross default under our senior secured credit facilities. Our senior secured credit facilities also provide that a change of control will be a default that permits lenders to accelerate the maturity of borrowings thereunder. Any of our future debt agreements may contain similar provisions.

The trading prices for the notes will be directly affected by many factors, including our credit rating.

Credit rating agencies continually revise their ratings for companies they follow. The condition of the financial and credit markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future. Any such fluctuation may impact the trading price of the notes. In addition, developments in our business and operations could lead to a ratings downgrade which could adversely affect the trading price of the notes, or the trading market for the notes.

An adverse rating of the notes may cause their trading price to fall.

If a rating agency rates the notes, it may assign a rating that is lower than the rating expected by the noteholders. Ratings agencies also may lower ratings on the notes or any of our other debt in the future, or may choose to cease providing ratings on the notes or such other debt. If rating agencies assign a lower than expected rating or reduce, or indicate that they may reduce, their ratings of our debt in the future, the trading price of the notes could significantly decline.

Certain covenants under the indentures will be suspended if and for so long as the notes are rated investment grade by both Standard & Poor's and Moody's and no default has occurred and is continuing. These covenants restrict, among other things, our and our restricted subsidiaries' ability to incur or guarantee debt or issue certain stock, pay dividends, make distributions on, or redeem or repurchase, capital stock and enter into transactions with affiliates. Because these restrictions would not apply if the notes are rated investment grade, we would be able to incur additional debt and consummate transactions that may impair our ability to satisfy our obligations with respect to the notes. In addition, we would not have to make certain offers to repurchase the notes. These covenants would be reinstated if the credit ratings assigned to the notes later declined below investment grade or a default occurs and is continuing.

Federal and state fraudulent transfer laws may permit a court to void the notes and the guarantees, subordinate claims in respect of the notes and the guarantees, and require noteholders to return payments received. If this occurs, noteholders may not receive any payments on the notes.

Federal and state fraudulent transfer and conveyance statutes may apply to the issuance of the notes and the incurrence of any guarantees. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the notes or guarantees could be voided as a fraudulent transfer or conveyance if (1) Biomet, Inc. or any of the guarantors, as applicable, issued the notes or incurred the guarantees with

the intent of hindering, delaying or defrauding creditors or (2) we or any of the guarantors, as applicable, received less than reasonably equivalent value or fair consideration in return for either issuing the notes or incurring the guarantees and, in the case of (2) only, one of the following is also true at the time thereof:

we or any of the guarantors, as applicable, were insolvent or rendered insolvent by reason of the issuance of the notes or the incurrence of the guarantees;

the issuance of the notes or the incurrence of the guarantees left us or any of the guarantors, as applicable, with an unreasonably small amount of capital to carry on the business;

we or any of the guarantors intended to, or believed that we or such guarantor would, incur debts beyond our or such guarantor's ability to pay such debts as they mature; or

we or any of the guarantors was a defendant in an action for money damages, or had a judgment for money damages docketed against us or such guarantor if, in either case, after final judgment, the judgment is unsatisfied.

Table of Contents

A court would likely find that we or a guarantor did not receive reasonably equivalent value or fair consideration for the notes or such guarantee if we or such guarantor did not substantially benefit directly or indirectly from the issuance of the notes or the applicable guarantee. As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied.

We cannot be certain as to the standards a court would use to determine whether or not we or the guarantors were solvent at the relevant time or, regardless of the standard that a court uses, that the issuance of the guarantees would not be further subordinated to our or any of our guarantors' other debt. Generally, however, an entity would be considered insolvent if, at the time it incurred indebtedness:

the sum of its debts, including contingent liabilities, was greater than the fair value of all its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

If a court were to find that the issuance of the notes or the incurrence of the guarantee was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or such guarantee or further subordinate the notes or such guarantee to presently existing and future indebtedness of ours or of the related guarantor, or require the holders of the notes to repay any amounts received with respect to such guarantee. In the event of a finding that a fraudulent transfer or conveyance occurred, noteholders may not receive any repayment on the notes. Further, the voidance of the notes could result in an event of default with respect to our and our subsidiaries' other debt that could result in acceleration of such debt.

Although each guarantee entered into by a guarantor will contain a provision intended to limit that guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer, this provision may not be effective to protect those guarantees from being voided under fraudulent transfer law, or may reduce that guarantor's obligation to an amount that effectively makes its guarantee worthless.

We are indirectly owned and controlled by the collective Principal Stockholders, and our Principal Stockholders interests as equity holders may conflict with the interests of noteholders as creditors.

Biomet, Inc. is a subsidiary of LVB, which is substantially owned by the collective Principal Stockholders through their ownership of membership units in Holdings. Holdings and the collective Principal Stockholders have the ability to direct our policies and operations. The interests of our Principal Stockholders may not in all cases be aligned with our noteholders' interests. For example, if we encounter financial difficulties or are unable to pay our debts as they mature, the interests of our equity holders might conflict with our noteholders' interests. In addition, our equity holders may have an interest in pursuing acquisitions, divestitures, financings or other transactions that, in their judgment, could enhance their equity investments, even though such transactions might involve risks to holders of the notes. Furthermore, our Principal Stockholders may in the future own businesses that directly or indirectly compete with us. Our Principal Stockholders also may pursue acquisition opportunities that may be complementary to our business, and as a result, those acquisition opportunities may not be available to us.

USE OF PROCEEDS

DESCRIPTION OF SENIOR NOTES

General

Certain terms used in this description are defined under the subheading **Certain Definitions**. In this description, (1) the term **Issuer** refers only to Biomet, Inc. and not to any of its subsidiaries and (2) the terms **we**, **our** and **us** each refer to the Issuer and its consolidated Subsidiaries. Defined terms in this **Description of Senior Notes** may have different meanings than similar or identical terms used in the **Description of Senior Subordinated Notes** below. For example, references to **Guarantees** or **Guarantors** in this **Description of Senior Notes** means guarantees or guarantors of the senior notes, and not guarantees or guarantors of the senior subordinated notes.

The Issuer issued \$1,000.0 million aggregate principal amount of senior notes under an indenture dated as of August 8, 2012 and \$825.0 million of senior notes under a supplemental indenture dated as of October 2, 2012 (collectively, the senior notes indenture) among the Issuer, the Guarantors and Wells Fargo Bank, National Association, as trustee (the Trustee).

The senior notes indenture has been qualified under and is subject to and governed by the Trust Indenture Act of 1939. Except as set forth herein, the terms of the senior notes will be substantially identical in all material respects and include those stated in the senior notes indenture and those made part of the senior notes indenture by reference to the Trust Indenture Act.

The following description is only a summary of the material provisions of the senior notes indenture, does not purport to be complete and is qualified in its entirety by reference to the provisions of the senior notes indenture, including the definitions therein of certain terms used below. We urge you to read the senior notes indenture because it, and not this description, defines your rights as Holders of the senior notes. You may request copies of the senior notes indenture at our address set forth under Where You Can Find Additional Information.

Brief Description of the Senior Notes

The senior notes:

are general, unsecured, senior obligations of the Issuer;

rank equally in right of payment with all existing and future Senior Indebtedness (including the Senior Credit Facilities) of the Issuer;

are effectively subordinated to all Secured Indebtedness of the Issuer (including the Senior Credit Facilities), to the extent of the value of the collateral securing such Secured Indebtedness;

are structurally subordinated to all existing and future Indebtedness, claims of holders of Preferred Stock and other liabilities of Subsidiaries of the Issuer that do not guarantee the senior notes;

are senior in right of payment to all existing and future Subordinated Indebtedness of the Issuer; and

are initially guaranteed on a senior unsecured basis by the Guarantors and will also be guaranteed in the future by each Subsidiary, if any, that guarantees Indebtedness under the CF Credit Facilities.

Guarantees

The Guarantors, as primary obligors and not merely as sureties, initially jointly and severally, irrevocably and unconditionally, guarantee, on an unsecured senior basis, the full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the senior notes indenture and the senior notes, whether for payment of principal of, premium, if any, or interest in respect of the senior notes, expenses,

indemnification or otherwise, on the terms set forth in the senior notes indenture by executing the senior notes indenture.

The Guarantors guarantee the senior notes and, in the future, each direct and indirect Subsidiary of the Issuer that guarantees Indebtedness under the CF Credit Facilities will guarantee the senior notes. Each of the Guarantees of the senior notes is a general, unsecured, senior obligation of each Guarantor, ranks equally in right of payment with all existing and future Senior Indebtedness of such Guarantor (including such Guarantor's guarantee of the CF Credit Facilities), is effectively subordinated to all Secured Indebtedness of such Guarantor (including such Guarantor's guarantee of the CF Credit Facilities), to the extent of the value of the collateral securing such Secured Indebtedness, and ranks senior in right of payment to all existing and future Subordinated Indebtedness of such Guarantor (including such Guarantor's guarantee of the senior subordinated notes). Each of the Guarantees of the senior notes is structurally subordinated to all existing and future Indebtedness, claims of holders of Preferred Stock and other liabilities of Subsidiaries of each Guarantor that do not guarantee the senior notes.

Not all of the Issuer's Subsidiaries guarantee the senior notes. In the event of a bankruptcy, liquidation, reorganization or similar proceeding of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Issuer. As a result, all of the existing and future liabilities of our non-guarantor Subsidiaries, including any claims of trade creditors, are effectively senior to the senior notes. For the year ended May 31, 2014, the non-guarantor Subsidiaries of the Issuer accounted for approximately \$1,183.5 million, or 37% of the Issuer's consolidated net sales. As of May 31, 2014, the non-guarantor Subsidiaries of the Issuer accounted for approximately \$2,367.4 million, or 24% of the Issuer's consolidated total assets and approximately \$465.3 million, or 6.1% of the Issuer's consolidated liabilities.

Table of Contents

The obligations of each Guarantor under its Guarantee are limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance under applicable law. This provision may not, however, be effective to protect a Guarantee from being voided under fraudulent transfer law, or may reduce the applicable Guarantor's obligation to an amount that effectively makes its Guarantee worthless. If a Guarantee was rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. See Risk Factors Risks Related to Our Indebtedness and the Notes Federal and state fraudulent transfer laws may permit a court to void the notes and the guarantees, subordinate claims in respect of the notes and the guarantees, and require noteholders to return payments received. If this occurs, noteholders may not receive any payments on the notes.

Any Guarantor that makes a payment under its Guarantee will be entitled upon payment in full of all guaranteed obligations under the senior notes indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP.

Each Guarantor may consolidate with or merge into or sell all or substantially all of its assets to the Issuer or another Guarantor without limitation or any other Person upon the terms and conditions set forth in the senior notes indenture. See Certain Covenants Merger, Consolidation or Sale of All or Substantially All Assets.

Each Guarantee by a Guarantor provides by its terms that it will be automatically and unconditionally released and discharged upon:

- (1) any sale, exchange or transfer (by merger or otherwise) of (i) the Capital Stock of such Guarantor, after which the applicable Guarantor is no longer a Restricted Subsidiary or (ii) all or substantially all the assets of such Guarantor, in each case if such sale, exchange or transfer is made in compliance with the applicable provisions of the senior notes indenture;
 - (2) the release or discharge of the guarantee by such Guarantor of Indebtedness under the CF Credit Facilities, or the release or discharge of such other guarantee that resulted in the creation of such Guarantee, except a discharge or release by or as a result of payment under such guarantee;
 - (3) upon the dissolution of such Guarantor; *provided* that no Default or Event of Default has occurred and is continuing;
 - (4) the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in compliance with the applicable provisions of the senior notes indenture; or
 - (5) the exercise by the Issuer of its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the discharge of the Issuer's obligations under the senior notes indenture in accordance with the terms of the senior notes indenture; and
- (2) such Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the senior notes indenture relating to such transaction have been complied with.

Ranking

The payment of the principal of, premium, if any, and interest on the senior notes and the payment of any Guarantee ranks equally in right of payment to all existing and future Senior Indebtedness of the Issuer or the relevant Guarantor, as the case may be, including the obligations of the Issuer and such Guarantor under the Senior Credit Facilities.

The senior notes and the Guarantees are effectively subordinated in right of payment to all of the Issuer's and the Guarantors' existing and future Secured Indebtedness to the extent of the value of the collateral securing such Secured Indebtedness. As of May 31, 2014, the Issuer and the Guarantors had \$3,062.9 million of Secured Indebtedness outstanding, consisting of borrowings and the related guarantees under the Senior Credit Facilities and the asset-based revolving credit facility. As of May 31, 2014, the Issuer had (1) the option to raise additional incremental term loans or incremental cash flow revolving facility commitments under the CF Credit Facilities of up to an amount that would cause our Senior Secured Leverage Ratio (as defined in the CF Credit Facilities) to be equal to or less than 4.50 to 1.00, which, if borrowed, would be Secured Indebtedness and (2) the option to raise additional incremental asset-based revolving credit facility commitments under the ABL Facilities by up to \$100.0 million, which, if borrowed, would be Secured Indebtedness.

Although the senior notes indenture contains limitations on the amount of additional Indebtedness that the Issuer and the Issuer's Restricted Subsidiaries (including the Guarantors) may incur, under certain circumstances the amount of such

Table of Contents

Indebtedness could be substantial and, in any case, such Indebtedness may be Senior Indebtedness. The senior notes indenture does not limit the amount of additional Indebtedness that the Parent may incur. See **Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock**.

Paying Agent and Registrar for the Senior Notes

The Issuer maintains one or more paying agents for the senior notes. The initial paying agent for the senior notes is the Trustee.

The Issuer also maintains one or more registrars and a transfer agent. The initial registrar and transfer agent with respect to the senior notes is the Trustee. The registrar maintains a register reflecting ownership of the senior notes outstanding from time to time. The registered Holder of a senior note is treated as the owner of the senior notes for all purposes. The transfer agent will make payments on and facilitate transfer of senior notes on behalf of the Issuer.

The Issuer may change the paying agent, the registrar or the transfer agent without prior notice to the Holders. The Issuer or any of its Subsidiaries may act as a paying agent, registrar or transfer agent.

If the senior notes are listed on an exchange and the rules of such exchange so require, the Issuer will satisfy any requirement of such exchange as to paying agents, registrars and transfer agents and will comply with any notice requirements required under such exchange in connection with any change of paying agent, registrar or transfer agent.

Transfer and Exchange

A Holder may transfer or senior notes in accordance with the senior notes indenture. The registrar and the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of senior notes. Holders will be required to pay all taxes due on transfer. The Issuer will not be required to transfer or exchange any senior note selected for redemption or tendered (and not withdrawn) for repurchase in connection with a Change of Control Offer or an Asset Sale Offer. Also, the Issuer will not be required to transfer or exchange any senior note for a period of 15 days before a selection of senior notes to be redeemed.

Principal, Maturity and Interest

The Issuer issued an aggregate principal amount of \$1,825.0 million of senior notes. The senior notes will mature on August 1, 2020. Subject to compliance with the covenant described below under **Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock**, the Issuer may issue additional senior notes from time to time under the senior notes indenture (**Additional Senior Notes**). The senior notes offered by the Issuer and any Additional Senior Notes subsequently issued under the senior notes indenture will be treated as a single class for all purposes under the senior notes indenture, including waivers, amendments, redemptions and offers to purchase, except for certain waivers and amendments. Unless the context requires otherwise, references to **senior notes** for all purposes of the senior notes indenture and this **Description of Senior Notes** include any Additional Senior Notes that are actually issued. The senior notes have been issued in denominations of \$1,000 and any integral multiples of \$1,000 in excess of \$1,000.

Interest Payments

Interest on the senior notes accrues at the rate of 6.500% per annum. Interest on the senior notes is payable semi-annually in arrears on each August 1 and February 1, commencing August 1, 2013 to the Holders of senior notes of record on the immediately preceding July 15 and January 15. Interest on the senior notes accrues from the most

recent date to which interest has been paid or, if no interest has been paid, from and including the Issue Date. Interest on the senior notes is computed on the basis of a 360-day year comprised of twelve 30-day months.

Additional Interest

Additional Interest may accrue on the senior notes in certain circumstances pursuant to the Senior Notes Registration Rights Agreements, or as described under Events of Default and Remedies. All references in the senior notes indenture and this Description of Senior notes, in any context, to any interest or other amount payable on or with respect to the senior notes shall be deemed to include any Additional Interest payable pursuant to the Senior Notes Registration Rights Agreements and under Events of Default and Remedies.

Table of Contents***Payment of Principal, Premium and Interest***

Payments of principal of, premium, if any, and interest on the senior notes is payable at the office or agency of the Issuer maintained for such purpose or, at the option of the Issuer, payment of interest may be made by check mailed to the Holders of the senior notes at their respective addresses set forth in the register of Holders; *provided* that (1) all payments of principal, premium, if any, and interest with respect to the senior notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof and (2) all payments of principal, premium, if any, and interest with respect to certificated senior notes will be made by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the paying agent to such effect designating such account no later than 30 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion). Until otherwise designated by the Issuer, the Issuer's office or agency is the office of the Trustee maintained for such purpose.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

The Issuer is not required to make any mandatory redemption or sinking fund payments with respect to the senior notes. However, under certain circumstances, the Issuer may be required to offer to purchase senior notes as described under Repurchase at the Option of Holders. The Issuer may at any time and from time to time purchase senior notes in the open market or otherwise.

Optional Redemption

Except as set forth below, the Issuer is not entitled to redeem the senior notes at its option prior to August 1, 2015.

At any time prior to August 1, 2015, the Issuer may redeem all or a part of the senior notes, upon notice as described under Selection and Notice, at a redemption price equal to 100% of the principal amount of the senior notes redeemed plus the Applicable Premium as of, plus accrued and unpaid interest, if any, to the date of redemption (the Redemption Date), subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date.

On and after August 1, 2015, the Issuer may redeem the senior notes, in whole or in part, upon notice as described under Selection and Notice, at the redemption prices (expressed as percentages of principal amount of the senior notes to be redeemed) set forth below, plus accrued and unpaid interest, if any, to the Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on August 1 of each of the years indicated below:

Year	Percentage
2015	104.875%
2016	103.250%
2017	101.625%
2018 and thereafter	100.000%

In addition, until August 1, 2015, the Issuer may, at its option, redeem up to 35% of the aggregate principal amount of senior notes issued under the senior notes indenture at a redemption price equal to 106.500% of the aggregate principal amount thereof, plus accrued and unpaid interest, if any, to the Redemption Date, subject to the right of Holders of senior notes of record on the relevant record date to receive interest due on the relevant interest payment

date, with the net cash proceeds received by it from one or more Equity Offerings; *provided* that (a) at least 50.0% of the sum of the aggregate principal amount of senior notes originally issued under the senior notes indenture on the Issue Date and any Additional Senior Notes that are issued under the senior notes indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; and (b) each such redemption occurs within 180 days of the date of closing of each such Equity Offering.

Notice of any redemption upon any Equity Offering may be given prior to the completion thereof. All redemptions or notices may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of a related Equity Offering. If any senior notes are listed on an exchange, and the rules of such exchange so require, the Issuer will notify the exchange of any such notice of redemption. In addition, the Issuer will notify the exchange of the principal amount of any senior notes outstanding following any partial redemption of the senior notes.

Table of Contents

Selection and Notice

If the Issuer is redeeming less than all of the senior notes issued under the senior notes indenture at any time, the Trustee will select the senior notes to be redeemed (1) if the senior notes are listed on an exchange, in compliance with the requirements of such exchange or (2) on a pro rata basis to the extent practicable, or, if the pro rata basis is not practicable for any reason, by lot or by such other method as the Trustee shall deem fair and appropriate. No senior notes of \$1,000 or less can be redeemed in part.

Notices of redemption shall be delivered electronically or mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the redemption date to each Holder of senior notes at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be delivered more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the senior notes or a satisfaction and discharge of the senior notes indenture. If any senior note is to be redeemed in part only, any notice of redemption that relates to such senior note shall state the portion of the principal amount thereof that has been or is to be redeemed.

With respect to senior notes represented by certificated notes, the Issuer will issue a new senior note in a principal amount equal to the unredeemed portion of the senior note in the name of the Holder upon cancellation of the original senior note. Senior notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on the senior notes or portions of them called for redemption.

Repurchase at the Option of Holders

Change of Control

The senior notes indenture provides that if a Change of Control occurs, unless the Issuer has previously or concurrently delivered a redemption notice with respect to all the outstanding senior notes as described under *Optional Redemption*, the Issuer will make an offer to purchase all of the senior notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase, subject to the right of Holders of the senior notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will deliver notice of such Change of Control Offer electronically or by first-class mail, with a copy to the Trustee, to each Holder of senior notes to the address of such Holder appearing in the security register or otherwise in accordance with the procedures of DTC with the following information:

- (1) that a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control*, and that all senior notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is delivered (the *Change of Control Payment Date*);
- (3) that any senior note not properly tendered will remain outstanding and continue to accrue interest;
- (4) that unless the Issuer defaults in the payment of the Change of Control Payment, all senior notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;

(5) that Holders electing to have any senior notes purchased pursuant to a Change of Control Offer will be required to surrender such senior notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of such senior notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(6) that Holders will be entitled to withdraw their tendered senior notes and their election to require the Issuer to purchase such senior notes, *provided* that the paying agent receives, not later than the close of business on the Expiration Date of the Change of Control Offer, a telegram, facsimile transmission or letter setting forth the name of the Holder of the senior notes, the principal amount of senior notes tendered for purchase, and a statement that such Holder is withdrawing its tendered senior notes and its election to have such senior notes purchased;

(7) that Holders whose senior notes are being purchased only in part will be issued new senior notes and such new senior notes will be equal in principal amount to the unpurchased portion of the senior notes surrendered. The unpurchased portion of the senior notes must be equal to at least \$1,000 or any integral multiple of \$1,000 in excess of \$1,000;

Table of Contents

(8) if such notice is delivered prior to the occurrence of a Change of Control, stating that the Change of Control Offer is conditional on the occurrence of such Change of Control; and

(9) the other instructions, as determined by the Issuer, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of senior notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the senior notes indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the senior notes indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law:

(1) accept for payment all senior notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all senior notes or portions thereof so tendered; and

(3) deliver, or cause to be delivered, to the Trustee for cancellation the senior notes so accepted together with an Officer's Certificate to the Trustee stating that such senior notes or portions thereof have been tendered to and purchased by the Issuer.

The Senior Credit Facilities, and future credit agreements or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may, provide that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the senior notes indenture). If we experience a change of control that triggers a default under the Senior Credit Facilities, we could seek a waiver of such default or seek to refinance the Senior Credit Facilities. In the event we do not obtain such a waiver or refinance the Senior Credit Facilities, such default could result in amounts outstanding under the Senior Credit Facilities being declared due and payable and cause a Qualified Securitization Facility to be wound down.

Our ability to pay cash to the Holders of senior notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Change of Control purchase feature of the senior notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. After the issue date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the senior notes indenture, but that could increase the amount of Indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under **Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock** and **Certain Covenants Liens**. Such restrictions in the senior notes indenture can be waived only with the consent of the Holders of a majority in principal amount of the senior notes then outstanding. Except for

the limitations contained in such covenants, however, the senior notes indenture does not contain any covenants or provisions that may afford Holders of the senior notes protection in the event of a highly leveraged transaction.

The Issuer is not required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the senior notes indenture applicable to a Change of Control Offer made by the Issuer and purchases all senior notes validly tendered and not withdrawn under such Change of Control Offer.

Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of Change of Control includes a disposition of all or substantially all of the assets of the Issuer and its Subsidiaries, taken as a whole, to any Person. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain

Table of Contents

circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the assets of the Issuer and its Subsidiaries, taken as a whole. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of senior notes may require the Issuer to make an offer to repurchase the senior notes as described above.

The provisions under the senior notes indenture relative to the Issuer's obligation to make an offer to repurchase the senior notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the senior notes.

Asset Sales

The senior notes indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate directly or indirectly an Asset Sale, unless:

(1) the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets sold or otherwise disposed of; and

(2) except in the case of a Permitted Asset Swap, at least 75.0% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of Cash Equivalents; *provided* that the amount of:

(a) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Issuer or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the senior notes, that are assumed by the transferee of any such assets and for which the Issuer and all of its Restricted Subsidiaries have been validly released by all creditors in writing;

(b) any securities, notes or other obligations or assets received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale; and

(c) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed the greater of (x) \$300.0 million and (y) 3.0% of Total Assets at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value, shall be deemed to be Cash Equivalents for purposes of this provision and for no other purpose.

Within 450 days after the receipt of any Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale, (1) to permanently reduce:

(a) Obligations under the Senior Credit Facilities, and to correspondingly reduce commitments with respect thereto;

(b) Obligations under Senior Indebtedness that is secured by a Lien, which Lien is permitted by the senior notes indenture, and to correspondingly reduce commitments with respect thereto;

(c) Obligations under other Senior Indebtedness (and to correspondingly reduce commitments with respect thereto), *provided* that the Issuer shall equally and ratably reduce Obligations under the senior notes as provided under Optional Redemption or through open-market purchases (to the extent such purchases are at or above 100% of the principal

amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Holders to purchase their senior notes at 100% of the principal amount thereof, plus the amount of accrued but unpaid interest, if any, on the amount of senior notes to be repurchased; or

(d) Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Issuer or another Restricted Subsidiary;

(2) to make (a) an Investment in any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or any of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) capital expenditures or (c) acquisitions of other assets, in each of (a), (b) and (c), used or useful in a Similar Business; or

(3) to make an Investment in (a) any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or any of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties or (c) acquisitions of other assets that, in each of (a), (b) and (c), replace the businesses, properties and/or assets that are the subject of such Asset Sale;

Table of Contents

provided that, in the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an *Acceptable Commitment*) and, in the event any *Acceptable Commitment* is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, the Issuer or such Restricted Subsidiary enters into another *Acceptable Commitment* (a *Second Commitment*) within 180 days of such cancellation or termination; provided, further, that if any *Second Commitment* is later cancelled or terminated for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute *Excess Proceeds*.

Any Net Proceeds from the Asset Sale that are not invested or applied as provided and within the time period set forth in the preceding paragraph will be deemed to constitute *Excess Proceeds*. When the aggregate amount of *Excess Proceeds* exceeds \$75.0 million, the Issuer shall make an offer to all Holders of the senior notes and, if required by the terms of any *Indebtedness* that is *pari passu* with the senior notes (*Pari Passu Indebtedness*), to the holders of such *Pari Passu Indebtedness* (an *Asset Sale Offer*), to purchase the maximum aggregate principal amount of the senior notes and such *Pari Passu Indebtedness* that is in an amount equal to at least \$1,000, that may be purchased out of the *Excess Proceeds* at an offer price in cash in an amount equal to 100% of the principal amount thereof (or accreted value thereof, if less), plus accrued and unpaid interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the senior notes indenture. The Issuer will commence an *Asset Sale Offer* with respect to *Excess Proceeds* within ten Business Days after the date that *Excess Proceeds* exceed \$75.0 million by delivering the notice required pursuant to the terms of the senior notes indenture, with a copy to the Trustee. The Issuer may satisfy the foregoing obligations with respect to any Net Proceeds from an Asset Sale by making an *Asset Sale Offer* with respect to such Net Proceeds prior to the expiration of the relevant 450 days (or such longer period provided above) or with respect to *Excess Proceeds* of \$75.0 million or less.

To the extent that the aggregate amount of senior notes and such *Pari Passu Indebtedness* tendered pursuant to an *Asset Sale Offer* is less than the *Excess Proceeds*, the Issuer may use any remaining *Excess Proceeds* for general corporate purposes, subject to other covenants contained in the senior notes indenture. If the aggregate principal amount of senior notes or the *Pari Passu Indebtedness* surrendered by such holders thereof exceeds the amount of *Excess Proceeds*, the Trustee shall select the senior notes on a pro rata basis and the Issuer shall select such *Pari Passu Indebtedness* to be purchased on a pro rata basis based on the accreted value or principal amount of the senior notes or such *Pari Passu Indebtedness* tendered. Upon completion of any such *Asset Sale Offer*, the amount of *Excess Proceeds* that resulted in the *Asset Sale Offer* shall be reset to zero.

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce *Indebtedness* outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the senior notes indenture.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the senior notes pursuant to an *Asset Sale Offer*. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the senior notes indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the senior notes indenture by virtue thereof.

The provisions under the senior notes indenture relative to the Issuer's obligation to make an offer to repurchase the senior notes as a result of an *Asset Sale* may be waived or modified with the written consent of the Holders of a majority in principal amount of the senior notes.

Certain Covenants

Set forth below are summaries of certain covenants contained in the senior notes indenture. During any period of time that (i) the senior notes have Investment Grade Ratings from both Rating Agencies and (ii) no Default has occurred and is continuing under the senior notes indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a Covenant Suspension Event and the date thereof being referred to as the Suspension Date) then, the covenants specifically listed under the following captions in this Description of Senior Notes section of this prospectus will not be applicable to the senior notes (collectively, the Suspended Covenants):

- (1) Repurchase at the Option of Holders Asset Sales ;
- (2) Limitation on Restricted Payments ;

Table of Contents

- (3) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ;
- (4) clause (4) of the first paragraph of Merger, Consolidation or Sale of All or Substantially All Assets ;
- (5) Transactions with Affiliates ;
- (6) Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries ; and
- (7) Limitation on Guarantees of Indebtedness by Restricted Subsidiaries.

During any period that the foregoing covenants have been suspended, the Issuer may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the second sentence of the definition of Unrestricted Subsidiary.

If and while the Issuer and its Restricted Subsidiaries are not subject to the Suspended Covenants, the senior notes will be entitled to substantially less covenant protection. In the event that the Issuer and its Restricted Subsidiaries are not subject to the Suspended Covenants under the senior notes indenture for any period of time as a result of the foregoing, and on any subsequent date (the Reversion Date) one or both of the Rating Agencies withdraw their Investment Grade Rating or downgrade the rating assigned to the senior notes below an Investment Grade Rating, then the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the senior notes indenture with respect to future events. The period of time between the Suspension Date and the Reversion Date is referred to in this Description of Senior Notes as the Suspension Period. The Guarantees of the Guarantors will be suspended during the Suspension Period. Additionally, upon the occurrence of a Covenant Suspension Event, the amount of Excess Proceeds from Net Proceeds shall be reset to zero.

Notwithstanding the foregoing, in the event of any such reinstatement, no action taken or omitted to be taken by the Issuer or any of its Restricted Subsidiaries prior to such reinstatement will give rise to a Default or Event of Default under the senior notes indenture with respect to the senior notes; *provided* that (i) with respect to Restricted Payments made after such reinstatement, the amount available to be made as Restricted Payments will be calculated as though the covenant described above under Limitation on Restricted Payments had been in effect prior to, but not during, the Suspension Period; and (ii) all Indebtedness incurred, or Disqualified Stock issued, during the Suspension Period will be classified to have been incurred or issued pursuant to clause (3) of the second paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock.

There can be no assurance that the senior notes will ever achieve or maintain Investment Grade Ratings.

Limitation on Restricted Payments

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly: (I) declare or pay any dividend or make any payment or distribution on account of the Issuer's, or any of its Restricted Subsidiaries Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation other than:

- (a) dividends or distributions by the Issuer payable solely in Equity Interests (other than Disqualified Stock) of the Issuer; or
- (b) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary, the Issuer or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in

accordance with its Equity Interests in such class or series of securities;

(II) purchase, redeem, defease or otherwise acquire or retire for value any Equity Interests of the Issuer or any direct or indirect parent company of the Issuer, including in connection with any merger or consolidation;

(III) make any principal payment on, or redeem, repurchase, defease or otherwise acquire or retire for value, in each case, prior to any scheduled repayment, sinking fund payment or maturity, any Subordinated Indebtedness, other than:

(IV) make any Restricted Investment (all such payments and other actions set forth in clauses (I) through (IV) above being collectively referred to as Restricted Payments), unless, at the time of such Restricted Payment:

(16) the distribution, by dividend or otherwise, of shares of Capital Stock of, or Indebtedness owed to the Issuer or a Restricted Subsidiary by, Unrestricted Subsidiaries (other than Unrestricted Subsidiaries, the primary assets of which are Cash Equivalents).

provided that at the time of, and after giving effect to, any Restricted Payment permitted under clauses (11) and (16), no Default shall have occurred and be continuing or would occur as a consequence thereof.

As of the Issue Date, all of the Issuer's Subsidiaries will be Restricted Subsidiaries. The Issuer will not permit any Unrestricted Subsidiary to become a Restricted Subsidiary except pursuant to the next to the last sentence of the definition of Unrestricted Subsidiary. For purposes of designating any Restricted Subsidiary as an Unrestricted Subsidiary, all outstanding Investments by the Issuer and its Restricted Subsidiaries (except to the extent repaid) in the Subsidiary so designated will be deemed to be Restricted Payments in an amount determined as set forth in the penultimate sentence of the definition of Investments. Such designation will be permitted only if a Restricted Payment in such amount would be permitted at such time, whether pursuant to the first paragraph of this covenant or under clause (7), (10) or (11) of the second paragraph of this covenant, or pursuant to the definition of Permitted Investments, and if such Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. Unrestricted Subsidiaries will not be subject to any of the restrictive covenants set forth in the senior notes indenture.

As of May 31, 2014, we have approximately \$1,288.1 million of Restricted Payment capacity under clause (3) of the first paragraph of this covenant and an additional \$300.0 million of other Restricted Payments capacity under clause (11) of the second paragraph of this covenant.

Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise (collectively, incur and collectively, an incurrence) with respect to any Indebtedness (including Acquired Indebtedness) and the Issuer will not issue any shares of Disqualified Stock and will not permit any Restricted Subsidiary to issue any shares of Disqualified Stock or Preferred Stock; *provided* that the Issuer may incur Indebtedness (including Acquired Indebtedness) or issue shares of Disqualified Stock, and, subject to the third paragraph of this covenant, any Restricted Subsidiary may incur Indebtedness (including Acquired Indebtedness), issue shares of Disqualified Stock and issue shares of Preferred Stock, if the Fixed Charge Coverage Ratio for the Issuer's most recently ended four fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or Preferred Stock is issued would have been at least 2.00 to 1.00, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred, or the Disqualified Stock or Preferred Stock had been issued, as the case may be, and the application of proceeds therefrom had occurred at the beginning of such four-quarter period.

The foregoing limitations will not apply to:

(1) the incurrence by the Issuer or any Restricted Subsidiary pursuant to one or more Credit Facilities, including through the issuance and creation of letters of credit and bankers' acceptances thereunder (with letters of credit and bankers' acceptances being deemed to have a principal amount equal to the face amount thereof), of: (a) Indebtedness in an aggregate principal amount up to the sum of \$3,165.0 million and \$835.0 million and (b) Indebtedness in an aggregate principal amount that could be incurred such that at the time of incurrence and after giving effect thereto the Senior Secured Leverage Ratio would not exceed 4.50 to 1.00, determined on a *pro forma* basis (including a pro forma application of the net proceeds therefrom); *provided* that in calculating the Senior Secured Leverage Ratio solely for purposes of this clause (1), any unsecured Indebtedness incurred under this clause (1) shall be deemed to be

Secured Indebtedness solely for purposes of calculating the Senior Secured Leverage Ratio for this clause (1);

(2) the incurrence by the Issuer and any Guarantor of Indebtedness represented by the senior notes (including any Guarantee) and the exchange notes and related exchange guarantees to be issued in exchange for senior notes and the Guarantees pursuant to the Senior Notes Registration Rights Agreements (but excluding any Additional Notes);

(3) Indebtedness of the Issuer and its Restricted Subsidiaries in existence on the Issue Date (other than Indebtedness described in clauses (1) and (2));

(4) Indebtedness (including Capitalized Lease Obligations) and Disqualified Stock incurred or issued by the Issuer or any Restricted Subsidiary and Preferred Stock issued by any Restricted Subsidiary, to finance the purchase, lease or improvement of property (real or personal) or equipment that is used or useful in a Similar Business, whether through the direct purchase of assets or the Capital Stock of any Person owning such assets in an aggregate principal amount, together with any Refinancing Indebtedness in respect thereof and all other Indebtedness, Disqualified Stock and/or Preferred Stock incurred or

issued and outstanding under this clause (4), not to exceed 5.0% of Total Assets (in each case, determined at the date of incurrence) at any time outstanding, so long as such Indebtedness, Disqualified Stock or Preferred Stock is incurred or issued at the date of such purchase, lease or improvement or within 270 days thereafter;

(5) Indebtedness incurred by the Issuer or any of its Restricted Subsidiaries constituting reimbursement obligations with respect to letters of credit issued in the ordinary course of business, including letters of credit in respect of workers' compensation claims, or other Indebtedness with respect to reimbursement type obligations regarding workers' compensation claims; *provided* that upon the drawing of such letters of credit or the incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or incurrence;

(6) Indebtedness arising from agreements of the Issuer or its Restricted Subsidiaries providing for indemnification, adjustment of purchase price, earnouts or similar obligations, in each case, incurred or assumed in connection with the disposition of any business, assets or a Subsidiary, other than guarantees of Indebtedness incurred by any Person acquiring all or any portion of such business, assets or a Subsidiary for the purpose of financing such acquisition; *provided* that such Indebtedness is not reflected on the balance sheet of the Issuer, or any of its Restricted Subsidiaries (contingent obligations referred to in a footnote to financial statements and not otherwise reflected on the balance sheet will not be deemed to be reflected on such balance sheet for purposes of this clause (6));

(7) Indebtedness of the Issuer to a Restricted Subsidiary; *provided* that any such Indebtedness owing to a Restricted Subsidiary that is not a Guarantor is expressly subordinated in right of payment to the senior notes; *provided, further*, that any subsequent issuance or transfer of any Capital Stock or any other event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any other subsequent transfer of any such Indebtedness (except to the Issuer or another Restricted Subsidiary) shall be deemed, in each case, to be an incurrence of such Indebtedness not permitted by this clause;

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

The senior notes indenture does not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

(k) customary provisions contained in leases, licenses or similar agreements, including with respect to intellectual property and other agreements, in each case, entered into in the ordinary course of business;

(l) restrictions created in connection with any Qualified Securitization Facility that, in the good faith determination of the Issuer are necessary or advisable to effect such Qualified Securitization Facility;

(m) restrictions or conditions contained in any trading, netting, operating, construction, service, supply, purchase, sale or other agreement to which the Issuer or any of its Restricted Subsidiaries is a party entered into in the ordinary course of business; *provided* that such agreement prohibits the encumbrance of solely the property or assets of the Issuer or such Restricted Subsidiary that are the subject to such agreement, the payment rights arising thereunder or the proceeds thereof and does not extend to any other asset or property of the Issuer or such Restricted Subsidiary or the assets or property of another Restricted Subsidiary; and

(n) any encumbrances or restrictions of the type referred to in clauses (1), (2) and (3) above imposed by any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (a) through (m) above; *provided* that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Issuer, no more restrictive with respect to such encumbrance and other restrictions taken as a whole than those prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing.

Limitation on Guarantees of Indebtedness by Restricted Subsidiaries

The Issuer will not permit any of its Wholly-Owned Subsidiaries that are Restricted Subsidiaries (and non-Wholly-Owned Subsidiaries if such non-Wholly-Owned Subsidiaries guarantee other capital markets debt securities of the Issuer or any Guarantor), other than a Guarantor, a Foreign Subsidiary or a Securitization Subsidiary,

to guarantee the payment of any Indebtedness of the Issuer or any other Guarantor unless:

(1) such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the senior notes indenture providing for a Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Issuer or any Guarantor, if such Indebtedness is by its express terms subordinated in right of payment to the senior notes or such Guarantor's Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the senior notes; and

(2) such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Issuer or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Guarantee;

provided that this covenant shall not be applicable to (i) any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary and (ii) guarantees of the ABL Facilities by the ABL Financing Entities or of any Qualified Securitization Facility by any Restricted Subsidiary.

Reports and Other Information

Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the senior notes indenture requires the Issuer to file with the SEC from and after the Issue Date,

(1) within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;

(2) within 45 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-Q by a non-accelerated filer) after the end of each of the first three fiscal quarters of each fiscal year, quarterly reports on Form 10-Q containing all quarterly information that would be required to be contained in Form 10-Q, or any successor or comparable form;

(3) promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and

(4) any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

in each case, in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of senior notes, in addition to providing such information to the Trustee and the Holders of the senior notes, in each case within 15 days after the time the Issuer would be required to file such information with the SEC, if it were subject to Sections 13 or 15(d) of the Exchange Act. In addition, to the extent not satisfied by the foregoing, the Issuer will agree that, for so long as any senior notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Issuer becomes a guarantor of the senior notes, the senior notes indenture permits the Issuer to satisfy its obligations in this covenant by furnishing reports of such parent; *provided* that the same is accompanied, to the extent material to investors in the senior notes, by consolidating financial and other information that explains in reasonable detail the differences between the information in such reports relating to such parent, on the one hand, and the information relating to the Issuer and its consolidated Subsidiaries on a standalone basis, on the other hand. Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offers or the effectiveness of the shelf registration statement by (1) the filing with the SEC of the registration statement or shelf registration statement (or any other similar registration statement) of the exchange offers, and any amendments thereto, with such financial information that satisfies Regulation S-X of the Securities Act, subject to exceptions consistent with the presentation of financial information in the offering circulars relating to the senior notes dated July 25, 2012 and September 18, 2012, to the extent filed within the time specified above, or (2) by posting on its website and providing to the Trustee within 15 days of the time periods after the Issuer would have been required to file annual and interim reports with the SEC, the financial information (including a Management's Discussion and Analysis of Financial Condition and Results of Operations section) that would be required to be included in such reports, subject to exceptions consistent with the presentation of financial information in this prospectus, to the extent filed within the times specified above.

Notwithstanding anything herein to the contrary, the Issuer will not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (3) under Events of Default and Remedies until 120 days after the date any report hereunder is due.

The Issuer shall use its commercially reasonable efforts, consistent with its judgment as to what is prudent at the time, to participate in quarterly conference calls to discuss operating results and related matters. The Company shall issue a press release which will provide the date and time of any such call and will direct Holders, prospective investors and securities analysts to contact the investor relations office of the Issuer to obtain access to the conference call.

Events of Default and Remedies

The senior notes indenture provides that each of the following is an Event of Default:

(1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the senior notes;

Table of Contents

- (2) default for 30 days or more in the payment when due of interest or Additional Interest on or with respect to the senior notes;
- (3) failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less than 30.0% in principal amount of the then outstanding senior notes to comply with any of its obligations, covenants or agreements (other than a default referred to in clause (1) or (2) above) contained in the senior notes indenture or the senior notes;
- (4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the senior notes, if both:
- (a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and
- (b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$75.0 million or more at any one time outstanding;
- (5) failure by the Issuer or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) to pay final judgments aggregating in excess of \$75.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;
- (6) certain events of bankruptcy or insolvency with respect to the Issuer or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary); or
- (7) the Guarantee of any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Subsidiary (or the responsible officers of any group of Subsidiaries that together would constitute a Significant Subsidiary), as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the senior notes indenture or the release of any such Guarantee in accordance with the senior notes indenture.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the senior notes indenture, the Trustee or the Holders of at least 30.0% in principal amount of the then total outstanding senior notes may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding senior notes to be due and payable immediately.

Upon the effectiveness of such declaration, such principal of and premium, if any, and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding senior notes will become due and payable without further action or notice. The senior notes indenture provides that the Trustee may withhold from the Holders notice of any continuing Default,

except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest. In addition, the Trustee has no obligation to accelerate the senior notes if in the best judgment of the Trustee acceleration is not in the best interests of the Holders of the senior notes.

The senior notes indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding senior notes by notice to the Trustee may on behalf of the Holders of all of the senior notes waive any existing Default and its consequences under the senior notes indenture (except a continuing Default in the payment of interest on, premium, if any, or the principal of any senior note held by a non-consenting Holder) and rescind any acceleration with respect to the senior notes and its consequences (except if such rescission would conflict with any judgment of a court of competent jurisdiction). In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the senior notes) shall be annulled,

Table of Contents

waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

- (1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged;
- (2) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or
- (3) the default that is the basis for such Event of Default has been cured.

Notwithstanding the foregoing, the sole remedy for any breach of our obligation under the senior notes indenture to file periodic or other reports (including pursuant to section 314(a)(1) of the Trust Indenture Act) is the payment of liquidated damages, and the Holders do not have any right under the senior notes indenture to accelerate the maturity of the senior notes as a result of any such breach. If a breach of our obligation under the senior notes indenture to file periodic or other reports (including pursuant to section 314(a)(1) of the Trust Indenture Act) continues for 90 days after notice thereof is given in accordance with the senior notes indenture, we will pay liquidated damages to all the Holders of the senior notes at a rate per annum equal to (i) 0.25% per annum of the principal amount of the senior notes from the 90th day following such notice to but not including the 180th day following such notice (or such earlier date on which the Event of Default relating to the reporting obligations referred to in this paragraph shall have been cured or waived) and (ii) 0.50% per annum of the principal amount of the senior notes from the 180th day following such notice to but not including the 365th day following such notice (or such earlier date on which the Event of Default relating to the reporting obligations referred to in this paragraph shall have been cured or waived). On such 365th day (or earlier, if the Event of Default relating to the reporting obligations referred to in this paragraph shall have been cured or waived prior to such 365th day), such Additional Interest will cease to accrue, and the senior notes will be subject to acceleration as provided above if the Event of Default is continuing. The provisions of the senior notes indenture described in this paragraph will not affect the rights of the Holders of senior notes in the event of the occurrence of any other Event of Default.

Subject to the provisions of the senior notes indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the senior notes indenture at the request or direction of any of the Holders of the senior notes unless the Holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of an senior note may pursue any remedy with respect to the senior notes indenture or the senior notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 30.0% in principal amount of the total outstanding senior notes have requested the Trustee to pursue the remedy;
- (3) Holders of the senior notes have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the total outstanding senior notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the senior notes indenture the Holders of a majority in principal amount of the total outstanding senior notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the senior notes indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a senior note or that would involve the Trustee in personal liability.

The senior notes indenture provides that the Issuer is required to deliver to the Trustee annually a statement regarding compliance with the senior notes indenture, and the Issuer is required, within five Business Days, upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor or any of their parent companies (other than the Issuer and the Guarantors) shall have any liability, for any obligations of the Issuer or the Guarantors under the senior notes, the Guarantees or the senior notes indenture or for any claim based on, in respect of, or by reason of

Table of Contents

such obligations or their creation. Each Holder by accepting senior notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the senior notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The obligations of the Issuer and the Guarantors under the senior notes indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the senior notes. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the senior notes and have each Guarantor's obligation discharged with respect to its Guarantee (Legal Defeasance) and cure all then existing Events of Default except for:

- (1) the rights of Holders of senior notes to receive payments in respect of the principal of, premium, if any, and interest on the senior notes when such payments are due solely out of the trust created pursuant to the senior notes indenture;
- (2) the Issuer's obligations with respect to senior notes concerning issuing temporary senior notes, registration of such senior notes, mutilated, destroyed, lost or stolen senior notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the senior notes indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to certain covenants that are described in the senior notes indenture (Covenant Defeasance) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the senior notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the senior notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the senior notes:

- (1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the senior notes, cash in U.S. dollars, U.S. dollar-denominated Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the senior notes on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on such senior notes and the Issuer must specify whether such senior notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,
 - (a) the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or

(b) since the issuance of the senior notes, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders of the senior notes will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders of the senior notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Senior Credit Facilities or any other material agreement or instrument (other than the senior notes indenture) to which, the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from any borrowing of funds to be applied to make the deposit required to effect such Legal Defeasance or Covenant Defeasance and any similar and simultaneous deposit relating to other Indebtedness, and the granting of Liens in connection therewith);

Table of Contents

(6) the Issuer shall have delivered to the Trustee an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code;

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(8) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The senior notes indenture will be discharged and will cease to be of further effect as to all senior notes, when either:

(1) all senior notes theretofore authenticated and delivered, except lost, stolen or destroyed senior notes which have been replaced or paid and senior notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2) (a) all senior notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer and the Issuer or any Guarantor have irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders of the senior notes, cash in U.S. dollars, U.S. dollar-denominated Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the senior notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption; *provided*, that upon any redemption that requires the payment of the Applicable Premium, the amount deposited shall be sufficient for purposes of the senior notes indenture to the extent that an amount is deposited with the Trustee equal to the Applicable Premium calculated as of the date of the notice of redemption, with any deficit as of the date of redemption (any such amount, the Applicable Premium Deficit) only required to be deposited with the Trustee on or prior to the date of redemption. Any Applicable Premium Deficit shall be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such Applicable Premium Deficit that confirms that such Applicable Premium Deficit shall be applied toward such redemption;

(b) no Default (other than that resulting from borrowing funds to be applied to make such deposit or any similar and simultaneous deposit relating to other Indebtedness and the granting of Liens in connection therewith) with respect to the senior notes indenture or the senior notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under the Senior Credit Facilities or any other material agreement or instrument (other than the senior notes indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than resulting from any borrowing of funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and the granting of Liens in connection therewith);

(c) the Issuer has paid or caused to be paid all sums payable by it under the senior notes indenture; and

(d) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the senior notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the senior notes indenture, any Guarantee and the senior notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the senior notes then outstanding, including consents obtained in connection with a purchase of, or tender offer or exchange offer for, senior notes, and any existing Default or compliance with any provision of the senior notes indenture or the senior notes issued thereunder may be waived with the consent of the Holders of a majority in principal amount of the then outstanding senior notes, other than senior notes beneficially owned by the Issuer or its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the senior notes).

Table of Contents

The senior notes indenture provides that, without the consent of each affected Holder of the senior notes, an amendment or waiver may not, with respect to any senior notes held by a non-consenting Holder:

- (1) reduce the principal amount of such senior notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed final maturity of any such senior note or alter or waive the provisions with respect to the redemption of such senior notes (other than provisions relating to the covenants described above under "Repurchase at the Option of Holders");
- (3) reduce the rate of or change the time for payment of interest on any Note;
- (4) waive a Default in the payment of principal of or premium, if any, or interest on the senior notes, except a rescission of acceleration of the senior notes by the Holders of at least a majority in aggregate principal amount of the senior notes and a waiver of the payment default that resulted from such acceleration, or in respect of a covenant or provision contained in the senior notes indenture or any Guarantee which cannot be amended or modified without the consent of all Holders;
- (5) make any senior note payable in money other than that stated therein;
- (6) make any change in the provisions of the senior notes indenture relating to waivers of past Defaults or the rights of Holders to receive payments of principal of or premium, if any, or interest on the senior notes;
- (7) make any change in these amendment and waiver provisions;
- (8) impair the right of any Holder to receive payment of principal of, or premium, if any, or interest on such Holder's senior notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's senior notes;
- (9) make any change to or modify the ranking of the senior notes that would adversely affect the Holders; or
- (10) except as expressly permitted by the senior notes indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the Holders of the senior notes.

Notwithstanding the foregoing, the Issuer, any Guarantor (with respect to a Guarantee or the senior notes indenture to which it is a party) and the Trustee may amend or supplement the senior notes indenture and any Guarantee or senior notes without the consent of any Holder:

- (1) to cure any ambiguity, omission, mistake, defect or inconsistency;
- (2) to provide for uncertificated senior notes of such series in addition to or in place of certificated senior notes;
- (3) to comply with the covenant relating to mergers, consolidations and sales of assets;
- (4) to provide the assumption of the Issuer's or any Guarantor's obligations to the Holders;
- (5) to make any change that would provide any additional rights or benefits to the Holders or that does not adversely affect the legal rights under the senior notes indenture of any such Holder;

(6) to add covenants for the benefit of the Holders or to surrender any right or power conferred upon the Issuer or any Guarantor;

(7) to comply with requirements of the SEC in order to effect or maintain the qualification of the senior notes indenture under the Trust Indenture Act;

(8) to evidence and provide for the acceptance and appointment under the senior notes indenture of a successor Trustee thereunder pursuant to the requirements thereof;

(9) to provide for the issuance of exchange notes or private exchange notes, which are identical to exchange notes except that they are not freely transferable;

(10) to add a guarantor under the senior notes indenture;

(11) to conform the text of the senior notes indenture, Guarantees or the senior notes to any provision of the Description of Notes section of the offering circular relating to the initially offered senior notes dated July 25, 2012 and the offering circular relating to the subsequently offered additional senior notes dated September 18, 2012 to the extent that such provision in such Description of Notes section was intended to be a verbatim recitation of a provision of the senior notes indenture, Guarantee or senior notes; or

Table of Contents

(12) to make any amendment to the provisions of the senior notes indenture relating to the transfer and legending of senior notes as permitted by the senior notes indenture, including, without limitation, to facilitate the issuance and administration of the senior notes; *provided* that (a) compliance with the senior notes indenture as so amended would not result in senior notes being transferred in violation of the Securities Act or any applicable securities law and (b) such amendment does not materially and adversely affect the rights of Holders to transfer senior notes.

The consent of the Holders is not necessary under the senior notes indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

Notices

Except for notices with respect to the Trustee, notices given by publication or electronic delivery will be deemed given on the first date on which publication is made and notices given by first-class mail, postage prepaid, will be deemed given five calendar days after mailing.

Concerning the Trustee

The senior notes indenture contains certain limitations on the rights of the Trustee thereunder, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The senior notes indenture provides that the Holders of a majority in principal amount of the outstanding senior notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The senior notes indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee is required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. Subject to such provisions, the Trustee is under no obligation to exercise any of its rights or powers under the senior notes indenture at the request of any Holder of the senior notes, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Governing Law

The senior notes indenture, the senior notes and any Guarantee are governed by and construed in accordance with the laws of the State of New York.

Certain Definitions

Set forth below are certain defined terms used in the senior notes indenture. For purposes of the senior notes indenture, unless otherwise specifically indicated, the term consolidated with respect to any Person refers to such Person consolidated with its Restricted Subsidiaries, and excludes from such consolidation any Unrestricted Subsidiary as if such Unrestricted Subsidiary were not an Affiliate of such Person. These terms may have different meanings than similar or identical terms used in the senior subordinated notes indenture.

2007 Acquisition means the transactions pursuant to the Merger Agreement.

ABL Facilities means the asset-based revolving credit facilities under the Credit Agreement dated as of September 25, 2007 by and among the Issuer, the lenders party thereto in their capacities as lenders thereunder and Bank of America, N.A., as Administrative Agent, including any guarantees, collateral documents, instruments and agreements executed in connection therewith, and any amendments, supplements, modifications, extensions, renewals, restatements, refundings or refinancings thereof and any indentures or credit facilities or commercial paper facilities with banks or other institutional lenders or investors that replace, refund or refinance any part of the loans, notes, other credit facilities or commitments thereunder, including any such replacement, refunding or refinancing facility or indenture that increases the amount borrowable thereunder or alters the maturity thereof (provided that such increase in borrowings is permitted under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock above).

ABL Financing Entity means the Issuer and certain of its Subsidiaries from time to time named as borrowers or guarantors under the ABL Facilities.

For purposes of making the computation referred to above, Investments, acquisitions, dispositions, mergers, consolidations and discontinued operations (as determined in accordance with GAAP) that have been made by the Issuer or any of its Restricted Subsidiaries during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Fixed Charge Coverage Ratio Calculation Date shall be calculated on a pro forma basis assuming that all such Investments, acquisitions, dispositions, mergers, consolidations and discontinued operations (and the change in any associated fixed charge obligations and the change in EBITDA resulting therefrom) had occurred on the first day of the four-quarter reference period. If since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into the Issuer or any of its Restricted Subsidiaries since the beginning of such period shall have made any Investment, acquisition, disposition, merger, consolidation or discontinued operation that would have required adjustment pursuant to this definition, then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect thereto for such period as if such Investment, acquisition, disposition, merger, consolidation or discontinued operation had occurred at the beginning of the applicable four-quarter period.

For purposes of this definition, whenever pro forma effect is to be given to an Investment, acquisition, disposition, merger or consolidation, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of the Issuer (and may include, for the avoidance of doubt, cost savings, operating improvements,

synergies and operating expense reductions resulting from such Investment, acquisition, merger or consolidation which is being given pro forma effect that have been or are expected to be realized). If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Fixed Charge Coverage Ratio Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of the Issuer to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP. For purposes of making the computation referred to above, interest on any Indebtedness under a revolving credit facility computed on a pro forma basis shall be computed based upon the average daily balance of such Indebtedness during the applicable period except as set forth in the first paragraph of this definition. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rate, shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuer may designate.

DESCRIPTION OF SENIOR SUBORDINATED NOTES

General

Certain terms used in this description are defined under the subheading *Certain Definitions*. In this description, (1) the term *Issuer* refers only to Biomet, Inc. and not to any of its subsidiaries, and (2) the terms *we*, *our* and *us* each refer to the Issuer and its consolidated Subsidiaries. Defined terms in this *Description of Senior Subordinated Notes* may have different meanings than similar or identical terms used in the *Description of Senior Notes* above. For example, references to *Guarantees* or *Guarantors* in this *Description of Senior Subordinated Notes* means guarantees or guarantors of the senior subordinated notes, and not guarantees or guarantors of the senior notes.

The Issuer issued \$800.0 million aggregate principal amount of senior subordinated notes on September 18, 2012 under the senior subordinated notes indenture among the Issuer, the Guarantors and Wells Fargo Bank, National Association, as trustee (the *Trustee*).

The senior subordinated notes indenture has been qualified under and is subject to and governed by the Trust Indenture Act of 1939. Except as set forth herein, the terms of the senior subordinated notes will be substantially identical in all material respects and include those stated in the senior subordinated notes indenture and those made part of the senior subordinated notes indenture by reference to the Trust Indenture Act.

The following description is only a summary of the material provisions of the senior subordinated notes indenture, does not purport to be complete and is qualified in its entirety by reference to the provisions of the senior subordinated notes indenture, including the definitions therein of certain terms used below. We urge you to read the senior subordinated notes indenture because it, and not this description, will define your rights as Holders of the senior subordinated notes. You may request copies of the senior subordinated notes indenture at our address set forth under *Where You Can Find Additional Information*.

Brief Description of the Senior Subordinated Notes

The senior subordinated notes:

are general, unsecured, senior subordinated obligations of the Issuer;

are subordinated in right of payment to all existing and future Senior Indebtedness (including the Senior Credit Facilities and the senior notes) of the Issuer;

are structurally subordinated to all existing and future Indebtedness, claims of holders of Preferred Stock and other liabilities of Subsidiaries of the Issuer that do not guarantee the senior subordinated notes;

are senior in right of payment to all existing and future Subordinated Indebtedness as defined with respect to the senior subordinated notes of the Issuer; and

are initially guaranteed on an unsecured senior subordinated basis by the Guarantors and will also be guaranteed in the future by each Subsidiary, if any, that guarantees Indebtedness under the CF Credit Facilities.

Guarantees

The Guarantors, as primary obligors and not merely as sureties, initially jointly and severally, irrevocably and unconditionally, guarantee, on an unsecured senior subordinated basis, the full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the senior subordinated notes indenture and the senior subordinated notes, whether for payment of principal of, premium, if any, or interest in respect of the senior subordinated notes, expenses, indemnification or otherwise, on the terms set forth in the senior subordinated notes indenture by executing the senior subordinated notes indenture.

The Guarantors initially guarantee the senior subordinated notes and, in the future, each direct and indirect Subsidiary of the Issuer that guarantees Indebtedness under the CF Credit Facilities will guarantee the senior subordinated notes. Each of the Guarantees of the senior subordinated notes is a general, unsecured, senior subordinated obligation of each

Table of Contents

Guarantor; and is subordinated in right of payment to all existing and future Senior Indebtedness of such Guarantor (including such Guarantor's guarantee of the CF Credit Facilities and the Senior Notes). Each of the Guarantees of the senior subordinated notes is structurally subordinated to all existing and future Indebtedness, claims of holders of Preferred Stock and other liabilities of Subsidiaries of each Guarantor that do not guarantee the senior subordinated notes.

Not all of the Issuer's Subsidiaries guarantee the senior subordinated notes. In the event of a bankruptcy, liquidation, reorganization or similar proceeding of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Issuer. As a result, all of the existing and future liabilities of our non-guarantor Subsidiaries, including any claims of trade creditors, are effectively senior to the senior subordinated notes. For the year ended May 31, 2014, the non-guarantor Subsidiaries of the Issuer accounted for approximately \$1,183.5 million, or 37% of the Issuer's consolidated net sales. As of May 31, 2014, the non-guarantor Subsidiaries of the Issuer accounted for approximately \$2,367.4 million, or 24% of the Issuer's consolidated total assets and approximately \$465.3 million, or 6.1% of the Issuer's consolidated liabilities.

The obligations of each Guarantor under its Guarantee will be limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance under applicable law. This provision may not, however, be effective to protect a Guarantee from being voided under fraudulent transfer law, or may reduce the applicable Guarantor's obligation to an amount that effectively makes its Guarantee worthless. If a Guarantee was rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. See **Risk Factors** **Risks Related to Our Indebtedness and the Notes** Federal and state fraudulent transfer laws may permit a court to void the notes and the guarantees, subordinate claims in respect of the notes and the guarantees and require noteholders to return payments received. If this occurs, noteholders may not receive any payments on the notes.

Any Guarantor that makes a payment under its Guarantee will be entitled upon payment in full of all guaranteed obligations under the senior subordinated notes indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP.

Each Guarantor may consolidate with or merge into or sell all or substantially all of its assets to the Issuer or another Guarantor without limitation or any other Person upon the terms and conditions set forth in the senior subordinated notes indenture. See **Certain Covenants** **Merger, Consolidation or Sale of All or Substantially All Assets**.

Each Guarantee by a Guarantor provides by its terms that it will be automatically and unconditionally released and discharged upon:

(1) (a) any sale, exchange or transfer (by merger or otherwise) of (i) the Capital Stock of such Guarantor, after which the applicable Guarantor is no longer a Restricted Subsidiary or (ii) all or substantially all the assets of such Guarantor, in each case if such sale, exchange or transfer is made in compliance with the applicable provisions of the senior subordinated notes indenture;

(b) the release or discharge of the guarantee by such Guarantor of Indebtedness under the CF Credit Facilities, or the release or discharge of such other guarantee that resulted in the creation of such Guarantee, except a discharge or release by or as a result of payment under such guarantee;

(c) upon the dissolution of such Guarantor; *provided* that no Default or Event of Default has occurred and is continuing;

(d) the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in compliance with the applicable provisions of the senior subordinated notes indenture; or

(e) the exercise by the Issuer of its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the discharge of the Issuer's obligations under the senior subordinated notes indenture in accordance with the terms of the senior subordinated notes indenture; and

(2) such Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the senior subordinated notes indenture relating to such transaction have been complied with.

Ranking

The payment of the principal of, premium, if any, and interest on the senior subordinated notes and the payment of any Guarantee will be subordinated in right of payment to the prior payment in cash in full of all existing and future Senior Indebtedness of the Issuer or the relevant Guarantor, as the case may be, including the obligations of the Issuer and such Guarantor under the Senior Credit Facilities and the Senior Notes.

Table of Contents

As of May 31, 2014, the Issuer and the Guarantors had \$4,887.9 million of Senior Indebtedness outstanding, (including \$1,825.0 million in aggregate principal amount of the Senior Notes and \$3,062.9 million of borrowings and the related guarantees under the Senior Credit Facilities).

As of May 31, 2014, the Issuer had (1) the option to raise additional incremental term loans or incremental cash flow revolving facility commitments under the CF Credit Facilities of up to an amount that would cause our Senior Secured Leverage Ratio (as defined in the CF Credit Facilities) to be equal to or less than 4.50 to 1.00, which, if borrowed, would be Senior Indebtedness and (2) the option to raise additional incremental asset-based revolving credit facility commitments under the ABL Facilities by up to \$100.0 million, which, if borrowed, would be Senior Indebtedness.

Although the senior subordinated notes indenture contains limitations on the amount of additional Indebtedness that the Issuer and the Issuer's Restricted Subsidiaries (including the Guarantors) may incur, under certain circumstances the amount of such Indebtedness could be substantial and, in any case, such Indebtedness may be Senior Indebtedness. The senior subordinated notes indenture does not limit the amount of additional Indebtedness that the Parent may incur. See Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock.

Paying Agent and Registrar for the Senior Subordinated Notes

The Issuer maintains one or more paying agents for the senior subordinated notes. The initial paying agent for the senior subordinated notes is the Trustee.

The Issuer also maintains one or more registrars and a transfer agent. The registrar and transfer agent with respect to the senior subordinated notes is the Trustee. The registrar maintains a register reflecting ownership of the senior subordinated notes outstanding from time to time. The registered Holder of a senior subordinated note will be treated as the owner of the senior subordinated note for all purposes. The transfer agent makes payments on and facilitate transfer of senior subordinated notes on behalf of the Issuer.

The Issuer may change the paying agent, the registrar or the transfer agent without prior notice to the Holders. The Issuer or any of its Subsidiaries may act as a paying agent, registrar or transfer agent.

If the senior subordinated notes are listed on an exchange and the rules of such exchange so require, the Issuer will satisfy any requirement of such exchange as to paying agents, registrars and transfer agents and will comply with any notice requirements required under such exchange in connection with any change of paying agent, registrar or transfer agent.

Subordination of the Senior Subordinated Notes

Only Indebtedness of the Issuer or a Guarantor that is Senior Indebtedness will rank senior to the senior subordinated notes and the Guarantees in accordance with the provisions of the senior subordinated notes indenture. The senior subordinated notes and Guarantees will rank *pari passu* in all respects with all other Senior Subordinated Indebtedness of the Issuer and the relevant Guarantor, respectively.

We have agreed in the senior subordinated notes indenture that the Issuer and the Guarantors will not incur any Indebtedness that is subordinate or junior in right of payment to the Senior Indebtedness of such Person, unless such Indebtedness is equal in right of payment with the senior subordinated notes or the related Guarantees or is expressly subordinated in right of payment to the Senior Subordinated Indebtedness or the related Guarantees, as the case may be. The senior subordinated notes indenture does not treat (i) unsecured Indebtedness as subordinated or junior to

Secured Indebtedness merely because it is unsecured or (ii) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Neither the Issuer nor any Guarantor is permitted to pay principal of, premium, if any, or interest on the senior subordinated notes (or pay any other Obligations relating to the senior subordinated notes, including fees, costs, expenses, indemnities and rescission or damage claims) or make any deposit pursuant to the provisions described under Legal Defeasance and Covenant Defeasance or Satisfaction and Discharge below and may not purchase, redeem or otherwise retire any senior subordinated notes (collectively, pay the senior subordinated notes) other than in the form of Permitted Junior Securities if either of the following occurs (a Payment Default):

(1) any Obligation on any Designated Senior Indebtedness of the Issuer is not paid in full in cash when due (after giving effect to any applicable grace period); or

Table of Contents

(2) any other default on Designated Senior Indebtedness of the Issuer occurs and the maturity of such Designated Senior Indebtedness is accelerated in accordance with its terms; unless, in either case, the Payment Default has been cured or waived and any such acceleration has been rescinded or such Designated Senior Indebtedness has been discharged or paid in full in cash.

Regardless of the foregoing, the Issuer is permitted to pay the senior subordinated notes if the Issuer and the Trustee receive written notice approving such payment from the Representatives of all Designated Senior Indebtedness with respect to which the Payment Default has occurred and is continuing.

During the continuance of any default (other than a Payment Default) (a Non-Payment Default) with respect to any Designated Senior Indebtedness pursuant to which the maturity thereof may be accelerated without further notice (except such notice as may be required to effect such acceleration) or the expiration of any applicable grace periods, the Issuer is not permitted to pay the senior subordinated notes (except in the form of Permitted Junior Securities) for a period (a Payment Blockage Period) commencing upon the receipt by the Trustee (with a copy to the Issuer) of written notice (a Blockage Notice) of such Non-Payment Default from the Representative of such Designated Senior Indebtedness specifying an election to effect a Payment Blockage Period and ending 179 days thereafter. The Payment Blockage Period will end earlier if such Payment Blockage Period is terminated:

- (1) by written notice to the Trustee and the Issuer from the Person or Persons who gave such Blockage Notice;
- (2) because the default giving rise to such Blockage Notice is cured, waived or otherwise no longer continuing; or
- (3) because such Designated Senior Indebtedness has been discharged or repaid in full in cash.

Notwithstanding the provisions described above, unless the holders of such Designated Senior Indebtedness or the Representative of such Designated Senior Indebtedness have accelerated the maturity of such Designated Senior Indebtedness, the Issuer and the Guarantors are permitted to resume paying the senior subordinated notes after the end of such Payment Blockage Period. The senior subordinated notes shall not be subject to more than one Payment Blockage Period in any consecutive 360-day period irrespective of the number of defaults with respect to Designated Senior Indebtedness during such period; *provided* that if any Blockage Notice is delivered to the Trustee by or on behalf of the holders of Designated Senior Indebtedness of the Issuer (other than the holders of Indebtedness under the Senior Credit Facilities), a Representative of holders of Indebtedness under the Senior Credit Facilities may give another Blockage Notice within such period. However, in no event may the total number of days during which any Payment Blockage Period or Periods on the senior subordinated notes is in effect exceed 179 days in the aggregate during any consecutive 360-day period, and there must be at least 181 days during any consecutive 360-day period during which no Payment Blockage Period is in effect. Notwithstanding the foregoing, however, no default that existed or was continuing on the date of delivery of any Blockage Notice to the Trustee will be, or be made, the basis for a subsequent Blockage Notice unless such default has been waived for a period of not less than 90 days (it being acknowledged that any subsequent action, or any breach of any financial covenants during the period after the date of delivery of a Blockage Notice, that, in either case, would give rise to a Non-Payment Default pursuant to any provisions under which a Non-Payment Default previously existed or was continuing shall constitute a new Non-Payment Default for this purpose).

In the event of any payment or distribution of the assets of the Issuer upon a total or partial liquidation or dissolution or reorganization of or similar proceeding relating to the Issuer or its property:

- (1) the holders of Senior Indebtedness of the Issuer will be entitled to receive payment in full in cash of such Senior Indebtedness before the Holders of the senior subordinated notes are entitled to receive any payment;

(2) until the Senior Indebtedness of the Issuer is paid in full in cash, any payment or distribution to which Holders of the senior subordinated notes would be entitled but for the subordination provisions of the senior subordinated notes indenture will be made to holders of such Senior Indebtedness as their interests may appear, except that Holders of senior subordinated notes may receive Permitted Junior Securities; and

(3) if a distribution is made to Holders of the senior subordinated notes that, due to the subordination provisions, should not have been made to them, such Holders of the senior subordinated notes will be required to hold it in trust for the holders of Senior Indebtedness of the Issuer and pay it over to them as their interests may appear.

The subordination and payment blockage provisions described above will not prevent a Default from occurring under the senior subordinated notes indenture upon the failure of the Issuer to pay interest or principal with respect to the senior subordinated notes when due by their terms. If payment of the senior subordinated notes is accelerated because of an Event of

Table of Contents

Default, the Issuer must promptly notify the holders of Designated Senior Indebtedness or the Representative of such Designated Senior Indebtedness of the acceleration. If any Indebtedness under the Senior Credit Facilities is outstanding, no such acceleration will be effective until the earlier of the acceleration of Indebtedness under the Senior Credit Facilities or five Business Days after the Representative under the Senior Credit Facilities receive notice of such acceleration and, thereafter, the Issuer may pay the senior subordinated notes only if the senior subordinated notes indenture otherwise permits payment at that time.

Each Guarantor's obligations under its Guarantee are senior subordinated obligations of that Guarantor. As such, the rights of Holders to receive payment pursuant to such Guarantee are subordinated in right of payment to the rights of holders of Senior Indebtedness of such Guarantor. The terms of the subordination and payment blockage provisions described above with respect to the Issuer's obligations under the senior subordinated notes apply equally to the obligations of such Guarantor under its Guarantee.

A Holder by its acceptance of senior subordinated notes agrees to be bound by such provisions and authorizes the Trustee, on its behalf, to take such action as may be necessary or appropriate to effectuate the subordination provided for in the senior subordinated notes indenture and appoints the Trustee its attorney-in-fact for such purpose.

By reason of the subordination provisions contained in the senior subordinated notes indenture, in the event of a liquidation or insolvency proceeding, creditors of the Issuer or a Guarantor who are holders of Senior Indebtedness of the Issuer or such Guarantor, as the case may be, may recover more, ratably, than the Holders of the senior subordinated notes, and creditors who are not holders of Senior Indebtedness may recover less, ratably, than holders of Senior Indebtedness and may recover more, ratably, than the Holders of the senior subordinated notes.

The terms of the subordination provisions described above do not apply to payments from money or the proceeds of Government Securities held in trust by the Trustee for the payment of principal of and interest on the senior subordinated notes pursuant to the provisions described under Legal Defeasance and Covenant Defeasance or Satisfaction and Discharge, if the foregoing subordination provisions were not violated at the time the applicable amounts were deposited in trust pursuant to such provisions.

Transfer and Exchange

A Holder may transfer or exchange senior subordinated notes in accordance with the senior subordinated notes indenture. The registrar and the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of senior subordinated notes. Holders are required to pay all taxes due on transfer. The Issuer is not required to transfer or exchange any senior subordinated note selected for redemption or tendered (and not withdrawn) for repurchase in connection with a Change of Control Offer or an Asset Sale Offer. Also, the Issuer is not required to transfer or exchange any senior subordinated note for a period of 15 days before a selection of senior subordinated notes to be redeemed.

Principal, Maturity and Interest

The Issuer issued an aggregate principal amount of \$800.0 million of senior subordinated notes. The senior subordinated notes mature on October 1, 2020. Subject to compliance with the covenant described below under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, the Issuer may issue additional senior subordinated notes from time to time under the senior subordinated notes indenture (Additional Senior Subordinated Notes). The senior subordinated notes offered by the Issuer and any Additional Senior Subordinated Notes subsequently issued under the senior subordinated notes indenture will be treated as a single class for all purposes under the senior subordinated notes indenture, including waivers,

amendments, redemptions and offers to purchase, except for certain waivers and amendments. Unless the context requires otherwise, references to senior subordinated notes for all purposes of the senior subordinated notes indenture and this Description of Senior Subordinated Notes include any Additional Senior Subordinated Notes that are actually issued. The senior subordinated notes will be issued in denominations of \$1,000 and any integral multiples of \$1,000 in excess of \$1,000.

Interest Payments

Interest on the senior subordinated notes accrues at the rate of 6.500% per annum. Interest on the senior subordinated notes is payable semi-annually in arrears on each April 1 and October 1, commencing April 1, 2013 (or commencing October 1, 2013 if the exchange offer in respect thereof is completed after April 1, 2013, and interest on the senior subordinated notes has been paid on such date), to the Holders of senior subordinated notes of record on the immediately preceding March 15 and September 15. Interest on the senior subordinated notes accrues from the most recent date to which interest has been paid or, if no interest has been paid, from and including the Issue Date. Interest on the senior subordinated notes is computed on the basis of a 360-day year comprised of twelve 30-day months.

Table of Contents

Additional Interest

Additional Interest may accrue on the senior subordinated notes in certain circumstances pursuant to the Senior Subordinated Notes Registration Rights Agreement or as described under Events of Default and Remedies. All references in the senior subordinated notes indenture and this Description of Senior Subordinated Notes, in any context, to any interest or other amount payable on or with respect to the senior subordinated notes shall be deemed to include any Additional Interest payable pursuant to the Senior Subordinated Notes Registration Rights Agreement and under Events of Default and Remedies.

Payment of Principal, Premium and Interest

Payments of principal of, premium, if any, and interest on the senior subordinated notes will be payable at the office or agency of the Issuer maintained for such purpose or, at the option of the Issuer, payment of interest may be made by check mailed to the Holders of the senior subordinated notes at their respective addresses set forth in the register of Holders; *provided* that (1) all payments of principal, premium, if any, and interest with respect to the senior subordinated notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof and (2) all payments of principal, premium, if any, and interest with respect to certificated senior subordinated notes will be made by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the paying agent to such effect designating such account no later than 30 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion). Until otherwise designated by the Issuer, the Issuer's office or agency will be the office of the Trustee maintained for such purpose.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

The Issuer is not required to make any mandatory redemption or sinking fund payments with respect to the senior subordinated notes. However, under certain circumstances, the Issuer may be required to offer to purchase senior subordinated notes as described under Repurchase at the Option of Holders. The Issuer may at any time and from time to time purchase senior subordinated notes in the open market or otherwise.

Optional Redemption

Except as set forth below, the Issuer is not entitled to redeem the senior subordinated notes at its option prior to October 1, 2015.

At any time prior to October 1, 2015, the Issuer may redeem all or a part of the senior subordinated notes, upon notice as described under Selection and Notice, at a redemption price equal to 100.0% of the principal amount of the senior subordinated notes redeemed plus the Applicable Premium as of, *plus* accrued and unpaid interest, if any, to the date of redemption (the Redemption Date), subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date.

On and after October 1, 2015, the Issuer may redeem the senior subordinated notes, in whole or in part, upon notice as described under Selection and Notice, at the redemption prices (expressed as percentages of principal amount of the senior subordinated notes to be redeemed) set forth below, plus accrued and unpaid interest, if any, to the Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on October 1 of each of the years indicated below:

Year	Percentage
2015	103.250%
2016	101.625%
2017 and thereafter	100.000%

In addition, until October 1, 2015, the Issuer may, at its option, redeem up to 40% of the aggregate principal amount of senior subordinated notes issued under the senior subordinated notes indenture at a redemption price equal to

Table of Contents

106.500% of the aggregate principal amount thereof, plus accrued and unpaid interest, if any, to the Redemption Date, subject to the right of Holders of senior subordinated notes of record on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds received by it from one or more Equity Offerings; *provided* that (a) at least 50.0% of the sum of the aggregate principal amount of senior subordinated notes originally issued under the senior subordinated notes indenture on the Issue Date and any Additional Senior Subordinated Notes that are issued under the senior subordinated notes indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; and (b) each such redemption occurs within 180 days of the date of closing of each such Equity Offering.

Notice of any redemption upon any Equity Offering may be given prior to the completion thereof. All redemptions or notices may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of a related Equity Offering. If any senior subordinated notes are listed on an exchange, and the rules of such exchange so require, the Issuer will notify the exchange of any such notice of redemption. In addition, the Issuer will notify the exchange of the principal amount of any senior subordinated notes outstanding following any partial redemption of the senior subordinated notes.

Selection and Notice

If the Issuer is redeeming less than all of the senior subordinated notes issued under the senior subordinated notes indenture at any time, the Trustee will select the senior subordinated notes to be redeemed (1) if the senior subordinated notes are listed on an exchange, in compliance with the requirements of such exchange or (2) on a pro rata basis to the extent practicable, or, if the pro rata basis is not practicable for any reason, by lot or by such other method as the Trustee shall deem fair and appropriate. No senior subordinated notes of \$1,000 or less can be redeemed in part.

Notices of redemption shall be delivered electronically or mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the redemption date to each Holder of senior subordinated notes at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be delivered more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the senior subordinated notes or a satisfaction and discharge of the senior subordinated notes indenture. If any senior subordinated note is to be redeemed in part only, any notice of redemption that relates to such senior subordinated note shall state the portion of the principal amount thereof that has been or is to be redeemed.

With respect to senior subordinated notes represented by certificated notes, the Issuer will issue a new senior subordinated note in a principal amount equal to the unredeemed portion of the senior subordinated note in the name of the Holder upon cancellation of the senior subordinated note. Senior subordinated notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on the senior subordinated notes or portions of them called for redemption.

Repurchase at the Option of Holders

Change of Control

The senior subordinated notes indenture provides that if a Change of Control occurs, unless the Issuer has previously or concurrently delivered a redemption notice with respect to all the outstanding senior subordinated notes as described under *Optional Redemption*, the Issuer will make an offer to purchase all of the senior subordinated notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to the date

of purchase, subject to the right of Holders of the senior subordinated notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will deliver notice of such Change of Control Offer electronically or by first-class mail, with a copy to the Trustee, to each Holder of senior subordinated notes to the address of such Holder appearing in the security register or otherwise in accordance with the procedures of DTC with the following information:

- (1) that a Change of Control Offer is being made pursuant to the covenant entitled Change of Control, and that all senior subordinated notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is delivered (the Change of Control Payment Date);
- (3) that any senior subordinated note not properly tendered will remain outstanding and continue to accrue interest;

Table of Contents

(4) that unless the Issuer defaults in the payment of the Change of Control Payment, all senior subordinated notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;

(5) that Holders electing to have any senior subordinated notes purchased pursuant to a Change of Control Offer will be required to surrender such senior subordinated notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such senior subordinated notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(6) that Holders will be entitled to withdraw their tendered senior subordinated notes and their election to require the Issuer to purchase such senior subordinated notes, *provided* that the paying agent receives, not later than the close of business on the Expiration Date of the Change of Control Offer, a telegram, facsimile transmission or letter setting forth the name of the Holder of the senior subordinated notes, the principal amount of senior subordinated notes tendered for purchase, and a statement that such Holder is withdrawing its tendered senior subordinated notes and its election to have such senior subordinated notes purchased;

(7) that Holders whose senior subordinated notes are being purchased only in part will be issued new senior subordinated notes and such new senior subordinated notes will be equal in principal amount to the unpurchased portion of the senior subordinated notes surrendered. The unpurchased portion of the senior subordinated notes must be equal to at least \$1,000 or any integral multiple of \$1,000 in excess of \$1,000;

(8) if such notice is delivered prior to the occurrence of a Change of Control, stating that the Change of Control Offer is conditional on the occurrence of such Change of Control; and

(9) the other instructions, as determined by the Issuer, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of senior subordinated notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the senior subordinated notes indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the senior subordinated notes indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law:

(1) accept for payment all senior subordinated notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all senior subordinated notes or portions thereof so tendered; and

(3) deliver, or cause to be delivered, to the Trustee for cancellation the senior subordinated notes so accepted together with an Officer's Certificate to the Trustee stating that such senior subordinated notes or portions thereof have been tendered to and purchased by the Issuer.

The Senior Credit Facilities and the Senior Notes prohibit or limit, and future credit agreements or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may prohibit or limit, the Issuer from purchasing any senior subordinated notes pursuant to this Change of Control covenant. In the event a Change of Control occurs at a time when the Issuer is prohibited from purchasing the senior subordinated notes, the Issuer could seek the consent of its lenders and the holders of Senior Notes to permit the purchase of the senior subordinated notes or could attempt to refinance the indebtedness that contain such prohibition. If the Issuer does not obtain such consent or repay such indebtedness, the Issuer will remain prohibited from purchasing the senior subordinated notes. In such case, the Issuer's failure to purchase tendered senior subordinated notes would constitute an Event of Default under the senior subordinated notes indenture. If, as a result thereof, a default occurs with respect to any Senior Indebtedness, the subordination provisions in the senior subordinated notes indenture would restrict payments to the Holders of senior subordinated notes under certain circumstances. The Senior Credit Facilities provide that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the senior subordinated notes indenture). If we experience a change of control that triggers a default under the Senior Credit Facilities, we could seek a waiver of such default or seek to refinance the Senior Credit Facilities. In the event we do not obtain such a waiver or refinance the Senior Credit Facilities, such default could result in amounts outstanding under the Senior Credit Facilities being declared due and payable and cause a Qualified Securitization Facility to be wound down.

Table of Contents

Our ability to pay cash to the Holders of senior subordinated notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Change of Control purchase feature of the senior subordinated notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the initial purchasers and us. After the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the senior subordinated notes indenture, but that could increase the amount of Indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under **Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock** and **Certain Covenants Liens**. Such restrictions in the senior subordinated notes indenture can be waived only with the consent of the Holders of a majority in principal amount of the senior subordinated notes then outstanding. Except for the limitations contained in such covenants, however, the senior subordinated notes indenture will not contain any covenants or provisions that may afford Holders of the senior subordinated notes protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the senior subordinated notes indenture applicable to a Change of Control Offer made by the Issuer and purchases all senior subordinated notes validly tendered and not withdrawn under such Change of Control Offer.

Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of **Change of Control** includes a disposition of all or substantially all of the assets of the Issuer and its Subsidiaries, taken as a whole, to any Person. Although there is a limited body of case law interpreting the phrase **substantially all**, there is no precise established definition of the phrase under applicable law.

Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of **all or substantially all** of the assets of the Issuer and its Subsidiaries, taken as a whole. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of senior subordinated notes may require the Issuer to make an offer to repurchase the senior subordinated notes as described above.

The provisions under the senior subordinated notes indenture relative to the Issuer's obligation to make an offer to repurchase the senior subordinated notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the senior subordinated notes.

Asset Sales

The senior subordinated notes indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate directly or indirectly an Asset Sale, unless:

(1) the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets sold or otherwise disposed of; and

(2) except in the case of a Permitted Asset Swap, at least 75.0% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of Cash Equivalents; *provided* that the amount of:

(a) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Issuer or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the senior subordinated notes, that are assumed by the transferee of any such assets and for which the Issuer and all of its Restricted Subsidiaries have been validly released by all creditors in writing;

(b) any securities, notes or other obligations or assets received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale; and

Table of Contents

(c) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed the greater of (x) \$300.0 million and (y) 3.0% of Total Assets at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value, shall be deemed to be Cash Equivalents for purposes of this provision and for no other purpose.

Within 450 days after the receipt of any Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale,

(1) to permanently reduce:

(a) Obligations under Senior Indebtedness, and to correspondingly reduce commitments with respect thereto;

(b) Obligations under Senior Subordinated Indebtedness (and to correspondingly reduce commitments with respect thereto); *provided* that the Issuer shall equally and ratably reduce Obligations under the senior subordinated notes as provided under Optional Redemption or through open-market purchases (to the extent such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Holders of senior subordinated notes to purchase their senior subordinated notes at 100% of the principal amount thereof, plus the amount of accrued but unpaid interest, if any, on the amount of senior subordinated notes to be repurchased; or

(c) Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Issuer or another Restricted Subsidiary;

(2) to make (a) an Investment in any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or any of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) capital expenditures or (c) acquisitions of other assets, in each of (a), (b) and (c), used or useful in a Similar Business; or

(3) to make an Investment in (a) any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or any of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties or (c) acquisitions of other assets that, in each of (a), (b) and (c), replace the businesses, properties and/or assets that are the subject of such Asset Sale;

provided that, in the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an Acceptable Commitment) and, in the event any Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, the Issuer or such Restricted Subsidiary enters into another Acceptable Commitment (a Second Commitment) within 180 days of such cancellation or termination; *provided, further*, that if any Second Commitment is later cancelled or terminated for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds.

Any Net Proceeds from the Asset Sale that are not invested or applied as provided and within the time period set forth in the preceding paragraph will be deemed to constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$75.0 million, the Issuer shall make an offer to all Holders of the senior subordinated notes and, if required by the terms of any Indebtedness that is *pari passu* with the senior subordinated notes (Pari Passu Indebtedness), to the holders of such Pari Passu Indebtedness (an Asset Sale Offer), to purchase the maximum aggregate principal amount of the senior subordinated notes and such Pari Passu Indebtedness that is in an amount equal to at least \$1,000, that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof (or accreted value thereof, if less), plus accrued and unpaid interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the senior subordinated notes indenture. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$75.0 million by delivering the notice required pursuant to the terms of the senior subordinated notes indenture, with a copy to the Trustee. The Issuer may satisfy the foregoing obligations with respect to any Net Proceeds from an Asset Sale by making an Asset Sale Offer with respect to such Net Proceeds prior to the expiration of the relevant 450 days (or such longer period provided above) or with respect to Excess Proceeds of \$75.0 million or less.

To the extent that the aggregate amount of senior subordinated notes and such Pari Passu Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for general

Table of Contents

corporate purposes, subject to other covenants contained in the senior subordinated notes indenture. If the aggregate principal amount of senior subordinated notes or the Pari Passu Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the senior subordinated notes on a pro rata basis and the Issuer shall select such Pari Passu Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the senior subordinated notes or such Pari Passu Indebtedness tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds that resulted in the Asset Sale Offer shall be reset to zero.

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the senior subordinated notes indenture.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the senior subordinated notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the senior subordinated notes indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the senior subordinated notes indenture by virtue thereof.

The Senior Credit Facilities and the Senior Notes prohibit or limit, and future credit agreements or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may prohibit or limit, the Issuer from purchasing any senior subordinated notes pursuant to this Asset Sales covenant. In the event the Issuer is prohibited from purchasing the senior subordinated notes, the Issuer could seek the consent of its lenders and the holders of the Senior Notes to the purchase of the senior subordinated notes or could attempt to refinance the indebtedness that contain such prohibition. If the Issuer does not obtain such consent or repay such indebtedness, it will remain prohibited from purchasing the senior subordinated notes. In such case, the Issuer's failure to purchase tendered senior subordinated notes would constitute an Event of Default under the senior subordinated notes indenture. If, as a result thereof, a default occurs with respect to any Senior Indebtedness, the subordination provisions in the senior subordinated notes indenture would restrict payments to the Holders of the senior subordinated notes under certain circumstances.

The provisions under the senior subordinated notes indenture relative to the Issuer's obligation to make an offer to repurchase the senior subordinated notes as a result of an Asset Sale may be waived or modified with the written consent of the Holders of a majority in principal amount of the senior subordinated notes.

Certain Covenants

Set forth below are summaries of certain covenants contained in the senior subordinated notes indenture. During any period of time that (i) the senior subordinated notes have Investment Grade Ratings from both Rating Agencies and (ii) no Default has occurred and is continuing under the senior subordinated notes indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a *Covenant Suspension Event* and the date thereof being referred to as the *Suspension Date*) then, the covenants specifically listed under the following captions in this *Description of Senior Subordinated Notes* section of this prospectus will not be applicable to the senior subordinated notes (collectively, the *Suspended Covenants*):

- (1) Repurchase at the Option of Holders Asset Sales ;
- (2) Limitation on Restricted Payments ;
- (3) Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ;

- (4) clause (4) of the first paragraph of Merger, Consolidation or Sale of All or Substantially All Assets ;
- (5) Transactions with Affiliates ;
- (6) Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries ;
- (7) Limitation on Guarantees of Indebtedness by Restricted Subsidiaries ;
- (8) Limitation on Layering ; and
- (9) Repurchase at the Option of Holders Change of Control.

During any period that the foregoing covenants have been suspended, the Issuer may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the second sentence of the definition of Unrestricted Subsidiary.

Table of Contents

If and while the Issuer and its Restricted Subsidiaries are not subject to the Suspended Covenants, the senior subordinated notes will be entitled to substantially less covenant protection. In the event that the Issuer and its Restricted Subsidiaries are not subject to the Suspended Covenants under the senior subordinated notes indenture for any period of time as a result of the foregoing, and on any subsequent date (the Reversion Date) one or both of the Rating Agencies withdraw their Investment Grade Rating or downgrade the rating assigned to the senior subordinated notes below an Investment Grade Rating, then the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the senior subordinated notes indenture with respect to future events. The period of time between the Suspension Date and the Reversion Date is referred to in this Description of Senior Subordinated Notes as the Suspension Period. The Guarantees of the Guarantors will be suspended during the Suspension Period. Additionally, upon the occurrence of a Covenant Suspension Event, the amount of Excess Proceeds from Net Proceeds shall be reset to zero.

Notwithstanding the foregoing, in the event of any such reinstatement, no action taken or omitted to be taken by the Issuer or any of its Restricted Subsidiaries prior to such reinstatement will give rise to a Default or Event of Default under the senior subordinated notes indenture with respect to the senior subordinated notes; *provided* that (i) with respect to Restricted Payments made after such reinstatement, the amount available to be made as Restricted Payments will be calculated as though the covenant described above under Limitation on Restricted Payments had been in effect prior to, but not during, the Suspension Period; and (ii) all Indebtedness incurred, or Disqualified Stock issued, during the Suspension Period will be classified to have been incurred or issued pursuant to clause (3) of the second paragraph of Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock.

There can be no assurance that the senior subordinated notes will ever achieve or maintain Investment Grade Ratings.

Limitation on Restricted Payments

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(I) declare or pay any dividend or make any payment or distribution on account of the Issuer's, or any of its Restricted Subsidiaries' Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation other than:

(a) dividends or distributions by the Issuer payable solely in Equity Interests (other than Disqualified Stock) of the Issuer; or

As of the Issue Date, all of the Issuer's Subsidiaries were Restricted Subsidiaries. The Issuer will not permit any Unrestricted Subsidiary to become a Restricted Subsidiary except pursuant to the next to the last sentence of the definition of Unrestricted Subsidiary. For purposes of designating any Restricted Subsidiary as an Unrestricted Subsidiary, all outstanding Investments by the Issuer and its Restricted Subsidiaries (except to the extent repaid) in the Subsidiary so designated will be deemed to be Restricted Payments in an amount determined as set forth in the penultimate sentence of the definition of Investments. Such designation will be permitted only if a Restricted Payment in such amount would be permitted at such time, whether pursuant to the first paragraph of this covenant or under clause (7), (10) or (11) of the second paragraph of this covenant, or pursuant to the definition of Permitted Investments, and if such Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. Unrestricted Subsidiaries are not subject to any of the restrictive covenants set forth in the senior subordinated notes indenture.

As of May 31, 2014, we have approximately \$1,288.1 million of Restricted Payment capacity under clause (3) of the first paragraph of this covenant and an additional \$300.0 million of other Restricted Payments capacity under clause (11) of the second paragraph of this covenant.

(2) at the time of incurrence, the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above.

Accrual of interest or dividends, the accretion of accreted value, the accretion or amortization of original issue discount and the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as the case may be, of the same class will not be deemed to be an incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated or Euro-denominated, as the case may be, restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent or Euro-equivalent, as the case may be, principal amount of Indebtedness denominated in another currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in another currency, and such refinancing would cause the applicable U.S. dollar-denominated or Euro-denominated, as the case may be, restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated or Euro-denominated, as the case may be, restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

Liens

The Issuer will not, and will not permit any Guarantor to, directly or indirectly, create, incur, assume or suffer to exist any Lien (except Permitted Liens) that secures Obligations under any Indebtedness ranking *pari passu* with or subordinated to the senior subordinated notes or any related Guarantee, on any asset or property of the Issuer or any Guarantor, or any income or profits therefrom, or assign or convey any right to receive income therefrom, unless:

(1) in the case of Liens securing Subordinated Indebtedness, the senior subordinated notes and related Guarantees are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens; and

(2) in all other cases, the senior subordinated notes or the Guarantees are equally and ratably secured, except that the foregoing shall not apply to (a) Liens securing the senior subordinated notes and the related Guarantees and (b) Liens securing Senior Indebtedness of the Issuer or any Guarantor.

(1) the Issuer is the surviving Person or the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made, is a Person organized or existing under the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Person, as the case may be, being herein called the Successor Company); *provided* that in the case where the surviving Person is not a corporation, a

co-obligor of the senior subordinated notes is a corporation;

(2) the Successor Company, if other than the Issuer, expressly assumes all the obligations of the Issuer under the senior subordinated notes pursuant to supplemental indentures or other documents or instruments;

(5) each Guarantor, unless it is the other party to the transactions described above, in which case clause (1)(b) of the second succeeding paragraph shall apply, shall have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the senior subordinated notes indenture, the senior subordinated notes and the Senior Subordinated Notes Registration Rights Agreement; and

(6) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the senior subordinated notes indenture, and an Opinion of Counsel that such supplemental indenture is the valid and binding obligation of the Issuer and the Guarantors and enforceable in accordance with its terms.

(1) any Restricted Subsidiary may consolidate with or merge into or transfer all or part of its properties and assets to the Issuer, and

(2) the Issuer may merge with an Affiliate of the Issuer solely for the purpose of reincorporating the Issuer in the United States, the District of Columbia or any territory thereof so long as the amount of Indebtedness of the Issuer and its Restricted Subsidiaries is not increased thereby.

Subject to certain limitations described in the senior subordinated notes indenture governing release of a Guarantee upon the sale, disposition or transfer of a Guarantor, no Guarantor will, and the Issuer will not permit any Guarantor to, consolidate or merge with or into or wind up into (whether or not such Guarantor is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

(b) the Successor Person, if other than such Guarantor, expressly assumes all the obligations of such Guarantor under the senior subordinated notes indenture and such Guarantor's related Guarantee pursuant to supplemental indentures or other documents or instruments;

(c) immediately after such transaction, no Default exists; and

(d) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the senior subordinated notes indenture, and an Opinion of Counsel that such supplemental indenture is the valid and binding obligation of the Successor Person and enforceable in accordance with its terms; or

(2) the transaction is made in compliance with the covenant described under "Repurchase at the Option of Holders' Asset Sales."

Subject to certain limitations described in the senior subordinated notes indenture, the Successor Person will succeed to, and be substituted for, such Guarantor under the senior subordinated notes indenture and such Guarantor's Guarantee. Notwithstanding the foregoing, any Guarantor may (1) merge into or transfer all or part of its properties and assets to another Guarantor or the Issuer, (2) merge with an Affiliate of the Issuer solely for the purpose of reincorporating the Guarantor in the United States, any state thereof, the District of Columbia or any territory thereof or (3) convert into a corporation, partnership, limited partnership, limited liability corporation or trust organized or existing under the laws of the jurisdiction of organization of such Guarantor.

The Issuer will not permit any of its Wholly-Owned Subsidiaries that are Restricted Subsidiaries (and non-Wholly-Owned Subsidiaries if such non-Wholly-Owned Subsidiaries guarantee other capital markets debt securities of the Issuer or any Guarantor), other than a Guarantor, a Foreign Subsidiary or a Securitization Subsidiary, to guarantee the payment of any Indebtedness of the Issuer or any other Guarantor unless:

Limitation on Layering

The senior subordinated notes indenture provides that the Issuer will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is subordinate in right of payment to any Senior Indebtedness of the Issuer or such other Guarantor, as the case may be, unless such Indebtedness is either:

- (1) equal in right of payment with the senior subordinated notes or such Guarantor's Guarantee of the senior subordinated notes, as the case may be; or
- (2) expressly subordinated in right of payment to the senior subordinated notes or such Guarantor's Guarantee of the senior subordinated notes, as the case may be.

The senior subordinated notes indenture will not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Reports and Other Information

Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the senior subordinated notes indenture requires the Issuer to file with the SEC from and after the Issue Date,

- (1) within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;
- (2) within 45 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-Q by a non-accelerated filer) after the end of each of the first three fiscal quarters of each fiscal year quarterly reports on Form 10-Q containing all quarterly information that would be required to be contained in Form 10-Q, or any successor or comparable form;
- (3) promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and
- (4) any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act; in each case, in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of senior subordinated notes, in addition to providing such information to the Trustee and the Holders of the senior subordinated notes, in each case within 15 days after the time the Issuer would be required to file such information with the SEC, if it were subject to Sections 13 or 15(d) of the Exchange Act. In addition, to the extent not satisfied by the foregoing, the Issuer agrees that, for so long as any senior subordinated notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Issuer becomes a guarantor of the senior subordinated notes, the senior subordinated notes indenture permits the Issuer to satisfy its obligations in this covenant by furnishing reports of such parent; *provided* that the same is accompanied, to the extent material to investors in the senior subordinated notes, by consolidating financial and other information that explains in reasonable detail the differences between the information in such reports relating to such parent, on the one hand, and the information relating to the Issuer and its consolidated Subsidiaries on a standalone basis, on the other hand.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offers or the effectiveness of the shelf registration statement by (1) the filing with the SEC of the registration statement or shelf registration statement (or any other similar registration statement) of the exchange offers, and any amendments thereto, with such financial information that satisfies Regulation S-X of the Securities Act, subject to exceptions consistent with the presentation of financial information in the offering circular relating to the senior subordinated notes dated September 18, 2012, to the extent filed within the time specified above, or (2) by posting on its website and providing to the

Trustee within 15 days of the time periods after the Issuer would have been required to file annual and interim reports with the SEC, the financial information (including a Management's Discussion and Analysis of Financial Condition and Results of Operations section) that would be required to be included in such reports, subject to exceptions consistent with the presentation of financial information in this prospectus, to the extent filed within the times specified above.

Notwithstanding anything herein to the contrary, the Issuer will not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (3) under Events of Default and Remedies until 120 days after the date any report hereunder is due.

The Issuer shall use its commercially reasonable efforts, consistent with its judgment as to what is prudent at the time, to participate in quarterly conference calls to discuss operating results and related matters. The Company shall issue a press release which will provide the date and time of any such call and will direct Holders, prospective investors and securities analysts to contact the investor relations office of the Issuer to obtain access to the conference call.

Events of Default and Remedies

The senior subordinated notes indenture provides that each of the following is an Event of Default:

- (1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the senior subordinated notes (whether or not prohibited by the subordination provisions of the senior subordinated notes indenture);
- (2) default for 30 days or more in the payment when due of interest or Additional Interest on or with respect to the senior subordinated notes (whether or not prohibited by the subordination provisions of the senior subordinated notes indenture);
- (3) failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less than 30.0% in principal amount of the then outstanding senior subordinated notes to comply with any of its obligations, covenants or agreements (other than a default referred to in clause (1) or (2) above) contained in the senior subordinated notes indenture or the senior subordinated notes;
- (4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the senior subordinated notes, if both:
 - (a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and
 - (b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$75.0 million or more at any one time outstanding;

(5) failure by the Issuer or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) to pay final judgments aggregating in excess of \$75.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;

(6) certain events of bankruptcy or insolvency with respect to the Issuer or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary); or

(7) the Guarantee of any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Subsidiary (or the responsible officers of any group of Subsidiaries that together would constitute a Significant Subsidiary), as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the senior subordinated notes indenture or the release of any such Guarantee in accordance with the senior subordinated notes indenture.

Table of Contents

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the senior subordinated notes indenture, the Trustee or the Holders of at least 30.0% in principal amount of the then total outstanding senior subordinated notes may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding senior subordinated notes to be due and payable immediately; *provided* that so long as any Indebtedness permitted to be incurred under the senior subordinated notes indenture as part of the Senior Credit Facilities or the Senior Notes shall be outstanding, no such acceleration shall be effective until the earlier of:

- (1) acceleration of any such Indebtedness under the Senior Credit Facilities or Senior Notes, as the case may be; or
- (2) five Business Days after the giving of written notice of such acceleration to the Issuer and the Representative with respect to the Senior Credit Facilities or Senior Notes, as the case may be.

Upon the effectiveness of such declaration, such principal of and premium, if any, and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding senior subordinated notes will become due and payable without further action or notice. The senior subordinated notes indenture provides that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest. In addition, the Trustee has no obligation to accelerate the senior subordinated notes if in the best judgment of the Trustee acceleration is not in the best interests of the Holders of the senior subordinated notes.

The senior subordinated notes indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding senior subordinated notes by notice to the Trustee may on behalf of the Holders of all of the senior subordinated notes waive any existing Default and its consequences under the senior subordinated notes indenture (except a continuing Default in the payment of interest on, premium, if any, or the principal of any senior subordinated note held by a non-consenting Holder) and rescind any acceleration with respect to the senior subordinated notes and its consequences (except if such rescission would conflict with any judgment of a court of competent jurisdiction). In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the senior subordinated notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

- (1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged;
- (2) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or
- (3) the default that is the basis for such Event of Default has been cured.

Notwithstanding the foregoing, the sole remedy for any breach of our obligation under the senior subordinated notes indenture to file periodic or other reports (including pursuant to section 314(a)(1) of the Trust Indenture Act) is the payment of liquidated damages, and the Holders do not have any right under the senior subordinated notes indenture to accelerate the maturity of the senior subordinated notes as a result of any such breach. If a breach of our obligation under the senior subordinated notes indenture to file periodic or other reports (including pursuant to section 314(a)(1) of the Trust Indenture Act) continues for 90 days after notice thereof is given in accordance with the senior subordinated notes indenture, we will pay liquidated damages to all the Holders of the senior subordinated notes at a rate per annum equal to (i) 0.25% per annum of the principal amount of the senior subordinated notes from the 90th day following such notice to but not including the 180th day following such notice (or such earlier date on which the

Event of Default relating to the reporting obligations referred to in this paragraph shall have been cured or waived) and (ii) 0.50% per annum of the principal amount of the senior subordinated notes from the 180th day following such notice to but not including the 365th day following such notice (or such earlier date on which the Event of Default relating to the reporting obligations referred to in this paragraph shall have been cured or waived). On such 365th day (or earlier, if the Event of Default relating to the reporting obligations referred to in this paragraph shall have been cured or waived prior to such 365th day), such Additional Interest will cease to accrue, and the senior subordinated notes will be subject to acceleration as provided above if the Event of Default is continuing. The provisions of the senior subordinated notes indenture described in this paragraph will not affect the rights of the Holders of senior subordinated notes in the event of the occurrence of any other Event of Default.

Subject to the provisions of the senior subordinated notes indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the senior subordinated notes indenture at the request or direction of any of the Holders of the senior subordinated notes unless the Holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no

Holder of a senior subordinated note may pursue any remedy with respect to the senior subordinated notes indenture or the senior subordinated notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 30.0% in principal amount of the total outstanding senior subordinated notes have requested the Trustee to pursue the remedy;
- (3) Holders of the senior subordinated notes have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the total outstanding senior subordinated notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the senior subordinated notes indenture the Holders of a majority in principal amount of the total outstanding senior subordinated notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the senior subordinated notes indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a senior subordinated note or that would involve the Trustee in personal liability.

The senior subordinated notes indenture provides that the Issuer is required to deliver to the Trustee annually a statement regarding compliance with the senior subordinated notes indenture, and the Issuer is required, within five Business Days, upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor or any of their parent companies (other than the Issuer and the Guarantors) shall have any liability, for any obligations of the Issuer or the Guarantors under the senior subordinated notes, the Guarantees or the senior subordinated notes indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting senior subordinated notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the senior subordinated notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The obligations of the Issuer and the Guarantors under the senior subordinated notes indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the senior subordinated notes. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the senior subordinated notes and have each Guarantor's obligation discharged with respect to its Guarantee (Legal Defeasance) and cure all then existing Events of Default except for:

- (1) the rights of Holders of senior subordinated notes to receive payments in respect of the principal of, premium, if any, and interest on the senior subordinated notes when such payments are due solely out of the trust created pursuant

to the senior subordinated notes indenture;

(2) the Issuer's obligations with respect to senior subordinated notes concerning issuing temporary senior subordinated notes, registration of such senior subordinated notes, mutilated, destroyed, lost or stolen senior subordinated notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and

(4) the Legal Defeasance provisions of the senior subordinated notes indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to certain covenants that are described in the senior subordinated notes indenture (Covenant Defeasance) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the senior subordinated notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the senior subordinated notes.

Table of Contents

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the senior subordinated notes:

(1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the senior subordinated notes, cash in U.S. dollars, U.S. dollar-denominated Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the senior subordinated notes on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on such senior subordinated notes and the Issuer must specify whether such senior subordinated notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,

(a) the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or

(b) since the issuance of the senior subordinated notes, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders of the senior subordinated notes will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders of the senior subordinated notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Senior Credit Facilities, the Senior Notes, the indenture pursuant to which the Senior Notes were issued or any other material agreement or instrument (other than the senior subordinated notes indenture) to which, the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from any borrowing of funds to be applied to make the deposit required to effect such Legal Defeasance or Covenant Defeasance and any similar and simultaneous deposit relating to other Indebtedness, and the granting of Liens in connection therewith);

(6) the Issuer shall have delivered to the Trustee an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code;

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(8) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The senior subordinated notes indenture will be discharged and will cease to be of further effect as to all senior subordinated notes, when either:

(1) all senior subordinated notes theretofore authenticated and delivered, except lost, stolen or destroyed senior subordinated notes which have been replaced or paid and senior subordinated notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2) (a) all senior subordinated notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption

by the Trustee in the name, and at the expense, of the Issuer and the Issuer or any Guarantor have irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders of the senior subordinated notes, cash in U.S. dollars, U.S. dollar-denominated Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the senior subordinated notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption; *provided*, that upon any redemption that requires the payment of the Applicable Premium, the amount deposited shall be sufficient for purposes of the senior subordinated notes indenture to the extent that an amount is deposited with the Trustee equal to the Applicable Premium calculated as of the date of the notice of redemption, with any deficit as of the date of redemption (any such amount, the Applicable Premium Deficit) only required to be deposited with the Trustee on or prior to the date of redemption. Any Applicable Premium Deficit shall be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such Applicable Premium Deficit that confirms that such Applicable Premium Deficit shall be applied toward such redemption;

(b) no Default (other than that resulting from borrowing funds to be applied to make such deposit or any similar and simultaneous deposit relating to other Indebtedness and the granting of Liens in connection therewith) with respect to the senior subordinated notes indenture or the senior subordinated notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under the Senior Credit Facilities, the Senior Notes, the indenture pursuant to which the Senior Notes were issued or any other material agreement or instrument (other than the senior subordinated notes indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than resulting from any borrowing of funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and the granting of Liens in connection therewith);

(c) the Issuer has paid or caused to be paid all sums payable by it under the senior subordinated notes indenture; and

(d) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the senior subordinated notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the senior subordinated notes indenture, any Guarantee and the senior subordinated notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the senior subordinated notes then outstanding, including consents obtained in connection with a purchase of, or tender offer or exchange offer for, senior subordinated notes, and any existing Default or compliance with any provision of the senior subordinated notes indenture or the senior subordinated notes issued thereunder may be waived with the consent of the Holders of a majority in principal amount of the then outstanding senior subordinated notes, other than senior subordinated notes beneficially owned by the Issuer or its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the senior subordinated notes).

The senior subordinated notes indenture provides that, without the consent of each affected Holder of senior subordinated notes, an amendment or waiver may not, with respect to any senior subordinated notes held by a non-consenting Holder:

- (1) reduce the principal amount of such senior subordinated notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed final maturity of any such senior subordinated note or alter or waive the provisions with respect to the redemption of such senior subordinated notes (other than provisions relating to the covenants described above under Repurchase at the Option of Holders);
- (3) reduce the rate of or change the time for payment of interest on any senior subordinated note;
- (4) waive a Default in the payment of principal of or premium, if any, or interest on the senior subordinated notes, except a rescission of acceleration of the senior subordinated notes by the Holders of at least a majority in aggregate principal amount of the senior subordinated notes and a waiver of the payment default that resulted from such acceleration, or in respect of a covenant or provision contained in the senior subordinated notes indenture or any Guarantee which cannot be amended or modified without the consent of all Holders;

- (5) make any senior subordinated note payable in money other than that stated therein;
- (6) make any change to the provisions of the senior subordinated notes indenture relating to waivers of past Defaults or the rights of Holders to receive payments of principal of or premium, if any, or interest on the senior subordinated notes;
- (7) make any change in these amendment and waiver provisions;
- (8) impair the right of any Holder to receive payment of principal of, or premium, if any, or interest on such Holder's senior subordinated notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's senior subordinated notes;
- (9) make any change in the subordination provisions thereof that would adversely affect the Holders; or
- (10) except as expressly permitted by the senior subordinated notes indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the Holders of the senior subordinated notes.

Notwithstanding the foregoing, the Issuer, any Guarantor (with respect to a Guarantee or the senior subordinated notes indenture to which it is a party) and the Trustee may amend or supplement the senior subordinated notes indenture and any Guarantee or senior subordinated notes without the consent of any Holder:

- (1) to cure any ambiguity, omission, mistake, defect or inconsistency;
- (2) to provide for uncertificated senior subordinated notes of such series in addition to or in place of certificated senior subordinated notes;
- (3) to comply with the covenant relating to mergers, consolidations and sales of assets;
- (4) to provide the assumption of the Issuer's or any Guarantor's obligations to the Holders;
- (5) to make any change that would provide any additional rights or benefits to the Holders or that does not adversely affect the legal rights under the senior subordinated notes indenture of any such Holder;
- (6) to add covenants for the benefit of the Holders or to surrender any right or power conferred upon the Issuer or any Guarantor;
- (7) to comply with requirements of the SEC in order to effect or maintain the qualification of the senior subordinated notes indenture under the Trust Indenture Act;
- (8) to evidence and provide for the acceptance and appointment under the senior subordinated notes indenture of a successor Trustee thereunder pursuant to the requirements thereof;
- (9) to provide for the issuance of exchange notes or private exchange notes, which are identical to exchange notes except that they are not freely transferable;
- (10) to add a guarantor under the senior subordinated notes indenture;

(11) to conform the text of the senior subordinated notes indenture, Guarantees or the senior subordinated notes to any provision of the Description of Notes section of the offering circular relating to the senior subordinated notes dated September 18, 2012 to the extent that such provision in such Description of Notes section was intended to be a verbatim recitation of a provision of the senior subordinated notes indenture, Guarantee or senior subordinated notes; or

(12) to make any amendment to the provisions of the senior subordinated notes indenture relating to the transfer and legending of senior subordinated notes as permitted by the senior subordinated notes indenture, including, without limitation to facilitate the issuance and administration of the senior subordinated notes; *provided* that (a) compliance with the senior subordinated notes indenture as so amended would not result in senior subordinated notes being transferred in violation of the Securities Act or any applicable securities law and (b) such amendment does not materially and adversely affect the rights of Holders to transfer senior subordinated notes.

The consent of the Holders is not necessary under the senior subordinated notes indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

Except for notices with respect to the Trustee, notices given by publication or electronic delivery will be deemed given on the first date on which publication is made and notices given by first-class mail, postage prepaid, will be deemed given five calendar days after mailing.

Concerning the Trustee

The senior subordinated notes indenture contains certain limitations on the rights of the Trustee thereunder, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The senior subordinated notes indenture provides that the Holders of a majority in principal amount of the outstanding senior subordinated notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The senior subordinated notes indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee is required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. Subject to such provisions, the Trustee is under no obligation to exercise any of its rights or powers under the senior subordinated notes indenture at the request of any Holder of the senior subordinated notes, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

The senior subordinated notes indenture, the senior subordinated notes and any Guarantee are governed by and construed in accordance with the laws of the State of New York.
